

Star of Space 1211

Chapter 1211 Why object?

When the others saw her leaving, they didn't even say hello to Lu Qiubo. They also took their own washed clothes and left in a hurry.

"These people really bully the weak and fear the strong."

Lin Caiqing watched them leave and couldn't help but cursed at their backs.

In front of her and grandma, she could say any disgusting words, but when she met Sister Sang Sang, she didn't dare to say anything.

"So, you should toughen up in the future and stop being bullied all the time." Lin Caisang raised his hand and tapped the tip of her nose.

"Sister Sangsang, I'm only eleven years old." Lin Caiqing stamped her foot and said angrily.

"You will be twelve years old after the new year, and you will grow up quickly." After Lin Caisang said something to her, he came to Lu Qiubo and squatted down to clean the pig intestines with her.

"Grandma, Uncle Jin's pig intestines are really fat this year."

"No."

Lu Qiubo smiled and looked up at his granddaughter.

"You also sent vegetables to Uncle Jin's family to feed the pigs. These two portions were used to feed the pigs, but your Uncle Jin bought half of them and gave them to our family."

"There are too many vegetable leaves on the mountain," Lin Caisang said with a smile.

Looking up, she looked at Lin Caiqing and spoke.

"Qing'er, Brother Mo Lian is boiling water at home. Why don't you go and help? We've caught a lot of prey at home. We'll be very busy today."

"Really."

Lin Caiqing's eyes lit up when he heard about the prey.

"Then I'm going to help." As she said that, she ran away with the wind at her feet.

"This kid."

Lu Qiubo watched Lin Caiqing leave and shook his head in amusement.

It's like she has never eaten meat. Can she still be hungry at home? No matter how old he is, he can't change that child's temper.

"Grandma, I'll send some of these pig intestines to Brother Guman later, as well as some of the prey brought by Brother Mo Lian. He's celebrating the New Year alone, so it's strangely deserted." Lin Caisang suggested to Lu Qiubo road.

"good."

Lu Qiubo responded.

The whole family in Yagu was full, so it was time to send some over. She originally thought so too.

"Grandma..."

Lin Caisang glanced at his grandma while helping them clean the pig intestines.

"What's wrong?"

Lu Qiubo looked up at her and asked.

"Grandma, do you know that I plan to go to his house with Brother Mo Lian next year?" Lin Caisang looked at the side. After several women were driven away by her, there was nothing left here. When he was gone, he lowered his voice and spoke.

After hearing her words, Lu Qiubo stopped cleaning the pig intestines in his hands and looked up at her again.

"Um."

After a while, she responded softly.

"Then why didn't you tell me? Don't you object?" Lin Caisang raised an eyebrow and asked.

"Why object?"

Lu Qiubo asked his granddaughter.

Doesn't she object? Her granddaughter will also marry Ya Molian in the future, right? We have to go to the left and right, why not go with Ya Mo Lian to get familiar with it first, okay?

Although she was a little worried about Sangsang, since Ya Molian would bring this matter up to Sangsang, he must have his own considerations, right?

He would never fail to think about Sangsang, she knew this very well.

"As long as you and Mo Lian can get along well, Grandma has nothing to object to, but Mo Lian's family... forget it, don't ask, you just need to know it in your heart. From now on, when you go outside, you have to act like you are in the village. Just be tough and don't let others bully you."

Chapter 1212 Is anyone home?

She wanted to ask what the situation was like in Yamolian's family, but after thinking about it, she suppressed her words and asked no more questions.

"Grandma, you think too much. How can I be bullied by others? Brother Mo Lian is here, he will protect me."

Lin Caisang smiled and said.

She secretly murmured in her heart, outside, she was already doing well without bullying others, why would others bully her?

Didn't her grandma see her beating the head of Weiguo's Imperial Master Suyang? If anyone dares to bully her, she will definitely release Black Panther and bite them until they don't even know their parents!

...

New Year's Eve.

