Chapter 1401 The scene of beating Mrs. Chen

"Mom, I understand, I will arrange this.

She grinned and answered.

...

In the room, Mrs. Chen was helped to the bed, while the maid sat on a chair, breathing heavily.

Because of the pain, both of them were covered in cold sweat, and one bit his lip harder than the other.

Lin Caisang took out two bottles of medicine from his small satchel and gave them to them first, then kept the red gold and red silver. After explaining a few words, he left with Sui Zimo.

After looking at the closed door and then at the little girl beside him, Sui Zimo opened his mouth, but there was one sentence that he never said.

"What's wrong, Brother Melian?"

Lin Caisang looked at his expression and felt that something in his heart could no longer be held in and was about to explode, so he asked.

"Sang'er, is it really okay for you to ask Hong Jin to apply medicine to...?" Sui Zimo said quietly.

"Why is it bad?"

Lin Caisang blinked and asked him.

"Although Hong Jin only has a quarter of an hour of memory, it's still okay to take the medicine, right?"

"oh."

Sui Zimo responded lightly.

I couldn't help but retort in my heart: But Hong Jin is the image of a man!

If he hadn't seen Hong Jin swimming around in the tank, he would never have believed that Hong Jin was a fish, so...

It was really hard for him to accept the matter of asking Hongjin to apply medicine to two women, even though there was Hongyin in it, and even though Hongjin's memory only lasted for a quarter of an hour!

But - whatever his little girl says, it's just a virtual mission anyway, maybe they will forget about it later?

"Go back first. After this incident, there should be a good show tonight.

He glanced at the closed room and lowered his voice to remind Lin Caisang.

Hearing this, Lin Caisang raised his eyebrows and nodded.

yes.

What if, as they expected, the person who killed Mr. Chen was really venting his anger on Mrs. Chen?

Then Mrs. Chen and Mrs. Chen treated Mrs. Chen like this today and almost beat her to death. The person behind the scenes should come out, right?

They just wait for good news.

...

That night.

After staying at the Chen family for almost half a day, Lin Caisang and Sui Zimo had already inquired about the affairs of the Chen family.

Mrs. Chen was bought by Mr. Chen, who originally wanted her to be a maid.

But because Mrs. Chen was really good-looking and had some ink in her belly, she fascinated Mr. Chen and married him as Mrs. Jixian regardless of objections.

But Mrs. Chen and Mrs. Chen strongly opposed it. Even though Mrs. Chen devoted herself to the Chen family and gave birth to two sons for the Chen family, as the days went by, Mr. Chen began to hate Mrs. Chen. .

Later, Mrs. Chen pretended to be ill...

Yes, it's just pretending to be sick. Although Mrs. Chen is old, she is in good health and has no pain at all. Some of them are all fake.

They succeeded in getting Mr. Chen to put the two young masters in Mrs. Chen's yard to raise them.

Just imagine, it is obviously your own child, but you can't see it all day long. Even a woman can't bear it, right?

Therefore, they also succeeded in pushing Mrs. Chen to the brink of collapse. A kind-hearted woman began to oppose Mrs. Chen and Mrs. Chen. They were like fire and water, and no one could tolerate the other.

Under such circumstances, there were scenes where Mr. Chen got angry many times and beat Mrs. Chen.

Chapter 1402 The little bit of Xiao Jiujiu in my heart

After years of beatings, one day, Mrs. Chen took advantage of Master Chen's drunkenness and stabbed him to death with a knife.

And later, it happened that after Mrs. Chen was imprisoned in the county jail, Mr. Chen's body had no wounds at all.

Of course, it would not be surprising at all if this happened in this virtual mission. After all, there are ghosts, demons and spirits, so what is impossible to happen?

But because of this, Mrs. Chen had to bail out Mrs. Chen.

To put it nicely, Mrs. Chen was bailed out by the Chen family, but to put it badly, Mrs. Chen could no longer be imprisoned in the county jail, so why should she be bailed out?

