

Star of Space 1321

Chapter 1321 What a world of difference

At this moment, he really felt that he could not make sense with this woman. She was now filled with Yin Baiqing and felt that without Yin Baiqing, her master would not let her go.

But she never thought that Sui Zimo might be more ruthless and terrifying than her master!

"Forget it, why should I tell you this? It's better..."

Just when he felt that it was nothing to continue talking like this and would only increase his troubles, he saw the steward running in in a hurry.

"Your Majesty, Your Majesty, something serious has happened."

"What's the matter?"

Prince Yi frowned and asked.

Everything can really happen in Prince Yi's Mansion now, and I don't know what will happen again.

"King Mo, King Mo came to the door with many people." The steward swallowed nervously and said.

"What?!"

Hearing this, Prince Yi was shocked.

"Tsk, tsk, he really dares to come." Princess Yi also let out a light tsk.

But it was obvious that there was a calculation flashing in Princess Yi's eyes. She wanted to see what Sui Zimo could do to her when she asked Sui Zimo for a son in front of so many people on the street. manage!

"My lord, please go and greet me quickly."

The steward raised his hand, wiped the cold sweat from his forehead, and said to Prince Yi.

"Prince Mo brought so many people. I originally wanted to welcome them in directly, but Prince Mo had to say that it was inconvenient for him to bring those people directly into our prince. He had to wait outside the gate. There is nothing you can do about Prince Mo!"

The key is that the guards in black are tied up!

And outside the gate of Prince Yi's Mansion is the main street, with so many people coming and going. In just a short time, there is no telling what it will be like!

"Mo at this age is really capable!"

When Prince Yi heard what the steward said, he almost bit his silver teeth into pieces.

He knew that things were not that simple. If Sui Zimo caught him doing something wrong, he would be held on to him. He really underestimated Sui Zimo, a little beast who grew up outside!

"Let's go and take a look with this king."

...

After a while, Prince Yi hurried to the gate.

At this time, many people had gathered at the gate of Prince Yi's Mansion, and everyone was pointing at the black-clothed guards behind Sui Zimo.

"I heard that these are people from Prince Yi's Mansion. They are actually wearing night clothes. Are they going to do something dirty?"

"It goes without saying that the people were sent back by Prince Mo himself. This matter must have something to do with Prince Mo's Mansion. Maybe these people were sent to Prince Mo's Mansion as assassins by Prince Yi."

"Ah, does Prince Yi want to assassinate King Mo? Oh my god, isn't this too bold?"

Everyone was surprised by this guess.

Although Prince Yi and Prince Mo are both princes, their powers are quite different!

Prince Yi has always been suppressed by the emperor and has never been powerful, and King Mo... although he is also disliked by the emperor, just because he was able to gain a foothold in Shaohua City in such a short period of time, I feel like I'm not an ordinary person.

These two people are simply worlds apart.

"I don't know if Prince Yi is very courageous or not. I just heard that when King Mo was abandoned by the emperor, it was Prince Yi who was sent to him." The people looked at him with strange eyes, who had just left the palace. He glanced at Prince Yi who came out of the gate.

Chapter 1322 Thinking of doing harm to me

"Now that Prince Mo has gained power in Shaohua City, is it possible that Prince Yi is afraid that Prince Mo will take revenge on him, so he strikes first and waits for an opportunity to kill Prince Mo?"

"So there is such a thing. This is too... Prince Yi doesn't seem to be a vicious person on weekdays. How could he do such a thing behind his back? This is really a person who cannot be judged by his appearance, and the sea cannot be measured. ah!"

After hearing these words, Prince Yi's face suddenly darkened, especially when he looked at Sui Zimo standing straight outside the palace gate, he wanted to spit out a mouthful of old blood.

"Zimo, you came here today, but what's the matter? Why is there such a big fight?" With a stiff face, he forced himself to show a smile, looked at Sui Zimo, and asked.

"Uncle King Yi, I am here today to give Uncle Yi a gift. Sui Zimo didn't have time to fight with him, so he said directly.

