

Star of Space 1371

Chapter 1371: Talking without restraint

"good.

Lin Caisang responded.

...

Shaohua City, in the imperial palace.

After Qin Luoyin was stopped by the guards of Prince Mo's Palace, just as Lin Caisang expected, he was humiliated and taken into the palace by Concubine Lian's people.

On this side, the emperor naturally heard about Qin Luoyin.

On the hospital bed, he still had some impression of Concubine Lian's niece.

Qin Luoyin, whom Concubine Lian personally recommended to him, asked her to go to Sui Zimo and find out information about Jiulian Palace for him.

Over the years, Qin Luoyin had lived up to his hopes. A lot of news had come out from Jiulian Palace, and it had been put to many uses. He was naturally pleased. 6 9 s h u x d o m

"Come here, Concubine Xuanlian." He ordered Eunuch Gui.

Hearing this, Eunuch Gui just raised his eyes and glanced at the emperor, responded and walked out.

...

"Auntie, what should I do?"

In Concubine Lian's palace, Qin Luoyin, who had just been brought back to the palace, still had tears on her face.

"Although the news that I am pregnant with Sui Zimo's child has spread, but... Sui Zimo is not stupid. How could he let us embarrass him?"

It wasn't like she didn't know whether the child in her belly was Sui Zimo's.

She had been in Jiulian Palace for so long, even though there were many men around her, but she actually didn't know whose child the child in her belly belonged to.

But one thing she knew clearly was that this child was definitely not Sui Zimo's!

"Um?"

After hearing Qin Luoyin's words, Concubine Lian glanced at her with cold eyes.

"Well."

Qin Luoyin immediately choked and gritted his teeth secretly.

"Auntie, I'm sorry, it was Luoyin who said something unscrupulously. We did not harm Sui Zimo. The child in Luoyin's belly is Sui Zimo's." She could only purse her lips and say this.

But God knows, how afraid was she that Sui Zimo would come back from Leyang Lake and expose the lies she told?

"It's good that you know, be careful what you say in the future!" Concubine Lian looked at her with a cold face and warned her.

She didn't care who the child in Qin Luoyin's belly belonged to. As long as Qin Luoyin knew one thing, the child belonged to Sui Zimo.

As long as Qin Luoyin can take advantage of this, Sui Zimo will be unable to do anything to them!

"Yes, aunt."

Qin Luoyin had no choice but to answer.

Although she is on tenterhooks here, if she is still in Jiulian Palace, when her belly gets bigger day by day, something will happen to the men she bribed if they see her.

Then there will be so many men vying to be the father of the child in her belly...

When she thought of that scene, her scalp went numb.

At least after being called back by her aunt, she still had her aunt here to protect her, and Sui Zimo still couldn't do anything to her.

"Luoyin obeys my aunt's orders in everything."

she said obediently.

"Um."

Concubine Lian saw her reaction and nodded with satisfaction.

"Luoyin, you can rest easy. I will definitely let Sui Zimo recognize the child in your belly. Even if he doesn't want to eat it, he has to eat it!"

At least until now, she was still Sui Zimo's mother-in-law. Could it be that he really wanted to break up with her?

This is naturally impossible!

"With these words from my aunt, Luoyin can no longer feel at ease."

Qin Luoyin stiffened her face, forced herself to smile, and spoke to Concubine Lian.

What she was thinking was that if Sui Zimo was really that easy to talk to, that would be weird!

Chapter 1372 Why are you still around?

That man had never appeared in front of her again since he took her into the Nine Lotus Palace. Even though she was his cousin, she had never seen a good look on his face.

And how could such a man allow others to force a child who was not his on his head?

However, Qin Luoyin also knew it.

If she disobeys her aunt at this time, her fate will definitely not be easy.

How could her aunt allow a person who had no use value for her to stay by her side?

Being sent back to the Qin family is certain.

But she was pregnant with someone's child. What would happen if she was sent back to the Qin family? Thinking about it, she knew it wouldn't be a good outcome!

