Chapter 1481 Leave it to me

But then I thought about it, it was unknown whether the child Qin Luoyin was carrying was Sui Zimo's child. Moreover, according to the news from Qin Luoyin, Sui Zimo never even went to see her, and simply regarded her as her. does not exist.

"What's the use of arranging a marriage? Sui Zimo must be willing to accept it." He said helplessly.

"What if there is a marriage between the two countries?" the Queen Mother narrowed her eyes and said.

"Marriage?"

The emperor's eyes lit up. If this was the case, then Sui Zimo would have to accept it even if he didn't want to accept it.

He can deal with them, but can he also deal with the entire people of Weiguo? He liked the idea.

However, he wanted to distinguish this marriage partner well. He must not give Sui Zimo a powerful one, so he could only...

...

Lin.

After traveling day and night, Zhong You finally returned to the Lin family.

"Zhong You, why are you back?"

Lu Qiubo in the yard was stunned when he saw Zhong You who was still wet in his raincoat.

Didn't he leave with Sui Zimo? Later, her family Sang Sang also said that Zhong You would follow Sui Zimo from now on. Why did he come back at this time?

"It was my master who asked me to come back. He said there was someone here who needed my help. How is the old man doing?" Zhong You told Lu Qiubo what his master had told him before.

"He's fine. He's fine." Lu Qiubo nodded.

Sang Sang wanted to stay here before, but Sui Zimo had something to do, so he went back first.

It had been a few days, but unexpectedly, Zhong You was sent back. It seemed that Sui Zimo was reluctant to make Sangsang work too hard.

"oh."

Zhong You nodded.

"Then let me go in and take a look."

"Wait a minute, Zhong You, you're so wet. Go change your clothes quickly to avoid getting gonorrhea." Lu Qiubo stopped him and reminded him.

Hearing this, Zhong You looked at his clothes, and the next moment, he nodded.

"Then I'll go to Menghuang Mountain..."

"No, there are ready-made clothes at home, so just wear Changhong's. You don't have to go out and get wet every time." Lu Qiubo quickly stopped him.

"You must be exhausted after traveling for such a long time. I'll make you something to eat."

With that said, she walked towards the kitchen.

Zhong You stood there stunned for a while, then went to Lin Changhong's room and got a set of clothes to change into.

...

"Zhong You, are you back?"

Lin Caisang just came back from the woods and heard grandma say that Zhong You was back and was in grandpa's room. She hurried over.

"Master."

Zhong You was squeezing Lin Laogong's legs. Although the squeezing was a bit awkward, he was still getting used to it.

Hearing Lin Caisang's voice, he immediately let go of Lin Laogan's legs and stood up straight.

"Master, I'm back. Leave the old man to me. You..."

"Just come back. I'll leave the massage and acupuncture methods to you these days, and I can free up my hands to prepare for Chu Shui." Lin Caisang interrupted him.

She was afraid that he would accidentally tell her about her plan to detoxify Sui Zimo, which she had forgotten to explain before.

When Zhong You heard her words, he just flashed his eyes and understood immediately.

"Master, don't worry, I will leave this place to me." He raised his hand and patted his chest, promising Lin Caisang.

"good."

Lin Caisang nodded.

There were really a lot of things going on recently, which made her a little overwhelmed.

But it doesn't matter, she can solve it one by one.

Chapter 1482: Skill is better than skill.

...

A few days later, in Prince Mo's mansion.

The silver needles, the fried medicine, and some other things needed to prepare the poison have been placed on the table one by one.

"Sonny, why don't you just leave it alone? It looks very troublesome."

The arrow was on the string, but Sui Zimo hesitated. He didn't want Sonny to get hurt at all, not even a little bit.

I had asked Jiang Zuo to ask Sonner about the poisoning, but that guy Jiang Zuo, who is usually very alert, is useless at the critical moment!

He found out by asking around that he was trying to lure the poison to Sonny, but he didn't find out what the consequences would be after the poison was introduced!

Don't you want to rush him to death?

"Brother Melian, are you kidding me?"