His little girl is still waiting to play with him, so she can't waste any more time here.

"Giving it away?"

Prince Yi's face became even more ugly.

I really want to seal Sui Zimo's mouth so that he can't speak.

It's a pity that in front of so many people, how could he dare to do this? What's more, it is not yet known whether he is Sui Zimo's opponent.

"Yes, Uncle Yi Wang, you sent so many subordinates to my palace last night. I waited until this morning and didn't see you calling them back. Therefore, I can only come here in person. Give it away."

Sui Zimo said slowly.

With a faint glance to the side, the person under his hand immediately realized what he was doing and pushed the black-clothed guards forward.

"Your Majesty, my subordinates..."

In fact, one person was pushed directly in front of Prince Yi, and he looked at his master with a red face.

"Shut up."

Prince Yi immediately shouted to stop him.

With so many people present, if they say something they shouldn't say, the emperor will really find their fault and have them punished by Prince Yi's Mansion.

He didn't want to take this risk!

"Zimo, this man seems to be a subordinate in my palace, how come you sent him back, but what happened?" He asked Sui Zimo with a forced smile.

God knows how much he wants to kill Sui Zimo right now, but it's a pity that he can't!

"So, Uncle Yi Wang doesn't know anything?"

Sui Zimo's playful eyes stared at Prince Yi, and the mockery in his eyes couldn't be more obvious.

"That may be something the guards in Uncle Yi's palace did in private. They actually wanted to harm me. Fortunately, the guards in my palace captured him and nothing happened."

Prince Yi: "..."

Why do you want to do something bad to you? He clearly just sent someone to find Yin Baiqing, okay? !

What's going on now? Do you want to pour dirty water on him?

But, even if Sui Zimo really wanted to pour all the dirty water on him, he couldn't say no!

"Zimo, is there any misunderstanding in this? Look, you brought Miss Lin here to treat my princess. Even if the people in my palace are wrong again, they will not Are you going to cause trouble in your Prince Mo's Mansion?"

he asked.

"Yeah?"

Sui Zimo sneered and raised his eyes to look at the guards.

"Perhaps the guards in Uncle Wang's mansion like to repay kindness with hatred. I don't know."

"you--"

After hearing this, Prince Yi became so angry that he almost choked himself to death!

Chapter 1323 Where is your face?

He took a deep breath and looked at Sui Zimo.

"Zimo, in my opinion, there must be some misunderstanding. Perhaps these people were instigated by someone. After I interrogate them one by one, I will talk to you again, okay?"

At this time, one cannot be angry with Sui Zimo, otherwise, he will surely fall into a situation of eternal disaster!

"Not really."

Suizi Mocali didn't give him a chance to shirk.

"Uncle Wang, I heard what the guards in your palace said personally. It was Princess Yi who sent them to assassinate me. Everyone around me can testify. I wonder if Uncle Wang has anything to say about this. explain?"

"this....."

"Sui Zi Mo, you are talking nonsense. I never said that Princess Yi sent us to assassinate you. I just said that Princess Yi sent us to Prince Mo's Mansion!"

Just when Prince Yi wanted to speak, he saw a bound guard who spoke faster than him, leaving him no chance to stop him.

Prince Yi: "..."

Could he just kill this idiot? !

"Princess Yi sent you here at night, not to assassinate this king? Who would believe this?" Sui Zimo sneered and asked.

"Why don't you believe it?"

Seeing that Sui Zimo didn't believe it, the black-clothed guard roared even louder.

"Your Majesty sent us to Prince Mo just to find the Fifth Young Master. How could he assassinate you? Who do you think you are? How could my prince assassinate you?"

Prince Yi: "!!!"

This idiot, how could he send such a guard out to do something?

I am so blind!

A crowd of people listening to the show: "!!!"

Prince Yi was still saying that he didn't know anything just now. Now the guard has betrayed his master.

What a particularly good slap-in-the-face scene!

Sui Zimo lowered his head, with a barely visible smile on his lips.

