

Star of Space 1431

Chapter 1431 How weird?

You know, how many people can withstand the medicine given by their mistress?

But this Ban Yilu was actually able to withstand it. Compared with Ya Jinghong and Ya Erniang, he was obviously much more powerful.

But such a person happened to be Ya Jinghong's daughter-in-law, and she was threatened, beaten and scolded by Ya Jinghong every day, and she was so overwhelmed that she couldn't breathe.

Is this normal?

The answer is of course impossible. This Ban Yilu must have some secret that even Ya Jinghong and the others don't know.

"How about we go talk to you about this?" Beidou suggested.

"I'm not here anymore."

Nangong Piao'er rolled her eyes and said.

Their prince is like a dragon that never comes to an end. How can they know where he is?

"Then go talk to the mistress and listen to her opinion." Beidou said.

Hearing this, Nangong Piao'er thought for a moment and nodded.

"Okay, you stay here and I'll come back."

Just go and tell the mistress. In their place, there is nothing that cannot be told to the mistress. Their masters can talk to the mistress about everything big or small.

"good."

Beidou responded and watched Nangong Piao'er leave.

"Beidou, what are Piao'er doing?"

In the yard, Ya Enxi happened to come out, and when she saw Nangong Piao'er leaving, she asked.

"I have something to ask my mistress for her opinion. Have you asked anything else?" Beidou asked him.

Hearing this, Ya Enxi curled her lips and shook her head.

"There should be nothing to complain about. Ya Jinghong really can't stand being intimidated at all. He can attract anything." Ya Enxi said.

Fortunately, the prince did not take that guy Ya Jinghong as his own, otherwise, as long as the enemy scares him, the prince will definitely be betrayed.

"Where are you?" he asked.

"Piao'er and I think Ban Yilu is a bit weird, so why don't Piao'er want to ask the mistress what she means?" Beidou said.

"oh."

Ya Enxi responded.

"That's it, we'll just wait."

The mistress will definitely come over to check on the situation. If Ban Yilu is really weird, the mistress will definitely be able to see it.

...

"eccentric?"

Lin Caisang, who had just walked down the mountain path carrying a small basket of fruits, met Nangong Piao'er.

Hearing Nangong Piao'er's words, she stopped and looked at her.

"How weird?"

"My subordinates thought that Ban Yilu had very high internal energy. Even after taking the pill you gave me, I still managed not to tell everything." Nangong Piao'er said.

"Um?"

Hearing this, Lin Caisang raised his eyebrows.

She actually became really interested in this Ban Yilu.

In fact, she has never been able to figure it out. If Ban Yilu is really on the same side as Ya Jinghong and the others, then why does she go against Ya Jinghong and Ya Erniang in everything?

Although Ya Jinghong and her brother Mo Lian didn't talk about everything, they were still the best friends in the village.

But since Ban Yilu got married, due to her interference, the brothers who were good friends have broken up, gone further and further away from each other, and now they have become natural enemies.

Although they themselves are hostile, as a craftsman, Ban Yilu did not want to make the relationship between Ya Jinghong and Sui Zimo better, but instead threw stepping stones at Ya Jinghong's feet. Isn't this abnormal?

"Go and have a look."

Chapter 1432 Let me go...me

"Yes, Mistress." Nangong Piao'er responded.

The two of them quickly arrived at the bamboo house. After putting down the basket, Lin Caisang went to the room where the female family members of the Ya family were detained.

Seeing that Ya Erniang was in a daze, she was lying on the ground motionless. It looked like she was tortured to the point of being confused, and she must have vomited out everything that needed to be vomited out.

On the other side, Ban Yilu was much better than Ya Erniang. She was in good spirits, and at least she could still see her presence when she arrived.

"Lin Caisang!"

Ban Yilu gritted her teeth and glared at Lin Caisang hatefully, as if she wanted to eat her.

Lin Caisang just raised his eyebrows and slightly raised his red lips.

"You seem to be in good spirits. Do you still remember me?"

