Chapter 1551 Save me, I don't want to die

"Do you feel that your body is in good health? Even if someone cuts you, the wound will disappear quickly. In a few days, there will be no traces on your body, not even a scar? "

he asked Xiaoyu.

"You...how did you know?"

Xiaoyu swallowed a gulp of saliva and asked with a hint of panic in her expression.

"Ah."

The old patriarch sneered again.

"Why don't I know that you have been corrupted by the evil spirit, and it is using your own lifespan to heal you?"

The so-called healing means using your own lifespan to heal your wounds. Wounds that could have been healed slowly will be filled with your lifespan. Of course, the wounds will heal quickly!

Moreover, you should be able to feel it yourself. Since you made the deal with the demons, you don't need to sleep or rest. You only need to eat the flesh of the demons every day.

What do you think are the benefits of this method of endlessly overdrafting your body? Do you think the flesh of demons is omnipotent? Or, what benefits can you get from the dark mass of Mosha?

Tsk, don't be naive. "

Mosha has always only taken away, how could it possibly help others?

Moreover, with such evil spirit, even if you want to help others, you still have to have the ability.

It doesn't have that ability, so why should it give these people life?

"No...it's impossible. I'm obviously still young, but I still have a long life!" Xiaoyu murmured in disbelief.

She thought she was leading her family to live forever. How could she end up dying soon in the end?

She didn't want to die, she didn't want to die at all.

It was easy to say the word death, and it was also easy to write it, but when it really happened to her, she was still scared, extremely scared!

"Help me, help me, I don't want to die, please help me quickly."

She was frightened and reached out to grab the hem of Sui Zimo's clothes, but he threw her away with disgust.

"Get away!"

He didn't want to be touched by this bitch again.

"Save me, you guys save me."

Xiaoyu didn't care at all that she was thrown away and continued to speak to Sui Zimo and Lin Caisang.

"Aren't you from Wuzhu Teahouse? You can save me, you must save me, you must..."

As if she had thought of something, she looked at Sui Zimo and Lin Caisang nervously, and nodded her head vigorously.

"Yes, you are here to save us, and you must save us. If you don't save me, what credibility will your Wuzhu Teahouse have in the future? Who else will go to your Wuzhu Teahouse in the future?

So you must save me, you must save me, save me quickly! "

Lin Caisang: "..."

Looking at Xiaoyu who was hesitating like a madman, she was really speechless.

What should she say?

Could it be that since they were from Wuzhu Tea House, they deserved eight lifetimes of bad luck and had to save an evil woman?

"We are only here to save those people outside. As for you - even if you die a hundred times, it will be difficult to atone for the sins you have committed! You still want us to save you, are you dreaming? I think people like you should die early. Super life!"

When she said this, she felt that she was not vicious at all, but rather too kind.

Because she didn't take it upon herself to kill this extremely selfish woman who only had herself in her eyes and heart.

Chapter 1552 Jealous of my good looks

"You...how can you do this? You people from Wuzhu Teahouse shouldn't..."

Xiaoyu couldn't believe what she heard. These two people were obviously from Wuzhu Tea House. She couldn't guess wrong.

But why are they unwilling to save her?

"I understand, you are jealous of me, jealous of my good looks, are you afraid that this young master will abandon you and choose me?" Her eyes suddenly lit up and she cast a disdainful look at Lin Caisang.

Then, she looked at Sui Zimo aside.

"Young master, you see, this woman is not worthy of you at all. With her by your side, you will only have her as the only woman in the future. If you fall in love with any other woman, she will kill her.

Listen to me and kill her quickly. I can follow you in the future. Don't worry, I won't control you like her. I will find many beauties for you..."

"Shut up!"

I originally wanted to hear how self-righteous this woman is, but...

Sui Zimo really couldn't stand listening anymore. He was getting more and more outrageous as he spoke. He could only kick her out rudely and successfully stopped her from talking any more!

"It's not your bitch's turn to make irresponsible remarks about my affairs. Who do you think you are?"

"Brother Mo Lian, are you really arguing with such a woman?"

Lin Caisang found it funny. This woman really dared to say anything. No wonder her brother Mo Lian was angry.

