

Star of Space 1651

Chapter 1651 Still dare... Still dare...

How could she admit it? It was definitely not possible.

Otherwise, if this matter spreads outside, people might say that her old man was killed by her and her grandson Huzi!

"Still saying no?"

Shan'er was going to be so angry that he laughed.

"Fucking tiger, do you still have a conscience? Do you know that it was because you took this red ball that there was such a hailstorm in our county, and you actually wanted to hide the red ball!

Do you want to kill everyone in our entire county to feel comfortable? "

"I....."

"What?!"

Two voices sounded at the same time.

The man who had just come behind Huzi's mother was shocked when he heard Shan'er's mother's words.

"Shan'er mother, what are you talking about? What bad thing did my tiger do again?"

"Huzi's father, your Huzi is..."

"Master, don't listen to their nonsense. Huzi has been behaving well recently. It's not like you haven't seen it. What bad things can he do?"

Before Shan'er's mother could finish her words, she heard Huzi's mother's voice. She hurriedly interrupted Shan'er's words, just to prevent her from talking nonsense in front of her husband.

"you shut up!"

Huzi's father gave a cold shout to his wife.

He felt strange that their Huzi had been such a naughty and troublesome child before.

But these days, it was extremely quiet at home. Let alone going out, even when seeing him as a father, he hurriedly hid in his room like a mouse seeing a cat.

Is this normal?

"I....."

Huzi's mother flattened her mouth after being yelled at.

"Shan'er his mother, tell me, what bad thing has my Huzi done?" Huzi's father glared at his wife again, then looked at Shan'er his mother and asked.

"Since you asked me to say it, then I will..."

"Let me tell you."

Shan'er's mother was about to speak, but was interrupted by her husband.

"Huzi's father, you really did something wrong this time."

Shan'er's father looked at Huzi's father and sighed heavily.

"I heard from my Xiaoshan'er that the day before the hailstorm in our county, he saw Huzi entering the temple, crawling into the sacred cave, taking out a red bead and playing with it..."

"What?!"

When Huzi's father heard this, he almost jumped up in shock.

"That brat actually dared to enter the temple, and he even dared... and dared..."

He didn't dare to say the following words. Is it possible for a child like him to crawl into that divine cave? He even took something out of it.

Can the things in the cave be taken out and played with at will?

"You know all these things Huzi did?"

He lowered his eyes and looked at his wife beside him. The anger hidden in his eyes felt like it would burst out soon.

"me....."

Huzi's mother suddenly felt guilty and lowered her head, not daring to say anything.

"Huzi's father, this girl was invited by us from Wuzhu Teahouse. She said that our hail this time was probably caused by something in the cave."

Shan'er's father introduced them to Lin Caisang, who was standing outside and remained silent.

Standing under the courtyard gate, they couldn't feel anything different about Lin Caisang, so they always thought that he was just an ordinary person.

It is absolutely impossible to imagine that such a little girl could be from Wuzhu Tea House.

Chapter 1652 They are jealous!

"When we come here this time, we also hope that your family can take out the red bead and ask this girl to put it back in the cave again."

"There's nothing like red beads and red balls!"

Huzi's mother raised her voice again after listening to Shan'er's father.

How could she admit it? If everyone knew that this incident was caused by her son's playfulness, his son would be beaten to death by people in the county in the future.

You know, many people were killed by hail in the county.

"Master, don't listen to their nonsense. There is no red ball at all. Our tiger is playful, but he has never taken any red ball. They made this up, they are talking nonsense.

She raised her hand and pointed at Lin Caisang, Shan'er, his parents, and the siblings.

"They just deliberately want to blame all those things on our Huzi. You can't just let them harm our Huzi, can you?"

We tigers are still young and don't understand anything yet. They want to harm our tigers like this. These people are simply evil-minded. I have never seen such a red ball.

Head of the house, you must believe me. We have been husband and wife for so many years, and there is no way I can lie to you. "

"you shut up!"

Huzi's father shouted coldly again.

Compared to his wife's two tears, he still believed in his son's urinary nature. What couldn't he do?

"Where is the red ball? Take it out quickly!"

He stretched out his hand towards his wife and asked for the red ball.

"What kind of red ball? I haven't seen it before."

Huzi still shook his head, refusing to admit that he had seen any red balls, and he would not take them out.

Take it out, her son is an indirect murderer, and people in the county will not know her son.