Arriving next to Ban Yilu, she squatted down so that her eyes were level with hers.

"I heard Piao'er say that you really want to see me. No, I took some time out of my busy schedule to come and see you. How about it? Are you living a good life here?

This treatment seems to be better than that of other people in the Ya family. "

"you--"

After hearing what she said, Ban Yilu's words were stuck in her throat, and she almost spit out a mouthful of blood.

Her treatment, what kind of treatment can she get?

What happened to others in the Ya family, how did she fall behind? Being drugged, beaten, and questioned, what has she never experienced?

It's just that her mouth was a bit tougher and she didn't say what she shouldn't have said.

"I really want to eat you alive!"

Thousands of words were gathered into one sentence, representing all her thoughts at the moment.

"Let...let me go. I...I have...said everything. Let me...let me go."

On the other side, after hearing Ban Yilu's voice, Ya Erniang seemed to wake up a little. After seeing Lin Caisang's back, she raised her hand towards her, as if she wanted to grab something, and said in her mouth He kept talking about it.

"Tsk."

Lin Caisang turned around and glanced at Ya Erniang again.

"Beidou, Piao'er, you are good at interrogating people."

She remembered that Ya Erniang had the toughest mouth in the past. If it weren't for her son, she would really not say anything.

But look at Ya Erniang now. All she was mumbling about was letting her go and not mentioning her son at all.

"Mother is just laughing, it's just some small tricks." Beidou replied lightly.

"Mother, you want to ask, did your subordinates throw these people into other rooms?" Nangong Piao'er looked at the others except Ban Yilu and asked aloud.

"No need, just take her out." There is no need to defile another room.

Lin Caisang didn't say the last sentence, and was too lazy to say it.

After hearing her order, Beidou and Nangong Piao'er directly dragged Ban Yilu out with one hand and threw him into the yard.

At this time of year, although it has not yet reached the real rainy season in Ye County, it sometimes rains for a few days. Today, it is raining, and Lin Caimulberry is wearing a raincoat when going into the mountains.

Ban Yilu was directly thrown into the rain by the two of them.

"you....."

After a while, when Lin Caisang walked out, Ban Yilu was already soaked.

She raised her hand and feebly wiped the rain off her face, but she couldn't wipe it clean, while breathing heavily.

"Lin Caisang, you can kill me if you want. What's the point of torturing me like this? Is it interesting?"

Chapter 1433 You are from Qianhuan Continent!

With red eyes, she looked at Lin Caisang, who was standing under the eaves without being hit by a drop of rain, and gritted her teeth.

"Of course it's interesting, why is it not interesting anymore?" Lin Caisang raised his eyebrows, blinked a few times, and looked at Ban Yilu with a charming smile.

"Is there anything in this world that can compare to the pleasure of watching one's enemies suffer in front of one's own eyes? What's more, Ban Yilu, you've done a lot to stumbling upon me, haven't you?"

Ever since she got close to Sui Zimo, Ban Yilu had been stumbling upon her secretly.

Although each of those things was not a big deal in total, they were not worth mentioning to her.

But if we talk about it at this time, it is actually quite good.

"Seeing you being tortured here now, I don't know how excited I am. If I hadn't been kind-hearted and couldn't bear to do things like killing, I would have really wanted to do it myself."

Beidou and Nangong Piao'er on the side: "..."

Mistress, are you serious? You don't look like a master who can't bear to kill, do you?

Ban Yilu felt uncomfortable: "!!!"

As Lin Caisang looks like now, is he a person who can't bear to kill?

You know, instead of torturing her like this, it would be better to give her a happy life, but Lin Caisang didn't do that. What she did made her more uncomfortable than killing her.

"Lin Caisang..."

"Okay, I don't have time to talk nonsense here with you. There are still many things at home."

Just as Ban Yilu was about to speak, she was interrupted by Lin Caisang who raised her hand. The corners of her lips slightly raised again, looking at Ban Yilu with her charming eyes.

"Tell me, who is your master?"