The Chen family was just afraid that Mrs. Chen would retaliate against them when she came out, so they did this deliberately to leave Mrs. Chen speechless.

Then, it emerged that Mrs. Chen and Mrs. Chen had been against Mrs. Chen and wanted to kill her, so much so that even though she was afraid, Mrs. Chen went to Wuzhulin to ask them to interrogate her for her. injustice.

"Take a rest first, there won't be any movement soon."

Sui Zimo lay on the soft ground and said something to the little girl who had been turning around on the bed.

"Can't sleep."

Lin Caisang said something.

She felt an inexplicable feeling of excitement in her heart. What was going on?

Although she knew that this place was just a fiction in Jinzhu Space, Mrs. Chen was beaten all over, and she still felt uncomfortable.

But thinking about some of the things that were about to happen that night, she was inexplicably not sleepy at all.

"Can't sleep? Ha."

In the darkness, Sui Zimo chuckled, and there was incomparable endearment in that laughter.

"Then get up, let's go out and take a look."

He sat up and said to her.

"Isn't this... bad?"

Lin Caisang also sat up from the bed and asked.

But only she knew that after hearing Sui Zimo's words, she wished she could grow wings and fly out to see if anything happened to the Chen family.

"Nothing wrong, just put on your clothes and let's go."

How could Sui Zimo not know that little bit of Jiujiu in her heart? Dai stood up and came to the bed.

"Maybe something is happening."

"Really?"

When Lin Caisang heard this, he couldn't care less about being reserved. He quickly opened the quilt, put on his clothes and got ready to get out of bed.

"Then we have to go and have a look. Don't add another new case before Mr. Chen's matter is found out. In that case, even the two of us will have to be involved. It's not cost-effective."

Hearing her words, Sui Zimo just smiled faintly.

While they were waiting for her to put on her clothes, the two of them did not leave the door, but hid through the back window without anyone noticing.

...

In another yard, Mrs. Chen was sleeping in a daze.

Although she felt that there would be danger tonight, she had already arranged for many people to watch outside, so she was relieved and did not take Mo Tong to heart.

However, she forgot that Mo Tong might not be hers alone, but might have another 'accomplice'.

A 'squeak' sound.

The closed door was pushed open, and the latch on the door looked like it was made of tofu. It broke into two pieces when people outside pushed it.

A woman in white clothes with long hair hanging around, like a corpse, walked in slowly.

Chapter 1403 I searched all over and couldn't find it!

As for the people who had been arranged outside the door, no one noticed at this moment. They were all sleeping like dead pigs. They didn't even notice when the weapons in their hands fell to the ground.

The woman first walked around the room, then fixed her gaze on the bed and walked over step by step.

The short knife in her hand was filled with a hint of cold air, making the whole room feel extremely cold. It was so chilly that one couldn't help but shiver.

"Brother Mo Lian, what's going on? Is she... not breathing?" Lin Caisang stood outside a window, watching Mrs. Chen walk step by step to Mrs. Chen's bed. .

However, even a layman like her could feel that Mrs. Chen was not breathing at this moment and looked like a dead person!

"Shh!"

Sui Zimo put his index finger on her lips and made a silencing gesture. 69shux.Com

But it was still a step too late. As soon as Lin Caisang's words came out, Mrs. Chen in the room had already noticed the movement and looked at the window with only a gap left with a ferocious face.

Immediately afterwards, Sui Zimo put his arm around Lin Caisang's waist and quickly took her away from the window.

When he flew up, Lin Caisang could see that the originally intact window had become torn apart in an instant, and Mrs. Chen, who was still standing in front of Mrs. Chen's bed, had jumped out of the window with a short knife. .

"Ah ah!"

The short knife struck directly at the two of them.

Sui Zimo loosened his grip and pushed Lin Caisang aside. He drew out his long sword and collided with the short sword in Mrs. Chen's hand, making a sharp sound.

Mrs. Chen was shocked by Sui Zimo's strength and took a few steps back. Her back happened to be pressed against the wall of the window.