It is the most lively day of the year, and of course, it is also the quietest day. There is no one on the small roads in the village. Every household has its courtyard door closed and is busy in its own home.

As for the Lin family, it can be said that this year is particularly lively.

Several people from Yamolian's family came to Lin's house to celebrate the New Year, but Yaguman was alone. As soon as Lin Laogan and his son Lin Baiyi got together, they asked Lin Changfeng to call people over to celebrate the New Year together at Lin's house.

They moved all the tables from Yamo Lian's house, and only two tables were enough to seat so many people.

"Brother Melian, here, here, here is your favorite crispy pork."

Ya Molian came from the kitchen. As soon as she entered the main room, she saw Lin Caisang raising her arms to greet him. A smile suddenly appeared on her face and she walked towards her.

"Fried chicken tenders."

He placed the plate in front of Lin Caisang.

"Yeah, uh-huh."

Lin Caisang nodded repeatedly and pulled him to sit down.

"Sit down and eat quickly, the food is about to get cold."

"good."

Yamolian responded.

"This year's meal is really full of Mo Lian, and I have cooked so many dishes." Lin Laojie sat in a wheelchair, holding dishes while looking at Ya Mo Lian with a smile, and spoke with satisfaction.

With Mo Lian's skills, he won't have to worry if his Sangsang goes out with her next year.

"Mo Lian, Gu Man, hurry up and eat all these dishes..."

"Is anyone home?"

Before he finished speaking, he heard a man's voice coming from outside the yard.

When everyone heard the noise outside, their faces were full of doubts. Who would come outside on this New Year's Eve night?

As for the Lin family... everyone who should be there is here, except for Lin Caihe. It is estimated that even in a few years, he will not dare to go home, but the person outside the door is a man's voice.

"Maybe they are passing by. I'll go take a look." Lu Qiubo stood up and looked at everyone and said.

"Grandma, I'll go with you."

Lin Caisang also stood up quickly. There was a man outside, how could he let grandma go alone.

"I'll go with you." Ya Molian also said.

Naturally, he was worried about letting Sonny go outside. Who knew who would be outside, and he had already heard that not only the man who made the noise was alone, but also the breathing of other people outside.

And just now, he also heard the sound of the carriage.

Glancing at Ban Jue and the others, he saw that they had put down their chopsticks, and then he, Lu Qiubo and Lin Caisang went to the yard to open the door.

"Who is knocking on the door so late? This is..."

Lu Qiubo shouted outside and raised his hand to open the courtyard door with his granddaughter.

There was a carriage parked on the road outside the yard, and two people were standing beside the door. One man should be the one who knocked on the door just now, and the other was a gray-haired old woman.

Chapter 1213 Do you know her?

"You are looking for..."

"Aunt Bai?!"

When Lin Caisang looked at the old woman standing outside the door, she was almost frightened to death.

How could it be Aunt Bai? Didn't she go away from the world with the eldest princess? In order to stay away from those people in Qianhuan Continent, she wouldn't...

The so-called safe place for the eldest princess is to come to Ye County and Ya Village, right?

The corners of her mouth twitched sharply.

"Sang Sang, do you know her?" Lu Qiubo looked at his granddaughter and asked.

Is the person outside the door here to see her granddaughter? But coming to see her granddaughter on this New Year's Eve night is a bit...

"No, I don't know him... No, I have met him once. I have met him once." Lin Caisang coughed lightly and explained.

It was supposed to be a festive atmosphere, but suddenly...

It's not that she doesn't want to see the eldest princess, it's just that... if she talks about many things, she can't explain, for example, how she comes from Ye County to Jian'an City again and again.

"Have you met once?"

Lu Qiubo glanced at his granddaughter again, and then looked at Aunt Bai.

Looking at this nanny, who is about the same age as her, she does not look like an ordinary person in terms of her clothes or her demeanor.

"Then... please come inside first."

No matter what, she still felt that she should welcome people into her home first, and she couldn't stand outside the door.

"Old lady, wait a moment."

Aunt Bai leaned towards Lu Qiubo, turned around and went to the carriage, lifted the curtain and helped the people inside out.