She wanted to protect her son no matter what. As for the others, whether they were dead or alive had nothing to do with her. What did she care about them?

"you--"

Huzi's father was really angry at this ignorant woman.

He raised his hand and wanted to slap her hard, but thinking that the two of them had been married for many years, the slap couldn't be given.

"Master, you really can't listen to them."

Huzi's mother was still there shouting injustice, looking at Lin Caisang with scarlet eyes.

"It's just such a little girl. Who knows where they found it from. The people at Wuzhu Tea House are all very powerful. How could there be a girl who looks so small?"

The head of the house, this little girl is definitely not from Wuzhu Teahouse, she must be a liar. It is they who let this little liar come to harm us Huzi!

They just can't see how good our tigers are. We are too smart. They are jealous! "

Everyone: "..."

Is the little tiger too smart?

How come they never knew this 'fact'.

Apart from doing bad things all day long, what else does this little tiger have?

"Huzi mother, what are you talking about? This girl is from Wuzhu Teahouse. No matter how bold I am, I don't dare to make fun of the people of Wuzhu Teahouse."

Shan'er's father said to Huzi's mother.

Does she think that she tells lies every day and that everyone else is telling lies?

"Who knows if she is from Wuzhu Tea House? Well, what you are saying is simply not true. I have never seen any red balls. Believe it or not!"

Chapter 1653 Brother Mo Lian, did you hit her?

After Huzi's mother gave Lin Caisang a hard look, he picked up the wooden board at his feet and put it on his head, turned around and left.

She doesn't want to keep it here any longer. She wants to go and destroy the red ball quickly. In this way, no one can find the red ball and no one will cause trouble for her tiger.

"you--"

Huzi's father watched the woman leave with a livid face. He turned around in embarrassment and looked at Lin Caisang and the others.

"I'm sorry, I must ask her to take out the red ball. How about you come in first and wait in my main room?"

"good."

Lin Caisang nodded.

Just wait. When her brother Mo Lian gets the red ball back, she can leave.

...

Huzi's mother ran back to her room angrily and closed the door with a bang.

"You wicked things, if you want to harm my little tiger, there's no way!" She leaned against the door, panting.

"If you want to get the red ball back, don't even think about it. I've destroyed the red ball now. Let's see who can come and get this broken thing back!"

With that said, she walked to a corner of the room and dug out all the things piled there.

Suddenly, the room became a mess.

After a while, a wooden board appeared on the ground. She pulled the board up with both hands, and saw a small hole underneath, and inside the hole...

Not long after she reached in, she took out a red ball and held it in her palm.

"Hmph, if you dare to harm my tiger, I will destroy you!"

Looking at the red ball in her hand, her eyes were full of pride.

Didn't they keep saying that the red ball was in her hand? Then she will destroy it now and see how others will find this broken ball in her body!

Thinking about it, she slammed the red ball to the ground, then raised her foot to step on it...

"ah!"

However, before the soles of her feet touched the red ball, there was a force from the side that kicked her out.

She fell heavily to the ground and let out a scream.

Sui Zimo knelt down, picked up the ball that was so dirty that the red color could not be seen at all, put it in his hand, and looked at it carefully.

"Is it your fault that the hail outside is your fault?"

He frowned, feeling that the guess he and Sonny made was not quite right.

This ball really doesn't look like anything special, of course, that's after it's been covered in so much dirt.

Maybe after washing it, you can see something special?

And Huzi's mother's screams successfully attracted the members of Huzi's family, Shan'er's parents, the siblings, and of course the most important one, Lin Caisang.

When the door is pushed open from the outside, people outside look in...

"Master..."

The corners of Shan'er's mother's mouth couldn't help but twitch as she looked at Huzi's mother lying on the ground and the footprints on her chest.

How hard did you have to be kicked to have such a deep footprint!

"Brother Mo Lian, did you hit her?"

Lin Caisang walked in, came to Sui Zimo, and asked him.

"Um."

Sui Zimo didn't deny it and nodded.

"She wanted to destroy the bead."

Looking at the woman lying on the ground, he spoke quietly.

If it weren't for the fact that this person was a woman, he would have simply kicked her, which would have definitely made her shed a layer of skin.

"What?!"

Chapter 1654 Blood Tang Pearl

"WTF?!"