But even though she knew she was no match for Sui Zimo, Mrs. Chen didn't show any fear on her face. She just held the short knife and continued to attack Sui Zimo.

The one who slashed and slashed could be described as extremely cruel.

"what happened?"

"What's going on? Is it Madam? It's indeed her."

After a while, the servants who were awakened by the sound of fighting ran over one after another.

Several people held lanterns in their hands, lighting up the place, and they saw that the woman in white clothes with disheveled hair was none other than Mrs. Chen Mo Tong.

Mrs. Chen also woke up, wearing a dark dress, and walked around with the help of an old servant. Along with her, her husband, Mrs. Chen, came.

"Well, let me tell you, it was this woman who killed our grandson!"

She gritted her teeth and looked at Mrs. Chen, her scarlet eyes wishing she could bite off a piece of meat from her body.

"That knife is the knife I saw!"

Looking at the short knife in Mrs. Chen's hand, her pupils shrank, she raised her finger and pointed, and screamed sharply.

What she saw before was that Mrs. Chen killed her grandson with this dagger. After that, she never saw this dagger again. Even if Mo Tong was taken down by them on the spot, it was impossible. Hide the dagger.

But she couldn't find it. She ordered her servants to search the entire Chen family, but they couldn't find it!

At that time, she was really almost mad to death.

Now that she finally saw it, she saw this short knife again, which confirmed that what she said before was true.

"you shut up!"

Old Mrs. Chen glared at her.

"You guys, why don't you hurry up and help!"

He shouted at the servants who were watching Madam Chen and Sui Zimo's rivalry.

Four thousand were sent first. It was windy, thundering and raining heavily outside, and then there was said to be hail...

Chapter 1404 Shut that stinky mouth of yours

When the servants heard his words, they hurried forward, but when they were about to lift their feet, they heard Old Mrs. Chen's words again.

"Be careful, don't hurt Madam!"

"master!"

Mrs. Chen gritted her teeth in anger when she heard her husband's instructions to the servants.

She wished that this woman would die now, and her husband actually ordered his servants not to hurt her!

Don't you just have a good face? Can you enchant the souls of the Chen family, young and old? She didn't believe it anymore, she couldn't cure this woman Mo Tong!

Today, she had to torture Mo Tong to death.

"Why are you still standing there, why don't you hurry up and help? Mr. Ya is from Wuzhulin. If he is injured, you won't be able to afford compensation for a hundred thousand!" She yelled at the servants.  
'6' '9' 's' 'h' 'u' 'x' '.' 'c' 'o' 'm'

After hearing her words, the servants didn't dare to stand still. They all stepped forward, wanting to help, but unexpectedly...

There was a 'pop' sound.

The Wind Spirit Whip landed on the ground and directly blocked the servants back.

"Who dares to step forward? My whip is not a vegetarian!"

Can't she see it? After these servants were yelled at by Mrs. Chen, their hostility increased a bit!

Do you want to cut off a few pounds of flesh from Mrs. Chen's body? It depends on whether she agrees or not!

"Let me stay where you are. If anyone dares to move, I will let you go and accompany your master!"

"hiss!"

Everyone present couldn't help but gasped when they heard her words.

Master, I want to kill them!

But they came forward to help, not to cause trouble. Isn't this girl too cruel?

"Miss Lin, we..."

When Mrs. Chen heard what Lin Caisang said, she almost got angry and spoke to Lin Caisang.

However, Lin Caisang didn't give her a chance to speak at all, and directly glanced at her with stern eyes.

"Do I, Wu Zhulin, need help from a few outsiders? Does Mrs. Chen think that we can't even defeat a weak female like Mrs. Chen? Or maybe Mrs. Chen wants to help herself? Huh?

If Mrs. Chen is willing to step forward to help, I can let you help without any difficulty. "

"Well."

Mrs. Chen choked at her words and was speechless.

Is she going to help? How could she help? Seeing that bitch fighting Sui Zimo like this without any injuries, it was obvious that she was a powerful person.

If she went up, wouldn't she be beaten to death by that bitch?