"Aunt, when will you send Luoyin to Prince Mo's Mansion?" She looked at Concubine Lian secretly and asked carefully.

"Soon."

Concubine Lian replied absentmindedly.

When to send Qin Luoyin to Prince Mo's Mansion, according to her opinion, the sooner the better.

But is it so easy to get into Prince Mo's Mansion now?

Sui Zimo has been back to Shaohua City for so long, and he has never come to see her as a concubine in a serious way. I'm afraid her words are not that effective, right?

Perhaps, she could think of a way to go to the emperor and ask him for advice.

It just so happened that she hadn't attracted the emperor's attention for a long time. Now the empress was abandoned by the emperor. It was the moment for her to show herself and make people admire her in the harem.

"Wait a minute, Luoyin, go down and rest first, and let me think about how to send you to Prince Mo's Mansion," she said.

Hearing this, Qin Luoyin could only hold back no matter how many questions she had in her heart and did not dare to ask any more questions.

She stood up from the chair beside her, and after bidding farewell to Concubine Lian, she took a deep breath and allowed the palace maid to take her away.

"Your Majesty, the Emperor has sent someone here."

After a while, Concubine Lian heard the palace maid coming to deliver a message.

"Have someone come in quickly."

Concubine Lian's eyes lit up and she hurriedly said to the palace maid.

She knew that if someone brought Qin Luoyin back, there would be unexpected gains.

No, the emperor sent someone over without waiting for her to plan anything. He must have known about Qin Luoyin, right?

...

Half an hour later, the beautifully dressed Concubine Lian arrived at the emperor's palace.

Eunuch Gui led the way to the emperor. After saying hello, the emperor invited him to sit on the edge of the bed, looking at the sickly emperor with charming eyes.

"Concubine Lian, have you not been here for a long time in recent days?" The emperor looked at Concubine Lian and asked softly.

"I heard that the emperor has been feeling unwell recently. I thought that the emperor needed to recuperate, so I didn't dare to come and disturb him."

Concubine Lian pursed her lips, looking concerned about the emperor. She looked around and saw that everyone in the dormitory except herself had left, and then she breathed a sigh of relief.

"Your Majesty, why don't you see the Queen? She..."

"Don't mention that foolish woman to me!"

The emperor's face turned ugly when he mentioned the queen.

That woman is good at everything, but she cares so much about her son that she almost forgets who is in charge in the palace!

This reminded her more than once that he, the emperor, was the person she should care about most as a queen, but she just couldn't listen at all and actually got angry with him for the sake of Lin Wang!

Why is such an idiot still around?

Chapter 1373 Pregnant with Zimo's child

Even if he can't get rid of her for a while, he doesn't want to see her again these days!

"Your Majesty, forgive me, it was my concubine's fault.

Concubine Lian quickly stood up, knelt down in front of the emperor, and admitted her mistake carefully.

"What's wrong with you? Get up and sit down." The emperor patted the edge of the bed next to him and spoke to her.

"Thank you, Your Majesty."

Concubine Lian thanked her and sat back on the edge of the bed.

She suddenly felt very unhappy. It was finally her turn to feel proud, right?

The emperor was ill and saw no one, so he only summoned her, because in this harem, no one dared to make irresponsible remarks behind her back!

"Concubine Lian, I heard that you summoned your maternal niece into the palace today?" The emperor saw that Concubine Lian did not speak, so he could only ask himself.

"yes."

Concubine Lian nodded quickly in response.

"Your Majesty, I have summoned Luoyin's child into the palace."

"Luoyin?"

The emperor followed her words.

"The one you are talking about is Qin Luoyin who went to Jiulian Palace before? How did she come back suddenly?"

Of course, as the emperor, how could he not know why Qin Luoyin came back? He knew it all.

However, words always come up like this.

"Speaking of Luoyin."

Concubine Lian shook her head with regret.

"It was because I didn't think carefully at the beginning. When I heard her saying that she liked Zimo's child, I asked her to go with Zimo. How did I know that Zimo's child..."

