

Star of Space 1331

Chapter 1331 Instinct reaction stopped me

'yes.

A word appeared again on the jade mirror.

But soon, after the word disappeared, it was replaced by a few lines of words.

'Dear Contractor, as long as there are special tasks and special tasks, Yu Jing still recommends that you, the owner, must accept them. After all, these tasks have a lot of points, and there is a chance of triggering hidden tasks.'

When Lin Caisang mentioned the hidden mission, the corners of Lin Caisang's mouth twitched unconsciously.

But she remembered that Lin Chushui had to memorize several books in ten days because of triggering the hidden mission.

Fortunately, that kid was also very ambitious. Even though he didn't know many words, he was able to memorize a few books and didn't put her in danger.

However, this hidden mission that is only available through triggering has to be said that it is indeed a good opportunity to learn. Compared with those that can be seen directly in the golden bead space, those books are really rare and good books.

"Okay, take it." She could only nod.

...

After a long, long time, in the carriage...

Lin Caisang and Sui Zimo looked at each other with helpless expressions.

"What's wrong, looking at me like this?"

Sui Zimo didn't know what happened to Lin Caisang, so he asked in confusion.

"I heard from Ban Jue that you 'went out' for a while, but what happened?" he asked.

Hearing this, Lin Caisang opened his mouth. After a while, no words came out, and then he opened his mouth again.

"What happened?"

Seeing her like this, Sui Zimo frowned and asked.

"I took on a mission that I had to take on..." Lin Caisang said.

"Is it difficult to complete?" Sui Zimo asked.

The tasks that must be accepted are the ones that cannot be done without taking them.

If he was just treating an ordinary person, Sonny wouldn't have this expression. It can be seen that this task is really difficult to complete.

"I'll go with you and take Jiang Zuo with me," he suggested.

These days, he has gotten to know Sonner somewhat. The little girl still doesn't know much about the medical skills here. She has her own way of treating patients.

If you bring Jiang Zuo with you, you have some chance of winning.

But Lin Caisang shook his head.

"This...is not a matter of bringing Jiang Zuo, but..."

Halfway through his words, Lin Caisang let out a heavy breath, his face full of helplessness.

"At the beginning, I originally wanted to cure my grandpa's leg injury first, but every time I wanted to treat it, I felt that I was unable to do it. I was confused and asked Yu Jing for help.

As a result, Yu Jing told me that my grandfather's leg injury could not be cured at that time. It was Jin Zhuling's instinctive reaction that stopped me. "

"Then what?"

Sui Zimo looked at her steadily.

Of course, he already knew the general idea without her having to say anything further.

The task that Sonny said he had to take on was to treat the leg injury of Lin Laogan who was far away in Ya Village, right?

This is indeed a difficult problem!

"Didn't I receive this mission just now? I was sent directly to my yard. I was stunned. Fortunately, I reacted in time and returned to the Jinzhu Space, so I was not discovered by Grandma and the others."

Just now, she said that after receiving the mission, she was teleported directly to Yacun, her yard.

At that time, she was completely confused and almost thought she was dreaming.

Seeing footsteps coming from the kitchen, if she hadn't reacted quickly and dodged into the space again, she would have been discovered by Grandma and the others. Until now, she felt that her hands and feet were still soft.

That was scary!

Chapter 1332 Tell them the truth directly?

"I go with you.

Sui Zimo said decisively.

At this time, Grandpa, Grandma, and the others should be the only ones in the family. The eldest princess, Lin Changfeng, and the others should have rushed to Jian'an City, right?

At this time, when they returned to Yacun, no one would think that their appearance was out of time.

"Just think that we are going back to visit grandpa and grandma."

"Brother Mo Lian, that's not what happened." Lin Caisang shook his head.

"In Grandpa's heart, I am his ordinary granddaughter. If I suddenly treat his leg injury, he will definitely be suspicious. I'm afraid... I'm thinking, otherwise I'll still take it with me Just pretend you don't know them when you leave the mask, just treat your leg injury and then come back?"

she suggested.