Several voices sounded at the same time, all of them with disbelief, including the woman's husband, Huzi's father.

"You, my daughter, want to kill everyone in our county, right? You clearly have this thing in your hands, but you still don't admit it and want to destroy it! Why did I marry such a thing like you? "

Huzi's father was almost pissed off by her.

"What's wrong with me, what's wrong with me? What did I do wrong?"

Now, Huzi's mother felt that she had done nothing wrong. She endured the pain and got up from the ground, staring at her husband-in-law with scarlet eyes.

"I'm not doing this for Hu Zi, that's my son, my son, can I let anything happen to him? You all just want to harm my Hu Zi, how can I let you succeed! "

As she spoke and roared, her eyes fell on the bead in Sui Zimo's hand.

"My Huzi took that ball out of the divine cave by his own skill, so it belongs to him. Why should I give you my Huzi's things when you come to our house?"

You greedy guys are just greedy for this pearl!

You think I don't know who you are? You just think this ball looks good and it's a talking ball, so you want to take it away from my Huzi. You people..."

"Can it talk?"

Lin Caisang looked at the bead in Sui Zimo's hand in surprise.

He can actually talk, he can talk, a bead can talk.

"Brother Melian, find a place to wash it." She suggested.

"Um."

Sui Zimo nodded and went out with the beads.

After a while, several people returned to the main room, and Huzi's mother was also dragged into the main room by Huzi's father.

When Sui Zimo walked in, he saw a blood-red bead in his hand, which was still glowing slightly.

"This is....."

Lin Caisang opened his mouth and was almost speechless.

After looking sideways at the other people, she took the bead in Sui Zimo's hand into her own.

"This is the Blood Tang Pearl. You actually offer the Blood Tang Pearl like a treasure."

She was really speechless. She never thought that there would be Xue Tangzhu in such a small place.

Although there is a word "blood" in the Xue Tang Pearl, it does not suck human blood. However, the Xue Tang Pearl has its own abilities, such as... hailing.

"Hey, little girl, you actually know Ben Zhuzhu's name."

Suddenly, a small voice sounded, and everyone looked at the bead in Lin Caisang's hand in surprise.

Lin Caisang: "..."

How dare you call her a little girl?

"Believe it or not, I will throw you into the cave again! Let you stay there as long as you want!" she threatened.

I believe that this Xuetang Pearl will definitely not want to stay in a tree hole again. This threat will definitely be useful to the Xuetang Pearl.

"No, please don't."

Sure enough, when Xuetangzhu heard that he had to go back to the tree hole in the dark winter, he quickly refused.

It came out with great difficulty.

Although he was really annoyed by those little bastards, it was a wonderful thing to be able to come out of the tree hole.

"Little beauty, don't throw me into that tree hole again. Never, let's do this. As long as you don't throw me into that tree hole, I will promise you whatever you want me to do. How about it?"

it said.

Chapter 1655 I can understand it myself

"I agree to everything I say?"

Lin Caisang raised his eyebrows and looked at the Xue Tang Pearl in his hand.

"Yes, yes."

The sound is small, but it can still do everything.

"Stop the hail, now, immediately!" Lin Caisang said seriously.

"this is not OK."

Xuetangzhu refused, not wanting to stop the hail he had created.

"Why not? Or do you want to go back to the tree hole again?" Lin Caisang asked.

At this time, she was already sure that the hail that was getting bigger and bigger was caused by this Blood Tang Bead.

"You can't threaten me like this. They brought this hailstorm on their own and it's none of my business!" Lin Caisang said as the Xue Tangzhu jumped a few times in his hand.

"You... brought it on yourself?"

Lin Caisang raised his eyebrows and looked at the other people in the hall.

"Why did they provoke you? You should tell me."

"All of them are bad people, so bad that they can't be beat!" Xuetangzhu said angrily.

"Originally, this county is a place where I live. The weather is good every year, which is great. But these people are not satisfied. They throw garbage into the tree hole where I live every year. It's really bad. Every time I clean it, it lasts for a whole year..."

Lin Caisang: "..."

The people in the county clearly threw away what they thought were sacrifices, but in Xuetangzhu's eyes, they turned into garbage.

However, it's quite pitiful when you think about it. People in the county throw it away once a year, but the Xue Tangzhu is cleaned up all year round. When it was finally finished, it was discovered that the next day it was thrown away in the tree hole again. full.....

