

## Star of Space 1441

Chapter 1441: Expression, okay?

Without waiting for the door of Prince Yi's Mansion to open, he pushed the person in, turned around and left, leaving his subordinates and the prince no chance to pursue him.

As for the fake one, because the subordinates and the prince did not think of it for a moment, they only stayed in the palace for a moment and disappeared. After that, even if the subordinates and the prince wanted to find Sui Zimo, they could not find him. No excuses anymore. "

"This is Mo!"

The man in black gritted his teeth. He had really underestimated Sui Zimo before, but to his surprise, his schemes were coming one after another.

"My subordinates and the prince have also sent people to look for him in Prince Mo's Mansion, but they all came back without success, and they were constantly being forced by the emperor. They were really at their wits' end, so they sent a message to the master for help."

Princess Yi said again.

Hearing this, the man in black took a deep breath and clenched his teeth.

"Where's Suizi Moren?" he asked.

"Sui Zimo took a girl to a village outside the city a few days ago and has never come back." Prince Yi, who had been silent until now, answered his question.

The man in black pursed his lips and remembered the whereabouts of Sui Zimo. He had heard the emperor mention it before, and it was in a villa outside the city.

"You guys are waiting here. You have done a very bad job in this matter. As a person from Qianhuan Continent, you can't even deal with a mere emperor who defends the country. It is a disgrace to me. I'll see you another day. Someone is here to take you to be punished."

With that said, he walked away.

After he left, Princess Yi softened and sat down on the ground.

"Scared me to death, scared me to death..."

Before she finished her sentence, she turned to look at Prince Yi beside her.

"Your Majesty, I didn't show any flaws just now, did I? My expression was pretty good, right? I wasn't very nervous, was I?" she asked.

After hearing her words, Prince Yi sneered.

"Well enough."

The person opposite was their master. Although they didn't know if he was the real master, they did something wrong and caused Yin Baiqing to disappear.

If they really had no expression and were very indifferent, wouldn't they just tell their master that they didn't care at all about Yin Baiqing's disappearance?

At this time, the more unnatural expressions on their faces made it appear that they were not telling lies. Only then did the man in black really believe their words and blame all the mistakes on the emperor.

"You remember, what you just said is the truth, do you understand?" He warned Prince Yi worriedly.

He was afraid that this woman was as timid as a mouse. If the man in black pressed her again and asked her if she would say something different from what she said this time, then they would really be finished by then.

"Ming...understood."

Princess Yi nodded, naturally knowing the importance of the matter.

"I...your lord, what did I just say? Please tell me again."

She was so nervous just now that she didn't even know what she said, and now she can't even remember anything she just said.

Prince Yi: "..."

This woman is really like a pig, and the pigs are smarter than her!

He took a deep breath and repeated to her what she had just said, and taught her to remember it and never forget a word.

...

The man in black came out of Prince Yi's Mansion and went directly to Prince Mo's Mansion.

Now that Sui Zimo is not in his own palace, it is naturally very simple for him to go in and find out. According to his inner thoughts, the most dangerous place is the safest place.

Chapter 1442 Notify the prince immediately

Therefore, Sui Zimo should keep Yin Baiqing in his house.

Maybe he suddenly came to Prince Mo's Mansion and caught Sui Zi Mo off guard, and it's unknown whether he could get Yin Baiqing back.

But how do you know...

As soon as he arrived at Prince Mo's Mansion, the people in the mansion hadn't noticed him yet. In a courtyard, a black shadow rushed towards him and almost knocked him to the ground.

He turned sideways and moved to the side, looking back to see clearly what it was.

It turned out to be a black panther!

His eyes flashed slightly, he had never known that Sui Zimo had such a ferocious beast as a black panther beside him.

"Roar!"

The black panther missed, turned around and jumped again, rushing towards the man in black.

Without thinking, the man in black took out the long sword at his waist and wanted to strike at the black panther. Unexpectedly, a white shadow flashed out from nowhere and hit the hand holding the long sword directly. Go on and take a big bite.

"ah!"

He screamed, and the sword fell to the ground.