"Okay, that's great."

The next moment, he raised his head and looked at Prince Yi again.

"Uncle Wang, so you really sent these people to my palace, huh?"

"this....."

Prince Yi's face was full of embarrassment at the moment and he really didn't know what to say.

"Zimo, I was directly worried about Wu'er, so I did this stupid thing. I hope you..."

"Sui Zimo, do you dare to say that my fifth son is not in your mansion? You are hiding the children of our Prince Yi's Mansion, and yet you can come to the gate of our Prince Yi's Mansion so arrogantly to talk about something? It's so embarrassing on your face Woolen cloth?"

Prince Yi's words were directly interrupted by a sharp voice.

Everyone looked in the direction of the sound and saw a woman rushing out of the gate of Prince Yi's Mansion and rushing straight towards Sui Zimo.

The guards around Sui Zimo, as if they had expected this, stopped the woman directly.

"Sui Zimo, give me back my Wu'er, give me back!"

Princess Yi was like a madman, waving her hands towards Sui Zimo, her eyes as wide as bells, as if she was about to eat Sui Zimo.

"What Wu'er? Aunt Wang Yi, what does your child have to do with this king?" Sui Zimo looked at Princess Yi coldly and asked her.

"Why, it doesn't matter. It's clearly you. It's you who kidnapped my fifth son! Sui Zimo, you wolf-hearted thing. You even kidnapped such a young child. Sooner or later, you're going to die!" "

Princess Yi cursed loudly at Sui Zimo, as if she was a crazy woman.

"Fifth Young Master? Is the fifth Young Master what Princess Yi said?"

Chapter 1324 It's obviously you

"Didn't this fifth young master just be sent back to the palace by the imperial master? I saw it with my own eyes. Why is he related to Prince Mo again?" One of the women couldn't help but murmured.

And although her voice was not loud, the people around her could hear her clearly.

Immediately, many people spoke up to avenge Sui Zimo's injustice.

"Princess Yi, what we saw that day was true. The Fifth Young Master was sent back with gongs and drums by the Imperial Master. Even if he is lost again, it has nothing to do with Prince Mo's Mansion. You have wronged someone and have no conscience. Will it hurt?"

"That's right, Princess Yi. I heard that you were ill before, and it was Prince Mo who brought the female doctors from his palace to treat you. You can't repay kindness with enmity.

"Prince Mo saved someone, why is it his fault? These days, you can't save people casually. If you are not careful, you will get entangled and go straight to death."

Many people began to talk about what was wrong with Prince Yi's house, and Prince Yi's face turned red and green.

Yes, it stands to reason that if their child is lost in Prince Yi's palace, it has nothing to do with Sui Zimo no matter what.

But how could these people know that Suyang, the national preceptor, had already bowed his head to Sui Zimo, King Mo? How could he know that the 'Yin Baiqing' that Su Yang sent back with beating gongs and drums was completely fake!

They didn't know any of this, they only knew that their eyes were watching 'Yin Baiqing' being sent back to Prince Yi's Mansion.

But at this time, 'Yin Baiqing' was lost, so naturally it had nothing to do with Sui Zimo. Moreover, they couldn't openly say that the national master Suyang had already united with Sui Zimo?

"Zimo, if my fifth son is really in your hands, please send him back. I will definitely be grateful." He could only follow Princess Yi's wishes and said to Sui Zimo. .

"The affairs of adults are adults' affairs and have nothing to do with children. Wu'er is still young and can't live without his mother and concubine. Please... but it's too difficult for Wu'er. Return him to Wu'er. How are you, my king?"

"Ah."

Sui Zimo looked at Prince Yi and sneered.

"Uncle King Yi, you have lost a child in your house. Are you crazy? You actually asked me to ask for someone? As we all know, I have only returned to Shaohua City for a few years. In a few months, your house has lost a child." What does this person have to do with this king?

Furthermore, you should know very well how and who lost your child, right? How dare you ask this king for someone? "

"This king..."

Prince Yi wanted to say, why is he so embarrassed to say this?

