Chapter 1581 The fish tank on the table

...

really.

Because food was lost again, City Lord Yun ordered people to buy food again.

Half a day later, in the already empty warehouse, guards began to move food in again, and all the people came in and out.

Of course, at this important moment, Lin Caisang and Sui Zimo, who came to investigate the strange phenomenon of missing food in Yuncheng, naturally wanted to come with them to see the situation.

While they were moving things, Lin Caisang secretly placed a fish tank on the only table in the warehouse.

"Girl, what are you doing? Do you want to keep these two fish here?"

Seeing this, Yun Bai hurried over and asked.

He had noticed these two fish before. This girl had been holding this fish tank from Wuzhu Teahouse to here.

This shows how important these two fish are to her.

Seeing that Lin Caisang actually wanted to put the fish tank here, he really secretly wiped his hands with cold sweat.

You know, although dog-type cats have the word "dog" and although they are big, they still belong to the category of cats, and their favorite food is fish.

Is this girl sure she wants to keep these two carp... in this warehouse?

He felt that the two fish were fine now, but that might not be the case later. Maybe when they came over next time, only the fish tank would be left?

"yes."

Lin Caisang pretended not to understand the anxious look on Yun Bai's face and nodded calmly.

"I was really tired carrying this fish tank all the way. Now I saw a table, so I put it down. It can be placed anywhere."

Yun Bai: "..."

Since it can be placed anywhere, how about...

"Girl, should I order someone to put your fish tank in your room?"

he asked tentatively.

"No."

Lin Caisang shook his head.

"The room is a place for rest. How can we put two fish in it? It's too indecent."

Yun Bai: "!!!"

But if you put the fish tank here, are you sure these two fish will still be there?

"That....."

"Just put it here."

What he wanted to say was blocked by Sui Zimo's five words.

Looking up at Sui Zimo's chilling face, and adding those five words, he felt that he really didn't dare to say anything more.

Maybe the people at Wuzhu Teahouse have their own ideas, so he'd better stop asking.

"Master Layer, the food has been moved. Do we want to lock the warehouse door?" The guard came to Yun Bai's side and asked.

It turned out that when they were talking, the food had been moved and everyone had gone out. Only Lin Caisang and the three of them were left, so the guard came over and asked.

"this....."

Yun Bai looked at Sui Zimo and Lin Caisang with faint eyes.

"Let's go."

Sui Zimo didn't say anything to Yun Bai, but directly took Lin Caisang's hand, turned around and left.

Looking at their leaving figures and then at the fish tank on the table, Yun Bai secretly twitched the corner of his mouth and quickly followed them.

"Shut it, close it. Keep it tighter this time, but don't lose any more food."

"Yes, Young Master Layer."

The guards responded. This time, they would send more people to guard the warehouse. They didn't believe that the thief was so capable that he could knock out so many of them at the same time.

...

In Yun City, because the food had arrived again, the Lord of Yun City directly ordered people to distribute it to the people first, and then told everyone to ignore other things and eat the food first.

Chapter 1582 Catch it!

Although they invited a savior, what if?

What if the food is stolen again?

Regardless of whether they would have their food stolen again, they had to finish this meal first. They could no longer stand the feeling of their stomachs growling with hunger.

That taste is so unbearable!

Lin Caisang and Sui Zimo were also invited back to the city lord's mansion by City Lord Yun.

A table of wine and food has been placed. Seeing the two people coming, City Lord Yun stood up with a smile and asked them to sit down and prepare to eat.

"City Master Yun, how are you doing with the investigation of the dog-shaped cat?" Lin Caisang asked.

"this....."

City Lord Yun choked at her words, his face looked a little embarrassed, and he unconsciously raised his hand and touched his nose.

"Girl, sir, let's eat first and chat while we eat."

It's not that he doesn't want to say it, but the people in the city, whether they are guards or ordinary people, have no time to care about dog-shaped cats at this time.

No matter how good a pet is, it is not as important as your own belly.

"good."

Lin Caisang looked at him, then at the food on the table, then reluctantly nodded and sat down.

"Sonny, eat this..."

Sui Zimo didn't think too much about it, so he naturally put something to eat into his son's bowl first.

Who knew...

'boom--'

A loud noise came from far away, startling City Lord Yun to stand up from his stool.

"City Lord, this is the direction of the warehouse."

Yun Bai's expression changed and he said immediately.