"I don't understand what you are saying. Didn't Ya Jinghong and the others say that our master is the Queen Mother of Weiguo?" Ban Yilu replied without thinking.

"Um."

Lin Caisang nodded, as if he agreed with her words.

"Of course I believe Ya Erniang and Ya Jinghong. They are definitely people sent by the Queen Mother, but you... that's not necessarily the case."

She raised her eyebrows at Ban Yilu.

"What do you mean?"

Ban Yilu's eyes narrowed slightly, and she was so shocked that she even forgot to wipe the rain off her face.

She couldn't help but feel a thump in her heart and secretly screamed something bad. Could it be that her identity was discovered by Lin Caisang?

"It just so happens that there are two people in my family who came from Qianhuan Continent. Do you want me to call them here to test whether you have... spiritual power? Huh? Ban Yilu."

Just when Ban Yilu was confused, she heard Lin Caisang's words again.

"hiss!"

Ban Yilu gasped.

But she quickly calmed down, knowing that this was simply Lin Caisang using words to deceive her. Even a person like Sui Zimo would not be able to know the people in Qianhuan Continent, let alone those two people. Still living in Lin Caisang's home.

If she didn't know what kind of people there were on Qianhuan Continent, how could she live in Lin Caisang's house, such a shabby place!

"You...what are you talking about? I have never heard of Qianhuan Continent!"

"never heard of that?"

Lin Caisang raised his eyebrows.

"It's a pity that the look in your eyes just now has betrayed you. Ban Yilu, you are from Qianhuan Continent!"

She said this with absolute certainty.

Chapter 1434 Is it the inscription spell?

"Mother, are you saying that Ban Yilu is from Qianhuan Continent?"

After hearing her words, Nangong Piao'er and Beidou were shocked. No matter what they thought, they couldn't have imagined that Ban Yilu was actually from Qianhuan Continent.

"This... Mistress, are you mistaken? This Ban Yilu..." Beidou shook his head.

It was really hard to believe that Ban Yilu, who was as stupid as a pig in their eyes, could actually be a hidden master.

Except for those in the mistress's family, they had never seen anyone on Qianhuan Continent, and Ban Yilu was just hiding beside them without revealing anything.

"You're talking nonsense, I'm not!"

Ban Yilu denied it, wondering how Lin Caisang guessed her identity. She had always hidden it well.

"Am I talking nonsense? Ha."

Lin Caisang chuckled, reached out and took out a porcelain bottle from his small satchel, held it in his hand and played with it.

"I have always been very confident in the elixirs I refine."

She refined it according to the elixir recipe in the golden bead space, so how could she not be confident?

"But unfortunately, it doesn't work for you. It can still make you fight to the end without even telling the truth. I really can't think of any other solution except that you use your own spiritual power to match the medicinal power of the elixir. What else is possible to contend with?"

She looked at Ban Yilu and said word by word.

"Think about it, the purpose of why you were sent here should be different from Ya Jinghong and the others, right?"

"you....."

Ban Yilu opened her mouth, but didn't know how to refute Lin Caisang's words.

"You deliberately destroyed the brotherhood between Ya Jinghong and Sui Zimo, and you did it on purpose. The purpose was to prevent Ya Jinghong from getting close to Sui Zimo and get information from him.

Therefore, no matter who you are, your coming to Yacun is actually indirectly helping Sui Zimo.

I think I should really thank you, right? "

Hearing this, Ban Yilu gritted her teeth, wishing that hundreds of holes could be made out of Lin Caisang's body.

"Now that things have happened, Mistress has already guessed your identity. Why don't you tell the truth? Ban Yilu." Nangong Piao'er walked over and advised Ban Yilu.

"Piao'er, Beidou, put her in another room and change into clean clothes before coming out."

Lin Caisang ordered the two of them.

"Yes, Mistress."

The two responded and pulled Ban Yilu, who was sitting in the rain, to a clean room.

...

After a while, Ban Yilu, who had been cleaned up, appeared in front of Lin Caisang.