Even though he dodged, the black panther's claws cut directly from his right shoulder to his left shoulder, which was a deep and long wound.

"hiss!"

He gasped and raised his uninjured hand to cover his shoulder, but he could only cover it here, but the blood marks that couldn't be covered there came out.

On the other side, as far as the eye could see, the paws of a black panther were stained with his blood, and above the black panther's head, there was a white fox squatting.

"Sui Zimo!"

He really didn't expect that Sui Zimo's mansion could actually cause him to be injured!

He raised his head and looked to the other side, because the guards had heard the black panther's roar before and were coming here.

He flew out and dodged out. As for this place, he would have plenty of time to come over in the future, so he had better heal his injuries first.

"what's the situation?"

Jiang Li followed the guards in a hurry and saw the black panther raised by his mistress. One of its paws was covered in blood, and the white fox on top of its head was baring its teeth and showing a ferocious expression towards the courtyard wall.

"Leader Jiang Li, someone just broke in." The guard said to Jiang Li.

Jiang Li: "..."

Needless to say, he knew this. Otherwise, where did the blood on Xiao Hei's claws come from? It couldn't be the blood on their bodies.

However, the person who came to the backyard under the protection of all the guards of Prince Mo's Mansion must not be that simple. A person from the Emperor or a person from Prince Yi's Mansion?

That's impossible, the only possibility is...

"You two, take Xiao Hei to wash his paws, and everyone else should step back."

He waved his hand to the guards and ordered.

"Yes, leader."

Soon, Jiang Li was the only one left in the yard, and he bit his lower lip.

"Inform the prince. You must inform the prince immediately."

Those who can break into the backyard of Prince Mo's Mansion must be the people from the Qianhuan Continent mentioned before.

By the way, the mistress's little black cow can even hurt people on Qianhuan Continent. He will have to look at Xiaohai with new eyes in the future.

...

In the villa, Sui Zimo received two Fei Ge letters one after another, and both pieces of paper were spread out in front of him.

"Finally...it's here."

He took the two pieces of paper into his hands and crushed them into powder with one force. Then he turned his attention to Exiled Jue beside him.

"Your Majesty, what should we do?" Ban Jue asked.

Chapter 1443 Go down and play by yourself

"Go get ready and go back home tonight.ᄇ" Sui Zimo ordered.

"yes."

The banishment was answered.

...

That night, when Lin Caisang came to the Villa, he heard about the spying on Prince Mo's Mansion, and he smiled with an unfathomable look on his face.

"He's still here. It seems that Yin Baiqing is really important to them in the end."

For the sake of Yin Baiqing, those people from Qianhuan Continent really sent people here, but they really made them wait and see.

Although they knew that the person sent here was definitely not the most important one, they were not too far away from what they wanted to know, so they just had to wait.

"Xiao Hei hurt someone?"

The carriage kept shaking, and she had to follow Sui Zimo back to Prince Yi's Mansion first.

"Um."

Sui Zimo nodded.

"How seriously injured?" Lin Caisang asked again.

"have no idea."

Sui Zimo shook his head. The news was that no one had seen the person who secretly broke into the palace.

But judging from the flesh and blood on Xiao Hei's claws, it was clear that the man had lost a lot of blood. Even when he ran away, there was still blood dripping from the wound, which was why the whole house was covered with blood beads.

"It should be, it's quite heavy." He added.

"It should be quite heavy? That's good."

Even if her brother Mo Lian says it should be done, that's a nine out of ten chances.

"There is something I forgot to tell you over there. Ban Yilu is not from the Queen Mother, but from Qianhuan Continent." Lin Caisang said.

She had never told Sui Zimo about this matter, but when she remembered it today, she mentioned it. This Banyi revealed that she didn't know who he was from, or he was an enemy of the emperor and their master.

Did you know that the master was doing evil things secretly and sent someone specifically to do it?

Of course, all this is just her guess without any real evidence.

"I have asked Beidou and Piao'er to interrogate him. I believe there will be a result soon." She added.

"good."

Sui Zimo looked at her and looked away.

...

