

Star of Space 1341

Chapter 1341 Sangsang, it's really you!

"princess!"

Prince Yi was really angry at her words.

Who said those hidden stakes are useless? Sui Zimo's power in the Liang Kingdom was much greater than that in the Wei Kingdom. He was still waiting to take all those forces into his hands after Sui Zimo was killed by his master.

At that time, it will be time for those people to use it.

"Didn't you say that Sui Zimo is there and has a newly engaged fiancée? Prince, do you think that if we capture her, will Sui Zimo give Wu'er in exchange for her?"

Princess Yi said again.

Hearing this, Prince Yi took a deep breath and raised his hand to wipe his face.

He really had nothing to do with this woman. For the sake of Yin Baiqing, this woman had reached the point of being irrational and would do anything.

But unfortunately, none of the things he did were right!

"Okay, let me handle this matter. I will send a letter to our people in Liang Kingdom and let them act accordingly." He said to Princess Yi.

He knew that if he didn't say so, Princess Yi would definitely secretly send a letter to the people of Liang State behind his back. If someone accidentally gets targeted by Sui Zimo's people, then all the money he has spent these years will be All the hard work was in vain.

"Okay, Your Majesty, I'm waiting for your good news." Seeing his agreement, Princess Yi immediately burst into laughter.

As long as they can activate those people in Liang State, they will definitely be able to find Sui Zimo's weakness. Then, they will be able to directly strangle Sui Zimo's neck, making everything easier.

...

Yacun.

When Lin Caisang and Sui Zimo opened the courtyard door and entered the home, Lin Baiyi, who was doing carpentry in the yard, was simply shocked when he saw the two of them.

There was a 'dang' sound.

The hammer fell directly to the ground, almost hitting the instep.

"Third uncle, be careful and don't hurt yourself."

Lin Caisang reminded him quickly, walked over, picked up the hammer and put it aside to avoid hurting anyone else.

"Sang Sang, Sang Sang, it's really you!"

It wasn't until Lin Caisang walked in front of him that Lin Baiyi woke up and realized that he was not dreaming.

"Father, mother, come out quickly, Sangsang is back! Sangsang is back!"

Lin Caisang: "..."

Looking at her third uncle's excited look, why did she feel that he had not been away for more than a month, but for more than ten years?

"Third son, what are you crazy about? Sangsang has only been away for a long time. How can you come back? You... Sangsang, is it really you who is back?" Lin Laogan walked out of his room pushing a wheelchair.

He originally wanted to say a few words about his son, but before he could say a few words, he saw his granddaughter standing in the yard. He was shocked.

"Grandpa, I'm back."

Lin Caisang hurried over and helped Grandpa push the wheelchair into the yard.

...

Not long after, in the main room.

Lin Laogan, Lin Baiyi, and Yang Lin just sat there and stared at Lin Caisang.

"Your grandma is still on Menghuang Mountain, but she will come down soon. As for your eldest brother and Chu Shui, they were taken away by your mother. She said they were taken to Jian'an City to gain experience. Grandpa thinks they should also Go ahead and let them go."

Anyway, there are people taking care of him, so nothing will happen to him, so he can rest assured.

"oh."

Lin Caisang responded.

"Sangsang, why did you come back so soon?"

Lin Laogeng is not worried about Lin Changhong and the others, because they are boys after all, and it doesn't matter if they suffer a loss outside.

Chapter 1342 I will definitely make the decision for you

But his granddaughter was different. If someone wanted to suffer a loss outside, he would have to get it back no matter what. He must not let his granddaughter live a bad life outside!

"Are you not used to living outside?"

As he said that, he looked at Sui Zimo with reproach in his eyes, as if Sui Zimo had bullied his granddaughter.

"no."

Lin Caisang saw this and quickly shook his head.

"Brother Mo Lian is kind to me. Master, don't blame him. I wanted to come back."

"Yeah?"

Lin Laogong obviously didn't believe her.

It is said that girls are outgoing, just like young girls. They just got engaged not long ago, and they always give away their own things. He feels angry and funny when he sees it!

