

Star of Space 1471

Chapter 1471 No hostility

She was really furious and couldn't stand it anymore.

"Mianyi, I've told you so much, why don't you understand?"

Yue Chong sighed, looked at his wife with a faint look, and had to explain again.

"Chu Shui is not familiar with us now. Even if we take him away forcefully, he will not be familiar with us. Instead, he will resent us in his heart because of our willful actions."

"He...he is our son, he dares..."

"Why doesn't he dare?"

Yue Chong interrupted Luo Mianyi, his tone couldn't be more serious.

"Didn't you see that Chu Shui didn't even look at us in the Lin family's yard just now?"

"snort!"

Luo Mianyi became even more angry when she mentioned this.

Just now she was looking at her son, not saying a word away from that little girl Lin Caisang.

"Brother Chong, Chu Shui doesn't like Lin Caisang, does he?"

She couldn't help but guess, could it be that her son paid so much attention to Lin Caisang because he liked her?

That's not possible. How can the son of her Yue family, and the future young master of the Yue family, like such an ordinary little girl on the deserted continent? This is absolutely impossible.

"what are you thinking?"

Yue Chong couldn't help frowning and glared at his wife angrily. '6' '9' 's' 'h' 'u' 'x' '.' 'c' 'o' 'm'

He felt that the way Chu Shui looked at Lin Caisang showed respect, admiration, and dependence. It was definitely not like he had fallen in love with Lin Caisang as his wife said.

"Don't say anything like this again in the future. In fact, it's good for us to stay here for a while. We can communicate more with Chu Shui and increase our relationship. If not, do you really want to never be able to say a word to your son in the future?"

"Well."

Luo Mianyi choked at his words.

Recalling the time she was in the Lin family yard just now, she was really...

Oh, no, it's not that she didn't talk to her son, but that her son didn't pay attention to what she said and didn't say a word to her.

"Brother Chong, tell me, how come Chu Shui can talk to you for a few words, but when you come to me, a mother, you can't say a word? What's the reason for this?"

She really didn't understand, what was going on?

"Because I have no hostility towards Lin Caisang." Yue Chong said straightforwardly.

Although Chu Shui doesn't talk much, judging from the previous contact, the child understands in his heart and sees everything accurately.

Luo Mianyi had been hostile to Lin Caisang for more than a day or two. It had been since they lived on Menghuang Mountain. Even his persuasion was of no use.

Could it be that Chu Shui couldn't see it?

Luo Mianyi: "..."

How did she know that her dissatisfaction with Lin Caisang, which she inadvertently revealed, would be noticed by her son.

"Please be more careful in the future. We can only be grateful to the Lin family and have no other thoughts." Yue Chong explained to his wife.

"I see."

Luo Mianyi nodded, indicating that she understood.

However, Yue Chong still felt helpless in his heart after listening to her words.

When he tried to persuade her, didn't she make it clear? knew? understood? Will it be changed?

But what about the facts?

He didn't want to say anything. Since he wouldn't look back until he hit the wall, he would let Luo Mianyi hit the wall.

"Brother Chong, let's go to Lin's house later?" Luo Mianyi suggested to him.

Chapter 1472 He is still a prince

"That's fine."

Yue Chong thought for a while and nodded.

My son will eventually leave with them, so he can't always hide from them, right?

...

Lin.

When Yue Chong and Luo Mianyi came to the Lin family, Lin Chushui was no longer in the Lin family.

After inquiring, they found out that Lin Chushui had been called away by Lin Caisang and went to pick wild fruits in the forest.

This time, Luo Mianyi was angry again.

In the forest, Lin Caisang and Lin Chushui did not immediately start picking their wild fruits, but went directly to Sui Zimo's bamboo house.

"Sang Sang, I didn't know there was such a nice bamboo house here."

Lin Changhong who followed over saw the bamboo house. Without saying a word, he walked around in the bamboo house, then returned to the yard and spoke to his sister.

"There are a lot of things you don't know."

Lin Caisang rolled her eyes at him rudely.

