

## Star of Space 1501

Chapter 1501 I don't know anything about Jade Mirror

In order to make her meaning clear, she specially spoke to Lin Caisang.

Lin Caisang just smiled and said nothing.

What does it mean that there is no 300 taels of silver here? It's Luo Mianyi's 'really not in a hurry' right?

"Mrs. Luo, I will be here as soon as possible."

After a long time, she also spoke.

...

"Zhongyou, let me do it."

Early the next morning, just as Zhong You was about to give Lin Laogan a massage, he heard the voice of his master.

He tensed his back, straightened up quickly, and stood in front of Lin Laogan.

"Master, let me do it. The old man has become familiar with my massage techniques these days. Another person might not be used to it." He glanced at the old man lying on the bed and said.

"Yep."

Lin Laogong also nodded quickly.

"Sang Sang, let You'er do it. His massage techniques are very good and suit me."

Lin Caisang: "..."

Listening to you guys telling lies, she personally taught Zhong You, how could she not know what kind of techniques he used?

"Grandpa..."

"Tsk, I heard your grandma calling you just now. Sangsang, didn't you hear it? Do you want to go out and see what your grandma called you?" Lin Laogen interrupted his granddaughter and asked road.

Lin Caisang: "!"

At this moment, she only saw two cows flying in the sky, and they were blown away!

"Master, yesterday the old man said that he has some feeling in his legs. I think that maybe my hands are stronger than yours and can stimulate the acupuncture points better. Otherwise, I should do it."

Before she could speak, she heard Zhong You's voice rang again.

"Yes, yes, You'er is right." Lin Laogong also nodded.

"Sang Sang, although the disciples of the church starve to death, You'er is not that kind of person. Since you have accepted him as your disciple, you must give him a chance to learn, right?"

Lin Caisang was speechless.

She can give Zhong You countless opportunities to learn, but the key is that this task was assigned to her and must be completed by her!

"Then, I'll go to Grandma's place first."

Taking a deep breath, she turned around and left.

What can she do? She is competing with two men for a job. As a girl who is loved by her family, it is strange that she can take it over.

Therefore, she could only leave first before talking.

...

In the golden bead space.

"Brother Yujing, let me ask you something."

At this moment, Lin Caisang had nothing to do because she was waiting at home to be fattened up and could only enter the Jinzhu Space.

"Is it okay if I complete the task for someone else?" she asked.

'It depends on the person.' Yu Jing replied with six words to her.

"Apprentice, the apprentice I accepted." Lin Caisang said.

'Yes, but you can teach him step by step. If you teach him, you can also get merit points.' A line of words appeared in the jade mirror.

Seeing the merit points, Lin Caisang raised his eyebrows.

"Oh, that's good. You know the value of merit so quickly?"

Yes, she could get merit points by teaching Zhong You medical skills, but in this case, she still had to make sure that her mission would not be affected by Zhong You's intervention.

'With the permission of Lian Xinmai, Yu Jing can know the value of gratitude. Yu Jing knows nothing about other things about Lian Xinmai. ' Yujing explained.

"That means that if I ask Zhong You to treat my grandpa, it will not affect the mission itself." Lin Caisang asked again to confirm.

Chapter 1502 Of course not!

Of course, she couldn't always let Zhong You carry it for her. In the past few days, her family had just seen her lose a lot of weight inside and outside, and they felt sorry for her and wouldn't let her work. Then she would get better in the future.

'Generally speaking, as long as you, Master, are not in a hurry and can wait for the patient to get better, your mission can be completed. ' Yu Jing answered her question.

Lin Caisang: "..."

Regardless of whether she was the one who healed it, as long as she received the mission, she could get points.

It's just that she can heal herself faster, but when it comes to others, it will be very slow.

Is this the truth?

"Ok, I see."

But even if she understood, her grandpa's legs still had to be done by her herself!

"How much virtue do I have now?" she asked.

Last night, I did two more virtual tasks with Sui Zimo.

Originally, she wanted to do a few more at once, but her brother Mo Lian refused. He simply refused because she was not well yet.