"Sang Sang, if you are wronged, don't keep it in your heart. Don't worry, your grandpa, grandma, uncle and aunt are here, and they will definitely make the decision for you."

Yang Lin also interjected.

Lin Caisang: "..."

Doesn't she understand why she is right?

He looked helplessly at Sui Zimo, wondering why he was being suspected, and he didn't know how to explain?

"Brother Mo Lian..."

"Grandpa, Uncle Baiyi, Aunt Yang Lin, I brought Sonner back this time because I have something to do." Sui Zimo finally started to speak.

"Sang'er has learned a lot of medical skills these days and thinks she can cure your leg injury, grandpa. Therefore, I took her back to see you and let her try to see if she can cure your leg injury. "

"Healing a leg injury?"

Several people in the main room screamed at the same time.

Lin Laogong's leg hadn't walked for several years, and they had already concluded in their hearts that it couldn't be cured.

"Can dad's leg really be cured?" Lin Baiyi looked at Lin Laogan, his voice full of doubts.

It was Yang Lin who bumped him with his elbow.

"Master, what are you talking about? Sangsang said it can be cured, so dad's leg can definitely be cured. Sangsang is our family's lucky star, so he can definitely cure your grandpa's leg, right?"

As she said that, she looked at Lin Caisang with encouraging eyes.

Even if it couldn't be cured, at least Sangsang had tried hard, so they wouldn't be too disappointed. After all, Dad's leg was originally said to be incurable.

"Yes, yes, grandpa, listen to Sangsang." Lin Laogan hurriedly responded.

Lin Caisang: "..."

It sounds like grandpa and third aunt want to be her guinea pigs?

This really made her dumbfounded. To be honest, if it hadn't been for the influence of the Jinzhu Order last year, she wouldn't have been able to treat her grandpa's leg injury.

Otherwise, she would have cured Grandpa's leg injury early in the morning, why would she have waited until now?

"Then grandpa just listen to me. I will definitely cure grandpa's leg injury." She said.

"Grandpa, Son'er and I have prepared everything." Sui Zimo also spoke and said to Lin Laojie.

"Your leg injury has always been a worry in Sonner's heart. If this leg injury is not cured, Sonny will not be able to feel at ease even if he is by my side. If it can be cured this time, Sonny will be with me in the future." I can feel at ease around you."

"well."

Lin Laogen responded enthusiastically.

...

Not long after, many people in the village knew that Sui Zimo had returned with Lin Caisang.

Many people wanted to come over and have a look. After all, not long after Liu Yuyang left, Sui Zimo sent Lin Caisang back again. Many people were rumoring that it was Lin Caisang who was not favored by Sui Zimo's family. I was so happy that I sent him back again.

Chapter 1343 I really want to poison them

But Patriarch Lin got the news early in the morning and stood in the village with a dark face, as if he was guarding the road leading to Lin Caisang's house.

Even if those people wanted to see the situation at Lin Caisang's house, no one would dare to offend Patriarch Lin.

Zhou family.

"I heard that Lin Caisang is back?"

Master Zhou also heard about this incident and looked at his son Zhou Jitang and asked.

"Shh!"

When Zhou Jitang heard his father's question, his face turned pale and he quickly made a gesture of silence.

"Dad, please speak softly so that no one can hear you.

"What happened?"

Old Master Zhou frowned and asked.

But in the end, he was still afraid of those people at home, so he lowered his voice a lot.

He had really had enough of this kind of life. If it was as he suspected, it was Suizi Mo's family who didn't like Lin Caisang and asked Sui Zimo to send him back again.

So do they have a chance?

"Have you bought the medicine I asked you to buy when you went to town?" he asked his son.

"father....."

Zhou Jitang was really afraid of his biological father now, but he had no choice.

"I bought it back, but... Dad, that Li Ming in the family is not someone easy to fool. I'm afraid it won't be easy to drug them."

"It's not easy. Leave this matter to Zhe Mei. If she can't handle this little thing, she won't have to stay in this house anymore. She can just be kicked out!"