"I just saw Brother Enxi and Sister-in-law Beidou. Does this bamboo house belong to them?" Lin Changhong asked again.

"It belongs to Brother Melian." Lin Caisang replied.

He glanced sideways at the two of them and led them towards a room.

"They have something to do here and won't disturb us. Let's go to the house and talk.

"oh oh."

Lin Changhong responded, and the two followed Lin Caisang into the house.

...

In the bamboo house, Lin Caisang told Lin Changhong and Lin Chushui some things about her and Sui Zimo.

Of course, I didn't tell them all, but picked out some of the less dangerous ones and told them to the two of them.

Even so, the two of them were stunned when they heard, "Sang Sang, I didn't know that my brother-in-law is actually a prince!"

"Your own identity is not much different."

Lin Caisang glanced at his eldest brother and said angrily.

The man in front of me is the real prince of the Liang Kingdom, the biological son of the eldest princess, and her brother Mo Lian is, how should I put it, a fake prince of the Wei Kingdom.

In comparison between the two, her eldest brother's status is better.

"Yes, yes, Sangsang, you are the princess and you are worthy of Brother Melian."

Lin Changhong blinked, and it took him a while to react. He raised his hand, patted his sister on the shoulder, and spoke to comfort her.

Lin Caisang: "..."

If this hadn't been her brother, she would have raised her hand and slapped him!

How can a brother look down on her sister like this?

Of course, now was not the time to talk about whether she was worthy of Sui Zimo or whether Sui Zimo was worthy of her. She set her sights on Lin Chushui.

"Chu Shui, I don't have to let you go back with your parents, but you should know that with people like them, they will definitely find ways to achieve what they want to achieve.

At least, Brother Mo Lian and I are not their opponents yet, can you understand? "

After getting along with each other these days, she could also see that Yue Chong's temperament seemed cold, but he was looking forward to this son he had never met, and this heart had never been there since he first came to Yacun. Changed.

On the other hand, Luo Mianyi's mentality has changed a lot since she first learned about Chu Shui's whereabouts.

This kind of family may not be Lin Chushui's best choice, but equally, if Chu Shui stays here, there won't be much change. It's better to go out and have a try now.

"Sister Sang Sang, will you and Brother Mo Lian go to Qianhuan Continent to find me in the future?" Lin Chushui asked.

Chapter 1473 Not their biological child

Hearing this, Lin Caisang glanced sideways at his eldest brother, then turned to look at Lin Chushui and nodded seriously.

"Yes. When the time comes, eldest brother, I, and Brother Mo Lian will definitely go to Qianhuan Continent to find you. Maybe by that time, we will still need your help."

she said.

After listening to her words, Lin Chushui took a deep breath and nodded.

"Then I'll go back."

As long as he can help Sister Sang Sang and Brother Mo Lian, he is willing to do anything they ask him to do.

"Don't make a decision in a hurry, Chu Shui."

When he had already made up his mind, Lin Caisang said again.

"At least now, it's not time to go back."

"Why?"

This question was not asked by Lin Chushui, but by Lin Changhong.

"Sang Sang, that Aunt Luo is very anxious for Chu Shui to go back with them. She wishes she could leave right now. With this delay, Chu Shui will be unable to win over his mother's heart, right?"

He offered his opinion.

Lin Chushui listened to his words and looked at Lin Caisang.

"No, we can't go back now."

Lin Caisang still said the same thing. If he goes back now, he will harm Lin Chushui.

"In the days since you haven't been here, I have already inquired about your parents' situation. Your father has two sons, which means you have two younger brothers. ~"*°.~~.°*"~"

"oh!"

This time, Lin Changhong understood.

"Aunt Luo wants to go back so anxiously because she wants to go back and see Chu Shui's two younger brothers."

But she didn't say it directly. People who didn't know better would think that Luo Mianyi was worried that her son's attention would be taken away by the Lin family, so she was angry.

Lin Caisang nodded and agreed with Lin Changhong's words.

"Chu Shui, I'm not teaching you how to compete with your two brothers for your parents' favor. You must understand this, but at the same time, you must also know how to protect yourself."

