

Star of Space 1451

Chapter 1451 Come and tell her

She figured it out, men are all unreliable! If she wants to succeed, if she wants to trample everyone else under her feet, she can only rely on herself!

Didn't the emperor want to ignore her? Didn't Concubine Lian want to step on her head?

Then she wanted to see how these two people could join forces to deal with her, the queen who had lost everything!

"Go ahead and do it. Tomorrow is the fifteenth and the emperor will definitely go to the imperial garden to enjoy the flowers." She ordered.

"Yes, concubine."

After listening to her instructions, Mammy happily went down to do some work, leaving the Queen sitting on her phoenix chair with a cold smile on her lips.

...

In Prince Mo's Mansion, after Sui Zimo had dinner, he summoned Qin Luoyin, who looked uneasy, in the study.

"I heard that you want to see me?"

He glanced at Qin Luoyin and asked.

He thought that after being scared by him just now, Qin Luoyin would avoid him like the plague, but he didn't expect that just how long had passed before she was clamoring to see him again.

"I....."

Qin Luoyin swallowed, his eyes full of fear for Sui Zimo.

After a long while, he still didn't say a complete sentence.

"say!"

Seeing her like this, Sui Zimo would not be polite to her and said coldly.

"I...cousin, I want to ask you for something." Qin Luoyin was frightened by him and said while shrinking his neck.

"What's the matter?"

Suizi Mo asked.

"I...my mother has been at the Qin family. I want to ask you to rescue her." Qin Luoyin said.

Of course she knew that for Sui Zimo, saving an aunt of the Qin family was just a matter of giving instructions to the people under his command, without any effort.

"She is the wife of the head of the Qin family. Are you sure she will be willing to leave the Qin family?" Sui Zimo asked.

"Yes, she is willing."

Qin Luoyin nodded quickly. How could her mother be unwilling? How many times has her mother seen her father since she was born?

She could count them all on her five fingers. Perhaps her father had forgotten that he still had his mother, right? As for her mother, she didn't seem to mention her father very much in front of her.

"My mother will definitely be willing to stay in a place like the Qin family. Who would be willing? My father has never cared about my mother, and he has never summoned her. My mother will definitely be willing to live with me. of."

In order to convince Sui Zimo, she continued.

"Cousin, I actually don't want to go to Jiulian Palace to stare at you, but if I don't go, my aunt and father will deal with my mother. That year in the ice and snow, I saw with my own eyes that my mother was almost killed. Ten fingers were pinched off.

I had no choice but to promise my aunt to go with you. My mother secretly told me that even if she died, she didn't want me to suffer.

At that time, she said personally that if possible, she would leave that ghost place of the Qin family with me.

It's true, it's true, cousin, you have to believe me, I'm not telling lies. "

After listening to her words, Sui Zimo's lips curved into a sarcastic smile, and he looked at Qin Luoyin as if he was watching a joke.

"Exiled, you come and tell her."

Turning his head, he glanced at Ban Jue.

"Yes, Your Majesty."

Ban Jue responded, raised his leg and took a step forward, arriving in front of Qin Luoyin.

"Miss Qin, since you left the Qin family, your aunt's life in the Qin family has been very prosperous. She was favored by the head of the Qin family and gave birth to two sons for him. Now, she is afraid that she will not even have a child. A daughter like you has already been forgotten."

Chapter 1452 They won't run away

Hearing this, Qin Luoyin was like a bolt from the blue, and he was dumbfounded.

"No, it's impossible, it's impossible..."

She murmured to herself, how dare she believe that what Ban Jue said was true.

"My mother clearly said that she had a very hard life in the Qin family. Because I didn't spread the news from Jiulian Palace, my father always ordered people to beat her and mistreat her. Her life was worse than that of a beast in the Qin family. Yes.

How could she...how could she...give birth to two sons for my father? "

As she said that, she looked at Ban Jue and intuitively thought that Ban Jue had lied to her and that Sui Zimo didn't want to save her mother from the Qin family's fire.