When Lin Caisang saw this, she hurried forward to help. She did not forget that the injuries on the eldest princess's body were caused by her, and no matter how good the medicine she prescribed was, it would not be cured after only half a month. of.

"You...be careful and take your time."

Together with Aunt Bai, they helped the eldest princess out of the carriage and came to the yard.

"you you....."

When Lu Qiubo closed the courtyard door and saw that familiar face under the light of the lantern in the courtyard, he was so frightened that he almost screamed.

"Mom, I'm back." The eldest princess looked at Lu Qiubo and called softly.

"you....."

Lu Qiubo couldn't help but swallowed when he heard the long-lost "mother".

She glanced sideways at her granddaughter, but didn't notice anything strange on her face. She felt like her head was dizzy, as if the whole yard of her house was spinning.

"Grandma, grandma."

Just when she almost fell backwards, Lin Caisang caught her with quick eyes and hands.

"Grandma, are you okay?"

"Sangsang, you...did you know earlier that she...she was back?"

Lu Qiubo looked at his granddaughter and wanted to shout, but when he thought there were so many people in the main room, he quickly pulled his granddaughter aside, lowered his voice a bit, and asked her.

"I didn't know she was coming." Still at such a delicate moment.

Lin Caisang added silently in his heart and said honestly.

"Then you and she know each other?" Lu Qiubo asked again.

Although this eldest daughter-in-law had no conflict with her, she had not appeared for so many years. Suddenly one day she appeared in front of her, and she was well-dressed. It looked like she was from a wealthy family.

She really couldn't accept it.

"No."

Lin Caisang shook his head quickly.

"I just made a guess before. I drew a portrait and showed it to Brother Mo Lian, and then I confirmed that it was her. We haven't seen her since. Today is the first time we meet."

Chapter 1214 You are not welcome in our home!

As this was the first time she had met the eldest princess since she knew she was her biological mother, this was not a lie.

"Why."

Lu Qiubo sighed lightly.

People are already in her yard, so what's the point of asking?

"Sang Sang, your mother...that's all. Yu Yang, you can come with me. We are having dinner at home. Eat first before talking about anything else." She walked to the eldest princess and stretched out her hand to pull her. Go to the main room.

"male....."

"Aunt Bai, you and this uncle should go to dinner together. You must be starving all the way here, right?" Just when Aunt Bai was about to reveal the identity of her master, Lin Caisang shouted. cut her off.

Hearing this, Aunt Bai opened her mouth and swallowed all the words in her mouth.

"Yes, miss, I understand."

She leaned towards Lin Caisang and followed her into the main room. Since she was here, let's take a step at a time and finish the reunion dinner first.

"Hi, hoo."

Seeing them all enter the door, Lin Caisang, who was standing in the yard, took a breath and exhaled heavily.

Next, her life will probably be difficult. Her mother and her grandpa and grandma are very different about forgetting her. How can she explain that she can travel from Yejun to Jian'an City in one day? Woolen cloth?

Do you want her to tell grandpa and grandma that she will fly into the sky and escape?

"Brother Mo Lian..."

Just when she was worried, she felt a warmth on her hand. She lowered her head and saw her hand being held tightly by Ya Molian.

"Don't worry, your mother knows how to behave and won't talk nonsense." Ya Molian comforted her.

"I'm not worried about her, but... Grandma Bai is still here." Lin Caisang pouted.

She knew very well what kind of person her mother was, so naturally she would not reveal the secret of her biological daughter.

But the problem is, there is also Aunt Bai. This old nanny almost leaked her own mother's vagina just now. If she stays here for a long time, she won't leak everyone's vagina.

Can she not worry?

However, her worries were really unnecessary, because someone saw the eldest princess in the hall, and after learning her identity from Lu Qiubo, they couldn't accept it at all, and started filing a lawsuit.

"Leave, you are not welcome in our home!"

Lin Changhong looked at the eldest princess with hateful eyes, his face full of anger.

