

Star of Space 1191

Chapter 1191 How to deal with it?

"Come on, why are you dawdling?"

Master Zhou was standing behind her with a riding whip in his hand.

Just seeing the movements in her hands slow down, he would slap her back hard, making her scream.

But even though her back was painfully beaten, she did not dare to scream loudly, because once she screamed louder, her husband behind her would beat her harder.

Her husband, who loved her so much in the past, suddenly changed his face and hit and scolded her. She really couldn't accept it all of a sudden.

She wants to go back to her parents' home. She has never wanted to go back to her parents' home so urgently!

"If you don't wash these dishes today, you won't be allowed to sleep!"

Both hands were swollen from the soaking, and Master Zhou was still behind her, forcing her coldly.

She really wanted to throw the bowl away and say forcefully to the person behind her that she was not going to do it anymore, so whoever wanted to do it could do it!

But she didn't dare.

Just wait, wait until she returns to her parents' home, and let her brothers kill all these ruthless Zhou family members!

As for the daughter-in-law, she has no hope now. After being thrown out of the new house by the person next to Feng Yurui, she has understood that this Feng Yurui is not easy to get along with at all.

In the new house...

Originally, Zhou Liang, who brought Feng Yurui back to his new house with the intention of giving her a warning so that she would be more honest at home in the future, failed to take advantage of her at all.

At this moment, Zhou Liang was tied up by Wu Hua Da and thrown on the cold ground, with a rag stuffed in his mouth just like Mrs. Zhou before.

Feng Yurui, on the other hand, looked at him from top to bottom, then raised her foot and kicked him hard.

"Well!"

Zhou Liang was kicked so hard that cold sweat broke out on his forehead, and he curled up on the ground, not even daring to look up at Feng Yurui.

"Are you threatening me? Oh, don't you know what you are? You dare to threaten me!"

Feng Yurui sneered, thinking that this Zhou Liang was really funny, and he actually wanted to teach her a lesson. Do you really think that since her father married her into the Zhou family, she could just let him do whatever he wanted?

"Brother Ming, have you seen it? This is the nature of the Zhou family. If we don't give them some cruelty, they really think that we are easy to bully. If you hadn't accompanied me to marry here, I would still be in the Zhou family. I don't know what pain I will suffer."

With that said, she raised her foot again and kicked Zhou Liang hard in the stomach.

"Uh-huh."

Zhou Liang was kicked and rolled on the ground. He wanted to reach out to block it, but he couldn't move.

"Rui'er, what should I do with Zhou Liang?" Lie Ming asked Feng Yurui gloomily.

Today he has finally seen the Zhou family clearly. This family does not need to save face for them at all, because they themselves are shameless people!

"Brother Ming, what do you think I should do with him?" Feng Yurui looked at Lie Ming and asked.

For a moment, she really didn't know what she should do with Zhou Liang. According to Zhou Liang's temperament, if she let this person go, maybe tomorrow Old Master Zhou and the others would know what happened in this new house tonight. What's the matter.

It's not that she's afraid of the Zhou family, but she doesn't want to cause unnecessary trouble.

"How about beating him again?"

Seeing her asking herself, Lie Ming asked her back with some hesitation.

It's just that he feels that just beating Zhou Liang will not have any effect at all, right?

Chapter 1192 Going out alone?

"Is it useful?" Feng Yurui asked him.

"this....."

Lie Ming's face was dark.

"Brother Lie, I think it's useless to just beat him today. It's more practical to beat him every day!"

Just when Lie Ming couldn't answer, he heard Feng Yurui speak again.

Would someone like Zhou Liang be afraid of just a beating? of course not.

But who can bear a beating every day? Even those with the strongest bones will still be afraid, especially a weakling like Zhou Liang.

She didn't forget that after Zhou Liang warned her just now, she just raised her foot and kicked him, and she only used five points of force, and he fell to the ground, as if someone had ripped him apart. Like eight yuan!

"Is this okay?" Lie Ming asked.