She didn't want to darken Lin Chushui's blank heart because of what she said today, so she said what she needed to say first.

"The Yue family has three sons, and there is also my cousin. Although he is not a biological child of the Yue family, he has watched them grow up over the years. It is impossible for him to have no feelings at all."

"Chu Shui, you have to be prepared. Maybe in the hearts of your parents, you are worse than the one who is not their biological child." Lin Changhong reminded Lin Chushui with a look of despair.

"Lin Changhong!"

At this moment, Lin Caisang is desperate for life!

"Okay, okay, it's okay if I don't speak."

When Lin Changhong saw that his sister was calling him by his name, it was obvious that he was really angry, so he hurriedly smiled at her.

Lin Caisang rolled her eyes at him, then looked at Lin Chushui again.

"Chu Shui, my elder brother's words may sound uncomfortable, but they may be the truth, and you have to be careful. As the saying goes, you must not have the intention to harm others, and you must have the intention to guard against others."

"I understand, Sister Sangsang." Lin Chushui nodded.

"Um."

Lin Caisang nodded.

"What I want to say next is how you should contact your parents. Do you regard them as enemies in your heart now?"

she asked.

Hearing this, Lin Chushui's head lowered.

Sister Sang Sang was right, he hated them a little. If they hadn't come, he could have lived well in the Lin family and wouldn't have to leave the Lin family.

"Actually, before I came to the Lin family, I had been hoping that my parents would come back to me, but now..."

Chapter 1474 Listen well, don't interrupt

He didn't look forward to it at all. Instead, he had an idea in his heart that it would be best for them to disappear.

He knew that this thought in his heart was wrong, but he couldn't control it.

"Chu Shui, don't have such thoughts. You can't let go of blood ties. You shouldn't run away from them. Instead, you should try to accept them." Lin Caisang advised him.

"Of course, what I said before about being on guard against others may be somewhat contradictory to this point, but it does not mean that they cannot exist together, as long as you can adjust the interests between the two."

"Um."

Lin Chushui nodded. He would never refute Lin Caisang's words.

"Sister Sangsang, you asked me not to leave now. Do you want me to get in touch with my parents first and build some affection?"

he asks.

"That's a point."

Lin Caisang nodded to him.

"And the most important point, Chu Shui, everyone in Qianhuan Continent is a spiritual cultivator, but you are twelve years old now, but you still don't know how to cultivate spirits. This will be a problem when you arrive in Qianhuan Continent in the future. It makes you very passive."

"What should we do?"

Lin Changhong asked immediately.

"I have a way now that will allow you to start spiritual cultivation, but this method still lacks a few things that need to be found. If you do the math, you will almost have everything you need in a month."

Lin Caisang said.

"Sang Sang, do you still have such a way?" Lin Changhong looked at his sister intently.

He gave her a thumbs up in his heart, thinking that his girl was really awesome, and he was so impressed that he was so impressed.

"go away!"

Lin Caisang really couldn't help it and yelled at Lin Changhong.

"If you have nothing to do, go pick wild fruits. Why are you making a fuss here?"

"do not."

Seeing that his sister was chasing someone away, Lin Changhong hurriedly put on a smile.

"When can't we go pick wild fruits? I can't wait for a while, so I'll stay here to guard you. It's also good to give you some advice at the critical moment, right?"

Lin Caisang: "..."

What idea does he have, this guy is just here to cause trouble!

However, she didn't really want to drive her brother out. Anyway, he would have to know these things in the future, which would save her the trouble of having to worry about it in the future.

"Listen well and don't interrupt."

"well."

Lin Changhong nodded quickly.

Lin Caisang glared at his eldest brother again before continuing to look at Lin Chushui.

"Chu Shui, the feelings between people are based on their relationship. If you don't try to accept it, your parents will be like this for the rest of your life. But if you take a step forward, they will also treat you. Okay, this will make life easier in the future."

"Sister Sangsang, I understand what you mean." Lin Chushui nodded.

It was impossible for him not to leave. Since he was destined to return to his parents, he had to find a better way for himself.

