Chapter 1391: There is a grudge.

"I said, I beg Mr. Ya and Miss Lin to redress my grievances for me. The price and everything are easy to negotiate. When I get my property back, I am willing to give half of it as your own. reward."

Mrs. Chen said.

Hearing her words, Lin Caisang couldn't help but frown.

She didn't know why, but after listening to Mrs. Chen's words, she felt particularly uncomfortable.

Could it be that in the eyes of Mrs. Chen in front of her, she didn't want to find the murderer for her husband, but just wanted to get the family property that she deserved? If this is the case.....

Well, even so, she still has to take on this task.

"Mrs. Chen, I have my own rules for accepting business at Wuzhu Teahouse. I only have two requests for you to choose from: first, if your husband was killed by him, find his murderer for your husband; second, ignore your husband. Whether he killed her or not, seek the justice he deserves.

Between the two, choose one yourself. "

"Don't these two... mean the same thing?" Mrs. Chen opened her mouth and asked her.

"Roughly the same."

Lin Caisang raised his eyebrows and nodded unequivocally.

Of course, this is the choice Jin Zhuling gave her, and it was also the choice she gave Mrs. Chen. It depends on what she chooses.

In fact, she also felt that no matter which of the two appeals she chose, the result would be the same.

"Then... I'll choose the second one." Mrs. Chen thought for a while and said.

Anyway, as long as she knew whether her husband was killed by himself, it would be good to find the murderer. Even if there was no murderer, it would be fine if she could get her own justice.

Hearing this, the corners of Lin Caisang's lips curled up slightly, and he let out an almost invisible snort.

"good."

...

Chen family.

As the people invited by Mrs. Chen to investigate the cause of Mr. Chen's death, Sui Zimo and Lin Caisang were extremely unpopular.

Everyone in the Chen family, from Mrs. Chen to the servants guarding the door, stared at the few people who entered with tempered poisonous eyes.

"what's the situation?"

Lin Caisang glanced sideways, glanced at Sui Zimo, and asked in confusion.

Didn't Mrs. Chen just say that she can still enter the Chen Mansion for the time being, and those elders won't kick her out?

But why do these people look at them as if they want to eat them?

"There is a grudge."

Sui Zimo summed it up in two words.

Of course, those people did not have a grudge against them, but against Mrs. Chen.

Although the eyes of those people seemed to be tempered with poison, when they saw Mrs. Chen looking towards them, her eyes became evasive. That look was very subtle.

"We'll talk about it later."

"Um."

Lin Caisang responded.

She also felt that now was not a good time for the two of them to talk, but she was so curious that she asked Sui Zimo directly.

"What are you people doing here? You didn't see me bringing guests here. Why don't you hurry up and clean up the guest room!" When Mrs. Chen saw her servants coming back, she didn't even say a word. said she, pointing angrily at them.

"Yes, little one..."

"Shameless woman, what kind of monster are you doing!"

Before one of the servants could finish answering, he heard a sharp shout.

He was so frightened that he shrunk his neck and hurriedly walked behind the old man who yelled at Mrs. Chen, secretly looking at Mrs. Chen with dissatisfied eyes.

"Old lady, madam, she..."

The old lady raised her hand to stop him.

Chapter 1392 Stabbed her husband?

"Your husband-in-law has just been buried a few days ago, and you brought these outsiders here. What do you want to do, you shameless woman?" She glanced at the servant, then stared at Mrs. Chen angrily, and said again snapped.

"What can I do?"

Mrs. Chen snorted lightly and glanced at the old lady with disdain.

"Grandma, if you don't let me live, is it possible that I can't find a way for myself to survive? I invited these two to restore my innocence, and none of you can stop me!"

"you--"

After listening to her words, the old lady almost breathed her last and breathed away.

"Mom, don't be angry. It's okay to be angry with this bitch. Seeing this, another woman in her fifties came over and comforted the gray-haired old lady.

"snort!"

The old lady snorted heavily and continued to glare at Mrs. Chen with angry eyes.