Hearing this, Feng Yurui raised her red lips and said, "Why not? I think it's quite feasible."

"Old Master Zhou...won't notice anything, right?" Lie Ming asked.

For a person like Zhou Liang, he would have no problem beating ten or eight people a day, but the key point is that Zhou Liang is not the only one in the Zhou family, but there is also Old Master Zhou.

"Old Master Zhou?"

Feng Yurui's face darkened, but after a while, she snorted coldly.

"Brother Ming, I guess Old Master Zhou is about the same moral character as Zhou Liang. It doesn't matter if he notices something. At worst, we can just beat Old Master Zhou together.

Today Mrs. Zhou dares to make an idea for her dowry, but there is no guarantee that Old Master Zhou will not make the same idea tomorrow!

"Ruier!"

Lie Ming was frightened by her words.

"Old Master Zhou is an elder after all..."

"What elder, brother Ming, haven't you seen clearly the people of the Zhou family? Which one of them is the good guy? Old Master Zhou is even worse, he is nothing compared to Zhou Liang!"

Feng Yurui interrupted him.

"You don't want Rui'er to be bullied by this family next year, do you?"

She raised her eyes and looked at Lie Ming with aggrieved eyes. All the words he was full of were stuck in his throat and he couldn't say anything.

Feng Yurui understood that Lie Ming had always been kind-hearted. Otherwise, he would not have taken such good care of her and Seventh Brother who had been bullied in the county governor's house over the years. Even though she and Lie Ming had been in love in the past two years, Never before.

She could see the bad intentions of the Zhou family, but Lie Ming might not be able to.

"Brother Ming, you are so kind-hearted, how can Rui'er trust you to go out alone?"

"Well."

Lie Ming choked at her words.

"Okay, everything depends on Rui'er. This Zhou Liang really deserves a lesson!"

With that said, he picked up Zhou Liangti, stuffed him out of the window, and then carried him towards the woods.

In the new house, Feng Yurui would not leave. As long as that shameless old man Zhou, Old Master Zhou, would come over to beat Zhou Liang and teach him a lesson, he would leave it to her brother Ming.

...

"This Miss Ninth is really capable."

Seeing Lie Ming carrying Zhou Liang towards the woods, Lin Caisang glanced sideways at Ya Molian.

"Very scheming."

Yamolian just summed it up in four words.

It is an undeniable fact that Feng Yurui is very scheming. If not for this, she would not have survived to this day in the Sheriff's Mansion.

"How could it be? Without any scheming, she would have been dead long ago in a county magistrate's house in Ruoda, right? She was also a poor girl." Lin Caisang disagreed.

Chapter 1193 I want your life!

No matter how scheming he is, as long as he is not against her, she will not pay attention to anything he wants to do. Especially, what Feng Yurui is dealing with now is the Zhou family that she wants to deal with the most.

"Let's go back. We have nothing to do here."

Ya Molian didn't want to pay attention to others and whispered to her.

The outcome of the Zhou family is destined not to be good. Of course, this is what he hopes for, but now, the life and death of the Zhou family has nothing to do with them. Let Feng Yurui and the two of them make trouble.

"good."

Lin Caisang responded.

...

Among the woods.

Zhou Liang was thrown to the ground heavily by Li Ming, because when he was in the new house, he had already taken off his coat and was only wearing his underwear. After being thrown to the ground, the branches poked him in great pain, but he It was impossible to make a sound.

Lie Ming leaned down and took the rag out of his mouth.

"ah!"

Zhou Liang had already screamed, causing all the birds around to fly.

"What are you talking about? Shut up!"

Upon seeing this, Lie Ming immediately raised his foot and kicked him to shut him up.

"If you don't shut up, I'll let you die in this forest! Don't think that just because you married Rui'er, you're really the son-in-law of the Sheriff's Mansion!"

He knew very well that for such a shrewd person as the Sheriff, how could he not find out about his affair with Rui'er? It was just that he didn't want to talk about it.