"You lied to me! After I came to Shaohua City, my aunt didn't say anything about my mother. She just said...just said..."

Concubine Lian just said that if she didn't do things according to her wishes, she would ask her father to torture her mother so hard that her mother would be worse than dead!

Doesn't this mean that her mother's life in the Qin family was in dire straits?

But why did Ban Jue say something different? Was he really lying to her? But what's the use of Sui Zimo letting Ban Jue lie to her? She was already under Sui Zimo's control.

Even if Sui Zimo answered her directly that he would not save her mother, there was nothing she could do, right?

"This, is this true?"

"If you don't believe it, we can go to the Qin Mansion at night and see how your aunt is doing in the Qin Mansion. How about it?" Ban Jue suggested to her.

Qin Luoyin: "..."

She didn't know who to believe, but instinctively, she felt that the one she was more willing to believe was the banishment.

Not the Qin family, Concubine Lian, and the mother who she thought protected her like a treasure!

"I...cousin, you...you are busy with your work, I...go back to my yard first." She didn't know what else to say. At this moment, her heart was really confused, and she could only withdraw in a panic. It's Sui Zimo's study.

"What a pitiful woman." Ban Jue looked at Qin Luoyin's figure, curled his lips and said.

"Do you sympathize with her?"

"Well."

Ban Jue was choked by his prince's words. When he turned around, he saw his prince staring at him with interest.

"My lord, you have misunderstood. Poor people must be hateful, and no one under my command will sympathize with them."

He sympathized with himself. He added silently in his heart. He talked nonsense for nothing and attracted the attention of his prince every time. What a tragedy!

...

On the dark road, several horses galloped, splashing dust everywhere.

"Chu Shui, why are you in a hurry? They won't run away."

After a while, the horse was finally tied to the tree. Lin Changhong was gnawing hard dry food while preaching to Lin Chushui beside him.

The two of them had just learned to ride a horse.

Could it be that just because you are talented and can learn everything quickly, you can do whatever you want?

"There's no rush."

Lin Chushui also had dry food in his hand and replied with the word "Lin Changhong".

Lin Changhong: "..."

Who are you lying to? Do you think I can't see it?

Along the way, I had to rush almost without sleep. I was so nervous that I wanted to eat solid food on horseback and then pee. This is not urgent, so how can it be called urgent?

"Okay, you're not in a hurry, you're not in a hurry, I understand."

With that said, he patted Lin Chushui on the shoulder and said comfortingly.

Lin Chushui's current mood is the same as when he first met his mother, right?

Chapter 1453 There is a killer

It's just that at the beginning, he thought that his mother deliberately abandoned him and Sangsang, but Chu Shui was set up by someone and didn't even have hatred.

Lin Chushui just glanced at Lin Changhong lightly.

In fact, he was in a hurry, but he was not in a hurry to see his parents. Instead, he thought that the person who came to deliver the message that day said that Sister Sangsang was waiting for him to return at home, so he hurried a little along the way. .

"Brother Changhong, sit down while I pick some fruit."

He said something and prepared to go into the forest. Unexpectedly, Lin Changhong directly pulled him back.

"It's so dark, why are you going there? Aren't you full of solid food?"

Did he promise his mother to protect Lin Chushui and let him pick fruits alone? Not to mention his mother, even his sister would not be able to forgive him if he knew about it in the future.

"Don't go. You have to eat the fruit before going back tomorrow at dawn. It's not safe at night."

he said.

Lin Chushui raised his head, looked at the bright night sky, then looked at Lin Changhong, and nodded.

"Okay, let's go tomorrow."

"You two gentlemen, do you want to eat fruit? Please go to the forest and pick some." A subordinate who escorted them to Ye County heard the conversation between the two and came over.

"Wait a moment, subordinates..."

'call out--'

A sharp arrow shot through the air, causing the subordinate's words to get stuck in his throat.

"careful!"