Now Luoyin is also pitiful. She is pregnant with Zimo's child but cannot admit it. She can only feel wronged and run back all the way to Zimo to make it clear to Zimo.

But those people in Prince Mo's Mansion refused to let Luoyin in and kicked her out. Seeing how pitiful she was, the concubine thought of taking her into the palace to stay for a few days.

When Zimo comes back from Leyang Lake one day, he will bring him into the palace and have a good talk with him about Luoyin. The child will always be his, and even if he doesn't recognize it, that's not how he will arrange Luoyin. Yes. "

As she spoke, she kept secretly looking at the emperor's face.

As for the emperor, after Concubine Lian said these many words, his expression became better and better.

He had been worried that he could not arrange for a serious person to enter Prince Mo's Mansion to keep an eye on Suizi Mo. Now that Qin Luoyin was ready, she was pregnant again...

Thinking of the child in Qin Luoyin's belly, his face darkened, but he was quickly hidden again.

Even if the child in Qin Luoyin's belly was not his, so what?

As long as he said that the child was Sui Zimo's, even if he wanted to deny it, it would be impossible! He would have to suffer this loss even if he didn't eat it!

"That's it."

He looked like he just knew what was going on, and nodded matter-of-factly.

"Even if Qin Luoyin is pregnant with Mo'er's child, she is a member of the royal family. It is up to me to let her live in Prince Mo's Mansion first. As for Mo'er, if he is not willing, let him Talk to me!"

"I thank you for your kindness."

Concubine Lian quickly knelt down and thanked Qin Luoyin.

As long as Qin Luoyin can enter Prince Mo's Mansion, it will establish a connection between her and the emperor.

In that way, as long as the Queen no longer loses the Emperor's favor, she will be the first person around the Emperor, and no one can even think of replacing her.

In addition, if she asks Jin'er to work harder and capture some more forces in the court, even the emperor will not do anything to her easily in the future.

Chapter 1374 Not from here?

Concubine Lian thought beautifully that from now on she would be able to hold the power in the court in her own hands like the Queen Mother.

...

Lin Caisang didn't even want to ask what kind of scene it was in Shaohua City.

At night, after she brought Sui Zimo back, the two of them sat in the Medicine Garden space of Jinzhu Space and started chatting.

"Did you find it?"

Sui Zimo looked at Lin Caisang in surprise.

He also didn't expect that after so many years, Lin Chushui's family would still come to his door and settle the account with the Liu family!

"Then what do you plan to do? You must give it back, right?"

What does his son's son mean? Could it be that he thinks Lin Chushui's younger brother is quite well-behaved, so he doesn't want to let him go?

This was naturally impossible. He knew Sonny and would definitely not do this.

"It's not that you haven't returned it yet and asked... No, Brother Mo Lian, can we stop talking about this matter as if we were talking about an object?"

Lin Caisang said half of what he said and then changed his words in time.

That's not a question of not returning it yet. Lin Chushui is not an object and can use the word 'return'.

"What do you want to say?"

Sui Zimo asked her, it was really only the second time he saw his son's expression of such confusion.

The first time was when he was going to get medicine for his future mother-in-law. She was worried about him, so she was very conflicted in her heart, and it showed on her face.

"Brother Mo Lian, when I look at those people, they are not from here." Lin Caisang said.

"Not from here?"

Sui Zimo raised his eyebrows and immediately understood what she said.

"People from Qianhuan Continent?"

"right."

Lin Caisang nodded.

Not only that couple, but also those guards, she seemed to have spiritual power in them.

"That means Lin Chushui is also from Qianhuan Continent?" Sui Zimo said.

"You can say that."

Lin Caisang took a deep breath and nodded.

In fact, regardless of whether Lin Chushui was from Qianhuan Continent or not, these were not her concerns.

"Are you worried that if he really goes to Qianhuan Continent, he will be bullied?" Sui Zimo asked.

"Wouldn't it be possible?"