After so many years in the Liu family, he still understood this.

"As long as you understand."

Lin Caisang raised her hand and patted his shoulder, silently comforting him.

"I believe it won't be long before we come to find you."

"good."

Lin Chushui responded.

...

After returning to Lin's house with the bamboo basket on his back, Lin Chushui raised his eyes and saw Yue Chong and Luo Mianyi standing in the yard waiting for him.

"Why don't you go in and sit down? If you don't want to go to the main room, just go to my room."
Thinking about Sister Sangsang's explanation, he said to the two of them.

Chapter 1475 Not even a chance to refuse

"Chu Shui, why are you..."

"No need, we saw that you were not here and were about to leave. Yue Chong interrupted Luo Mianyi and said to Lin Chushui.

Because he could feel that Luo Mianyi's words were definitely not good words.

This could be seen from her ugly face. She must have felt that Lin Chushui was their son and it was really inappropriate for him to help Lin pick mulberries and pick wild fruits as a coolie.

But he thinks this is nothing. You have to adapt to the kind of life you live in.

If you can't even endure this little hardship, how can you be the young master of their Yue Clan and the eldest son of Yue Chong?

Luo Mianyi looked at Yue Chong who interrupted her, then at her son Lin Chushui, and pursed her lips.

When did she speak and do things, she had to look at the face of a little girl. It was really frustrating to think about it, but there was no other way. In order to allow her son to go home with them, they had to endure it for a while.

"You're tired, put your things down first."

She walked to Lin Chushui with a smile and said to him.

"Um."

Lin Chushui nodded, took off the bamboo basket on his back, and then looked at Lin Caisang.

"Sister Sangsang, let me help you..."

"no, I'm fine."

Lin Changhong saw him reaching out his hand and quickly stopped him.

"Chu Shui, this is my biological sister. You have to give me a chance to show off in front of your own sister, right? Go ahead and take care of your parents."

With that said, Yue Chong and Luo Mianyi cast a warning look at Lin Chushui from a direction that Yue Chong and Luo Mianyi could not see.

Didn't you see that Luo Mianyi's expression hadn't calmed down since this guy was carrying the bamboo basket on his back? For coming to help Sangsang at this time, Luo Mianyi couldn't help but curse in her heart.

"Um."

Lin Chushui looked at Yue Chong and Lin Changhong, then looked at Lin Changhong and responded softly.

"Chu Shui, let's do this. Your parents live on Menghuang Mountain. Otherwise, you can move to Menghuang Mountain. It happens to be raining these days and there is no one guarding the mountain, so I don't worry."

Lin Caisang put the bamboo basket on the ground, straightened up and said to Lin Chushui.

"Move to Menghuang Mountain?" Lin Chushui raised an eyebrow.

He really hasn't thought about this. Even if he wants to spend more time with his parents, he doesn't have to move in together, right?

"Yeah, move to the mountains."

Lin Caisang glanced at him, then looked at Yue Chong and his wife.

"Just in time, I was worried that Chu Shui would be bullied if he went to Qianhuan Continent. Uncle Yue and Aunt Luo, you can take advantage of the time you are on Menghuang Mountain to talk to Chu Shui more about Qianhuan Continent. person or thing.

It is also a good idea to let him know more about it so that he can have countermeasures when encountering danger in the future. In this way, we can feel more at ease. "

She said to the two of them with a smile.

"us....."

Yue Chong opened his mouth, wanting to say that he didn't want to mention things on Qianhuan Continent here.

"Sister Sangsang, don't worry, I will definitely remember what my parents said to me, and I won't let you worry about me." Before Yue Chong could refuse, Lin Chushui said to Lin Caisang.

He understood what Sister Sang Sang meant, which was to ask him to inquire more about Qianhuan Continent so that they all knew what kind of place Qianhuan Continent was.

In the future, when I arrive in Qianhuan Continent, I won't be caught off guard.

Yue Chong: "..."

Didn't he even have a chance to refuse?