Half an hour later, the carriage arrived at the back door of Prince Mo's Mansion and entered directly.

Lin Caisang covered her face with white gauze and walked down with Sui Zimo. Under the leadership of Jiang Li, she met Xiao Mo and Bai Hu.

"Squeak, squeak, squeak, squeak."

As soon as the white fox saw its master, it immediately jumped off Xiao Hei's body, ran to her, and bared its teeth to ask her for credit.

Lin Caisang: "..."

She silently raised her hand and flicked the white fox on the head.

"You, go down and play by yourself."

"Zhizhi."

The white fox was 'beaten' inexplicably, but since the man in front of him was its owner, he had no choice but to scratch his forehead with his two front paws and walk back to Xiao Hei step by step.

"Dabai said that it just bit that person. I don't know where exactly it bit." Lin Caisang shrugged and said something to Sui Zimo.

When she got here, she had to explain that since the two white foxes followed her, they would not eat ordinary food, and they relied entirely on the herbs she planted in the medicine garden to keep them alive.

Of course, the two little ones will eat all kinds of medicinal materials, including poison.

Therefore, it is conceivable that when someone is bitten by Dabai's teeth, they will definitely be poisoned.

"You handle things here, I'll go back first." She said to Sui Zimo again.

It's okay for Sui Zimo not to go home, but she can't. Even if she has to come over later, she has to go home to have a meal first, and then lock herself in a room to survive.

Chapter 1444 You are smart!

"Okay, be careful on the road." Sui Zimo said.

Lin Caisang: "..."

Along the way, she entered the Jinzhu Space from here, and then returned to her home from the Jinzhu Space. She wanted to ask, what should she be careful about?

"The weather is getting hotter, and there are a lot of snakes, insects, rats, and ants on the mountain." Seeing her speechless look, Sui Zimo explained aloud.

"ok, I get it."

Lin Caisang responded and left.

"who?"

As soon as Lin Caisang left, Sui Zimo felt a figure huddled in the corner and secretly observed them.

Hearing his voice, Jiang Li dodged and grabbed the person in the corner.

"Let go, let me go."

Qin Luoyin kept twisting her body under Jiang Li's grip, trying to break away from his hand.

"Cousin, it's me, I'm Luoyin, your cousin Luoyin."

She looked at Sui Zimo, wanting to beg him to ask Jiang Li to let go, but to be honest, she was very afraid of Sui Zimo, Prince Mo.

"Qin Luoyin?"

Sui Zimo frowned and looked at the woman in front of him.

To be honest, he had long forgotten what Qin Luoyin looked like. Now that he suddenly saw this woman, he really couldn't remember who she was. 6

"Your Majesty, she is the woman who was forced in by His Majesty's decree." Jiang Li reminded him in his ear.

Hearing this, Sui Zimo immediately remembered, and his sharp black eyes glanced directly at Qin Luoyin's belly, as if he wanted to stare out the child in her belly.

"I heard that you are pregnant with my child?"

He asked in a voice that seemed to freeze Qin Luoyin directly.

"No, no, that's not what I said." Qin Luoyin shook his head instinctively.

"This is what my aunt said. She asked me to do this. Cousin, this matter really has nothing to do with me. It was my aunt who forced me to do it. If I didn't say so, she would kill me."

Originally, in Prince Mo's Mansion, she wanted to stay as far away from Sui Zi Mo as possible, even if she offended Concubine Lian.

Now she is in Prince Mo's Mansion. Even if Concubine Lian wants to do anything to her, she can't stretch out her hand that long, right?

But who knew that she just came here to get some fresh air and didn't want to be stared at by the maid assigned to her by Concubine Lian, so she would bump into Suizi Mo Huifu by chance.

She really didn't want to!

At this moment, she almost regretted with tears that she had even thought of coming here. Even if the maid poked a hole in her body, she didn't want to meet Sui Zimo.

"I...I...I...cousin, I really didn't come here to peek on purpose, it's just...my aunt sent me a maid, and she...stares at me every day. I really feel... No, I just...I just thought of going out for a walk. I didn't mean it.