Hearing his words, Lin Caisang almost laughed out of anger.

She has prepared all the things she should prepare, and grandpa has also asked for leave. Now he comes to tell her, are you confused?

The reason is still, looking at the things on her desk, she feels that detoxification is too troublesome?

"No detoxification is easy. It's poison. Wouldn't you rather it stay in your body all the time and not detoxify it just because it's troublesome to detoxify?" She asked him with a smile.

Sui Zimo bit his lower lip, his dark eyes staring at him without blinking.

He really wanted to tell her that he didn't want her to get hurt, and he would rather the poison stay in his body!

But he also knew that there was no way to detoxify the poison. The only way to detoxify it was to lure it to Sonner's body and let the Jinzhu Space remove the poison from Sonner's body.

No matter how much he delays, it's just a matter of prolonging the time longer.

And the longer he delays, the people who secretly want his life will keep using their methods, and they will be attacked again and again.

Taking a deep breath, his voice sounded like going to the execution ground... No, this was even more torturous than going to the execution ground.

"Let's solve it. It's the same method to solve it early and later."

It's better to detoxify 'Yin', so that he can better protect Sonny in the future.

"Yes, that's right."

Seeing him nodding, Lin Caisang laughed.

"Brother Mo Lian, don't worry. I'm just letting you sleep for a while. It won't hurt or itch. It'll be fine."

With that said, she reached out and handed the bowl of medicine on the table to Sui Zimo, indicating that he could drink it.

Sui Zimo's somewhat trembling hands took the medicine bowl in her hand into his own, and then slowly handed the medicine bowl to his mouth, but his eyes were fixed on Jiang Zuo, who looked nervous next to him.

Jiang Zuo: Prince, don't worry, my subordinates will definitely take good care of my mistress!

He also signaled his prince with his eyes.

Isn't it just to attract poison? As long as you don't die, your future life will be like a village with dark flowers and bright flowers. What a good thing.

He didn't understand why when he arrived at his prince's place, it was as if he was parting from life or death.

"Jiang Zuo, what are you doing?"

Lin Caisang followed Sui Zimo's gaze and saw Jiang Zuo, and then saw the strange expression on his face.

Hearing this, Jiang Zuo felt excited and quickly came back to his senses.

"Miss Lin, aren't you telling the prince with your eyes that you will work with Miss Lin to detoxify the prince? You must learn from Miss Lin and strive to be better than the master in the future."

Each of these two masters wanted his life.

Chapter 1483 Don't even think about being better than Lan!

They have forced him to become a weed. What can he do? He is also very miserable.

Especially the two people in front of him might make him a bachelor for the rest of his life, and he couldn't afford to offend either of them if he couldn't marry Sui Ziyu as his wife.

"You will study all your life and never think of being better than Lan!" Sui Zimo snorted coldly and said to him.

Jiang Zuo: "..."

He felt it in his heart, why was he so miserable?

"My lord, please drink the medicine. Please drink the medicine. If you don't drink the medicine, it will be cold and it will be ineffective."

"Jiang Zuo!"

Lin Caisang gritted his teeth and glared at him.

Will the medicine she prepared become ineffective after it cools down? Even ordinary medicine can't do this, right?

He is also a doctor, he speaks without going through his brain.

Jiang Zuo: "..."

He raised his hand and pressed his mouth. He really wanted to just sew it up.

"Brother Mo Lian, take some medicine. You'll be fine when you wake up." Lin Caisang looked at Sui Zimo and said.

"good."

Sui Zimo responded. God knows how he got the word "good" out of his mouth.

...

After a while, looking at Sui Zimo lying unconscious on the bed, Lin Caisang gave instructions to several people in the room.

"Except for Jiang Zuo, everyone else is going out.

Hearing this, Ban Jue raised his eyes and glanced at Lin Caisang, then looked at Jiang Zuo.

The prince ordered them to guard the mistress. What does it mean to drive them out at this time?

He had not forgotten that the mistress had promised the prince well before that they would never leave.

"What do you see me doing?"

Jiang Zuo couldn't help but raise his eyebrows when he saw them looking towards him.