Chapter 1476 Choosing a good husband's family

But the son wanted to know that he couldn't really refuse. Maybe Lin Caisang just wanted to have more topics to talk about between father and son?

Maybe saying more words can really make the son recognize him as his father more? If this is the case, then he is willing to say more about Qianhuan Continent.

...

Jian'an City, in the imperial palace.

The emperor had not seen his sister for a long time. As soon as she left his sight, it was like a mud cow drowning in the sea, and he could not find her.

After finally seeing him today, he immediately ordered a family dinner.

"puff--"

The wine that had just been in my mouth spurted out in one gulp.

Not only the emperor, but also the queen and the two princes looked at the eldest princess in horror after hearing her words.

"Auntie, what did you just say? Didn't I hear clearly?" The wine glass in the prince's hand was shaking, and the wine spilled onto the back of his hand, but he didn't even notice it.

"You heard it right, brother and sister-in-law, you heard it right too, I... have a pair of children."

The eldest princess put down the chopsticks in her hand, glanced at the people in front of her seriously, and said each word to them for the second time.

"Gudong."

The Second Prince couldn't help but swallow.

"What about... people?"

Please forgive me that the emperor really has some poor reception. He could only burst out these three words from his own mouth, but he still stuttered.

"Sister, you didn't throw away your children because you knew that person was setting you up, right?"
The queen thought about it carefully and felt that her idea was still very possible.

That person is really hateful, he actually deceived the dignified eldest princess of Liang Kingdom like this!

He was really given an advantage by not killing him all these years and letting him live on.

But she finally understood why the eldest princess didn't let the emperor kill the man when she was so angry. If it was because the two had a child, it would be reasonable.

"Where did the royal sister-in-law go?"

The eldest princess laughed after hearing her guess.

But now that I think about it, I'm really scared. If she really has a child with that person, what kind of terrifying reality will it be.

fine.....

"Both my children are fourteen years old now. Next year Sangsang will have haircuts, and it's time to choose a good husband for her."

emperor:"....."

Could he think that if his sister's daughter hadn't gotten married, his sister would still hide the fact that she had a child from his biological brother?

"Then your plan is..."

"The child has found a marriage by himself, but...it's a bit difficult." The eldest princess looked at the emperor seriously and said.

Looking at her eyes, the emperor had a headache.

"How difficult is it to do it? In this Liang Kingdom, which marriage do you want to choose for the princess? No matter how noble the family is, isn't it a matter of just one sentence?" the queen said.

Yes, that's what they say. The royal family of their Liang Kingdom is different from the royal families of other countries. The family is close to each other.

Since he is the eldest princess's child, he is the princess of their Liang Kingdom. Why is it difficult to find a marriage?

"The man she likes is not from the Liang Kingdom, that's why it's difficult." The eldest princess said quietly.

"It's easy even if he's not from Liang. Auntie, if it's hard for you, I'll just go and capture that person and bring him to build An City." The second prince said to the eldest princess.

Chapter 1477 Is she your biological daughter?

The eldest princess: "..."

Is this person who is full of the aura of the Mountain King really her nephew?

I'm afraid it's not a fake, right?

"Brother Emperor, why don't you care about him? Look at his temper!" She looked at the emperor and said.

emperor: "....."

How can he control it? Can he tell his sister that the temper of the second child is actually very similar to that of her biological aunt?

I'm sure if he said that, his sister would get angry, leave the palace and never come back. He couldn't afford to take this risk, could he?

"You'd better tell me, that... what is the name of my precious niece?" he asked.

"Sang-sang, Nong-sang's mulberry," the eldest princess replied.

"Yes, Sangsang, which young master does Sangsang like?" the emperor asked.

Hearing this, the queen, the eldest prince, and the second prince all looked at the eldest princess with curious expressions on their faces.

"It's not a very rich family, it's Prince Mo of Weiguo." After saying that, the eldest princess picked up the fruit at hand and put it into her mouth, with a calm expression on her face.

"who?"

"who?!"

"Auntie, who are you talking about!!!"

Four voices sounded, all of them in disbelief.

The one who defends the country...Prince Mo!