I don't know anything about what happened just now, I didn't see anything, really, really. "

Over the years in Jiulian Palace, she had learned to be smart. Even if she was delivering news to her aunt, she would always deliver unimportant news. She felt that there was no need to offend Sui Zimo for Concubine Lian!

"You are smart!" Sui Zimo stared at her and snorted coldly.

Hearing this, Qin Luoyin smiled bitterly.

"I'm not smart. Cousin, I can't help it. Please forgive me this time. I promise to stay in my own yard and not go anywhere."

What else could she do?

## Chapter 1445 Still not learning the lesson

Now she was caught between Concubine Lian and Sui Zimo, and she didn't dare to offend either of them, especially since there was an emperor in between, she didn't dare to say anything.

"Cousin, I know you know everything, but I dare not not do what my aunt tells me to do."

"What news do you want to spread?" Sui Zimo asked her.

"No, I don't dare. I won't spread any news..."

"Um?"

Before Qin Luoyin finished speaking, he was interrupted by Sui Zimo's long-drawn word 'um'.

Her whole body trembled, she gritted her teeth and glanced at Sui Zimo carefully.

"Cousin, I will spread whatever news you ask me to spread from now on, and I will never cause you any trouble. After a long while, she swallowed and said.

"Well, that's sensible."

Sui Zimo moved away from staring at her and looked at Jiang Li.

"Go and arrange a decent courtyard for her. Since she is a person who has entered Prince Mo's Mansion, she will naturally be served by the maids from Prince Mo's Mansion. Everyone else will be driven out of the mansion, leaving no one behind!"

"Yes, Your Majesty."

Jiang Li responded and carried Qin Luoyin away.

Soon, the maid who accompanied Qin Luoyin into Prince Mo's Mansion, as well as the little influence that maid had developed in Prince Mo's Mansion in the past few days, were all eliminated.

Truly no one is left behind.

...

"Sui Zimo!"

In Concubine Lian's palace, when she saw the maid returning without success, she was so angry that she punched the table.

This evildoer really didn't give any face to her as a mother-in-law. The people around her were kicked out of Prince Mo's palace as soon as they were told, and they didn't even say a soft word to her.

"Explain to me what's going on."

She asked, glaring at the maid with scarlet eyes.

"My servant doesn't know what happened. I just heard that after Prince Mo returned home, he happened to meet Miss Luoyin when he got off the carriage. After that, he gave the order to drive all of us out, leaving only Luoyin. Miss Yin wants the house alone."

the maid replied.

She was also wondering in her heart, how could Qin Luoyin offend Sui Zimo, so that he could attack her as soon as he returned home, and even cause all of them to be kicked out.

"Qin Luoyin, that idiot!"

Concubine Lian couldn't help but cursed when she heard her words.

When she first learned that Qin Luoyin was pregnant with a child, she had already scolded that girl once, but she thought that no matter if she was pregnant, she could always blame Sui Zimo, which just gave her someone who could take the opportunity to break into Prince Mo's Mansion.

She didn't really blame Qin Luoyin.

Who knew that Qin Luoyin still didn't learn her lesson and did such a stupid thing again, and even the person who arranged her to be put into Prince Mo's Mansion was kicked out.

Now, what should she explain to the emperor?

She had boasted smugly in front of the emperor before, and the emperor also praised her for doing this well.

But those words were still ringing in her ears, and all the people she arranged to go in were sent back!

At this age, Zimo just slapped her in the face, and it was so painful. How should she explain it to the emperor? How should she explain it to the emperor?

"Just back off."

Now that he has been kicked out, it is impossible to push him back. That would be too obvious.

She raised her hand and waved the maid away.

"Yes, please leave." The maid responded and left.

"Mother, what should we do now?" After the maid left, the nanny beside her came out and asked her.

Chapter 1446 It's really Sui Zimo's

Concubine Lian: "..."

She still wants to know what to do, and she won't listen to her reasons. She will only blame her for not doing things well!

"Do you want to go and tell the emperor?" Grandma reminded her when she saw her silence.

