

Star of Space 1541

Chapter 1541 I can't move no matter what

She has really never seen Brother Mo Lian drinking at her house... Oh, no, they drank last time when they were getting engaged, but that was just that one time, and there didn't seem to be other times.

"Sonny..."

Sui Zimo looked at Lin Caisang speechlessly.

At this time, why should we dismantle his support? It is rare for him to say a threatening word.

"Alright alright."

Lin Caisang responded quickly.

"Even if you don't drink, you can still chop it up and feed it to the dogs. Whatever my brother Mo Lian says is right."

"Um."

Sui Zimo smiled and reached out with his free hand to touch her head.

"Follow closely."

"good."

Lin Caisang responded.

Demon Xiaoliu: "..."

His mood at this moment really cannot be expressed in words.

What do these two people want? They have to send him to the altar, but they are still kissing me here. Is this because they want to make him angry?

"You, you..."

"What happened to us?"

Lin Caisang looked at him innocently and asked.

"If you have anything else to say, please say it quickly. Don't delay our business."

What else could Demon Xiao Liu have to say? Why did he act like he wanted him to leave some last words? Did he really want to throw him out to die?

...

On the altar.

Demon Xiaoliu has been tied up tightly. In fact, it is not very strong. It is just tied up with some ropes picked up from outside the altar.

But at the beginning, Demon Xiaoliu could still break away.

He also escaped once under Sui Zimo's hands, but was quickly captured by Sui Zimo.

This time, Sui Zimo directly slashed Demon Xiao Liu's arm first, and blood suddenly poured out, and the next second, Demon Xiao Liu seemed to be possessed, unable to move. .

The second time he was taken to the stone pillar, he acted honestly and did nothing.

"You, what do you want to do, Xiao Liu, Xiao Liu!"

When the old patriarch and the demon clan members he led saw Xiao Liu being tied to the altar, they wanted to stop him and save him.

But how could Sui Zimo let them get their wish?

"Whoever dares to come forward, go and accompany him."

He raised the long sword in his hand and said coldly to those people.

"Red gold, red silver!"

Lin Caisang's red lips moved, and as soon as she announced the two names, she saw two flashes of light, and red gold and red silver were already beside them.

"Master, please give me your orders."

"Anyone who dares to come forward will be beaten directly, no need to be polite." Lin Caisang ordered the two little ones.

"Yes, Master."

After receiving the order, Hong Gold Hong Yin stood directly in front of the demons like a door god.

"You, you..."

Those demon people were so angry.

But they couldn't beat the red gold and red silver, so what could they do?

"Clan leader, please say something, Xiaoliu... he will die if he continues like this."

Seeing that they couldn't get any benefits from Hong Gold and Hong Yin, everyone turned their attention to the old patriarch.

The old patriarch insisted on provoking these two people. Now, they actually wanted to kill Xiao Liu. Xiao Liu managed to escape death, so why were they hurt again?

"I....."

The old patriarch opened his mouth.

He wanted to speak, but it was obvious that his words had no weight on Lin Caisang and Sui Zimo.

Chapter 1542 Fortunately, it was discovered in time!

"You two, what do you want? Xiao Liu is still young. If you have to kill someone, just kill me.

Lin Caisang: "..."

Why do they want to kill people? This is such a normal, clear-day killing? How can you say that?

Very scary, okay?

Sui Zimo: "..."

Obviously they wanted to save people, why did they turn into killing people?

Does it say on their faces that they are bad people?

"Elder, you think too much."

He still had a cold face, and after glancing at the old patriarch, he continued to look at Demon Xiao Liu on the altar.

"you....."

"Brother Mo Lian, here you go.

Before the old patriarch could say anything, he was interrupted by Lin Caisang.

"Coming, what's coming?"

He blinked and looked in the direction of the altar, because neither Lin Caisang nor Sui Zimo looked at them, but kept staring at the altar.

The next moment, he saw the long sword in Sui Zimo's hand coming out and stabbing directly at a black energy. Lin Caisang did not hesitate to give in. He took out the wind spirit whip in his hand and aimed at the black energy. The direction of the anger hit him.

"hiss!"

Not only the old clan leader, but other demon clan members also gasped.