"Let's go, let's not interrupt Miss Lin's detoxification for the prince. This is not a simple detoxification. If there is a mistake, it will be fatal."

"Then... mistress, my subordinates are waiting outside."

Jiang Li said something to Lin Caisang, took Ban Jue and left, and Ban Wu also followed.

"Jiang Zuo, tell me honestly, does your prince know that I am going to introduce poison to him?" After everyone had left, Lin Caisang glanced at Jiang Zuo with a cold face.

If Brother Mo Lian didn't know, he wouldn't have been so hesitant when he drank the medicine just now.

Moreover, in the past few days, Sui Zimo's tone of voice was obviously not normal. After knowing that she was going to detoxify him, he was not happy, not at all. Instead, he hoped that this matter could be delayed as long as possible.

This doesn't look normal.

"Well."

Jiang Zuo was choked by her question.

"Miss Lin, you... I don't know about this either. Maybe, maybe, maybe the prince knows about it? But I guarantee that even if the prince knows, he didn't hear it from his subordinates."

He said to Lin Caisang in an uncertain tone, but he was absolutely certain about the last sentence.

Lin Caisang: "!"

She only believed Jiang Zuo's words!

"So, he does know?"

"this....."

Jiang Zuo didn't dare to say anything else, fearing that he would not be able to find a wife in the future.

Just as he was tightening his upper and lower lips, he heard his mistress's murmur, and his face was covered with sweat.

"But it doesn't matter whether he knows it or not. Anyway, he has already been knocked down by my medicine. No matter what, he won't be able to jump up and stop him. Why don't you just let me do my thing?"

Lin Caisang looked at Sui Zimo who was sleeping soundly and said.

Jiang Zuo: "..."

Mistress, if the prince himself was not willing to be manipulated by you, could he drink the medicine?

Chapter 1484: Burrowing into the Earth or Flying into the Sky

"Miss Lin, actually the prince... is still worried about your safety," he said.

"There's nothing to worry about." Lin Caisang said softly.

"When he wakes up, you tell him that I just went into the Jinzhu space to take a nap. It may take a while, but it will definitely be fine. Maybe there will be some adventures."

Jiang Zuo: "!!!"

Mistress, your joke is really not funny at all.

What a chance encounter, that would lead to poison on his body, and it was not just any ordinary poison!

"Miss Lin..."

"Don't be dumbfounded. Have you memorized these things? When I say something later, you will hand it to me immediately. Do you understand?" Lin Caisang explained directly without giving him a chance to speak. (audience)

"good."

Jiang Zuo regained his composure for a second and nodded.

He knew that introducing the poison this time was crucial and there was no room for sloppiness.

...

Two hours later.

Inside the room, there was a sound of a heavy object falling to the ground, and the three banished people outside the door rushed in immediately.

"Jiang Zuo, Master... where is Miss Lin?"

Wherever they looked, apart from Sui Zimo, who was lying peacefully on the bed, Jiang Zuo was the only one, and they asked in unison.

Jiang Zuo: "!!!"

These guys didn't see him being pressed under the cabinet, couldn't they rescue him first and then ask?

"Move this!"

He used all his strength to speak to the three of them. 【】

After hearing his words, the three of them moved the cabinet that was pressing on him with all their might.

The next moment, someone grabbed him by the collar.

"Where are you, Miss Lin?"

Fei Wu, who was holding his collar, asked while grinding his teeth.

"How did I know? After detoxifying the prince, she left." Jiang Zuo raised his hand, pulled and pulled, and finally freed his collar from the hands of the banished Wu, curled his lips and said.

He can say that his mistress is quite capable.

Look at this room. Except for the bed where the prince is lying, she has smashed all the other things that can be smashed. She even accidentally pressed the cabinet on top of him.

In fact, he seriously suspected that if he hadn't hid quickly and hid under the cabinet, he might have been the next one to be dragged to the ground.

The horrifying look of his mistress' exposed veins on her forehead has always been etched in his mind. He can't get rid of it, and he doesn't know what's going on now?