"Okay, let me talk to her for a few words, don't be angry."

She turned her head and looked at Xiaoyu with a smile on her face, walked towards her slowly, then raised her foot and stepped on her belly, then slowly squatted down and looked at her.

"ah!"

The belly is the softest place. It can't withstand being stepped on. What's more, as soon as Lin Caisang squats down, his entire weight is on Xiaoyu's foot.

She was in pain and screamed.

"I think there's something you should clarify."

Lin Caisang continued to smile at her as if he didn't hear her screams.

"The owner of Wuzhu Teahouse is me, not my brother Mo Lian. He just felt sorry for me that I was so busy, so he voluntarily came to help me. Do you understand?"

"you....."

Xiaoyu clenched her teeth and stared at Lin Caisang hatefully.

"It's useless to go crazy with us here. It's better to explain your mistakes quickly. This is the most useful thing."

Lin Caisang didn't care whether she hated him or not, so he continued.

"Perhaps you have clearly explained the wrong things you have done. I am not sure that I can save you even if I am kind-hearted. If you don't want to say it, that's fine. I believe that the demon will also like the human race. Bloody one, I can send you to that altar without any difficulty!"

"hiss!"

After hearing her words, Xiaoyu gasped.

How many demons had died on that altar, the feeling of blood draining away bit by bit, that kind of pain, even if she had not experienced it personally.

But after seeing it so many times, she could believe it and feel it.

She didn't want to be a snack for that ball of black energy.

"I said, I said, I will tell you whatever you want to hear," she said immediately.

"Tsk."

Lin Caisang had some regret on his face and looked at Xiaoyu with a little bit of teasing.

"I thought I was capable of showing off, but I didn't expect that I would say it just to scare people?"

Chapter 1553 On the road of no return

"you....."

Xiaoyu opened her mouth, but was interrupted by Lin Caisang.

"However, I'm not trying to scare you. I really want to tie you, a bitch, to the altar, and let you taste the pain of blood slowly draining away bit by bit!"

"you you....."

Xiaoyu's pupils shrank, she was extremely scared.

She could feel that what Lin Caisang said was true. This woman really wanted to tie her to the altar and suck the demon's blood!

At this moment, she could no longer feel the pain of being stepped on on her stomach. Apart from fear and fear, there was nothing in her mind, and it was completely blank.

"What exactly do you want to ask? Ask quickly."

She gritted her teeth and said to Lin Caisang.

She just wanted to tell them what they wanted to know quickly so they could let her go.

"Tell me, how did you get to know the demon under the altar?" Lin Caisang stood up, raised his feet, and asked her.

Xiaoyu's stomach relaxed, and she felt a lot more relaxed. Because she was tied up, she could only lie on the ground, slowly recalling how she got acquainted with Mo Sha, the thing that eats people without spitting out bones.

"That matter has been going on for many years. At that time..."

Listening to Xiaoyu's words slowly, everyone in the yard clenched their fists, fearing that they might accidentally beat this cruel woman to death.

Xiaoyu was originally an extremely ugly woman. Because of her ugly appearance, she was not even allowed to marry anyone at home because no man would fall in love with her.

Over twenty, no one came to propose marriage. My father and mother invited matchmakers to arrange marriage, but no one agreed. No one was even willing to be a concubine.

As time goes by, Xiaoyu will soon be thirty years old, and she is still an old girl waiting to be married.

This daughter can't get married and can only earn a living at home. Can the family be willing? Of course I don't want to.

Therefore, everyone in the family disliked Xiaoyu, and they would scold her and hit her several times if nothing happened.

After being beaten, her body hurt so much, and she was forced to work, she could only hide quietly, and often ran to the altar alone. No one would go there, especially at night, when people in the county town I think it's particularly eerie there.

So it became a good place for Xiaoyu to hide from her family.

After that, the evil spirit entered his body, and he embarked on a path of no return from then on.

She took her family with her little by little, and on the pretext of killing the demons to sacrifice to the gods, she tricked her family into joining her in bringing the demons to the altar, and tied them up for the demons to suck their blood.

