

## Star of Space 1421

Chapter 1421 It's possible

"Since she wants your inner elixir, why not attack you directly?" Lin Caisang looked at her and asked.

Why did he have to go around in such a big circle, mutilate Mr. Chen, and beat his wife almost to death many times? It is really confusing to do such a thing.

"How can anyone take away the inner elixir of us ghost clan members?"

Hearing Lin Caisang's words, Ling'er snorted coldly. She obviously hated people like Old Mrs. Chen.

"If we hadn't voluntarily given away the inner elixir and then used our own ghost power to stabilize the inner elixir, who could have obtained our inner elixir? If it were so easy to obtain it, then the human race would have killed them long ago. The ghosts are gone."

"So, the reason why Old Mrs. Chen hasn't moved yet... No, isn't Old Mrs. Chen a member of the ghost tribe?" Lin Caisang said half of what he said. After a pause, he remembered another thing.

"Ling'er, are you trying to fool us again? Huh?"

She looked at Ling'er and asked her.

"Don't worry, we have plenty of time to listen to her explain what she said." Sui Zimo raised his hand and touched her head and said.

Ling'er: "..."

How could she lie, and why did she need to come to terms with it?

"Not all people from the ghost clan have inner elixirs. How can a ghost clan member like Mr. Chen have inner elixirs?" She sneered and explained.

That thief, Mr. Chen, doesn't have the inner elixir himself, so he just wants to take someone else's. Death even 11,000 times is not enough to offset the sins he has committed!

"Only after the inner elixir of our ghost tribe has been deposited in the body of a human tribe can it eliminate the aura of the original person and can it be used by other ghost tribe members. This is what Mr. Chen thinks.

He knew that Madam was very kind to me, so he set his sights on Madam! "

"Then why did he attack Mr. Chen?" Lin Caisang asked.

She still didn't understand this. Mr. Chen was a good man and there was nothing to offend Mr. Chen. Why would he attack Mr. Chen?

"Could it be that my master discovered some of his secrets?" Mrs. Chen said carefully.

She felt that it was very possible. Her husband was not stupid. He always saw injuries on her body, and the servants said that he was the one who hit her. He would always be suspicious, right?

"To be honest with Miss Lin and Mr. Ya, my master has no impression of beating me every time. At the beginning, he would ask me who beat me. Over time, he heard it more from his servants. , and he stopped asking."

Before, she always thought that her master was mad and lost his mind, or had some strange disease, so he beat her.

Now it seems that Old Mrs. Chen is the one causing the trouble.

"It's possible."

Lin Caisang nodded, indicating that Mrs. Chen's words were reasonable.

You wouldn't attack another person for no reason, right? What's more, this person is still his grandson in name only.

"Brother Mo Lian, should we go meet this old man Chen?"

She turned her head, looked at Sui Zimo, and asked.

"It's okay to meet for a while."

Sui Zimo nodded and stood up.

"I....."

When Ling'er saw them standing up, she stood up herself and was ready to go with them.

Who knew...

"You'd better stop causing trouble for us." Lin Caisang turned around and glanced at her.

Chapter 1422 Blood, blood sucking...

A person from the ghost clan who has lost his inner elixir goes with them to deal with Old Mrs. Chen. Is he going to help them, or is he going to cause them trouble?

She thought, it should be the latter, right?

"I....."

Ling'er opened her mouth, knowing that she was going to cause trouble.

But she really wasn't going to deal with Old Mrs. Chen. If she could deal with it, she would have dealt with it long ago. Why wait until now to invite the people from Wuzhu Tea House?

"I want to say that Mr. Chen is definitely not in his yard now. I will take you to where Mr. Chen is."

"He's not in his yard?"

Lin Caisang raised his eyebrows and glanced at the sky outside. It was still bright.

It might not be in his own yard. The Chen family is so big. As the only adult man in the Chen family, Mr. Chen naturally has his own affairs.

This is understandable.

However, they are actually not in a hurry at this moment, right?

"us....."