But he couldn't tell these things to the people in front of him, he could only keep it to himself.

"gone?"

Ban Wu was stunned by his words.

"Where are you going? Burrowing into the ground or flying into the sky?" Jiang Li added.

Jiang Zuo: "..."

He is still invisible, flying in the sky and burrowing into the ground, what is he thinking?

"Then how do I know? Anyway, the mistress told me to take good care of the prince and left."

Anyway, he gritted his teeth and said nothing!

What can they do to him? Can they beat him to vent their anger?

Of course, he didn't dare to forgive the three of them, because now that Zhong You has left and the mistress is not here, he is the only doctor in the house.

"Then what happened to this room? Who smashed it into this state?" Ban Jue asked.

Jiang Zuo: "..."

He twitched the corner of his mouth and glanced at his prince lying on the bed...

"You don't want to say that these were all smashed by the prince, right?"

Ban Jue followed his gaze and looked at his own prince, and also twitched the corner of his mouth.

"If I said yes, would you believe it?" Jiang Zuo asked them.

Chapter 1485 Beat that girl up!

Banishment: "..."

Ban Wu: "..."

Jiang Li: "..."

We believe you, you idiot. The prince looks like he has never woken up. How can you smash these things?

As if they don't know?

No need to guess, everyone knows that these things were smashed by the mistress. Something must have happened to the mistress, but Jiang Zuo refused to say, maybe it was the mistress who told him.

They couldn't ask anything.

He could only grit his teeth and cast a hateful look at Jiang Zuo.

"Just wait, you will feel better when the prince wakes up!"

They threatened him.

"Hey, are you threatening me?" Jiang Zuo raised his eyebrows.

He is protected by his mistress, who is he afraid of? Besides, when the prince wakes up, he may not want him to tell them about his mistress and banish them.

"I won't tell you anymore. I've been busy for more than two hours and I'm starving to death. I'm looking for something to eat."

"you....."

Jiang Zuo, who survived the banishment, looked like he wanted to be beaten, and he really wanted to use his fists.

"Oh, right."

When he reached the door, Jiang Zuo seemed to have thought of something and turned back to look at the three banished men.

"You guys hurry up and clear out all these furniture before the prince wakes up and replace them with new ones. If the prince wakes up later and realizes that he has smashed so many things, he will feel bad when he looks back."

After saying that, he really went out.

Banished Jue, banished Wu, Jiang Li: "..."

This kid really has a face that deserves to be beaten, but he can't be beaten now!

"Later, later I must ask the prince for instructions and give that girl a beating!" Ban Wu grinded his teeth bitterly.

"If you beat him, who will guard the prince?"

Of course Ban Jue also wanted to beat that girl up, but he knew that now was not the time!

Ban Wu: "!"

This is indeed a big problem. Now that there is only such a doctor in the palace, it is really hard to offend him for a while.

"Then wait until Miss Lin comes back and then beat her up!" Jiang Li suggested.

Banishing Jue and banishing Wu: "..."

Are these brothers who share weal and woe?

If they remember correctly, the relationship between Jiang Li and Jiang Zuo is the best?

Now that even Jiang Li has said this, it can be seen that Jiang Zuo's bastard has reached the point where humans and gods are angry, and he can't do anything without a beating to relieve his anger.

"Then it's such a happy decision." The two said at the same time.

...

Golden Pearl Space.

She always thought that even if the poison from Sui Zimo was introduced to her body, the most she would do was enter the Jinzhu Space, and then let the Jinzhu Ling slowly consume the poison in her body.

that is it.

However, she guessed wrong...

Looking in front of her... no, if she wasn't a doctor, she might have thought she was blind at this moment.

Because at this moment, there was darkness in front of her eyes, without even a trace of light, and she could not see her fingers. This sentence could not be more suitable to describe the environment she was in at this moment.

"What is this place?" she murmured, asking herself in her heart.

Of course, she also knew that no matter how she asked, there would be no answer. No one could answer her question.

But she... was still wrong.

Three words suddenly appeared in my mind - Infinite Hell!

"The Infinite Prison? What is this place?" Lin Caisang asked again.