Old Master Zhou said.

His daughter-in-law ran away once before, wanting to go to her parents' house to enjoy the blessings, but unexpectedly, her parents' family didn't even open the door for her, so she had no choice but to come back.

Now I feel at peace at home, and I take good care of the house every day.

"Dad, how can Zhe Mei do such a thing? She..." Zhou Jitang gritted his teeth.

As for Zhe Mei's temper, she was quite calculating before, but since arriving in Yacun, her temper has become more and more impatient.

How dare he ask her to do such an important thing, and then screw it up, and they were all implicated, and were beaten to death by Li Ming. That Li Ming's fist was not in vain!

...

"Why did you come back?"

In another home, Ban Yilu saw Ya Jinghong coming in and asked quickly.

"Shaohua City is so far away from here. How could they keep going back and forth? Have you found out?"

"I didn't find out, but he is back. That's true." Ya Jinghong said after taking a sip of water.

He also didn't expect that Sui Zimo would come back just over a month after leaving Yacun. He didn't know if he really sent Lin Caisang back as others said.

But it shouldn't be. Even if Sui Zimo's relatives didn't like Lin Caisang, he couldn't send him back.

If others don't know, why don't they know that Sui Zi Mo is the Prince Mo of Wei State? Will he stay away from people who others don't like? This is naturally impossible.

"If you haven't heard anything, keep asking. What are you doing here?" Ban Yilu said, staring at Ya Jinghong with reproachful eyes.

Her intuition told her that it was definitely not that simple when Sui Zimo and Lin Caisang came back this time. There must be a conspiracy. She must find out the news about Sui Zimo and then pass the news back to Shaohua City to her master. .

"It's not your fault!"

Ya Jinghong glanced at Ban Yilu, and he obviously blamed her.

Chapter 1344: Give her your heart and lungs

"If you hadn't established a good relationship with them before, how come we couldn't even get any information about them?"

Ever since Ban Yilu married him, he had not given birth to a child, but it had caused him a lot of trouble.

She was originally supposed to have a good relationship with Ya Enxi and Ya Yufeng's daughter-in-law Beidou and Nangong Piao'er, so that they could have a good relationship with Sui Zimo.

Who knew that when this woman came, she would look down on Beidou and Nangong Piao'er at all.

Feel free to look down on them. They are two country people anyway. She has put in enough effort to show off her appearance, but she just doesn't. She has to look at people with dog eyes. As a result, Beidou and Nangong Piao'er don't agree with each other now. Ban Yilu said things that were personal to her.

What else could he do?

His relationship with Ya Enxi and Ya Yufeng was also frozen by Ban Yilu at that time!

"I....."

Ban Yilu opened her mouth. After hearing his accusation, she didn't feel that she had done anything wrong.

"What does this have to do with me? Master didn't send me here to chat with those country women. It's a big deal to keep an eye on Ya Molian, so don't be careless!"

Ya Jinghong: "..."

Isn't it a little careless?

"Ban Yilu, are you really stupid or are you pretending to be stupid? How good my relationship with Ya Molian is, but you can't tell at all that your eyes are just for venting your anger?

If you hadn't been quarreling with Beidou and Nangong Piao'er every day at that time, how could our relationship with Ya Molian, Ya Yufeng and Ya Enxi have been like this? "

Listening to his words, Ban Yilu rolled her eyes secretly.

"That's already the case, what else do you want?" she asked him.

Things have already come to this, and there is no use blaming anyone anymore.

"It's your fault too. Why didn't you remind me before? If you had warned me then, how could I not have a good relationship with those two bitches Beidou and Nangong Piao'er?"

"you--"

After hearing what she said, Ya Jinghong was almost angry to death from her.

After all, did she still think it was his fault? Didn't he remind her before?

Wasn't it because Ban Yilu didn't take his words to heart at all just because he was the new person sent by his master, and still thought that everything he did was right?

"Besides, my relationship with Beidou and Nangong Piao'er has gotten much better now." Just when Ya Jinghong wanted to reply, Ban Yilu started talking to himself again.