He also said that from now on he could only do two virtual tasks a day, and he wouldn't accompany him if he did more!

How dare she go in alone in the Wuzhu Forest place? Brother Mo Lian must accompany her.

Therefore, she had better take her time. Just as Lin Chushui said, if he is not in a hurry, she can't be in a hurry either!

'Eleven o'clock. '

Three words were displayed in the jade mirror.

"Eleven o'clock, do I have eleven points of moral virtue?" Lin Caisang himself was surprised.

She raised her hands and counted them. No matter how many times she counted, she only completed nine virtual tasks.

Then how can you have eleven points of moral virtue?

"How did you get the other two points of moral virtue?"

It was the most appropriate question to ask Brother Yu Jing if she couldn't figure it out, so she asked directly.

'After the first mission was completed perfectly, you also rescued Mrs. Mo Tong who should have disappeared, adding an extra point of moral virtue; in the seventh mission, you rescued an unexpected person who was lying in a pool of blood. After being treated, Send it home and get some extra moral points.

This is a hidden task among virtual tasks. '

Lin Caisang: "..."

In other words, she missed seven opportunities to get additional moral points!

"Why did you tell me so early?"

What kind of virtual mission is this? There are actually hidden missions in it!

'Master, you didn't ask about the jade mirror. '

The jade mirror only showed a few words, which made Lin Caisang want to pick up a stone and smash the jade mirror.

It's a pity that no matter how big the stone is, it can only pass through the wall, and it can't do anything to Brother Yujing, let alone smash the jade mirror.

'Master, you now have eleven points of moral virtue. Do you want to enter the Jinzhu Pavilion? ' A few lines of words were displayed again in the jade mirror.

"Of course not!"

Lin Caisang said angrily.

She needs ten points of moral virtue to enter Jinzhu Pavilion. Now it is eleven points, doesn't it mean that she can only stay in Jinzhu Pavilion for one minute!

One minute, she had to be kicked out before she could get familiar with Jinzhu Pavilion.

She was stupid to go in now.

In a few days, I can earn a few more points of moral virtue before going back, to be safer.

Furthermore, she is also planning to earn back all the virtue points from those hidden missions, so that she will be even more secure.

"I'm not going now. I'll go to be safer in a few days. If you know anything in the future, please tell me as soon as possible, okay? Brother Yu Jing?" She bared her teeth and said to Yu Jing.

'Can. '

Two large characters appeared on the jade mirror.

Chapter 1503 A woman about to give birth

But only Lin Caisang knew that the words "yes" were definitely 'said' by Yu Jing in order to deal with her.

When the next time comes, Yu Jing will still wait for her to step on the trap until he discovers something fishy, then he will tell the truth, tell the truth about this, and then add, you didn't ask!

Of course, she couldn't argue with Yu Jing. After all, it was just a mirror. Can she expect him to have the same flexible thinking as others?

Of course it's impossible.

...

Being idle at home is really not a good thing.

Especially when her brother Mo Lian felt that she could only sit or lie down, it really made her grow hair all over her body.

"Brother Melian, shall we set off?"

At night, Lin Caisang was more diligent than anyone else. He went to Prince Mo's Mansion to pick up Sui Zimo and brought him to the Golden Pearl Space.

Virtual mission, are you already beckoning and waiting for me?

"Are you feeling well?"

Sui Zimo didn't respond to her words, but asked cautiously.

At this moment, he really hated himself for not learning any medical skills, so that even if he didn't know how to prepare medicine, he could still take Sonny's pulse and know what kind of condition she was in.

But unfortunately, he doesn't know how!

"It's all over now. Jin Zhuling will help me adjust my body. It's been a few days. How can anything else happen?"

Lin Caisang raised his hand and patted his chest and said to Sui Zimo.

What can she do now? She's fine, but she's almost going moldy. She urgently needs to find something to do, something serious.

"Yu Jing, give us a mission."

Without waiting for Sui Zimo to speak, she said to the jade mirror.

'Dear Master, are you sure you want to take the mission now? ' A line of words appeared in the jade mirror, which was still a question mark.