He raised his hand and pushed Lin Changhong and Lin Chushui away. He also turned sideways and turned over in mid-air to avoid the sharp arrow.

When he stood firm, he directly protected Lin Changhong and the others behind him, and reminded his companions.

"There is a killer, everyone be careful."

When the sharp arrow was shot, the companions had already drawn their sidearms and pointed them in the direction of the arrow.

"Mount up, everyone, mount up."

Lin Changhong made a prompt decision, patted the shoulder of his subordinate in front of him, and suggested.

Instead of staying here and waiting to be surrounded, it would be better to mount the horse and rush out of the range of these sharp arrows.

"Everyone mount up!"

After hearing Lin Changhong's words, the subordinate immediately shouted to his companions.

The group of people quickly mounted their horses, and two of them took Lin Changhong and Lin Chushui, one at a time, without even leaving the other two horses, and galloped away.

...

Most of a day later, in a dense forest, some of the group of people were leaning on tree branches to catch their breath, while others were sitting on the ground, almost paralyzed, with blood on their faces and bodies.

"How's it going, you guys?" Lin Changhong looked at them and asked.

But obviously, everyone is not in good condition. After a fierce battle, it is impossible for anyone not to be injured at all.

"Mr. Changhong, those people are spiritual cultivators. We, as a group, will definitely not be able to fight against them." One of the people leaning on the tree pole said to Lin Changhong.

No matter how powerful they were, the other party had more people than them, and they were from Qianhuan Continent, so they were obviously not on the same level.

Hearing this, Lin Changhong and Lin Chushui gritted their teeth at the same time.

Naturally, they also understood that they were no match for those people. Those people were ruthless and wanted their lives with every move. It was obvious that Lin Chushui's identity must have been discovered.

"I don't understand how those people knew we were going back to Ye County!" Lin Chushui asked.

Chapter 1454 Listen to Mr. Changhong

They were far away in Jian'an City. Even if those people knew it, they couldn't guess so accurately that they were a group of them. Could it be that he was eager to see Sister Sangsang and was in such a hurry that he aroused suspicion?

Is this...impossible?

"Fei Ge's letter was being followed. Lin Changhong said without thinking.

It's not easy to deal with those people, but it's easy to deal with a pigeon that can only convey messages, right?

By following Fei Ge's message, she can know where the Jiulian Palace is, and then track her mother to where she is and target them.

"hateful!"

The man leaning against the tree pole also cursed secretly.

I originally thought that I would simply send two people back to Ye County, but I didn't expect that someone would actually intercept and kill them!

Fortunately, they were running fast and had horses to take their place. Even those people who were spiritual cultivators had nothing to do with the fast-moving horses.

But even so, they still suffered injuries of varying severity, and fought to the death with those people, but only a few spiritual cultivators fought with them. He dared to predict that there were a large number of those people!

"In this way, let's rest here for one night and then return early tomorrow morning..."

"no!"

Before he finished speaking, he was interrupted by Lin Changhong and Lin Chushui at the same time.

"Those people already know that we can't walk fast without horses. If we stay here any longer, they will only let them catch up and surround us. By then, it will not be that simple for us to get out alive. .

Lin Chushui said to them.

"But we... all of us are still injured." The man hesitated for a moment and glanced at his companions who were too tired to walk, with some hesitation in his eyes.

How can I have the strength to go out without a night's rest?

"Everyone, please be patient for a while. After taking the medicine, we will rush on our way. When we get to the next town, we will go buy some things and disguise ourselves so that those people will not find us easily."

Lin Changhong thought for a while and suggested to them.

Those who cultivate the spirit have to deal with him and Lin Chushui. Of course, the main person to deal with is Lin Chushui, he is just an accessory.

But it doesn't matter, as long as he knows that those people want to deal with them, then as long as it is not them, other people will not attract the attention of those people, right?

"this....."

The man hesitated again and looked at the others.

"What do you think?" he asked.

"We listen to Mr. Changhong," one of them said.