"Mo Tong, I don't blame you for killing your husband and my son, but you can't push your limits. Our Chen family can no longer tolerate you. Just leave and don't come back to our Chen family again. !"

The old lady looked at Mrs. Chen, her daughter-in-law, with sad eyes, and said quietly.

"What are you trying to do? It's obvious that you guys worked together to frame me! Do you think I don't know?"

After hearing her mother-in-law's words, Mrs. Chen suddenly became excited and jumped to her feet and shouted at Mrs. Chen.

"you....."

Mrs. Chen had a bad breath stuck in her throat.

She just wanted to ask, how did they frame her? Could it be that they were dreaming when they saw Mo Tong holding a bloody knife in his hand and stabbing her son several times? Were they wrong?

They saw it for real. How could this be a frame-up for Mo Tong?

She opened her mouth and wanted to say something, but Mrs. Chen Mo Tong couldn't come as fast as her, so she spoke plausibly again.

"You just don't like me. Now that the master has passed away, my son will inherit the Chen family's business in the future. You are just jealous of me, aren't you? That's why you did it on purpose!

You are still holding my two sons and refuse to let go. Aren't you just afraid that I will get the Chen family's property? Let me tell you, don't be complacent, I will definitely make you spit out everything that belongs to me! "

"You... Mo Tong, you bitch!"

The old lady couldn't stand what she said anymore and cursed angrily at her.

"Why didn't you say these things when you stabbed your husband with a knife! Our Chen family didn't want the family scandal to be publicized, and we bailed you bitch out of jail. Do you really think you have done nothing evil? You've done it, haven't you?"

What a shame for the old man who hated her. He had to say it was a family scandal and couldn't let outsiders know that his grandson-in-law had killed his grandson.

He said that this would affect the future of his two great-grandchildren.

She had also considered the two children before, so she didn't stop the old man from bailing out Mo Tong, a bitch. How could she have thought...

This bitch is really shameless and can do anything!

"etc."

Suddenly, Lin Caisang spoke.

"You mean, you saw Mrs. Chen stabbing her husband with a knife?"

She looked at Mrs. Chen in surprise. Didn't she say that her master died in an unknown manner, with no traces of wounds or poisoning on his body?

Why, listen now, is that not the case?

"Mrs. Chen!"

Chapter 1393 It's really strange!

"Miss Lin, don't listen to those people's nonsense. There are indeed no wounds on my master's body. If you don't believe me, you and Mr. Ya can go to the county office and ask." Mrs. Chen heard Lin Caisang's questioning and hurriedly explained.

"Think about it, if they really saw me stabbing my master to death, I wouldn't have been released, right? At that time, I was sent to prison by all the unscrupulous people in the Chen family."

In order to verify her words and make Lin Caisang and Sui Zimo believe her, she said again.

"Yeah?"

Lin Caisang looked at Sui Zimo with doubt in his eyes.

"Look again."

Sui Zimo lowered his voice and spoke to her.

Lin Caisang nodded, raised his eyebrows, and said nothing more.

"These two old immortals just don't like me. I've obviously never done anything, but they still say that I did it." Seeing that Lin Caisang and the others seemed to believe her, she started muttering again. .

"Look, they didn't want their son to treat me well and wanted to hand over the family property to me. That's why they attacked my master. Maybe the two of them are the murderers!"

As she spoke, she raised her hand and pointed directly at the old lady and the old lady.

"you....."

"you--"

The old lady and the old lady were angry at her words at the same time.

Facing this shameless woman, they really have a hard time talking about it. Who makes this thing really weird!

Obviously several people watched Mo Tong kill the man, but after they took Mo Tong to the county government office, they returned home and saw that there were no injuries at all on the body of his grandson (son). Even the blood stains on his clothes were gone.

Looking at this woman now, they really feel that she must have made a deal with something, otherwise, how could such a thing happen?