At this moment, not only Nangong Piao'er and Beidou, but also Ya Enxi and Ya Yufeng were standing nearby, waiting for Ban Yilu to tell them everything they wanted to hear.

only.....

"I won't say anything, so just give up." Ban Yilu just told them this, and then sat down on the chair closest to her.

Ya Enxi and Beidou: "..."

Ya Yufeng and Nangong Piao'er: "..."

They have been waiting for so long, and this is what they are waiting for? Believe it or not, they killed this woman with one knife!

"you....."

"Is it the inscription spell?"

Just when several people were about to say harsh words to Ban Yilu, they heard Lin Caisang's faint voice ringing in their ears.

The four of them turned around in surprise at the same time and looked at their mistress.

"You...how did you know?!" Banyi showed that he was shocked.

Chapter 1435 Mistress, my sword...

This is a spell on the Qianhuan Continent. How did Lin Caisang know about it? Could it be that she really worshiped some great master and came down from Qianhuan Continent?

"Mother, what is the inscription spell?" Ya Yufeng asked.

Hearing this, Lin Caisang turned his eyes and glanced at Ya Yufeng and the others lightly.

"There are many kinds of inscription spells. In fact, the most common one is the silence spell. It is usually cast on subordinates to prevent them from betraying themselves. So, no matter what you ask Ban Yilu, she is I won't say it."

"Tsk."

Beidou let out a light 'tsk'.

"There is such a magic in this world, it's really amazing.

Since it is a forbidden speech technique, it must not be from their place, but from Qianhuan Continent.

It seems that the mistress really guessed it right. Ban Yilu is really from Qianhuan Continent, and she is the opposite of the emperor and the empress dowager's faction.

"Since I can't say anything, let's forget it."

Lin Caisang didn't force it. Anyway, with her current ability, it was impossible to unlock the forbidden magic in Qianhuan Continent.

"Mother, she..."

Nangong Piao'er looked at Ban Yilu.

"Of course I'm keeping it. Do you still want her to get out? Are you going to spread all our affairs? Huh?"

Lin Caisang interrupted Nangong Piao'er's words. Nangong Piao'er wouldn't think that she would be soft-hearted and let Ban Yilu go because of the things she guessed, right?

"My subordinates dare not. Nangong Piao'er immediately shook his head.

How dare she think that? There are still many unsaid secrets about this Ban Yilu. How could she just let them go?

"Um."

Lin Caisang nodded.

"Place her in a safe place and have someone guard her."

While speaking, she took out a pair of heavy iron chains from the Jinzhu Space and handed them to Ya Enxi and the others.

"To prevent her from escaping, put this on her," she ordered.

"Yes, Mistress."

Ya Enxi connected the iron link to his hand and responded.

"laugh."

When Ban Yilu saw the iron chains, she sneered disdainfully.

Would she, a person from Qianhuan Continent, be defeated by a mere iron chain? If Lin Caisang's poison wasn't so powerful and he caught her when she wasn't paying attention, how could she let them do whatever they wanted?

However, sooner or later, she will force the poison out of her body. By then, will a mere pair of iron chains be able to lock her?

A bit too whimsical, right?

Seeing Ban Yilu's sarcastic expression, Lin Caisang didn't say anything. He just raised his eyebrows, stood up, drew out the long sword in Ya Yufeng's hand, and slashed at the chain in Ya Enxi's hand.

'Zheng! '

A harsh sound rang in everyone's ears.

"Mother, my sword..."

Ya Yufeng looked at the broken sword in Lin Caisang's hand with pity on his face. It was a sword that he treasured and had been with him for several years.

But now, he was struck with a sword by his mistress and was broken into two pieces.

"If it's broken, it's broken. Let your prince give you a better one another day." Lin Caisang glanced at Ya Yufeng and said.

The next moment, she set her sights on Ban Yilu, and saw a bit of surprise and horror in her eyes, as if she couldn't accept a pair of iron chains, and actually broke the long sword that was used to cut it. broken.