It is estimated that only Xuetangzhu himself can experience this feeling.

"It's nothing. I'm used to it. Just clean it up. Anyway, I have nothing to do on weekdays." Xuetangzhu didn't care about these things.

"But... their family, their wicked little guy, actually took it out on me!"

"What's wrong with taking it out? Didn't you just think of it?" Lin Caisang asked it back.

"I wanted to come out, but I didn't want to come out like this!"

If it wasn't just a bead, it would be so angry that it would jump to its feet.

"Xiaoya...little beauty, do you know the bad things that little thing and this vicious woman did to Ben Zhuzhu?"

"what's up?"

Lin Caisang raised his eyelids and glanced at Huzi's mother.

She didn't know she was wrong at all, just staring at her and Xue Tangzhu.

"Did they offend you? They just wanted you to play with them for a while, right?"

"That's right."

Huzi's mother finally heard a word of help for the mother and son, and she quickly agreed.

"shut up!"

Huzi's father immediately scolded her.

"Play with them, what do you know? Do you know what they are playing with?" Xuetaangzhu was so angry that he vomited blood.

"Those little bastards actually used stinking mud to smear Ben Zhuzhu's body, and even threw Ben Zhuzhu into the stinking mud. This is not bad, but they even used fire to bake it. Ben Zhuzhu, flood this Zhuzhu with water.

He even gave Ben Zhuzhu to a dog as a plaything!

Also, that woman, that woman is nothing. Everyone knows that Ben Zhuzhu can talk, and everyone knows that Ben Zhuzhu was stolen out of the tree hole by her son.

Chapter 1656 Stopped

He actually covered Ben Zhuzhu with mud and then threw it into a dark hole to prevent Ben Zhuzhu from coming out!

And that woman was really vicious. There were people who were addicted to drugs in the mud that covered Ben Zhuzhu. She just didn't want Ben Zhuzhu to talk. She didn't know how those drugs could be used by Ben Zhuzhu. what's the effect!

Humph, idiot woman! "

After saying that, he also called Huzi a motherfucker.

He's not an idiot, he actually used something used against humans to deal with a bead.

Does this work? is that useful?

"Since the medicine didn't work for me, why didn't you ask for help?" Sui Zimo asked.

"That's because Ben Zhuzhu is a tidy person. What if Ben Zhuzhu opens his mouth and the mud on his body directly pastes it into his mouth? How disgusting!"

Xue Tangzhu said.

Sui Zimo: "..."

Even after opening his mouth, he said so much, but he didn't see any movement in the bead, not even a crack.

"Then what do you want to do, continue to beat everyone in this county to death?"

He asked Xue Tangzhu.

"That's not what you said." Xue Tangzhu said again.

"Didn't I just say that the feng shui here is very good, and the hailstones are spiritual. When you see a place with good fengshui, of course you want to stay, so the hailstones are getting bigger and bigger."

Lin Caisang: "!!!"

Therefore, what fell this time was not hail at all, but the spiritual energy absorbed by the small hail!

"I don't care about this. I only know that I want this hail to stop. If it doesn't stop, I will let you go to a place more terrifying than a tree hole. This time, you will never come out again!"

She threatened Xuetaangzhu.

"Little...little beauty, you can't be like this. This hailstorm can't fall. It's the same for you. Nothing can hit you!"

Yes, no matter how big the hail is, it can't hit Lin Caisang and Sui Zimo. They still won't be hurt at all and they are still two good people.

"I count to three to stop this hailstorm, one..."

"This won't work, Ben Zhuzhu..."

"two....."

"Ben Zhuzhu is really..."

"three....."

For the third time, Lin Caisang made his voice longer.

Just when she was about to take it back, as she expected, the sound of Xue Tangzhu came from her palm.

"Okay, okay, I promise. I promise, right?"

Xuetangzhu also had no choice but to deal with Lin Caisang, so he had to deal with her first.

"The hail hasn't stopped yet, it seems..."

Before she finished speaking, she felt the surroundings became quiet because there was no sound of hail hitting the wooden boards.

"Okay, stop." Xue Tangzhu said proudly.

...

In the Golden Bead Space, Lin Caisang and Sui Zimo had already returned from Wuzhu Tea House with the Blood Tang Bead.

And she also directly handed over the Blood Tang Pearl to the Jin Zhuling. These Qiqiao Pearls were the same as the Blood Tang Pearl, and they could both be given to the Jin Zhuling to get extra Yin Virtue points.