Lin Caisang asked him back. She had heard her mother say before that the people in Qianhuan Continent couldn't be more realistic. If they are people without spiritual skills, their status in Qianhuan Continent is very low.

Lin Chushui grew up here until she was twelve years old. She heard the couple say that there was a ceremony to be held in their family, and then she discovered that the child next to them was not theirs.

If that were the case, what would be the outcome if a person like Lin Chushui, who had no talent and no spiritual skills, passed away?

Even though the couple cares about their son very much, over time, if Lin Chushui cannot become what they expect, will they dislike him?

These are what she is worried about and what she has to worry about.

"Then let him stay. Anyway, we will always go to Qianhuan Continent in the future." Sui Zimo said calmly.

Lin Caisang: "..."

Brother Mo Lian, why don't you always act so calm?

"Brother Mo Lian, those are Chu Shui's biological parents!"

She rolled her eyes at Sui Zimo angrily and said.

No matter how nice she is to Lin Chushui, they are not real relatives. Is it possible that she can still prevent Lin Chushui from recognizing her parents?

Chapter 1375 Is there a way to be invisible?

Then if she said this, wouldn't she be beaten to death and scolded to death?

"Do you have an idea?" Sui Zimo asked her.

Since this girl can talk to him here, he has nothing to worry about. The little girl must have her own ideas.

"I have an idea, but I need your help." Lin Caisang said with a smile.

"Um?"

Sui Zimo raised his eyebrows and looked at her funny.

He then knew that this girl had any entanglements, and they were all deliberately exposed to him.

"Tell me about it.

"Before that couple came, I just asked Brother Yujing." Lin Caisang explained.

"According to Brother Yujing, there is a Jinzhu Pavilion in my Golden Pearl Space. You can see spiritual cultivation secrets in it, but you need a lot of yin and virtue to enter the Jinzhu Pavilion. This yin and virtue can only be obtained by building the Golden Pearl Space. Only the virtual tasks among them can be obtained.

Each time you complete a task, you can only get one point of moral virtue, and if you fail, you will have to deduct it. It's really a trap, isn't it? "

Hearing her complaining words, Sui Zimo just smiled and raised his hand to gently touch her head.

However, he fixed his gaze on her neck.

"What's wrong?"

Lin Caisang naturally noticed Sui Zimo's gaze.

Lowering her head, she tried her best to look at her neck. Unfortunately, she couldn't see her own neck like this. 69shux.Com

He could only stretch out his hand, take the golden bead around his neck into his own hand, and just look at it.

"Brother Mo Lian, what are you looking at? Are you curious? Let me show you?"

As she said that, she wanted to take off the golden beads and show them to him.

Unexpectedly, before his hand could move, Sui Zimo stopped him.

"Don't take it off."

He is not curious about Jinzhu, but...

"Sang'er, have you ever asked Jade Mirror if there is a way to make your golden beads invisible? Huh?"

he asks.

She is not the only one who knows about the little girl's Golden Pearl Dimension. He and the people around him are there. Even those who don't know can still make a rough guess.

He was afraid that one day, those unscrupulous people would know about the gold beads on the little girl's body and become malicious!

"This."

Lin Caisang naturally understood his thoughts.

"There is a way, look."

After saying that, she took off the golden beads and pressed them on her forehead. The next moment, Sui Zimo felt a bright light flash in front of his eyes. When he tried to see clearly ahead again, he saw Lin Caisang. On his forehead, there is a drop-shaped cinnabar mole.

"This is....."

"This is a golden bead, but this method is a bit bad." Lin Caisang said.

If she pressed a gold bead on her forehead, how would she explain to her family why she had a cinnabar mole on her forehead for no apparent reason?

Therefore, she felt that the gold beads should be hung around her neck, at least they would be covered by clothes and would not arouse suspicion.

"Can't it be placed somewhere else?" Sui Zimo also frowned.

This is indeed very suspicious. Even if you can't take it out and others can't get it, it won't work.

"Um."

Lin Caisang responded.