After that, he married off Rui'er's servants to the Zhou family. The meaning was very clear, which was to let them fend for themselves outside. The county governor just didn't want to deal with these matters between him and Rui'er.

"You...who are you, and what is your relationship with Feng Yurui?" Zhou Liang swallowed and asked Lie Ming in a hoarse voice.

Before, he really thought that this man was just a servant that Feng Yurui came to marry. He also thought about how to use him in the future, and let him do all the work in the fields alone.

Unexpectedly, this man actually had an affair with Feng Yurui!

"Don't you know who I am?" Lie Ming asked him.

Zhou Liang must have heard clearly what he said to Rui'er in the new house just now. Now he wants to ask what his relationship is with Rui'er?

"Let me tell you, Rui'er can only belong to me. If you dare to do anything to her, I will kill you!"

Ever since Rui'er was a child, he had treated the little girl as his own life, protecting and caring for her. How could he allow Zhou Liang to bully her like this and dare to threaten her!

"Are you Feng Yurui's tough guy? How dare you follow that bitch Feng Yurui to our Zhou family. Don't you want to live?" Zhou Liang's eyes widened in surprise and he looked at Lie Ming.

He had guessed it was one thing before, but now that Li Ming admitted it in front of him, it was another thing.

That woman was already married to him, and had married into their Zhou family, and she even brought this man with her. What did that mean? Do you want to put a cuckold on his head, Zhou Liang?

"My grandpa will not let you go. You'd better go back wherever you came from. If you dare to stay in Yacun again, no one in Yacun will let you go! That bitch Feng Yurui Man, I won't let her...ah!"

Before he could finish his words, a foot stepped directly on his face, sealing his mouth so that he didn't even have a chance to speak.

"Uh-huh."

Lie Ming not only sealed his mouth, but also stepped on his nose. After a while, his face turned red, his eyes turned white, and he almost died.

Chapter 1194 The biggest gossip ever!

Seeing this, Lie Ming took his feet back.

"If you dare to speak rudely to Rui'er again, I will make you speechless again!" He said viciously to Zhou Liang.

"you you....."

How could Zhou Liang dare to speak? He looked at him with horrified eyes.

"What exactly do you want? Feng Yurui, just take her away. I didn't say you had to marry her. It's you who doesn't want her. I was forced by my grandfather to have no choice but to marry her. You ...You can take it away if you want."

"laugh."

Lie Ming sneered after hearing his words.

For a weakling like this, not to mention beating him once a day, just giving him a simple lesson can achieve all the goals.

"Zhou Liang, I'm warning you, at least don't tell anyone what happened tonight, otherwise, you're going to suffer physical pain!" He threatened him sternly.

"hiss!"

Zhou Liang gasped.

Doesn't this man plan to leave with Feng Yurui? Still want to stay in Yacun and stay at their home?

Then how will he live in the future? Is it really like Feng Yurui said, being beaten by this man every day? He really doesn't want to live like that.

"You...won't you leave with Feng Yurui?"

He couldn't help but ask.

"This is not a question you should ask. Lie Ming narrowed his black eyes and looked at Zhou Liang.

It seems that Zhou Liang's little calculations are really coming one after another. How could he let Zhou Liang get his way?

Now that Zhou Liang has been brought to this place, wouldn't it be too easy for him to let him go back safely, and it won't have any deterrent effect.

So Li Ming beat Zhou Liang severely without saying anything.

Of course, he would not hit in obvious places. He would hit places that outsiders would never be able to see after Zhou Liang put on his clothes. Even if it hurt, he could not talk about it.

Only in this way can Zhou Liang remember it!

...

Early the next morning.

After Lin Caisang got up, she saw Ya Molian and Ban Jue coming to their house and talking to her grandpa and grandma in the main room.

"Sangsang, get up."

Lin Changhong was in the yard, carrying a freshly slaughtered hen in his hand.

When he saw his sister coming out of the room, he raised his eyes and looked at her.

"Brother Mo Lian is eating at our house today. Third uncle went to the town to buy meat and kill a chicken. What else do you think we should get? I'll get it right away." He asked.