"I...it seems that I was too anxious. I hope Miss Lin will forgive me." She said to Lin Caisang in a sullen voice.

This Lin Caisang must have already figured out that she wanted to deal with that bitch Mo Tong, so she didn't ask her people to help. She just did it on purpose, wanting to help that bitch Mo Tong!

She took a deep breath, gritted her teeth and looked in Mo Tong's direction.

A pair of eyes seemed to be quenched with poison, and he really wanted to kill that bitch directly.

It's a pity that there are so many people watching around her. Even if she wants to attack that bitch Mo Tong, it is impossible now.

"master....."

"Can't you shut that stinky mouth of yours?"

Just as she was about to ask her husband for an idea, Old Mrs. Chen glared at her with displeasure and heard a low scream.

She gritted her teeth and said no more.

On the other side, after playing so many tricks on Mrs. Chen, Sui Zimo finally figured out Mrs. Chen's path. Then he raised his hand, approached Mrs. Chen's back, and knocked her unconscious.

Chapter 1405 No warmth

"How about it?"

When Lin Caisang saw this, he immediately came over.

"Send her back first."

Sui Zimo said something and glanced sideways at Mrs. Chen who was lying unconscious on the ground.

"This is easy to handle."

Lin Caisang immediately called Hong Jin and Hong Yin out and asked them to help Mrs. Chen back.

"Old Mrs. Chen, you should be aware of this matter in your family, right?"

After Mrs. Chen was helped away, Sui Zimo came to Old Mrs. Chen, stared at him coldly and asked.

"this....."

Old Mrs. Chen stood there with an embarrassed look on his face, neither advancing nor retreating.

Even if he knew, this was related to the reputation of the Chen family, how could he tell anyone about it?

The woman at home is ignorant and brings a lot of trouble to the family, but he has not yet reached the stage where he understands everything and knows what should be said and what should be kept well hidden.

"Since Mrs. Chen doesn't want to tell, we won't force Mrs. Chen to tell the truth. Let's wait until Mrs. Chen wakes up and we will investigate. We can always find some traces."

Seeing his hesitant expression, Lin Caisang chuckled.

In this way, the two returned to their rooms, leaving Mr. Chen and Mrs. Chen alone.

...

"What do you think?"

Sui Zimo poured Lin Caisang a cup of tea, and then they sat down across the table.

"Do you think Mrs. Chen was controlled by something just now?" Lin Caisang asked him.

"Um."

Sui Zimo nodded.

"Are you scared?" he asked her softly.

Knowing that the little girl is not afraid of anything, she is only afraid of those things.

"Of course I'm not scared, it's just..."

Lin Caisang pursed her lips. She was not frightened. How could she be frightened so easily?

What's more, if her brother Mo Lian is not here, what can happen to her? She could just watch from the sidelines with peace of mind.

"Just what?"

Sui Zimo looked at her and asked.

Lin Caisang looked at Sui Zimo and agreed with Sui Zimo's conclusion just now, but...

"You are right, Mrs. Chen is definitely controlled by something, but...I didn't feel Mrs. Chen's breath just now, not at all."

"you mean....."

Sui Zimo raised his eyebrows and looked at Lin Caisang's eyes, which darkened slightly.

"When I was fighting Mrs. Chen just now, she also had no warmth on her body. Is this not a coincidence?"

He doesn't understand pharmacology or anything like that, but even if a person is controlled, he still has to breathe and have body temperature, right?

But the Mrs. Chen he felt just now seemed like a real corpse!

"There are so many coincidences in this world." Lin Caisang laughed and looked at Sui Zimo.

"When we were outside Wuzhu Forest, didn't you say that when Mrs. Chen was with her maid, you only felt the breath of one person? I suspect that only one of them was alive, and the other one....."

Either they are those from the ghost tribe, or they are dead bodies.

But without the skills of those people from the Ghost Clan, how could a dead body be preserved for so long, still able to walk and jump, and be able to drive them to the Chen Mansion in a carriage?