"But the injuries on your bodies..."

"What does this injury mean?"

Before the man finished speaking, he was interrupted by another man.

"If we continue to stay here, we will have no choice but to be captured. Now that we have gone out, we can still have a chance of survival. Master Changhong, where is the medicine on your body? Give it to me. Take the medicine and leave quickly. Don't delay for a moment."

He looked at Lin Changhong and said.

"good."

Lin Changhong nodded and took out a few porcelain bottles from the package he carried with him. He glanced at Lin Chushui.

"Chu Shui, come together to help."

Among this group of people, he and Chu Shui were the least injured because they were well protected by others, so at this time, they had to rely on them.

...

The next evening...

Several people accompanying him looked at the two... people in front of them with twitching expressions.

"Chang... Master Changhong, are you... sure you want to dress up like this?" the leader asked with his mouth twitching seriously.

Chapter 1455 It's almost done

"What's the matter? Isn't it good for me to dress up like this?" Lin Changhong held up the hem of his skirt with one hand and the silk handkerchief in the other hand, covering his mouth softly and asked the leader in a soft voice. .

"Huh!"

The leader couldn't help laughing and shuddered.

If he hadn't seen Lin Changhong in men's clothing, he would really have thought that the person in front of him was a delicate beauty.

But they all had seen Lin Changhong in men's clothing. Now listening to his voice and looking at his clothes, they really... all the hairs on their bodies stood up.

"Master Changhong, you are... amazing."

Several people raised their thumbs at Lin Changhong.

They thought that those spiritual cultivators on Qianhuan Continent would no longer think that the 'little girl' in front of them was the Lin Changhong they wanted to hunt down, right?

Then, they set their sights on another person, Lin Chushui...

"Master Chu Shui, you are dressed like this..."

"Cough, cough."

Lin Chushui coughed twice, and the sound was as old as an old man in his seventies or eighties.

Coupled with the severe wrinkles on his face and the gray hair, he looked like an old man.

Then, coupled with the clothes he was wearing...beggars' clothes, it would be even better if he could hold a cane in his hand. They begged all the way to Ye County, ensuring that no one would notice.

"Brother Changhong, I think you should wear a veil, otherwise, those people can still guess you. Lin Chushui glanced at Lin Changhong and reminded.

"Um."

Lin Changhong nodded.

Yes, those spiritual cultivators on Qianhuan Continent must have been followed from Grandpa's house. They must have met his sister Sangsang.

If he showed his face like this, any fool would recognize the two almost identical faces.

"It's okay, just wait for me."

He walked into his room in the inn again and walked out after a while.

"What now? No one can recognize me, right?"

"vomit!"

Please forgive their eye pain. They really can't stand the 'woman' in front of them. Can they raise their hands and beat her up?

"Mr. Changhong, what's this on your face?"

It was red and yellow, piece by piece. It was so scary that they almost vomited out their overnight meal.

"Can't you see it? It's a malignant tumor. How is it? Do I look like it? Chu Shui." He turned his head, raised the thing on his face, and asked Lin Chu Shui.

"Wait, let me help you do it again."

Chu Shui raised his hand, moved it a few times on Lin Changhong's face, then put it down and nodded with satisfaction.

"That's enough, just put on a veil and that's it."

Others: "..."

Gentlemen, are you sure you are still normal people?

"If you're going to be veiled, why do you have to make it so...weird?"

Someone asked, he didn't dare to say the word "disgusting" for fear of being beaten up by the two young masters.

"In order not to scare the people outside to death." Lin Changhong answered without any doubt.

When he goes out with such a face, when those people outside see him, why don't they throw rotten vegetables and stuff on him, then grab her and set her on fire?

Therefore, he is thinking about himself.

"You should quickly put on those clothes and have a meal before we set off." He said to them.

Chapter 1456 You won't be suspicious, right?

"Oh, oh oh.

Several people responded at the same time and put on the clothes they had exchanged from beggars in the town.