They watched helplessly as the black energy consumed a little bit of their Xiaoliu's blood and then escaped under the attacks of Sui Zimo and Lin Caisang.

The altar returned to calm, as if nothing had happened just now.

"then."

Lin Caisang swept the wind spirit whip in his hand, circled Demon Xiaoliu back, and threw it on the demons.

Several Demon Race people scrambled to catch Demon Race Xiao Liu, then patted his face and called him, trying to bring him back to his senses, but Demon Race Xiao Liu seemed to be frightened. I can't come back to my senses no matter what.

"Clan leader, what should I do? What happened to Xiaoliu?"

Those people were anxious when they saw Demon Xiaoliu like this, and the expressions on their faces were even more anxious.

"Just keep him away from this altar." Sui Zimo said calmly to them.

"oh oh."

At this time, they couldn't argue with Sui Zimo and Lin Caisang. After nodding, they hurried away with the demon Xiao Liufeng.

"How could this happen? How could this happen?"

The old patriarch hasn't come back to his senses yet. The black energy just now has carved a deep mark in his mind, and he can't get rid of it no matter what.

"how come....."

"Elder, you should know what the black energy was just now, right?" Lin Caisang looked at the old patriarch and asked.

"this....."

The old patriarch opened his mouth, but he couldn't say a complete sentence.

"You don't have to say it yet, let's talk about it when we get back."

Sui Zimo opened his mouth and said to him.

...

"Why!"

Returning to the courtyard, the old patriarch sat on a chair in the main room and sighed heavily.

He really didn't expect that the one who killed so many of their demon clan members here was actually that black energy!

Even if he hadn't actually seen that black energy, he had heard about it. How could he not know about it?

But, how did it get to the human race, and it was still in this altar, treating the blood of their demon race as a delicious meal, drinking it one meal after another!

Thinking of this, he shuddered again.

If that thing were to drink enough of the demon blood, the consequences would be unimaginable.

"Fortunately, fortunately it was discovered in time!"

Raising his hand, he patted his chest, his face green.

Chapter 1543 It's simply killing people.

"Elder, should you tell me what that thing is now?"

Lin Caisang looked at him and asked.

"That....."

"That's the evil spirit of our demon clan!"

Before the old patriarch could speak, Demon Xiaojiu spoke.

"Patriarch, that's a demon, yes, it's a demon! But how could that thing be here? How is this possible? Wasn't it... destroyed?"

As he asked the question, he swallowed.

Mo Sha, an evil thing that specializes in sucking the blood of vampire demons to make itself stronger.

They are the most evil things among the demon clan, bar none!

"I have no idea.

The old patriarch also shook his head and looked at Lin Caisang and Sui Zimo seriously.

"Logically speaking, Mo Sha should have been... destroyed."

Hearing this, Lin Caisang raised his eyebrows and looked at the old patriarch in a funny way.

"Destruction? Can Mosha really be destroyed?" she asked the old patriarch.

It was the most evil thing among the demons. If she hadn't seen it with her own eyes, she wouldn't have believed that it would appear in the human race.

"Brother Mo Lian, you probably don't know that Mosha is a kind of evil spirit generated by the passing of demon leaders in the past generations. With the passing of each generation of demon leaders, Mosha will become more and more powerful."

"I know.

Sui Zimo nodded.

He still knows about the devil.

There are records in Wuzhu Tea House, and he has read all the things recorded, including the evil spirits.

"The devil cannot be destroyed. It can only be sealed. It is recorded in the books of Wuzhu Teahouse. Moreover, even if this thing is sealed, as long as the leader of the devil continues to exist, it will will continue to exist."

To put it bluntly, the so-called demon is actually an evil breath that gradually has its own thoughts.

But this evil aura is different from the ordinary evil aura. It is the evil thoughts of the leaders of the demon clan in the past. Therefore, as long as the demon clan has leaders, this evil aura will always exist.

Once one is sealed, another one will appear, but the strength will be relatively smaller.

But if several demons get together, then they will become an extremely evil demon, because they will gather together and become a demon, a powerful demon.

This thing is really not easy to deal with.

"Yeah yeah."

The old patriarch kept nodding.

How could he not know how powerful the devil is? It is really the most terrifying thing.

