

Star of Space 1231

Chapter 1231 Lin Caisang is such a big mouth

He thought that Ya Mo Lian was just returning to Ya Village with two followers to show off, but he didn't know that these people were really capable.

The way this man named Ban Wu came out was much more powerful than that of Li Ming in his family.

"Let me tell you, this is Ya Village, and I am a high-ranking official. If you dare to do anything to me, you..."

"Get it away."

How could Ya Molian give him a chance to finish his sentence? She directly winked at Ban Wu.

"yes."

Ban Wu responded and went to take away the Zhou family's grandfather and grandson, but he didn't know...

"Wait a minute.

Suddenly, a voice came from behind the crowd.

When everyone heard the sound, they immediately turned around and saw Lin Caisang standing behind them, and there was another woman standing beside her, being supported by her.

"Sonny."

Upon seeing this, Ya Molian immediately stepped forward and supported Liu Yuyang from the other side.

"Why did you let my aunt out? She should have a good rest."

"I came out on my own, don't talk about Sangsang."

Liu Yuyang glanced at his daughter, then looked at Ya Molian and explained.

"There is so much noise outside. If I hadn't come out, how would I have had the chance to see such shameless things in Ya Village!"

"Who are you talking about?"

Zhou Liang immediately retorted when she said this.

Who is this woman? She actually deserves to be beaten when she talks like that!

"oh."

Liu Yuyang raised her eyes and looked Zhou Liang up and down. The next moment, her eyes sharpened.

"I made a mistake. How can I say that you and that old man are a thing? You are not a thing at all!"

"you--"

After hearing her words, Old Master Zhou was almost angry to death.

But he didn't dare to say anything, because he knew very well who the woman in front of him was. He had met Liu Yuyang before, not to mention that Liu Yuyang and Lin Caisang looked really alike.

"Yu Yang, it's you. You're really back. I heard people in the village say you're back, but I still don't believe it. I quickly wanted to come over and see how happy Brother Lin must be that you're back. "

He took a deep breath, concealed the anger on his face, and spoke to Liu Yuyang with a smile.

"Who are you? Do I know you?" Liu Yuyang looked at Old Master Zhou with cold eyes and asked.

"I...I am your Uncle Zhou, have you forgotten? When you and Baizhong got married, Uncle Zhou even came to drink a glass of water and wine from you. When you gave birth to Sang Sang and Chang Hong, I also came."

Master Zhou hurriedly made love with Liu Yuyang.

Looking at Liu Yuyang's clothes and her temperament that anyone with a discerning eye can detect, you can tell that she is no ordinary person.

If his family's Liang'er can be allowed to marry Liu Yuyang's daughter, then the Zhou family will definitely follow the rising tide. By then, how can the Zhou family take Feng Yurui seriously?

"Uncle Zhou?"

Liu Yuyang frowned and glanced sideways at his daughter.

Suddenly, as if she had a sudden realization, her eyes turned to Old Master Zhou and Zhou Liang again.

"You two are the same family that bullied my Sangsang family, broke off the engagement and still kept pestering us in every possible way, right?"

"us....."

Old Master Zhou opened his mouth, but actually couldn't say a word in reply.

He secretly cursed Lin Caisang, a big talker, how could he reveal everything about her and the Zhou family to Liu Yuyang in just one night?

Chapter 1232 Palm!

You are such an old man and you can only complain, what will be the use in the future!

"Why, do you family really think that my Sangsang is easy to bully? Do you think that my Sangsang's mother is just a decoration?" Seeing that he was speechless, Liu Yuyang asked again.

She had already found out all about the bastards in the Zhou family, and she really thought she was a good bluff, and actually made a plan for her.

Does this old thing think she would bully her own daughter just for the sake of such a few outsiders?

Still want to behave in front of her? !

"I am very satisfied with the marriage between my Sangsang and Mo Lian. If you guys want to secretly plot something against my Sangsang, I guarantee that you will not be able to bear the consequences.