Although it's a little tasteless, it's better than being stared at and chased all the time, right?

...

Shaohua City.

Qin Luoyin thought for a long time, but couldn't help but beg for relegation. He took her secretly to Qin's house and took a look at her mother.

Sure enough, as Ban Jue said, her mother was eating and drinking well at the Qin family and was very comfortable with her two sons. Especially when she and Ban Jue were peeking outside, the head of the Qin family, her father, happened to come. Visiting her mother.

"Master, why are you here at this time?"

When the woman saw the master of the Qin family, she greeted him with a charming smile.

"Is that dead girl causing you trouble again? That dead girl is so ignorant. The head of the house is her father. Let alone let her do such a small thing, even if she is allowed to die, she has to be obedient. Go away."

Qin Luoyin outside the door listened to the soft voice in his memory and the harsh words, and almost couldn't stand.

Is this her biological mother? To actually say this about her in front of her father, is this still the same mother who always protects her? Not anymore, right?

Maybe, not from the beginning!

"Luoyin is currently in Prince Mo's Mansion and needs to be taken care of. Tomorrow, ask the people around you to send her some money. The head of the Qin family said to the woman.

"What?!"

When the woman heard this, she almost froze and screamed.

"You want to give money to that dead girl? Master, are you too kind to that dead girl?"

"What do you know?"

The head of the Qin family glared at the woman angrily.

"Prince Mo's Mansion has always been heavily guarded. Neither my Qin Mansion nor Concubine Lian, nor anyone close to the Emperor, was placed in a serious place. Luoyin finally got in, how could he not do anything at all?

Now is where Concubine Lian and the Emperor need her. Send some money so that she can develop her power in Prince Mo's palace and come back to find out more information. "

"Yes, Master, I will send someone to take care of it tomorrow." The woman responded.

"Then...family, how much money should I send to my family?"

"Let me give you ten thousand taels as a gift first."

The head of the Qin family thought for a while and said.

"hiss!"

When the woman heard the words ten thousand taels, she suddenly gasped, with a look of embarrassment on her face.

"Master, that dead girl always thought that the slave family was suffering in the Qin family. Now she suddenly takes out 10,000 taels of silver. She won't be suspicious, right? Otherwise, it should be less..."

In fact, she felt sorry for her money.

Although the head of the house would often send her something, and she was quite wealthy, what was the point of giving it to that damn girl who was paying for it?

"Send it to you as soon as I ask you to. Why are you trembling?" The head of the Qin family glared at her again.

"Luoyin is not stupid. Will she really think that the money sent by your people is from you?"

"Yes, yes, the master of the house is right." The woman responded quickly.

"Also, along with the money, ask someone around you to secretly slip a letter to Luoyin. You should know what to write in the letter, right?" The head of the Qin family looked at her and asked.

"Yes, yes, I know how to write it." The woman responded quickly.

Isn't it just complaining? After all these years, she can still write. She can write several sheets of paper with her eyes closed.

Chapter 1457 It's actually poisonous!

"Um.

The head of the Qin family nodded with satisfaction.

He reached out, took out a stack of banknotes from his sleeve, and handed it to the woman.

"Here are 20,000 taels of silver notes. Take it, wait... no, send them all to Luoyin tomorrow. Don't wait until she runs out of money. She can no longer be used in Prince Mo's palace. It will be too late to regret it. "

He thought for a while and said again.

This was something Concubine Lian sent someone to explain, or was it an order given by the Emperor himself? He couldn't mess it up.

"Yes, I understand."

The woman took the banknote from Master Qin's hand and kept staring at it, unable to move it away.

It's a pity that the 20,000 taels of silver notes had to be given away again before she could warm them in her hands. That damn girl was indeed born to defeat her!

Look at her, after that dead girl left, she gained the favor of the family owner and gave birth to two sons one after another.

Now, even Madam has to say a few nice words to her when she sees her.

All this is incomparable to the time when you only have that dead girl under your knees. That dead girl should be sent out to harm others.

