

Star of Space 125

Chapter 125 Someone who calls her Xiao Sangzi

In Lin Changfeng's room, Lin Caisang looked at his cousin who looked a little red and blinked.

"Um, Sangsang, I'm going to Wenbi Xuan tomorrow to deliver the transcript. Do you want to go with me?" Lin Changfeng looked a little embarrassed, changed the subject, and asked her.

The paper and ink in his hand could not be saved anymore, and Sangsang had borrowed a lot of them these days, and they were gone. The remaining ones were all belonging to Wenbi Xuan, and he could not use them casually.

"Brother Changfeng, are you going to the county?" Lin Caisang's eyes lit up.

She had forgotten how frugal her cousin was. Wherever she could do without paper, she would write on the table with a pen dipped in water, or write on the ground with a branch. She had also used it a lot these days. I have a blank piece of paper, I should buy some and bring it back.

"Yes, are you going?" Lin Changfeng asked.

"Okay, of course I want to go." Lin Caisang nodded immediately.

"Anyway, we have a bullock cart. Then tomorrow we will sell the medicinal materials in the town, and then go to the county to buy more paper and ink. Brother Changfeng, I can make money now, so you should stop copying books. If you really want to If you want to make money, how about waiting until you pass the exam?"

she suggested.

It was really hard on the eyes to copy books in the room with an oil lamp. She didn't want Lin Changfeng to continue to work like this.

"How could this happen?" Lin Changfeng shook his head when he heard this.

It's already embarrassing enough for him to do nothing else at home except three meals a day. If he lets Sangsang earn money for him to spend, is he still a human being?

"No, no.

"Why can't it be done?"

Lin Caisang stared at him.

"Brother Changfeng, it's almost autumn. These few months are the most critical time. If you don't make complete preparations and you fall short in the exam, you will have to wait another three years.

Brother Changfeng, you don't want to waste three years of your life just because of this little money, right? "

"this....."

After hearing her words, Lin Changfeng felt a little hesitant.

"Stop talking about this and that. Listen to me. If you feel you have wronged me, the worst thing you can do is make money to compensate me in the future. How about that?" Lin Caisang saw that he was a little shaken and added another word. Turn on the fire.

"Go and return these books to the boss of Wenbi Xuan tomorrow. I believe he will also forgive you."

"Okay." Lin Changfeng finally couldn't hold on and nodded.

...

Qianlin County is a wonderful place.

Although Ye County has an uneven climate and frequent droughts, Qianlin County is a place where people come and go every day and is very prosperous.

Because Qianlin County was the last place to rest from the Liang Kingdom on the way to the Wei Kingdom, both small businesses and large shops were very prosperous, and the inns and restaurants were overcrowded every day.

Therefore, even the academies in Qianlin County are comparable to those in Yejun City, and there are many bookstores.

The bookstore that Lin Changfeng frequents most is called Wenbixuan. The boss here is not of noble birth like the bosses of other bookstores. He was born as a commoner, and he is naturally very friendly and treats scholars like Lin Changfeng. , and even more so if you can help.

"Sangsang, this is it, let's go in."

Lin Changfeng raised his head, glanced at the plaque on the door, then turned to Lin Caisang and said.

"Changfeng, Xiao Sangzi, why did you enter the county?"

Just when the two were about to enter Wenbi Pavilion, they heard a familiar voice. Lin Caisang paused and looked at the man who appeared next to him, his head covered with black lines.

There is probably only one person in Qianlin County who would call her Xiao Sangzi.