"It's because they didn't tell me about Yamolian. What's wrong with me? I've asked them about it, but they didn't answer me. What can I do?"

Ya Jinghong could only grind his teeth secretly after listening to her words.

Beidou and Nangong Piao'er are not fools. In the past few years, Ban Yilu had seen their expressions. Could it be that they couldn't tell?

Now that she was getting a little closer, she could just point at them and dig her heart out. How could it be that simple?

"Ya Mo Lian will definitely stay at his own house these days. Beidou and the others will definitely clean Ya Mo Lian's house. If you help them go together, they will definitely hear a lot of things."

He ordered to Ban Yilu.

"Why don't you go by yourself?" Ban Yilu asked him.

Why should she be allowed to do the work that lowly people do? Why doesn't this man do it himself, but he has to point her to it?

"you--"

Ya Jinghong turned his head and glared at her.

Chapter 1345 Will I be missing someone like you?

He was almost stunned by her question.

"Why don't I go? That's a job for women. What will it look like if I go? Are you afraid that Ya Molian won't doubt us, and you feel unwilling to do so?"

It was obviously something that Beidou and Nangong Piao'er were used to doing, so why was he, a man, afraid that Sui Zimo would not doubt their motives? Could this woman be any more stupid?

"Go if you are told. There is so much nonsense. Go now!"

"Okay, I'll go. Is that okay?"

Ban Yilu had no choice but to turn around and walk out the door.

But because she had to work at Sui Zimo's house, she couldn't look better. She was so stinky.

"Banyi Lu, please straighten your face!"

Seeing her expression, Ya Jinghong immediately reached out and pulled her back.

"If you go out with a face like this, it's strange that Beidou and Nangong Piao'er will look good on you. If you want to enter Ya Molian's house, there's no way!"

"I....."

Ban Yilu grinded her teeth secretly, took a deep breath, and could only force herself to smile against her will, looking at Ya Jinghong.

"Is that okay? There are so many things going on. They are just two bitches from the countryside. What's so special about them is that they deserve to be treated well by me!"

In her heart, by being able to talk to Beidou and Nangong Piao'er, she had already given them a huge amount of face. What else did Beidou and Nangong Piao'er want?

"Ban Yilu!"

Ya Jinghong stared at Ban Yilu.

"If you keep doing this, I will directly ask the master to let you go back. You are not suitable to stay here anymore."

He threatened aloud.

"What?!"

Ban Yilu was shocked and couldn't believe her ears.

As a woman, she has already married Ya Jinghong. From now on, her master will definitely let her follow this man for the rest of her life. How can she leave, and where can she go?

"Ya Jinghong, how could you do this? We are husband and wife!" she said.

"Go to hell with your husband and wife. With a wife like you, there are a lot of them out there. Will I still be missing someone like you?"

"you--"

Ban Yilu was furious, but she didn't want to take advantage of Ya Jinghong.

Ya Jinghong is an out-and-out Yacun native, a person who developed after his master. In his heart, Ya Jinghong will never arouse Sui Zimo's suspicion. Therefore, his master will not give up on Ya Jinghong. Hong is the chess piece.

But she was different. There were many people like her around the master, so the master wouldn't care about her.

"Hurry up and find Beidou and Nangong Piao'er. If you mess up this matter, I'll see how I deal with you when you come back!" Seeing that she had nothing to say, Ya Jinghong threatened her again.

Hearing this, Ban Yilu pursed her lips and left without daring to say a word.

...

At Sui Zimo's house, as usual, Beidou and Nangong Piao'er, as well as Ya Enxi and Ya Yufeng all came to help clean.

"Sister-in-law Beidou, are you all busy?"

When Ban Yilu came over, several people were busy and did not hear her coming at all.

"Yilu, why are you here free? Didn't you just say that you have something to do at home?" Beidou heard her voice and turned around to ask her.

When she saw Sui Zimo just now, Ban Yilu ran faster than anyone else and disappeared in an instant.