Just like Sui Zimo said, everyone knows very well where Yin Baiqing is. Who among them doesn't feel like Ming Jing'er?

"Sui Zimo, it's obviously you who took Wu'er away from the imperial master's house, and you're still here making excuses?! Hand over my child, otherwise, I'll turn into a ghost and won't be able to do anything." I'll let you go!"

Princess Yi yelled sadly at Sui Zimo.

The glaring look was really scary. When the people saw this, they took a few steps back.

"Is this Princess Yi crazy? And Prince Yi, what's going on? Even though the Imperial Master sent all the five young masters back to Prince Yi's Mansion, she actually said they were taken away by Prince Mo?"

"Even if Prince Mo is destined to be the lone star of the Heavenly Evil Star, we can't just throw dirty water on Prince Mo if something happens in Shaohua City?"

Chapter 1325 I will make you feel worse than death!

"This matter obviously has nothing to do with Prince Mo, right? These people from Prince Yi's Mansion... Who will dare to deal with them in the future? It's too scary, it's simply terrifying!"

"Aunt Yi Wang, I don't know whether you are a ghost or not, but I am not even afraid of people, so why would I be afraid of a mere ghost?" Sui Zimo's voice also turned cold.

Don't they have the slightest idea who this Yin Baiqing is?

Or maybe Yin Baiqing is just the fifth young master in Prince Yi's mansion, and he still keeps Yin Baiqing in his mansion, and didn't he send him to Prince Yi's mansion long ago?

It's a pity that there is really no good person in Prince Yi's palace, and there is not a word of truth that can be heard.

He stepped forward and slowly came to Princess Yi, getting closer to her little by little.

"Auntie Wang Yi, do you really think that everyone doesn't know who the fifth young master in your house is? Huh?"

"you....."

When Princess Yi heard what he said, her heart thumped, and she secretly screamed something bad.

Could it be that Yin Baiqing still remembered what happened two years ago and actually told Sui Zimo all these things?

That's not good. Sui Zimo wouldn't have guessed that Yin Baiqing was related to him, right?

No, the master must be informed of this matter as soon as possible, otherwise, she can foresee what will be waiting for her.

"Sui Zimo, you bitch, I won't let you go!"

She glared at Sui Zimo with dark eyes and kept her voice very, very low.

"Just wait, wait and see how you will end up in such a miserable situation. When the time comes, I will definitely make you feel worse than death!"

When the master comes to Weiguo, it will be Sui Zimo's death, and she will be the first to see Sui Zimo's tragic end!

"Ah."

Sui Zimo chuckled again.

"Then Aunt Yi Wang should have to wait, right? Maybe when I get all the words out of the mouth of the 'Fifth Young Master', we can figure out who will end up with a tragic end first, how about that?"

He looked at Princess Yi with meaning and asked her.

"you--"

Princess Yi had a bad breath stuck in her throat, and a chill sprang up from the soles of her feet and rushed straight to her forehead.

If Sui Zimo knew everything about Yin Baiqing, the master would definitely not let her go, absolutely not!

She can't let this happen!

"Sui Zimo, give my concubine's five children back to me, give them back to me!" Thinking about this, she yelled at Sui Zimo again, thinking in her heart, no matter what the cost, she must do it. Get Yin Baiqing back!

"Aunt Wang Yi, why are you still so unconscious? I have been explaining to you that Wu'er is really not here with me." Sui Zimo said lightly, glanced sideways at Prince Yi, and then turned around, and was ready to leave.

"Uncle King Yi, there are a lot of things going on in your house. Look at Aunt Yi Wang, her previous illness was cured, but now she seems to be suffering from madness again. It seems that Wu'er is indeed missing.

But don't be anxious, just search slowly and I won't interfere.

After all, when I didn't intervene, Aunt Yi Wang said that Wu'er was kidnapped by me. If he came to help search for her again, I'm afraid she would get into trouble, don't you think?

Also, these guards will be returned to you. Aunt Yi is mad because she misses her son, so I don't care about it anymore. "

"you....."