However, the Yin Virtue value obtained by handing in the Blood Tang Bead is far greater than that obtained by handing in the Seven Aperture Bead.

Lin Caisang's moral virtue value suddenly reached twenty-six points, and his action value was also higher than before.

"Brother Mo Lian, let me take you back first."

She looked at Sui Zimo beside her and suggested.

"good."

Sui Zimo responded.

After waiting for a long time, he was not sent back to Prince Mo's Mansion by Lin Caisang.

Chapter 1657 We can't get out

Lin Caisang closed her eyes and had cold sweat on her face.

"What's wrong? Did you come out of a hurry?" Sui Zimo raised his hand and used his sleeve to wipe away the sweat on the little girl's forehead, but he couldn't wipe away the look of defeat on her face.

"Brother Mo Lian, I remember I told you that there will be changes in the Golden Pearl Space soon, right?"

She raised her head awkwardly, looked at Sui Zimo, and whispered.

"Um."

Sui Zimo responded.

"It seems that something strange has begun."

Lin Caisang opened her mouth and finally said what she needed to say.

Because just now, with her eyes open or closed, she couldn't get out of Jinzhu Space, let alone take Sui Zimo out with her.

"So?" Sui Zimo raised his eyebrows.

"So, we can't get out."

Lin Caisang's shoulders suddenly dropped and he said to Sui Zimo.

This Broken Golden Pearl Space, and Yu Jing who always likes to lie to her, aren't they not that fast? So why did they just complete a few tasks before the strange movement started?

"oh."

After hearing her words, Sui Zimo just responded lightly.

"oh?"

Lin Caisang repeated his response.

"Brother Mo Lian, aren't you in a hurry?"

"What's my hurry?"

Sui Zimo chuckled and asked her back.

"They will arrange everything in the palace." As for him, all he had to do was stay with Sonny.

He was still struggling before. Sonny said that the Jinzhu Space might not be open due to abnormal movements, so he and Sonny would not be able to see each other for more than ten days.

Who knew that he would be locked in the golden bead space together with Sonny.

This may be because God heard the true voice in his heart.

"It seems that there is really nothing to rush about." Lin Caisang said helplessly.

In fact, it's useless to be anxious. No matter how anxious they are, they can't get out at this time.

"Everything is fine, let's go take a pulse. It's just a good time to practice your kung fu. It will definitely come in handy in the future."

With that said, she took Sui Zimo, and the two of them entered the Lianxin Meridian and came to the foot of the waterfall.

"You can practice martial arts in this waterfall. The water man inside will transform into a water man of the same ability based on your own martial arts situation for you to practice. Do you want to go in and give it a try?"

she asked Sui Zimo.

"good."

Sui Zimo responded.

Lifting his feet, he walked towards the waterfall, holding his own long sword in his hand.

"Master, please let him come to the waterfall to practice."

The little colorful sparrow flew over and circled around Lin Caisang's head.

Lin Caisang raised his hand, grabbed the little Cai Que and put it in his palm.

"I told you not to fly over my head from now on! Otherwise, I won't give you merit points!" she said.

This little colorful bird didn't know what was going on, but it just liked to circle around her head. She had warned it several times, but it was of no use at all.

This time, something must be done harshly.

"All right."

Hearing the words "merit and merit", the little Cai Que can promise its master anything.

For merit points, she can change her bad habits!

"Master, if you let him practice in the waterfall, you can only increase his action points. You have none at all. You can only increase his merit points." It said to Lin Caisang.

"When he practices martial arts, can I increase his merit points?" Lin Caisang was surprised.

She thought that her brother Mo Lian's practice here would only reduce her merit points, but she didn't expect it to increase!

Chapter 1658 Can't get out for a while

What is this situation?

"yes.

The little colorful sparrow responded.

"Everything in the Golden Pearl Space belongs to the owner, and as the owner's possessions, anything you do or learn here can help the owner increase his merit points.

Including the previous owner who showed the books exchanged from the Golden Pearl Pavilion to others. After they read it, they would behave and do things according to the knowledge in the books, and you can get merit points from them.

It's just that for such merit points, you will get less. You won't get much more than if you teach people personally or treat diseases and save people yourself. "

After hearing its words, Lin Caisang raised his eyebrows again.