She thought, Ban Yilu must have gone home to discuss with Ya Jinghong how to find out why their master came back, right?

I came here now to get information from them.

Chapter 1346 She just likes it!

"Well.

Ban Yilu choked at her words, and her face suddenly turned red.

She was so surprised to see Sui Zimo just now, so she quickly found a reason and went back to discuss with Ya Jinghong.

"Isn't this... Jinghong came out just now to take a look and saw you cleaning Brother Mo Lian's house. When he came back, he said that I was too ignorant. I was thinking about things at home and was not in a hurry. I just came here first. Helped you."

she explained awkwardly.

"Is that so?"

Beidou looked at her, then at Nangong Piao'er, and chuckled.

"Actually, there's nothing to do here. Brother Mo Lian's house isn't dirty either. Grandma Qiubo and her family often come here to clean. We just come here to open a window for ventilation, that's all.

"Yeah, there's really nothing to do here." Nangong Piao'er also smiled and said to Ban Yilu.

"If you want to talk about something, Brother Mo Lian just mentioned that he wanted to open up the yard and grow some vegetables or something to add some popularity to the yard. I was thinking of giving it a try later... .."

"Leave this matter to me."

Although Ban Yilu was extremely unhappy, in order to be able to stay, she had no choice but to comply first.

As she spoke, she took a hoe from the side and prepared to cultivate all the land in the yard.

"Piao'er, can't you tell? You have quite a few ways to mess with people."

After a while, Nangong Piao'er and Beidou went to the kitchen to wash dishes. Beidou whispered to Nangong Piao'er.

"Dealing with her is not a big deal."

Nangong Piao'er raised her eyes and glanced at the yard outside. She happened to see Ban Yilu waving a hoe, and she chuckled.

"Look later, there are still a lot of unchopped firewood in the yard, let her chop them out!"

Beidou: "..."

Looking at Nangong Piao'er's gentle and weak temperament, she didn't expect that she could be so cruel when dealing with people.

However, she just likes it this way!

"You rock."

She raised her thumb towards Nangong Piao'er.

...

In another yard, Lin Caisang and Sui Zimo were in the yard, so they could naturally hear what was going on in the yard next door.

"It would be a good idea to reclaim the yard. You can grow a lot of crops." Lin Caisang said with a chuckle.

"Let them go."

Sui Zimo also curled his lips slightly and said.

"Have you not found out who sent this woman?" Lin Caisang asked him.

"I've never seen her send any messages, so I can't find out anything." Sui Zimo replied.

But this time it was different. He and Sonny were back, and they came back so suddenly. Ban Yilu was jumping up and down trying to find out something from the mouths of Beidou and Nangong Piao'er. They would definitely reveal their lies. .

"Actually, there's really no need to talk nonsense to her. Why don't we just arrest her?" Lin Caisang said.

But after hearing her words, Sui Zimo shook his head.

"It has not yet been determined who the other conspirators around Ban Yilu are."

Catching a Ban Yilu, even if he makes her disappear in Yacun, is just an order from him.

But he needed to determine how many people Ban Yilu had buried here. However, Ban Yilu had never been touched. For a while, he really didn't know where to start.

"Then let's take a look." Lin Caisang said.

"You sit here for a while, and I'll give Grandpa acupuncture. This is my first time, and I'm afraid it will take a long time."

With that said, she stood up.

Chapter 1347 The belly can live up to expectations

"I'll go with you.

Sui Zimo stood up and followed Lin Caisang into Lin Laojie's room.

...

After a while, the sound of someone starting to chop wood was heard in the yard of Suizi Mo's house. At this moment, Beidou and Nangong Piao'er had already returned to their homes with their husbands.

"Damn it, are you trying to trick me?"

Ban Yilu gritted her teeth and cursed while chopping firewood.

She was left here chopping firewood, while Beidou and the others could go home. She originally came to inquire about the matter, but she didn't find out the matter, but she had to be left here chopping wood!

"Beidou, Nangong Piao'er, just wait for me!"