"No need, wait any longer."

Concubine Lian raised her hand to stop her from continuing.

Let her think of other ways. She can always send someone to Prince Mo's Mansion. If that doesn't work, she can get a few maids to go in in the name of the Qin family to serve Qin Luoyin. I don't think Sui Zi Mo will refuse.

"Your Majesty, everything else is easy to talk about, but the emperor must have received the news. If you don't go now, just..." Mammy looked at Concubine Lian with an ugly face, and reminded her again.

These people were driven back. Didn't the emperor receive the news?

In this Shaohua City, who has more information than the Emperor? He has many ears and eyes.

"hiss!"

Concubine Lian gasped.

It seemed that she had no choice but to go to the Imperial Study Room this time.

"Mommy reminds me, I should go to the emperor and report this."

If she didn't go now, if the emperor blamed her in the future, she would have to walk around without food.

...

"Sent back?"

As expected, the emperor received the news quickly.

"Where's Qin Luoyin, was he sent back too?" he asked.

"Miss Qin is still living in Prince Mo's Mansion. After all, it is the imperial edict issued by the Emperor himself. It is expected that Prince Mo does not dare to violate it, so he can only keep Miss Qin in Prince Mo's Mansion."

Eunuch Gui replied.

Hearing this, the emperor breathed a sigh of relief.

As long as there is still someone in Prince Mo's palace, it is good, and it is not in vain for him to issue this imperial edict.

But he still had doubts in his heart. Is Sui Zimo the kind of person who would heed his imperial edict? Besides, the child in Qin Luoyin's belly was not Sui Zimo's. Even he, an outsider, could figure it out. Wouldn't Sui Zimo not understand?

It is still unclear what he means by leaving Qin Luoyin in his house.

"Eunuch Gui, what do you mean by keeping Qin Luoyin in your house? Huh?" He raised his eyes and asked Eunuch Gui.

"this....."

Eunuch Gui obviously didn't expect that the emperor would ask him this, and he hesitated.

After a while, he thought about it and said, "Perhaps the child in Miss Qin's belly is originally Prince Mo's."

He felt that this was the most reasonable explanation he could give.

"Um?"

After hearing what Eunuch Gui said, the emperor raised his eyebrows.

Yes, why hadn't he thought that the child in Qin Luoyin's belly was really Sui Zimo's?

If that was the case, wouldn't he have given a magic weapon that could control Sui Zimo directly back to him in vain, and he had to give it back willingly?

"Go to Concubine Xuanlian and come see me."

He wanted to ask clearly whether the child in Qin Luoyin's belly was Sui Zimo's.

"Yes, I obey the order." Eunuch Gui responded and retreated.

After a while, he welcomed Concubine Lian in, for no other reason than that as soon as he left the imperial study room, he saw Concubine Lian coming with the palace maid, and immediately invited her in.

"Your Majesty, Concubine Lian is here."

Hearing this, the emperor had a semi-sarcastic smile on his lips.

She came quickly, was she here to apologize?

Yesterday, she was showing off in front of him that she had placed several people into Prince Mo's Mansion, but today they were all sent back.

"come in."

He said lightly.

Chapter 1447 Tell me about it!

Concubine Lian walked in and looked at the emperor who had a deep expression with some anxiety.

"I, my concubine, see you, Your Majesty."

She bent her legs and knelt down, her heart already feeling cold.

When she came to the Imperial Study Room several times before, the emperor had already asked her to get up before she could kneel down. But this time, the emperor didn't even say a word.

After she knelt firmly, the emperor didn't ask her to get up.

"Concubine Lian is here, but what's important?"

Only the emperor's calm voice was heard.

"Back to your Majesty, I'm sorry for my incompetence in my work. I came here specifically to apologize to the Emperor." Concubine Lian had no choice but to grit her teeth and uttered the word "apologise".

"oh?"

The emperor raised his eyebrows in a rare move and looked at Concubine Lian steadily.

"Why did Concubine Lian say this? Could it be that something happened in Prince Mo's palace?"

"yes."

Concubine Lian gritted her teeth and responded.