"You two immortals, listen to me. Anyway, I invited Miss Lin and Mr. Ya. They will definitely stay here and help me redress my grievances. You can't stop them even if you want to!"

Mrs. Chen said to the two of them, with a hint of pride on her face.

As long as she was not responsible for this matter, everything belonging to the Chen family belongs to her and her two sons. When the time comes, she will make sure that all those who have wronged her will die!

The expression on Mrs. Chen's face couldn't be more obvious, and Lin Caisang and Sui Zimo could naturally see it clearly.

"you....."

"Mrs. Chen, old madam, we are just here to investigate a case. We are not targeting anyone. In fact, no matter what, you two also want to find out the cause of Mr. Chen's death, right?"

Just when the old lady was still about to get angry, Lin Caisang spoke.

She looked at them calmly and explained to them why she and Sui Zimo came to this place.

"Then if it's finally found..."

The old lady's eyes suddenly glanced from Lin Caisang to her daughter-in-law, Mo Tong.

"Now that she has been traced, will you also bring her to justice?!"

she questioned.

"You old man, Miss Lin was invited by me, how could she..."

"This is natural!"

Before Mrs. Chen could finish her words, she heard Lin Caisang's affirmative voice.

She turned her head and looked at Lin Caisang in disbelief with her mouth open. What she wanted to say next was interrupted by Lin Caisang's next words.

Chapter 1394 Then I'll wait

"Mrs. Chen's request is that regardless of whether her husband was killed by him or not, we must seek the justice he deserves," Lin Caisang said.

"Of course, this justice includes that if her husband is really killed by her, we will let her get the punishment she deserves. We, Wuzhu Teahouse, are always fair in handling cases and will never be biased towards any party. of."

"What?!"

After hearing her words, Mrs. Chen opened her mouth wide and simply didn't know how to react.

After a long while, she realized what she was doing. After swallowing, she asked Lin Caisang excitedly.

"Miss Lin, you and Mr. Ya were invited by me, how can you say that? You are here to seek justice from the Chen family for me! You...you are like this..."

How could she stay in this home?

Now, the two immortals in front of them were even more proud, looking at her with different eyes!

Could it be that Miss Lin and Mr. Ya didn't notice it?

"Mrs. Chen, we only care about your appeal. Your husband died, and we will seek justice for your husband. Have you forgotten? Huh?" Lin Caisang asked her.

"I....."

After hearing her words, Mrs. Chen was speechless for a moment and couldn't even utter a word.

"Furthermore, aren't you sure that you have nothing to do with your husband's death? Since it has nothing to do with it, why should you be anxious, right?" Lin Caisang looked at Mrs. Chen with a smile and said again.

Mrs. Chen, who listened to her words, could only grit her teeth secretly.

Even if she didn't kill her husband, would those people in front of her believe her?

Those people wanted her to be buried with their sons and grandsons. If the government couldn't find anything, could they let her out of that ghost place?

She is not in a hurry, can she not be in a hurry?

She has experienced how vicious those people are!

"Miss Lin said yes, then I will wait. Chou Yinmao"

What could she say? She could only take a deep breath and say to Lin Caisang and Sui Zimo.

She couldn't just invite the people she invited and not let them investigate, could she? Then wouldn't her trip to the Bamboo Forest be in vain?

Check it out!

It would be best to find out who Chou Yinmao is, so that she can be cleared!

...

After a while.

Lin Caisang and Sui Zimo were arranged in two rooms, but how could it be possible for the two of them to sleep in two rooms?

Therefore, Sui Zimo directly hugged the quilt and came to Lin Caisang's room in front of everyone in the Chen family, preparing to lay the floor in Lin Caisang's room.

"Brother Mo Lian, what do you think of this home?"

Sitting at the table, he poured a cup of tea for himself and a cup for Sui Zimo, and handed them to him. Lin Caisang asked.

"Ah."

Sui Zimo just chuckled.

"It's hard to say without knowing the details."

"Tell me about it."

When Lin Caisang saw what he said, he actually felt unsure.