Therefore, this matter in the Chen family has nothing to do with people from other ethnic groups.

"Is that maid a member of the ghost clan?"

Although Sui Zimo's words were filled with doubts, the two of them were already extremely certain in their hearts.

Today's six chapters have been posted, the rain is getting heavier, and the doors and windows are creaking...

Chapter 1406 Isn't it too weird?

Otherwise, it would be impossible for Mrs. Chen to have such trust in a maid. As far as he knew from his inquiries, Mrs. Chen took that maid with her wherever she went, especially in recent months. (audience)

Even when he was imprisoned, the maid followed him in.

"Well, you're right."

Lin Caisang nodded and confirmed what he said.

"There's just one thing I'm not sure about."

"Is Mrs. Chen dead or alive?" Sui Zimo continued her words.

Yes, is Mrs. Chen already dead or still alive? Otherwise, how could she be so cold that she couldn't breathe?

"Um.

Lin Caisang nodded.

This is what she meant. Whether Mrs. Chen is dead or alive is crucial to them.

"Instead of asking Mrs. Chen whether she is dead or alive, Sonny, you might as well ask, who was the person who came to Wuzhulin for help before?" Sui Zimo reminded her.

Lin Caisang: "..."

This point is simply impossible to investigate.

The Jinzhu Order's rule for this virtual mission is that anyone who enters Wu Bamboo Forest can seek help from them, regardless of whether they are humans or not.

And she doesn't have the discernment now to identify which of those people are humans and which are ghosts, demons, and spirits.

Naturally, I don't know who this employer is.

"I think we should first find out who our employer is. What do you think, Brother Mo Lian?" After a long while, she said quietly to Sui Zimo.

"Look again."

Sui Zimo only replied her with three words.

...

An restless night passed just like that.

The strange thing is that the next day after being so restless, it was surprisingly calm. Even Mrs. Chen, who usually wanted to kill Mrs. Chen, did not cause trouble to Mrs. Chen again.

As Mrs. Chen was following Mrs. Chen, Mrs. Chen naturally did not dare to go against her mother-in-law's wishes and go to trouble Mrs. Chen.

Therefore, nothing happened in Mrs. Chen's yard the next day.

Even what happened the night before was not mentioned to Mrs. Chen. Everyone thought that Mrs. Chen knew about it. After all, she was the one who was going to kill Mrs. Chen with the knife.

And Mrs. Chen herself...

It was as if she had no memory and had no idea what kind of amazing move she had done the night before. She was still walking around the Chen Mansion with her maid.

When facing those servants who looked at her with strange eyes, she would glare back and even scold them.

All this was seen by Lin Caisang and Sui Zimo, and they were even more convinced that Mrs. Chen was weird. The two of them did not go out to do anything, nor did they ask any questions from the servants.

"Brother Mo Lian, do you think Mrs. Chen is too weird?" Lin Caisang asked Sui Zimo as if he was running out of words.

Mrs. Chen was injured by Mrs. Chen before, but she could see it with her eyes. The skin was bruised and bruised, but now, how long had it passed? It was only two days from beginning to end.

But she was able to move around the house, and even the maids around her had nothing to do.

"When she went for the assassination last night, there was no one around her." Sui Zimo said in a low voice to her.

Hearing this, Lin Caisang followed his gaze and looked at the maid next to Mrs. Chen, her eyes sharpened instantly.

Chapter 1407 Can you let us go?

Yes, the maid who was almost inseparable from Mrs. Chen before was nowhere to be seen at such an important moment last night.

After Hong Jin and Hong Yin sent Mrs. Chen back, they did not see the maid.

This had to make them suspicious.

"It seems that the matter has to fall on her." Sui Zimo said quietly.

Lin Caisang also nodded. According to Mrs. Chen herself, she picked this maid up from outside. When she picked it up, she had only one breath left. She fed him a few mouthfuls of water and a few mouthfuls of rice with her own hands before giving him to him. Saved.