She glanced at Old Master Zhou and Zhou Liang with her sharp eyes, and also at the others one by one.

She knows these people very well. They are here to see her. They clearly want to inquire about the marriage between her family Sang Sang and Mo Lian. Are they not tolerated by her? Do they want to see her family Sang Sang's jokes?

"Don't think I can't do it. Let me tell you, there is nothing I can't do in this Liang country! For the sake of my family Sangsang, let alone killing an individual, even if I slaughtered an entire village, I was there. No matter what!"

"hiss!"

Zhou Liang took a breath of air when he heard her words.

Why does this woman look so soft and weak, but what she says is so terrifying?

However, he had read so many books after all, so he was not frightened.

Although he was frightened at first, he soon figured it out. She was just a woman. No matter how powerful she was, she wouldn't dare to kill people indiscriminately, right? What's more, he said it openly in front of so many fellow villagers!

Did she make the laws of the Liang Kingdom?

Or is it that Liang Guo's sky is supported by her?

"Aunt Yuyang, don't say that. What's so good about that Yamolian? He wanders around in the mountains hunting every day. If there are no prey in the mountains, he might starve to death?

Do you want Sangsang to..."

"Sang Sang? Can you, a strange man, call my daughter my daughter's name?" Liu Yuyang narrowed his cold eyes and glanced at Zhou Liang.

"Come here, slap your mouth!"

The next moment, two men in black suddenly appeared from nowhere. One of them directly lifted Zhou Liang's collar and slapped him in the face with his big palm. .

"Uh-huh."

Zhou Liang could even scream, and his face was beaten out of shape.

"puff!"

A mouthful of blood mixed with teeth spat out from his mouth.

Seeing such a tragic situation, the people on the side took a step back and distanced themselves further from Liu Yuyang.

Although they were from Yacun and did not have much hatred against Lin Caisang, they had more or less gossiped about Lin Caisang.

Now looking at Zhou Liang being beaten so hard that he almost didn't recognize his father and mother, they couldn't help but wonder, wouldn't it be their turn next? .

It seems that the Lin family is all the same. Everyone really dotes on Lin Caisang.

"You...you..."

Old Master Zhou wanted to step forward to save his grandson, but another man in black was staring at him closely.

He didn't even dare to take a step forward. He could only watch helplessly as his grandson was beaten in front of so many people. He raised a trembling hand and pointed at Liu Yuyang and Lin Caisang.

Chapter 1233 Returning to your parents' home to show your face?

"How could you do this? My Liang'er didn't offend you either. You...you are too cruel.

"Not as ruthless as you."

Lin Caisang looked at Old Master Zhou calmly and said something.

Over the past year, she has been troubled enough by several people in the Zhou family. Now that her own mother has made the decision for her, it can be said that she is angry.

Although, she really didn't take the Zhou family seriously.

Although Yamolian has tried to deal with the Zhou family many times, it is not a wise move to take action for such a family, and it will only attract the attention of others.

It is really possible that Ya Molian's identity could be exposed in Ye County with the tacit approval of those people who are full of scheming.

"Sang Sang, help your mother go back to rest and leave this place to me." Yamolian looked at Lin Caisang and told her.

"Um."

Lin Caisang responded.

"Don't kill me all at once. You have to keep it to suffer. Otherwise, I won't be able to get rid of my anger."

She whispered to Ya Molian.

With Feng Yurui and Lie Ming here, Old Master Zhou and his family could not cause any trouble. It was also because Feng Yurui went back to her parents' home today that it was said that Old Master Zhou and Zhou Liang came to Brother Mo Lian's house to cause trouble.

"rest assured."

Ya Molian raised her hand and patted her head.

Naturally, he would not let anything happen to Old Master Zhou and his family in front of so many people, but...

"stop."

When Liu Yuyang was helped back to the yard by Lin Caisang, he asked the man in black to stop.

The man in black took the order, threw away Zhou Liang's collar, and stood aside.