"When people from the ghost tribe come to the human tribe, they have to suck blood every day to survive. Old Mrs. Chen should be sucking blood in the dark room in the backyard right now."

Hearing Ling'er's calm tone, she spoke to them.

"hiss!"

When Mrs. Chen heard the word blood, she suddenly gasped.

"Blood, suck blood..."

"Madam, generally people from the ghost tribe only suck the blood of animals, but Old Mrs. Chen is different." Ling'er explained to Mrs. Chen.

"different?"

Mrs. Chen raised her hand and covered her mouth.

"He...he...he won't...suck...is..."

She couldn't say the word 'human', and she even swallowed in fear.

"I see!"

Suddenly, four words came out of Lin Caisang's mouth.

"Sonny?"

Sui Zimo looked at her and whispered her name.

"Jin... It is recorded in that book that if a person from the ghost or demon clan sucks human blood, with the help of some specific forbidden techniques, it will be impossible for people to tell whether he is a human or a ghost."

Lin Caisang said.

Unexpectedly, this old man Chen is still such a vicious person. He must have killed many people during his years in the human race, right?

"I...I just said...just...how is it possible?" Mrs. Chen was trembling and could not finish her sentence.

"Mrs. Chen, what do you want to say?"

Seeing her like this, Lin Caisang asked.

"What she wants to say is that servants in the Chen family have been missing over the years. They thought they had escaped and didn't make a fuss." Sui Zimo said.

In the past few days, he has gone out to find people to inquire about things more often. He naturally knows about the old affairs of the Chen family.

"Tsk tsk!"

Lin Caisang clicked her tongue twice.

This old man Chen is really a complete disaster.

If she doesn't get rid of this person, she won't be able to complete her mission, right? This guy is simply sinister, vicious, cruel and murderous.

Not to mention God, even she, who knew that this was a virtual world, couldn't stand it anymore and had to eliminate harm for the people.

"Okay, you lead the way, and we'll go meet this old man Chen together."

She looked at Ling'er and said forcefully.

Ling'er nodded immediately and left with Lin Caisang and Sui Zimo. Behind her, Mrs. Chen thought for a while, then thought about it again, then quickly picked up her skirt and followed.

She was still very scared after listening to their conversation.

Chapter 1423: Beat you to death, you old and immortal monster!

But when she heard that they were going to deal with Old Mrs. Chen, she suddenly wasn't so scared anymore. She wanted to watch Old Mrs. Chen be executed with her own eyes. She thought, even if she died in the future, she would die peacefully, right?

...

Not long after, in the most gorgeous courtyard in the backyard of the Chen Mansion, the door of the courtyard was pushed open heavily by Ling'er.

"What are you doing? Who let you in?"

In the yard, there were two of Mr. Chen's most trusted servants. When they saw someone coming in, they immediately came over and wanted to drive them away.

"Get out of here, this is the old man's scholarly courtyard. Who allowed you to come in? If the old man finds out, he will definitely not let you go. He is wise... ah!"

Before he finished speaking, he was hit by a long whip. The two people were thrown to different directions and fell heavily to the ground, but they all made the same scream.

"You talk so much nonsense, you should think more clearly!"

In the room, when he heard the sound outside, Mr. Chen, whose mouth was full of blood, raised his head and glanced at the closed door with ferocious eyes.

"who?"

His voice was completely different from before, as old as a ghost's voice.

'Bang—bang, bang!'

There was a sound of the door being kicked, followed by the sound of the door falling to the ground.

When the dust on the ground was kicked up, he saw two figures appearing in front of him, and he couldn't be more familiar with those two figures.

"It's you!"

"That's us!"

Lin Caisang and Sui Zimo strode into the room together.

After raising his hand and shaking it in front of his eyes, he focused his eyes to see the scene in front of him clearly, and he was immediately disgusted.

"Old monster, you are truly an evil person!"

I saw that Old Mrs. Chen was still holding a servant in his hand, and blood was still gushing out from his neck.

But Suo Xingren was not dead yet. When he saw someone coming in, he could still reach out and ask for help from Lin Caisang and Sui Zimo.