Later, after eating the meat of the demon clan, their family really became younger and younger, and she also became more and more beautiful, until she became the look she is now loved by everyone.

Later, some people in the county thought it was strange and came to ask them. Then, it was like a snowball, getting bigger and bigger.

Many people in his county began to follow her and trick the demons into coming in.

They were very careful before, but later, after meeting a man who knew medicine, they began to drug the demons who came to the county. It became much easier to directly tie the unconscious demons to the altar.

It took twenty years to kill the demon tribesman. She also changed from an old girl in her thirties to the girl who looks like a teenager now.

She looks in the mirror every day and is secretly grateful that she can be favored by God and make herself beautiful.

Chapter 1554 I will take care of the rest

Now she is surrounded by a large group of young men every day. Although she doesn't like them at all, the feeling of being loved is so good that her whole body is about to float.

Therefore, she didn't care at all how many demons she killed.

She even felt that the more demons she killed, the better, so that she could always stay young and loved by others.

The men in this county can each take turns to warm her bed for several months. She can choose any man she wants, not afraid that they won't want to, it just depends on whether she likes them or not!

This kind of life is the life she wants to live.

She never wants to go through the days of being disliked by others and being beaten and scolded by her family members!

"This woman is simply not human!"

The old patriarch couldn't bear it anymore and cursed at Xiaoyu.

His whole face was red, he was angry.

Is this woman going to take it out on others when she's not having a good life herself?

Aren't other people's lives life? Can she be beaten and killed as she pleases?

He really wished he could step forward and crush this extremely vicious woman to death. How could there be such a twisted person in the human race?

Lin Caisang also fell silent.

Especially when I saw Xiaoyu talking about how many men showed favor to her every day, and how many men tried to warm her bed every day, I really wanted to yell at her.

Such a woman is really weird!

...

After Xiaoyu explained all her affairs clearly and left her directly to the old patriarch and the others, Lin Caisang and Sui Zimo came back.

"How should we deal with that evil spirit?" Sui Zimo looked at her and asked.

Hearing this, Lin Caisang's face turned cold.

"This thing is really not easy to deal with. After all, it belongs to the demon clan, and it can't be destroyed just by destroying it. It's difficult."

She couldn't think of a good way. She still didn't know what to do with this demon.

"You can kill it with poison, but that thing is just a ball of demonic energy, and you can't force poison into it. I don't know what to do."

She spread her hands and said helplessly.

"Can I use poison?"

Sui Zi narrowed his dark eyes and looked at her seriously.

"yes."

Lin Caisang nodded.

Of course it is possible to use poison. She has found a way from the Golden Pearl Order, and she can also refine the poison to destroy the evil spirit.

But this kind of poison needs to be absorbed by the demon. Although the demon is just a ball of demonic energy, it also has its own thoughts. It is not stupid, so how can it take poison by itself?

"Brother Mo Lian, do you have any idea?"

she asked.

"You make the medicine, and I'll take care of the rest." Sui Zimo thought for a moment and then said to her.

"good."

Lin Caisang didn't ask him what method he was going to use, and just nodded.

...

Two days later, Shi Qi came back with the heart taken from the purification pool.

Lin Caisang spent two days refining the poison, and finally succeeded after countless failures.

The old patriarch sent someone to call them, and the two took the poison to the old patriarch's yard.

"These are the hearts of those people?"

Lin Caisang looked at the old patriarch's hand, holding a crystal clear bottle, which contained something that could not be seen, but was dark and gray.

"yes."

The old patriarch looked at the bottle in his hand and sighed heavily.

Chapter 1555 Luoyang Mountain

"After being in the purification pool for so long, they have not been able to purify them into red. It shows that the people in this county are all evil-minded!"

The purification pool has a very good effect, that is, it can purify the souls of the demons.

Even people from the human race are pretty much the same.

But the hearts of people in this county are still dusty after being in the purification pool for so long. What does that mean?

You must know that it only takes three days for the demons to be purified, and it only takes five days at most.

"Seventeen, take them and return them to those people. This bottle is an eyesore to me!"