"What can we do? Why is the devil here? This is simply killing people."

"I'm afraid someone has sealed this thing here." Sui Zimo said.

"Wha...what? What did you say?!"

The old patriarch couldn't believe his ears. Sui Zimo said, someone sealed this evil spirit here?

Is it that altar?

Someone sealed the demon under that altar?

"Who is so hateful that he would seal this thing here? Isn't this harmful to others?"

He was so angry that he slapped the table and cursed.

Things like Mosha are shunned by people in the Demon Clan, so how can they be brought to the Human Clan?

"That altar was supposed to be used to seal away evil spirits, but it was used by some greedy people and turned into a weapon that can be used to strengthen evil spirits!" Lin Caisang also said.

"What do you mean..."

The old patriarch looked at them, already stunned by the news.

Chapter 1544: I was scared

"Well, the people in this county are too greedy!"

The old patriarch could only say this. The people in this county really didn't know what to say.

Mosha, what a terrifying thing. Even as a demon, he would not dare to touch it. Those people actually sucked the blood of demons to Mosha. This is to free Mosha. come out?

However, once the demon evil has sucked enough blood from the demon clan members, it will be released.

Will the people in this county still be alive?

No one can survive under the eyes of the devil, they all have to die!

"These are just speculations, and we can't draw a conclusion yet." Lin Caisang said.

But they all know in their hearts that this guess is probably true. Otherwise, how could there be demons in the human race?

The demon who sealed the demon here must have thought that it would not be easy for the demon to suck the blood of the demon in the human race, so he was so relieved.

How could he know that the hearts of the human race here have become extremely dark!

"Brother Mo Lian, I saw a house close to the altar before. It seems to be different from other houses. Maybe, I don't know what I can find inside."

She turned to look at Sui Zimo and said.

"Um."

Sui Zimo responded.

He had also noticed that house before, and it indeed looked much better than other houses in the county. It should be occupied by a wealthy family in the county.

Maybe, we can actually find out something.

"Go and have a look."

He stood up and took Lin Caisang's hand.

"Then I also..."

Seeing that they were about to leave, the old patriarch immediately stood up.

There was nothing wrong with Xiaoliu. Not much blood was given this time. At most, he was frightened, nothing serious.

He still wanted to know where this evil spirit here came from. He could actually make people in this county capture the blood of demon clan members for him.

Don't you know this will cause a big mess?

"Elder, you'd better not go." Sui Zimo turned around and glanced at the old patriarch.

"Elder, I hope those hearts can be brought back soon, and we can also ask the answers we want to know from those people's mouths."

"well."

The old patriarch responded repeatedly.

Of course he still wanted to follow, but the two people in front of him obviously didn't want him to follow. What could he do?

"Then...you two, be careful and walk slowly."

...

Led by Sui Zimo, Lin Caisang came to the house.

After climbing over the wall and entering, before you could see what was going on inside, you were hit by a strong smell of blood.

"Tsk!"

She frowned and clicked her tongue.

This smell of blood was too familiar. It was exactly the same as what I smelled in the cave before. It was all the blood of the demons.

"It seems like we can really find something."

Originally, I just wanted to try my luck. How could I know this place? It didn't even surprise them.

"Go and have a look."

Sui Zimo smacked his lips in front of him.

"good."

Lin Caisang nodded.

The two of them checked room by room, wanting to see what was inside.

However, even if there was a strong smell of blood in the yard, it was the same in those rooms, but it was impossible to really see anything.

Chapter 1545 There is something weird about this place!

They are all normal furnishings. Except for some demon meat in the kitchen, there is really nothing else to tell.

"Is it really nothing?"

Lin Caisang murmured to himself, but did not believe that there would be nothing in this place.

There must be some secret room or something that they couldn't find at the moment. If they search again, they will definitely be able to find it.

"Brother Mo Lian, let's search separately..."

"no."

Before she could finish speaking, Sui Zimo interrupted her.

How could he allow Sonny to go alone? The two of them had to look for it together.

If he had been in this county before, he would have felt that there was nothing to worry about, but now that there was such a thing as a demon, his heart suddenly rose.

"Look for it together."

"All right."

Lin Caisang raised his hand and touched the tip of his nose and nodded.