You know, the sword that Ya Yufeng can hold in his hand must not be an ordinary sword, right?

Chapter 1436 More important than those other people

"see it?"

Lin Caisang looked at Ban Yilu, then raised his hand to show her the broken sword in his hand.

"Except for the key in my hand, no one can unlock this iron chain. Unless I cut off your hands and feet, Ban Yilu, you can try to escape."

Hearing this, Ban Yilu stared at her, biting her red lips and saying nothing.

She thought it was just an ordinary iron chain, but she didn't expect... Why does Lin Caisang always have something unexpected in his hand?

"Take her away. She can't speak. Then let her write out everything she needs to say by hand." Lin Caisang looked at Ban Yilu intently and ordered Nangong Piao'er and the others. .

"If I remember correctly, the Speech Suppression Technique only banned her mouth, but her hands were not banned as well. There is no way that someone from Qianhuan Continent can't even read a word, right?"

Ban Yilu: "..."

She really underestimated this woman Lin Caisang, which was really unexpected.

"Lin Caisang, why did you get involved with Sui Zimo!"

If only Sui Zimo had been there, she would have been able to escape from this crisis, but she happened to meet Lin Caisang. Together, these two people really couldn't escape their eyes.

"How on earth did you discover us!"

"Um?"

Hearing her question, Lin Caisang raised his eyebrows.

It turns out that Ban Yilu didn't deliberately sell a flaw to her that time, but she actually discovered the person herself, right?

As for Ban Yilu, she just wanted to prevent Ya Jinghong and the others from completing their mission, and had no intention of helping her brother Mo Lian, so she didn't have to be sentimental and treat Ban Yilu kindly.

"You don't need to know this."

So what if I told her, she still wanted to climb up the pole?

"Piao'er, Beidou, you must pay close attention to her, she is much more important than those other people." She looked at Nangong Piao'er and the other four, and explained to them.

"Yes, Mistress."

The four of them responded and watched Lin Caisang leave.

...

Jian'an City.

It had been a few days since Lin Changhong and Lin Chushui left, but the eldest princess received news from Jiulian Palace again.

This time, the visitor directly handed the Flying Pigeon Letter to the eldest princess. It should be the contents inside, and it would be difficult for him to explain it orally.

The eldest princess slowly spread out the paper in her hand, looked at it carefully, and then... the corners of her mouth began to twitch slightly, and she raised her head wordlessly, looking at the roof of her house.

"My son-in-law probably has two heads, right?"

She spoke quietly and sighed.

But it's okay, people with two heads always have more ideas and are much smarter than people with only one head, and they won't be easily plotted.

"You go and reply, I will make arrangements for this matter."

It was obviously her daughter's matter, but she, the mother-in-law, hadn't thought about it clearly yet. Instead, the son-in-law put the matter on the mother-in-law's shoulders. Even thinking about it, she felt that it was not the same thing.

But unfortunately, this matter really has to be arranged in this way so that her daughter can live a happy life in the future.

"Yes, eldest princess, I take my leave." The visitor responded and left.

"Auntie, Brother Mo Lian sent a message, is there something important?" Lin Changfeng asked beside the eldest princess.

Chapter 1437 So impatient?

"Um.

The eldest princess looked at the paper in her hand again, and then nodded slowly.

For her, this is really a top priority. How can she be careless or careless about her precious daughter's marriage?

"Changfeng, the scientific examination will be held in a few days. Are you ready?"

She changed the topic and asked Lin Changfeng.

"Ready."

Lin Changfeng nodded, and then added another sentence.

"Actually, there is nothing to prepare for, as long as people go there, it will be fine."

The eldest princess: "..."

She couldn't help but wonder, were the people in the Lin family a little weird?

Her precious children are like this. Each one is only a little older. They all have their own ideas and don't let adults interfere.

But when Lin Changfeng came here, he could actually calmly say that there was nothing to prepare for the scientific examination, which was the most important thing in life, and that it was only a matter of people going there?