"At least not now. I don't know about the future."

She shook her head. She didn't know the settings in the Jinzhu space until a certain time, and even Jade Mirror couldn't explain why.

Just like the so-called moral value, if she hadn't needed it this time, she wouldn't have known there was such a thing!

Chapter 1376 You must always be prepared

"Let's not talk about this anymore, let's talk about moral values.

"you say."

Sui Zimo looked at her seriously.

"This virtual mission in the Golden Pearl Space can be completed by me, the contract owner, and another person. Of course, for this other person, I really have no other choice except you."

Lin Caisang also looked at him and said.

"However, it's not for nothing that you followed me to do this virtual mission. You also have virtuous values. It's just that the virtuous value you obtained is even worse than mine. If you want to enter Jinzhu Pavilion, you have to complete too many tasks. , a bit uneconomical."

As she spoke, she curled her red lips.

"Just to accompany you on your mission, what's the point of it being worthwhile?" Sui Zimo didn't care about this.

Besides, can he trust the little girl to do that virtual task alone? He must accompany her, otherwise, the little girl will not be allowed to go anywhere!

"Sang'er, why do you suddenly ask about this moral value?"

He had thought of this. Didn't the little girl say that she asked Yu Jing about this before the couple came over?

"Well."

Lin Caisang was choked by his words.

"I'm not... afraid that we will have to go to that bastard's Qianhuan Continent at any time. We have to be prepared at all times.

As she said this, she raised her eyebrows, indicating that she really did it for the good of the two of them.

According to her mother, people from Qianhuan Continent would come to them at regular intervals to select some people to go to Qianhuan Continent, the so-called hostages, to work for the people in Qianhuan Continent.

Moreover, the people in Qianhuan Continent are very wicked. They don't want ordinary people, as long as they are members of the royal family. Her mother was taken away like this before, but luckily she escaped later.

"According to Yu Jing, you can exchange spiritual secrets in Jinzhu Pavilion, and doing virtual tasks is also a kind of training for yourself. I personally think this is okay. At least there is no danger in virtual tasks. .

Oh, I forgot to tell you, in the virtual mission, even if our mission fails and someone dies, it is at most a mission failure and no one will be harmed.

This mission is not a trap at all. "

She couldn't help but complain again.

"Originally, I wanted to find some spiritual cultivation methods from my mother. After all, she also practiced spiritual arts, right?"

"no."

As soon as she said this, Sui Zimo denied her words.

"Yeah, that's not feasible."

Lin Caisang also nodded. If this path was feasible, she would not enter the Jinzhu Space to ask Yujing.

At least before she was ready, she didn't want to tell her mother and make her worry about her daughter all the time. What's more, her health itself was not good.

"So we can only rely on doing tasks." She said.

"I will accompany you after I finish handling the matters over there." Sui Zimo said.

"What's going on over there?"

Needless to say, Lin Caisang also knew what was going on.

Qin Luoyin will definitely live in Prince Mo's Mansion. Even if they don't want to, the emperor will forcefully force her into it.

Of course, there was a reminder from Qin Luoyin that even if they destroyed this person, the emperor would bring out a second and third Qin Luoyin.

After all, as Sui Zimo's 'father', it is perfectly normal for him to want to give his son several women!

Therefore, instead of letting a few people whom they were not familiar with come to Prince Mo's Mansion, it would be better to hold Qin Luoyin in his hands. At least, that woman still had a big belly, so it should be easier to control.

Chapter 1377: Choked to death with my own hands!

"Qin Luoyin's matter can be dealt with slowly. My virtual tasks here actually don't take time."

She opened her mouth to explain.

"According to Yu Jing, when doing virtual tasks, even if you spend a lot of time on one task inside, it only takes a moment outside."

Hearing her words, Sui Zimo was just stunned, but not too surprised.

After all, he could accept objects like Jinzhu Space that could be used to upgrade tasks and exchange points for what they needed. There was no need to be surprised by a mere virtual task.

