

Star of Space 1531

Chapter 1531 Do you have to take care of this matter?

After listening to Lin Caisang's words, he remembered that such revenge was actually of no use at all.

Yes, these people have no heart, let alone the ability to think. How can they feel fear just because they ate a little bit of their own companion's flesh?

Did he really do something wrong?

However, he felt so unwilling to let them go just like that!

"No matter what you say, I will never let them go, not even one of them!"

He looked at Lin Caisang steadily and said.

"Even so, you should keep your life today." Sui Zimo said coldly as he had no time to spend with him.

The next moment, he was about to take out the long sword in his hand, but was stopped by a hand.

Lowering his head, he looked at Lin Caisang.

"Sonny..."

"No need."

Lin Caisang shook his head at him.

"Brother Mo Lian, let me talk to him again. We have plenty of time."

After hearing her words, Sui Zimo was silent for a moment and then nodded.

"Okay, it's up to you."

"Elder, I think that even if you let them go, they will never feel better in their hearts in the future, and they will live in self-blame and fear for the rest of their lives."

Lin Caisang looked at the old patriarch and continued to speak to him.

"What punishment is more torturous than making a person want to die but not dare to die, and live in extreme fear and fear? Rather than letting them die in ignorance, it would be better to let them live in fear. , wouldn't it be better?"

Hearing this, the old patriarch grinded his teeth.

Lin Caisang's proposal actually made him very excited.

However, when he thought of the dead demons and the bones of the demons he had seen in the cave before, the hatred in his heart could not be calmed down.

Why are the people of their demon clan dead, but these people who harmed them are still alive.

Even if he lives in endless fear, he is not willing!

"no."

He still spit out two words.

"call!"

Lin Caisang really let out a heavy breath.

This old man really didn't listen to advice. She had said so much, but he still told her no.

"If that doesn't work, then all I have to do is go to the purification pool you mentioned. If you can't persuade me, then I can destroy the purification pool. Is that okay?"

She stopped being polite to the old patriarch and threatened him directly.

"hiss!"

The old patriarch immediately gasped after hearing her words.

How is this possible? The purification pool is a sacred place among their clan. How can it be destroyed just by destroying it?

"You... you..."

"Don't believe it. Let me tell you, this girl is someone who can do what she says. Since we can't find a way out with you, we have to find another way. Do you agree or not?"

Lin Caisang's lips curled up and she looked at the old patriarch and said.

"you--"

The old patriarch had a bad breath stuck in his throat and couldn't get out.

He secretly blamed himself, why was he so arrogant just now and wanted to tell the purification pool?

Since the demons can come to the human race, then the humans must also be able to come to the demons.

To them, the two people in front of them were obviously not good people. It would not be difficult to go to the Demon Clan and find the purification pool in their clan.

"What do you want? Why do you have to take care of this matter?"

He glared at the two men fiercely and questioned.

Chapter 1532 Of course there is no need to know

The human race is so big, why do these two people in front of us have to be so lenient? The people in this county have done a lot of evil and should have died long ago.

Why do these two people have to save these evildoers?

Just because they are from the human race?

"When you are entrusted by others, you have to be loyal to them, right?" Lin Caisang raised his eyebrows and said.

"You...who are you? Human beings?" the old patriarch asked.

What kind of person can have such a big face that a capable person from the human race can come forward to settle things here?

"Human capable person, what is that?"

Lin Caisang was puzzled and looked at Sui Zimo, hoping that he would know.

"They should be some capable people from the human race." Sui Zimo thought for a while and replied.

"oh."

Lin Caisang nodded.

"We are not human beings."

Turning her head, she looked at the old patriarch and replied.

"Then who are you?"

The old patriarch was really angry. He was not a capable person from the human race. How could he have such great ability to force him out?

Now he is even brazenly saying that he will go to the demon clan and destroy their purification pool.

The key thing is that he also feels that what these two people are saying is not a lie, it is true. This is really something that the two of them can do!

"Wuzhu Teahouse, have you heard of it?" Lin Caisang asked.

Recently, Wuzhu Teahouse should be quite famous in this place. It has received less than ten missions, and the people they have dealt with have already gathered from all four tribes.

People from this demon clan should know about them, right?