"Of course...please tell me first, isn't this mission special?"

Lin Caisang, who had suffered countless losses, finally came to his senses and swallowed the word "ding" that came to his lips and replaced it with a question.

'The mission is not special, but - there is a woman outside the Jinzhu Space who is about to give birth. She seems to be a relative of your master. ' Lin Caisang was shocked by the words displayed on the jade mirror.

The mother who is about to give birth, her relative, isn't that her third aunt?

"My third aunt is going to give birth?"

Almost immediately, she flashed out of a golden bead of space, and even Sui Zimo beside her didn't even bother to send her back to Prince Mo's palace.

Sui Zimo: "..."

After all, he is also a living person. Even if he is not sent back, she can still let him follow her back to Yacun, right? You actually left him hanging here?

Well, he couldn't be angry, Sonny was too surprised, and he was probably still confused at the moment.

...

Lin.

It was already a mess at this point.

Lin Baiyi was completely panicked when he heard the news from Yang Lin that she was going to give birth.

Because they were twins, after experiencing Liu Yushui's thrilling experience, he couldn't help but panic. His mind was buzzing, and he just instinctively called his mother.

And Lu Qiubo was also confused. It was still more than half a month away from ten months, so why was she about to give birth now?

"Sang Sang, Sang Sang..."

In a panic, she also knew to call their granddaughter who had medical skills at home and had delivered Liu Yushui's baby.

"Grandma, don't worry, go get the things you prepared before and boil a pot of hot water."

As soon as Lin Caisang came out of Jinzhu Space, she opened the door and gave instructions to her grandma, and turned to look at Zhong You.

Chapter 1504 gave birth, gave birth

"Zhong You, cut this wild ginseng into several slices and make some wild ginseng porridge. Third aunt is pregnant with twins and needs strength.

"Hey, okay."

Zhong You immediately took the ginseng in her hand and went to the kitchen.

"Third uncle, go and call Qing'er. Don't let grandma do the boiling of water. You can boil it." Lin Caisang ordered Lin Baiyi.

There were only a few people in the family, and for a moment, she forgot who to order and what to do.

"I'd better go."

Lin Changhong jumped out and said to his sister.

Let Third Uncle boil hot water at this time. Don't burn the kitchen. It's better for him to do it.

"good."

Lin Caisang responded immediately.

"Come, come, Sangsang, the things are here."

As soon as he finished giving instructions, he saw Lu Qiubo running over in a hurry with a package.

"Grandma, come in with me."

Lin Caisang took the package from Lu Qiubo's hand and walked in first.

Lu Qiubo nodded and followed in.

The yard started to get busy. Yue Chong and Luo Mianyi on Menghuang Mountain heard the commotion and came over. They stood in the yard waiting for the news with Lin Chushui.

And the women who were usually good friends with the Lin family also came to help, and there were a lot more helpers at once.

"This Miss Lin is really quite capable."

Hearing the first 'wow' sound coming from the room, Luo Mianyi couldn't help but murmured softly.

"Of course, Sister Sang Sang is the most powerful." Lin Chushui was standing next to her. Naturally, he heard what she said and immediately agreed.

Luo Mianyi: "..."

She had never heard her son praise her before. Whether he was kissing or not was clearly displayed in front of her at this moment.

But she couldn't compare with Lin Caisang. Who said she was the mother, and Lin Caisang, who was not a biological sibling to her son, was better than a biological sibling?

"Yes, your sister Sangsang is the most powerful." She repeated her son's words angrily.

In the past few days, she has finally figured out that as long as she does not go against Lin Caisang and praises Lin Caisang in front of her son from time to time, her son will definitely be in a good mood and can even talk to them more. sentence.

Of course, nine out of ten sentences are inseparable from Lin Caisang.

After a while, another "wow" sound came, and everyone in the yard let out a long breath.

"I'm giving birth, I'm giving birth, it's really... Sangsang is still amazing." Seeing that nothing happened, several women praised Lin Caisang in the yard, who was delivering the baby in the room.