But I still hope that I can get some hint from Duosui Zimo. This Chen family is really weird.

"Anyway, there are only two of us. Let's talk casually and treat it as an analysis for me."

"Just after you entered the room, when the housekeeper sent me to another room, I asked him about it." Sui Zimo looked at her and spoke.

Hearing this, Lin Caisang raised his eyebrows.

It is perfectly normal to inquire about the servants, especially when the servants in the Chen family are looking at Mrs. Mo Tong. Apart from fear, they show no respect at all.

I recently moved and my children are taking online classes, so the update is a bit late. I hope you can forgive me.

Chapter 1395: Believe or not, don't take it seriously

Although this is nothing, Mrs. Chen's attitude towards her husband's mother and grandmother is so bad.

She really saw it in her eyes.

If there is no major conflict between these two groups, how is it possible?

"Talk about it."

She spat out two words to Sui Zimo.

"According to the housekeeper, Mrs. Chen has done nothing since she married into the Chen family, apart from giving birth to two sons for Mr. Chen. Even as a woman, she has flirted with other men outside.

Because of this matter, Mr. Chen has accused Mrs. Chen more than once. Mrs. Chen would always admit her mistake to Mr. Chen, but a few days later, she would mess around again.

This resulted in Mrs. Chen not being regarded as a daughter-in-law of the Chen family in the hearts of Mrs. Chen and Mrs. Chen. Therefore, the two old people never looked down upon Mrs. Chen.

As for Mrs. Chen's two sons, they were originally raised in Mrs. Chen's yard. After Mrs. Chen gave birth to the two children, they were thrown into Mrs. Chen's house and never took care of the two children for half a day.

According to what the housekeeper meant, if it weren't for the fight for the family property, Mrs. Chen would never have remembered that she had two sons. "

"Is such that?"

Lin Caisang looked at Sui Zimo and listened particularly carefully to what he said.

"It is said that this is the case, but this is just partial belief and cannot be taken seriously." Suizi Mo said.

In fact, he didn't care that much about the Chen family's affairs. What he cared about most at the moment was why they came to Wuzhu Forest and took on such investigation business in Wuzhu Tea House.

"Um."

Lin Caisang responded.

Naturally, she and Brother Molian would not choose to directly believe a housekeeper's words. They would need to verify it from multiple sources.

"Brother Mo Lian, what were you thinking about just now?"

she asked.

"I'm thinking....."

Sui Zimo paused for a moment and looked sideways at the closed door.

"Did you administer any medicine to Mrs. Chen when we were at Wuzhu Tea House?" he asked.

Hearing this, Lin Caisang shook his head.

"Of course not."

How could she drug Mrs. Chen for no reason? Mrs. Chen had just come to Wuzhu Tea House at that time, and she had no reason to drug Mrs. Chen.

"Why do you think that? Why should I drug her?"

"That means it remains to be verified whether what Mrs. Chen said is credible?" Sui Zimo asked her instead without answering.

Lin Caisang was stunned when he heard his words.

Immediately, she understood what Sui Zimo meant by "drugging", and wanted to make sure that what Mrs. Chen said at Wuzhu Teahouse was true, right?

"Brother Mo Lian, you are overthinking. In fact, in Wuzhu Teahouse, as long as the employer does not tell the truth, I will know it immediately. You forgot, I have the Golden Pearl Order in my hand."

If even the employer's words were false, could she still accept this task?

Jin Zhuling is not allowed to send this Mrs. Chen back directly. She will never be able to enter Wuzhu Forest in the future!

"So, there is no doubt that what Mrs. Chen said is true." She said.

"That would be surprising."

The corners of Sui Zimo's lips were slightly raised, and there was a hint of light in his eyes.

"Um?"

Lin Caisang didn't understand what he said.

Why is it strange that Mrs. Chen is telling the truth so that her brother Mo Lian can't believe it?

"Brother Mo Lian, what do you mean?"

Chapter 1396 If the quarrel gets too loud, you'll still take action.