Prince Yi watched helplessly as Sui Zimo turned and left after finishing speaking.

Chapter 1326 Kill Prince Mo's Mansion

The guard who was holding Princess Yi to prevent her from coming forward saw that his prince had left, so he pushed Princess Yi away and followed him.

"Sui Zimo, come back to me, return Wu'er to me, return Wu'er to me, Sui Zimo..."

When Princess Yi saw Sui Zimo about to leave, she wanted to go after him, but Master Yi Wu grabbed her arm and pulled her back.

"Come back to me!"

What's the use of chasing after him like this? In front of so many people, and he can't reveal too many secret things, he can only suffer the loss of being dumb!

"Your Majesty..."

How could Concubine Yi Wu be so willing?

Before, everyone was just guessing about Yin Baiqing's stay in Prince Mo's Mansion.

But now, she undoubtedly got the affirmative answer from Sui Zimo. Even if Sui Zimo took Yin Baiqing away, what's wrong with her to get her back?

"Go back first!"

Prince Yi lowered his voice, said something to Princess Yi, and then took her back to the house.

...

"My lord, why are you holding me back? Wu'er is in Sui Zimo's hands. He has just admitted it!"

Back in the backyard, Princess Yi couldn't sit still at all, and kept spinning in circles, while talking to Prince Yi beside her.

"so what?"

The Fifth Master Yi asked Princess Yi.

"It doesn't matter whether he admits it or not. The five children around him are in his hands. However, he refuses to hand them over. What can we do?"

Sui Zimo refused to hand him over, which was what troubled him the most now.

Fortunately, due to such a fuss from the princess, Sui Zi Mo no longer argued with him about the crimes of the guards who broke into Prince Mo's mansion last night, and he could finally let out a sigh of relief.

"Why is there no other way? Just gather the people in our mansion and go to Prince Mo's mansion to find the person." Princess Yi said.

Prince Yi: "..."

When he heard this, he was astonished as if he had heard a story about a night in the sky.

"Are you really crazy? Do you think this matter is not big enough?"

She actually told him to go directly to Prince Mo's Mansion. What kind of place did she think Prince Mo's Mansion was? Is it possible for them to enter if they want to?

Not to mention that he has been suppressed by the Emperor and the Queen Mother all these years and has accomplished absolutely nothing. With only the power of Suizi Mo and his Jiulian Palace, can the mere guards of Prince Yi's Mansion be able to kill him?

"Your Majesty!"

How can Princess Yi care about so much now?

She heard that Sui Zimo was very likely to know Yin Baiqing's true identity. If Sui Zimo was allowed to dig out more things from Yin Baiqing's body, then she would really be close to death!

"Sui Zimo already knows Wu'er's identity. If this continues, Sui Zimo will know everything before the master sends someone over!"

"How did you know about this?" Prince Yi obviously didn't believe her.

Recently, because of Yin Baiqing's affairs, he, the princess, often coaxed him to do some irrational things.

Just like last night when he sent someone to Prince Mo's Mansion, he actually regretted it as soon as he was sent out, but regretting it at that time was of no use.

"It was just now that Sui Zi Mo admitted it himself!" Princess Yi said.

"Sui Zimo already knows Wu'er's identity. If it happens again..."

"Princess, don't be anxious. Sui Zimo must have deceived you deliberately to make you anxious." Prince Yi did not take it seriously and comforted Princess Yi.

Chapter 1327 Something big will happen

"How can this be?"

Naturally, Princess Yi would not believe Prince Yi's argument.

To put it bluntly, even if Sui Zimo was trying to deceive her, what if what Sui Zimo said was true?

Even if it was even remotely possible, she couldn't afford to take the risk.

"Your Majesty, you don't understand how terrifying the master is. If he knows that Sui Zimo knows Wu'er's identity, we will be doomed. It will really be doomed!"

The master will definitely kill them, he will.

"If Sui Zimo gets his true identity from Wu'er again, then we...how about we run away and stop staying here?"