"help me....."

"I'll beat you to death, you old immortal monster!"

Lin Caisang gritted his teeth and threw the Wind Spirit Whip in his hand towards Old Mrs. Chen.

Mr. Chen's eyes were sharp, and he immediately threw the servant in the direction of Lin Caisang. Lin Caisang, with the Wind Spirit Whip in his hand, immediately picked up the servant who was thrown away and pulled him away. Thrown out of the room.

"Brother Melian."

She raised her head and looked at Sui Zimo.

"Give me the Wind Spirit Whip and leave this to me." Sui Zimo just glanced at her and spoke.

"good."

Lin Caisang nodded and handed the Wind Spirit Whip to him without thinking. After watching him take it, he exited the door.

She stayed in the room just to cause trouble for her brother Mo Lian. As the Wind Spirit Whip was in her hand, it didn't make much difference whether she had it or not. It was better to leave it to brother Mo Lian.

"Miss Lin..."

In the yard, Mrs. Chen, who was following closely, saw Lin Caisang coming out of the room, and then looked at the servant who was thrown out with blood all over his neck, and her heart was beating.

"What are you still doing? Come here and help me to the side."

Lin Caisang glanced at Mrs. Chen and Ling'er and gave them instructions.

If you don't help the person to the side now, if the people in the room start fighting, you will definitely not be able to use your skills in that room, and you will still have to come to this yard.

She can't help Brother Mo Lian, so she can't cause him any trouble, right?

Only then did the two people react, quickly walked over, and helped the servant aside.

Chapter 1424 Dare to push me? !

Lin Caisang first checked the servant's neck and found that the blood vessels had not been bitten yet, but saw that there was more blood. He immediately took out the medicinal powder from his small satchel and sprinkled it on the wound.

"Miss Lin, how is he...?" Mrs. Chen asked.

"Can't die."

Lin Caisang replied to her with three words.

She didn't know whether it was really impossible to die, or whether Mrs. Chen felt that it was not cost-effective to kill a person all at once and wanted to keep him alive slowly and slowly suck blood.

‘Bang! ’

There was a loud noise and the entire wall collapsed. The first person to fall out was Old Mrs. Chen.

Immediately afterwards, Sui Zimo leisurely walked out of the collapsed wall and looked at Old Mrs. Chen who was almost integrated with the collapsed wall.

Old Mrs. Chen raised his hand and slapped it on the broken wood next to him. The next second, he flew up in the air, his palm became like claws and attacked Sui Zimo.

‘Pah, pah! ’

The sound of the Wind Spirit Whip followed closely and swept Old Mrs. Chen to the ground again.

Seeing Sui Zimo using the Wind Spirit Whip, Lin Caisang, who was watching from the sidelines, couldn't help but twitch the corner of his mouth.

If it weren't for her brother Mo Lian still beating him, she really wanted to ask why he asked her to use the wind spirit whip as a weapon. At least when she beat the two servants just now, the one who took the whip was sucked. When it comes to serving people with blood, they are still accurate.

But as for her brother Mo Lian, it took him two whips to hit Mr. Chen.

And Mrs. Chen is right opposite him.

But even so, Mr. Chen is not Sui Zimo's opponent. Their abilities are not at the same level at all. It can be seen that for the people in the virtual mission, even the ghost tribe will not be like them without bamboo forest. opponent's.

"Fortunately, the system still has such a setting, otherwise..."

She took another look at her brother Mo Lian who was fighting with Mr. Chen. The Wind Spirit Whip was still so inaccurate that she snarled again.

The sound of the Wind Spirit Whip is absolutely unique, and as soon as the Wind Spirit Whip is swept, almost the entire Chen family hears the sound of the Wind Spirit Whip and is rushing towards them.

After fighting for several rounds, Old Mrs. Chen fell behind and was swept to the ground again by Sui Zimo, spitting out a mouthful of blood.

"puff!"

The Wind Spirit Whip in Sui Zimo's hand was finally somewhat accurate, and he directly tied up Mr. Chen, making him unable to move on the ground.