Zhou Liang, on the other hand, had been beaten so painfully that he could not speak. After being thrown away, his whole body went limp and he sat down in the mud, almost falling backwards.

"Liang'er, Liang'er!"

Seeing this, Old Master Zhou rushed forward and supported his grandson.

"You...you bunch of barbarians, how could you..."

Seeing his grandson being beaten like this, he couldn't be more angry, but he looked up at the two men with fierce looks, and then at Ya Molian, who had a calm face.

He actually couldn't say a complete sentence.

If I had known, if I had known that he would not listen to his grandson and come to Lin Caisang's house, he should not have messed with Ya Molian, a barbarian!

"Exiled Wu, drag these two people back, then go to the county governor's house and ask Miss Feng Jiu to come back." Yamo Lian looked at the two people who looked miserable and unattractive with cold eyes, and ordered to Exiled Wu next to her. road.

"If you haven't sorted out this mess in your own family, why would you have the shame to go back to your parents' house and show off?"

"Yes, Master."

Exiling Wu responded, walked over, came behind Old Master Zhou and Zhou Liang, picked up their hands, and left.

"hiss!"

Everyone looked at Ban Wu. The two of them, Old Master Zhou and Zhou Liang, weighed at least two hundred pounds, right?

He actually carried it away casually, and the steps he walked did not feel heavy. They suddenly gasped, swallowed, and ran away like crazy.

"Just let them go?"

The two men in black looked at the banished general being carried away, with obvious displeasure on their faces.

If this had been the case before, how could these two evil-minded guys have been allowed to walk away like this? They would have shed their skin even if they didn't die!

"I'll leave these two to you. It doesn't take much. Just eat three meals a day and give each of them a punch."

Chapter 1234 He is simply not human!

Unexpectedly, Ya Molian ordered the two of them.

Man in black: "..."

Beating him three times a day was definitely a much more terrifying punishment than beating him half to death in just one meal.

The point is, it's so uncomfortable to be worried and scared every day, waiting for the time to be beaten. Just imagining it makes me want to run away.

"yes."

They both responded at the same time.

It was decided happily like this. Who made them brave enough to bully their little lady?

Such people must be punished well, and this punishment must be something that they will always remember, and it must be... the kind that makes them suffer while living, but do not dare to die!

...

On the other side, Mr. Zhou hurriedly hurried but failed to catch up.

I could only watch my biological father and son being carried back by a strange man on the way.

And more importantly, if he hadn't recognized the face of his biological father and the clothes his son was wearing, otherwise, he really wouldn't have recognized that the man in front of him was his biological son.

"You... you..."

He rushed forward, trying to rescue the two of them from Ban Wu's hands.

But when Fei Wu's stern eyes glanced at him, he immediately shrank, took a few steps back without daring to say anything, and swallowed.

"No, I...I...I'll go back right now."

How could he dare to talk to the man in front of him who clearly wanted to eat him alive, let alone plead for mercy on behalf of his own father and son? He could only follow Ban Wu and go home.

'Bang, bang. '

The sound of two heavy objects falling to the ground was heard.

"ah!"

Old Master Zhou screamed in pain, while Zhou Liang couldn't even make a scream and could only make two 'wuwu' sounds.

"Dad, Liang'er."

Upon seeing this, Mr. Zhou immediately rushed over to check on the two of them.

"You're lucky today. My father doesn't want to kill you on the first day of the first lunar month. Otherwise, I would just dig a hole and bury you. That's what I would do!"

Throwing them heavily in the yard was not enough. After thinking about it, Ban Wu decided to threaten these two unscrupulous guys.

"you....."

Old Master Zhou looked at Ban Jue with trembling lips.

He never imagined that the two men in black who beat up his grandson were actually good.

And the man in front of him who listened to Ya Molian's instructions and sent them back was a ruthless character, because he could clearly feel that the leg bone of one of his legs had been broken.

The other leg wasn't much better, it didn't even feel anything.