"Whatever, brother, do you have any news about the Zhou family?" Lin Caisang asked.

What she is most concerned about now is the affairs of the Zhou family. Of course, this is also the biggest gossip in their Ya Village recently, bar none!

"The Zhou family..."

Hearing his sister's question, Lin Changhong felt a lot more relaxed while holding the hen's hand.

"When I was killing chickens at the door just now, I heard from people in the village that Mrs. Zhou was forced by Mr. Zhou to wash the dirty dishes all night last night, and she was still washing them until this morning."

This is called the World Report. That woman, Mrs. Zhou, is also here today. From now on, she will bully his Sangsang family with great arrogance!

"That's it?" Lin Caisang raised his eyebrows.

"Isn't this enough?"

Lin Changhong asked her, wouldn't his girls be excited to hear that Mrs. Zhou was tortured?

"Oh, and what's more, there was another commotion in the Zhou family this morning. I heard that it was because Mr. Zhou wanted his grandson-in-law to hand over the dowry to him for safekeeping, but his grandson-in-law refused and actually didn't give him any good looks. "

Chapter 1195 I have the desire to kill people

Hearing this, Lin Caisang raised the corners of his lips slightly.

Master Zhou is really capable of anything. For the sake of money, he even doesn't care about his own face.

How could he openly and openly ask for a dowry from his grandson's wife? She really admired Mr. Zhou. He was so shameless and invincible in the world!

"Then what?" she asked.

There must be something more to come. Will Old Master Zhou give up before he gets Feng Yurui's dowry?

Of course it's impossible!

However, it is impossible for Feng Yurui to let Old Master Zhou get his wish. Once these two people fight, the ground in Ya Village will probably shake, right? It must have added a lot of after-dinner jokes to the idle women in Yacun.

"Then? What's the next?" Lin Changhong curled his lips.

"It's just that Mr. Zhou scolded his grandson's wife a few times, but he was beaten by the servant next to Feng Yurui. I heard that he was knocked unconscious. It took him a while to recover. This was too harsh. .

But, bring it on! "

He raised his eyebrows. A person like Old Master Zhou had to be treated to death, otherwise, he would really think that he was invincible.

"I heard from people in the village that one of Old Master Zhou's eyes is black now, and it was from being beaten."

"puff!"

Lin Caisang laughed unceremoniously.

Hearing this, she felt relieved. With Feng Yurui in the Zhou family from now on, the Zhou family would not be able to live peacefully.

"I'm going to find Brother Mo Lian. Brother, please stay busy."

With that said, she walked towards the main room. After a while, Ban Jue came out of the main room and helped Lin Changhong.

...

Zhou family.

Old Master Zhou was really beaten to the point of losing his temper by Li Ming. He could only sit in the yard and look at the two maids brought by Feng Yurui. Feng Yurui called him back.

Originally, the two maids were being ordered by his son to do the work in the kitchen. They had been making a fuss all morning and hadn't even eaten breakfast yet.

However, if Feng Yurui refused, she would not let them use the maid she brought with her. Even if she went to the kitchen to cook food, she would only cook for the four of them, the master and the servant, and would not leave any for them. Son.

This made him so angry that he even wanted to kill someone.

However, Li Ming, whom Feng Yurui brought, was so skilled that even the three men from the Zhou family combined could not be his opponent.

What's more, he is still an old man and can no longer hit anyone.

"What are you looking at? If you want to eat, you won't go to the kitchen to cook it!"

Feng Yurui saw Old Master Zhou looking towards her, glanced sideways at him, and cursed with a cold face.

This Zhou family is basically a family of hooligans. She didn't want to make too much trouble with Old Master Zhou directly before, but she didn't know that Old Master Zhou really dared to do such a trick to her.

As his granddaughter-in-law, even if she is not willing to do so, in the eyes of Old Master Zhou, it is always true, right?

He could actually open his mouth to her and ask for her dowry, but he really didn't have any dignity at all!

"Rui'er, eat."