"master!"

At this moment, Mrs. Chen just arrived.

Seeing that her husband had been bullied by outsiders and suffered so miserably, her eyes suddenly turned red and she was about to rush towards Sui Zimo and fight him desperately.

"What are you going to do?"

Mrs. Chen took three steps and two steps at a time, and directly pulled the person back with great force.

"ah!"

Mrs. Chen was pulled back a few steps by her, and she fell to the ground, her whole body being thrown to pieces.

"Mo Tong, you little bitch, how dare you push me?!"

Before she woke up, she endured the pain in her butt and cursed at Mo Tong.

"I should have known that you had no good intentions when you married into our Chen family. You killed my good grandson last time, and this time you want to attack me and the old man again, right?"

Mo Tong: "..."

She was provoking someone. It was obviously for Mrs. Chen's benefit.

She rushed over like this. If Mrs. Chen went crazy and beat people without care, would Mrs. Chen with her old bones be able to withstand the blow from Mr. Chen?

Chapter 1425 The fear in my heart

"Shut up, you!"

She shouted sharply at Mrs. Chen.

"I really thought this old monster was your husband, but he's not anymore!"

"What?!"

Mrs. Chen listened to her words, although the expression on her face seemed as if she didn't understand.

But even if she didn't understand, she still screamed and looked in disbelief at Old Mrs. Chen who was lying on the ground unable to move after being stepped on by Sui Zimo.

"He He....."

She pointed at Old Mrs. Chen with trembling hands, and suddenly she felt no pain in her body.

"Mo Tong, you little bitch, stop talking nonsense and confusing people with your evil words. You are a rebellious thing. Even if our Chen family looks down on you, you are still someone who was bought by our Chen family, and you belong to my Chen family. lady!

Now, you actually brought outsiders to harm the Chen family. Tell me, did you bring these outsiders to kill my good grandson? You're a piece of shit that's been stabbed a thousand times, it's just..."

'Snapped! '

A big slap fell directly on Mrs. Chen's face.

Lin Caisang couldn't stand it any longer, so he stepped forward unceremoniously and greeted Mrs. Chen in the face.

She reached out, grabbed her chin, and turned her head towards the servant whose neck was bitten by Old Mrs. Chen.

"Mrs. Chen, please show me clearly. Just now, that servant who was dripping with blood almost had his neck bitten off by what you call Mrs. Chen!"

"hiss!"

Even if she didn't believe it, Mrs. Chen gasped when she saw the blood on the servant's neck.

"No, it's impossible. Stop lying to me. My master won't..."

"ah!"

A scream interrupted her words.

After Lin Caisang loosened her chin, she turned to look at Old Mrs. Chen who was being stepped on by Sui Zimo.

But he saw him glaring at Sui Zimo with a grin on his face. His originally withered yellow teeth were now bright red, and even though his face was covered with dust, he could still see traces of blood, not a trace of it. It doesn't look like it came out of your mouth.

"This...this is impossible, impossible!"

If this old lady Chen is fake, then what has she done in these years?

In the past few years, she had been doing a lot of immoral things with Mr. Chen. Everything she did was done for him, and she was misunderstood by many servants because of this.

What kind of things is she doing?

"Is it possible? Let's prove it with facts."

Lin Caisang sneered, turned to look at Sui Zimo, and walked in his direction.

"You two bitches, if I had known I should have killed you the moment you entered Chen's house, and you could have sucked a few more meals of blood!" Old Mrs. Chen raised his neck and saw Lin Caisang going towards him. Bian came over, grinding his teeth in anger.

"It's a pity that we can't do what you want." Lin Caisang smiled carelessly.

She had heard such cruel words so many times. At most, they were treated as a joke, and there was really nothing to care about.

"Brother Mo Lian, here you go."

She handed the porcelain bottle in her hand to Sui Zimo.

Sui Zimo took it, opened the red lid, and squatted down on Old Mrs. Chen's chest.

"ah!"