As she spoke, she changed her mind and felt that it was really unsafe to stay here any longer. She had to find a safe place to live, a safe place that even her master couldn't find!

Prince Yi: "..."

He is now sure that his princess was driven crazy by Sui Zimo, right?

Perhaps, what she just said about Sui Zimo knowing Yin Baiqing's identity was her own imagination. She was just afraid that her master would punish her.

"Princess, you are really too nervous. Please relax. Sui Zimo won't know anything. Do you understand?"

"What do you understand? Your lord, Sui Zi Mo has admitted it himself! He already knows Wu'er's identity. It's true, it's true!" Princess Yi yelled at Prince Yi.

"What are you yelling at?!"

Prince Yi was also anxious and yelled at her.

Yin Baiqing's identity is known to very few people even in Prince Yi's palace. Is she afraid that others won't hear?

"As you are now, before Sui Zimo can get something from Wu'er's mouth, he can get Wu'er's true identity from you! Princess, please figure it out for me, what exactly are you doing!"

With that said, he flicked his sleeves and prepared to leave.

However, how could Princess Yi let Prince Yi leave so easily? She quickly reached out and grabbed Prince Yi's arm.

"Your Majesty, I was anxious just now. However, Sui Zimo must have gotten something from Wu'er's mouth. Otherwise, he would not have been able to tell me about Wu'er with such certainty. Your Majesty, you have to believe me. , Suizi Mo him..."

"alright!"

Prince Yi threw her hand away and stared at her coldly.

"It's useless no matter how much you say now. It's absolutely impossible for Sui Zimo to hand over the person to us, and the emperor has no way to make Sui Zimo hand over the person to us. We can only wait for the master to send someone over! "

"Is there really no other way?" Princess Yi gritted her teeth and asked.

"Let's go to Sui Zimo to plead for mercy. Can't we plead for mercy? Ask him to return Wu'er to us?"

"Princess, why don't you understand?" Prince Yi sighed heavily.

At this time, how could Sui Zimo hand the person back to them, unless he was stupid to do this?

"I told you early in the morning not to reveal your relationship with Sui Zimo, otherwise, big trouble will happen, but you refused to listen. In order to get Wu'er back from the Imperial Preceptor's Mansion, you had to... .."

As he spoke, he sighed again and shook his head.

"Now Sui Zimo has a lot of doubts in his heart, and he can connect them all together. If he gets it from Wu'er's mouth again... No, he doesn't need to get anything from Wu'er's mouth at this moment. He can only rely on guesses. Then we can connect him with Wu'er, do you understand?"

Chapter 1328 Yes, let's do it like this

"What...what should I do?"

Princess Yi really wanted to die at this moment.

She originally wanted to use Sui Zimo to get Wu'er back from the Imperial Prefect's Mansion, but Sui Zimo was too shrewd and managed to get Wu'er out but did not send him back to Prince Yi's Mansion.

"Either...or we..."

"Don't even think about escaping!"

Prince Yi cut her off sharply.

"Have you forgotten the poison in your body? If there is no antidote, how many years can you live? You can't live for even one year. Where can you and I escape to?"

In fact, he was also the one who was tricked by Princess Yi. If Princess Yi hadn't gotten her master's order and poisoned him, how could he, who was defending the king, call the others one by one?

"I....."

Princess Yi opened her mouth, but couldn't say a word.

Yes, where could she escape to? The master is such a cruel person, how could he let her escape?

"Then what should we do? Prince, please think of a way quickly."

"What can I do?" Prince Yi asked her.

He really has no choice now. Yin Baiqing is in Sui Zimo's hands, and getting it back is as difficult as climbing to the sky.

"What you have to do now is to calm down and think about how to put all the blame for this matter on the Emperor, otherwise, our death will really not be far away.

he said.

"Push... push it onto the emperor?"

Princess Yi repeated his words, and the next second, her eyes lit up.

That's right, why didn't she think of it? This matter was originally the emperor's fault. If he hadn't wanted to get Yin Baiqing into his hands and make her take advantage of it, the situation would not have reached this stage.