"no."

Sui Zimo shook his head and rejected her proposal.

"Sang'er, your grandpa and grandma are very familiar with you now. Even if you are wearing a mask, will they not be able to recognize their granddaughter?"

He raised his doubts and asked her back.

Hearing this, Lin Caisang took a deep breath and didn't know what to say.

This was exactly what she was worried about. She was her grandfather's grandson, but she couldn't use her medical skills to treat her grandfather's leg injury!

Isn't this the most torturous part of pretending to be a stranger and having to worry about being discovered? It is indeed a special mission, not one that is easy to accept or complete.

She raised her hand and wiped her face. She felt that treating people was not as tiring as it was now. Why was it so difficult to think of a way to have the best of both worlds?

"Brother Mo Lian, what do you think I should do?" she asked Sui Zimo.

"Paper can't cover up the fire. They are your grandpa and grandma. Even if you don't know it now, you will always know it in the future. It's better not to hide it from them."

Sui Zimo said.

"You mean, I tell them the truth directly?" Lin Caisang asked, frowning.

But how to tell the truth? To put it bluntly, she is not their granddaughter, but...

She couldn't say this, but if she didn't say it, how could she explain her medical skills? You can't say it fell from the sky, right?

"What is the truth depends on how you say it." Sui Zimo looked at her and said.

"You have always been very sensitive to medicinal materials. You used to earn money by collecting medicines from the mountains at home. You also bought a lot of medical books before. Why not tell them directly that you have learned medical skills and think you can treat Grandpa The leg is cured, and that's it.

The simpler you say it, the more they will believe it. As for those things that should not be said, there is no need to say them. "

"This...is OK."

Lin Caisang couldn't think of any other way and nodded.

Maybe this is the only way, she just needs to give it a try. Anyway, her grandpa and grandma will believe what she says.

"Then you go with me."

"It's natural."

Sui Zimo raised his hand and patted her head.

"Do you want to go now? Go back home and change some clothes?"

"No need now, I still have to prepare some things. The treatment of the leg is not more than other things. I need to prepare more things." Lin Caisang said.

Moreover, her grandpa's leg injury was not just a leg injury, but an injury below the waist. He had to look at the waist injury first. After that, he could decide how to treat it and what medicine to use.

"Okay, let's go back home first?" Sui Zimo asked him.

"Need not."

Lin Caisang shook his head.

"Let's go to Leyang Lake. The peach blossoms are blooming just right. Let's go to enjoy the peach blossoms with you first."

Chapter 1333 How presumptuous!

Although she really didn't have the heart to enjoy the peach blossoms right now, this was something her brother Mo Lian brought up. How could she give up halfway and just say she didn't want to go?

"I will first list the things that need to be prepared and let Ban Jue prepare them. Just in time, you said there is a village by Leyang Lake. We will live there. It will also be convenient for us to go back to Yacun to treat Grandpa's leg. hurt.

she suggested.

If he were in Prince Mo's Mansion, the dignified Prince Mo would often be absent from the Mansion and disappear at will, which would definitely arouse suspicion.

They simply weren't in Prince Mo's Mansion and no one else could see him, so they went to Ya Village to treat Grandpa's injuries.

"good."

Sui Zimo responded.

"It's just, Brother Melian, will those people come and cause us trouble?" Lin Caisang asked.

Before, they specially let people see them going to Leyang Lake to enjoy the peach blossoms. Those people would definitely go to Leyang Lake to see what happened, right?

Now that they have other things to do, will that also arouse suspicion?

"No, if I don't let them come, they won't come." Sui Zimo said with a smile.

"Um."

Lin Caisang nodded his head lightly.

...

In the palace of Prince Jin.

Sui Zijin soon got the news that after Sui Zimo left from Prince Yi's Mansion, he went directly to the city gate, got into a carriage, and headed straight for Leyang Lake.

"Leyang Lake?"

He frowned and looked at the person who came to report with some confusion.