"No, Sangsang is the lucky star of our Yacun. How can she not be awesome?" Another person also said.

But after hearing their words, Luo Mianyi and her husband looked at each other.

Yue Chong looked at Luo Mianyi with indifferent eyes and shook his head slightly at her.

"I know, I won't say it."

Luo Mianyi naturally knew the seriousness of the matter, so she lowered her voice and said something to her husband. Even Lin Chushui beside her did not hear clearly what was said.

She had heard about Lin Caisang's destiny of wealth and wealth before, so naturally she didn't believe it.

Can a little girl from the countryside have such a rich destiny?

Therefore, she quietly inquired about Lin Caisang's birth date and asked someone she brought with her to tell Lin Caisang's fortune. What was calculated was indeed not a fortune-telling star.

However, Lin Caisang's destiny was much better than that of the Destiny Wealth Star. It was actually the Ziwei Star that entered his destiny!

Chapter 1505: Brother Mo Lian fell into space...

When Ziweixing enters your life, everyone can imagine what it means!

Therefore, Lin Caisang's destiny is really noble. Her son and Lin Caisang call him brother and sister, which is actually because of Lin Caisang's credit, not because Lin Caisang is younger than her son.

Therefore, in these days, she did not speak harshly to Lin Caisang again, just thinking that her son had made a friend he could make.

Of course, she would not tell anyone about such a terrible fate.

"Come out, come out."

Just as she was deep in thought, Lu Qiubo and Lin Caiqing, each holding a baby in their hands, opened the door and walked out.

"Mom, how's it going?"

Lin Baiyi stood outside the door and asked his mother.

"Third brother, you have to work hard to earn money. Your wife has given you two new ones." Lu Qiubo said to his son earnestly.

Lin Baiyi: "..."

Does he care whether the baby is born with a handle or without a handle? !

"Mom, who asked you this? Where is Alin, how is she?"

"Alin is fine. He was too tired and fell asleep. Sang Sang is watching inside. It's okay. Just relax." Lu Qiubo comforted him.

"As long as it's okay, it'll be okay."

Lin Baiyi let out a long breath, and his tense body relaxed, almost falling on his back.

"Mom, please bring these two boys to Daddy and let Daddy give them names. I'll go in and take a look."

"good."

Lu Qiubo smiled and responded.

The third child, like his eldest brother, knew how to care for his wife and followed their father.

"Qing girl, put the child on the bed first, and then go find your grandpa."

It is better for a newborn baby to stay in the room. It is too dark outside and being blown by the cool breeze is not good.

If the old man wants to see his grandson, let him go to his daughter-in-law's room to take a look tomorrow. There will always be enough time to see his two grandsons in the future.

"Changhong, make some porridge for Sangsang and add more minced meat. She has been busy all night and is tired." She ordered her grandson in the yard.

After a while, Lin Caisang heard a happy voice coming from the yard. Then she remembered that she seemed to have forgotten to do something, and then her face turned green.

"Brother Mo Lian fell into space..."

...

In the golden bead space.

After a while, Lin Caisang used the excuse of washing his hands to come to the space to meet Sui Zimo.

"How's it going? Are you giving birth?" Sui Zimo asked when he saw her coming.

Lin Caisang nodded.

"Well, these two boys are chubby and cute."

"So fast?" Sui Zimo was surprised.

Although he is a man, he has lived in Ya Village for so many years. He has heard that women in the village give birth to children, and some of them cannot give birth for several days and nights, not to mention that Yang Lin is pregnant with twins.

If you think about it, it's less than two hours before and after, right?

She actually gave birth!

"Third aunt has already given birth to four children. It's not the first time, so naturally it will be faster." Lin Caisang replied.

It is naturally incomparable to when Liu Yushui gave birth to her two daughters. They were premature births. But even if they were premature births, to be honest, according to her words, Liu Yushui was lucky. At least she did not suffer the kind of pain for several days and nights. The sin of not being born alive.

"Then why don't you come here now so you don't have to guard me?" Sui Zimo asked again.