Isn't that the evil lone star Suizi Mo who has been raised since he was a child and was just named King Mo!

"Yu Yang, how dare you say that!" The emperor took a deep breath.

He had heard that King Mo was a master who would bring misfortune to anyone who got in trouble!

He had just found out that he had a precious niece, and he was about to send her to Prince Mo's Mansion in Wei State to die... Bah!

"Sister, is that... your biological daughter?" The Queen endured it, but she still couldn't hold it back and tested Princess Shun Chang.

If the eldest princess is really her biological daughter, if she is willing to send her to the Kingdom of Wei and marry a husband from Tiansha Guxing, then in the future...is there any future?

"aunt....."

"aunt....."

Seeing that the two nephews were about to speak, the eldest princess immediately raised her hand to interrupt them.

"Brother, sister-in-law, I have seen that child. He is gentle and handsome, like a scholar, and he doesn't have any anger in him. I guess he has a very good destiny as the evil star. "

The eldest princess said to the emperor and queen.

Sui Zimo who is far away in Shaohua City:...

Princess, please ask you, where did you see that this king looks so elegant?

You put it this way, aren't you afraid that when I see Son'er's uncle, he will be frightened and faint? You are not so partial to your son-in-law, right? You have already turned everything black into white.

Princess: Isn't there nothing I can do about this?

I didn't see this royal brother's eyes shining brightly after hearing that your mother-in-law had a daughter!

If I had said otherwise, you would have planned to be a bachelor for the rest of your life!

Sui Zimo: Just pretend that I don't know anything.

"Yu Yang, I'm not trying to throw cold water on you. If there is a true marriage between Liang and Wei, Emperor Wei will choose a prince he likes. King Mo is absolutely impossible."

The emperor could see clearly and said to the eldest princess.

But the eldest princess didn't take his words to heart, and she didn't even look at him.

"It doesn't matter. I've already thought of a way. As long as Emperor Wei knows that my daughter is just a little village girl who just came back from the countryside and doesn't understand anything. That's all.

In addition, when I was in the eldest princess's palace, I was injured by an assassin. The emperor brother could also declare to the outside world that I was seriously ill and urgently needed a miracle doctor to come and treat my injuries. "

Chapter 1478 Bullying him for not having a daughter

emperor:"....."

What kind of trick is this? !

Why, as the emperor, does he not understand at all?

Is it really because he has exhausted his body due to the many things he has to do over the years?

"Do we still need to find the miracle doctor? Auntie, can't we just look for Miss Lin?" the second prince suggested.

Why should we look for someone else? They have a ready-made miracle doctor, it's not like they can't find it, and Miss Lin and her aunt have always been very friendly.

"Um."

The eldest princess did not object and nodded to her second nephew.

"Miss Lin is currently a guest in the palace of Prince Mo of the Kingdom of Wei," she said.

Everyone: "..."

These links are intertwined, and they don't understand it even more.

"Auntie, you are so close to Miss Lin that you want to trade your daughter for Miss Lin? This is not possible, I won't agree to it, absolutely not!"

That's his sister. He finally got a sister that he longed for. Even if it's a 'cousin', she's still a sister.

How could you send your sister to the tiger's mouth for an outsider?

"Yu Yang..."

"Father."

The emperor still wanted to speak, but was stopped by the great prince.

He turned his head and looked at his aunt steadily. After thinking for a long time, he spoke.

"Auntie, Miss Lin is your daughter, Sangsang, isn't she?"

His aunt might really get confused by going around like this, but he could figure it out after thinking about it with his unique mind.

"Really?"

The emperor, the queen, and the second prince all asked the eldest princess at the same time.

The eldest princess glanced at the four people one by one, and then nodded.

"Sang Sang came to Jian'an City to treat me because she knew I was poisoned. But at that time, I didn't know she was my daughter."

Of course, at that time, Sangsang didn't know that she was her mother.

However, she would not tell the imperial brothers what they knew about this. She alone could know the twists and turns, and she alone would keep Sangsang's secret.