"Your Majesty, there is a large peach forest by Leyang Lake. It is the time when the peach blossoms are in full bloom. My subordinates saw that there was another person in Prince Mo's carriage. It seemed to be a girl."

Seeing that his master was half-informed, the guard said something else.

"A girl?"

Now, Sui Zijin became interested.

"But that female doctor?" he asked immediately.

"It doesn't look like it."

The guard shook his head and replied.

"But I'm not sure if that's the case. The girl is just covered in white gauze and not wearing a mask. And she doesn't look like the female doctor. She doesn't have any sharpness about her."

"Then that's not the case?"

Sui Zijin said, but there was still doubt in his voice.

Early in the morning, I heard that the female doctor in Prince Mo's Mansion had been poisoned by the poison he had concocted, and was sent back to her hometown overnight by Suizi Mo's Jiang Zuo.

But who would believe this rumor? No one would believe it.

"Even if it's not the case, I would also like to take a look at what kind of fairy-like appearance the woman who is attracted by Sui Zimo and go to enjoy the flowers with can look like. Let's go and prepare the car to go to Leyang Lake."

He ordered the guards.

"Yes, Your Majesty."

The guard responded and went to prepare the carriage.

...

On the other side, in the palace.

The emperor also got the news that Sui Zimo took a girl to Leyang Lake to enjoy the peach blossoms.

"Mo at this age is really quite impudent!"

His father was so sick that he couldn't get up. As his son, Sui Zimo still had the heart to take the girl to Leyang Lake to enjoy the flowers? !

Does he really think he can't punish him?

"Xiao Guizi, follow her immediately. You must find out which girl is traveling with Sui Zimo."

He guessed that this girl might be Miss Lin who was poisoned by him!

"Yes, Your Majesty, I will take care of it right now." Eunuch Gui responded and retreated.

...

Prince Yi's Mansion.

"Appreciating flowers? He actually still has the heart to enjoy flowers?"

Princess Yi almost went crazy when she heard that Sui Zimo took people to enjoy the flowers.

Chapter 1334 If you kill him, it will be over once and for all

Here she tried every means to get Yin Baiqing back and how to deal with Sui Zimo, but Sui Zimo was still in the mood to take the girl to enjoy the flowers?

Did he purposely make them angry?

"Your Majesty, Mo is really too arrogant at this age. Are we just going to let him step on our heads?" She looked at Prince Yi and asked.

What's happening now is that they know that Yin Baiqing is in Sui Zimo's hands, but they can't do anything to him.

On the contrary, Sui Zimo could, after making them so angry, throw away his hands and accompany the girl he liked to enjoy flowers, and even go to a place with so many people in Leyang Lake. He was clearly deliberately going against them!

"Then what can you do?" Prince Yi asked her.

Sui Zimo did this on purpose. First, he went to question him outside his house and made him feel bad, so that he would be in a good mood himself!

But even so, so what? What can he do with Sui Zimo now?

Now that Yin Baiqing is in the hands of Sui Zimo, they can't do anything just because they are afraid of others. Is it possible that they really don't care about Yin Baiqing's safety?

"If we deal with Sui Zimo now, what should we do if he is detrimental to Wu'er?" he asked.

"My lord, are you confused?"

When Princess Yi heard what he said, she strongly disagreed.

"Although Wu'er is in his hands, how could he do harm to Wu'er? What else can he find out from our mouths through Wu'er?

Or as you said before, Sui Zimo has already guessed that he is related to Wu'er. No matter how stupid he is, he can't attack someone who is related to him.

Sui Zimo would never do this! "

She was very sure about this. How could Sui Zimo do anything to Yin Baiqing?

Taking a step back, she still hopes that Sui Zimo can do something to Yin Baiqing. If this is the case, then the master's anger will be burned directly on Sui Zimo, and she will also...

However, Sui Zimo would not attack Yin Baiqing and would only hide him.

"Your Highness, why don't we go rescue Wu'er while Suizi Mo is not in Prince Mo's mansion at this time? What do you think?" she asked.