Lie Ming's expression was also bad, but he spoke to Feng Yurui softly.

He also didn't expect that Old Master Zhou could be so thick-skinned. In order to get Rui'er's dowry, he actually had a quarrel with Rui'er in the yard, and even said shamelessly that if he didn't hand over the dowry, Zhou Liang would immediately Divorce!

Chapter 1196 Must accept

He really couldn't hold back, regardless of whether there were people watching the excitement outside, he punched Old Master Zhou directly.

If you don't beat this old guy until he can't speak at this moment, how long will you wait until this old guy climbs onto Rui'er's head? Of course he won't allow it!

"After dinner, I will teach you Kung Fu. This week's family..."

Rui'er still has to stay with Zhou Liang. What will she do after he leaves?

The only way he could think of was to teach Rui'er some self-defense techniques so that no one in the Zhou family would be able to bully Rui'er!

"OK."

Feng Yurui nodded quickly when she heard what he said.

As long as it is stated clearly, she will basically follow it, let alone teach her kung fu. After learning it, she will be better able to deal with vicious people like the Zhou family in the future.

...

Wan County.

"It's calmed down here. I just came over to take a look. Actually, nothing happened."

Arriving in Wan County with Ya Molian, Lin Caisang looked at the calm street and raised an eyebrow at him.

Things in Wan County have come to an end, and her coming here is just a matter of routine, to see if anything special has happened, and nothing else.

"Sang'er, if I'm not by your side in the future, it's better to take on fewer tasks, okay?" Yamolian hesitated for a long time, and finally spoke to her.

When he was not with her, what he was most worried about was that this little girl would take on any dangerous tasks, and he was not by her side, so he couldn't help her even if he wanted to.

"Didn't you say that you would let me go to Shaohua City with you next year? Why, you regretted it again?" Lin Caisang raised his eyebrows and looked at him.

"Of course not."

Ya Molian shook her head and denied her words.

He also hopes that she can be by his side. It has been arranged before. If she comes to him next year, nothing will go wrong.

Moreover, after Son'er goes to Shaohua City with him, he can also teach her kung fu, so that he can have more hands on his hands and feel more at ease.

"It's just your mission..."

Which one is not dangerous? He is really worried.

"The mission must be accepted."

Without waiting for him to say anything, Lin Caisang said.

Taking on missions is not just to earn money, but also to upgrade her golden bead space.

Of course, the most important thing is the poison in her brother Mo Lian's body, and she has to rely on her to learn more powerful medical skills to cure it.

"Don't worry, I will take you with me on all my missions from now on. That's it, right?"

"Okay, it's settled."

Ya Molian nodded and responded.

In this way, he felt relieved. As long as Sonny was still by his side, he would definitely be able to ensure her safety.

"Sonny, is there something you've been hiding from me recently?"

Suddenly, he asked.

"Um?"

Lin Caisang glanced sideways and looked at him in confusion.

What could she be hiding from him? She was worried about his safety before, so her heart was always hanging.

But now that he has returned safely, what else does she have to worry about?

"What do you mean?" she asked him.

"I always feel like you have something on your mind, but I can't figure out what it is?" Ya Molian said to her.

He also knew that there were some things he shouldn't ask. When a little girl grows up, she will always have some little secrets of her own. When she is willing to share them with him, he will always know them.

Chapter 1197 Are you in danger?

However, seeing her furrowing her brows every day, he couldn't help but want to reach out and smooth her brows.

Hearing this, Lin Caisang gritted his teeth.

"I'm really worried, but..."

As she raised her hand, she touched the tip of her nose with her index finger and looked at Ya Molian hesitantly.

"Let's talk about it when we get back?"

"good."

Seeing what she said, Ya Molian also nodded.

...

In a bamboo house in the forest.

The two sat down in the yard. Lin Caisang raised his eyes and looked at Ya Molian.

"Well, Brother Mo Lian, I..."

After opening his mouth, Lin Caisang really didn't know where to start. He always felt that no matter where he started, it was wrong.