After that, the maid sold herself to Mrs. Chen and stayed with Mrs. Chen as a maid, which can be regarded as a kind of repayment of kindness.

But this maid...

"When I came out of Wu Bamboo Forest, I felt that there was a cold air about her. Could it be that she was from the human race?" She looked at Sui Zimo and asked.

"You'll know after you try it."

Naturally, Sui Zimo couldn't guess which clan the maid was from, but no matter which clan she was from, wouldn't she know if she tried?

Hearing this, Lin Caisang looked at him seriously.

After a long while, she nodded again, "Okay."

Just give it a try, they won't suffer anyway.

She has the methods taught to her by the Golden Pearl Order to deal with ghosts, demons, and spirits. It is of course okay to try them, and no one will be harmed.

"Then I will refine the medicine tonight," she said.

Sui Zimo nodded and said nothing more.

...

On the other side, Mrs. Chen and Mrs. Chen were sitting in the back garden. There were exquisite pastries in front of them, but neither of them reached out to take them.

Because no one is in the mood to bring food at this time.

"Mom, what do you think we should do?"

Mrs. Chen looked at Mrs. Chen with her brows knotted into a knot.

Thinking of her dishonored daughter-in-law, she felt uncomfortable and wished Mo Tong would die soon.

But unfortunately, these people in the family just don't let them get what they want. Not only the two people in Wu Zhulin, but now even her father-in-law doesn't help them, but speaks for that bitch.

"What can be done?"

Mrs. Chen glanced at her with a gloomy gaze and asked her.

"What do you think we should do?"

"I...how did I know?"

Mrs. Chen was so stared at that her scalp was numb and she could only grit her teeth and lower her head.

Their father-in-law had already warned them not to provoke that bitch Mo Tong again. If she encouraged her mother-in-law to deal with Mo Tong at this time, wouldn't she be causing trouble for herself?

Her mother-in-law is not a vegetarian either.

Sometimes she even felt that she didn't dare to speak in front of Mrs. Chen.

Because she said something wrong, Mrs. Chen would punish her and make her unable to even cry, so she could only live her life like this in front of Mrs. Chen.

And Mo Tong was targeted in this way by Mrs. Chen just because he didn't want to be subordinate to Mrs. Chen and lived his life too hard.

"Mom, if we really let it go, can that bitch let us go?"

After a while, she asked Mrs. Chen again.

There is always a feeling that after what happened yesterday, that bitch Mo Tong will not let them go so easily.

Mo Tong was definitely not convinced that he didn't kill Mrs. Chen as he wished last night, and he might do such a thing again in the future.

Chapter 1408 You can't escape my grasp!

But unfortunately, her father-in-law also told them not to be like that bitch Mo Tong and not to cause trouble for her, so that they couldn't even fight back.

She didn't even know what to do.

"She won't let us go?"

Mrs. Chen's eyes were full of darkness.

That bitch Mo Tong didn't dare to let her go. Would she let that bitch go?

That bitch killed her grandson, the only heir of their Chen family. How could she let that bitch go so easily?

Her old man is soft-hearted and dare not do anything to that bitch, but she will not be soft-hearted!

"snort!"

She snorted coldly.

Since that bitch wants to die so much, then just let her die.

In the Chen Mansion, what does it matter if someone dies?

only.....

She didn't want someone from the Chen family to involve the two people from Wu Zhulin, so to deal with Mo Tong, that bitch, she had to let the two people from Wu Zhulin leave.

But how do you get those two people to leave?

The people were found by Mo Tong. If he wanted them to leave, naturally only Mo Tong had the ability.

But she also knew that Mo Tong would definitely not listen to her, so... there was only one way, let those two find out what they wanted to find out, and send them away.

Thinking of this, the smile on her face became even more terrifying.

"Mom, you... have you thought of any good ideas?" Mrs. Chen looked at her mother-in-law's sinister smile, her back felt numb, but she still asked her bravely.

"good idea?"

Mrs. Chen smiled coldly.

"It's not a good idea, just come over here."

She waved to Mrs. Chen and motioned for her to come over.