Hearing this, Prince Yi just raised his eyes and glanced at her.

It's easy to say it, but it's another thing to actually do it. If Prince Mo's Mansion was really that easy to break into, his people wouldn't have been captured as soon as they arrived at Prince Mo's Mansion. Caught.

"With Suizi Mo leaving, the guards at Prince Mo's Mansion must be even tighter now. We don't have the slightest chance. You'd better stop thinking about this matter."

He said to Princess Yi.

"This won't work, that won't work either. What should we do? Otherwise, we can send people to kill Sui Zimo. That's okay, right?" Princess Yi asked bitterly.

At this moment, she was really knocked out of her mind by Sui Zimo. She just wanted to kill Sui Zimo and it would be over.

Without the support of their master, King Mo, they can rescue Yin Baiqing. This method is always feasible, right?

Moreover, now that Sui Zimo is out of the city with only one guard and a helpless little girl, it is still very simple to deal with him. She thinks this method is still feasible!

"Are you crazy?"

Prince Yi looked at Princess Yi as if she were an idiot.

Chapter 1335 Is he also an ordinary person?

"Princess, do you really not know that Sui Zimo is someone who even the emperor would not dare to attack easily?"

If Sui Zimo wasn't still useful to his master, how could the emperor have allowed Sui Zimo to be so arrogant in Shaohua City without even thinking of it? I'm afraid they've already taken action against Sui Zimo, right?

Isn't it easy for the majestic ruler of Weiguó and the emperor of Weiguó to deal with a prince?

But the emperor did not do this, which only shows that the master specifically told the emperor that the emperor did not dare to be cruel to Sui Zimo!

"I'm afraid that if Sui Zimo dies, we will have no use value from the master. You should know better than me how the master will deal with people who have no use value, right?"

"I....."

Princess Yi opened her mouth, but her face was ashen and she couldn't say a word.

Yes, the prince is right, Sui Zimo cannot die, and even if he dies, he must not die in her hands, otherwise, the master will definitely not let her go.

"What should we do?"

She really had no choice at all.

Do we really want to put all the faults on the emperor?

But that's the emperor. Could it be that they want to put the blame on that person and that person will just follow suit? Doing this is also difficult.

"Let me think about it first. You should go back to your room first. Prince Yi raised his hand to touch his forehead and waved to Princess Yi.

"Then, I'll take my leave now."

Princess Yi had no choice but to leave first.

However, as soon as she stepped outside, an idea flashed in her mind, and a brilliant idea suddenly came to her mind.

"If I can't deal with Sui Zimo, can I still not be able to deal with a little girl?"

She sneered and waved to her maid beside her.

"princess."

The maid came over, leaned over and put her ear to the side of the road.

"Go, let me find out who that woman is?" Princess Yi ordered.

"woman?"

The maid didn't understand what her princess said at all.

Why are you suddenly checking up on a woman? Apart from the maids, the princess is the only woman in the palace, right? Who else should I check?

Is it possible that the prince actually hid a woman by his side behind the princess's back?

"Fool!"

Princess Yi looked at the suspicious expression on the maid's face and couldn't help scolding her.

"Let's check out the woman next to Prince Mo. I want to find out where she came from. It's really strange that Prince Mo can accompany her to enjoy flowers!"

If she remembered correctly, Sui Zimo had made a marriage arrangement when he was in Liang State.

This happened not long ago. Why did Sui Zimo fall in love with another woman after such a short period of time? Do all men have the same moral character and like the new but dislike the old?

She naturally knew that although she was the only woman in Prince Yi's palace, Prince Yi had other women and other children outside!

It's just that she married Prince Yi only to complete the tasks assigned by her master. As long as Prince Yi listened to her in the house, she wouldn't care about what Prince Yi did outside.

Could it be that Sui Zimo is an ordinary person?

But no matter how much we like the new and dislike the old, there has to be a process, right? Not long after we got engaged, there was a new one?