Indeed, she shouldn't be so willful. It's better to be careful in this place.

"Then let's look for it together."

After a while, they still found nothing. At this moment, both of them were standing in the kitchen, and Sui Zimo was looking at the things in the kitchen.

"Brother Melian, what's so interesting about these things?"

Seeing her brother Melian staring at the vegetables in the kitchen and the demon meat on the chopping board, she felt that her scalp was numb and her whole body was getting worse.

"Don't you think everything here is weird?" Sui Zimo asked Lin Caisang, his eyes fixed on the things in front of him.

"What's so weird about this?"

Sui Caisang curled his lips indifferently and said.

The smell of blood is so strong in this whole house. Isn't it normal to have the meat of these demons in the kitchen?

She didn't think there was anything strange about it, but what was even more strange to her was that there was no real thing to be found here. Was it really just an ordinary place?

This is of course impossible.

"According to the woman who came to Wuzhu Tea House, what happened here happened two months ago. That means that the people here have turned into zombies like those outside two months ago."

Sui Zimo glanced at the things in the kitchen again, and then looked at Lin Caisang.

"But look at these, how do they look like they have been stored for two months? Not to mention the meat, even the other vegetables in the kitchen are very fresh.

I can conclude that these things will not be left here for more than three days. "

"hiss!"

Hearing his decisive voice, Lin Caisang couldn't help but gasped.

"You mean, in this courtyard, right here, there are still normal people?"

She was indeed not very familiar with things in the kitchen, so what Brother Melian said must be right, and she had no doubt at all.

If this is true, it would be strange. The old patriarch and the others don't look like simple demons. How could they let someone in the county slip through the net?

"When we came in before, there was a pungent smell of blood. But if there was such a strong smell of blood, how could we not smell it at all outside?"

But when they were outside just now, they really didn't smell anything, and they didn't feel anything at all.

visible.....

"There's something weird about this place!"

She was absolutely sure of this, there was definitely something weird about this place!

"Look again, maybe it's in this kitchen."

Sui Zimo said to Lin Caisang.

Chapter 1546 They do know how to hide!

"Yes, keep looking.

Lin Caisang nodded fiercely and called out Hong Gold and Hong Yin.

"The weirdness of this place has to be found."

...

After less than half an hour, Lin Caisang and Sui Zimo finally found a secret passage on the wall under the stove.

"Tsk, tsk."

Lin Caisang clicked her tongue twice and looked at the stone door that had been moved away.

"This stone door is so thick, no matter how hard you knock, it will be impossible to find it, right?"

Hollow walls and solid walls can be knocked out, but the prerequisite is that the hollow wall is very thin.

But the stone gate they just discovered was so thick that it was almost as thick as the city wall.

Very few people will find a darkroom wall like this.

"Brother Mo Lian, if you hadn't discovered that the outside of this place is different from the space inside, you really wouldn't have discovered such a secret room. This secret room is really well built!"

"Go in and have a look."

Sui Zimo looked down at her and said.

"cracking."

Lin Caisang responded lightly.

I don't know when there was an extra torch in my hand, and the fire was already lit.

"Red gold, red silver, come here."

She handed the torch to Sui Zimo, and then opened the small satchel around her waist a little. The red gold and red silver immediately transformed into two carps and jumped into her small satchel.

"Walk."

Sui Zimo took her hand, and then the two of them entered the secret passage one after another.

The stairs went downwards, but the further down they became, the wider they became. Once they reached the bottom, there were still firelights on the walls, and lamps were lighting up.

"It seems that there is really someone here."

Lin Caisang sneered and said something to Sui Zimo.

I'm afraid that the old patriarch and those demon clan members would never have thought that there were still normal people alive in this county, right?

"They can hide!"

With their eyes darkened, the two of them continued walking down and came to a deep underground secret room.

"ah!"

When they saw someone coming in, before Lin Caisang and Sui Zimo could say anything or do anything, the first thing they heard was a sharp scream.

"Shut up!"

Lin Caisang raised his hand and took out his ears, and gave a sharp shout.

They haven't done anything yet, but this little girl is like how did they hurt her?

"No, don't kill me, big brother, are you here to save us? Great, hurry up and kill those people outside and save us."