He handed the bottle in his hand to Shi Qi and told her to do it with a bad expression.

"Yes, patriarch."

Shi Qi glanced at Sui Zimo and Lin Caisang, took the bottle and led a few people out.

"Elder, what are you going to do with that family?"

There were only three people left in the yard, and Sui Zimo asked the old patriarch.

"this....."

After hearing his words, the old patriarch also looked puzzled.

It's been two days, and he still hasn't figured out how to deal with that evil person in the family.

After killing so many demons, it would definitely be impossible to let them go so easily.

but.....

"I listened to the woman's howling and screaming. It seems that she bit a lot of people. I don't know what to do. Do you two have any good suggestions?"

The old patriarch looked at the two people and asked.

Lin Caisang raised his eyebrows and glanced sideways at Sui Zimo.

That woman broke the pot and thought that if she was going to die, then everyone would die, so she bit out all the people who had killed the demons, right?

"Elder, what are you thinking?"

she asked the old patriarch.

"I think this is the fault of a person named Xiaoyu. The most important thing is to punish their whole family. As for the other people...

Although they have killed us demon clan members, they were all bewitched by that woman. Let them take advantage of their merits. What do you think? "

the old patriarch asked them.

"Um."

Lin Caisang nodded.

"How do the elders want them to offset their merits?"

"Not far from this county, there is Luoyang Mountain, which is the passage between demons and humans. That place is already desolate because few people dare to go there. I want people from this county to reclaim it. .

Planting some flowers and plants will look good, and the demons are actually not that scary. It's just that everyone who passes by Luoyang Mountain sees the desolation there, and they don't have a good opinion of the demons in their hearts. .

If everyone could see many flowers and plants at a glance when entering the Demon Clan, their impression of the Demon Clan would definitely be much better. "

The old patriarch said.

"This... is not a bad idea." Lin Caisang nodded and looked at Sui Zimo.

Sui Zimo glanced at Lin Caisang, and then turned his attention to the old patriarch.

"Elder, since you want that family member to die, can you leave it to me? I will definitely find a good way to die for them." He said to the old patriarch.

Lin Caisang: "!!!"

She finally knew how her brother Mo Lian wanted to feed the poison she refined to Mo Sha.

Xiaoyu's family had eaten so much demon flesh, and the blood in their bodies had already become demonic, almost like the blood of demons.

Chapter 1556: Teach a lesson, no one is left behind

Since it's almost the same, why not take advantage of it?

...

Seventeen and others returned the hearts to the walking dead in the county, and soon they woke up.

The originally quiet small county town suddenly became lively.

However, this kind of excitement was not an ordinary excitement, but the people in the county. After seeing Shi Qi and the others, they all picked up whatever they could get their hands on immediately, and actually shouted at them to beat and kill them.

Their faces were full of excitement, and everyone was shouting to send Shi Qi and the others to the altar!

This made Shi Qi and the others so angry that they really wanted to kill these ignorant murderers again so that they could never speak again!

"you....."

'Snapped!'

Before Shi Qi could say his angry words, he heard the sound of a whip.

The sound of the Wind Spirit Whip whizzing by shocked everyone. They all fell silent and looked at Lin Caisang and Sui Zimo, who had not appeared just now.

"I don't know, you people are so shameless!"

When Lin Caisang arrived, he saw those people holding weapons in their hands, and when he heard those people shouting about beating and killing Shi Qi and the others, he was really angry.

She had never seen such a person.

"If I had known you were such a bunch of fools, I shouldn't have come all the way to save you bastards!"

She gritted her teeth and said.

"You...who are you?"

When those people heard her words, a bolder man asked in a loud voice.

"They are in the same group. That pair of men and women must be the scum of our human race. They all deserve to die! Just beat them to death."

Someone shouted again, trying to rush towards Lin Caisang and Sui Zimo with the guy in their hand.

"Brother Melian."

Lin Caisang just glanced sideways at Sui Zimo.

"Call it red gold and red silver."

Sui Zimo reminded her.

Looking at these ignorant people, he was not in the mood to take action against them, so he had better let Hong Gold and Hong Silver take action.

"Red gold, red silver."