"Then let's give it a try now?" he suggested.

Hearing this, Lin Caisang raised his eyebrows, but shook his head.

"Not today, you should accompany me to Menghuang Mountain to talk to those two people first. There are some things that we can't count no matter how we think about them. We still have to see what they say."

After all, she was still worried about Lin Chushui's future.

After all, he is the brother she recognizes personally. Even if he is not her biological brother, he is such an obedient child. How can she not take care of him?

"good."

Sui Zimo responded.

...

On Menghuang Mountain, Yue Chong, Luo Mianyi and their subordinates have been arranged to stay.

But Luo Mianyi obviously had a dissatisfied look on her face.

"Brother Chong, are we just waiting here all the time? When will we go? If they are worried about Chu Shui coming back alone, then we were the same way in the past. Why do they have to keep us here?"

She really couldn't understand why this family had to keep them here?

Is it really that difficult to find someone to take them to Jian'an City to meet Chu Shui? Didn't they see that as a mother, she was anxious to see her biological son?

She really couldn't agree with the practices of the Lin family, especially the practices of the little girl named Lin Caisang!

"Mianyi, please be patient, you won't be able to solve the problem by being so impatient." Yue Chong looked at his wife and consoled her.

"Although Chu Shui is our son, this is certain, but after all, he has never met us, and he had a bad life in the Liu family and was not popular with others.

These days in the Lin family should be the most decent and warm days that Chu Shui has lived, right? "

"So what, Chu Shui is our son." Luo Mianyi said.

"He is obviously our son, but he was replaced by someone else. Now that he has finally been found, he is not even allowed to see us? How can there be such a thing?"

It's no wonder that Luo Mianyi had such thoughts in her heart. In fact, when she knew that the child she had loved and cared for for twelve years was not her biological flesh and blood...

It's really hard to describe in words what she felt in her heart at that moment.

At that moment, she felt as if she was in an ice cellar. She was completely dumbfounded. It was hard to imagine how someone could do such a thing, actually replacing her biological son with a fake one. !

At the same time, she was like a volcano, full of anger. The thought of destroying the world because her son was replaced still exists in her heart.

If the clan elders hadn't stopped her in time, she would have strangled the fake child, the child who kept calling her mother for twelve years, with her own hands!

Chapter 1378 This is the only way to do it

Who can understand how a mother feels.

"Mianyi, you really can't blame that little girl for this." Yue Chong looked at Luo Mianyi and said.

"I....."

Luo Mianyi opened her mouth, but didn't know what to say.

No matter how much you complain, after knowing that it was the little girl who saved her son, you can't blame others, right?

But she really wanted to see her son. She wished she could see him in the next moment. That was how she felt!

"Why did she do it? I think Aunt Lu wanted us to go to Jian'an City, but after hearing what the little girl said, she changed her mind and let us stay.

"Why else? You don't trust us." Yue Chong explained.

"No...don't trust us?"

Luo Mianyi was so surprised that even her voice became stuttering.

They are Chu Shui's biological parents, what should they be worried about? Is it possible that they will harm their own children?

"Mianyi, that little girl is extraordinary. She must have seen through our identities," Yue Chong said.

"What?!"

Hearing his words, Luo Mianyi was shocked.

"She is just a little girl, how can she see through our identities? How many people on this deserted continent know about Qianhuan Continent? What's more, this place is so remote."

But if it's as Brother Chong said, then that little girl named Lin Caisang is really extraordinary.

"That....."

After a moment of speaking, she already understood in her heart.

"She thinks Chu Shui will be treated differently if he follows us back, so she doesn't want Chu Shui to follow us?"

If that was the case, then there was really nothing she could say. After all, this family was also thinking about their children. Could it be possible that something was wrong?

"I guess so."

Yue Chong nodded. Naturally, he couldn't figure out what the little girl was thinking.

"What should we do?"

Luo Mianyi frowned. There was no way she wouldn't take her son back and let him stay here forever, right?