As if she had not seen Lin Caisang, when the little girl saw Sui Zimo, she felt as if she had seen a savior. She rushed towards him and said cruel words excitedly.

"roll!"

Sui Zimo directly raised his foot and kicked the little girl out unceremoniously.

"ah!"

The little girl screamed and fell to the ground.

"Yu'er, Yu'er, are you okay?" The woman who had been hiding aside and looking at Lin Caisang and the two in horror saw the child being beaten and hurriedly rushed over and asked.

Turning her head, she looked at Sui Zimo, her eyes full of dissatisfaction.

"What's wrong with you? How could you do something to my Yu'er? My Yu'er is very delicate. If you get kicked and broken, can you afford to pay for it?"

Lin Caisang: "..."

She suddenly felt that she should not come to this county to save these people at all.

Look at these mentally retarded guys, do they really think they are so amazing? She even thought that her brother Mo Lian kicked the little girl wrongly!

Chapter 1547 Don't know anything?

"Mom, am I going to die? It hurts so much. It hurts so much.

The little girl fell to the ground, holding the woman's arm tightly with one hand, shouting miserably.

"Shut up!"

Lin Caisang took a step forward and shouted sharply.

She really wanted to make up for the place her brother Mo Lian kicked.

Sharp eyes swept over the other people in the secret room. There were men and women, old and young. There were seven of them. They seemed to be a family.

"Hongjin, come out."

A red light flashed, and Hong Jin appeared in front of Lin Caisang.

"Master, please give me your orders."

Hongjin said to Lin Caisang respectfully.

"Go and capture that person. I want to question him."

Lin Caisang pointed with one hand at the middle-aged man in the crowd who was better dressed than the others.

This shouldn't be the husband of the woman who just questioned her brother Mo Lian, the mainstay of the family, right? It was appropriate to ask him the questions in her heart.

"Yes, Master."

After receiving the order, Hongjin strode over expressionlessly and picked up the man pointed by his master.

"ah!"

The man was suddenly lifted up and screamed.

"What do you want to do, what do you want to do, I don't know anything, I don't know anything.

He struggled hard, talking nonsense, trying to escape from Hong Jin's hands, but would Hong Jin give him this chance?

A 'bang' punch.

He greeted the man directly in the face.

"Shut up!"

The struggling man was punched by Hong Jin, and he immediately did not dare to speak or struggle any more.

After a while...

Lin Caisang was sitting on the chair, and the man was kneeling on the ground, looking at Lin Caisang pitifully.

"What on earth do you want to do? I...I really don't know anything."

Lin Caisang asked a lot of things, but those things and questions were not something he could talk about. He could only fight with Lin Caisang and try to get through.

But who knew that the red gold Lin Caisang was talking about was not a vegetarian.

The moment he said he didn't know, he was immediately beaten by Fatty. Moreover, whenever he said he didn't know, Hongjin would beat him up. Until the previous one, he had been beaten five times.

Now, his body and face were all covered with wounds from Hong Jin's beating. The pain was so painful that he really wanted to pass out.

But unfortunately, the pain in my body is so clear that I can't even faint even if I want to!

"You don't know? Don't know anything?"

Lin Caisang's lips curled up slightly and she looked at the man with a sneer.

He leaned over slightly, so that his eyesight was almost level with the man's, and stared at him with faint eyes.

"In this county, there should be no one who knows better than you, right?"

"me....."

The man's scalp was numb when she stared at him like this, and he couldn't speak for a while.

"Tsk."

Lin Caisang sat up straight and sneered again.

"It seems that he hasn't been beaten enough. Hongjin, there's no need to be polite to him. Let's break some of his ribs first."

She raised her head, looked at Hong Jin behind the man, and ordered.

"No, don't, I said, I said...ah, ah, don't hit, don't..."

Before the man had time to beg for mercy, Hongjin's fist had already fallen. Even though he had already said he would say it, Hongjin did not stop and beat him again.

But this time, it was not as easy as the previous five times.

Chapter 1548 A chill

"You, you... you are not human!"

The little girl swallowed when she saw her father being beaten like this, and looked at Lin Caisang as if she were looking at a monster.

Then, she set her eyes on Sui Zimo again.