Since her questions could be answered by Jin Zhuling, presumably Jin Zhuling would answer her no matter what she asked, right?

After a while, she endured the pain in her body, couldn't help but twitch the corners of her mouth that were already twitching from the pain, and looked up at the sky speechlessly.

Chapter 1486 Where are the people?

It turns out that she was punished by the Jinzhu Order because she made a mistake and was imprisoned in the only prison in Jinzhu Space!

"Who set up such an unreliable setting?"

The so-called Wuji Prison is used to imprison those slaves who have made mistakes in the Jinzhu Space, and she, the master of the Jinzhu Space, may also be imprisoned.

This time she came to this place because she was punished by the Golden Pearl Order for using too many points for Sui Zimo.

Of course, the place where she is is naturally different from the place where the slave should stay if he makes a mistake.

As the owner of the Golden Pearl Space, even if she makes a mistake, she will of course receive the highest punishment.

Therefore, this is a dark boundary.

In the dark barrier, there is no light, except for the fresh air that can be breathed, there is no sound, not to mention the sound of the wind or the sound of walking.

Even his own voice could not be heard.

Of course, the reason why she could hear the sound before was just that the dark enchantment gave her, the owner of the Golden Pearl Space, the biggest concession, so that she could first understand what the dark enchantment of Wuji Prison was like.

After this...she can only be deaf and blind.

Fortunately, Jin Zhuling also told her that after entering the dark enchantment, Jin Zhuling would slowly input enough knowledge into her so that she could spend a long time in this place.

That way, at least she wouldn't be driven crazy in this place, and she could let the pain in her body be distracted by the knowledge.

It seems to be quite good.

She used her backhand to wipe her face, and found that the feeling of contact between her hands and her face seemed to be much lighter.

Immediately, she was startled and hurriedly sat down.

I'm afraid that if I don't sit down in time, I won't even know whether I'm sitting or standing.

"call!"

After sitting down, she let out a heavy breath, but she also didn't hear any sound.

Just close your eyes and start to seriously absorb the knowledge in your mind.

...

In Prince Mo's Mansion, Sui Zi Mo woke up a few hours later.

Looking at the empty room, there was no son, and although the furniture in the room was still the same, it had all been replaced with new ones.

He stretched out his hand, pulled the edge of the bed and sat up. He felt as if all the bones in his body had been dismantled and rebuilt. Although the pain was bearable, it also made his movement to get up much slower.

"Jiang Zuo..."

A hoarse voice sounded, and he felt someone outside the door, and intuitively thought it was Jiang Zuo.

"My lord, are you awake?"

Hearing the voice of their prince, Ban Jue and Ban Wu immediately opened the door and walked in.

"Jiang Zuo..."

When Sui Zimo saw them, he didn't have much expression and spoke again.

"Your Majesty, Jiang Zuo is boiling medicine. Miss Lin has warned her before that the medicine is going to work well." Ban Jue replied.

"Where are the people?"

Suizi Mo Tie asked with a livid face.

Banishment: "..."

Ban Wu: "..."

They are now very suspicious of Jiang Zuo's words. Do they really need to keep an eye on the medicine?

It was Jiang Zuo who guessed early in the morning that the prince would ask his mistress as soon as he woke up, so he quickly rubbed oil on his soles and ran away!

It's also a good excuse to make medicine for the prince!

"Prince, if my subordinate says he doesn't know, you... won't be angry, right?" Ban Jue looked at his prince carefully and asked.

Chapter 1487 How is this possible?

He wished he could escape at this moment.

Of course, Ban Wu's mood at the moment was not much different from that of Ban Jue. He had already scolded Jiang Zuo for being such a bastard thousands of times in his heart.

"Your Majesty..."

Sui Zimo didn't speak, but looked at them dimly.

"Your Majesty, this...it's not our fault. Miss Lin asked us to go out. We dare not disobey. When we heard the movement in your room, Miss Lin was already gone when we came in."

Ban Wu looked at his prince and explained.

"Where are the people?" Sui Zimo asked.

"have no idea."