Outside, Qin Luoyin clenched her teeth and tried her best to keep her eyes open without letting the tears fall.

Her father even called her Luoyin, but her mother was a dead girl and didn't even have a nice word to say.

On the other hand, she was suffering in Prince Mo's Mansion, every step of the way was difficult, but her mother was reluctant to give her any money, and wished she could take the money her father told her to give to her as her own!

hehe.

She sneered inwardly.

She thought that everyone else was a joke to her, but she didn't expect that in the eyes of others, she was a complete joke!

"let's go."

She lowered her voice and said to Ban Jue beside her.

Ban Jue didn't say anything and took her secretly away from the Qin family.

...

In a dark room, there was the sound of muddy breathing.

'puff! '

Dark red blood spurted out from his mouth and sprayed on the ground.

"It's actually poisonous!"

The man in black covered his shoulder with one hand, raised the other hand and put it in front of him.

The wound on this hand was bitten by the white fox in Prince Mo's Mansion. He was fine when he left Prince Mo's Mansion, but after he came back for treatment, he discovered that the white fox's teeth were actually poisonous!

"It's obviously just an ordinary white fox, how could it be poisonous!"

He had seriously looked at the white fox. It was definitely an ordinary white fox, not the spirit fox from their Qianhuan Continent. It should not be poisonous.

But why was he poisoned?

That black panther?

It is definitely impossible, and the black panther is even more ordinary. If it were really a black panther, he would have died of poison long ago from such a big wound.

What's more, he was injured by the claws of a black panther. No matter what, the outside of the animal's skin cannot be poisonous, so it can only be the white fox.

"Sui Zimo, you are really a tough nut to crack!"

His master often warned him not to do anything to Sui Zimo, because no matter how powerful Sui Zimo was, he was just a pet kept by his master.

When it comes time to use it, Sui Zimo will be obedient and be used by his master.

But judging from his previous experience, Zi Mo at this age is definitely beyond his master's control, and his abilities are beyond the scope of his master's expectations.

Chapter 1458 Just a little girl

"Since you are seeking death, don't blame me for being ruthless!"

Sui Zimo himself wants to die, can he still hold Sui Zimo back?

Perhaps, he could secretly push Sui Zimo to death without a burial place, so as to relieve his hatred of being bitten and poisoned by the white fox!

And no matter what, he must help his master get rid of the scourge Sui Zimo, otherwise, it will become the biggest obstacle to his master's success in the future, just like the fate of the evil star imposed on Sui Zimo by his master.

...

On the deserted mountain.

Lin Caisang had finished all the things at home, thinking that he would only meet the two guests living on Menghuang Mountain for a few days, so he came over to see them.

Not long after he sat down, he felt something was wrong in the palm of his hand.

The expression on her face did not change. She took back the hand that was originally on the table and lowered it. There was a golden bead in her hand immediately.

It is not uncommon for the Golden Pearl Order to appear in her hands, but she is still on a special mission. Her grandfather's leg has not been cured yet, so he will not have another special mission soon. .

Therefore, there is only one possibility...

Thinking of that possibility, Lin Caisang's expression turned bad, and there was a hint of panic in his eyes.

"Miss Lin, what's wrong with you?"

Seeing her expression change slightly, Yue Chong, who was sitting opposite her, asked.

"It's nothing, I just suddenly remembered that there are still some medicinal herbs that I haven't collected yet. Seeing that the weather is quite good today, I thought of going to have a look, but..." Lin Caisang put away the panic in his eyes and looked at Yue Chong and Luo Mianyi, smiled.

"It's rare that I have free time to accompany Uncle Yue and Aunt Luo. I won't mention the matter of collecting herbs. I won't mention it anymore."

"If Miss Lin has something to do, then go ahead and get busy. My husband and I live in this mountain. We will have plenty of time to talk to Miss Lin in the future, right?" Yue Chong said with a faint smile at her.

"this....."

Lin Caisang looked at them with hesitation in his words.

