Chapter 1681 Yuezhi's Mistress

Luo Tianying: "..."

What do you want? Bullying her because she is the eldest sister in the family. Is there no elder sister who loves her?

But so what? She will love her younger brothers in the future.

"Okay, I know your sister loves you." She responded helplessly.

"Let's go, let's talk while walking. I still have something to tell you."

"Okay."

Lin Chushui nodded, and the two walked out of the yard.

"Cousin Tianying, the non-pure crystal is worth 10,000 gold. What about the pure crystal? Is it more valuable?"

He asked.

"Pure crystal?"

Luo Tianying's eyes flashed with surprise.

Could it be that her cousin still has pure crystal on him?

Impossible!

She shook her head lightly, thinking that she was crazy to have such an idea.

"Pure crystal is something that is in short supply. If there is a pure crystal in the market now, people will go crazy to grab it. At least... it must be worth tens of thousands of non-pure crystals."

She underestimated this price.

"I'll tell you a secret. My grandmother only has one pure crystal stone in her hand. She treasures it like a treasure and won't let anyone see it. The Yue clan probably has two or three of them, definitely not more." She turned sideways and said in a low voice beside Lin Chushui. Pure crystal stones are not something that these noble families can afford to play with. They are all treated as treasures. Of course, whoever has a pure gold stone will not tell others, because pure crystal stones can not only be used as currency, but also the spiritual energy on them can make people achieve twice the result with half the effort when practicing. So no one who has a pure crystal stone will be willing to give it up. "Don't even think about it. Grandmother's pure crystal stone won't even be shown to me, her precious granddaughter, let alone you." She curled her lips and said. "Of course, I'm not saying that grandma treats you badly, but the pure crystal stone is too valuable. It can be regarded as a family heirloom. You can understand, right?" "I understand." Lin Chushui said lightly. His left hand moved, and he remembered the bag that Lin Changhong had secretly stuffed into his hand before, which was given to him by his aunt.

Although he had never opened it on the way here, he knew that it contained pure crystal stone.

Fortunately, the pure crystal stone was placed in the jade book, otherwise, the spiritual energy on it would soon be discovered by the people around him in Qianhuan Continent, and he might not be able to protect it at that time.

"Cousin Tianying, I just heard what the steward said, who is the eldest lady of the Yue clan?" he asked.

"It's your second aunt...that is, your current mother." Luo Tianying replied.

"Isn't mother the mistress of the Yue clan?" Lin Chushui raised his eyebrows and asked.

"Of course not."

Luo Tianying immediately shook his head and denied his words.

"Madam Yue is still alive, how could the power of the mistress fall on the second aunt? The mistress of the Yue clan is the old lady, that is, your grandmother."

She explained.

Now, Lin Chushui understood.

The things he threw in the yard before were all bought by his grandmother, not Luo Mianyi.

Thinking of this, he couldn't help but tremble in his heart.

Wouldn't it be that he offended his grandmother because he threw all those things out?

That was not his original intention, and no one told him that the head of the Yue clan would be the old lady.

"Oh, I see."

He nodded, indicating that he understood.

Chapter 1682 Blood Sacrifice? So fast?

When he left the room just now, he saw that everything in the yard had been moved away. Thinking about it, the majestic mistress of the Yuezhi family would not take it to heart about such a trivial matter.

"Chu Shui, I have already mentioned it to my grandmother. What she means is that if you want to take back all those things belonging to your mother, she has no objection, but you must have the ability to protect all those things. good."

Luo Tianying said to him again.

In a world where people eat people, it is not easy to protect everything you own.

"Of course, grandma will not tell anyone, including grandpa, that you took those things away."

she said again.

"I understand. I'll get my mother's things back when I have time." Lin Chushui nodded.

Hearing this, Luo Tianying raised her eyebrows and glanced sideways at the cousin beside her.

Didn't Lin Chushui hear clearly what she just said?

It is very dangerous to keep so many belongings around you, but her cousin decided to keep these things around her.

But this was also her cousin's own intention, so naturally she couldn't say anything.