This woman hasn't been back for so many years, why is she coming back now? Seeing that their family is doing better now, they want to come and recognize their relatives?

Haha, if she wants to recognize her as a relative, it also depends on whether the brother and sister recognize her as their mother, right?

"Young Master..."

"Mother Bai, you go back first."

Aunt Bai wanted to explain a few words to her master, but was interrupted by the eldest princess.

"this....."

She looked at Lin Changhong, who had an unfriendly aura all over his body, and then looked at her master.

Although she really didn't want to leave, her master had already spoken, so naturally she didn't dare to stay any longer, so she could only take the entourage driving the carriage, bowed to the eldest princess, and left.

"Hong'er, I know it's difficult for you to accept me all at once, but..."

After Aunt Bai left, the eldest princess wanted to say a few words to Lin Changhong, but Lin Changhong was basically confused at the moment. He only did things and said words based on his feelings.

"But what is, I don't want to hear it!"

He angrily walked up to the eldest princess and stretched out his hand to push her out, but unexpectedly...

Chapter 1215 A decent reunion dinner

The hand that had just been raised could only stop in mid-air when a figure stood in front of the eldest princess.

Gritting his teeth, he looked at his sister who separated him from the eldest princess.

"Sang Sang, how can you help her? Have you forgotten? It was she who abandoned us back then, she..."

"Brother, do you want to go back to your room and calm down first?" Lin Caisang looked at Lin Changhong seriously and said calmly.

Not to mention that there was a reason why the eldest princess left them. Even if there was no reason, she brought the two brothers and sisters into this world after all. Even if she didn't have a good look on her, she shouldn't take action as soon as they met.

"I....."

Lin Changhong had a bad breath stuck in his throat and almost spit out a mouthful of blood.

If the person standing in front of him was someone else, he would have raised his hand and punched him!

But this person... is the sister he has always held in his hands, loved and doted on, what can he do? No matter how angry I was, I had no choice but to endure it.

"I'm going to go outside for some quiet time first."

He took a deep breath and prepared to go out.

"Whatever you are doing, sit down!"

The foot that had just been lifted was lowered again when Lin Laogan gave a sharp shout.

"Grandpa..."

He turned around and looked at his grandfather.

Are these people not angry at all?

This woman can come and leave whenever she wants. Who does she think she is? Why should they pamper her like this? Did she think she was his Sangsang?

"sit down!"

Seeing him looking over, Lin Laogen said again.

"Since Yu Yang is back, let's sit down together. It's just right. I haven't had a decent reunion dinner in many years."

He looked towards the eldest princess and said in a deep voice.

Hearing this, Lin Changhong opened his mouth, but in the end he could only hold back all the words under the deep gaze of his grandfather, and continued to sit back in his seat.

But his faint eyes kept looking at the eldest princess.

"You sit over here."

Lin Caisang looked at the location and found an empty seat for the eldest princess to sit down.

On the other side, Lu Qiubo also took the bowls and chopsticks and put them on the table. The family finally sat down, but this meal was not very peaceful.

...

"Brother, what do you want to do?"

Raising her hands to wipe her face, Lin Caisang helplessly asked Lin Changhong, who had been dragged back to her room by her.

"What do I want to do?"

Lin Changhong looked at his sister in surprise.

"Sangsang, I also want to ask you, what do you want to do? That woman..."

"That's our mother, my mother."

Hearing the words 'that woman' from his eldest brother, Lin Caisang immediately frowned and interrupted him.

"laugh."

Lin Changhong couldn't help but sneered.

"My dear mother, please pull me back. With such a dear mother, we, brother and sister, are really unlucky for eight generations!"

Anyway, no matter what, he would not recognize this mother. Grandpa and the others wanted to keep her, but he didn't want to care about her, but he decided that from now on, he would just treat that woman as invisible and non-existent.

"you--"

Lin Caisang was so angry that his eldest brother was so angry that he vomited blood and exhaled heavily.

"Brother, do you want to make me angry to death?"