"Just now I casually mentioned to the housekeeper that Mr. Chen's body had turned into a jar of ashes. The housekeeper seemed to be in disbelief. Maybe at this time, the housekeeper had already reported the situation to the Chen family.

Sui Zimo said.

Since Mr. Chen's body was not incinerated by Mrs. Chen Mo Tong, and it has nothing to do with the Chen family, then who would dig a grave, burn a body, put it in a jar, and put it in a coffin?

Enemy?

Naturally it is impossible.

If he was an enemy, he would just burn the body, so what else could he pretend to be? Wouldn't it be better to take revenge without a burial place?

Hearing his words, Lin Caisang raised his eyebrows again.

Her brother Mo Lian must have deliberately told the housekeeper that Mr. Chen's body had been incinerated, and asked the Chen family to spread the news themselves.

Then if they watch from the side, they may be able to see why.

"The murderer must be the Chen family," she said.

The purpose of burning the body was just to prevent the investigators from finding anything. But besides the Chen family, who else would put the body back in the coffin after burning it?

"I have seen the ashes in the jar. They are indeed human ashes and nothing else."

"Then the target will be the people of the Chen family. The scope can be much smaller and it won't drag on here for too long." Sui Zimo said casually.

Lin Caisang: "..."

Brother Melian, are you serious?

But, didn't I tell you? Even if you stay in a virtual mission for a long time, will it only last for a moment?

But now is not the time to worry about this, they should still think about how to find the murderer hiding in the Chen family.

"ink....."

"ah!"

She wanted to say something to Sui Zimo, but she heard a sharp scream from outside.

"what happened?"

She immediately turned her head and looked at the door.

Sui Zimo had already taken a step ahead of her and opened the door.

"What's going on outside? Who was beaten?"

Opening the door, you can more clearly hear bursts of crying and cursing coming from not far away from the yard.

And that familiar voice, they had heard it before, was Mrs. Chen's voice, as well as the voices of Mrs. Chen and Mrs. Chen. It seemed that the three people had gathered together again and started making trouble.

He grabbed a servant who had just passed the door of the room and asked.

"I don't know, it's the old lady and the old lady who are having a quarrel with the madam again. They have been quarreling for a while about the body of the master." The servant replied to Sui Zimo.

There had been a commotion before, but now it was even bigger, and it was a bit thrilling.

"Do your wife and the old lady often quarrel?" Lin Caisang came out and asked.

When she looked at the servant's answer to Sui Zimo's words, there was no emotion in her eyes at all, as if the three women's quarrels were a common occurrence.

"yes."

The servant heard Lin Caisang's question and nodded.

"The madam often quarrels with the old lady and the others, not only the old lady and the others, but also the master. They used to quarrel often, and sometimes they would get violent when the quarrel got fierce."

"Do it?"

Sui Zimo looked at the servant.

"Did Mrs. Chen attack Mr. Chen?"

"How can it be?!"

The servants seemed to be amused when they heard his words.

"Young Master Ya, you are joking. My wife is a female, how can she beat the master? The master is a martial arts practitioner. He can just raise his hand and beat the wife until her face is covered with blood."

he said.

Chapter 1397 It's a big show

Hearing his words, Lin Caisang glanced sideways and glanced at Sui Zimo.

In other words, although what her brother Mo Lian inquired about was true, most of it had been altered.

Mrs. Chen and Mr. Chen did quarrel frequently, but Mr. Chen was the only one who beat people.

"Do you, Mrs. Chen, get beaten often? Why would Mr. Chen beat his wife? Is it because Mrs. Chen doesn't care about her children and always goes out without returning home?"

"Ma'am, you don't care about your children?"

The servant seemed to be really amused by Lin Caisang's words. He lowered his head and laughed almost invisible, but Sui Zimo still heard it.

"Ah"

But soon, he shook his head again.

"You don't know that this wife of our Chen family is not a good woman. My husband bought her from outside. Seeing how pretty she is, I decided to do this when both the old lady and the old lady disagreed. , married to Mrs. Jixian."