And all this was because he was thrown to the ground by this man just now. It was so painful that he almost rolled on the ground.

In fact, he endured the pain in his leg and glanced sideways at his grandson. Zhou Liang was already rolling on the ground, speaking words that others could not understand.

But even if you don't understand, you can still figure out what's going on from the scene where he holds his legs with both hands and howls.

His grandson also had his leg broken by this man.

"You are simply inhuman!"

"Yeah?"

Hearing him complimenting himself so much, Fei Wu raised his eyebrows and looked at him with a slight hook on his thin lips.

"I really want to know how...inhuman I am!"

As he spoke, he raised his foot and stepped hard on Old Master Zhou's leg that had been broken due to his secret manipulation.

Chapter 1235 A person who eats people without spitting out their bones!

"ah--"

Old Master Zhou immediately let out a scream like a slaughtering pig, and cold sweat broke out on his forehead.

"Let go, let go... let go."

His whole body was trembling, and he rolled his eyes violently, looking like he was about to faint.

"Dad, Dad, please bear with me, don't... stop talking." Mr. Zhou did not dare to ask Ban Wu to let go of his feet, so he could only lower his voice in his own father's ear and persuade him.

"Ah, ah!"

Old Master Zhou was still screaming, holding his legs with both hands. At this moment, it was impossible for him to hear his son's voice.

If he could really hear it at this moment, he would probably faint. But at this moment, even if he wanted to faint, he couldn't because it was too painful. He probably wouldn't faint for a few seconds before he would wake up from the pain again.

What kind of son did he give birth to? He saw his father being tortured and actually asked him to endure it!

"Release?"

After listening to Old Master Zhou's words grinding out from between his teeth, Ban Wu chuckled.

However, he did lift his feet, but... he turned his body a degree, looked directly at Zhou Liang who was lying on the ground, and the next moment, he directly raised his feet and stepped on him.

"Uh... ow."

Zhou Liang couldn't make any sound, but judging from his wide-open eyes, you could tell how much pain he was feeling at the moment. perform

His whole body tensed up, and after a few twitches, a 'hissing' sound came from his crotch.

"Tsk!"

Ban Jue clicked his tongue.

"I thought he was very capable, but he turned out to be such a calm guy."

After taking his feet back, he glanced at Zhou Liang with disgust, then looked at Old Master Zhou and Zhou Liang.

"This time is just a lesson. If I see you in front of my father and the mulberry-picking girl's house next time, you will just wait to lie in bed forever. Then we will see if Miss Fengjiu will come. Serve you bad guys!"

He glanced at Mr. Zhou with a threatening look, then turned and left.

"Dad, Dad, are you okay? I'll help you go to bed, and then I'll find the doctor." Mr. Zhou watched the person leave, and then he used his strength to help his own father and son up.

"ah!"

Old Master Zhou's leg was broken, but he screamed repeatedly just after being helped up.

"This...this Lin family is too...too cruel."

In the kitchen, Mrs. Zhou was lying limply against the wall, muttering to the air.

She used to think that Lin Caisang was easy to bully. No matter how hard she stepped on her head, Lin Caisang would not make a sound. Therefore, she treated Lin Caisang like Liu Yuyang and treated her viciously. With.

But now...

She realized that she was wrong. Not only was Liu Yuyang untouchable, but she was also Lin Caisang. At this moment, she had Liu Yuyang's protection and Ya Molian by her side. She couldn't do anything to Lin Caisang at all. .

Moreover, judging from the injuries suffered by her son and father-in-law today, Liu Yuyang and Ya Molian were actually ruthless characters.

They are all the kind of people who eat people without spitting out their bones!

How could she, a woman who had lost her power, afford such a person? Not to mention that she lost power, even if she didn't lose power, if Liu Yuyang and Ya Molian wanted to deal with her, it would just be a matter of hooking their fingers, right?

"No, no, I have to go, I can't stay here."