"Where can I have it?"

Lin Changhong immediately complained. Sang Sang was his precious sister. How could he be angry with Sang Sang?

"Sang Sang, listen to my elder brother. We should be on the same side. That woman..."

Chapter 1216 I want to be a kitten or puppy

"That's our mother, my mother!"

Lin Caisang interrupted his eldest brother again and spoke seriously.

"Okay, mother-in-law, right?"

Lin Changhong also took a deep breath, unable to defeat his sister, so he had to change his words.

"Why did she come back? Sangsang, don't forget, she abandoned us back then. We were just one month old at that time. Don't you remember?"

he asked his sister.

"Who will remember what happened just after the full moon? Can you remember it?" Lin Caisang asked him.

Lin Changhong: "..."

He didn't know how to reply to this question.

However, even if he doesn't remember what happened at that time, the fact is the fact. Can that woman still deny it?

In short, that woman abandoned the two brothers and sisters, and now he will not recognize her!

"Sangsang, why don't you understand? We can't recognize her!"

"Why?"

Lin Caisang asked him. Of course, she really didn't understand where the stubbornness in Lin Changhong's heart came from.

"Why?"

Lin Changhong was so angry at her question that he almost laughed out loud.

"Sangsang, what does she think we are, just picked up kittens and puppies? She threw them away when she wanted to, but now she wants to pick them up, so we have to live with her obediently? She thinks so beautifully! "

"If you want to be a kitten or puppy, don't take me with you." Lin Caisang said to him angrily.

There is no one who compares herself to a kitten or a puppy. There is no one like her, her eldest brother.

"Brother, you've already had a meal, why haven't you calmed down yet? Don't you want to know why she left us behind and left without a word?

Do you really think that our mother is that kind of cold-blooded person? Um? "

"That's not the case."

Lin Changhong nodded matter-of-factly.

"Who is cold-blooded if she isn't cold-blooded? Anyway, I..."

"Brother!"

Lin Caisang really had nothing to say, and there was nothing he could do about her, the eldest brother.

"She had no choice but to leave us behind. Even if she had the slightest chance, she would not have left us. Moreover, she must have thought that our lives would not be so difficult..."

"Why does she think that? Are we just not in a tight situation when we are chewing tree bark and drinking cold water?" Lin Changhong said angrily.

"What will happen if you speak softer? Are you showing off your loud voice? Brother Mo Lian and Brother Gu Man are still here. Do you want them to see our family's jokes?" Lin Caisang reminded him.

"I....."

Lin Changhong opened his mouth. Although he didn't speak, he still curled his lips unconvinced.

"You."

Lin Caisang looked at his look of needing a beating, sighed, took out a box from his golden bead space, then opened it and placed it in front of his eldest brother.

"Well, this is what she left behind when she left. Just look at it. These things are enough for an ordinary family like ours to last several lifetimes."

"hiss."

Lin Changhong looked at those things and took a breath of air.

"These things...how come I haven't seen them before? You didn't buy them to fool me, did you?"

He looked at his sister suspiciously and asked her.

Hearing his words, Lin Caisang actually raised his hand and slapped him on the head unceremoniously.

Chapter 1217 She must be cold-hearted

"This was given to me by grandma when Lin Caihe stole something and ran away. According to grandma, it was left behind by our father when he left. If you don't believe me, you can ask grandma.

"this....."

Lin Changhong choked on her words and hurriedly laughed with her.

"Sang Sang, what nonsense are you talking about? Can big brother not believe what you say? I just don't believe grandma, and I won't disbelieve you, right?"

Hearing this, Lin Caisang rolled his eyes at him angrily.

The person who stared at her suspiciously just now wasn't him, was he?

"Okay, let's not talk about these words for now, let's talk about the eldest princess first.

"Princess? Who is it? Who is the princess?" Lin Changhong blinked and asked her.

Princess, that was not an ordinary person. He was afraid that he would never see her in this life. Why was his Sangsang talking about a princess? Where did their princess come from?