Lin Caisang: "..."

Didn't she just think about it and drop him into space?

"I was walking in a hurry just now and forgot about you."

Chapter 1506 Touch Yang Lin's belly

Her eyes fell on him and she said with a guilty look on her face.

"Everything has its own priorities."

Sui Zimo just said six words lightly.

Besides, he is in the Jinzhu Space, and as long as the Jinzhu Order doesn't eat him, he can't escape.

Nothing to worry about.

"You should stay at home these days and don't..."

"That won't work!"

Before he finished speaking, he was interrupted by Lin Caisang.

Virtual tasks must be done, which cannot be changed. Moreover, doing virtual tasks will not delay anything, it is just a matter of a moment.

"If you don't accompany me, I will go alone!"

"You."

Sui Zimo had no choice but to sigh helplessly.

"Then if you don't go today, you can have a good rest and go again tomorrow."

"good."

Lin Caisang responded.

Naturally, she can't go again today. If she still wants to go today, it is guaranteed that her brother Mo Lian will not accompany her on virtual tasks for several days in a row.

She could be brave and say she would go alone.

But when it comes time for her to go alone...

Haha, she'd better save some time.

"Then I'll send Brother Mo Lian back first, and we'll do the virtual mission tomorrow.

"Um."

Sui Zimo raised his hand and touched her head lightly.

"Be good and have a good rest. Don't tire yourself out."

...

Lin.

The news that Yang Lin gave birth to two sons suddenly spread in the village.

People in the village came to congratulate the Lin family one after another, saying that the Lin family had accumulated great virtues. When Lin Baizhong was here, his wife gave birth to a pair of twins, and now, Yang Lin gave birth to another pair of sons.

Although Liu Yushui's surname was Liu, after all, Liu Baixiao came from the Lin family and gave birth to a pair of daughters. This was also due to the blood of the Lin family.

The men were okay, and they spoke reservedly in front of Lin Laogan and Lin Baiyi.

But the women were different. They were all envious of Yang Lin. They even asked Lu Qiubo if he could go into the delivery room and touch Yang Lin's belly to get some luck.

Because there was a happy event at home, Lu Qiubo couldn't look down.

But she would not let her daughter-in-law take care of her because of her own dignity. Naturally, it was impossible for them to go in and touch her daughter-in-law.

Therefore, they all declined with a smile.

Just then Lin Caisang came out of his room, still yawning.

"Hey, Sangsang, are you awake? Did grandma disturb you?" Lu Qiubo asked hurriedly when he saw his granddaughter's face full of exhaustion.

Her granddaughter was the last one busy yesterday. She guessed that they all went to bed. She was still staying up late thinking about what medicine to prescribe to her third aunt to regulate her body and stimulate lactation.

Therefore, she did not wake her granddaughter up today, and planned to let her sleep until she woke up naturally.

But other people in the village didn't know what she was thinking. Early in the morning, the yard was crowded with people.

They couldn't drive these people out, so they could only talk here.

"No."

Lin Caisang shook his head and looked at the people in the yard.

"I wasn't disturbed, it's just... Grandma, why don't you go to Menghuang Mountain to talk. Third aunt and my two brothers need to rest."

It's not that she had to spoil everyone's happiness at this happy time. In fact, these people started entering the yard early in the morning, when it was just dawn.

And they come one after another, endlessly.

Chapter 1507 I'll recruit, I'll recruit them all!

She was also woken up by the noise in the yard, but it didn't matter, she could stand it.

But the third aunt in the other room had given birth to two children just a few hours ago. It was just when she needed to rest. It was always not good to be so noisy.

"well."

After listening to his granddaughter's words, Lu Qiubo responded repeatedly.

She was worried that she couldn't find a reason to ask everyone to leave her yard. At this moment, her granddaughter, who knew medical skills, spoke. She must lead everyone in the yard out.

"Sangsang, the kitchen is heating food for you. Go eat something and then sleep a little longer."

She warned her granddaughter and prepared to take the big guys out first.