"Ah."

Ya Molian chuckled lightly, raised her index finger and tapped the tip of her nose.

"If you don't want to say it, then don't say it."

He didn't want to force her to say something she didn't want to say. Moreover, he had never seen the little girl look so entangled, and even he felt embarrassed for her in his heart.

"no."

Listening to his words, Lin Caisang knew that he had misunderstood.

"It's not that I don't want to say it, it's that I don't know how to say it. Well...Brother Mo Lian, do you still have an impression of my mother?"

she asked.

"Your mother?"

Hearing her question, Ya Molian was also stunned.

Unexpectedly, what Sonny wanted to ask would be about her biological mother. It was no wonder that the little girl seemed hesitant to speak.

When Lin Baizhong's wife left, he had only arrived in Yacun for two years. Sonny felt that he would not be impressed by her mother, so she did not speak to him.

"Brother Mo Lian, you also know that since my mother left, my father, grandpa and grandma have never mentioned her in front of my eldest brother and me. I really don't know who to ask."

"If you have any questions, just ask."

Ya Molian said to her, but he felt strange that Sonner had not cared about her biological mother who was not in her memory for so many years, so how could she suddenly mention it?

"It's like this. I met someone recently. I've never told her my name, but she could call me 'Sang Sang'. So, I'm very confused."

Lin Caisang also saw his doubts and explained.

"Moreover, that person would risk his life to block a killing move for me, a person I had just met. This makes me even more confused."

"Are you in danger?"

Hearing her words, Ya Molian's eyes sharpened.

When did it happen? Sonny had never mentioned it to him since he came back.

"When did it happen and where was it in danger?" he asked immediately.

"Well."

Lin Caisang choked at his urgent words, and suddenly felt bad.

I was thinking about the eldest princess, but I forgot that the previous meeting with the eldest princess was considered a danger among dangers.

"This... is in Jian'an City, the eldest princess's mansion. I have never told you that I received news from Jian'an City before that people from Qianhuan Continent appeared outside the eldest princess's mansion, and I took the mission from Wan County. , I just wanted to visit the eldest princess's mansion.

Who knew that as soon as I arrived at the eldest princess's mansion, those people were waiting for me there. It turned out that their purpose was me and the eldest princess.

If I hadn't had the Sky-Destroying Python with me, it would have been very difficult to escape. Even if I could escape, I would have to stay in the Golden Pearl Space for a long time. Those people really do everything they can. "

Chapter 1198 Everyone is confused

Hearing this, Ya Molian's hand on the wooden table suddenly tightened.

"It seems that they are interested in your medical skills." He said solemnly.

Someone had been following Sonner repeatedly in Jian'an City before, but now, they wanted to catch Sonner so openly and even used the eldest princess.

It seemed that his decision was correct. It was really not a wise move to leave Sonny here alone. He would have to take Sonny away with him no matter what next year.

"I think so too."

Lin Caisang nodded, feeling that Ya Molian was right. Those people must have taken a fancy to her medical skills and wanted her to join them.

"However, these are not what I pay attention to, but..."

"Eldest princess?"

Ya Molian took over what she said.

"Yes, eldest princess."

Lin Caisang took a deep breath and looked at Ya Molian intently.

"The eldest princess knows me too well, and she cares too much about my affairs. I can't even think about other things. When I first felt strange, I thought it was the eldest princess who sent someone here. Yejun investigated me.

But then I thought about it, even if you came to investigate me and knew my identity, you might not be able to prevent disaster for me, right?

As the eldest princess of the Liang Kingdom, she can be said to be inferior to one person and superior to tens of thousands of people. How could she make such a big sacrifice for a mere doctor like me, even if she had the grace to save her life?

So, I doubt..."

"Do you suspect she is your mother?" Ya Molian frowned.

If that's the case, then the matter is even more complicated.

The eldest princess is someone who has been to Qianhuan Continent. If the people in Qianhuan Continent know that the eldest princess actually has a descendant, and it is Sonny, they will definitely do whatever they can to bring Sonny to Qianhuan Continent. Went to the mainland.