She was angry and hated, but what could she do if she got angry and hated again?

There is a husband at home who does not agree with her. He does not take her seriously and even dares to threaten her.

But she couldn't do anything to Ya Jinghong. She had to rely on Ya Jinghong in this place, so she could only listen to his words and do things.

"Why do I have to work here? Ya Jinghong doesn't have to do anything and just wait at home for me to bring the news back?"

The more she thought about it, the more unwilling she became. She felt that she was really at a disadvantage, but... what could she do?

Looking at the pile of uncut firewood in front of her, she really wanted to take the ax in her hand and chop down Sui Zimo or Lin Caisang.

So good, what are they doing back here? Is Shaohua City not good enough? Isn't it good to stay there? Why not let her live a quiet life in Yacun and have to run back here?

"I must..."

A few words came out of his mouth, but he didn't dare to say any more.

No matter how determined she is, what's the use? No one dares to deal with her, she can only swallow the bitter pill in her stomach!

"Yilu, what are you muttering about alone there? Did you quarrel with Jinghong again?" Beidou came back from his home and brought some fresh vegetables. After saying a word to Ban Yilu, he put them in the kitchen. went.

"No, how can it be?"

Ban Yilu curled her lips. Now, how could she dare to quarrel with Ya Jinghong?

"The head of my family treats me well, how can he quarrel with me?"

"That's true."

Beidou came out of the kitchen and nodded to Ban Yilu.

"Your Jinghong, I just listened to you, otherwise I wouldn't have done it all these years... Hey, let's not talk about that, Yilu, I'm so tired chopping these firewood, why don't you take a break?"

Ban Yilu felt so angry when she heard Beidou's words.

But it turns out that everyone thought she was the one who prevented Ya Jinghong from getting along with Sui Zimo and the others, right?

But did she say anything in front of Ya Jinghong?

Even if she didn't like Beidou and Nangong Piao'er, she still wouldn't let Ya Jinghong deal with Sui Zimo and the others!

Ya Jinghong himself was thin-skinned, how could he blame her? Who has she provoked?

"It's okay, I'm not tired."

She said something to Beidou sarcastically.

"As long as you're not tired."

Beidou's lips curled up slightly, and he looked at her from behind Ban Yilu with a somewhat sinister look.

"Yi Lu, I'm not talking about you. You've been married to Jinghong for so many years, why haven't you given him a son and a half? If your belly is better, Jinghong will definitely treat you better. ,dont you agree?"

Ban Yilu: "!!!"

Give birth to a child for Ya Jinghong? This is not a good idea at all!

Chapter 1348 This is the only way to deal with it

She had never thought about such a thing in these years. She came to this poor place like Ya Village, but she came to complete the task assigned to her by her master.

What kind of thing is giving birth to a child? What if the business is delayed because of a child?

But having said that, when he first married Ya Jinghong, he wouldn't have yelled at her. Is it really because she failed to give birth to a son and a half for Ya Jinghong in these years? Ya Jinghong Does Hong dislike her?

She hasn't disliked Ya Jinghong, an adobe from the countryside, how dare he dislike her?

However, Ya Jinghong is really brave.

"Is it possible that I have to give him a son?" She slowed down in chopping firewood and muttered in a low voice.

Could it be that as long as she has food in her stomach, Ya Jinghong's attitude towards her will be better, and she won't always be asked to come outside and stare at Sui Zimo and Lin Caisang like now.

Wouldn't she be allowed to deal with Beidou and Nangong Piao'er?

Think about it, this is really possible!

...

In the room, there were a lot of things spread out on Lin Caisang's table, among which medicinal materials were the most numerous.

But at this moment, she is still sitting there writing and drawing.

Sui Zimo was watching over her, and the two were almost inseparable.

"Brother Mo Lian, give me what's over there. Lin Caisang didn't even look at it, just raised his finger to the side.

When Sui Zimo heard her words, he immediately handed the medicinal materials over there into her hands.

"Sang'er, you've been looking like this since you gave me the acupuncture today. But are you having trouble treating your grandfather's leg injury?" he asked.