While he was speaking, Lin Caisang and Sui Zimo had already arrived in the yard.

"Walk."

Sui Zimo directly took Lin Caisang with him and flew towards the warehouse.

City Lord Yun and Yun Bai naturally did not fall behind, and ran towards the warehouse with the guards.

...

In the warehouse.

When a loud noise came from inside, the guards outside opened the door and were shocked to see the scene inside.

I saw that the guards were lying on the ground in a mess like the previous times, and in the warehouse, a man and a woman were dealing with several different types of animals.

It's just that those animals seemed different from the ordinary ones. Even with the superior martial arts of the man and woman, they were able to dodge without being seriously injured.

Among them, there is a dog-shaped cat that is the most eye-catching.

It was baring its teeth and staring at the man and woman with its red eyes, as if it wanted to bite off a piece of flesh from their bodies.

With a slight leap of his body, he rushed towards the woman, his sharp claws about to hit the woman's face.

"ah!"

The guards looked at this scene with horror.

But the woman was not a vegetarian. She dodged directly to avoid the sharp claws, raised her hand and punched the dog-shaped cat in the stomach.

"Ugh."

The dog-shaped cat let out a miserable cry and wanted to continue attacking the woman.

The guards also woke up and some of them rushed in to help. Soon, the animals were at a disadvantage and many were caught.

"Catch it!"

There were guards staring at the dog-shaped cat, trying to catch it.

Who knew...

It seemed as if there was a flash of lightning in front of them, and in just a blink of an eye, the dog-shaped cat disappeared under their noses.

Sui Zimo and Lin Caisang, who had just been rushed over, looked at this scene.

"Teleport?"

Lin Caisang raised his eyes and looked at Sui Zimo.

In this virtual mission, some spells are not surprising.

Chapter 1583 That cat wants to eat me

But isn't it weird that such a profound magic was discovered in a dog-shaped cat?

"This is why so much food can disappear in the warehouse." Sui Zimo said.

"right."

Lin Caisang nodded.

No wonder, there is such a powerful dog-shaped cat.

So what else can't be stolen? Let alone food, even stealing a mountain of gold and silver is not an issue.

However, she didn't think this was just something a dog-type cat would do. Behind the dog-type cat, there must be its owner, and they had to catch this owner!

"It's a pity that it got away!"

"Can't run.

Sui Zimo replied with three words.

Since it has already appeared once, it cannot run away.

Unless that dog-shaped cat never steals Yuncheng's food again, but is this possible?

He lowered his eyes and looked at Lin Caisang.

There is one fact written in the eyes of both people, that is, there is no way that dog-shaped cat can just go back like this.

"what happened?"

City Lord Yun and Yun Bai finally arrived.

The two looked at the scattered guards in the warehouse in astonishment. City Lord Yun asked the other guards.

Yun Bai, on the other hand, entered the warehouse and took a look at the food. When he saw that the food had not been stolen, he let out a sigh of relief.

but.....

When he turned around, he saw that the fish tank on the table was completely empty. There were still two carp in it.

"hiss!"

He suddenly gasped and looked at Lin Caisang and Sui Zimo with horrified eyes.

"City Lord, we didn't know what was going on. We heard a loud noise coming from inside, so we opened the door and saw these...these two were fighting with many animals. Well, those animals were like a dog. The cat ran away and took many animals with it."

A guard came to City Lord Yun and told what happened.

"you....."

City Lord Yun set his sights on the man and woman.

Just as he was about to ask questions, he heard Lin Caisang's voice.

"Red Gold, Hong Silver, tell me what happened just now." Lin Caisang ordered the two little ones.

She had to take advantage of this quarter of an hour before he came over and quickly ask her what she wanted to know.

Otherwise, after this quarter of an hour, the two little ones in front of you will not remember anything.

"Master, that cat wants to eat me." Hong Yin said this aggrievedly.

She was swimming quite freely in the fish tank, but who knew that a claw suddenly appeared and reached into the water to fish her out!

How could she endure this?

Come right out and beat those animals to pieces!

"Master, that cat couldn't eat Hongyin, so it wanted to eat me, so I beat them!" Hongjin said after seeing Hongyin finish.

That cat was really too greedy. When he saw that he couldn't eat anything, he wanted to pick him up and eat it. He was really the most greedy and fearful cat he had ever seen.

Well.....

Although he really couldn't remember where he had seen the cat!

Lin Caisang looked at the two little ones, and his head was full of black lines.