Because Sui Zimo squatted down, the pressure on his chest became even heavier, causing him to scream again in pain.

But even so, the pain on my body at this moment is far less than the fear in my heart.

Chapter 1426 Still wants to harm people!

"You...what are you doing?"

Seeing that the porcelain bottle in Sui Zimo's hand was about to be pushed to his mouth, he turned his head and gritted his teeth to resist.

But how could Sui Zimo let him get what he wanted? He stepped hard on his feet, making old Mr. Chen lose the strength to even raise his hand. Then he stretched out his free hand and pulled his head over.

"Ugh, cough cough."

The entire potion in the porcelain bottle was poured into Old Mrs. Chen's mouth.

After a while, when Sui Zimo stood up and let go of his feet, he saw Old Mrs. Chen covering his face with both hands, rolling on the ground, crying and howling.

"What...what's the situation, he...what's wrong with him?"

Mo Tong looked at Old Mrs. Chen's miserable appearance, couldn't help but trembled, and asked.

Why did she feel that Mrs. Chen was about to melt after being forced to take some medicine? Is this her illusion?

"It's nothing, it's just a potion that makes him reveal his true form. It's nothing." Lin Caisang explained calmly.

However, it was precisely because of this explanation that Ling'er beside him took a breath of air.

She didn't know what Lin Caisang gave Old Mrs. Chen to eat, but judging from Old Mrs. Chen's current situation, it was clear that he was about to appear as a ghost.

I couldn't help but raise my head and glance at the sky that was not yet darkened.

People from the ghost tribe will automatically switch to the human race form when they arrive at the human tribe. This is the same for ghost tribes, demon tribes and spirit tribes.

She has never heard of any kind of potion that can make the human form of the ghost tribe disappear and return to its original body. What will be the consequences of this ghost tribe returning to its original form in the human race...

It was really unimaginable for her.

Old Mrs. Chen was still rolling there in pain, but a faint black energy began to emit from his body. His whole body became a little black, and even his clothes began to turn black.

"You villains, I will avenge myself sooner or later, just wait!"

While his body was in terrible pain, he was still saying harsh words to Lin Caisang and Sui Zimo.

In this life, he had never suffered such pain. It was as if he wanted to tear down all the bones in his body and rebuild them. What could be more painful than now?

there is none left.

"I won't lose, I won't lose, Mo Tong!"

As if he suddenly remembered something, he glanced in the direction of Mrs. Chen with sinister eyes. Holding back the pain in his body, he stretched one hand forward and threw himself in the direction of Mrs. Chen.

"Depend on!"

Lin Caisang couldn't help but curse.

She thought about raising her hand and using the Wind Spirit Whip to roll Old Mrs. Chen back, then she remembered that her Wind Spirit Whip had been lent to her Brother Mo Lian.

Just when she was anxious, she saw the Wind Spirit Whip in Sui Zimo's hand swiping in the direction of Old Mrs. Chen, and then directly pulled him back, and then slapped him heavily on the ground.

"Death is coming, and you still want to harm people!"

I was really shocked by the toughness of this 'little grass', Old Mrs. Chen. I followed the example of Sui Zimo and stepped on his chest.

"How about, before you die, tell us what you have done over the years, and maybe we can relieve your pain? Huh?"

She raised her eyebrows at Old Mrs. Chen and suggested.

"You...don't even think about it!"

How could Mr. Chen obediently follow Lin's wish to pick mulberry trees? He gritted his teeth and turned away.

Chapter 1427 What did you do to me?

"Don't even think about it?"

Lin Caisang raised his eyebrows, raised his eyes and glanced at his brother Mo Lian, then looked at Old Mrs. Chen.

"This girl really doesn't know how to write these two words. You have to think about it even if you don't want to!"

With that said, she took out a porcelain bottle again and poured a pill from it. She was about to bend her foot and stuff it into Old Mrs. Chen's mouth, but was stopped by Sui Zimo.

"I come."

Sui Zimo took the elixir from her hand, and with a backhand, he stuffed the elixir into Old Mrs. Chen's mouth.