"Wuzhu Teahouse? Are you actually from Wuzhu Teahouse?"

When he heard the words 'Wuzhu Teahouse', the old patriarch almost stared out of his eyes.

How could he not have heard of this name?

Before, so many people from the demon clan were killed in this small county, and some people suggested to them that they should go find the people from Wuzhu Teahouse and avenge them.

But Wuzhu Teahouse is on the territory of the human race after all, and they can't believe the people in Wuzhu Teahouse.

What if the people at Wuzhu Teahouse only help the human race?

Then wouldn't they have thrown themselves into a trap?

Therefore, they decided to avenge their own people by themselves, instead of looking for the people from Wuzhu Teahouse.

"You... you... are the women who escaped before, are they looking for you?" he guessed.

"Of course you don't need to know this." Lin Caisang looked at him and said.

"Elder, I still hope you can release everyone in this county, so that everyone can live in peace.

Of course, if you are really angry, you can also use some mild methods to take revenge. For example, report these people to the local government. I, the people at Wuzhu Tea House, can guarantee you that the people here will get the punishment they deserve. What do you think? "

she asked him.

"this....."

The old patriarch hesitated.

"Of course, you don't have to agree, but you should have heard of my Wuzhu Teahouse's work style. There is absolutely no reason to give up on a task halfway."

Seeing that he was still hesitant, Lin Caisang said again.

"I must get back the heart in the purification pool, and I must save these people."

"you....."

"I can give you two hours to think about it."

Before the old patriarch could say anything else, Lin Caisang stretched out two fingers and said to him.

...

"Sonny, are you trying to find out what's weird about this county?"

Chapter 1533 Let these people go

After sending the old patriarch away, Sui Zimo brought Lin Caisang back to the room, and the two closed the door to talk.

"Yes, I do."

Lin Caisang did not deny that she wanted to find out the weirdness of this place.

The people in this place are obviously very weak. Why can they catch the demons who are stronger than them and then make the demons unable to resist the mission?

This is simply impossible.

unless.....

"There should be something weird over there at the altar. We can go take a look." Sui Zimo said.

Lin Caisang had already thought of what he said, so the two of them said nothing and went directly to the altar.

...

"Clan Chief, Patriarch, you are back.

"Chief, are you okay? They didn't do anything to you, right?"

"Clan leader..."

Seeing the old patriarch back, all the demon clan members breathed a sigh of relief.

They had already chased out and wanted to chase the old patriarch. If they saw that the momentum was not good, they would rescue the old patriarch.

But.....

Who knew it would be such a coincidence? As soon as I walked onto the street, I met those two people wandering on the street.

Without saying anything, just come up and beat them up.

Therefore, among the group of them now, there are only a few intact faces.

This is because they ran in time. If they didn't run in time, they would probably be beaten to the ground by those two people!

"It's okay no problem."

The old patriarch looked at the injured people in front of him and sighed in his heart.

Judging from the current situation, there is no point in trying to be brave. Those two people seem to be able to go to the demon clan and destroy their purification pool as they said.

He couldn't take such a risk.

"Why!"

He sighed heavily.

"Chief, what's wrong with you? Are they angry with you? Or is it that the negotiation failed and they refuse to leave?" Seeing the helplessness and unwillingness on the old patriarch's face, the woman stepped forward and asked.

There was also a bruise on her face, which was caused by the red gold beating.

"negotiation?"

Hearing her words, the old patriarch raised his eyebrows and sneered.

Do they overestimate themselves too much? Still negotiating, what qualifications does he have to negotiate when facing those two people?

"Forget it, let's go back and let these people go."

They have killed enough people. Presumably, even if the people in the county are sober now, they would not dare to do any more bad things, right?

After all, if you do too many bad things, you will be punished!

And that girl was right. If those people were allowed to die so easily, it would be too easy for them.

"What?!"

Everyone couldn't believe their ears when they heard what he said.

Let them go?

"How can this work? Patriarch, are you confused? All of those people have done many evil things. How can you take advantage of them so much?"

One of the demons said reluctantly.

Those people deserve to die, and they were let go. If he asked, their heads should be cut off one by one!

Even if he kills them all, it won't be able to eliminate the hatred in his heart!

"Yes, Patriarch, those people must not be let go!"