"Did you see anyone?"

she asked.

If she hadn't known that canine cats like to eat fish, there would be no need for her to leave red gold and red silver here.

Sure enough, even animals that have been domesticated cannot resist the temptation in front of their favorite delicacies, and they were still caught red-gold and red-silver.

Chapter 1584 The two carps that were ripped into the belly!

"Master, we didn't see any trace of anyone, but... we smelled the smell of people. Different from those people, it was a smell that smelled very bad. Hong Jin glanced at the unconscious guards and faced His master replied.

"It smells bad?"

Lin Caisang frowned. The two little ones were sure that what they smelled... was human scent?

Why does human smell smell so bad?

Is it because she is ignorant? In fact, there are still very bad people in this world?

Or maybe there was something wrong with the two little ones' sense of smell?

"Why do people... stink? Brother Mo Lian?" After much deliberation, she couldn't figure it out. She could only raise her head and ask her brother Mo Lian for help.

Of course, Sui Zimo couldn't understand Hong Jin's words for a moment.

"Perhaps he fell into the gutter, or... he is a beggar who has never taken a bath in his life?" He put forward his own opinion.

Lin Caisang: "..."

Brother Melian, can you say it any more...weirdly?

The beggar is understandable, but falling into the gutter...

They have already looked around the warehouse. Where did the sewers come from?

"You guys go back."

She looked at Hong Gold and Red Silver and said.

"Yes, Master."

Red gold and red silver responded at the same time, turned into two rays of light, and returned to the fish tank.

"Ah-uh!"

Yun Bai was really frightened.

Seeing helplessly that the fish tank, which was originally empty with only one pool of water, now had two more carps, he couldn't help but swallow.

It turned out that the two people who saved their food were actually the two carp that he thought would be eaten by the dog-shaped cat! This is really...

He didn't even know what to say.

"Girl, sir, you..."

"City Lord Yun, I would like to ask you, have you offended anyone recently?" Lin Caisang interrupted Yun Bai's words and looked at City Lord Yun.

City Lord Yun: "..."

In the entire Yuncheng, who doesn't know that he, the city lord, has the best temper among all the city lords in history, and he is the kindest to the people?

How could he offend anyone? The people in Yun City only respected and loved him, so how could they hate him? This is completely impossible.

However, he didn't dare to say this casually now.

"Well... I really don't know. Thinking about it, I probably won't offend anyone."

He said to Lin Caisang in the same hesitant tone before.

It is true that he is kind to others, but sometimes, being too kind can offend others, and he still knows this.

"Girl, do you mean that this person who stole the food has a grudge against me?"

Suddenly, he figured out what Lin Caisang meant.

yes!

His eyes lit up, and he secretly hated himself for not thinking of this before.

The man who stole the grain refused to take it when he saw so much gold and silver, so he had to steal all the grain. It was obvious that he had a grudge against him!

Moreover, the man deliberately did not take away the gold and silver, just to tell him openly that the city lord was stealing the food to take revenge and satisfy his own hatred.

"But, I really can't think of anyone who I have offended."

After thinking for a long time, he couldn't remember that he had offended anyone. Is it just because he was too good to the people of Yuncheng?

"If you can't remember it, don't think about it. There will always be a chance to find out who stole the food."

Lin Caisang said without forcing City Lord Yun.

Chapter 1585 It's better to kill you

Judging from this whole day's contact, the city lord of Yun City has no airs of a city lord at all. He is very kind and gets along well with the people. (audience)

It is not that simple to find out from his mouth who he has offended.

"Let's go eat first."

...

"Didn't you steal it back?!"

A sharp sound came from the forest.

The next moment, the dog-shaped cat's head was knocked away by a dirty hand.

The dog-shaped cat was beaten and did not dare to resist. After purring, he obediently turned his head and looked at the person in front of him whose face he could not even see clearly.

"Idiot, what's the point of raising you? I might as well kill you and still have a full meal!"

The man, who was as muddy as if he had been fished out of a smelly ditch, looked angrily at the dog-shaped cat in front of him, and really felt like he was about to be pissed to death.

In the beginning, he stole the dog-shaped cat from its original owner and kept it by himself because he was attracted by its ability to move people from one place to another instantly.

It just so happened that the original owner of this dog-shaped cat was a man who beat and scolded his pets, so he was given a chance.

As long as he treats this dog-type cat a little better, it will treat him as its master and do whatever he asks.