"Jixian?"

Lin Caisang blinked.

She didn't know yet that there were so many things going on in the Chen family.

"It turns out to be Mrs. Jixian. That's no wonder. Your master must not have cared about the bought Mrs. Chen before, right? If it were me, I wouldn't care about such a bought woman.

Her tone also became a little frivolous, so that she could better resonate with this servant and dig out more inside stories.

Sure enough, her words were immediately recognized by the servants.

"you do not say."

He clapped his hands and his eyes became bright.

"The master was angry with the old lady because of that woman. Later, the old lady was so angry that she fell ill. The master had no choice but to put the young master with the old lady to raise, and let the woman go with him. The old lady apologized.

What kind of thing is she? A bought woman who still wants to compare with the old lady and the old lady? She deserves it too! "

Hearing this, Lin Caisang and Sui Zimo looked at each other.

"What happened next?" Sui Zimo asked.

He knew that the reason why this servant knew so much about them was because Sonny listened to what he just said and drugged the servant directly.

"Later? What could happen later? That woman was so bold that she wanted to snatch the young master from the old lady. Isn't she seeking death? How could the master agree? She made the old lady angry several times...

So the master often taught that woman a lesson. She was beaten until her nose was bruised and her face was swollen, and her arms and legs were broken. That was a common occurrence.

But this is not a big deal in our Chen family. Who makes that woman so stupid that she can't even figure out her identity? She still wants to fight with the old lady and the old lady! "

After a while, the crying outside became louder and louder, and here, Lin Caisang and Sui Zimo also asked all they could. The servant could be said to have told them everything. , the words are endless.

Lin Caisang raised an eyebrow at Sui Zimo, and Sui Zimo immediately put down the person and left.

"It seems that the Chen family is really a big show." Lin Caisang said to Sui Zimo.

The old lady and the old lady of the Chen family are really good actors. She almost deceived them when she performed such a show in front of them before.

She thought it was Mrs. Chen who had done something wrong to Mr. Chen and even ignored her own son, so she was beaten and scolded so hard that she had no room to fight back.

Chapter 1398 I want to beat someone to death

In addition, Mrs. Chen was disrespectful to the old lady and the old lady before, but they saw it with their eyes open, which further confirmed Mrs. Chen's bad reputation.

"I finally saw it."

"Let's go and have a look."

Sui Zimo didn't express his opinion much and spoke to her.

...

In another yard, Mrs. Chen and Mrs. Chen were crying with runny noses and tears in Mrs. Chen's yard.

"You are a vicious woman. You didn't even leave my son's body intact. Why are you so vicious? If you do this, aren't you afraid of being struck by thunder?"

Mrs. Chen pointed at Mrs. Chen's face and accused her angrily.

At this moment, Mrs. Chen was being held by several female envoys beside Mrs. Chen, and two more were greeting Mrs. Chen.

Mrs. Chen's face and body were filled with burning pain, and she couldn't say anything except screaming in pain.

At this moment, she really felt that it would have been better to have stayed in the prison without coming out.

Tears fell down in big pieces.

The maid before her was on the side, being escorted by several other maids, with bloody marks on her body.

"Madam, don't hit madam, madam..."

'Snapped!'

A harsh whip sound sounded, and the female envoys were swept away.

"ah!"

The female envoys were swept away by the Wind Spirit Whip, and the pain on their faces and bodies was multiplied several times.

With just one whip, they were rolling on the ground.

"Madam, madam, how are you?"

When the maid saw that she had been released, she did not check her injuries first. Instead, she dragged her wounds and crawled to Mrs. Chen's side with difficulty, looking at her with concern.

Then, she tried to use all her strength to help Mrs. Chen, who had just been released by the female servant and fell to the ground.

It's a pity that she's almost fallen to the ground now, how can she possibly pull someone up?

"Red gold, red silver, come out."

Seeing this scene, Lin Caisang just sneered and called out Red Gold and Red Silver.