"Let me think about it, let me think about it carefully."

Perhaps, she could blame all the rumors about herself on the emperor, saying that the emperor sent people to leak them!

Anyway, the people sent from the master would not be able to conduct such complete investigations. They would definitely come to her first to ask about the situation. How could they believe it based on what she said?

"Yes, let's do it this way and put it all on the Emperor's head!"

Listening to Princess Yi's words, Prince Yi rolled his eyes secretly in his heart. There was really nothing he could do against this woman.

"That's it, that's all."

He had better discuss the matter carefully with the princess.

It was always a matter between the two of them. If something went wrong, it would be the two of them who would die, not Princess Yi alone.

"Come here, let's discuss it, we must think this matter over carefully."

"well."

Princess Yi nodded in agreement.

"Then... are we still looking for Wu'er?" she asked softly.

"Of course I'm looking for it, how can I not look for it?" Prince Yi said immediately.

If they don't even find anyone, how will they explain it when the master sends someone? Saying that the emperor caused this matter, then let the emperor go find Yin Baiqing alone?

Why don't the people sent by the master kill them directly because of this matter?

He didn't want to take this risk.

"People must be found. These days, people in Shaohua City, Imperial Master Suyang, and Prince Mo's Mansion have to send people to keep a close eye on them. We must not allow people from Prince Mo's Mansion to have the opportunity to attack the five Send him away!"

He explained to Princess Yi.

Chapter 1329 I guess, it should be possible, right?

"Wu'er, will he still be in Prince Mo's Mansion?"

Concerning this point, Princess Yi expressed her doubts. Is Sui Mo really that stupid, and would he leave Yin Baiqing in Prince Mo's palace, waiting to be discovered by them?

Could it be that from the beginning, after Yin Baiqing was taken out of the Imperial Master's Mansion, she was sent directly out of the city by Sui Zimo?

That's why they couldn't find Yin Baiqing. Even the emperor didn't know where he had gone. He could only enter the palace several times and ask for Yin Baiqing!

"Wu'er staying in Prince Mo's Mansion is the safest for Sui Zi Mo. Prince Yi's Mansion said with great certainty.

However, Sui Zimo would definitely not let them discover the whereabouts of Yin Baiqing easily. He must be hiding it in an extremely tight place.

And in Prince Mo's Mansion, it's not like they can put their own people in if they want to. Therefore, they have no way of knowing whether Yin Baiqing is in Prince Mo's Mansion or not.

This is what they are most troubled about now.

"Then let's wait for the people sent by the master." Princess Yi said.

She just wanted to see what would happen to Sui Zi Mo after the people sent by her master found Yin Baiqing from Prince Mo's palace!

...

Outside Shaohua City, Lin Caisang came out of Prince Mo's Mansion and has been waiting at the city gate.

"Exiled Jue, do you think we will attract too much attention like this?" In the carriage, Lin Caisang, covered with white gauze, asked Exiled Jue sitting outside.

Banishment: "..."

Mistress, didn't you say it yourself, or did you want to attract the attention of those with evil intentions?

Why have they been sitting here waiting for so long? The person who should attract attention has almost been attracted, and now they come to ask him if he is too eye-catching?

Isn't this asking in vain?

"How about I send you to Leyang Lake first?" he asked.

"That's no need, I'm going to wait here." Lin Caisang said immediately.

It was still a long way from here to Leyang Lake. What was the point of being alone in the carriage? Of course she was waiting for Sui Zimo to come with her so that the two of them could talk and laugh.

"I don't know what's going on with your prince. That Princess Yi looks like a shrew at first glance." She couldn't help but murmured.

Princess Yi looks soft and weak at first glance, but if you take a closer look, you can see her soft yet playful eyes. Therefore, there will definitely be a scene outside Prince Yi's palace.

"Mother, there is nothing that the prince can't handle." Ban Jue believed in his prince very much.

"All right."

Lin Caisang pursed his lips and agreed with what he said.