"Everyone who was arranged by my concubine to enter Prince Mo's Mansion was kicked out, and not a single one was left."

Damn Sui Zimo, it was all because of him that she knelt in front of the emperor for so long. Otherwise, if those people had not been driven back, she would still be favored by the emperor.

"Where is Qin Luoyin?" the emperor asked.

"Back to the Emperor, Luoyin is still in Prince Mo's Mansion." Concubine Lian replied.

"Even if they were all driven out, why could Qin Luoyin be spared?" The emperor's voice turned cold as he asked.

Concubine Lian naturally heard the anger in the emperor's voice. She raised her head and looked at the emperor in surprise, "Your Majesty, what do you mean by this? Isn't it a good thing that Luoyin can stay in Prince Mo's Mansion?"

At least they weren't all kicked out, right?

"Concubine Lian!"

The emperor suddenly stood up from the dragon chair and glared at Concubine Lian angrily.

"Qin Luoyin was forcibly arranged to go to Prince Mo's Mansion. Did you think Mo was a fool? Everyone was kicked out, but she was not kicked out. How did she come back? Please tell me! "

"this....."

Concubine Lian was stunned by the emperor's question.

In fact, she herself had not figured this out.

Why was everyone kicked out but Qin Luoyin was not? Logically speaking, Sui Zimo knew that the child in Qin Luoyin's belly was not his, so he should have kicked him out.

Why was it that she was not kicked out?

"I, my concubine, just can't figure it out."

"Hiss...hoo!"

The emperor took a deep breath and exhaled heavily.

"Then let me tell you that the child in Qin Luoyin's belly is Sui Zimo's!"

He struck at Concubine Lian with one word.

"What?!"

Concubine Lian was dumbfounded by him.

Is the child in Qin Luoyin's belly Sui Zimo's? How is this possible?

"Impossible, Your Majesty, this is simply impossible. Luoyin herself said that in the past few years since she went to Jiulian Palace, she has never seen Sui Zimo himself. How could she possibly be pregnant with Sui Zimo? Where is Zimo's child?"

If a man and a woman can have children without even meeting each other, then shouldn't children be everywhere in this world?

"Are you sure that Qin Luoyin really hasn't seen Sui Zimo in these years?" The emperor stared at her seriously and asked.

"Concubine... I'm not sure." Concubine Lian gritted her teeth and shook her head.

How could she be sure of this? Qin Luoyin had been in Jiulian Palace these years, and she had been in the deep palace these years. How could she know what Qin Luoyin had done in Jiulian Palace? ah.

Chapter 1448 A little bit of yellow and white stuff

"But, Your Majesty, this is impossible. How could Sui Zimo like Qin Luoyin with his eyes? What's more, he has already doubted his concubine, so it is even more impossible for him to have a relationship with Qin Luoyin. What does it matter?"

She knew that if this matter was not explained clearly, the emperor would suspect that Qin Luoyin had colluded with Sui Zimo.

Then she, Qin Luoyin's aunt, would be accused of improper employment. At that time, she would never have a place in the harem, and even her son would be looked down upon.

She didn't dare to take this risk, and she couldn't take it.

"Your Majesty, this may be another scheme of Sui Zimo. He wants to use Qin Luoyin to alienate the relationship between the concubine and the Emperor. Or maybe the child in Qin Luoyin's belly is the child of one of his capable subordinates. , also unknown.

She must avenge herself. No matter what conspiracy Sui Zimo is brewing, it must have nothing to do with her.

"Yeah?"

The emperor obviously did not believe what Concubine Lian said at this moment.

But apart from these two possibilities, he couldn't think of anything else. Suizi Mo would still let Qin Luoyin stay after knowing that Qin Luoyin was the spy they sent to Prince Mo's Mansion?

There must be some compelling reason.

"Are you sure Qin Luoyin won't betray you? Huh?" He asked again.

"Back to the emperor, I am sure that Qin Luoyin's mother is still with the Qin family. Qin Luoyin is a filial child. She does not dare to betray me or the Qin family."