"Chief, are those two people threatening you? You can't give in. No one in this county is a good person. If we let them go at this time, our demon clan will still die at their hands in the future. in hand."

Chapter 1534 Fight with them

"Yes, yes, clan leader, there are so many of us, how can we still not be able to deal with those two people?"

"Even...even if we really can't deal with it, then we can go back to the Demon Clan and find someone else. I don't believe that with those two people, we can kill all the Demon Clan?"

Everyone said something to me, and their voices were all unconvinced.

Anyway, it is absolutely impossible for them to just let people in this county go, don't even think about it!

"You guys think about things too simply, and you think about those two people too simply."

The old patriarch sighed again and said.

If he could negotiate, would he still have to be so reluctant to let go of those who do evil things? They should have been killed long ago.

"Those two people are really not simple. They came from Wuzhu Tea House."

"What?!"

"Wuzhu Teahouse?"

"Clan leader, did I hear it wrong? Is it the Wuzhu Teahouse I heard about?"

Everyone found it incredible. They had all heard of Wuzhu Tea House and heard that the people who came out there were very powerful.

Moreover, the people at Wuzhu Teahouse are a place dedicated to seeking justice for those who have been wronged.

"Chief, are we really going to let those people go? I'm not willing to do it!" one person said.

The people in Wuzhu Teahouse are actually not very powerful, but he heard that the people in Wuzhu Teahouse have special methods to deal with their demons, ghosts and spirits.

Therefore, no matter which ethnic group they belong to, they are all afraid of the people in Wuzhu Tea House.

"Clan leader, do the people in Wuzhu Teahouse know what those people did? They don't care if those people deserve to die, so they want to save them? The people in Wuzhu Teahouse are too indifferent to right from wrong, right?"

The woman looked very unhappy and asked the old patriarch.

"The people at Wuzhu Teahouse just accept the task, and they must complete the task. As for whether those people deserve to die, that is not the responsibility of the people at Wuzhu Teahouse."

said another.

"To put it bluntly, the people in Wuzhu Tea House are not from the human race. Of course they are helping their own people. How can they avenge the grievances of us demon race people?"

"That's right, maybe the people in Wuzhu Teahouse wish that our demon clan members would die."

Several people said angrily.

"You...can't say that."

After hearing the words of several demon clan members, the old clan leader said something fair in a cold voice.

"I don't think those two people are indifferent to right from wrong. Maybe they still have their own considerations in their hearts."

"What measure?"

they asked.

"You... are naturally not what we should know, maybe..."

The old patriarch hesitated for a moment, unable to guess what Lin Caisang and Sui Zimo were thinking, and in the end he could only shake his head.

"Forget it, Nineteen, go back to the Demon Clan and bring all the hearts in the purification pool. Not a single one is missing. This matter can't go wrong again. Do you understand?"

He looked at the woman and said.

"this....."

Facing the old patriarch's orders, Nineteen was very reluctant.

She wished that all those people would die, and she was asked to bring their hearts back. How could this be possible?

"Clan leader, why should we give in like this? The people in Wuzhu Tea House may not be as powerful as we think. Maybe we can also give it a try?"

she suggested.

"Yes, Patriarch, why should we be afraid of them? If we fight with them, we don't believe that there are so many of us and we can't defeat them..."

"What's right!"

Chapter 1535 Is there anything else down there?

The old patriarch yelled at them.

"If those two people are really so easy to deal with, look at your faces, can you still be like this? What has become of you?"

"Well."

Everyone was choked by the old patriarch's words, and immediately lowered their heads and stopped talking.

"It's not that I want to bow to the people of Wuzhu Tea House, but they said that if we don't hand over the hearts of those people, they will go directly to the demon clan and go to the purification pool in our clan..."

"What?!"

Everyone was shocked after hearing his words.

Why go to the purification pool? Go grab those hearts?

This is really what those two people would do. Their two subordinates would beat people without saying a word when they saw them. It can be seen that those two people are not good people.

"Clan leader..."

"No need to say anything."

Seeing that they still had something to say, the old patriarch raised his hand to stop them.

"If you still want the purification pool to continue to be in our clan and protect all our clansmen, Nineteen, you must bring the hearts of those people back safely, do you understand?"