"Yes and no."

Lin Caisang nodded, then shook his head.

"How should I put it? Grandpa's situation is rather complicated."

She paused, raised her eyes to look at Sui Zimo, took a deep breath, and exhaled heavily.

"If it were like Chu Shui back then, if I treated him directly after being injured, I would be able to know where the injury is and how to deal with it. But the current situation is..."

She didn't know exactly where her grandfather was injured.

"At the beginning, when I was rubbing my grandfather's waist, I touched his bones, but there was nothing abnormal about his waist, so I was not sure how to treat it."

You can't just do surgery like in modern times, right?

She didn't have the ability to perform surgery without knowing the situation, not to mention that the patient was still her grandfather, given his age.

If you perform an operation on him without any confidence, it will only make him suffer more, and it will be of no use.

"Then why are you feeling guilty for Grandpa's acupuncture now?" Sui Zimo asked.

"Acupuncture is the most conservative treatment method." Lin Caisang explained.

"I remembered that my grandfather's legs were still conscious at first, but he couldn't stand up afterwards. The family was busy with making a living, so they didn't spend any energy on my grandfather's legs, so he just kept lying down. Never got up from bed.

I thought that I would first use acupuncture to stimulate the acupuncture points to see if grandpa's legs would feel. Then I would give him regular massages to help with blood circulation, but this method would not be effective that quickly. "

What she is doing now is to put her guess into action and use the most conservative method to treat it first.

If this method doesn't work, then she will think of other methods.

"There is no other way, we can only do it this way." Sui Zimo said to her.

Lin Laogan's leg injury can be regarded as an old injury. To be honest, being able to be cured is not as simple as luck.

Chapter 1349 Are you and grandpa crazy?

"Um.

Lin Caisang responded lightly.

"Now I give grandpa a massage every day, and then give him an injection every three days. Let's see what happens in half a month."

"good."

Sui Zimo responded.

...

In another home, after being beaten and kicked, Mrs. Zhou huddled in the corner with a bruised face.

On the side, Zhou Jitang and Zhe Mei were not much better. They were also beaten with bruises and swollen faces, but they still had to bring food to the main room for the two of them to eat.

"Grandpa, what...have you done again?"

Zhou Liang was the only one who was not beaten, but he also had no idea what was going on in the family.

Swallowing his saliva, he quietly came to Old Master Zhou's side before Li Ming and others arrived, and asked in a lowered voice.

"Well."

Old Master Zhou was about to open his mouth to explain, but when he opened his mouth, he felt a pain at the corner of his mouth and quickly closed his mouth.

How did he know that Lie Ming would be so cruel, that even an old man could be so cruel to him?

The medicine was obviously given by Zhemei, and the food served to them was also Zhemei. Why was he the one who was beaten the hardest in the end? This clearly has nothing to do with him at all.

"Forget it, I won't ask you any more."

Seeing that he couldn't find anything out from his grandfather, Zhou Liang could only go to the kitchen and ask his parents.

In the kitchen, Zhou Jitang was sitting under the stove lighting a fire, while Zhe Mei was using her poor cooking skills to stir-fry. Their faces were not good-looking either, with bruises all over them.

"Dad, what's wrong with you?"

Zhou Liang walked in and asked Zhou Jitang under the stove.

"snort!"

Zhou Jitang snorted coldly, looking as if he wanted to see Zhemei's face through the blocked stove.

"I'm not even your mother. She can't handle anything well, and your grandfather and I are also being beaten!"

Hearing such words, Zhemei didn't dare to say anything. She could only look aggrieved and tears fell down from her eyes.

What does this have to do with her? She had already said that she would not mess with those two evil spirits again, but her husband and the old man in the family just refused to listen. What could she do?

Are Lie Ming and Feng Yurui so calculating? Those two people are so smart!

"What did mother do again?" Zhou Liang asked instinctively.

Suddenly, thinking that this shouldn't be asked like this, he quickly added a new sentence.