The Zhou family is doing well this week, but no matter how bad things are, it's just that they are not being kind to Lin Caisang.

Chapter 1236 Returning intact?

But she was different. She had lost count of the number of things she had done that were detrimental to Lin Caisang over the years.

If Liu Yuyang had found out about those things and found out that he had repeatedly attacked her daughter and almost caused Lin Caisang to be buried alive, then Liu Yuyang should have buried her alive!

Thinking about it, she swallowed again, turned her head, looked at her son who was still unconscious in the yard, and then looked at Old Master Zhou's open door.

"I have to go."

Without having to think about it any more, she packed up a few pieces of clothes before her husband came out of his father's room, took the package and ran away.

"Is this damn woman planning to stay in the kitchen and never come out?"

Master Zhou originally wanted to go out and call his wife to invite the doctor, but no one answered after calling several times. He couldn't help but cursed and went to the kitchen door to look in. ~"°●.~~.●°*"~

This was an incredible sight. There was no one there in the kitchen. He had disappeared long ago.

"Bitch!"

Mr. Zhou had no choice but to help his son to his own room first, and then go to the doctor.

As for that woman who is as timid as a mouse but can do anything daring, he has plenty of time to teach her a lesson!

Do you think it will be okay if you run back to your parents' house? As for her natal family, do you think she can still go in? I'm afraid she will be kicked out immediately, and when she comes back, she will suffer a lot!

...

"Ran?"

In Liu Yuyang's room at the Lin family, she sneered when she heard the news brought by her secret guard.

Before she even made a move, the woman ran away. She really admired that woman for such a coward who dared to touch her daughter.

"Follow her and see where she goes."

"Yes, Master."

The man in black responded and prepared to leave.

"etc."

Liu Yuyang spoke again and stopped the person.

"Master, do you have any other orders?"

The man in black turned around, looked at Liu Yuyang, and asked.

"Even if she leaves, we can't let her come back intact. Let's do it." Liu Yuyang said.

How could she keep that woman so safe after hurting her precious daughter so much? It was necessary to get hurt occasionally.

"But after all, there are two injured people in the family, so we shouldn't hurt her too much. As a daughter-in-law and a mother, she should take good care of the people in the family."

"Yes, Master."

The man in black answered the call again and went out to do errands.

"Mom, I asked people to clean up the house on Menghuang Mountain." After the man in black left, Lin Caisang walked in.

"Um?"

Liu Yuyang raised his head and looked at Lin Caisang in confusion.

"The people you brought can't live in the wilderness, right? It's still winter, so there can't be so many people living in the house, but the house on Menghuang Mountain can still be accommodated."

Lin Caisang explained.

Although they are secret guards, most of them are shady and will only show up when their master needs them to do something, but we are all human beings, so we can't not even provide them with a place to sleep, right?

Hearing her words, Liu Yuyang was just stunned for a moment, and the next moment, she nodded.

"Sang Sang is more thoughtful and lets them live in Menghuang Mountain."

"Um."

Lin Caisang nodded.

...

As Mr. Zhou expected, when Mrs. Zhou returned to her parents' home, there was no such thing as being kicked out, but no one let her in at all.

Chapter 1237 You deserve to be beaten to death!

The door of that house was closed tightly. No matter how Mrs. Zhou called, let alone no one came out to open the door, there was not even a squeak!

Mrs. Zhou thought that everyone in her family had gone to visit relatives, so she thought of asking the neighbors next door to see where they had gone so that she could find them. However, she got a very realistic answer.

Her family didn't go out at all, they were all staying at home, they just didn't want her to come in.

The neighbors looked at her with disdain on their faces and did not regard her as a human being at all.

Because everyone knew that she followed her husband to live in the countryside. Now she didn't have a single coin in her hand. She walked all the way and wanted to ask for a bowl of water from her neighbor's house, but she didn't know that her mother's neighbor But he thought she was too dirty and wouldn't even give her a bowl of water to drink!

She had no choice but to return the same way. Now the only place to stay was the Zhou family.