"Let's take a look first. The little girl seems to be reasonable and courteous. She won't really let Chu Shui go home with us. After all, we are Chu Shui's parents."

Yue Chong said.

"Then...that's all we can do." Luo Mianyi could only nod.

They couldn't just take the child away. Besides, Chu Shui and this family must have already had feelings for each other, so they couldn't take him away.

Even if they are really taken away, the child will have to hate their parents in the future, which is not good.

However, they really thought too much. How could Lin Caisang let Lin Chushui do such a difficult choice? During dinner, she and Sui Zimo took all the vegetables to Menghuang Mountain.

...

Yue Chong and Luo Mianyi saw that they were going to work in the kitchen on the mountain, so they hurriedly sent a few subordinates to help.

"Miss Lin, how can I trouble you? We can do it ourselves."

Yue Chong said this, and then led several subordinates into the kitchen, who knew...

He didn't know it until he entered the kitchen, and he saw that the person picking vegetables, chopping vegetables, washing rice and cooking was not Lin Caisang, but a strange young man he had never seen before.

However, this young man's aura didn't look like that of an ordinary person.

"Miss Lin, this is..."

"Oh, Uncle Yue, this is my fiancé. He heard about your coming today, so he came over to help me." Lin Caisang explained when he saw them coming in.

Chapter 1379 Are there still people who get along like this?

"Brother Mo Lian, this is the Yue Chong, Master Yue I mentioned to you.

She turned to look at Sui Zimo and introduced him.

Sui Zimo just turned his head and glanced at Yue Chong, "Master Yue, I've seen him before."

After saying that, he turned back and continued to work on his own business. It seemed that he really didn't take him seriously.

"Sonny, if you want to be busy, go ahead and do it. Just leave it to me."

"this....."

Lin Caisang looked a little embarrassed. He looked at Yue Chong and then at Sui Zimo.

In fact, she wanted to ask her brother Mo Lian to listen to the questions she wanted to ask. There were many questions that she had not thought of or asked. Maybe brother Mo Lian could think of them?

"What are you guys doing standing there?" Upon seeing this, Yue Chong immediately gave orders to the people behind him.

When several subordinates heard what he said, they quickly stepped forward and took over the work from Sui Zimo.

Of course Sui Zimo would not refuse. Although he could cook, he only wanted to cook for one person in his life. As for other people, he could do as he pleased, and it had nothing to do with him whether he starved to death!

"Brother Mo Lian, wash your hands first." Lin Caisang said when he saw that he was free.

"Um."

Sui Zimo nodded.

"You stand, I'll do it myself."

Seeing that she was coming to scoop him some water, he added.

"oh."

Lin Caisang paused and stood there watching her brother Melian rush his hands.

Watching the interaction between the two of them, Yue Chong felt as if thousands of horses were roaring past. It turns out that men and women still get along like this?

He thought he was good enough to his wife. Wherever he went, he would always think of bringing something back for Luo Mianyi, but he could not take everything at home on his shoulders and not let Luo Mianyi Willing to do anything.

He admired this man!

After a while, the three people came to the small courtyard and sat down in front of the stone table.

"Miss Lin, this..."

"My surname is Ya."

Sui Zimo introduced him.

"Master Ya, you can ask whatever you want." Yue Chong said to them.

Some things have to be discussed openly, otherwise, no one will trust anyone, and they will have no choice but to stay where they are.

"Uncle Yue, are you not from Liang?" Lin Caisang asked.

Since it was Yue Chong who asked them to ask, what else could she be polite about, just ask directly.

"Yes, we are from Qianhuan Continent." Yue Chong said directly without hiding anything.

Hearing this, Lin Caisang just raised his eyebrows, while Sui Zimo didn't even have a trace of surprise on his face and remained calm as usual.

"oh."

He responded lightly.

"Otherwise, at your place, at what age can you start spiritual cultivation?" he asked.

It was impossible not to be surprised when he heard such questions. He was obviously asking for his son, but he also knew that these two people also knew something about Qianhuan Continent.