But this time, it failed and didn't steal even a grain of food!

"What I want is to steal all the food in Yuncheng so that the people there will never have enough to eat. It's best if they all starve to death. Do you know! Do you know!!"

he growled at the canine cat.

The dog-shaped cat couldn't speak, so it could only look at the man with fearful eyes, then stretched out its front paws and touched the man's hand.

"Get away!"

The man shook off the canine cat's claws, but inadvertently, the canine cat's claws made a bloody cut on his hand.

"ah!"

He immediately screamed in pain and covered his wound with his other hand.

However, his other hand was already very dirty, so covering it directly on the wound would only make the wound more painful.

"Hi! Hoo!"

He gasped and then exhaled heavily, the anger in his heart reaching its peak.

He glared hard at the dog-shaped cat in front of him, and in the end it was Vladivostok who had nothing to do with it, because he would still need it to do things for him in the future.

Finally, he reached to the side with his big hand, grabbed another animal, twisted his hands, and broke the animal's neck. Then he took it and cleaned it, and started to light a fire and roast it.

"If you go back in half an hour, you must get all the food back to me. Do you understand?"

With scarlet eyes, he said to the dog-shaped cat.

He knew that the dog-type cat could understand what he said.

"Ugh."

Sure enough, after the dog-shaped cat meowed, it began to gather the animals in the forest again, preparing for the next raid on the Yuncheng warehouse.

...

In the city lord's mansion.

After eating and drinking, City Lord Yun called the guards.

"Back to the City Lord, many domestic pets in the city have indeed gone missing, but in this situation, all the food in the house has been stolen. Everyone feels that if the pets are lost, they just throw them away, and there is no reaction."

said the guard.

If you don't have enough to eat, how can you have time to take care of your pets? Yes or no?

"How many canine cats have been lost?" Lin Caisang asked.

"Only one dog-shaped cat is missing." The guard looked at Lin Caisang and replied.

"One?"

Lin Caisang raised his eyebrows.

"Which one is it from?" she asked.

Chapter 1586 What happened next?

"this....."

When the guard heard his words, he looked at City Lord Yun with some embarrassment.

"Look what I do, just answer whatever the girl asks you!" City Lord Yun looked at the guard angrily and said.

"yes."

The guard was scolded and quickly responded.

"City Lord, Miss, Young Master, the person who lost the dog-shaped cat is none other than the third lady of the City Lord's Mansion."

"What?!"

City Lord Yun was almost frightened by the guard's words.

"Meng'er's dog-shaped cat? Hasn't it been lost for several years? How could it be..."

He remembered that he caught a dog-shaped cat and gave it to Yun Meng'er a few years ago, but after a while, the dog-shaped cat never appeared again.

Later, he asked Yun Meng'er once, but was told that the dog-shaped cat was lost and he couldn't find it no matter how hard he looked.

He thought it was just a dog-shaped cat, no big deal, so he found another pet for Yun Meng'er to keep, and forgot about the matter.

"Well."

The guard choked at his words and didn't know what to say next.

"City Lord, in fact Miss Yunmeng's dog-shaped cat was not lost, but... Miss Yunmeng's friend Wan Linger took Miss Yunmeng's dog-shaped cat away three years ago and raised it himself."

Hearing his words, City Lord Yun couldn't help but frown.

He knew this Wan Ling'er, he was one of Yun Meng'er's many friends.

However, as a father, he still warned his daughter not to have too much contact with Wan Ling'er, because he had personally seen how Wan Ling'er treated her servants and the pets around her.

He didn't want his daughter to come into contact with such a cruel little girl.

"What happened next?"

he asked with a sullen expression.

"later?"

The guard was stunned for a moment when he was asked, and it took him a while to wake up.

"Oh, my subordinate went to Wan Ling'er's house and asked around. Ever since Wan Ling'er took Miss Yunmeng's dog-shaped cat away, she would either hit or scold her. Every time she hit the dog-shaped cat, she would be... Dissatisfaction with Miss Yunmeng.

Just two months ago, the dog-shaped cat next to Wan Ling'er disappeared, and no one has seen the dog-shaped cat since then. "

He said to the city lord.

After listening to the guard's words, City Lord Yun took a deep breath.

Sure enough, Wan Ling'er's character was definitely not good. Fortunately, his daughter didn't have much interaction with Wan Ling'er in the past few years.