It seems that it is not difficult to earn this merit point, but there are a lot of things in the heart, and she will definitely need to exchange them in the future.

She must do more good deeds in the future and strive to earn more merit points to spend on herself.

...

Sui Zimo has been practicing martial arts in the waterfall for three consecutive hours.

After waiting for such a long time, Lin Caimulberry's day lilies were almost cold.

"Little Caiqiao, you're hungry, go get me some food." She ordered the little Caiqiao.

Little Caique: "..."

Why does the master always ask her to get food for the master every time he enters Lian Xinmai?

Although it can make some food, the taste, to be honest, is really not very delicious. How could the owner continue to eat it?

"Okay, Master, I'll do it right away.

Although she was unwilling to do so, the little colorful sparrow still had to do it and flew away with fluttering wings.

...

"Brother Mo Lian, are you really okay here?"

Lin Caisang asked Sui Zimo while eating the meal prepared by Xiao Caiqiao.

He pinched his fingers and calculated according to the outside time, one day and one night had passed, but in this golden bead space, there was no movement at all.

She didn't feel anything strange at all.

It made her wonder if Yu Jing had lied to her just to let her earn more points or something.

"fine."

Sui Zimo raised his eyes and gave her a comforting smile.

What can happen?

The affairs in Prince Mo's Mansion can be solved by banishing them by themselves. Even if the emperor wants to cause trouble again, it is more than enough for them to be dealt with by banishing them.

"Everything is easy for me to arrange, but you..."

He looked at Lin Caisang, wondering if her family would be worried if she suddenly disappeared.

He thought, it must be possible, right?

"Me? What can happen to me?" Lin Caisang smiled.

She was fine. Grandpa's legs were basically given to Zhong You now, and she could hardly get her hands on them.

"I'm afraid that grandpa and grandma will be anxious if you don't come home for many days." Sui Zimo said.

Hearing this, Lin Caisang lowered his head and remained silent for a moment.

But soon, she raised her head, looked at Sui Zimo seriously, and shook her head.

"It's okay. I was worried that the space would change and I would be locked in here and unable to get out, so I told grandma that there might be some things to do these days. I think she won't be too worried."

Fortunately, she had the foresight to say everything she needed to say to Grandma and the others.

Otherwise, it would be really difficult for her to be locked in the Golden Pearl Space and unable to get out for a while.

"However, there is nothing we can do about it. Who makes it impossible for us to get out?"

Chapter 1659 I have something to ask her

Yes, what can be done? No matter how much you talk and how clear you think, the two of them are now locked in the Golden Pearl Space and cannot get out.

"Um."

Sui Zimo nodded and reached out to touch her head.

"Instead of thinking about those things, it is better to take advantage of this time to strengthen your own abilities."

he said.

"Are you still going to the waterfall?" Lin Caisang was surprised.

Is her brother Mo Lian crazy?

I had just come out of the waterfall not long ago, and I still wanted to go. Do you want to settle down there and celebrate the New Year?

"Brother Mo Lian, you are really powerful. If I had your perseverance, there is nothing I can't accomplish."

She sighed.

Although when Sui Zimo was in the waterfall, she was practicing the Wind Spirit Whip technique outside, but she was not as diligent as Sui Zimo. She often had to take a break after practicing for an hour.

But she also knew that this was only temporary, because she was not familiar with the Wind Spirit Whip, and things like physical strength really depended on practice.

It's not like it can be done in a day or two.

"Then let me practice too. I'll give you the waterfall and I'll practice outside."

she said.

"good."

Sui Zimo did not deny Lin Caisang's words.

After a while, the two people who had eaten started to be busy in Lian Xinmai again.

On the branch nearby, the little Caiqiao looked at the two people trying to get up, and sighed quietly.

"Master, I really want to say, if you continue to practice like this, when will this change in the space end? Oh my god, I have never seen such a serious master of the Jinzhu Space."

With that said, it flapped its wings and went to other places.

There are two people practicing in this place. Even if it wants to squint for a while, it is impossible.

Although it is not a mortal body, it is still necessary to imitate human sleep from time to time. It cannot be like an iron man and work twelve hours a day.

Yes or no?

...

The Imperial Palace of Weiguo.

In the Imperial Study, sitting next to the Emperor is the Queen.

After being left out for several months, the Queen finally returned to the imperial study.