Lin Caisang immediately called Hong Jin Hong Yin out.

"Master, please give me your orders."

After the two little ones came out, they spoke respectfully to Lin Caisang.

"Go and teach those people a lesson. No one will be left behind." Lin Caisang ordered them.

"Yes, Master."

Hong Gold and Hong Silver responded at the same time, turning their heads to look at the people holding wooden sticks and hoes in their hands.

"You...what do you want to do?"

Those people were scared as they watched Red Gold and Red Silver walking towards them.

"What are you afraid of? There are so many of us, are we still afraid of the two of them?" The person who spoke first just looked at Hong Gold and Hong Silver with disdain and encouraged his companions.

Yes, there are so many of them, how could they be afraid of just two people?

But Seventeen and the other demon clan members are different. They have suffered losses at the hands of Hong Gold and Hong Silver. The injuries on their faces have not healed yet. There are also injuries on their bodies, but they cannot be seen through their clothes. That's all.

Seeing Hong Jin Hong Yin approaching, they all ducked in unison and came behind Lin Caisang and Sui Zimo.

They must let Hong Gold and Hong Yin know that they are on the same side as their masters and are on the opposite side of these people.

Otherwise, a beating would be inevitable for them.

...

A quarter of an hour later...

Hong Jin and Hong Yin were already standing beside Lin Caisang safely.

Chapter 1557 How to respect other people's lives!

After Seventeen and their eyes, those who originally had something in their hands fell to the ground, and those who could stand were all hiding in the corner.

He kept wailing in his mouth, but he still had the previous aura of fighting against the red gold and red silver.

"You...you are not human at all."

An older woman, who was also beaten badly, pointed at Lin Caisang and said.

"not human?"

Lin Caisang raised his eyebrows and chuckled.

"Aren't we human? Then let you see how inhuman we are!"

These guys who harmed people's lives actually had the nerve to say that they were not human beings. How did they say this?

The cave is filled with bones, but they are all the work of these people!

Fortunately, the old patriarch also said that he would let them go, as long as they showed their merits. In her opinion, none of these people should be let go, and they should all be punished!

"Red gold, red silver..."

"no, do not want!"

Lin Caisang just called out the name Hong Jin Hong Yin, and someone on the other side started shouting.

"Girl, we have no grudges against you, why do you want to go against us? As a human race, why do you want to help these demons? All of them are not good people.

They couldn't think clearly. This man and woman obviously looked like they were from the human race. Why did they have to side with the demon race?

"Not a good thing?"

Lin Caisang really wanted to laugh out loud.

"I would like to ask you, you have killed so many demons, treated their lives as if they were nothing, and want to kill them like melons. What kind of good people are you?!"

"Then they deserve to die. None of the demons are good, so what if they are killed?" Someone said angrily, glaring at Qi Qi behind Lin Caisang and Sui Zimo.

"The demons also think you deserve to die, so just stick your neck out and let them kill you. What do you think?" Lin Caisang asked them.

"This...how can this be the same?"

Those people were dumbfounded. Why did they stretch their necks and be killed by those demons?

"Yes, how can this be the same? We are humans, why should we let the demons bully us!"

"Why not? You can bully them and kill them, but why can't they kill you? What's the point?" Lin Caisang asked sharply.

"You think the demons are not good people. For the same reason, the demons also think you are not good. Isn't this the same truth? Then just let them kill you all!"

"this....."

Those people didn't know what to say.

This is completely different, okay? To them, those demons are like domesticated poultry. How can a poultry come to kill its master?

But it seems that such words cannot be said in front of the girl in front of him.

Otherwise, the two people beside her, named Hong Jin Hong Yin, would definitely not let them go.

"You can't do this, we...we are human race..."

"What's wrong with the human race? Are the human race so noble? Can the human race take the lives of our demon race members so seriously?" Shi Qi really couldn't help it anymore and rushed out and pointed at the ugly pictures. Face, question.

"Have you killed too few of our demons over the years? In my opinion, I shouldn't let you go so easily. You should be allowed to eat more of your own human flesh, so that you can know how to respect the lives of others!"