Otherwise, as a father, he would really have no place to cry.

"Girl, sir, look... the dog-shaped cat I saw in the warehouse before, is it possible that it is the one Wan Ling'er raised?"

He looked at Sui Zimo and Lin Caisang and asked.

"It's hard to say."

Lin Caisang replied.

What should they say? Since they have never seen the dog-shaped cat raised by Wan Ling'er, how can they be sure?

It's not like the dog-type cat doesn't have to be caught. What if the dog-type cat is caught?

"City Master Yun, where are the most wild beasts near City Master Yun?" Sui Zimo asked.

"This... is naturally the wild forest outside the city. There are the most wild beasts there. Many people's pets in the city, not just dogs and cats, are caught there and kept by their side after being tamed."

"Yeah?"

Sui Zimo raised his hand and touched his chin.

"That's a pretty nice place, Sonny. Do you want to go and see it? Hmm?"

Chapter 1587 Someone is coming, someone is coming quickly!

"Of course I want to go.

Lin Caisang naturally nodded.

I saw not just a dog-type cat before, but also other animals.

Many of those animals don't look like domesticated animals, but rather like wild beasts in some forest.

"now?"

"It's better to catch the sun than to hit it, right now." Suizi Mo said.

If you go now, you might be able to find someone and catch him off guard. If someone reacts, you may not even have the chance to catch him.

What's more, that dog-shaped cat has magic powers.

"Are you two going to the wild forest? There are many hunters in Cloud City who go to the wild forest to catch wild beasts and tame them to sell. Why don't I send someone to find a hunter and let him lead the way for you two? "

City Lord Yun asked when he saw that they were going to the wild forest.

"No need, just let Yun Bai take us there." Suizi Mo said.

"Okay, that's fine too."

City Lord Yun thought for a moment and nodded.

It's okay to let Yun Bai take him with him. The child has been to Yelin several times before and is quite familiar with Yelin, so he won't lead people astray.

"City Master Yun, after we go to the wild, I will leave the warehouse to you." Lin Caisang said to City Master Yun.

"ah?"

City Lord Yun didn't seem to understand what she said and looked confused.

Do we still need to go to the warehouse? Those animals can be caught and run away, so they won't come back again, right?

Lin Caisang: "..."

She looked at City Lord Yun with black lines on her head.

"You don't think that those animals will never come again after they fail once, do you?"

"Well."

City Lord Yun was choked by her question.

"City Lord Yun, according to our judgment, the theft of food in Yuncheng is probably revenge." Sui Zi Mo looked at City Lord Yun with cold eyes and said.

"Since it is seeking revenge, it is impossible for the other party to fail just once and stop taking action. According to my analysis, it is very likely that the other party will become angry and will soon attack the warehouse again for the second time."

City Lord Yun: "!!!"

He jumped up from his stool as if his hair had been blown.

"Someone, come quickly!"

Shouting toward the door, he hurriedly left without even saying another word to Lin Caisang and Sui Zimo.

Lin Caisang: "..."

She turned her head silently and glanced at her brother Mo Lian.

Couldn't City Lord Yun be a little more stable? It's really speechless.

However, this is none of their business. They only need to catch the person behind the dog-shaped cat, and keep away from everything else.

...

In the wild forest.

While eating the fragrant barbecue, he finished the meat bones one after another and threw them aside to the dog-shaped cat squatting there.

Although the dog-type cat likes to eat fish, not meat and bones, it is good to have something to eat, and he happily picks up the bones and starts chewing them.

only.....

"What are you still doing here? Why don't you go get me some food?!"

How can a man make it easier for a dog-type cat?

Seeing it eating there, I suddenly lost my temper, picked up a stone next to it, and threw it at the dog-shaped cat.

"Woo!"

The dog-shaped cat didn't dare to hide, so it was hit and whimpered in pain.

Soon, a trace of blood flowed out from where it was hit by the stone. It tilted its head and licked the wound with its tongue.

"Go quickly!"

The man didn't care whether the canine cat was injured or not, he roared at it again.

In his heart, he was kind to this dog-shaped cat because he thought it was useful, but this time, it came back disappointed and couldn't even get such a small amount of food!

Chapter 1588 Go back!

How can this be done?

It seems that he was really too kind to this dog-shaped cat in the past, and he even forgot who his master was!

The dog-shaped cat had no choice but to take the animals that it had summoned before, and walked back three times. When it reached another corner, it took the animals to steal the food.