"Are you kidding me again? Princess, our family...hiss!"

Before he finished speaking, he gasped and stared at his sister in disbelief.

"Sang Sang, you mean, she...she is..." The big hand pointed at the closed door uncontrollably and swallowed.

"Yes, she is the eldest princess of the Liang Kingdom, the biological sister of the Liang Emperor's sibling," Lin Caisang said.

"She...she...Sangsang, how did you know?"

Although he was surprised by the identity of the eldest princess, he was more curious about how his sister knew it, since no one spoke during the meal just now.

"I met her a few times, but at that time I didn't know she was our mother." Lin Caisang explained.

"She even hid this from you? She really isn't a good person, huh!"

Lin Changhong snorted coldly. His Sangsang was their family's treasure, and that woman actually hid it from his Sangsang. It was just...not recognizing her was indeed the right thing to do.

Lin Caisang: "..."

Why is this hatred value soaring up again as he talks?

"Lin Changhong, do you listen to me? If you don't listen, let me go... No, get out of here!"

She was so confused by her eldest brother that she forgot that this was her room. She almost rubbed oil on her soles and left, but luckily she figured it out in time.

"No, no, I can't listen to you."

Lin Changhong saw that his sister was angry and quickly comforted her.

No matter what, he can't make his sister angry, otherwise, he himself should slap himself twice.

"Say it, Sangsang, go ahead, big brother is listening."

"snort!"

Lin Caisang looked at him coldly and snorted coldly.

She murmured in her heart: Sure enough, her eldest brother would not settle down until she calmed down and spoke in a bad tone!

...

In another room, Yang Lin and Lin Baiyi were sitting, looking at each other.

"Baiyi, tell me...why is my sister-in-law back at this time?"

Although it was a good thing that the sister-in-law came back, and Sangsang and Changhong finally had a mother, looking at Changhong's attitude, one knew that there was still some trouble at home, as it was New Year's Eve.

"have no idea."

Lin Baiyi was still confused until this moment.

How did he know what was going on? The sister-in-law suddenly came back when she said she was coming back, without even giving them a process to adapt.

"It would be nice if eldest brother could come back soon, but... I don't know where eldest brother is?"

Chapter 1218 Can the sister-in-law dislike it?

He sighed softly and said quietly.

Over the years, he had never believed that Lin Baizhong was gone. No matter what the people in the village said, he firmly believed that his eldest brother was still alive and would come home one day.

"Now is not the time to talk about eldest brother, but sister-in-law." Yang Lin looked at him and reminded him.

"Sang Sang is fine, but Chang Hong, didn't you see it just now? That child's attitude is really... As a third uncle, why don't you know how to persuade him?"

Lin Baiyi: "..."

How can he persuade him? Didn't you see that kid Chang Hong didn't even give up on Sangsang's face?

"I just saw Changhong being pulled into the room by Sang Sang. They still have to let them figure it out on their own.

he said.

"Too."

Yang Lin nodded, thinking that this was also the case.

"Tell me, where has my sister-in-law been all these years? Why has there been no news for so many years, and now she is back? It's no wonder that Changhong looks like that. If it were me, I wouldn't I can't accept it."

As she spoke, she shook her head.

"How about you go visit your parents?"

Now my sister-in-law is talking with her parents in the main room. They feel a little embarrassed, so they go back to their room.

"What am I going to do?"

Lin Baiyi glared and asked her.

When the sister-in-law is talking to her parents, why is her brother-in-law listening?

Those who knew thought he cared about his sister-in-law, but those who didn't know thought he was afraid that her sister-in-law would harm his parents, so he kept an eye on her.

"Why didn't you let me persuade Chang Hong? I think that child is the most troublesome."

"What are you doing at Changhong's place? Sang Sang is here." Yang Lin said.

I didn't see Sang Sang saying anything when she met her mother. It showed that she was mentally prepared. Now that she had pulled Chang Hong into her room, she would definitely give her some advice.

There is nothing wrong with them at Changhong's place.