"ah!"

Seeing the two inexplicably extra people, Mrs. Chen and Mrs. Chen screamed.

Hong Jin and Hong Yin completely ignored the others. Under Lin Caisang's instructions, one by one, they helped the injured Mrs. Chen and her maid up.

"This...this is..."

Mrs. Chen pointed at the two people with trembling hands.

"Old Madam, these are my two servants. They will not harm you, the Chen family." Lin Caisang said to the frightened Madam Chen with a smile.

But the smile didn't reach his eyes at all, and there was a coldness all over his body, as if he wanted to freeze all the people in the yard.

"I wonder what wrong thing Mrs. Chen has done, why would Mrs. Chen and Mrs. Chen send someone to teach her a lesson like this? Do you want to beat the person to death and then directly drag him to be buried with Mr. Chen?"

"Well."

The two of them choked at Lin Caisang's words, knowing that she was questioning them.

But in fact, they had nothing to be afraid of. Mrs. Chen's sharp eyes glanced directly at Mrs. Chen.

"This bitch is so vicious that she burned her husband's body just to prevent you from finding out that she was the murderer. Miss Lin, you can't help her anymore. You should let her go." This bitch will be buried with my grandson!"

Chapter 1399 Are you confused?

As she spoke, Lin Caisang could hear the sound of her grinding her teeth.

"Yeah?"

Lin Caisang looked at Mrs. Chen with cold eyes and sneered.

"Yes, this bitch is simply not..."

"Mrs. Chen!"

Before Mrs. Chen could say anything more vicious, Lin Caisang interrupted her sharply.

"Although I call you an old lady, please don't be too self-righteous and think that as long as you say anything, my companions and I will believe it!"

"this....."

After hearing her words, not only Mrs. Chen, but also Mrs. Chen and other servants had a look of embarrassment on their faces.

"You say it's yours, and we're checking ours. Mrs. Chen, Mrs. Chen, won't think that just because of Mrs. Chen's attitude towards you when we were in the front yard just now, it will make me change my opinion of Mrs. Chen, right?"

I know whether she is good or evil, so I won't bother Mrs. Chen to point out a "clear way" to me. "

"This... Miss Lin, what are you talking about? Why can't I understand you?"

Mrs. Chen twitched secretly, but how could she dare to say that she had done it on purpose before, so she could only deny it bravely.

"Miss Lin, Mr. Ya, we are really angry with this bitch, so we attacked her. How could she actually burn my grandson's body..."

"Who told Mrs. Chen that Mr. Chen's body was incinerated by Mrs. Chen?"

Before she could finish speaking, Lin Caisang asked aloud.

"Well."

Mrs. Chen was choked by her words and was speechless.

But she was speechless, but Lin Caisang still had something to ask, staring coldly at Mrs. Chen.

"Or was it Mrs. Chen who saw it with her own eyes? Or did someone in the Chen family see Mrs. Chen incinerating Mr. Chen's body?" she asked.

With the Wind Spirit Whip in my hand, I really want to raze the land of the Chen family to the ground!

If she and Brother Mo Lian hadn't come here this time, Mrs. Chen would really have died here, right?

No wonder Mrs. Chen was so afraid of Wu Zhulin, but she still risked her life to come to Wu Zhulin for help. It seemed that the Chen family really wanted Mrs. Chen's life.

Mrs. Chen was really choked by Lin Caisang's words. How could she see it with her own eyes? She was just listening...

Suddenly, her eyes lit up and she looked at Sui Zimo next to Lin Caisang.

"Mr. Ya, it was obviously the housekeeper who heard what you said. He said that my grandson's body was incinerated. Is what you said all lies?" She asked Sui Zi Mo questioningly, half accusingly.

"I never said that Mr. Chen's body was incinerated by Mrs. Chen." Sui Zimo's cold voice rang in everyone's ears.

Want to put the blame on him? Haha, even in a virtual mission, there is no such thing as this!