He looked at Nineteen and said seriously.

"I... Patriarch, I understand." Although Nineteen was very reluctant, he still nodded.

Compared with those people's hearts, she naturally wants to protect the purification pool in their clan.

After all, they can kill those people again at any time, but if there is no purification pool, then their clan will not have a good life.

"Nineteen, you must not play with those evil thoughts. The people in Wuzhu Teahouse are not kind people. If they know that we are deceiving them, they will most likely destroy our entire clan!"

The old patriarch saw that although Jiujiu responded, he was so unwilling, so he could only warn her again, which was considered a warning.

"Clan leader, I understand."

Nineteen responded, not daring to complain any more.

"Well, as long as you understand, we'd better not offend the people of Wuzhu Teahouse." The old patriarch nodded.

...

There were two people standing on the deserted altar.

"There is really nothing here except the aura of the demons. I can't see it at all."

Lin Caisang carefully observed the altar several times, but still found nothing. He had to stand up and look at Sui Zimo.

"I'll take a look again."

Sui Zimo raised his hand, patted her head lightly, and continued walking between the stone pillars, trying to see something.

According to the old patriarch, this place is used by people in the county to drain the blood of demons.

How could the demons not even resist at all when they were simply tied up? It can be seen that there is definitely something weird in this place, but they didn't notice it for a while.

"Sang'er, you said, so many demons were killed, there should be a lot of blood, but why..."

He looked at several stone pillars and then looked under the altar.

"yes!"

When Lin Caisang was reminded by him, his eyes suddenly lit up.

"This place looks quite eerie, but if you hadn't reminded me, I really wouldn't have remembered it."

On this altar, except for the blood stains on the stone pillars, the places where their feet stepped were very clean, with no trace of blood staining at all.

If there was anything strange about this altar, it was where their feet stood.

"Brother Melian, do you think there is something else under this altar?" she asked.

Chapter 1536 Am I...that scary?

"Um.

Sui Zimo nodded.

There is no doubt about this. There must be some ulterior secret hidden under this altar.

It's just that they don't know this secret yet.

"Then you go down first and I'll see if there are any opportunities up here." Lin Caisang said immediately.

If there is any mechanism on this altar, it must be on the altar itself, but will it be where their feet step?

These patterns are quite special. The lines are all connected together. If you can enlarge it, it will be like a huge maze, which will definitely make people lose their way.

"This altar..."

"How about it?"

Sui Zimo's voice sounded in her ears.

Lin Caisang was startled and looked up at him.

"Why haven't you gone down yet?"

"Do you think I will let you face danger alone?" Sui Zimo looked at her and asked.

"Well."

Lin Caisang choked at his words.

Well, she was overthinking and shouldn't have said what she just said.

"I take back what I just said, let's watch it together."

As she spoke, she stretched out her right hand and interlocked the fingers with his left hand, and the two began to study the patterns on the altar.

However, several hours have passed, and still nothing can be found, not to mention the secret passage of the mechanism, not even a single crack.

"If someone familiar with this place comes to guide us at this time, maybe it will be easier to find.

Lin Caisang said.

"Um."

Sui Zimo nodded.

"Yes, if you wait a little longer, someone will naturally return the hearts of those people. When the time comes, the altar will be destroyed directly," he said.

The reason why we dare not destroy the altar directly now is because we are afraid that there is something ulterior hidden underneath.

If even they can't deal with it, then getting that thing out might cause trouble to the demons.

"Go find that elder?" Lin Caisang suggested.

"That's fine."

After thinking for a while, Sui Zimo nodded.

...

"scare!"

The demon clan member who had just taken out a tray from the room looked at the two people who appeared inexplicably in the yard, and was frightened to death.

"You...how did you find this place?"

He really wanted to make his eyes pop out as he stuttered.

You know, this place has been blocked by the old patriarch. Can anyone come in?

These two people couldn't find themselves here before.

But today, how could it be so easy to find this place? Isn't this too scary?

Could it be that it wasn't that they couldn't find it before, but that they deliberately didn't look for it, just waiting for them to come out and find them on their own?

If that's the case...

"Is it weird that we're here?"

Lin Caisang raised an eyebrow at the demon and asked him.