"Brother, have you seen that sister is so vicious? Don't let her deceive you. My father really doesn't know anything. We were wrongly accused. We really don't know about those demons outside. Where did it come from?"

Her face was covered with tears, and she had an oval face, which made me feel pity for her.

It's a pity, who is Sui Zimo?

Apart from Lin Caisang, is there any woman in this life that he can put his eyes on?

not a single one!

"Really, your father doesn't know, then you should know, right?" Sui Zimo took two steps in front of the little girl, stared at her deeply, and asked.

"I...I don't know, I don't know anything...ah!"

Before the little girl could finish her words, Sui Zimo stepped on her chest, causing her to scream in pain.

"What are you doing?"

"Didn't you say that we are not human beings? Then I will show you whether we are human beings or not!" Sui Zimo stepped on her chest and spoke gloomily.

"you....."

The little girl was frightened by Sui Zimo's words. 6

She didn't expect that this man was so good-looking, so he just kicked her. She felt that he must have not seen her face clearly just now.

Because as long as a man can see her face clearly, no one will be willing to lay a finger on her.

That's why she dared to ask him for help for the second time, acting like a spoiled child.

Where can I think of...

This man was actually even more ruthless than that woman. His words were like lumps of ice, making her whole body tremble with cold.

"me....."

"Your family is the one who killed so many demons, right?" Sui Zimo looked down at the little girl and asked coldly.

"I....."

How dare the little girl say anything else? She was trembling with fear, and her chest was stepped on and it hurt.

"Young Master, Young Master, please be gentle with your feet. Don't hurt my Yu'er."

When the woman saw her daughter being bullied, she rushed forward and hugged Sui Zimo's feet.

"roll!"

Sui Zimo raised his foot and kicked the woman out.

Originally, facing a family hiding in a secret room, even if he had killed demons before, he would not have the heart to treat them like this, but...

Glancing at the table in another place, he suddenly felt a chill in his heart.

There was a large bowl of meat on the table at the moment. You didn't need to think about it to know what kind of meat it was.

And among these people, as long as they spoke, which one's mouth didn't smell of the blood of the demons?

You still want to rescue such a person?

He didn't pick up a sword and cut these people down one by one, which was already good!

"ah!"

The woman was kicked out.

But before she could cry out in pain, she crawled over again.

This time, she did not dare to pounce on Sui Zimo's lap, but looked at her daughter distressedly.

"Sir, aren't you here to save us? We have been waiting for so long, but you can't treat us like this. How can you people from Wuzhu Tea House be so cruel?"

Hearing her words, Lin Caisang raised his eyes and met Sui Zimo's eyes.

Chapter 1549 It should be her

How long have they been in this underground secret room? When did they say that they were from Wuzhu Tea House?

"hehe.

Lin Caisang chuckled.

"I have underestimated you. It turns out that you asked that woman to come to Wuzhu Tea House?"

She felt strange that based on what she and Brother Mo Lian had done for Mo Tong, if there was any business that they wanted to introduce to Wuzhu Teahouse, she would definitely come with them.

But no, she didn't see Mo Tong, only the woman.

"I... we... didn't, we just sent our aunt away, she..." The little girl was so frightened that her face turned purple when she heard Lin Caisang's words.

"Hongjin, let him go.

Lin Caisang looked at Hong Jin who was teaching the man a lesson and spoke.

"It seems that no matter how hard we beat him, it's useless. Brother Mo Lian, you still have the best eyesight. I have to admire you."

As she spoke, she walked step by step towards the little girl whose chest was stepped on by Sui Zimo.

The man just now was beaten so many times by Hong Jin, and the woman who was his wife did not stop him.

But now, the little girl at Sui Zimo's feet just screamed, and the woman couldn't bear it anymore, and came out crying and begging for mercy.

Looking at the expressions of others, they were reluctant to let the little girl get hurt.

She couldn't believe that such a big family could hold a little girl up so high.

Although his family also beat her to the sky, they were not like this family. With this little girl, they even ignored their husband and son.

This is really strange.

"come over."

Sui Zimo waved to Lin Caisang.

"Among the entire secret room, she has the strongest smell of demon blood. She should be the one."

"Well, I understand."

Lin Caisang nodded towards him.