Concubine Lian was certain of this. Before entering Prince Mo's Mansion, she warned Qin Luoyin more than once, telling her not to think wildly.

The thing that Qin Luoyin mentioned the most in her words was her mother, that woman in the Qin family that her brother had never even laid eyes on and was not worth mentioning.

How could Qin Luoyin like this betray the Qin family and betray her?

"You'd better be sure." The emperor nodded with satisfaction.

As long as he was sure that Qin Luoyin would not betray him, he would feel relieved. At least, even if Qin Luoyin was not worth mentioning in Prince Mo's palace, he could still collect some information.

"Before Qin Luoyin entered the palace, did you give her something personal?"

he asks.

"What, what personal belongings?" Concubine Lian was confused by the emperor's words.

Qin Luoyin is just a chess piece. What kind of personal belongings do he need? Wouldn't it be enough to arrange her into Prince Mo's Mansion?

"idiot!"

Seeing her reaction, the emperor's face suddenly turned bad.

"Qin Luoyin entered Prince Mo's Mansion, and you didn't even give her anything yellow or white? How can she survive in Prince Mo's Mansion and find out information for us like this?"

He asked Concubine Lian.

"Well."

Concubine Lian was immediately choked.

She arranged for her own people to go in with Qin Luoyin at that time. Even if it was something that needed to be sorted, it must have been given to someone close to her. How could it be given to Qin Luoyin?

But before being kicked out today, her maid had never seen Lian Luoyin again. Even if she wanted to hand over the banknotes to Qin Luoyin, it was impossible.

"Your Majesty, I gave my concubine to my maid before, but she was kicked out and took all those things with her..."

"Your maid?"

The emperor ground his teeth, bloodthirsty light bursting out of his eyes.

"Such a stupid maid, you should deal with it when you get back."

Chapter 1449. Have you found out?

Even if he was kicked out, couldn't he just put these things there and wait for Qin Luoyin to get them himself? You even brought it back to him?

If the palace was bigger and contained countless rare treasures, would it still be short of such a small amount of money?

After hearing the emperor's order, Concubine Lian was frightened, but she still responded.

"Yes, Your Majesty, I will take care of him when I get back."

What else could she say, just a maid, how could it compare to her own future? Of course it was dealt with directly.

"Do you need to send something more to Qin Luoyin?" She raised her head and looked at the emperor pitifully, trying to arouse his protective desire.

"You don't need to. Let the Qin family go. No... let the Qin family send it in in the name of Qin Luoyin's mother." The emperor thought for a while and changed his words.

It's not good in any of their names. Since Qin Luoyin cares so much about her mother, let her feel her mother's care for her daughter again, so that she can work harder for them.

"Yes, I obey the order." Concubine Lian responded.

"Get up, kneeling like this is an eyesore." After the matter was finished, he said when he saw that she was still kneeling.

"Thank you, Your Majesty for your grace."

Concubine Lian stood up from the ground, thanked her, and looked at the emperor.

"Your Majesty, it's so late. You must be tired. Let me help you..."

It just so happened that she came to the imperial study today. She already knew that the emperor was unhappy. If she didn't please her now, she might be even more angry with him in the future. σm

She took small steps towards the emperor.

"If there is nothing else to do, please step back."

But before she could finish speaking, the emperor interrupted her.

Concubine Lian's face turned pale, she stopped abruptly, lowered her head and gritted her teeth.

"Concubine, please retire."

The emperor had said so. It was impossible for her not to withdraw, so she could only leave the imperial study in anger.

...

In the harem, in another palace.

"Concubine Lian went to the imperial study room again?"

The queen's place is completely cold.

Although she is the master of the harem, she is still noble. People are still coming and going in the palace every day, and all the concubines come to pay their respects to her.

But only she herself knows what kind of life she has been living.

Among those who came to pay her respects, which one did not have a mocking smile on his face? They didn't come to pay her respects, they clearly came to see her jokes.

And those people, after leaving her place, turned to smile flatteringly at Concubine Lian, did they really think she didn't know anything?

"Yes, empress." The nanny beside her replied.