Chapter 1336 The man with so much money that his hands are burning

Unless that woman is a vixen descended to earth, who would have such a talent to be able to bewilder Sui Zimo? You must know that the emperor is still ill. Who dares to go out to enjoy flowers now?

The families of the ministers didn't dare, not to mention that Sui Zimo was a serious prince no matter what!

"Yes, slave, I'll do it now."

When the maid heard what Princess Yi said, she immediately responded and retreated.

"Someone is coming."

Seeing her leaving, Princess Yi called another guard over.

"Princess, what are your orders?" The guard knelt down to Princess Yi.

"Go, find some people with good kung fu in the palace, wait by Leyang Lake, and capture the woman next to Prince Mo as soon as she has a chance to be alone!"

Princess Yi ordered to him.

"What?"

When the guard heard her order, he almost thought he heard it wrong.

"Princess, do you want to arrest... the people around Prince Mo?"

This can't work, Prince Mo's kung fu is not ordinary, how can they be his opponents?

Even if the girl is captured when she is alone, if Prince Mo comes to ask for her, won't their Prince Yi Mansion be at odds with Prince Mo?

"Princess, does the prince know about this?"

"Of course the prince knows, why, are you doubting me?" Princess Yi glared at him sharply and asked.
(audience)

"My subordinates dare not."

The man immediately lowered his head and did not dare to say anything.

...

Leyang Lakeside.

The peach blossoms are already in full bloom, and there are many people coming to visit the lake to enjoy the flowers.

However, Sui Zimo and Lin Caisang were both strangers to those who admired the flowers. They only looked at Sui Zimo's handsome face and stayed for a while.

"The peach blossoms on the bank of Leyang Lake are really blooming well. I'm afraid there are hundreds of acres of land for this peach blossom, right?" Lin Caisang looked at the peach blossoms and asked the people next to him.

"Three hundred acres of land."

Sui Zimo replied to her.

"Three hundred acres?"

Lin Caisang raised a rare eyebrow.

There are really too many peach groves in three hundred acres of land. Just the peaches produced every year, you can't eat them all, right?

"It's a pity. It would be nice if we could plant other fruit trees." She said.

"Go back to the village first."

Sui Zimo gave instructions to Ban Jue outside the carriage.

"yes."

The banishment was answered, and the carriage continued on its way to the villa.

However, when the carriage stopped, Lin Caisang got off the carriage and saw that he was surrounded by peach blossoms.

"This is...Brother Mo Lian, these three hundred acres of peach blossom forest, isn't it yours?" she asked.

In fact, I already have the answer in my heart. This peach grove must belong to Sui Zimo's Prince Mo's Mansion. Otherwise, how could the other village be in the peach grove?

"When I bought this villa, Taolin was among them, and it wasn't worth much." Sui Zimo replied lightly.

Lin Caisang: "..."

How much is it not worth? How could such a large peach grove and such a large villa not be worth a few dollars?

Of course, for those who have too much money to burn their hands, buying such a villa may not be worth the money.

"As long as you like it. In a few days, let people cut down some of this peach forest and plant other fruit trees." Just when she was thinking about Yinzi, she heard Sui Zimo whispering to her. whispered in his ear.

Lin Caisang: "!!!"

Chapter 1337 There is more than one person coming

Even if you have too much money to burn your hands, this is not how you spend it, right?

"It's better to say goodbye. It's a pity to cut down such a good peach forest. These peach trees are quite big. They must be ten to decades old, right? It would be a pity to cut them down.

she said quickly.

"It's nothing to regret. Just look for some older fruit trees." Sui Zimo continued to say in his calm voice.

Lin Caisang: "..."

This isn't over yet, is it?

She really just had nothing to do and just muttered something casually. She didn't expect that an entire peach forest would be cut to pieces just because of her few words!

"Actually, I quite like peach trees.

After thinking about it, she said something to Sui Zimo again.

"If you really want to plant other fruit trees, then when my Golden Pearl Space is upgraded and you can plant peach trees, you can plant all the extra peach trees in it so that they won't be wasted."