I cursed myself secretly, why didn't I think of this before.

However, she really didn't expect that the person who killed so many demons and ate their meat would be the little girl in front of her who seemed younger than her.

Such a vicious thing could actually be done by a little girl!

...

"Girl, sir, what are you..."

In the yard, when Lin Caisang threw the tightly tied Yu'er to the ground, the old patriarch and several demon clan members saw him, and they really didn't know what to say for a moment.

"Who is this person? Is he from the county?"

He looked at Yu'er, then at Lin Caisang and Sui Zimo, and asked.

"What do the elders think?"

Lin Caisang raised an eyebrow at the old patriarch and asked.

"this....."

The old patriarch wanted to say, how can he know this? Who is this little girl? He has never seen her in this county.

However, Lin Caisang and Sui Zimo said before that they wanted to visit the yard that they thought was weird.

They shouldn't go anywhere else, right?

"Is this the person found in that yard?" he guessed.

"It's just a little girl. Maybe our people didn't find her hiding. It's not a big deal."

He curled his lower lip indifferently and said.

Anyway, he would give the lives of those people in the county back to them, so he wouldn't care about this little girl.

"it's not a big deal?"

Lin Caisang glanced at the old patriarch in a funny way, then turned his attention to Yu'er and sneered.

Chapter 1550 Life is coming soon

"I'm afraid the elders never imagined that so many demons would die in this place just because of this little girl. All of this is because of her!"

"What?!"

When the other demons in the yard heard Lin Caisang's words, they all gathered around and looked at Yu'er in disbelief.

"You...you are talking nonsense. This is still a little girl. What can she do?"

"Little girl?"

Lin Caisang even sneered.

"Guys, listen carefully, she is not a little girl. This one is probably older than any of us here, except for you, the elder, of course."

Old patriarch: "..."

He still felt that Lin Caisang should not mention his age alone, after all...

He doesn't want to be that old. Who doesn't want to be a few years younger?

But suddenly, as if he thought of something, his eyes suddenly focused on Yu'er, and there was even more anger on his face.

"Is she getting younger and younger because she was infused with demonic energy by the devil?"

Although the demonic energy in the demon is terrifying, it can make people become younger and younger. All the demon clan members know this.

However, they know better that this kind of getting younger and younger is just a superficial phenomenon. When a person becomes younger and younger, it means that his life span will become shorter and shorter.

Thinking about it, he immediately squatted down, took Yu'er's wrist, and carefully checked her pulse.

"really!"

"Sure enough?" Lin Caisang asked him.

Naturally, it was impossible for her to check the pulse of a sinful person.

"This little girl's life is not long. She only has half a year to live at most." The old patriarch said quietly.

"What?!"

Before Lin Caisang and Sui Zimo could be surprised, Yu'er screamed first.

Although the black energy couldn't speak, she could still communicate with him in her heart. He clearly said that as long as she obeyed him obediently and gave him the blood of the demons he needed, he would let her escape. Becoming younger and younger.

How come in this old guy's eyes, she is not going to die soon?

"You are talking nonsense. I still have a long life. You are simply jealous that I have become younger. You can't even try to be younger. You jealous and twisted people can really say anything!"

She didn't believe it and felt that the old guy in front of her must have deliberately lied to her.

They must be trying to get something out of her mouth, so they deliberately used words to scare her. She wouldn't be fooled!

Did she really think she was only a teenager?

"laugh."

The old patriarch looked at her disdainfully and sneered.

"What are the benefits of making a deal with the devil? If your family hadn't used the meat of the devils as food, they would have died a long time ago. Do you think you can live forever?"

"you....."

Xiaoyu opened her mouth, but didn't know what to say.

Deep down she believed in Mosha, but... she couldn't help but wonder if what the old guy in front of her was telling the truth.

Could it be that she is really not going to die soon?

This was impossible. She clearly felt that her body was fine. Even if she was beaten by the man in front of her, she didn't feel much physical pain, and the pain disappeared quickly.

How could such a body be in a state of near death?

"You're talking nonsense, nonsense!"

She could only yell at the old patriarch at the top of her voice.

"Whether I'm talking nonsense or not, let me tell you the truth!" the old patriarch stared at her coldly and spoke.