"It turns out that this is the case." The emperor breathed a sigh of relief.

In this way, even he has seen his precious niece many times, but he has not seen her face, only a mask.

"Yu Yang, please tell me, what do you want to do? Even if you exchange a miracle doctor for a marriage between the two countries, Sang Sang may not be able to marry into Prince Mo's palace as he wishes."

The marriage between the two countries is a big deal. How could it be possible to choose someone like Sui Zimo?

"She's just a princess, not a princess. Emperor Wei won't care." The eldest princess said unfazed.

emperor:"....."

This is bullying him for not having a daughter, right?

Turning his head, he glared at the two sons of the eldest prince and the second prince.

Why is it that neither of these two is a girl? Otherwise, he wouldn't be speechless by his own sister.

"The Emperor Wei doesn't care, I do. That's okay, right?"

"Brother Emperor, there is no chance for a female student to stay."

The eldest princess looked at her royal brother steadily and advised him.

emperor:"!!!"

Isn't that the opposite? No matter what, he should be the one who persuaded the eldest princess!

She's obviously her daughter, okay?

"Have you really decided like this? Are you going to send your daughter to such a far away place? That's the country of Wei. If Sangsang is married, she's not familiar with the place..."

"Brother, my daughter, don't you believe it yet?" The eldest princess interrupted him and asked him.

The emperor choked at her words.

Chapter 1479 Send troops directly to fight

Yes, he had seen Lin Caisang's abilities before, but that was limited to his medical skills and words.

Others are yet to be confirmed by him.

"Let's talk about this later."

It was true that such a good family dinner made him no longer in the mood to eat.

"Okay, let's eat well first." The eldest princess looked at the dishes on the table and said.

emperor:"....."

He wanted to delay it for a while and let his girl think about it carefully, but he didn't mean to wait until after dinner!

But obviously, his girl was determined to marry her daughter to the Kingdom of Wei and become the princess of King Mo.

...

In the Imperial Palace of Weiguo.

From the Imperial Study Room, the Emperor's furious and thunderous voice came.

"How could this happen? How could this happen?!"

Slapping the paper in his hand heavily on the table, he looked forward with scarlet eyes, glaring at Eunuch Gui who was standing not far in front of him.

Eunuch Gui was really frightened by his appearance, and his body trembled a little.

"Your Majesty, the truth is... this is it."

"Damn it, damn it!"

The emperor slapped his hand on the table, grabbed the paper, and crumpled it into a ball.

"Sui Zimo, you are really capable!"

That Miss Lin, he really didn't expect that she was so capable and could even get the gold medal for immunity from death given by Emperor Liang himself.

What does that mean? It is equivalent to being able to travel unimpeded within the territory of Liang State.

Moreover, Miss Lin saved the eldest princess and was regarded as a lifesaver by Emperor Liang and the first and second princes of the Liang Kingdom. She also saved the second prince who was dying.

With such affection, what can't Miss Lin do in Liangguo?

And such a person actually came to Weigu with Sui Zimo and lived in Prince Mo's mansion.

If Miss Lin didn't like Sui Zimo, who would believe it?

He doesn't believe it anyway!

"Hiss...hoo!"

Taking a deep breath in and exhaling hard, he put one hand on his waist and held the piece of paper in his other hand, wishing he could crush it into powder.

"No, we must not let the female doctor stay in Prince Mo's Mansion!"

After thinking about it, no matter how much he thought about it, he decided that Miss Lin could not be allowed to stay in Prince Mo's Mansion any longer. This woman would definitely become a serious problem for him.

And this woman will also become Sui Zimo's biggest help!

"Your Majesty, do you want to announce female doctors to the palace again?" Eunuch Gui looked at him and asked carefully.

emperor:"....."

Announcement of a female doctor entering the palace? How to announce it?

Not to mention that Suizi Mo is now sending home Miss Lin's excuse because she was poisoned. Even if she is in Prince Mo's palace, he can no longer declare her to be in the palace.

She has Liang Guo's death-free gold medal in her hand. Although this thing is something that he really wants to get, a doctor with a death-free gold medal in his hand wants to kill him and then be safe again. Leaving the palace from the ground is still very simple.