He lowered his head again, looked at the paper in his hand, and then looked back at Lin Changfeng beside him...

She thought that she really needed some quiet time.

"Whether there is anything to prepare for or not, it's better to prepare it first so that you won't be in a hurry when you get to the examination room." She still spoke up and warned.

"can you?"

Lin Changfeng looked at his aunt in confusion and asked.

"Auntie, there is a letter from Brother Molian. Is there something going on with Son'er again?"

The eldest princess: "!!!"

She shouldn't have asked Lin Changfeng this question!

One or two, they are all concerned about her precious daughter.

Originally, she should be happy, but... they couldn't leave a little bit for her to care about, that was her daughter, dear!

"It's nothing. Mo Lian's letter just mentioned his marriage to Sangsang. He wanted to do it in a dignified manner, that's all." She explained.

"marriage....."

The corners of Lin Changfeng's mouth twitched unconsciously.

Sangsang is only fourteen, and she still has to wait a year before she gets haircut. Is Brother Mo Lian so impatient?

"Sangsang's marriage should be more grand."

...

Shaohua City, in the imperial palace.

Outside the imperial study room, there was no one on duty, and inside the imperial study room, it was a rare scene.

I saw the emperor standing in the most empty place, with his head curled up, without any majesty of the Nine-Five Supreme Being, and his eyes were looking at the masked man in black who was sitting on his dragon chair.

"Just, that's it."

He told the man in black everything that had happened since Sui Zimo came back, and put all the blame on Sui Zimo and Prince Yi.

"Have you finished speaking? Are what you said true?" The man in black looked at the emperor with pitiful eyes.

He would believe the cowardly emperor in front of him who was afraid of death, and that would be called a ghost.

For the sake of his own life, what kind of lie can't he make up? I'm afraid that nine out of ten sentences in this emperor's mouth are not true, and the only truth he says must be something he can't make up no matter what. The kind that lies.

"Really, really."

The emperor shrank his neck and nodded to the man in black.

Even if he told lies, it would not affect the fact that Sui Zimo played an important role in the whole matter.

In fact, he and the man in front of him had the same goal, that is, they didn't want Sui Zimo to have an easy time, and they also wanted Sui Zimo to obey them obediently.

Chapter 1438 Regardless of whether it is true or not, inform the master

But the reality is, how could Sui Zimo listen to them? He would only follow their wishes and go in the opposite direction, making them hate him with aitch, but there was nothing they could do to him.

Sometimes when I think about Sui Zimo, I really want to chop his head off.

But the master refused to kill him, and as the emperor of the Wei Kingdom, he couldn't defeat Sui Zimo, a minister. What could he say?

"Um."

The man in black nodded.

"Just wait here. I will come when I go."

He stood up and was about to fly away.

"Master, you... where are you going? Aren't you ready to deal with Sui Zimo?" Seeing that he was leaving, the emperor hurriedly asked.

"Um?"

The man in black turned around and glanced at him with cold eyes.

"How can you ask me where I am going?"

He naturally wanted to confirm whether what the emperor said was true. Could it be that the emperor thought that he would believe whatever he said?

"Well."

The emperor choked at his words and quickly shook his head.

"No, no, Master, you misunderstood. That's not what I meant. It's just that... Sui Zimo is currently in a villa outside the city. Whatever he wants to do, it is the best time to do it.

If he waits until he returns to Prince Mo's Mansion, it will be difficult to start again. "

"This is none of your business.

The man in black snorted at him and strode away.

Far away outside the royal study, Eunuch Gui has been guarding there.

After being ordered by the emperor to retreat far away, he did not dare to leave, but he also had doubts in his heart. The emperor had never done such a thing before.

Oh, there are times like this.

But at that time, he was not the right person around the emperor. He only listened to his immediate boss and went further, and couldn't find out anything at all.

And now...

"Could it be..."

He guessed, was the emperor meeting someone important in the imperial study?

But what important person could make the emperor push them all back and wait in such a far place?

Could it be that... the person from Qianhuan Continent that his master asked him to keep an eye on has finally appeared?