However, things have changed and people have changed. In the past, she loved the powerful man in front of her deeply. She regarded him as her heaven and thought of him in everything she did. But now...

To her, this man was nothing more than an object that could be used.

It doesn't matter whether she has feelings or not. She can have feelings for anyone as long as she can get her Lin'er back. Of course, she can also have no feelings for anyone.

This is her now!

"Sit down first."

The emperor asked the queen to sit down beside him, and then gave instructions to Eunuch Gui behind him.

"Xiao Guizi, Concubine Xuanlian comes to meet you in the imperial study."

"Yes, Your Majesty."

Eunuch Gui leaned down low, responded, and then retreated.

"Your Majesty, why have you summoned Concubine Lian at this time?" The Empress had an uninformed expression on her face, as if she had no idea of whether the Emperor should summon Concubine Lian.

"I have something to ask her." The emperor replied.

"Then...concubine, please retire first?"

The queen stood up and asked the emperor.

But he snorted disdainfully in his heart. If he came to find Concubine Lian, why not ask Suizi Jin who was half-dead after being poisoned.

Her best son, Concubine Lian, would always look sick, so that would be great.

Chapter 1660 That stupid woman

However, it depends on her choice. As long as she can cooperate with Sui Zimo, Sui Zijin will always look like he is neither dead nor alive, and her Lin'er will be able to come back from Suijun.

"No, just sit down."

The emperor did not let the queen leave, but ordered her to sit down first.

"I obey your orders."

After the queen responded, she sat back again.

When is she willing to leave?

She finally managed to win over the emperor's people by means of tricks. If she left at this time, wouldn't she push the emperor to Concubine Lian's side?

Only a fool would do something like this that neither hurts others nor is self-interested.

"Your Majesty, I heard that Concubine Lian always goes out of the palace these days, but what happened outside the palace? Or is there something going on in Prince Mo's palace?" She asked seemingly unintentionally.

When he heard her words, the emperor frowned, and the breath in his chest was suddenly held back.

Thinking of Sui Zimo, he always had the idea of eating people alive. This thing was simply inhuman and dared to kill his son Sui Zijin!

However, he couldn't do anything to Sui Zimo now, so who told the adults not to let him do it?

He really hates it but has no choice!

"It's okay, it's just that something happened to Jin'er. I don't know if he ate something unclean and fell ill all of a sudden.

"oh."

The Queen nodded.

"Then the emperor should send a few more imperial doctors to Prince Jin's palace to take a look, so that Concubine Lian can feel at ease and stop running outside the palace all the time."

she said.

It would be best to let the imperial doctors treat Sui Zijin to death directly, and also want the female doctors around Sui Zimo to detoxify Sui Zijin.

is it possible?

I got this news before, saying that Concubine Lian went to Prince Mo's Mansion. She felt ashamed of Concubine Lian's feelings in her own palace!

I don't know how Concubine Lian's brain grew!

Everyone was already in a state of breaking up, but they didn't say those things openly, but secretly it was already turbulent, and they still had the nerve to beg Sui Zimo.

What's more, he wanted to carry Sui Zijin to Prince Mo's Mansion to recover from his injuries.

It's no wonder that the emperor has been neglecting Concubine Lian these days, she really deserves it.

"If she wants to go, let her go."

The emperor doesn't care now, as long as she doesn't get into trouble with him, he doesn't want to worry about that stupid woman Concubine Lian.

"this....."

The Queen looked at the Emperor without hesitation.

"Queen, if you have anything to say, just say it."

The emperor looked at her frightened little white rabbit and sighed softly in his heart.

There was only the Queen in the palace. The women around him were all full of scheming. There was only the Queen, such a simple person.

When the Queen heard what he said, she pursed her lower lip and spoke uneasily.

"It's like this. In the past two days, I went to my mother's harem to pay my respects. My mother mentioned the management of the harem in front of me and told me to be more careful. This is nothing.

But the queen mother mentioned it to my concubine too many times, four times, so I sent people around me to check it out.

Only then did she discover that it was Concubine Lian. She often left the palace to go to Prince Jin's Mansion or Prince Mo's Mansion, but when she left the palace, there was no handwritten or oral edict from the emperor.

This must have been the case, which attracted the Queen Mother's attention.

I don't want Concubine Lian to leave the palace less often. After all, it is Concubine Lian's son who is sick, so I can't say anything.