As long as a demon clan member is touched by her, will she still be unable to find him?

Not to mention they were in the same county, no matter how far they ran, she could still track them, okay?

"Where's the elder from before? Tell him we're here." She said to the demon clan member.

"You...you wait."

The demon couldn't help but swallowed, said something to Lin Caisang, and ran away.

"Am I...that scary?"

Seeing the figure of the demon clan member flying away, Lin Caisang twitched the corner of his mouth fiercely and raised his head to ask Sui Zimo.

"He knows we are the people of the Bamboo Forest."

Sui Zimo said something to her.

Chapter 1537 Yes, you are right

After hearing his words, the corners of Lin Caisang's mouth twitched even more seriously.

Are people without bamboo forests really that scary?

"I finally know why Jin Zhuling asked me to do such a task. It seems that it is not without reason." She said.

"Um?"

Sui Zimo didn't seem to understand what she said, with deep confusion in his dark eyes.

"I know I'm afraid of ghosts, so I suppressed the demons, ghosts, and spirits here until they were worthless. They couldn't even defeat people like me. This was to make me slowly get used to it and overcome my fear. feel."

Lin Caisang said this.

Sui Zimo: "..."

He really wanted to say that it was not unreasonable for them to be feared here.

Because they hold many lives and deaths in their hands. Those demons and ghosts know how to restrain them. Who else can they be afraid of?

"Yes, you are right. Jinzhu probably wants you to adapt to this environment slowly. After all, if you go to Qianhuan Continent, any kind of situation will happen there."

He raised his hand, touched the little girl's head, and said.

"Um."

Lin Caisang nodded fiercely.

Yes, that Qianhuan Continent must be a place that eats people without spitting out their bones.

If she doesn't adapt in advance, if she really goes to Qianhuan Continent in the future, will she have to rely on Brother Molian for protection?

"Brother Mo Lian, I have decided that after this mission is over, I will practice the Wind Spirit Whip well and my kung fu will not fall any further. You must not stop me anymore, do you understand?"

She looked at Sui Zimo and said seriously.

Sui Zimo: "..."

In fact, he didn't stop Son'er from practicing the Wind Spirit Whip, right?

It's just that, regarding kung fu, he really felt that... well, he admitted that he was thinking that Son'er would become stronger and be capable enough to protect him when he wasn't with her.

But on the other hand, he hopes that his son will never be strong and remain a carefree little girl under his protection.

Such a contradictory mentality also led to the fact that he never urged Lin Caisang to learn kung fu.

"Okay, it's all up to you, but these things still have to be done step by step, don't be too reckless," he said.

"I know."

Lin Caisang nodded.

...

"What?!"

The old patriarch who was having a meal almost choked on his food and lost his breath after hearing the news that Lin Caisang and the others had come for him.

"How did they find it? Where did they get the extraordinary ability..."

In this place, he used the most powerful magic weapon in the clan to make their bodies invisible and escape. He was confident that even the people from Wuzhu Tea House would not be able to enter easily.

How did those two people get in?

"Clan leader..."

Several other demon tribesmen all set their sights on the old patriarch.

Among them, only the old patriarch had seen those two people. Who else could have followed the two people from Wuzhu Teahouse besides the old patriarch.

The old patriarch was so stared at that he understood the reason behind this.

"Since you're here, let's... go and meet him."

Taking a deep breath, he put down his chopsticks, stood up, and walked out the door.

People have already come to the door, should they be allowed to leave again? This is obviously impossible.

The current matter is no longer something he can do whatever he wants.

Chapter 1538 Not a Barbarian

...

Looking at the two people in front of him, the old patriarch really felt that his eyes were being stabbed in extra pain.

Are these two people planning to die here?

"How did you know this place?" he asked.

"Why don't we know this place?"

Lin Caisang asked him back, then raised his eyes and glanced at Sui Zimo.

"We knew you were here from the first time your people were beaten." Sui Zimo took up Lin Caisang's words and said to the old patriarch.

Old patriarch: "..."

He thought he had hidden enough with the magic weapon, but he didn't expect...

These two people are really powerful. They actually knew they were here a long time ago?

"snort.

Even though he believed in his heart that they already knew his hiding place, he still pretended not to believe it on the surface.