However, after listening to Lin Caisang's words, everyone did not dare to stay at the Lin family anymore. They all borrowed excuses and left, agreeing to come back in a few days to disturb them.

Lin Caisang came out of the kitchen with a bowl of rice and saw that the yard was empty. Only the first few people in the family were left.

"It's finally quiet."

She breathed a sigh of relief and shook her head helplessly.

Although the power of large numbers of people is great, sometimes it can also be a headache. Even at this festive moment, it is even more of a headache.

"Grandma, let's kill the chickens we raise and bring them out. Also... Third uncle should stop guarding Third Aunt and leave them to Grandma and Qing'er. At this time, it's better to go to town and see where there are cows for sale. Buy one and bring it back."

"Cow.

Lin Baiyi is worried. His wife's milk supply is not much, and it is enough for just one baby.

Now two of them came at once, which was definitely not enough.

"Yes, Baiyi, you should hurry up and take a look in the town while it's still early. If it's not available, go to the county. There's no need to delay about milk," Lu Qiubo also said.

"That works."

Lin Baiyi nodded and prepared to go out.

"Uncle Third, when you go, buy two pig's trotters in the town and come back." Lin Caisang said again.

"good."

Lin Baiyi responded.

...

A newborn baby eats and sleeps, and sleeps and eats.

In addition, there were Lu Qiubo and Lin Caiqing beside them. Seeing that they were about to cry, they coaxed them a few times, but not a single teardrop fell from the two children.

Lin Caisang also coaxed the two little ones at home for a while, and they looked very lovable.

However, in the end, she had to leave even though she liked two baby dolls, because her grandma and her sister Lin Caiqing kicked her out.

The reason is that both of them felt that she needed to catch up on her sleep.

Lin Caisang in the yard: "..."

Well, in fact, although she doesn't need to catch up on sleep, but even if she has nothing to do, then she can find something to do by herself.

After passing through the Golden Pearl Space, she arrived at Prince Mo's Mansion.

"Ah, ah! Stop fighting, stop fighting, I will attack, I will attack them all!"

As soon as he arrived at Prince Mo's Mansion, he heard bursts of screams not far away, mixed with an angry yell.

"what's the situation?"

She was a little confused and walked towards the direction of the sound.

"Jiang Zuo, why is it you? What happened to her? Did she commit something?"

As she got closer, she saw a bloody whip in Jiang Zuo's hand, swinging it towards a little girl.

No matter how miserable the little girl screamed and kept saying that she was willing to confess, she still hit the little girl hard with the whip without mercy.

Chapter 1508 Do you dare to attack me? !

"Forest....."

"You are a doctor, how could you do such a bloody thing? What about the banishment? Isn't he in the house?"

As soon as he walked towards this side, he wanted to explain the banishment to his mistress: "..."

Mistress, do you think this subordinate is the kind of person who only does bloody things? Listen to what you are saying, why are you so awkward?

"Miss Lin..."

Hearing the familiar voice coming from behind, Lin Caisang just raised his eyebrows and then looked at the little girl again.

"What happened to her?"

she asked Jiang Zuo.

"He was sent by the palace to poison the prince in the kitchen. He actually wanted to crawl into his... bed under the blue sky and white sun." Jiang Zuo looked at the little boy who had been beaten to a disgraceful state with disdain. girl.

A little girl like this still wants to climb into the bed of his prince, which is totally unbelievable.

"What?!"

Lin Caisang was shocked when he heard his words.

Who in the palace is so talented that he can come up with such an idea?

He actually asked a maid to deal with Sui Zimo like this. Do you really think that everyone in Prince Mo's palace is vegetarian?

She was so stunned, she was simply defeated by those brainless people.

"Which one in the palace?" she asked.

"After that one, there is no one left." Jiang Zuo replied.

Lowering his head, he glanced at the shivering maid and snorted softly.

The emperor probably felt that the mistress staying with the prince would be a hindrance to him. Although it was impossible for a maid to hurt the prince's foundation, if she could create a rift between the prince and the mistress, That's worth it.

This man really does everything he can!

"Ah!"