Mrs. Chen did not dare to disobey her mother-in-law, so she could only stand aside and listen to what she wanted to say to her.

"hiss!"

However, she couldn't help but gasp when she heard Mrs. Chen's instructions to her.

"Mom, can this...can this happen?"

Her mother-in-law is really a vicious person, and she can come up with all kinds of cruel ideas.

"Why not? You send someone to do it immediately. I want to see if that bitch can escape from my grasp this time!" Mrs. Chen said to Mrs. Chen.

"Okay, I...I'll do it right away." Mrs. Chen stood up, turned around and left in a hurry.

She was afraid that if she walked slower, Mrs. Chen's tricks would all fall on her, and she would really die without a burial place.

...

It's another day.

The owners of the Chen Mansion were still quiet, as if nothing had happened in the Chen family.

But the servants of Chen Mansion are not so quiet anymore.

The entire Chen Mansion was filled with conversations about Mrs. Chen, who was the man outside Mrs. Chen, who had come to her door several times to take Mrs. Chen away.

The reason why Mrs. Chen killed her husband was to leave the Chen Mansion with her lover.

Anyway, rumors about Mrs. Chen suddenly started to spread in the Chen family. People said whatever it was that was hard to hear, and those eyes that were tempered with poison swept straight towards Mrs. Chen, as if they wanted to kill her. It looked like it was scratched alive.

"Mr. Ya, Miss Lin, don't mind. People in the Chen family have always been like this."

Although Mrs. Chen was very angry, she still forced a smile when facing Lin Caisang and Sui Zimo.

Chapter 1409 Has a pair of skillful hands

She knew very well in her heart that these words were deliberately made by Mrs. Chen and Mrs. Chen to disgust her. As the person involved, how could she make those two old women get what they wanted?

The angrier she gets, the more she wants to hit and kill people, the happier the two old women feel.

Therefore, she couldn't be angry and just pretended that she didn't hear anything.

That's it.

"Yeah, I can understand." Lin Caisang nodded.

In fact, in her heart, she still sympathized with Mrs. Chen.

Obviously he didn't do anything, he was just noticed by Mr. Chen because he had a good-looking face.

Moreover, she was not willing to be bought back by Mr. Chen. Who wanted to be treated like a piece of merchandise and bought and sold?

Later, he was targeted by people from the Chen family, and even his own children could not be raised under his knees.

"Mrs. Chen, where is your maid? Why isn't she with you today?"

she asked.

"Ling'er, she went out today and came back to help me buy some things." Mrs. Chen said.

"oh."

Lin Caisang let out a soft sound and prolonged the ending.

"Brother Mo Lian, I haven't tasted the specialties here yet. How about you go buy some for me and I'll chat with Mrs. Chen here for a while."

She looked at Sui Zimo and suggested.

"good."

Sui Zimo stood up immediately, and before Mrs. Chen could speak, she had already left.

"this....."

Mrs. Chen watched Sui Zimo leave without even having time to say anything.

She could only turn her eyes back to Lin Caisang with a stern expression.

"Miss Lin, there is nothing special here, but my maid Ling'er makes good pastries. She just made some for me. Do you want to try them?"

She knew that Lin Caisang and Sui Zimo were suspicious of Ling'er, and they had been suspicious of her ever since they came out of Wuzhu Forest.

But it can almost be said that Ling'er grew up with her own eyes. She picked her up when she was twelve years old and is now seventeen years old. If Ling'er is hiding her thoughts, can she not tell?

As she spoke, she slowly moved the cake in front of her to Lin Caisang's face.

"Did Ling'er make all these? She really has a pair of skillful hands."

Lin Caisang glanced at the plates of pastries on the table and praised them calmly.

But there was nothing discernible about the tone of her voice, it was as if she didn't say anything herself.

However, she still took a piece of pastry and put it in front of her and looked at it carefully.

"It's strange that Mrs. Chen has misunderstood. In fact, my brother Mo Lian likes to go shopping and eat sweets. As for me, it doesn't matter whether I have these things or not.