In fact, it doesn't understand. There is already so much food stored, so why does the owner want it to steal it?

...

The same wild forest.

Yun Bai, Lin Caisang and Sui Zimo, worked hard to open the branches in front of them and walked deeper step by step with difficulty.

"Girl, son, most people in the wild forest won't come here, except for the hunters who come to catch wild beasts, but they won't come often, so there are no roads here, so you two should be careful.

Yun Bai walked at the front and said to the two people behind him.

He had been to the wild forest before. This place was really a scary place. There were many wild beasts, and many of them were poisonous.

If you don't take precautions, people will suffer disaster.

Therefore, there is a reason why those hunters sell their pets at such high prices. Who makes them really risk their lives to earn that little money?

"Girl, if you want to catch a pet, not far ahead is the territory of the tail-stealing tiger. If you can catch a tail-stealing tiger..."

He thought, Lin Caisang and Sui Zimo both came from Wuzhu Tea House, so they definitely wouldn't keep ordinary pets, right? The tail-stealing tiger was just right for the two of them.

However, tail-stealing tigers are not just for catching and raising whenever they want.

"Shut up!"

Sui Zimo had a cold face and shouted at Yun Bai.

Do you think they are here to play or to catch wild animals? Do they have that much free time?

Besides, what is the use of the beasts caught here? Can they be taken outside? Of course it's impossible.

"Master Yun Bai, you'd better stop talking." Lin Caisang also said to Yun Bai.

Along the way, she listened to Yun Bai talking to her ears about things in the wild forest, talking about where to catch what kind of wild beasts, and what kind of wild beasts were the most suitable to raise.

She really wanted to say that they were not here to catch wild animals and raise them, okay?

"Girl, sir..."

"Either shut up and lead the way, or go back!" Sui Zimo interrupted him again and gave him two choices.

"Well."

Yun Bai's words were successfully interrupted by Sui Zimo.

"I won't speak, I won't speak anymore."

It's not enough if he doesn't speak. I feel that the people in Wuzhu Tea House are actually quite difficult to get along with. I obviously felt that these two people were quite easy to get along with before.

How long has it been since then? Why does it feel different?

"Brother Mo Lian, I'll ask Hong Jin to come out."

After walking for a while, the three of them stopped and prepared to rest for a while. Lin Caisang glanced at Sui Zimo and called Hongjin.

"Master, what are your orders?" Hong Jin asked.

"Go and look around to see if there is anyone besides us." Lin Caisang ordered.

"Yes, Master."

Hong Jin responded and left in a flash.

Yun Bai watched Hong Jin leave with envy on his face.

It would be great if he could have such a pet. It would not only look good, but also be able to do things for him.

The people at Wuzhu Tea House are really amazing.

"Master Yunbai, are you envious?"

Lin Caisang looked at his appearance and asked aloud.

Chapter 1589 You don't want to kill me, do you?

"Yes.

Yun Bai nodded involuntarily.

Who doesn't want a pet like that?

Even if he wasn't envious, others wouldn't believe it, right?

"Girl, your red gold and red silver are so powerful." He turned his head and looked at Lin Caisang and said.

Of course he wanted one that could be kept as a pet, could do things, and fight for her, with such great skills that he could win anyone in a fight.

It's a pity that he knows very well that his life is not that good.

"Do you want it?" Lin Caisang asked him with raised eyebrows.

"Um."

Yun Bai nodded unconsciously.

But soon, he came to his senses and shook his head quickly.

"Girl, you are joking. How can I have such a good life?" He shook his head.

Not to mention that he doesn't have such a good life, even if he does have such a good pet, it's not sure whether he can keep it!

It will definitely be snatched away!

Only people like the people in Wuzhu Teahouse can have such a good pet without being jealous and robbed by others.

Therefore, he should rest. If such a good pet really falls into his hands, it will probably shorten his life, right?

"Ah."

Lin Caisang chuckled.

She was now at a loss for words.

...

In the warehouse.

Sure enough, as Sui Zimo and Lin Caisang expected, not long after City Lord Yun arrived, they heard different sounds coming from the warehouse.

He immediately ordered someone to open the warehouse door, and sure enough, he saw many animals biting the bags of grain and preparing to drag them away.

And the dog-shaped cat was standing on the side, like a big shot giving orders.

Seeing the gate being opened, all the animals stopped and looked at City Master Yun and the guards, warning of danger.