"In that case, let's keep it for now."

Sui Zimo nodded in agreement and took her into the villa.

Lin Caisang breathed a sigh of relief, finally saving such a large peach forest for the time being.

She secretly thought that she would never stop talking in the future. Her brother Mo Lian could really do anything!

...

It's night, and the full moon is in the sky.

At this moment, Sui Zimo was in the kitchen, while Lin Caisang was sitting in the yard admiring the full moon, with no one around him.

Suddenly, there was a very thin sound in my ears, as if a branch had been stepped on.

Lin Caisang pulled back his wandering thoughts and turned to look in the direction where the sound came from.

However, before she had time to see who was there, she felt a sharp palm wind hitting her neck. She was startled, and immediately had a wind spirit whip in her hand, and hit the figure. past.

'Snapped!'

The whip fell to the ground and stirred up dust on the ground, which also woke up the guards who were guarding outside.

"who?"

After Lin Caisang fell with the whip, he looked at the black figure again.

At first glance, he saw that there was more than one person coming, and there were other accomplices. There were actually five men in black, surrounding him.

The guards didn't come so fast. When the man in black saw that they had been discovered, he wanted to capture Lin Caisang immediately. He could grab Lin Caisang and leave without giving the guards a chance to react.

Therefore, they looked at each other and rushed towards Lin Caisang at the same time.

It is easy to dodge one person or two people's attacks, but with five people attacking at the same time, Lin Caisang does not have the ability to dodge. She can dodge one, but cannot dodge five. She can only use the wind spirit in her hand to dodge. The whip sacrifice started.

The hand holding the Wind Spirit Whip waved hard and he spun around in a circle.

There was a 'pop' sound.

The sound of the whip came again, and the Wind Spirit Whip was like a tornado, sweeping away the five men in black at the same time.

"ah!"

Several screams rang out, and the five people were swept away by the violent aura of the Wind Spirit Whip at the same time. They fell to the ground and screamed in pain.

"what happened?"

Although the kitchen was a bit far away, when he heard the sound of the Wind Spirit Whip twice in succession, Sui Zimo immediately put down what he was doing and came over.

When he saw those men in black, his face turned dark.

"Your Majesty, my subordinates are late, I hope you..." The guards also hurried over at this moment, and were shocked when they saw the men in black everywhere.

Chapter 1338 It won't work without some medicine

"Drag them all down!" Sui Zimo gritted his teeth and ordered the guards.

"Yes, Your Majesty."

All five men in black were dragged down, and only Lin Caisang and Sui Zimo were left in the yard.

"It seems that I was wrong!"

Sui Zimo came to Lin Caisang's side and saw that she was fine. He breathed a sigh of relief, but also looked solemn.

Before, he wanted to be alone with Sonny, so he dismissed the guards and asked them to guard outside the courtyard. But after banishing Jue, he got the order and went to prepare the medicinal materials and things Sonny needed.

"No one is wrong, it's those people who are too cruel!" Lin Caisang said.

She also didn't expect that as soon as the people around her Sui Zimo showed up, those people wanted to arrest her and use her as a hostage to threaten Sui Zimo.

"It seems that those people are really not economical. I should work harder."

She only has the Wind Spirit Whip now, but she hasn't learned how to control it yet. She just swung the whip twice. If she didn't have some strength in her hand, she might even be injured.

Therefore, if she wants to stay with Brother Mo Lian, she has to work hard to become stronger.

"Who do you think sent these people?" she asked.

"Except Prince Yi's Mansion, no one dares to attack me so blatantly." Sui Zimo said.

The Queen Mother's side, the Emperor's side, even Concubine Lian and Sui Zijin's side would not act hastily without getting the exact information and knowing whether Son'er's relationship with him was close.

Therefore, it must be Princess Yi who was driven almost crazy.

"That being the case, if we push her a little harder, we might be able to get something we want to know from her mouth." Lin Caisang said.

"Um."

Sui Zimo responded.