"Generally speaking, a person who can cultivate the spirit can start cultivating the spirit at the age of five." Yue Chong replied.

"Generally speaking? What if not generally speaking?"

"If your spiritual roots are extremely poor, you can only recognize your relatives through blood and receive clan blood sacrifices after the age of twelve. You may also be able to start practicing spiritual arts." Yue Chong explained again.

This is why they didn't find out that their child had been changed until twelve years later.

However, fortunately there is such a clan blood sacrifice, otherwise, they would still be doting on the fake who can't cultivate spirits, and they don't know when they will discover the fact that their children have been exchanged.

Chapter 1380 My Young Master of the Moon Clan

"So, my cousin still doesn't know how to practice spirituality?" Lin Caisang raised his eyebrows, glanced at Sui Zimo, and asked.

Since both of them can't cultivate spirits, it's good that they are at least on the same starting line. Even if Lin Chushui arrives in Qianhuan Continent, he won't be looked down upon too much.

"Yes." Yue Chong replied.

Thinking of the child who was not his own bones, Yue Chong wanted to hate him, but he couldn't. He could only sigh and shake his head.

"That child also has a bad fate. He was framed like this by his own mother!"

"Uncle Yue, how did you say this?" Lin Caisang asked, puzzled.

Even if the two children were exchanged, her cousin would have enjoyed the blessing for more than ten years, right? What's the big deal after being discovered and thrown back here again?

"this....."

Mentioning this matter, Yue Chong felt a little embarrassed.

After all, that child was also the cousin of Miss Lin in front of him, so he didn't know what to say.

"Uncle Yue, is it hard to tell?" Lin Caisang asked when he saw him like this.

"It's not hard to say."

Yue Chong shook his head again, scolding Liu Baixiao and Liu Rumei thousands of times in his heart!

"That child is quite good-tempered, but he has been looked down upon by the people in my clan for not being able to practice spirituality in recent years. He also seems to be less talkative and not good at communicating with others.

In addition, when we recognized our relatives with blood this time and offered the clan blood sacrifice, we were found to be not of our clan's blood, and were seriously burned by our clan's blood. Therefore, we originally wanted to bring the person back, But he could only stay in the clan to recuperate and was not allowed to come back. "

Hearing this, Lin Caisang was a little surprised.

Is it possible that the Liu Rumei family can produce a mutant product? Her cousin's character is actually good?

"Then...if Chu Shui returns to Qianhuan Continent, will he be looked down upon like my cousin?" she asked.

Now let's talk about Lin Chushui first. As for her cousin, she can only postpone dealing with him until the matter about Lin Chushui is explained clearly.

"To be honest, Miss Lin, I am also worried about this matter."

Hearing Lin Caisang's words, Yue Chong was also helpless, lowered his head and shook his head.

"I didn't know that the two children had been exchanged before. I always thought that even if the child couldn't cultivate spiritually, he still had his younger siblings, so I didn't pay too much attention to it. But this time, it really shook my mind. Messy.

That child gets along better with Chu Shui's younger brothers and sisters. I don't know what the scene will be like after Chu Shui goes back. "

Hearing him say this, Lin Caisang knew what he meant.

This means that even if Chu Shui returns to Yue Chong's so-called home, he will not be able to integrate into that big family, right?

Moreover, the position that originally belonged to Lin Chushui has long been replaced by another person. Even Lin Chushui's relatives may not treat Lin Chushui as his own brother!

"Then what if Chu Shui can cultivate spirits?" Sui Zimo asked.

"This is different again. Chu Shui is the eldest brother and a person who can cultivate spirits. Even if his spiritual skills cannot keep up with others for a while, he will still be the young master of my Yue Clan. Others cannot despise him. "

Yue Chong explained.

"But... spiritual cultivation is not that simple. Chu Shui is already twelve years old. If some time passes, it will be more than twelve years old. If the clan blood sacrifice cannot be completed within half a year, spiritual cultivation will probably be difficult. ...It's even more difficult."