"You two devils! What are you going to give me to eat again?!"

Old Mrs. Chen was really angry, but it was useless no matter how angry he was. He obviously couldn't defeat these two.

"Of course it's medicine that can make you tell the truth, what else can it be?" Lin Caisang raised his feet, sat down on the side, and waved to Sui Zimo.

"Brother Mo Lian, come and sit too."

Sui Zimo glanced at Old Mrs. Chen, then walked towards Lin Caisang and sat down next to her.

Old Mrs. Chen's chest was no longer stepped on, and the potion given by Sui Zimo had taken effect, so he no longer felt so painful and stood up slightly tremblingly.

After taking a look at Lin Caisang and Sui Zimo, his eyes kept circling in the yard, thinking about how to escape from this ghost place.

The servants looked at Old Mrs. Chen who had turned into a member of the ghost tribe. No one dared to step forward, for fear of being caught by Old Mrs. Chen and becoming like the servant with blood all over his neck.

"master....."

Only Mrs. Chen seems to have not accepted the fact that the man she has spent her whole life with has been replaced by another person.

"what are you doing?"

Seeing that Mrs. Chen actually wanted to step forward at this time, Ling'er stepped forward and stopped her.

"Why, after living with this old monster for a long time, you want to go forward and seek death. After letting him suck your blood, can you escape from this place?"

"I....."

Mrs. Chen opened her mouth.

Although she is very old, who would want to seek death, and she is no exception.

But, is the person in front of her really not her old man?

How could this be a fact? She really couldn't believe how she would live in the future!

"What's the matter, do you want to leave?"

Lin Caisang looked into Old Mrs. Chen's thief-like eyes and asked him funny.

"Come, sit on the stool over there, and let's have a good chat."

"Don't even think about it!"

Mr. Chen had just finished speaking when he found his body walking towards the stool pointed by Lin Caisang involuntarily, and after his horrified look, he sat down.

"W-what did you do to me?"

"What else can I do, of course...make you behave." Lin Caisang raised his eyebrows.

...

In the golden bead space, Sui Zimo handed the wind spirit whip in his hand to Lin Caisang.

"I can't believe that things turned out to be like this."

However, it turns out that the Chen family's fortune was actually obtained by the real old Mrs. Chen at the cost of his own life for the fake one. The two heads of the Chen family both discovered the weirdness of the fake old Mr. Chen. He was silenced.

Mrs. Chen, Mo Tong, was originally just a minor figure in the Chen family and could not get the attention of Mrs. Chen.

But unfortunately, because he saved Ling'er from the ghost clan, who had the inner elixir, he was tricked by the fake old man Chen. Only then did a drama as big as that of the Chen family begin.

Chapter 1428 It's my fault

"Is the mission completed?" Sui Zimo asked her. perform

"Of course it's done."

Lin Caisang gave him an OK gesture with a smile on his face.

For someone like the fake old man Chen, dying ten thousand times is naturally not enough to erase his sins, so there is only one option, right?

And she also successfully rescued Mrs. Chen who was left with only one breath, and took out the inner elixir that would attract prying eyes from Mrs. Chen's body, and gave it back to Ling'er.

Mrs. Chen couldn't accept the fact that the man she had served for many years was not her husband. A few days after the fake Mrs. Chen got the punishment he deserved, she went crazy.

And Mrs. Chen...

A person who is cruel but not courageous, without Mrs. Chen's support, is nothing in the Chen family.

Mrs. Chen brought her two sons back and, with the help of Ling'er, took over the power of the Chen Mansion.

At this point, this virtual mission has come to a perfect end, right?

"Brother Mo Lian, I'm not telling you, you're not as good at using the wind spirit whip as I am, so don't use it anymore, just use the sword." With the task completed, she had time to complain about Sui Zi Mo.

.

"Um."

Sui Zimo nodded seriously.

"Next time you do a virtual mission, just bring the weapon with you."

"What's the meaning?"

After hearing his words, Lin Caisang was stunned.

"I can't get my own weapons in your golden bead space." Sui Zimo looked at her and said word by word.