Ban Jue swallowed his saliva and replied.

If he and Ban Wu knew about it, why would they still be trembling here? I've already gone to find my mistress.

"What's going on here?"

Sui Zimo didn't get the answer he wanted, so he took a deep breath and scanned the room before asking.

"This... I don't know, but I heard from Jiang Zuo that you smashed those furniture, and then I ordered someone to replace them with new ones." Ban Jue replied.

Sui Zimo: "..."

His body is still limp now, and his bones seem to be falling apart. Can he dismantle an entire room of furniture?

No need to think about it, that is Sonny...

But where can Sonny go now? In the Golden Pearl Space?

This is the only possibility he can think of, right?

"Go get ready and go meet that person tomorrow." He ordered Ban Jue and Ban Wu.

Since Sonny took the risk to detoxify his body from the poison, it cannot be in vain, let alone let Sonny suffer in vain. This debt must be settled with those people first. The interest will be returned.

As for the principal, he kept it and calculated it later!

"Tomorrow?"

Ban Jue looked at his prince's hand holding the edge of the bed with exposed veins, and then thought about the sky outside, which was already dark, and asked.

Will I be too hasty tomorrow? Will I suffer a loss if I fight with that person before the prince's body has recovered?

"Do you want to go today?" Sui Zimo saw his hesitant look and asked him with raised eyebrows.

"Well."

Ban Jue was choked by his own prince's words and immediately did not dare to say anything more.

His prince saw his mistress missing and went crazy looking for someone to vent his anger on, right?

However, I have to say that this is really a good idea. He has long been dissatisfied with the person behind the emperor. If his skills were not there and he was not the opponent of that person, he would have beaten that girl to death. It's over.

"My subordinates will prepare now."

With that said, he prepared to go out with Ban Wu.

Who knew...

"Exiled to martial arts."

Sui Zimo spoke out again, leaving Wu Wu behind.

"My lord, what are your orders?"

Ban Wu stopped, turned around and came back and asked.

"Go and spread the news to the Emperor that Princess Liang has found her lost children." Sui Zimo ordered him.

"ah?"

When Ban Wu heard his order, he was stunned.

Does his prince want him to reveal the identity of his mistress? How is this possible?

"Your Majesty, this..."

"There is no need to say anything else. I just need to let the emperor know that the eldest princess Liang has been to Qianhuan Continent. In addition, the eldest princess's daughter is an ignorant village girl who came from the countryside."

Sui Zimo interrupted him and spoke again.

Hearing this, Ban Wu's eyes lit up.

"Yes, Your Majesty, I will take care of it now."

Will they, Prince Mo's Mansion, have a happy event after this new year? That's great!

Chapter 1488 He is also desperate!

...

Ban Wu's work efficiency is still very high.

Soon, the emperor in the royal study heard the news that the eldest princess of Liang Kingdom had a pair of children.

It's just a pity that although they are in the royal family, they have been raised in a ravine since they were young. They are a pair of big and illiterate people. They were just found by the people from the eldest princess's house and brought back to Jian'an City.

When the emperor heard the news, he was so happy that it showed directly on his face.

"Xiao Guizi, send someone to find out immediately. How much does Emperor Liang value the eldest princess's children?" he ordered Eunuch Gui.

"ah?"

After hearing his instructions, the village father-in-law was stunned for a moment, as if he didn't react. After a long while, he finally came to his senses and asked quietly.

"Your Majesty, those are the children of Princess Liang. What does they have to do with Emperor Liang?"

"I asked you to go and inquire, why are you so long-winded?" When the emperor heard his doubts about himself, he immediately turned serious and snorted coldly.

Of course this has a big bearing. If Emperor Liang didn't like the eldest princess's children, then he could take advantage of it and send the female doctor next to Sui Zimo directly.

Then bring over the useless princess' princess and stuff her into Prince Mo's mansion!

Of course, it would be better if this matter was brought up by Emperor Liang.

"Yes, I will order people to find out. Qianmuxi.com"

Eunuch Gui didn't ask any more questions. After answering, he turned around and left.

...