Chapter 1558: Enemies of the human race?

she shouted at the men.

"What?!"

When those people heard Shi Qi's words, their eyes widened.

"You...what did you say, what did we eat?"

"Human...meat, we ate...human flesh?"

When those people thought about what they had eaten, the expressions on their faces became uneasy.

How could they eat human flesh? It's such a disgusting thing. Just thinking about it makes me want to vomit. Those are their companions. How could they...

"Is there anything strange about this?"

Lin Caisang looked at them indifferently, and then chuckled.

"Why, you can eat the meat of demons, but you don't dare to eat the meat of humans? I thought that for you, any meat you eat is just meat, and it's not a big deal."

"You... you... you are so terrible, you actually let us eat... how could you even think of this!"

Those people were trembling, and they didn't know whether it was because they were angry or because they were afraid. Anyway, they looked quite uncomfortable. They wished they could slap themselves, or rush forward and fight them desperately.

"Why can't I think of it? Didn't you eat the meat of the demons quite well before?" Sui Zimo looked at them indifferently and said.

"How can this be the same?!"

Someone couldn't stand what they had eaten before and yelled.

"Why is it different?" Sui Zimo asked him.

"It's the same meat, it's the same human flesh. Is there any difference?"

"certainly....."

"That's enough, you guys."

Those people still wanted to speak, but were interrupted by Lin Caisang.

"Do you really think of yourself as a noble person? Do you still have the nerve to question us? What have you done before? Do you really think that I will not come to settle accounts with you?"

After killing so many demons, the bones in the cave have piled up into a mountain.

Up to now, you still don't repent. It seems that we really shouldn't come to this place to save you. We should let you all die silently one by one, so that the demon clan can have peace in the future. "

She felt that by saving these people, she had brought danger to the demons.

Because these people didn't feel at all that they had done anything wrong. Instead, they felt that they were killing demons because they deserved to be killed. Damn it!

It's as if they are the most noble and everything they do is correct.

"Girl, how can you be so vicious? There are so many of us, and you can actually say something that will kill us. How can you be so young and have such a dark heart?"

An old man looked at Lin Caisang with a reproachful face and said.

"As humans, shouldn't you be on our side? Are you actually standing with those evil demons? Do you really want to be enemies with the humans?"

What he said was somewhat threatening.

It was as if Lin Caisang and Sui Zimo would not be able to gain a foothold in the human race if they did not side with them.

This sentence attracted a burst of laughter from Lin Caisang.

"Enemies against the human race? Haha."

She raised her head and looked seriously at the ridiculous human beings in front of her.

"No, let's take the matter of killing demons and eating demons' flesh in your county and go outside to talk to the other humans to see if they think we are the enemy of the humans. Um?"

she asked.

Chapter 1559 Already...inhumane

"you--"

When the old man heard her words, he didn't dare to say anything.

Their county is located in a deserted land and is already very remote, so even if they kill demons and eat their flesh, no one else knows about it.

But if other people in the tribe really find out about this, then they will definitely not get anything good to eat.

Their behavior, in the eyes of other humans, means that they have officially started a war with the demons!

Who would want to start a war with the demons when they are living a good life?

Therefore, they dare to conclude that if this matter goes outside, it will be difficult for them to gain a foothold in the human race and they will most likely be expelled.

But if they are really deported, where can they go?

Demons?

They have killed so many demons, so it is naturally impossible for them to go to the demons.

But among other tribes...

That's impossible. When people from the ghost and spirit tribes see that they have killed demons, they will definitely think that they will also kill people from the ghost and spirit tribes and eat their flesh.

They simply cannot gain a foothold among any clan.

"As human beings, why don't you help the human race?" He looked at Lin Caisang and Lin Caisang very sadly and accused them.

They are obviously from the human race, but they actually help outsiders to bully them. How could this be possible? These two people deserve to be killed. I really want them to die now!

"You guys are really..."

"Sonny.

Lin Caisang wanted to continue scolding them, but Sui Zimo stopped him.

"Which one of you is Qiuniang's husband?"

He stood up and asked the group.

"I, I am, we are."

A man standing at the back walked over with a child in his hand.