However, before she arrived at Yacun, someone came out of nowhere, covered her head with a sack, and then beat her and kicked her hard.

He beat her until she screamed and felt like all the bones in her body were falling apart, and then the man left.

When she endured the pain and took off the sack from her head, there was no one else around. She was the only one on the road.

"Liu Yuyang, I just hurt your daughter a few times, what's the big deal?!" She threw the sack to the ground viciously and said while grinding her teeth.

"Then it's not your fault. You lost your daughter in the first place. There's only one cruel mother like you in the world, right? Huh, now you're here to stand up for Lin Caisang, why did you go there earlier? ?

Lin Caisang, if you have a mother like you who can come and leave whenever she wants, it would be a bloody misfortune for eight lifetimes. A vicious-hearted woman like you should have no descendants and live alone in a nunnery for the rest of her life. Be a nun! "

She cursed and stood up despite the pain.

For her own sake, apart from scolding others, she couldn't do much else.

...

Zhou family.

When Feng Yurui and Lie Ming got the news and came back, they heard Mrs. Zhou wailing in the room. When she returned to her room, she saw her husband who had woken up but could not speak a word. Zhou Liang.

She sat on the edge of the bed and sneered at Zhou Liang's leg, which had been tied up with two wooden boards by the doctor.

"You have fallen into this situation, and you still don't know how to behave. Zhou Liang, you really... deserve to be beaten to death!"

As she said that, she reached out towards the two wooden boards, pinched the two wooden boards, and sandwiched them between them.

"Well--"

Zhou Liang's eyes widened instantly, as if his eyeballs were about to fall out, and cold sweat broke out on his forehead.

"Uh, ah, ah, uh!"

Unable to scream or cry for help, he could only shake his head desperately at Feng Yurui, asking her to stop torturing him.

"Hmph, you deserve it."

Feng Yurui sneered and withdrew his hand.

This kind of person who doesn't hit the wall and doesn't look back will only know who he can't afford to offend until someone is about to kill him.

Think about it, that little girl Lin Caisang doesn't even dare to mess with her, the daughter of the county governor. He wants to pluck the hair from the tiger's mouth, but he dares to dream of marrying Lin Caisang?

What a daydream!

"Just stay here and wait for your mother to serve you, huh."

Getting up, she left the room.

Chapter 1238: Get their face back

Soon, the two little girls followed Feng Yurui's instructions and came into the room to move all her things out and directly to another empty room.

"you....."

In the yard, Master Zhou, who had just sent the doctor away, was stunned when he looked at the boxes being moved out.

"What's the matter, are you still thinking of letting me guard your restless son? Or I'll get upset and maim him directly!" Feng Yurui glanced at Mr. Zhou with evil eyes and said.

Hearing this, Mr. Zhou took a deep breath, but said nothing.

What can he do?

This Feng Yurui had never consummated the marriage with his son, but... lived in the same courtyard together. How could he not know that Feng Yurui often spent the night in Lie Ming's room?

But what can he do? Could it be possible that he pointed at Feng Yurui's nose to make her calm down?

If that were the case, wouldn't he still be listed and beaten to death?

He still wants to live a stable life for a few days, so he doesn't want to be so self-aware like his father and son.

"Yu Rui, although you... you are still the wife of my Zhou family, don't be too presumptuous. You should always act like a daughter-in-law of the Zhou family outside." He lowered his voice and spoke to her in the softest tone. Feng Yurui advised.

"laugh.

Feng Yurui sneered.

"Daughter-in-law of the Zhou family? That's a good thing to say. Why didn't your father and son divorce me today to make room for the Lin family girl?"

"Well."

Mr. Zhou choked at her words.

He naturally knew that if Feng Yurui knew these things, it must be someone sent by Liu Yuyang or Ya Molian to do it. Otherwise, how could Feng Yurui come back in such timely manner?

"You don't even know what kind of character you are, how dare you miss the Lin family girl?"