"Then I'll go collect the herbs first, and come back tomorrow to chat with Uncle Yue and Aunt Luo."

With that said, she stood up and left directly without any intention of talking to Yue Chong and other people about boring excuses.

"Brother Chong, why did you just let her leave like that? What she just said was obviously not the truth." Luo Mianyi looked at Lin Caisang walking down the mountain and asked Yue Chong with a slight frown.

Hearing this, Yue Chong glanced at Luo Mianyi, and then looked at Lin Caisang's back.

"Knowing that she is in a hurry, can I still keep her? Mianyi, this is not Qianhuan Continent, it is Miss Lin's territory."

he reminded.

He didn't want to go against Lin Caisang. You know, the son of his family was still in Lin Caisang's hands. He didn't know what his son was thinking. Did he feel that their parents had no relationship? Lin Caisang, the sister, is very important.

Therefore, he did not want to offend Lin Caisang.

"Brother Chong, you are too careful, you are just a little girl, she..."

Luo Mianyi's frown became more and more obvious. She just couldn't stand Lin Caisang's approach of blocking them from going to Jian'an City to see Chu Shui.

That's their son, why shouldn't they be allowed to see him?

Although she promised Brother Chong that there would be no chaos, she couldn't control it in her heart. She just couldn't stand the way Lin Caisang took care of her son!

Chapter 1459 Are you stuck?

"Sleep!"

Yue Chong turned his head and looked at his wife.

"Did you not listen to a word of what I said to you before? I've already told you, that girl is not simple, why are you still... That's all, I won't argue with you."

He waved his hand at Luo Mianyi, with a look of helplessness on his face.

"But you have to remember that it is still unclear whether Chu Shui's heart can be towards us. If Chu Shui comes back and sees his mother looking like this towards his benefactor sister, what will he think?"

"this....."

Luo Mianyi was slightly shocked by his words.

He raised his hand, touched his forehead, took a deep breath, and exhaled heavily.

Since when did Luo Mianyi start acting like a little girl watching a movie? This is really a tiger being bullied by a dog!

"Brother Chong, you don't need to say anything, I understand."

What else could she say? She could only continue to wait, not knowing how her son was doing or when he would be able to come to her.

...

On the other side, Lin Caisang left the sight of Yue Chong and Luo Mianyi, entered the Golden Pearl Space without thinking, and then came to Prince Mo's Mansion.

"what happened?"

At this moment, although Prince Mo's palace was still as peaceful as before, she could feel that it was different.

The servant who was passing by in a hurry was stopped by her.

"Miss Lin, you...are you back?"

Seeing Lin Caisang wearing a mask, the servant's face lit up with joy and he screamed.

"It's great that you're back. Your Majesty... uh."

As if he mentioned some important secret, the second half of the sentence was stuck in his throat.

"Where is the prince?" Lin Caisang asked.

"In his own room, the doctor and Mr. Zhong are guarding him there." the servant replied.

When he heard that people with medical skills in the two palaces were guarding Sui Zimo, Lin Caisang secretly screamed something bad.

However, this was something she had expected.

If it wasn't a big deal, Zhong You wouldn't crush the Golden Pearl Order clone she gave him.

Thinking about it, she walked towards Sui Zimo's yard, not daring to delay any longer.

...

in the room.

"Zhong You, when will Miss Lin arrive? Didn't you already notify her that she will be here soon?" Ban Jue's face was livid. He was obviously not poisoned, but he was anxious.

He looked at Zhong You who had already given his prince acupuncture but could do nothing, and asked angrily.

"I....."

Zhong You opened his mouth.

How did he know when the master would come? He just heard the master say before that as long as she crushed the jade pendant she gave him, she would be able to get the news.

"Perhaps something got stuck on Master's side?"

he said hesitantly.

After hearing his words, not only Ban Jue, but also other people in the room were choked by Zhong You's words.

What could be more important than his prince's body? What's more, the person lying on the bed now is Lin Caisang's future husband. Will she not be anxious?