Lin Caisang's mouth curled up slightly and he smiled coldly.

"Since it was sent by the palace, there is no need to go back. Just throw it out."

"good."

Jiang Zuo responded.

"No, I've told you, I've told the truth, you... girls, please be noble and let me go." The maid cried miserably when she heard Lin Caisang's words of 'throw it out' stand up.

No longer caring about the pain on his body, he rushed towards Lin Caisang, trying to grab the hem of her clothes.

"I don't want to. Girl, I'm just a little maid. I have to do whatever the emperor asks me to do. Girl, please let me go. I promise that I will never let you see me again. I... ah!"

Before she could finish her words and before she had time to touch the hem of Lin Caisang's clothes, she kicked him out.

"You alone dare to attack me?!"

Lin Caisang's eyes were very cold at this moment, staring at the maid who was kicked out by her and fell on her back not far away.

"what have you done?"

Jiang Zuo reacted immediately, strode towards the maid, and stepped on her to the ground.

"ah!"

The maid's chest was stepped on, and because her whole body was covered with whip wounds, she screamed in pain.

"Miss Lin, are you okay?" Ban Jue also hurried forward to check the situation.

He originally thought that the emperor was only interested in driving a wedge between the prince and his mistress, but he didn't expect that he would actually stretch his hand so far and want to attack Lin Caisang in Prince Mo's palace!

"What can happen to me? Can a little poison hurt me?" Lin Caisang sneered.

The emperor really played his cards well. If he could use this maid to drive a wedge between her and Sui Zimo, then that would be fine. If not, he would directly attack her.

Chapter 1509 A peerless crown cuckold

"Exiled Jue, the emperor should already know what I have in my hands, right?"

Her identity had been revealed a long time ago, and she had discussed it with Sui Zimo and revealed it directly to the emperor.

It happened so long ago, the emperor must have known that she had a grudge with the Liang royal family, and she had the gold medal for immunity from death given by the Liang Emperor himself, right?

If she died in Prince Mo's palace for no reason, then Emperor Wei could take advantage of Emperor Liang's oppression and hand Sui Zimo over to the Liang Kingdom. Then he would have a good reputation if he wanted to deal with Sui Zimo.

"Yes, the emperor has received the news." Ban Jue replied.

"hehe."

Lin Caisang sneered twice.

Looking sideways at the maid, she walked towards the maid, squatted down, and at some point there was a dagger in her hand, and without blinking, she directly used the dagger that was about to touch her. The palm that had poisoned her was cut off.

"ah!"

The maid broke one of her hands and almost fainted from the pain.

But no matter how much the pain penetrates into the bone marrow, I can't even faint even if I want to.

"My hand, my hand, my hand."

"I hate it when others do something to me."

Lin Caisang glanced at the cut off palm with cold eyes, then took out a handkerchief and covered it.

"Exiled Jue, go and deal with this person. Jiang Zuo, get the poison out of this palm. Since some people want to poison, we have to give him this opportunity, right?"

Hearing this, both Ban Jue and Jiang Zuo's eyes lit up at the same time.

"Yes, Miss Lin, I'll do it right away."

Jiang Zuo responded, watching Ban Jue take the person from his feet, and then walked away with the palm in his hand.

...

"Brother Mo Lian, are you ready? Can you go?"

Outside the study, before entering the door, Lin Caisang asked the people in the study.

"coming?"

Lin Sui Zimo stood up when he heard her voice.

"Did you just see it?"

"nature."

Lin Caisang raised his eyebrows.

"You still want to poison me. It seems that you are really not afraid of death."

She snorted coldly.

"Is there something wrong?" Sui Zimo asked.

"You hope something happens to me?"

Lin Caisang asked him angrily, what can happen to her? She's fine.

"But after a while, something may happen to someone. As for Po, he wants to find someone to kill him, and I'm embarrassed to not be able to fulfill his wish."

"Cen Guiren in the palace is five months pregnant. I heard that she has twins in her belly." Sui Zimo reminded her.

"It's really...a sin to keep the seed of such a person!" Lin Caisang said.