"Furthermore, if Mr. Chen's body was really incinerated by Mrs. Chen, she wouldn't have taken us there and let us take a look. Sure enough, Mrs. Chen is old and confused. "

"you--"

When Mrs. Chen heard what he said, her face turned green and she almost yelled at him.

What's wrong with her age? She has been in charge of the Central Committee of the Chen family for so many years, who dares to say that she is confused? She is so smart!

"It seems that the housekeeper may have misunderstood."

Having said so much, the two people in front of them didn't want to seek justice for Mo Tong, a bitch, so she just gave them a step down, that's all.

Child: Mom, do you have a headache today?

Qing: I don't have a headache. What's wrong?

Child: Ah, if it doesn't rain tomorrow, you can go out and play for a while!

Qing: Your mother's headache has even caught up with the weather forecast...

It will rain tomorrow and I have a headache today. It is indeed as accurate as the weather forecast.

Chapter 1400 How to find out her fault?

"Come here, help Madam go to the room and find a doctor to diagnose and treat her." She ordered the female servant beside her.

"No need!"

Unexpectedly, Lin Caisang interrupted her.

What, give me a sweet date after a slap? This old lady from the Chen family is really nothing.

"Since you are my employer, I will naturally not bother Mrs. Chen. I will help Mrs. Chen back to the house with red gold and red silver. I will heal her injuries myself." She looked at Mrs. Chen steadily and said one word Said in one sentence.

Mrs. Chen's face suddenly turned red when she heard her words.

But, what could she say? This time, she didn't expect that the two people from Wu Zhulin would want to interfere in their Chen family's affairs.

She originally wanted to use this matter to deal with this woman Mo Tong, so as to restore peace to the Chen family.

Now that Lin Caisang was so angry, she really couldn't even say anything to refute her.

I could only watch helplessly as Lin Caisang and Sui Zimo left with others.

"Mom, let's just forget it?"

When Mrs. Chen saw that the woman she wanted to deal with was taken away, she stared at the backs of Lin Caisang and others unwillingly and asked Mrs. Chen.

She was just a little bit close to killing that bitch Mo Tong, but she was destroyed by these two from Wu Zhulin!

"Then what else do you want? Go against those two people?"

Mrs. Chen glanced sideways at her daughter-in-law. In fact, she was unwilling to do so. She was angry, but what could she do?

"Those two can deal with the other three tribes, so don't mess with them, do you understand?"

She warned her daughter-in-law worriedly.

If she hadn't known in her heart that Lin Caisang and Sui Zimo came from Wuzhulin, she had already ordered her servants to drive them out of the Chen Mansion. How could she have allowed them to be so arrogant in the Chen Mansion!

Hearing this, Mrs. Chen could only grind her teeth, her face full of frustration.

"Yes, I understand."

She nodded, and although she was reluctant, she could only respond.

"Find a few people and keep an eye on that bitch. We beat her today but didn't kill her. Maybe she will try to find ways to attack us!"

Mrs. Chen thought for a while and then warned her uneasily.

She guessed that her grandson was killed by that bitch because she beat Mo Tong. They did the same thing today. There is no guarantee that the bitch would get angry and settle the score with them.

If that was the case, then she really had to provoke Mo Tong and let her use whatever tricks she had.

She was worried that she couldn't find any evidence that the bitch killed her grandson. It would be great if the bitch dared to take action, and it would save the two Wu Zhulins from going to investigate, and they would be able to catch him.

"Okay, I understand. Don't worry, mother, I won't let that bitch get a chance." Mrs. Chen responded.

However, as soon as her voice fell, she felt an unkind glance from her mother-in-law. She was heartbroken and looked up at Mrs. Chen in confusion.

"Mom, you..."

"You idiot!"

Mrs. Chen couldn't help but scolded Mrs. Chen.

"If you don't give her a chance, how can she do evil? How can those two find out what's wrong with her?"

"this....."

Mrs. Chen was choked by what she said, and the next moment she understood the meaning of her words.