"Baiyi, tell me, my parents have arranged for Sangsang to be married to Mo Lian, my sister-in-law won't be happy, right?"

Suddenly, she raised her own question.

"That's not true, is it?"

Lin Baiyi thought for a while and shook his head uncertainly.

"What's wrong with that boy Mo Lian? Can anyone from all over the country find another one? No matter what happens to my sister-in-law, she will never dislike that boy Mo Lian. Besides, that's the person Sangsang likes. Sister-in-law Can you despise it?"

Finally, Sang Sang didn't have any big reaction to her mother's return. If her sister-in-law really opposed Sang Sang's marriage to Ya Molian...

Then he can guarantee that the sister-in-law will never want to hear Sangsang call her mother!

"That's not necessarily true. Go and have a look. Go and have a look." Yang Lin said.

You know, Ya Molian is still sitting in the main room at the moment, accompanying her parents, that is, her sister-in-law.

What if this gets into trouble...

"Go, go, even if you don't go to your parents, Gu Man is still at home. Go and watch Qing Yatou, don't let her go to Gu Man like a silly girl! Girl, please don't I don't even know how to be ashamed!"

"Okay, I'll go."

Lin Baiyi had no choice but to stand up and walk out the door.

...

In the hall.

Lin Laogan and Lu Qiubo sat on one side, Ya Molian sat next to them, and Liu Yuyang sat on the other side.

"Yu Yang, these years... that's all. Let's not talk about the past. This is Mo Lian, do you remember? A few months ago, Sang Sang's marriage to him was just finalized."

Chapter 1219 I think it's too fantasy

Lin Laogong looked at Liu Yuyang and wanted to ask about the past, but after thinking about it, he stopped talking.

Instead, he thought of his granddaughter's marriage to Ya Molian and mentioned it casually.

"I know. Sang Sang mentioned to me once that Mo Lian is a good boy. I'm very happy that Sang Sang can get engaged to him." Liu Yuyang looked at Ya Mo Lian with a smile on his face.

She had already found out clearly what had happened to the Lin family over the years, as well as those who had bullied her family Sang Sang, and she would not let go of any of them.

As for Yamolian...

Although I didn't find out which family he was a child of, in the end, as long as he was good to Sangsang, that would be fine.

"Um.

Lin Laogong nodded.

Seeing that she had no objection, he felt relieved.

"Yu Yang, when you come back this time, aren't you going to leave? Or..."

He gritted his teeth and did not say any more.

"Dad, I plan to stay here first, and we will talk about the future later." The eldest princess said.

No one can predict what will happen in the future. She has already ordered people to find out about Baizhong. If they can find out, she will take her family back to Jian'an City.

If you really can't find out, then stay here and wait for Baizhong to come back.

"Over there at Changhong..."

"That kid Chang Hong has a bad temper, but it's okay. He listens to Sang Sang the most." Lu Qiubo said.

As long as Sangsang takes action, it is impossible to defeat Changhong. After a while, nothing will happen. Maybe after a while, she will still call her mother eagerly.

"It's you, Yu Yang, why do I look so bad at you?"

She had been paying attention to her eldest daughter-in-law for a long time, and she always felt that her face was so pale, as if she had been smeared with powder.

"Well, it's okay. I just got a little windy a few days ago, so it's okay." The eldest princess choked and explained.

As for how she met Sang Sang, she didn't want to talk about it in front of the second elder. She wanted to ask Sang Sang again, so naturally she couldn't mention her injury in front of the second elder.

"That's right."

After Lu Qiubo heard her words, he immediately stood up.

"Old man, Mo Lian, you sit with Yu Yang for a while, and I'll clean up the room and come out. Yu Yang, you have to go to bed early because of the cold. Our family doesn't have so many rules, so we don't need to keep a vigil."

With that said, she left the main room.

...

"Is everything you said true?"

In the room, Lin Changhong looked at his sister and asked.

Hearing this, Lin Caisang rolled his eyes and glared at him angrily.