Lin Caisang: "!!!"

Before doing the task, for convenience, after arriving at Wuzhu Teahouse, she put away Sui Zimo's long sword and her Wind Spirit Whip and put them back into the Golden Pearl Space.

She put it back, but she really never thought that this was her golden bead space, and her brother Mo Lian couldn't take anything out of it.

"It's my fault that I forgot such an important thing."

She raised her hand, touched the tip of her nose, and spoke quietly.

"It's okay."

Sui Zimo raised his hand and patted her cheek.

...

On the second day, Lin Caisang was still determined to send Sui Zimo back to Shaohua City, and then gave her grandpa acupuncture and massage.

She only had to take care of the two guests on Menghuang Mountain. After doing this, she found that the time left for her to herself throughout the whole day was extremely pitiful.

But she didn't feel that she shouldn't do any of these things.

"Third Aunt, can I take your pulse?"

With a little free time, Lin Caisang looked at Yang Lin walking around with a big belly in the yard and suggested.

"No, your third uncle just invited the doctor to visit him a few days ago." Yang Lin smiled and refused.

Now that her family has money, she won't be reluctant to pay the doctor for a consultation. Although she thinks it is unnecessary, her father-in-law and mother-in-law don't think so, and they always urge her head of the family to ask the doctor to diagnose her pulse.

It had only been a few days since I had my pulse diagnosed.

Sang Sang was so busy that she had to check her pulse all day long. She felt tired for Sang Sang just looking at it.

"Let Sangsang show it to you."

On the side, Lu Qiubo, who was choosing vegetables, glanced at Yang Lin and said something.

Although she also felt sorry for her granddaughter and didn't want her to be too tired, it was better to trust others than to trust her own granddaughter. She felt it was still necessary to check her pulse or something.

Chapter 1429 Swing to a thousand miles away

"Third Aunt, I'd better check your pulse. It's always right to be careful in everything. You are carrying two babies, so you can't be careless at all." Lin Caisang added.

"Oh well."

Yang Lin hesitated for a moment, then nodded.

Her niece was so considerate, and she was really touched.

...

Shaohua City.

In the villa where Sui Zimo lived, there were many memorials in the secretary.

"It seems that he really does everything possible."

He snorted lightly, with a faint smile on his lips, and the pursuers came here, using the excuse of letting him handle the memorial.

"But let the people in the palace find out something, huh?"

"Your Majesty, the person sent here from the palace is Xiao Guizi..."

"Um?"

Before he could finish his words of banishment, Sui Zimo swallowed all the rest of his words back into his stomach under Sui Zimo's sharp eyes.

"No, it's Eunuch Gui."

Realizing that he had said the wrong thing, the skin on his back tightened.

Eunuch Gui was the closest person they placed to the emperor, but he couldn't stand his carelessness at all.

"He seems to be here to find out if the girl you brought out is Miss Lin's. This seems to be...the emperor's suspicion."

"Ah."

Sui Zimo sneered again.

"He's actually smarter.

"Then do we want to let some wind out?" Ban Jue asked him.

"What's going on?" Sui Zimo asked him.

There is nothing to show off. There is only Sonny beside him. Sooner or later, everyone will know about this. If you doubt it now, let them doubt it. It's not a big deal.

"Well."

Ban Jue was choked by his question.

"Your Majesty, there is news from the palace that the emperor has ordered Wei Guo to install a spy in the Liang Kingdom to inquire about Miss Lin."

He warned.

"so what?"

Sui Zimo didn't take it seriously. He deliberately let the news out, didn't he?

Presumably, if those people in the palace knew that his son still held Liang Guo's death-free gold medal, they would definitely want to eat him, right?

"Exiled Jue, you go arrange something."

He waved to Ban Jue, who immediately listened.

He only heard his own prince whispering a few words in his ear, and his face immediately became colorful and wonderful.

"My lord, if you do this, aren't you afraid that the Wind Spirit Whip in Miss Lin's hand will swing you thousands of miles away?"

"Um?"