"Actually, I also believe in Brother Mo Lian, but... I don't know what it will be like if there are so many people on the street, Princess Yi sacrifices her own face, but in the end she still can't find out the whereabouts of the fifth young master. expression.

Do you really want to devour Brother Melian? I guess, it should be possible, right? "

Banished: "!!!"

Mistress, you and the prince are the same, and you are the one who eats people without spitting out their bones.

Princess Yi is probably going crazy after being tortured by you and the prince. His mistress is still here gloating about her misfortune.

Sure enough, this person would make people angry when compared with others. Compared to the two people in Prince Yi's Mansion, his mistress' methods were really too high.

"Mother..."

"Exiled Jue, are you afraid that others won't know my identity?"

Before he could say anything else, Lin Caisang reminded him calmly.

Chapter 1330 The special mission has started

She talks about being a mistress because she's afraid that others won't know who she is, right?

Come to think of it, when Sui Zimo was in Liang State, the fact that he had arranged a marriage for himself must have been spread back to Wei State, right?

Maybe because of this incident, how many people were laughing at her Brother Mo Lian behind her back? If they knew that Brother Mo Lian was taking her with him, they might want to attack her.

"Well."

Ban Jue was choked by Lin Caisang's words and didn't know what to say.

Mistress can't scream, and Miss Lin can't scream, so what should he be called? I don't even know how to say it.

"That....."

"Let's call her Miss Lin, it's convenient." Lin Caisang said calmly again.

Ban Jue: "???"

If you call me Miss Lin again, won't everyone know the identity of the mistress?

Didn't he just tell the emperor that the female doctor was poisoned and was sent back to her hometown, and now Miss Lin appears again? !

Although the emperor and the empress dowager would definitely not believe his prince's explanation, at least that's what he said, so naturally things have to be done this way, right?

Is it possible...

"Miss Lin, are you deliberately angry with the Emperor and the others?"

He finally figured it out. These two masters did it on purpose. They just wouldn't let it go unless they made the emperor and the queen mother angry to death.

"If they want to be angry, then let them be angry. Do they want to be angry, and I still want to persuade them?" Lin Caisang sneered and said.

Who made these two guys have their idea for her? If she doesn't punish them, they won't know how powerful she is.

"you say....."

Just as she thought about it before speaking, she felt her palms heat up, and the Golden Pearl Order appeared directly on her hands.

"What's happening here?"

She stared blankly at the Golden Pearl Order in her hand, puzzled.

When did the Golden Pearl Order automatically appear in her hand without her permission?
Fortunately, there were no outsiders, otherwise, it wouldn't have been discovered directly?

Is it possible that she will have to make herself a long-sleeved dress in the future to cover the sudden appearance of the Golden Pearl Order?

"Exiled Jue, you stay here while I go do something."

"Yes, Miss Lin."

When Ban Jue responded, it felt like there was no one in the carriage.

...

In the golden bead space.

As soon as Lin Caisang came in, he saw a few lines of large characters displayed on the jade mirror.

‘Dear Contractor: The latest special mission has been opened. If you successfully complete this mission, you will have enough points to upgrade the gold bead space. Please choose to accept it or not.’

Lin Caisang stared at the sky speechlessly as he read the words on the jade mirror.

Whether she had enough points to upgrade the gold bead space was secondary. However, she wanted to ask, please choose whether to take it or not. Why did she add such a sentence? !

I saw the last sentence written on the jade mirror: This mission must be accepted!

So, since it is necessary to answer the question, why do you still ask her if she will answer it or not? Isn't this asking in vain?

"Brother Yujing, do you dare to ask me if I have the right not to accept the call?" she asked Yujing angrily.

'No.'

Two words were displayed on the jade mirror.

Lin Caisang: "!!!"

Since she had to accept it, what right did she have to say no? Wasn't it Jin Zhuling's final decision?

"Will the Golden Pearl Order appear directly in my hand whenever there is a special mission in the future, and then this mission must be accepted?" She asked Yu Jing.