After so many days, she tried to persuade her all she could, but the Empress would not listen to anything. As time went by, she became too lazy to persuade her, so she just let the Empress vent all her hatred on everyone.

"Concubine Lian was summoned by the emperor, but at that time Concubine Lian happened to go to the imperial study to pay his respects to the emperor, so she stayed in the imperial study for a while before leaving."

She told the Empress the Queen exactly about Concubine Lian's whereabouts, without missing a beat.

"That vixen!"

The Queen smiled sinisterly and grinded out five words from between her teeth.

"Isn't it just Mo's mother-in-law who relies on her own years? What's so great about it! Did you find out what I asked you to inquire about?"

She looked at grandma and asked.

"Back to your Majesty, the news coming from Concubine Lian's Palace seems that Prince Mo is not Concubine Lian's biological son at all." Mammy lowered her voice and replied.

Chapter 1450 Yes, I have figured it out

Naturally, she couldn't find out anything from the Emperor and the Queen Mother, and she didn't dare to put her people in at will, but it was different with Concubine Lian.

Even if the emperor no longer favors the empress, the empress is still the master of the harem, and it is the empress who has the final say in arranging the affairs of the maids.

Putting a few people in is not a matter of a simple sentence.

"What?!"

When the queen heard what her mama said, she was so frightened that she covered her lips and almost screamed.

"Mommy, is this true?"

Sui Zimo is not Concubine Lian's biological son? How is this possible?

She remembered that Concubine Lian had indeed given birth to a son, and the midwife at that time was the queen who personally ordered people to settle him.

How come at this time, Sui Zimo is no longer Concubine Lian's biological son? Doesn't that mean that Sui Zimo is not a royal descendant of the Wei Kingdom royal family at all?

"It's true, it can't be wrong." Grandma nodded and said with great certainty.

"Then...does the Emperor know about this?"

The Queen hesitated for a moment before asking.

Such a big thing, replacing the prince in the royal family, it is impossible for the emperor not to know about it, right?

"It sounds like this is the emperor's idea."

Mammy lowered her voice again and said.

"hiss!"

The Queen took a breath of air.

It was the emperor's idea to replace his son with a child who was not from the royal family?

No wonder, she was thinking, even if Sui Zimo was calculated to be the fate of Tiansha Lone Star, at least he was the emperor's biological child. How could he be treated like this?

It was just a matter of throwing him out, but they actually poisoned him and controlled him so that he could be used by them. This was still used for so many years.

Now, the Emperor and Concubine Lian are even more desperate to kill the person.

It's not an exaggeration to say that you want to kill people, right?

These years that Zi Mo has lived are not considered human lives, right?

"If that's the case, then what's the point of me deliberately dealing with Sui Zimo like this?"

Didn't she deal with Sui Zimo to suppress the mother-son duo of Concubine Lian and Prince Jin and pave the way for her own son?

Now it seems that Sui Zimo is not on the same path as Concubine Lian at all. So all the things she has done over the years have been a waste of effort and she has also provided Concubine Lian with great help!

I regret it just thinking about it!

"this....."

When Grandma heard what the Queen said, she didn't know how to answer.

Yes, the Emperor tricked the Queen and the Queen miserably. It was clear that Prince Mo was not a member of the royal family at all, but he kept it secret and watched as Prince Mo defeated King Lin in a fight and sent him to a remote place like Sui County. go!

"Your Majesty, maybe the Emperor has his own difficulties that he can't express."

After thinking about it, she could only say this sentence.

"hehe."

The Queen sneered twice.

The emperor has some unspeakable difficulties. Will she believe it?

"I would like to see what kind of difficulties the emperor has! Aunty, go find out the clothes that I like the most. Tomorrow I will go to the imperial garden to enjoy the flowers."

She ordered to grandma.

Hearing this, Grandma's eyes lit up.

"Your Majesty, you have finally figured it out. Yes, why do you need to be angry with the Emperor? It's not worth it at all, and you've even taken advantage of Concubine Lian, that charming girl!"

"Yes, I have figured it out."

The queen nodded, but she was sneering in her heart.