"We are, Qiu Niang is the mother of my child."

There was nothing in the man's hand, but he was holding the hands of the two children tightly, which made Lin Caisang's brows relax a little.

"Do you know my Qiuniang? Is she okay?" He asked Sui Zimo.

"She's fine."

Lin Caisang replied with a cold face.

"After she left here, she came to my Wuzhu Teahouse and asked us to come and save you."

"Wuzhu Teahouse, are you from Wuzhu Teahouse?" The man was surprised.

"Didn't I tell Qiuniang not to go to Wuzhu Tea House to look for you? Why did she still go?"

Lowering his head, he muttered softly.

At that time, when he came to visit relatives in this county, he had already discovered that something was wrong with the people in this county. He wanted to leave, but his relatives refused to let him go, and he had no choice at all.

As a result, something really happened in the end.

He rescued Qiuniang at the most critical moment, but he himself was poisoned.

However, he didn't think there was anything to be wronged about the people in this county. These people had harmed so many demons. Even if they were to save their lives, that was what they should do. There was nothing to be wronged about.

But it was his two children. Before he lost his mind, he still wanted to save the two children, but... he couldn't save them.

"Girl, sir, these people are already... inhumane. It's useless for you to say these things to them."

He looked at Lin Caisang and reminded him in a low voice.

He had also persuaded people in the county town before to stop doing such evil things, but how could these people listen to him as an outsider? They must let him stay and do these things with them.

Chapter 1560 Let your blood bleed dry!

He knew that it was because they were afraid that after his family left, their affairs would be revealed, so they simply wanted to keep them here. ๓

"What are you talking about? You actually said that we are inhumane. Why are we inhumane? Isn't it our good intention to feed your family meat so that you can live forever like us?"

When those people heard what the man said, they all looked at him with righteous indignation.

That look seemed to tear the man apart.

Lin Caisang looked at them like that and sighed again.

These people are really hopeless.

"There's no such thing as immortality. It won't take long for them all to die!" Seventeen stood up and pointed at those people.

"What else do you have to do with that demon? Do you think that ball of black energy is a good thing? Let me tell you, it is the most evil demon among our demon clan. It is a thing that eats people without spitting out their bones!

Do you still think it can really make you immortal? Do you think that because you are young, you can do whatever you want? Let me tell you, you are just overdrawing your lifespan.

When you have exhausted your lifespan, you should go underground to accompany us demons who were innocently killed by you! "

"hiss!"

After hearing Shi Qi's words, many people gasped.

"This is not true, is it?"

"impossible.

Some people shook their heads, not believing what Shiqiu said at all.

"They are demons, so they must have said that on purpose. If they hadn't said that, they thought we would still kill the demons, so they deliberately told us this to prevent us from catching the demons to eat. They It's intentional!"

"Yes, these demons are very cunning, they just said that on purpose."

"We don't believe what you are saying to extend your lifespan. We won't believe anything you say. We only believe the facts we see!"

Those people spoke to Lin Caisang and Sui Zimo one after another. In their eyes, they looked at Qi Qi and the others as if they were looking at idiots.

And the fact they believe is what they see. Everyone in their county is getting younger and more and more beautiful. Everyone has a handsome appearance, which makes outsiders envious. Incessantly.

"You must be jealous of us. Seeing that we are getting younger, you can't bear it anymore, so you want us to become like you!"

"That's right, we won't believe your nonsense. Those of you who are sensible, just get out of here and don't let us see you here again, otherwise..."

"Hmph, you cunning people, in my opinion, none of you can escape. I will arrest you later, tie you to the altar, and let your blood bleed dry!"

Lin Caisang: "..."

She has really never seen such an arrogant person.

These people really don't even give up their own brains for those ethereal things.

"IQ is a good thing, but it's a pity that none of you have it."

She shook her head, looked at those people and sighed.

"Since you are so ignorant, there is nothing more to say. Let you look at the facts."

As she said this, she reached into her small satchel and took out a mirror.

"Sonny, what is this?"

Sui Zimo focused all his attention on Lin Caisang, fearing that those people would really rush towards them.