His eyes immediately lit up.

"Whether it is or not, inform the master."

After muttering something, he raised his head and chest, coughed heavily, and looked at the eunuchs and maids not far behind him.

"You guys stay here, there's something going on at our house, just come as soon as you go."

"Yes, Eunuch Gui." The eunuchs and maids responded.

"What's going on? Where is Eunuch Gui going at this time? Aren't you afraid that the emperor will find him later?" A palace maid looked at Eunuch Gui's retreating figure and asked.

"What do you know? People have three urgent needs. Even if we are serving the emperor, we are still human, right?"

A eunuch rolled his eyes at the palace maid, as if he knew everything about Eunuch Gui, and spoke softly.

"Yep."

Several other people quickly agreed.

"Let's just keep watch. Eunuch Gui's matter is not something we can talk nonsense about."

However, after thinking about it, they were really angry. They thought that at the beginning, the village father-in-law was just like them, a little eunuch who worked in the imperial study room.

But he was so eloquent that he just squeezed out the father-in-law who was in charge and replaced him with himself.

But I have to say that since this Eunuch Gui became their leader, their work has become much easier, and they will not have to deal with the slightest mistake like they did when the father-in-law was there before. My skin was stretched tight.

Chapter 1439 A brain as stupid as a pig?

...

Prince Yi's Mansion.

Princess Yi had been walking back and forth in Prince Yi's study, holding her hands in front of her and squeezing them tightly.

"What should I do? What should I do?"

Her face was livid, and she kept muttering in her mouth. Her appearance was simply terrifying.

"Can't you just be quiet for a while?"

Prince Yi looked at her with a headache, put down the book in his hand, and asked.

"How can I calm down? The master sent someone, he is here!" Princess Yi shouted at Prince Yi.

"If he knows that I am not doing things well, he will have to cut me into pieces. Then, my lord, you will not be able to escape. Please find a way quickly. You can't just sit here and wait for death!"

She didn't want to die, she wanted to live for a few more years, so how could she just die like this?

"you--"

After hearing her words, Prince Yi felt a breath of bad breath stuck in his throat, almost suffocating himself to death.

"Then is it useful for you to walk around like this? With the way you look now, people will be able to guess that you have a guilty conscience as soon as they come. There is no need to say anything by then, we are all done!"

As Princess Yi is now, anyone with eyes can see that she is very guilty, let alone someone sent by her master.

"I've told you before, calm down and don't be afraid. It's only because you're like this that you've harmed everyone in Prince Yi's palace!"

"I....."

Princess Yi pursed her lips and said nothing more.

Turning her head and glancing at the chair next to her, she could only walk over angrily and sit down.

"My lord, what should we do?" she asked.

"What else can we do? Didn't we all agree before?" Prince Yi said angrily.

"That....."

Princess Yi opened her mouth, but before she could say a word, she heard a strange voice ringing in her ears.

"What have you all agreed upon, and what words are you going to use to deceive me, huh?"

As soon as they finished speaking, a black figure stood in front of them, scaring Princess Yi so much that she almost rolled off her chair.

"master."

When Prince Yi saw the person coming, he quickly stood up and knelt down in front of him.

"How come you have forgotten the basic etiquette when you meet me?" The man in black looked at Princess Yi who was still sitting motionless on the chair, raised his cold eyes and asked.

"Why are you still standing there?"

Prince Yi looked over and lowered his voice and yelled at Princess Yi.

This idiot really failed in his success and failed. He had never seen such a stupid woman. He really couldn't understand how she dragged him into the water back then, just with her stupid brain like a pig?

Princess Yi woke up after hearing the reminders from the two people.

"This subordinate has met his master."

She then stood up from the chair and knelt down towards the man in black.

The man in black didn't ask them to get up. Instead, he walked to the desk and sat down on the chair.

"What, are you ready to say something to me, Tangsai? Huh?"

he asked in a deep voice.

"No, Master, you misunderstood."