"Py!"

Naturally, dog-type cats also discovered it.

But he didn't see the two guys who dealt with it before, and he obviously didn't take those guards seriously.

The last mission was not completed and it was beaten by its owner. This time, even if it was an open and honest robbery, it would have to move all the things in the warehouse back.

Otherwise, what greets it will definitely be a beating from its master!

Although it is just a dog-shaped cat, it is also thoughtful. If it does not want to be beaten all the time, it can only do what its owner tells it to do.

So, it whined and warned the animals.

The next moment, the animals released the sacks in their mouths and rushed towards the guards!

...

In the wild forest.

Hong Jin quickly found the man who had no clean spot on his body, and dragged him over regardless of the man's wishes.

"Let go, let me go!"

The man was still struggling. He didn't even know who he was and why he was here to catch him.

When he was dragged on the ground like a bag by Hong Jin, and dragged in front of Lin Caisang and Sui Zimo, he didn't react until he saw Yun Bai's face.

"What do you want to do? I'm just a beggar. You...you don't want to kill me, do you?"

He hugged his body and pretended to be ignorant, but in fact, his flashing eyes were looking at the three of them, weighing who among the three could let him strike first.

Only if he catches one of the three people can he be safe.

Otherwise, he would have no choice but to be captured by the people from the City Lord's Mansion, and he might even be sentenced to a serious crime.

Chapter 1590 I am so blind!

"Don't you know what we want to do?"

Lin Caisang looked at his dirty and terrifying appearance and frowned.

This person is really unbearable. How could someone be so dirty and disgusting?

When we entered the wild forest just now, we saw that there was mountain spring water here. Why couldn't we wash ourselves and make ourselves look cleaner and tidier?

"Brother Mo Lian, you are really right. This guy is really a beggar."

She looked at Sui Zimo and said.

She didn't believe Sui Zimo's speculation before, but she didn't expect that the guy in front of her really looked like a beggar fished out of a gutter!

"Take it away.

Sui Zimo glanced at Yun Bai aside and ordered.

After hearing his words, Yun Bai came back to his senses, looked at the man in front of him, and swallowed secretly.

But looking at such a dirty person, I suddenly felt that the saliva I swallowed was so disgusting that I couldn't help but want to gag.

"good."

Although I really don't want to be in close contact with such a stinky guy who doesn't pay for his life.

But this man must be brought back. From the faces of Lin Caisang and Sui Zimo, he could tell that this man should have a lot to do with the theft of food in Yuncheng these days.

Unexpectedly, the food thief was found on the first day the people from Wuzhu Teahouse arrived.

This is so great, you will never have to go hungry again!

...

The three of them took the man back, and the warehouse was already in a mess.

The dog-shaped cat seemed to be consumed by City Lord Yun and the others, refusing to leave no matter what.

Moreover, this dog-shaped cat is really not an ordinary pet. There are so many Yuncheng guards in the warehouse, but they are stunned and unable to catch him.

However, all the other animals were caught, and some were killed directly. The guards also had many wounds on their bodies, all caused by the animals.

"City Lord, this guy can really teleport instantly."

Watching the dog-shaped cat appear here and there again, the guards really had nothing to do with it.

"Go and bring Wan Ling'er to me."

There was no way to subdue the dog-shaped cat, so he could only ask the people around him to bring the woman Wan Ling'er over first.

This dog-shaped cat should be the one Wan Ling'er raised before. Even if it wasn't, we can only give it a try now.

otherwise.....

The two people from Wuzhu Tea House are not here. There are so many of them, but they can't do anything with a dog-shaped cat!

He is also very helpless!

"Yes, City Lord."

The guard responded and went immediately.

A quarter of an hour later, Wan Ling'er was directly carried and led over by the guards, and then thrown into the warehouse.

"Ah, let me go, let me go, what do you want to do, I am..."

Until she was put down, Wan Ling'er didn't know what happened, and she was still roaring and screaming.

"you shut up!"

City Lord Yun was originally in a bad mood because so many people couldn't fight against a dog-shaped cat, but when he heard Wan Ling'er's ghostly roaring voice, his head was pounding.

He shouted sharply at Wan Ling'er.

I really don't understand what little girls are thinking now. How could his daughter make friends with a woman like Wan Ling'er?

I am so blind!

"scare."

Wan Ling'er was shocked.

After coming back to his senses, he saw the people in the warehouse.