"Do you think I will believe you if you say this? Stop trying to scare us. We are not scared. If you knew we were here early in the morning, wouldn't you have knocked on the door earlier?"

Will you still wait until now?

"Elder, we people in Wuzhu Teahouse are not barbarians, and we will not do what those barbarians do."
Lin Caisang said to the old patriarch with a smile.

Among them, they really knew where these people were hiding from the very beginning, after Hong Jin beat up a demon.

Originally, she and Brother Molian planned that if these people could capture Hong Jin or Hong Yin, then they would be able to find those people by spreading some incense on Hong Gold and Hong Yin.

But who knew that the fighting power of red gold and red silver was really too strong.

How could these demons be the opponents of Hong Gold and Hong Silver? They were all beaten to pieces.

This can be seen from the pig-headed faces behind the old patriarch. If she hadn't had something serious to do with the old patriarch at the moment, looking at the pig-headed faces, she would have really laughed.

"We're just here to investigate weird things in the county, not to kill people."

"you....."

The old patriarch had nothing to do with them, so he could only sigh heavily.

"Tell me, what are you doing here this time?" he asked.

"If it's for those people's hearts, we can't be in such a hurry. I've already sent people to get those hearts back, but it's definitely not that fast."

Before Lin Caisang could speak to Sui Zimo, he added another sentence.

Yes, the coming and going from the human race to the demon race is not that fast. You have to wait for at least a few days, right?

"It seems that the elder has thought clearly."

Lin Caisang's red lips were slightly raised, and she looked at the old patriarch and said.

It would be nice if they could think clearly, and it would save them from making a fuss to the point of taking action in the end. If that time comes, there really will be no room for regret.

"So what if you think clearly? So what if you don't think clearly?"

The old patriarch sighed again and shook his head helplessly.

He couldn't think clearly anymore, should he still risk the lives of his entire clan?

The two people in front of me are people who can do what they say. If they are really provoked, maybe these two people will really break into the demon clan and destroy the purification pool.

At that time, their clan will be destroyed.

"Now that it's in your hands, there's nothing more to say. Just tell me why you came here this time."

"I just want to ask, you demons are quite capable, why do you fall into the hands of the humans in this county repeatedly? If you are simply caught, it seems like you can't convince anyone, right?"

Chapter 1539 The only one who escaped

Lin Caisang said to them.

"laugh."

The old patriarch sneered and looked at Lin Caisang with cold eyes.

"How can a mere human race be the opponent of our demon race?"

"That is how the matter?"

Lin Caisang asked, since they didn't take human beings seriously, how could they be caught repeatedly and killed for meat?

This is simply impossible.

That's why she and Sui Zimo suspected that there was something strange about the altar.

But they went and found nothing.

"Xiao Liu, tell me."

The old patriarch had been staring at Lin Caisang and Sui Zimo, but for the first time, Xiao Liu with a bruised face came over.

"Clan leader, if you have anything to say to them, why don't we just start fighting?" There was no sign of good or bad expression on Xiao Liu's face, but his words were very harsh.

"you shut up!"

The old patriarch glanced sideways at him, raised his hand and slapped Xiao Liu on the forehead.

"Just say it!"

Raising his eyes, he looked at Lin Caisang and Sui Zimo.

"Xiao Liu was the only one who escaped after being captured by people in this county. It was because of his great fate that he was not buried on that altar. If you have any questions, just ask him."

"good."

Lin Caisang responded and looked at Xiao Liu.

However, how could Xiaoliu cooperate with them? He was raising his chin arrogantly, completely ignoring them.

"Senior citizens....."

"little six!"

The old patriarch stared at Xiao Liu with a menacing gaze that made Xiao Liu's scalp hairy.

"Okay, okay, clan leader, please stop staring at me." Xiao Liu said quickly.

Turning around, he looked at Lin Caisang and Sui Zimo.

"If you have anything you want to ask, ask it now. Hurry up. I won't say anything next time."

he said.

"Have you ever been tied to the altar?" Sui Zimo asked.

"This is natural."

Xiaoliu replied, looking at Sui Zimo as if he was watching a joke.

Which of their demons woke up from a coma for the first time after being captured, wasn't it on that altar?

"Don't ask nonsense questions, ask about the important stuff."