Waiting for someone is a very painful thing. These days are probably the most difficult days in Sui Zimo's life.

The air pressure in Prince Mo's Mansion was so low that no one dared to get close to Prince Mo, Sui Zi Mo. He even banished a few of them, but they didn't have the guts to get too close to their prince, for fear of being killed by their prince if they were not careful. Unscrew the head and use it as a ball.

Among them, the most tragic one is Jiang Zuo.

He is the doctor, the only person in Prince Mo's palace who can't stay away from his prince even if he wants to.

However, a few days ago, he was secretly noted by his prince for Lin Caisang's matter. Didn't this make his life even more difficult?

"Your Majesty, this subordinate...uh."

Originally, he was asked by Exiled Jue to bring a message to the prince.

However, before he could say anything, he was frightened by the gloomy eyes of his prince and his whole body trembled.

"explain."

Sui Zimo just said a word towards him.

But Jiang Zuo, who was facing him directly, seemed to be seeing thousands of darts flying in his direction, and was so frightened that cold sweat broke out on his back.

"There is news from Ban Jue that we have seen traces of that man in the Shuiyin Mountains. He is chasing him now." Jiang Zuo swallowed secretly and said what he wanted to say.

In his heart, he couldn't help but murmur, why should he study medicine in this life?

Wouldn't it be better to learn something else? He wouldn't have to be left by the prince's side at such a dangerous moment, suffering the poison of his cold eyes!

Although he used to think there was nothing wrong with studying medicine, at least he was the only one by the prince's side.

But later...

His mistress appeared and slapped his meager medical skills on the beach, leaving him unable to get up.

What can he do? He is also very desperate!

"Shuiyin Mountain?"

Sui Zimo's eyes dimmed and he glanced at Jiang Zuo.

Shuiyin Mountain is a long way away from Shaohua City. Even if that person is from Qianhuan Continent, he won't go to Shuiyin Mountain, right?

Chapter 1489 Someone is here! ! !

Going on a trip?

That is of course impossible.

Since he wasn't going for fun, he must be going to meet someone, and that person might be the person he wanted to find!

"Send a letter to Ban Jue and order him to act secretly and not to conflict with that person," he ordered.

Son'er hasn't come back yet. It's impossible for him to leave Prince Mo and go to a place as far away as Shuiyin Mountain. He can only let Ban Jue observe in secret.

"Yes, Your Majesty."

Jiang Zuo responded, turned around and left.

...

In the golden bead space.

Lin Caisang, who had entered a state of selflessness, was suddenly thrown out as if he was caught by something.

"ah!"

She didn't know what she hit, and her internal organs almost fell out.

"what the hell."

She covered her chest with one hand and stood up with the other hand on the ground.

It hurt, her whole body hurt, it hurt everywhere, it felt like her bones were broken, but even so, she still opened her eyes and took a look at the environment in front of her. The hand she had used to support the ground couldn't help but block herself. eyes.

After staying in a dark place for a long time, even if you close your eyes, you will not be able to adapt to a sunny place for the first time.

Let her slow down.

"Where is this? Have you been imprisoned somewhere again?"

After a while, enduring the pain in her body, she glanced at the environment in front of her, but...

Forgive her, but I really can't tell what this place is. Thinking about it, it must have been arranged by Jin Zhuling to be tortured somewhere again, right?

Of course, if she was allowed to study everywhere, she felt that she would be quite happy to enjoy such torture.

After all, this is not a good treatment that everyone can get.

For a long time, Lin Caisang wandered around this unknown place, but he couldn't get to the end, or it seemed like he had encountered a ghost beating a wall.

"what's the situation?"

She asked Jin Zhuling where this place was?

But Jin Zhuling didn't respond to her at all, and just let her suffer and enjoy the happiness that getting lost brought her!

"Jin Zhuling, Jin Zhuling, can you give me some reaction?" Taking a deep breath, she was really tired, so she sat on the floor and muttered to herself.

There was no response at all, which really made her feel tired.

"You won't let me wander around this place for a few days without being able to get out, right?"