Seeing that he was speechless, Feng Yurui glanced at the room where boxes were being moved out one by one.

"However, this girl from the Lin family really has to thank you, the Zhou family. If you hadn't canceled the marriage with her family, who knows what kind of suffering she would have had to endure in the future!"

"you--"

At this moment, Mr. Zhou really wanted to scold Feng Yurui.

However, Feng Yurui glared at him and raised a brow at him.

"What's wrong, did I say something wrong?"

"Well."

Mr. Zhou choked.

"How can you, the selfish people of the Zhou family, be worthy of the Lin family girl? Do you think you are some kind of immortal from the world?" Feng Yurui continued.

"Now you finally know how powerful the Lin family is. Let's see if you dare to get in front of others in the future. Next time, not to mention the Lin family, even I will beat you until you cry for father and mother!"

She originally wanted to have a better relationship with Lin Caisang, but the people in Zhou's family were really disrespectful!

However, Li Ming had also told her before that Lin Caisang obviously did not want to have anything to do with them. If this was the case, she would not go. From now on, the two families could just pretend that they did not know each other.

"Yu Rui, you are the daughter-in-law of the Zhou family after all. Could it be that your husband and grandfather were beaten, and you...you didn't...could it be that you have a face when you come out?"

Mr. Zhou asked her bitterly.

He really hoped that Feng Yurui could restore their face, although he didn't want to offend Liu Yuyang and Ya Molian at all, let alone Lin Caisang!

Chapter 1239 I still want to ask you

But if he could get Feng Yurui to start a fight with the Lin family and drive Feng Yurui out of the Zhou family, then he would be happy to see such a result.

But now...

"My face is earned by myself, not given by those outside. If you dare to say something you shouldn't say in front of me again, I will let you lie down on the bed like the old and the young!"

Feng Yurui sneered and returned to the room she had prepared.

Mr. Zhou really dared to instigate her to deal with Lin Caisang. It seemed that the people in the Zhou family still didn't know how to write the word "death". She should teach these people better.

"you....."

Mr. Zhou opened his mouth and watched Feng Yurui leave, extremely angry.

What evil had the Zhou family committed? How could they marry such a woman? Not only did he cuckold his son, but he also threatened him verbally.

However, he didn't dare to say anything because this woman was as untouchable as Lin Caisang. In the Zhou family, Feng Yurui was simply scarier than that little girl Lin Caisang.

At least Lin Caisang was out of sight, so if he wanted to hide, it was not impossible.

But Feng Yurui can always see it. As long as she is unhappy, they will definitely suffer!

He gritted his teeth and could only wait for the days to pass by day by day. He didn't know how long such days would last. Not to mention his wife, even he wanted to leave this home and escape.

...

Lin.

A family that lives a fulfilling life every day will soon be separated.

As soon as Liu Yuyang came back, she learned that her daughter was going to leave with Ya Molian. Naturally, she was reluctant to leave, especially since she still didn't know who Ya Molian was.

Finally one day.

Seeing his daughter go to Menghuang Mountain, Liu Yuyang called Ya Molian over and prepared for the two of them to sit down and have a good chat.

"Mo Lian, as Sangsang's mother, I still want to ask you something." She spoke to Ya Mo Lian.

In fact, she was also aware of her embarrassing situation. After all, she had not been with her two children for these years. As a mother, Sang Sang and Chang Hong might as well kiss Ya Mo Lian.

She knew this herself.

But as a mother, she had to understand some things clearly. Otherwise, how could she safely let Sang Sang leave with Ya Molian?

"Aunt Yuyang, you ask."

Ya Molian sat down and said to Liu Yuyang.

"I heard that you have found your family. I wonder...where is your father-in-law's hall now?" Liu Yuyang asked.

"Weiguo, Shaohua City."

Ya Molian didn't hide anything and said directly.

"Shaohua City?"

Liu Yuyang frowned, as if he had not expected that Ya Molian would be someone who defended the country.