However, if he pushes harder, Sonner's side will be even more dangerous.

"Exile will get everything ready tomorrow and we will go back to Yacun. You can stay at home these days."

He thought for a moment and said.

"good."

Lin Caisang naturally relied on him.

The Leyang Lake has not been quiet since they arrived. There are no people who want her to die, but there are a lot of people who want to take advantage of Sui Zimo.

"I'll make some medicine for you tonight. Princess Yi will definitely not tell the truth so easily. It won't work without some medicine."

she said.

Hearing this, Sui Zimo just raised his hand and caressed her face.

"Come to the kitchen with me."

"good."

Lin Caisang responded, and the two went to the kitchen.

...

On Leyang Lake.

It is already dark, but there are still many cruise ships on Leyang Lake. The word "brightly lit" is the most appropriate way to describe it.

On a cruise ship, the guards came to Sui Zijin's side.

"Your Majesty, my subordinates have already inquired about it. Prince Mo and the girl are staying in the villa. It seems they are going to stay here for a few days and enjoy the peach blossoms."

"laugh."

Sui Zijin couldn't help but sneer when he heard this.

"He is living a very comfortable life. Do you still want to enjoy the peach blossoms for a few days? He is not afraid that he will become an eye-catching peach blossom."

The emperor is currently ill, and even when he comes out he has to do so secretly, fearing that he will be discovered and be punished with a crime of disrespect by the emperor, but Sui Zimo can bring the girl he likes to enjoy the flowers in an upright manner.

"Your Majesty, should we go to another village to have a look?" the guard asked softly.

Hearing this, Sui Zijin just raised his eyes and glanced at him.

Chapter 1339: Position in Sui Zimo's Heart

"Go and have a look? You go to Sui Zimo's villa and try it out to see if the person comes out standing or lying down?"

Did he think it was so easy to get into Sui Zimo's villa? Sui Zimo could take root in Shaohua City so quickly. How could he be such a simple person?

Although he wanted to kill Sui Zimo, he had to coax his mother and concubine to help him. If that didn't work, he himself would not dare to attack Sui Zimo rashly, because he was afraid that it would cause fire and burn himself.

"My subordinate made a mistake." The guard immediately lowered his head and said.

"Go, go back to the palace and make arrangements. I will stay on Leyang Lake for a few more days." Sui Zijin ordered the guards.

He also wanted to see what kind of woman Sui Zimo could accompany him to enjoy the flowers, or was this another new way for Sui Zimo to annoy the emperor?

"Yes, Your Majesty, I will go back now. The guard responded and left.

...

The second day.

After waiting all night, she did not see the people she sent out again. Princess Yi was almost going crazy in her yard.

She knew even more deeply that her plan to capture the woman next to Sui Zimo had completely failed.

"This Sui Zimo is actually so difficult to deal with. What kind of person does the master want to raise?" She couldn't figure it out. Seeing Sui Zimo getting stronger and stronger, how could the master be so weak? Don't you have any sense of crisis?

Could it be that watching Sui Zimo become stronger step by step is what the master wants to do?

"Didn't Master receive my message?"

In other words, the master simply didn't know what kind of situation Sui Zimo was here. He thought Sui Zimo was still the one who could do whatever he wanted, right?

"Princess, I heard that you sent someone out again last night?"

Just when Princess Yi was looking anxious, she suddenly heard Prince Yi's voice.

She was so startled that she looked up and saw that Prince Yi was already striding towards her. She could only force herself to show an ugly smile.

"I just sent someone to inquire about the girl's situation, nothing more," she said.

"Are you really just here to inquire?" Prince Yi frowned.

After being with his woman for so many years, how could he not know what kind of character she is?

"Do you want to attack Sui Zimo again? Those people were sent out by you to kill Sui Zimo, right?"

Hearing his questioning voice, Princess Yi's face turned green.

And this green happened to be seen by Prince Yi, which naturally confirmed what he was thinking in his heart. He felt that he, the princess, had really sent someone to kill Sui Zimo.