"You have fought with Hongyin before, and your skills are pretty good. Why didn't you have the strength to break the rope when you were tied to the altar? Did you not want to run away at all?"

Lin Caisang asked.

Demon Xiaoliu: "!!!"

What are you talking about? It's an altar, a place where people die. Wouldn't he want to run away?

However, Lin Caisang was right about one thing. When he was tied to the altar, it was just an ordinary rope. Why couldn't he run away?

Later, if he hadn't pretended to be dead and deceived everyone, making them think that his blood had dried up and dragging him into the cave, he would not have been able to escape.

so.....

"You want to say, is there something weird about that altar?" he asked them in a low voice.

"Isn't it weird?"

Lin Caisang asked him, isn't this obvious?

There were some scattered ropes thrown under the altar. Sui Zimo had tried it before, but he could break it with just a little force.

But these ropes prevent the demons from escaping?

"this....."

Demon Xiaoliu gritted his teeth.

Yeah, isn't it weird? He, the person who escaped from the altar alive, has the most right to speak these words.

So weird!

"Tell us, how does it feel to be tied to the altar?" she asked.

Chapter 1540 Let Xiao Liu go quickly

"What does it feel like?"

Xiao Liu raised his eyes, glanced at the blue sky, and recalled the time when he was tied to the altar...

Suddenly, he shuddered, he was frightened by himself.

"The feeling was so terrible. It was like a pair of invisible hands were strangling my neck, making me unable to move. Then the blood in my body was slowly draining away. It was like I was in an ice cellar. .

I wanted to run away, but I had no strength at all. I couldn't do anything I wanted to do, and I couldn't even speak.

I once saw with my own eyes some demons being dragged to the altar and tied up by those evil bitches. I could tell that neither I nor they were drugged, but still... as long as they got on the altar, they didn't even struggle. Dare.

I didn't want to die, so I pretended to be dead out of desperation.

Anyway, even if I die, I don't want to die on the altar, but who knows...

After I pretended to be dead and was dragged into the cave by them, the feeling of being suppressed was gone. Those individuals were no longer my opponents at all. I just beat them down and escaped. . "

Listening to Demon Xiao Liu's words, Lin Caisang looked sideways at Sui Zimo and raised his eyebrows.

"I'll do it."

Sui Zimo just said three words to her.

The next moment, the figure flashed in front of Demon Xiao Liu, directly picked up his collar and walked out of the yard.

"Hey, hey, what do you want to do? Put me down. Put me down. I'm not going anywhere. You...what do you want to do?" Demon Xiaoliu was picked up by Sui Zimo with one hand. He immediately screamed in fear.

What does this man want to do, and where do you want to catch him?

"What are you going to do? Release Xiao Liu immediately." The old patriarch was frightened when he saw Sui Zimo's actions.

He knew that these two people were not easy to mess with. What did Xiao Liu say that offended them? Where did they want to catch Xiao Liu?

Lin Caisang raised his hand and touched his nose, then followed Sui Zimo out.

In the yard, when Xiao Liu's panicked shouts were heard, other demon clan members also came out one after another. Seeing this, they immediately followed him, wanting to get Xiao Liu back.

But, how could Sui Zimo give them a chance?

"Let me down. I didn't mess with you. I told you everything you want to know. You... let me go. Please, I managed to escape death. Spare me." Bar."

Demon Xiaoliu was almost frightened to death and almost cried.

Because he could feel that the direction they were going was exactly the direction where the altar was.

Don't these two people think that he didn't die last time, and now they want to take him to the altar to kill him again?

He was really wronged, what does this have to do with him!

"Shut up!"

Sui Zimo didn't want to hear him cry for father and mother, so he shouted coldly.

"Say less. At least, you can save your life. If you say more, my brother might really throw you on the altar and prevent you from coming down." Lin Caisang followed behind Sui Zimo and said to Xiao Liu, a possessed demon clan, threatened.

Demon Xiaoliu: "..."

Who did he provoke?

"Clan Chief, Patriarch, please save me. You asked me to come out just now. I..."

"If you say one more word, I'll cut off your tongue and drink it!" Sui Zimo said coldly.

"Brother Mo Lian, you don't drink, right?" Lin Caisang muttered behind him.