She was very doubtful, or maybe it was only a few days, but it was possible that it was several months or years?

Then she must not starve to death in this place?

"What kind of place is this? Can anyone give me a reaction? Someone please come!!!"

She crossed her knees and muttered into the air.

"Master, are you looking for me?"

Suddenly, a live colorful sparrow came in front of her, flapped its wings and spoke to her.

"scare!"

Lin Caisang was really shocked by it.

From before, whether it was Jade Mirror or Jinzhu Ling, they always talked to her in the form of text.

But now, the person in front of me is a... talking colorful sparrow!

Moreover, what kind of bird is this? Why hasn't she seen it before?

"What is this place and who are you?"

She really wasn't in the mood to care about whether the colorful sparrow could speak. After being surprised, she asked directly.

"This is your heart connection." Cai Que explained to her.

"Lianxinmai? You said this is Lianxinmai?"

Lin Caisang couldn't help but stand up when he heard the words 'connecting the heart'.

Chapter 1490 It seems...I can't go back

Lian Xinmai, she knew the existence of Lian Xinmai from the moment she owned this Golden Pearl Space. It was a place that even the Golden Pearl Order could not control, a place where only she could be the master.

It's a pity that her ability was not enough before, so she has never been able to enter the Lianxinmai, a place that belongs to her alone.

But how could she enter the Lianxin Meridian after inducing poison once?

Isn't this incredible?

"Yes, Master, this is your heart connection. Everything here, including me, belongs to you." Cai Que said to her.

"Lianxinmai, this is actually Lianxinmai." Lin Caisang couldn't help but shake his head and murmured softly.

She always thought that she was still locked up, so she didn't expect to be able to get out. Who knew that this place was already connected to the heart, not the black boundary of the infinite prison that was so dark that she could not forget it.

"what's your name?"

She looked at the colorful sparrow that was still flapping its wings and asked.

"My name is Cai Que. Master may also call me Que Que directly." Cai Que continued to flap its wings and replied.

"Then...how did I come here, Queque?"

Lin Caisang pointed at himself, waved his arms in a wide circle, and asked Cai Que.

"Can I get out of here now?"

When she said this, she took a deep breath and wanted to leave here.

Who knew...

No matter how much she tried to get out, her body just couldn't get out, as if it had taken root in Lian Xin.

"Master, the 'attraction' poison in your body has not been completely removed yet, so you cannot leave the Golden Pearl Space." Cai Que saw that she wanted to go out, and hurriedly reminded her.

"Originally, you were supposed to be in the Wuji Prison, but because of your strong talent, the Lianxin Meridian was successfully opened after you learned countless knowledge. Therefore, the Wuji Prison failed to capture the Lianxin Meridian, so you arrived at the Lianxin Meridian. In the pulse.

This place is much better than the terrible place of Infinite Prison. Not only is there no Golden Pearl Order to force you to learn all kinds of evil knowledge, but you can also rest comfortably in bed.

You can go out until you have eliminated all the remaining toxins from your body. "

Its excited voice whispered in Lin Caisang's ears. After being depressed for so long, it could finally come out to see the light and meet the owner she had wanted to see for a long time. How could she not be excited?

But Lin Caisang...

Can she say that she would rather stay in the Infinite Hell?

Lying comfortably on the bed will make her clearly feel the pain in her body caused by the poison.

And if she was in the Promise Prison, she would at least be able to read some knowledge, so that she wouldn't be so bored.

"Can I go back again?" she asked Cai Que quietly.

"ah?"

Cai Que was so confused by her question that she almost forgot to flap her wings.

"Master, where do you want to go back?"

It asked its owner in a very uncertain tone.

"The Infinite Prison, where else could it be?" Lin Caisang rolled his eyes and said.

"The Infinite Hell?"

Cai Que was speechless. If she hadn't been so stubborn, she might have twitched, okay?

After finally getting out of the hellish place of Wuji Prison, its owner still wants to go back. What's the point?

"Master, it seems...can't go back," it said.

"Why?" Lin Caisang asked, puzzled.

Since you can come here, you can definitely go back. Why can't you go back?