As a doctor, she should be benevolent, but she is not benevolent to everyone. Like Emperor Wei, his tolerance will only make him push for more.

Since he wanted something bad to happen to someone so much, then she... let the storm come more violently.

"Then let's take Cen Guiren. This kind of person should have no descendants!"

"I hope Cen Guiren can give birth to two children." Seeing her say this, Sui Zimo said in a rather regretful tone.

"Um?"

Lin Caisang raised an eyebrow and looked at him.

"How did you say that?"

"That Cen nobleman in the palace is unwilling to be lonely. Do you think that old thing can still give birth to children?" Sui Zimo looked at her with a half-smile, and reminded her.

Lin Caisang: "..."

Fitted with Cen Guiren's five-month-old belly, it is a peerless crown cuckold!

Chapter 1510 Speak slowly, don't rush

So that means she can't attack that noble Cen's belly? She still couldn't be so heartless about harming innocent people, she had to change someone else.

"How about changing your age to Jin? How about it?"

she asked.

"Sui Zijin..."

When Sui Zijin was mentioned, Sui Zimo raised his thin lips.

The last time he was at Biezhuang, Sui Zijin suffered a hidden loss in his hands, so there has been no movement at all these days.

He estimated that the guy was lying dormant, waiting for the best opportunity to continue attacking him.

"Then let Sui Zijin take advantage this time." He said quietly.

He wanted to stay with Sang'er well. Sui Zijin couldn't die so cheaply, but he still wanted to let Sui Zijin enjoy the fact that he couldn't die and suffered while living.

"puff."

Lin Caisang couldn't help but chuckle.

If you let Sui Zijin take advantage, that's poisoning!

Moreover, that was the poison that the emperor wanted to inflict on her. Could it be the kind of poison that would not kill anyone if eaten?

"Let Jiang Zuo change the properties of the medicine. At least he can't kill Suizi Jin directly."

she suggested.

"good."

Sui Zimo responded and called Ban Wu from outside in and gave instructions.

"Brother Mo Lian, you don't need to bring so many things, right?"

After banishing Wu went out, Lin Caisang noticed that there was a big baggage on Sui Zimo's desk.

Based on her previous experience, she told her that these things were brought by her brother Mo Lian to eat for her when she went on a virtual mission.

Her brother Mo Lian really wanted to treat her like a pig!

"These are all things you must bring."

Sui Zimo came over, raised his hand to touch her head, and took the bundle in his hand.

"Let's go and do the mission with you," he said.

"Um."

Lin Caisang responded.

The two of them came to the Jinzhu Space, then took on a virtual mission, and then came to the Wuzhu Tea House.

By chance, when we arrived at Wuzhu Teahouse, before the chairs were warm, we heard the ringing of the bell. They looked at each other and saw smiles in each other's eyes.

"Business is coming again."

Lin Caisang raised his eyebrows and said.

"Red gold, red silver, bring the guests here." Suizi Mo explained to the two little ones in the fish tank in a familiar manner.

When Hong Jin and Hong Yin heard Sui Zimo's voice, they immediately jumped out of the fish tank and dodged towards the outside of Wu Zhu Tea House.

After a while, a slightly trembling woman was brought in.

"me....."

"Sister, please sit down first. Let's have a cup of tea and talk slowly. There's no rush."

Lin Caisang sat at the table, poured the woman a cup of tea, and motioned for her to come and sit first.

The woman looked at her and then at Sui Zimo beside her. After swallowing, she walked over and sat down carefully.

He was holding a hot tea cup in his hand, and almost spilled because his hands were shaking uncontrollably, but he still drank every drop, and then put the tea cup on the table.

"I...I was introduced by Mrs. Mo Tong."

She looked at Lin Caisang, her voice was so soft that it was almost hard to hear because of fear.

But Lin Caisang and Sui Zimo could naturally hear it.

"oh?"

Lin Caisang paused while refilling her tea and looked up at her in surprise.

Since that mission, she had not seen Mo Tong again in Vladivostok, and she had almost forgotten the name.