Sui Zimo's eyes sharpened and he glanced at him again.

"Well."

Ban Jue was immediately stared at, his scalp numb, and his expression turned serious.

"Your Majesty, my subordinates will take care of it immediately."

"Um."

Hearing his answer, Sui Zimo nodded with satisfaction.

...

A few days later, a person came to a villa in Jian'an City.

After seeing this person, the eldest princess called Lin Changfeng, Lin Changhong and Lin Chushui in front of her.

"Mom, are Chu Shui leaving now? We have only been in Jian'an City for a few days?" Lin Changhong looked at Lin Chushui, then at his mother, and asked.

Lin Chushui's biological parents would come earlier or later, but it was really not the right time to come at this time.

"Those are Chu Shui's parents."

The eldest princess glanced at her son helplessly.

If this son hadn't been her biological son, she would have slapped him.

As someone who has experienced it, she has a deep understanding of the pain and missing her child without her.

Chapter 1430 Come here

"Chu Shui, what do you mean, do you want to go back now?"

She looked at Lin Chushui and asked.

"I....."

At this moment, Lin Chushui's face was a little pale, as if he had never thought that his biological parents would come to his door.

"Auntie, did Sister Sangsang bring me anything?"

After hesitating for a long time, he finally asked.

He really didn't care about anything else. He had never met the so-called parents. In comparison, he trusted Lin Caisang more, the sister who saved him from trouble.

"you say."

The eldest princess looked at the person beside her.

"Mr. Chu Shui, the master of the palace has sent a letter. The meaning of the letter is that Miss Lin will listen to your own wishes in everything. No matter whether you stay or leave, she will support you.

Of course, if you want to leave, Miss Lin and my palace master will definitely arrange everything for you.  
"

The man looked at Lin Chushui seriously and said every word.

Hearing this, Lin Chushui gritted his teeth.

"I think I'll go back and take a look first, okay?"

After thinking for a long time, he looked at the eldest princess and spoke to her.

"Um."

The eldest princess nodded.

"Let's do this, Chang Hong. You go back with Chu Shui first. The two of you will take care of each other on the way. When you get home, you can come back when you want.

She looked at her son.

Lin Changhong: "..."

He silently rolled his eyes in his mind.

It will definitely take two months to go to Ye County again and again. When he comes back, will he follow his mother and Brother Changfeng back to Ye County?

Then wouldn't he have been on the road for months?

"Mom, I'd better stay at home and observe Chu Shui's parents first. As for coming to Jian'an City again, there will be plenty of opportunities in the future. Besides, isn't Sangsang going home? I just happen to be with her."

He could still tell which of the two things was more important.

"good."

The eldest princess nodded.

"Then you go and get ready. Walk a little hastily. Don't be too hasty on the way. Just take your time."

"Yeah." Lin Changhong responded.

...

Yacun.

Ya Jinghong's family were all imprisoned.

However, no one would care whether this family appeared in Yacun, and even if they disappeared, no one would ask what happened.

Beidou and Nangong Piao'er received Sui Zimo's order and never gave up questioning the family.

After using the elixir given by Lin Caisang, the family had almost everything they needed to dig out of their stomachs, but... Nangong Piao'er still had some doubts in her heart.

"Beidou, come here."

She waved to Beidou, and the two of them left the room and went to the yard to chat quietly.

"What's wrong? Did you find anything?" Beidou glanced at the yard and turned back to ask Nangong Piao'er.

"Didn't you notice that Ban Yilu's internal strength is obviously higher than that of Ya Jinghong's second mother? For someone like this, I doubt how the mistress found out that she was following her."

Is it based on guessing?

Nangong Piao'er's eyes were full of confusion, and she was even more confused in her heart.

"She has deep inner strength, I discovered it."

Beidou raised his hand and hugged his chest with one hand. The other hand supported the arm he was holding, gently supporting his chin.

"I used Mistress's medicine on them before, and I discovered that the others didn't tell a lie, they all told the truth, but Ban Yilu, she obviously gritted her teeth and concealed something. of."