"Who said it just now? Even if you don't believe grandma, you won't believe me. What's the matter, did you forget what you just said?" she asked him.

"Uh, this..."

Lin Changhong choked and raised his hand to scratch his head.

"Don't I... think it's too fantasy? Sangsang, can you really go directly from here to Jian'an City? Then next time Brother Changfeng will go to Jian'an to take the exam, isn't it possible..."

"Lin Changhong!"

Lin Caisang's face turned cold and she stared at him with a straight face.

"Let me tell you, if you dare to say a word about the things I just told you, I will ask Brother Molian to take you to his place to be rebuilt. Do you believe it or not?"

When it comes to her Golden Pearl Dimension, can anyone know about it?

He is Lin Caisang's biological eldest brother and a compatriot from the same mother. She naturally believes it. But although she also believes Lin Changfeng and the others, she does not trust her enough to talk about everything. That step.

Chapter 1220 Can you go out now?

"Believe it, believe it!"

Lin Changhong pursed his lips and nodded quickly.

"It's not okay if I don't say it, Sangsang, why do you feel threatened by me and not cute anymore? Did you learn this from Brother Molian? Why didn't he teach you something better?

But having said that, who is that bastard who dares to plot against our mother? If I knew who it was, I would have to cut him into pieces. My mother is also pitiful and has suffered so much.

Why didn't you tell me earlier? I treated her like that just now. Now...am I still embarrassed to talk to her?

It's your fault! "

Lin Caisang: "!!!"

What the hell does this have to do with her?

She didn't know that her mother would come over on New Year's Eve, and she was caught off guard!

"What have I done to you? Didn't I tell you to calm down just now? It's obviously you who says whatever you say that doesn't sound good, but now you have the nerve to blame me?"

She rolled her eyes at him.

"Don't be angry, don't be angry, I'm not... ah, is she still injured? Then you need to rest quickly. I'll clean up the room for her."

As he spoke, he suddenly stood up from the stool and was about to walk out the door.

Lin Caisang: "..."

Did she really surprise her brother today? Looking at his reaction, those who didn't know would have thought he was stupid.

"Brother, come back!"

"Anything else?"

When Lin Changhong heard her voice, he stopped and turned around and asked.

"My grandma is preparing the room, do you need me?" Lin Caisang said to him.

"Then I have to go and take a look." Lin Changhong said.

He was so angry just now that he didn't even see what his mother looked like. He had to go and get a clear picture of her first.

"return!"

Lin Caisang curled her lips and looked at him helplessly.

"I guess Mom didn't tell grandpa and grandma about her injury, and the things I just told you. Do you know what to say and what not to say to grandpa and grandma?"

she asked.

"I know, I know." Lin Changhong nodded.

"I promise not to say anything, okay? Not just my grandpa and grandma, but also my third uncle and the others. I won't say a word nonsense."

Does his sister really think that he is the kind of person who is not strict with his mouth? He could pass on other people's words, but the target was his sister. He kept his mouth shut and would not say anything out loud.

"Can I go out?"

"Go ahead."

Lin Caisang nodded funnyly.

She didn't know who this sudden temperament looked like. Anyway, according to her opinion, neither her father nor her mother had the same temperament as her eldest brother.

...

In the kitchen, several people were sitting in a circle, making rice dumplings.

"That kid Changhong is really... I don't even know what to say about him."

Just now, she was completely denying Liu Yuyang as her biological mother. Now, she is talking with her in the room and refuses to come out no matter how she calls.

Lu Qiubo also found it funny and said to several people in the kitchen.

"That's because Sang Sang has a clever mouth and can persuade her brother." Yang Lin said.

If someone else had tried to persuade Lin Changhong, would they have been able to persuade him? I'm afraid you're still swearing and refusing to forgive me, right?

"That's what my brother is like."

Lin Caisang raised her head and said something while wrapping rice dumplings in her hands.

"Brother Melian, go to the corner over there, wash out the salted duck eggs I pickled last time, and then pick out the yolks."

She looked at Ya Molian and said.