"I have never met the eldest princess, so I can't tell whether she is your mother, but... after hearing what happened to the eldest princess more than ten years ago, if it was her who appeared in Ya Village and was rescued by your father at that time, in terms of time, Very consistent.

It's just... I always feel it's too much of a coincidence. Sonny, do you think it was the eldest princess who deliberately wooed you on behalf of the royal family, and after investigating your identity, she deliberately assumed your mother's identity? "

This suspicion is not impossible.

"this....."

After hearing his words, Lin Caisang hesitated.

But soon, she came to her senses, raised her head and said something to him.

"Wait a moment."

With that said, she took out a piece of paper from the golden bead space, took out the colored pencils, placed them on the wooden table, and began to draw the portrait of the eldest princess.

After a while, she handed the paper in her hand to Ya Molian.

"Look, this is the eldest princess."

"is her!"

Ya Molian didn't even need to take the paper into her hands, she was already sure when she looked at Sonner's painting.

This person is the biological mother of Lin Caisang and Lin Changhong, who left Yacun thirteen years ago and disappeared without a trace.

"I never thought that the eldest princess would be... It seems that when Uncle Baiyi rescued her in the forest, she had just escaped from Qianhuan Continent. Sonny, what are you going to do?"

He asked Lin Caisang.

At this moment, Lin Caisang was completely confused.

She just had doubts in her heart. If Ya Molian hadn't taken the initiative to mention it, she wouldn't have asked about the little doubt in her heart, because the guess in her heart was really impossible.

Chapter 1199 We will definitely meet again

How could she have imagined that the most impossible thing she thought was actually true.

"I have no idea."

She really didn't know what to do. What kind of existence was the eldest princess to her, mother? Or a close friend? Or is it.....

"Brother Mo Lian, I really never thought about having anything to do with her. She..."

"Do you want me to accompany you to Jian'an City again?" Ya Molian asked her.

Come to think of it, the eldest princess already knows that Son'er is her daughter, right? However, what is the reason that can make a mother look at her daughter and not recognize her?

From Son'er's words, he could tell that the eldest princess was still very concerned about Son'er and could block a fatal blow for her.

but.....

Mother and daughter meet, but she doesn't recognize each other. What's the reason for this?

Could it be...

"No."

After hearing his suggestion, Lin Caisang shook his head.

"Previously, the eldest princess's palace was attacked by people from Qianhuan Continent. I suggested that she leave the princess's palace temporarily. Now... I don't know where she will go. She went to Jian'an City, but she couldn't find anyone."

If she had known earlier, she would have...

Haha, if I had known it, it would be hard to buy it. If I had known it, how could she leave the eldest princess alone? I would have tried my best to protect her.

"Then, just wait."

Ya Molian didn't know what to say.

"Sang'er, don't be sad. The eldest princess doesn't recognize you, maybe she has some difficulties. If not, with her caring attitude towards you, she definitely won't be so cruel."

He spoke out to comfort Lin Caisang.

"Ok, I know."

Lin Caisang nodded his head lightly.

"It's not that I'm sad, it's just that...if I had known this, I should have...it's too late to say anything now. I don't know where she will go and whether she can protect herself."

She is not sad now, but worried.

"call."

She exhaled heavily.

It's too late to say anything now. I can only hope that God will bless her and nothing will happen to her.

"Stop talking about this, Sonny, if you mother and daughter are destined to meet each other again, we will definitely meet again."

Ya Molian stood up, pulled her up from the stool, took two bamboo baskets from the side, and held them in her free hand.

"Come on, it's still early. Let's go to the forest to pick up some chestnuts. I suddenly want to eat chestnut cakes. I'll make some later and take some back to grandpa and grandma."

"OK."

Lin Caisang nodded.

She naturally knew that her brother Mo Lian did not want her to worry too much, so he changed this somewhat heavy topic.

...

A few days passed.