When Princess Yi heard what he asked again, she was so frightened that she became weak, but she still shook her head firmly.

"Before, my subordinates asked the prince how to explain to the master about Yin Baiqing's disappearance. The prince said that we can just tell the truth to the master. But in view of the disappearance of Yin Baiqing, it is indeed the fault of the subordinates. In the subordinate's heart Worried, I asked the prince one more question."

Chapter 1440 This person is very scheming

At this moment, her mind suddenly became enlightened. After swallowing a sip of saliva, she spoke the words in a smooth flow.

"oh?"

The man in black lengthened his voice and said softly 'oh'.

"So, the disappearance of Yin Baiqing is really the fault of the two of you?"

"No, it's not."

Princess Yi heard what he said and quickly denied it.

"Master, please listen to my subordinate's explanation. Although Yin Baiqing is missing, it is also my fault, but not all the faults belong to my subordinate alone."

"Huh? Tell me.

The man in black leaned back in his chair and said to Princess Yi.

Hearing this, Princess Yi raised her head and glanced at the man in black.

"Master, the thing is like this. Ever since you brought Yin Baiqing to Prince Yi's Mansion, the Emperor has always had thoughts about Yin Baiqing. He has repeatedly wanted to hold banquets in the palace and invite people into the palace to arrest people. Come down.

It's just that my subordinates and the prince have been unwilling, so the emperor has nothing to do with us.

But this time, the emperor actually took advantage of the fact that his subordinates and the prince were not in the palace, so he ordered Yin Baiqing to be taken away, and he also gave the imperial master Suyang as his son. The subordinates and the prince wanted to enter the palace to talk to the emperor. Love, but never see it.

When he arrived at the Imperial Prefect's Mansion, although Suyang disdained the emperor's methods, it was the emperor who issued the imperial edict after all. He did not dare to hand the person back to his subordinates and the prince, so the matter was delayed.

"Then why did you let Sui Zimo take the person away?!" the man in black asked.

He could ignore the rest, but how could Sui Zimo take Yin Baiqing away?

Yin Baiqing's identity in Prince Yi's Mansion is that of the Fifth Young Master of Prince Yi's Mansion. Even if Sui Zimo takes Yin Baiqing out of the Master's Mansion, will he return it to Prince Yi's Mansion, right?

How could he hide the person directly?

"this....."

Princess Yi bit her pale lips and looked at the masked man in front of her carefully.

"Perhaps the emperor's move was too weird and aroused Sui Zimo's suspicion. Master, you also know that Sui Zimo is very scheming. Among the many princes from aristocratic families, the emperor did not

choose anyone, but he chose the right one. It's not impossible that Bai Yin Bai Qing aroused his suspicion.

Furthermore, I don't know who actually singled out the relationship between the subordinate and Sui Zimo, pointing out that the day Sui Zimo was born was the day the subordinate married into Prince Yi's palace.

As a result, Sui Zimo became even more suspicious. "

Hearing this, the man in black tightened his hands on his legs.

Mo, this old man, is really extraordinary. He has troubles everywhere, and now he even dares to attack Yin Baiqing.

It seems that he knows quite a lot. Otherwise, it would be impossible to keep Yin Baiqing in his hands. Could it be that Zimo at this age actually guessed that Yin Baiqing is related to him? ?

Thinking of this possibility, his pupils shrank.

"You go on."

He looked at Princess Yi and said.

"The subordinates and the prince also went to Prince Mo's Mansion to ask for someone, but Suizi Mo pretended that he didn't know anything and drove the subordinates and the prince back. What's even more annoying is that at this time, the emperor actually issued an order to "Guoshifu."

Having said this, Princess Yi pursed her lips.

Everything the emperor did gave her the best excuse to evade.

"The emperor actually asked the Imperial Preceptor Suyang to return Yin Baiqing to Prince Yi's Mansion. Didn't this give Sui Zimo a chance to distance himself from Suyang? On that day, Suyang gave a gift with gongs and drums. Fake Yin Baiqing comes over.