Emperor Liang once again regarded Miss Lin as his savior. If he knew that she was being detained in the Weiguo Palace, he would not have directly sent troops to fight!

Although they defended the country and ruled it with force, in terms of strength, they were still not as good as Liang Guo. It was a country with sufficient food and grass and a treasury that other countries could not even imagine!

"Just back off."

He waved towards Eunuch Gui.

Now he needs to think carefully about how to deal with this female doctor!

It was impossible for Xuan Jin to come to the palace. He didn't want to die early.

Chapter 1480 Send back to Liang Guo

However, staying in Prince Mo's Mansion to support Sui Zi Mo was something he could not allow. It would be best for Miss Lin to leave Weiguo forever and never appear anywhere in Weiguo again.

Only when Sui Zimo couldn't reach this person would he feel at ease.

Taking a deep breath, he really had no choice this time, because in Prince Mo's Mansion and with Sui Zi Mo, all his methods would be ineffective.

"Master, what are you doing? It's been so many days, why is there no news at all!"

He grinded his teeth, thinking that the man in black had said before that he would deal with Sui Zimo, but it had been several days, but there was no movement at all.

Sui Zi Mo was staying well in Prince Mo's palace. Not to mention the news of his death, even the news of his injuries had not reached the palace.

"Forget it, I'd better go to the Queen Mother's palace and have a look."

Maybe the Queen Mother can come up with something good?

With that said, he suppressed the anger and panic in his heart, stood up and walked out of the imperial study room.

...

In the Queen Mother's Palace.

After hearing the emperor's words, the Queen Mother also frowned.

"Then Miss Lin actually has such a status in Liang State?"

Regardless of whether you have power or not, first of all, having a gold medal for immunity from death is a great thing. Who wouldn't envy it?

"Yes, Queen Mother, I just got the news." The emperor said with a worried face.

"Tell me, did Sui Zimo know that Miss Lin held Liang Guo's death-free gold medal, and that's why he became friends with her? This Sui Zimo is so scheming!"

"Now is not the time to take care of Sui Zimo." The Queen Mother looked at him and reminded him.

"How do you plan to arrange this Miss Lin? She has a very close relationship with Sui Zimo. If this continues, there may be huge changes!"

This Miss Lin, I am afraid that if she lifts the hand holding the gold medal for immunity from death, she will cause a big storm, but such a person lives in Prince Mo's palace.

"What do you think, the Queen Mother?" the Emperor asked the Queen Mother softly.

After hearing his question, the Queen Mother thought for a moment and exhaled heavily.

"Since the person is from Liang State, it would be better to send him back to Liang State."

"Send back to Liang Kingdom?"

The emperor was stunned for a moment and looked at the Queen Mother.

"How to send it?" he asked.

That's a big living person. Can they decide where she wants to be?

If it was an ordinary commoner, they could send her wherever they wanted, but she had great medical and poison skills, and could kill a large number of people with just a flick of her hand.

Moreover, I still have a death-free gold medal in hand.

Can they send it back if they want? Why is this idea so unreliable?

"This is not simple. The Ai family has heard that the eldest princess of the Liang Kingdom has been suffering from a serious illness. If Emperor Liang can send someone to beg her personally, and then you order to enter Prince Mo's palace, how can Suizi Mo still refuse to beg her? ?

Didn't you just say that Miss Lin and the eldest princess had a life-saving grace? There must be some friendship between them, right? "

said the Queen Mother.

"That's right."

The emperor listened to her words and nodded in agreement.

"What should I do if I cure Princess Liang's illness and come back to Sui Zimo?"

This idea was only temporary and not a permanent solution. He thought it would be best to find a way to prevent Miss Lin from ever entering Prince Mo's Mansion again.

"Then let's arrange a marriage for Sui Zimo," the Queen Mother said.

emperor:"....."

He wanted to arrange it. He arranged Qin Luoyin into Prince Mo's palace before, but he was still thinking about what else he could do.