It's really the end of the New Year, and people who raise pigs in the village have begun to kill pigs and sell their meat.

Lin Baiyi and Lin Changfeng, father and son, went to the pig-killing house early in the morning to wait in order to buy the best pork and come home. Lin Caiqing also went with them.

When Lin Changhong got up, the yard became quiet.

"Grandma, why did you ask Third Uncle to buy meat? I'll call Brother Mo Lian later and we'll go to the mountains to hunt for big meat. I'm sure we can eat it for a month."

Lin Changhong rinsed his mouth and said to Lu Qiubo who was drying fish in the yard.

I really miss the old days, when I went to the mountains to hunt prey with Brother Mo Lian. I couldn't bear to eat it. I had to take it to the town and sell it in exchange for rice.

Chapter 1200 Didn't you see it?

Although life was difficult, it was very fulfilling, which makes people miss it very much.

But now, the family has more money, and can buy all the food and groceries directly, without having to exchange for prey. I feel that, excluding the days when I am planning a little bit, my family is not so close to each other anymore. Woolen cloth.

"You brat, what nonsense are you talking about!"

Lu Qiubo glared at him angrily, and really wanted to raise his hand and slap his grandson.

"Brother Mo Lian has a lot of things to do. How can I have time to accompany you to the mountains to make trouble? As for you and all the teachers in the school, you are the only one in the family who is not good at learning. You will not be able to compare with Qing'er soon."

Lin Changhong: "..."

The teacher would say that he is weird. Who doesn't know that in school, he is the fastest at learning calligraphy, and after finishing learning, he can do other things?

Besides, he was reading another book sent to him by Sangsang, and it wasn't just the few words in the school. Of course, people would disappear from time to time. What's so strange about this?

"Grandma, after all, I am your grandson, can't you save some face for me? Besides, I'm right. Even if Brother Mo Lian is busy and can't go to the mountains, I can go. Why do I have to spend money to go there? Buy it?"

He curled his lips and said.

"you....."

Lu Qiubo really had no way to deal with his grandson. He thought that he had been locked up too harshly in the past few months.

"Who told you not to get up in the morning? Sangsang and your brother Melian went to the mountains early in the morning. It is estimated that after a while, the prey will be back.

"What?!"

Hearing this, Lin Changhong almost jumped up.

"How could they do this? They didn't tell me when they were going to the mountain. Why don't they take me with them?"

Hearing this, Lu Qiubo rolled his eyes at him angrily.

Mo Lian has been away for so long. He finally came back and took Sangsang to the mountains. The two of them went to strengthen their relationship. Taking Changhong with them... What's going on?

I have never seen such a blind elder brother. What kind of trick do you want to trick Sangsang into?

"You stay at home and you are not allowed to go anywhere!"

she ordered.

"I....."

Lin Changhong opened his mouth, not knowing what to say.

Why is it that everyone in the family can get out, but he has to be locked up at home? Didn't you see that Qing'er went to Uncle Jin's house to watch someone kill a pig?

"Grandma, I won't go to the mountains, but I can always go to Uncle Jin's house, right?" he asked.

"What are you going to do? It's enough for your third uncle and Brother Changfeng to go. If you are really too busy at home, go to Menghuang Mountain to catch some more small fish. You can't eat just this little dried fish."

Lu Qiubo said.

"What?"

Lin Changhong is simply amazing.

My eyes were looking at the dried fish that was almost hanging all over the yard. I couldn't finish eating this for a whole year, right? You actually want to go fishing?

"Grandma, there are so many fish to catch, can you finish them?"

"Why can't I finish eating? When Mo Lian leaves next year, I have to ask him to take some back and give some to the people in the village. How much is left?" Lu Qiubo said.

"Not only fish, you can also catch some shrimps. Sangsang likes to eat shrimp meat the most. As an elder brother, don't you see that? I will have to let her take it away next year."

"Oh, that's true."

Lin Changhong nodded. His sister loved to eat shrimp, and of course he noticed it, but the shrimp in the pond on the deserted mountain were not big.