Moreover, as a man, if I keep him in a yard all the time, he will inevitably become restless. I just want him to go out and walk around. "

she said.

"So that's it." Mrs. Chen nodded.

Will she believe Lin Caisang's words? Of course it's impossible!

These two people were invited by her to investigate the case, and they were not invited to go shopping. She believed that Sui Zimo was out shopping, so there was something wrong with him.

...

Sui Zimo wandered around on the street but never found Ling'er, and Ling'er didn't go back to Chen's house either. She didn't know where she went.

However, he still stood outside Chen's mansion, waiting for Ling'er to come back.

As night fell, Sui Zimo returned to the room, put something on the table, and then looked at the little girl who was pouring tea for him.

Chapter 1410 Corpse Raising Stone

"What can I gain from chatting with Mrs. Chen for a day?" he asked.

Hearing this, Lin Caisang handed the tea cup to him and waited for him to take it before shaking his head.

"There's not a day that goes by that I don't come back until we've finished chatting."

She is also not a talkative person, especially to people who are not familiar with her.

Mrs. Chen, obviously because they suspected Ling'er, had a somewhat harsh tone towards her. She felt that everything she said had a purpose, so the two of them naturally had nothing to talk about.

How could we keep talking?

Therefore, she came back early in the morning.

"What's this?"

She thought about what Sui Zimo had put on the table and looked carefully in front of her eyes, and her expression suddenly turned bad. Wingdings: ◆□◆□◆□◆□☒□◆□◆□□○□

"I don't know what it is, so I brought it to you to see. This stone was lost by Ling'er, but when I looked at it, it was not an ordinary stone. The dense pores on it were not unique to the stone itself. "

Sui Zimo also looked at the stone in Lin Caisang's hand and said.

"This is the corpse stone."

Lin Caisang looked at him and said with absolute certainty.

"Corpse stone?"

Sui Zimo was a little confused.

A person's body is so big that a small stone can't support it, right?

Moreover, even if this stone can really nourish a corpse, if it is placed on Mrs. Chen's body, it is not too small and will definitely be discovered. How can it nourish a corpse?

"How to say?"

"The corpse stone is not used to raise corpses, but to grow corpse grass." Lin Caisang explained.

She raised her other hand, pointed at the densely packed pores on the stone, and continued to speak to Sui Zimo.

"Brother Melian, these pores you see are used to grow corpse grass. Put the seeds of corpse grass on this special corpse stone, and the seeds will automatically stick to it, and then slowly Take root, sprout, and then feed the corpse grass.

When planting corpse grass on this kind of corpse stone, it only takes three days to harvest, unlike planting corpse grass in other places, which takes several years to get a little harvest.

This kind of corpse-nurturing stone is only found in the ghost tribe. "

"She is from the ghost tribe!"

Sui Zimo was already sure and said.

And what would she use the corpse stone to plant corpse grass for? Could it be...

Just when he was doubtful, he saw Lin Caisang pushing out a plate of pastries and placing it in front of Sui Zimo.

"What is this?" he asked.

"Ling'er made the pastry for Mrs. Chen. According to Mrs. Chen, this pastry tastes particularly good," Lin Caisang said.

"Um?"

Sui Zimo was puzzled and looked at her with raised eyebrows.

How can a plate of ordinary pastries taste so good?

Moreover, he could smell the faint odor emitted by this pastry, as if... it was dug out of a corpse. How could it be better?

"There is corpse raising grass here."

He could figure it out without even guessing.

"right."

Lin Caisang didn't deny it and nodded.

After she brought this pastry back, she studied it carefully and saw that there was a lot of corpse-raising grass in it.

Later, she went to research how to grow corpse-raising grass, and then she learned that the ghost tribe had such a thing as corpse-raising stone.

Otherwise, she wouldn't have known that what her brother Mo Lian brought back was the corpse stone.

"According to Mrs. Chen, she has been eating cakes made by Ling'er for two years, almost...every day."  
She said to Sui Zimo.