"You, you, do you really think that Sui Zimo is so easy to kill? If things were really as simple as you think, Sui Zimo would have died a hundred times, and it's your turn to send someone to kill him?"

"My lord, I don't have a body." Princess Yi heard what he said and hurriedly complained.

"No?"

Prince Yi looked at her suspiciously.

"Even if not, what were those guards sent by you to do? Why didn't they come back all night?"

"I....."

Princess Yi opened her mouth.

She couldn't say that if she waited a little longer, the people she sent out would come back.

Because she knew better in her heart that most of those people would never come back and were silenced by Sui Zimo.

"Your Majesty, I just want to exchange Wu'er for the girl next to Sui Zimo. Think about it, Sui Zimo can take that girl to enjoy flowers in spite of the danger. It can be seen that That girl's status in Sui Zimo's heart."

Chapter 1340 Take advantage of it quickly

She looked at Prince Yi very seriously and spoke word by word.

"If we can keep that girl in our hands, can Sui Zimo not obediently follow our request and send Wu'er back? Sui Zimo will definitely do anything for that girl. of.

When the time comes, when the people sent by the master see that we have recovered Wu'er safely, they will naturally not punish us anymore. "

Prince Yi: "..."

He felt that he, the princess, was really crazy.

"Princess, I think you should calm down. These thoughts in your mind now are really... wrong!"

"How could it be possible? Don't you think that the prince..."

"I don't think so!"

Before Princess Yi could say anything more earth-shattering, Prince Yi sternly stopped her.

"Princess, are you stupid? If Sui Zimo really cares about that girl as much as you think, how could he take her to enjoy the flowers at Leyang Lake at such a critical moment?"

At this time, there are so many eyes in Shaohua City staring at Sui Zimo's Prince Mo's Mansion. Could it be that Sui Zimo himself doesn't know?

But it happened that at this time, Sui Zi Mo took a girl to the bank of Leyang Lake to enjoy the flowers, and it was made known to everyone. The entire Prince Mo Mansion came out to make a fuss.

With such an obvious thing, who wouldn't figure out that there's a fraud involved?

"You know that there is a pit ahead, which Sui Zimo dug out for us to jump into, but you still have to jump down? Are you in such a hurry to die? Huh?"

"I....."

Princess Yi opened her mouth, and her mind suddenly became clear.

Could it be that Sui Zimo deliberately let everyone know that he took people to the Leyang Lake to enjoy the flowers? In fact, he just wanted them to take action, so that he could take advantage of it in the end?

"Your Majesty, it makes no sense at all for Sui Zimo to do what he does. What's the use of throwing a woman out?"

She still couldn't figure out why Sui Zimo did this to attract their attention?

"Why."

Prince Yi sighed heavily.

"Princess, Princess, thank you...forget it, I don't want to say anything to you. In short, you should stay in the palace well these days and stop inquiring about things outside. Remember, don't mess with Sui Zi again. Ink."

"Why?"

Princess Yi asked in confusion.

"What should we do about Wu'er? Do we really not care about it?"

"Wu'er's matter can only be taken step by step. It will be of no use if you mess with Sui Zimo. On the contrary, Sui Zimo is just trying to get you to mess with him. He is just waiting to get what he wants from you. Know everything!"

Prince Yi said.

Although, Sui Zimo couldn't expect anything, because they didn't know anything at all, and Princess Yi's master never told them anything at all.

They don't even know who that master is!

"What should we do? We really have nothing to do?" Princess Yi asked.

"It's not that I don't do it, but..."

"How about, Your Majesty, let's go to the place where Sui Zimo lived before and investigate? It's time to activate those hidden stakes."

Prince Yi's unfinished words were all swallowed up by Princess Yi's suggestion.

"you....."

He opened his mouth, but it was still not as fast as Princess Yi's.

"Anyway, Sui Zimo has come back. If we keep those hidden stakes, they will be of no use. It's better to make use of them while they are still of some use," she said.