"I'll go outside and take a look."

Zhong You saw all of their cannibalistic looks directed at him and quickly found an excuse.

Anyway, with his current abilities, he couldn't save Sui Zimo, so he might as well go outside and wait for the master to arrive. He thought, it should be soon, right?

"you....."

Ban Jue was really going to make him angry.

Chapter 1460 A hint of instability is hidden

Didn't it mean that Zhong You had already learned the mistress's golden acupuncture treatment? So why doesn't it work?

Could it be that it hasn't been used for too long and has been forgotten?

This is impossible, right?

"Zhong You, come back!"

At least, with Zhong Wan in the room, they can feel more at ease. Why would he go outside when he has nothing to do?

He immediately chased Zhong You out with wind at his feet, trying to catch me back.

"Why are you running away? Your Majesty wants to lie down inside... Miss Lin!"

As soon as he chased outside, he saw Lin Caisang walking quickly into the yard. His eyes lit up and he almost knelt down towards Lin Caisang in front of everyone.

"Miss Lin, you are finally back. Your Majesty..."

"Don't talk about it yet, I'll go in and take a look."

Lin Caisang raised his hand to interrupt him, and walked into Sui Zimo's room without stopping, followed by Ban Jue and Zhong You.

"You all go out, Ban Jue and Zhong You stay."

Seeing so many people in the room, she frowned slightly and asked them to leave.

"When you get out, everyone gets out first."

Without even thinking about it, he waved his hand and cleared out everyone in the room.

"Miss Lin, the prince is poisoned again this time, and it seems to be more severe than usual. Please treat him quickly. I think he can't bear it anymore."

After clearing the people out, he looked at Lin Caisang, who was sitting on the edge of the bed and diagnosing the pulse of his prince.

Just now, he felt something was wrong with his prince's aura, as if he was about to die at any moment. If there wasn't Zhong You in the room, he would have been frightened.

"Zhong You, tell me the situation."

Lin Caisang took Sui Zimo's pulse and asked Zhong You.

"Master, after the prince was poisoned, I have given him an antidote to relieve the effects of the drug, and I have also administered injections according to your previous instructions, but it still has no effect at all. I have already administered injections three times. I have no choice but to follow You asked for help."

Zhong You briefly explained all the treatment methods he had done.

"Exiled Jue, tell me about the situation." Lin Caisang asked Ban Jue again.

"Miss Lin, the prince got poisoned when he was chasing the person from Qianhuan Continent. Several of his subordinates went after him with the prince, but nothing happened. It must be that the poison in the prince's body suddenly broke out."

Ban Jue also said.

Hearing this, Lin Caisang snorted in his heart.

She only believed in the banishment. That guy was injured by Xiao Hei and Da Bai. The trauma and poisoning caused him to reappear so quickly.

If he said he didn't come here deliberately to target Brother Mo Lian, how could she believe it?

"I'll give him acupuncture first to stabilize his breathing. Zhong You, you can check Ban Jue's pulse," Lin Caisang ordered.

After hearing her words, Zhong You immediately handed the silver needle bag in front of Lin Caisang.

"Master, Silver Needle."

Lin Caisang took the silver needle bag and immediately opened it to apply acupuncture to Suizi Mo. The technique was completely different from before, and the strength in his hand was even stronger.

Behind her, Ban Jue looked at Zhong You with confused eyes.

What did he just hear? The mistress asked Zhong You to take his pulse? He is not sick or in pain. What pulse does he need to check?

But even though he thought so in his heart, he still obediently stretched out his hand under Zhong You's gaze and handed it to Zhong Wan.

After a while, Lin Caisang, who was applying acupuncture, asked Zhong You.

"how?"

"The pulse is normal, but... Master, there is a trace of instability hidden in Ban Jue's pulse. If you hadn't reminded me, I would have never discovered it." Zhong You looked at Ban Jue's wrist and said to Lin Caisang said.