"Dad, what did you and grandpa ask mom to do again?"

he asks.

"Isn't it just asking her to give Lie Ming and Feng Yurui a drug? It's really not enough to succeed, but it's not enough to fail. She can't even handle such a small thing! I really don't know what's the use of keeping her at home!"

Zhou Jitang said bitterly.

Although he had previously felt that his father had done something wrong when he wanted to drug Lie Ming and Feng Yurui, but now that things had gone wrong, he still blamed all the mistakes on Zhe Mei.

If she hadn't messed up the matter, how could he have received such a beating?

This is all the fault of this woman, Zhe Mei.

"What?!"

Zhou Liang almost screamed when he heard what he said.

Thinking that there were two evil spirits in the house, he lowered his voice.

"Dad, are you and grandpa crazy? How dare you... drug them?"

How much he didn't want Li Ming and Feng Yurui to live happily ever after, but what could he do? Should he continue to live his life?

Therefore, he did not dare to do anything to Feng Yurui and Lie Ming. As long as these two people did not provoke him, he would be thankful.

Chapter 1350 Did you come back alone?

"What does this matter have to do with mother? It was your own bad idea, and you still blame mother for messing up the matter? Are you embarrassed? If she can accomplish this, it will be a miracle!"

Feng Yurui had been guarding them, not to mention Lie Ming was about to leave. This was the time when they should be careful.

But his grandfather didn't believe in evil, so he had to do that thankless thing!

"What are you thinking? How can you do such a thing? Even if we do this, we have to wait until Lie Ming leaves... Ah, after Lie Ming leaves, we can drive Feng Yurui away. Go out, why do you have to drug them?"

He was not at home today. If he were at home, how could he allow grandpa to do such a thing?

"Okay, stop talking.

Zhou Jitang was troubled, his face and body were hurting all the time, so painful that he wanted to scream.

"We're not doing this just for you. Now that Lin Caisang is back, your grandfather doesn't want to give you a chance..."

"What? Dad, who did you say is back?"

Before Zhou Jitang could finish speaking, Zhou Liang's eyes immediately lit up after hearing the three words 'Lin Caisang'.

"It's Lin Caisang who's back. Didn't she leave with Ya Molian? How could she come back at this time? Was she disliked by others at Ya Molian's house?"

If that's the case, wouldn't he have another chance?

"Liang'er, you'd better stop thinking about this and think about how to deal with these two people at home first. Although Zhemei shed tears of grievance, she had to pour cold water on her son.

She has suffered a lot in this family these days, and her impetuous heart has long since settled down.

In those years, she dealt with Lin Caisang a lot. It can be said that she was responsible for more than half of Lin Caisang's sins, and the other half was also caused by her son.

In such a situation, how could Lin Caisang still like her son?

The Zhou family's desire to marry Lin Caisang is simply wishful thinking!

"What does Feng Yurui have to do with Lie Ming? As long as we don't provoke them, it's fine." Zhou Liang curled his lips and said indifferently.

As long as they don't provoke him, can Feng Yurui, a woman who has an affair with another man, still have sex with him?

If he was really annoyed, he would make the whole village aware of Feng Yurui's affairs and ask Chief Lin to deal with her to see what she could do!

As for him, the most important thing now is to find out why Lin Caisang came back.

"Dad, tell me how Lin Caisang came back. Did she come back alone?" he asked Zhou Jitang quickly.

Upon hearing his son's impatient question, Zhou Jitang just glanced at him and said nothing.

If you haven't taken care of the other two in your family, why talk about Lin Caisang?

If Lin Caisang is provoked again, will their family still be alive by then?

No matter how hard Ya Molian sends Lin Caisang back, she is still the girl he likes. Can she be bullied by others? That is of course impossible!

"You'd better stop thinking about Lin Caisang's place," he said.

...

Ya Jinghong's home.

Ban Yilu had been busy all day in the yard of Suizi Mo's house, clearing land and chopping firewood, and almost broke her waist.

When she got home, although Ya Jinghong had already prepared the food, she didn't look good on her either.