Especially Shaohua City, which is the capital of Weiguo. You can catch a relative of the emperor just by grabbing someone on the street.

How could Yamolian be from there?

"That....."

"Aunt Yuyang, you'd better listen to me first."

Just when Liu Yuyang was about to ask something else, Ya Molian interrupted her.

"My surname is Sui, and my name is Zi Mo. I am the prince of the Wei Kingdom. I was just named King Mo by Jin last year. As for my family... I am the only one who can make the decision in King Mo's palace, but in the palace?

My relationship with my father is not very good, and with my mother and concubine... Aunt Yuyang, Sonny comes with me this time. Although Sonny will come into contact with those two people, I promise that Sonny will not encounter anyone. dangerous. "

Chapter 1240 More important than my life!

Hearing Ya Molian's words, even though he was as calm as Liu Yuyang, he couldn't help but be secretly surprised.

When she heard him say her name, she gasped. Not to mention, as the eldest princess of the Liang Kingdom, she knew early on what kind of embarrassment King Mo of the Wei Kingdom was in the Wei Kingdom. identity.

That's a person with the destiny of Tiansha Lone Star.

Of course, she didn't care about the fate of Tiansha Lone Star. What she cared about more was the identity of Ya Molian.

"Does Sangsang... know your identity?" she asked.

"My affairs have never been hidden from her." Ya Molian said bluntly.

Hearing this, Liu Yuyang sighed lightly.

From the moment she first came into contact with her precious daughter, she knew that she was no ordinary girl. Knowing the identity of King Ya Mo Lian Mo, she was able to hide it from the family at all.

Fortunately, the second elder in the family is very knowledgeable and knows what to ask and what not to ask.

"She knows, but she still wants to go to Shaohua City with you?" she asked.

"yes."

Ya Mo Lian naturally does not deny this.

"Aunt Yuyang, let me be honest with you. In fact, it would be safer for Sonny to stay here and stay with me. Although this Ya Village looks peaceful on the surface, in fact...

Naturally, my family knows that I am here. There is no guarantee that the matter between me and Sonny will not reach the ears of those people at home. Therefore, I don't worry about leaving Sonny here alone.

he said.

Especially that little girl who is always restless and wants to go out alone to take on tasks. How can he rest assured?

Since you can't worry about it, it's better to just take the person with you.

"What's more, now that you're here, it's even more unsafe for Sonny to stay here. Aunt Yuyang, I'm not saying that I don't want you to stay here. No one can know about your coming this time.

But no one knows how well-informed the people in Qianhuan Continent are, and there is no guarantee when the news of your coming here will be leaked.

I think the main reason why you knew Son'er and his brother and sister were here all these years, but didn't come to recognize each other, and were separated from Uncle Baizhong and his wife, is probably because you have been to Qianhuan Continent before. Bar? "

"this....."

After hearing his words, Liu Yuyang was also speechless for a moment.

Yes, she has been to the Thousand Fantasy Continent, and is even the only person who has escaped from the Thousand Fantasy Continent. This is the biggest hidden danger.

If those people in Qianhuan Continent knew that she still had children left in the world, then her children would probably have no peace in their lives. This is why she would rather be alone in the eldest princess's mansion these years. The reason for returning to Yacun.

"Then can you promise me that you can protect Sangsang?" she asked.

"Sang'er is more important to me than my life!" Ya Molian's voice came loudly into Liu Yuyang's ears.

Hearing this, Liu Yuyang took a deep breath and nodded.

"In this case, I have nothing to worry about, but..."

She raised her head and looked at Ya Molian.

"After all, you are the prince of the Wei Kingdom, and Sang Sang is a commoner. I'm afraid it will be..." She was afraid that the disparity in their identities would bring unnecessary trouble to Sang Sang.

But these are easy to solve. Her identity as the eldest princess of the Liang Kingdom is not just for people to listen to. Her daughter is naturally the most noble princess of the Liang Kingdom!