"By the way, cousin, there is one more thing you need to do at the dinner party later. You may not be able to get off the stage by then. Remember not to bump into anyone, understand?"

she muttered.

"What's up?"

Lin Chushui asked nonchalantly.

He has been tolerant in the Liu family for so many years. Could he still be afraid of those people?

"Later, my uncle will use his blood to sacrifice the cultivation level in your body. It depends on your talent whether you can sacrifice your cultivation level." Luo Tianying said.

In fact, her cousin was even more nervous than Lin Chushui. Whether her cultivation level could be shown off was not a good thing for Lin Chushui. It was simply unlucky.

If his cultivation level is amazing and he can become a spiritual cultivator at the age of twelve, it means that he will become the young master of the Yue family and the head of the next generation.

But it was also because his position as the young master of the Yue family made him feel like he was being roasted on a fire.

The position that many people in the Yue family coveted was occupied by a person who had just been returned to the Yue family. Especially since this person had no influence at all in the Yue family. She could do anything those people would do without using her brain. Think about it.

"What?"

Hearing her words, Lin Chushui stopped suddenly.

He looked at Luo Tianying blankly.

"Blood sacrifice? So fast?" he asked.

He hasn't prepared anything yet, so he's going to make a blood sacrifice? I wonder if it's still too late to take the medicine Sister Sang Sang gave him?

"Are you unhappy?"

Luo Tianying didn't notice anything strange about him. Even if she did, she felt that Lin Chushui was nervous.

"Don't be afraid, it's nothing. It's just a formality. It's not up to you to decide whether you have the talent for spiritual cultivation. If it doesn't work this time, there will still be blood from your deceased grandfather in a month, and it can be given to you again. Blood sacrifice."

Lin Chushui: "..."

He felt it was completely unnecessary, but no one would listen to him.

"Cousin Tianying, there won't be many blood sacrifices like this, right?" He asked shamelessly.

"There are not many times. You came back at the right time. You are twelve years old, which is the age for blood sacrifices. You can perform blood sacrifices once a month. In total, you can perform blood sacrifices seven times."

Lin Caisang: "!!!"

Chapter 1683 Have you forgotten something?

Fortunately, the medicine Sister Sang Sang gave him was enough!

"I see.

He felt that in this year, he could drink blood until he vomited.

It's really difficult to be a person on the Qianhuan Continent, it's very difficult!

...

The Yue family's dinner party, especially the dinner party to welcome the eldest son of the Yue family leader who has been living abroad for many years, is naturally attended by everyone from the Yue family.

The old mistress of the Yue family gave an order, even if someone breaks his leg outside, he must crawl back!

Moreover, the matrons of several families who had good relations with the Yuezhi clan also came, and they also brought many people from their own families, all of whom came to make friends with Lin Chushui.

Therefore, when Luo Tianying brought Lin Chushui to the front yard, it was already overcrowded.

As for Luo Mianyi, who was sitting next to Yue Chong, although she was smiling all the time, anyone with a discerning eye could see that her smile did not reach her eyes at all, and she was probably feeling uncomfortable.

"Brother Chong, Chu Shui has just come back. Is it really okay to just put up such a big array staff?"

She was holding a child in her arms and asked Yue Chong seemingly unintentionally.

"How is it bad?"

Yue Chong looked at her and asked.

Hearing this, Luo Mianyi didn't know what to say.

She couldn't say that she wasn't worth it for her two sons. Her two sons had never been so showy in the Yue family.

"There's nothing wrong with it, it's just that... I'm afraid that Chu Shui's prominence at home will be too great and make others jealous."

she said.

"Chu Shui is my eldest son, who can not be jealous?" Yue Chong said.

Thinking of what happened before, he frowned and looked at Luo Mianyi with a somewhat unkind look.

"I haven't told you yet. I have important matters to deal with in my front yard, and I asked you to arrange Chu Shui's residence. This is how you arranged it. Even the person is missing. This has made my mother see it. It's time for her to say something wrong about you. "

There was no need for his mother to send someone to advise him on this matter. The wealthy elders had already mentioned it to him in person.

It is said that many servants in the clan are secretly talking about it, saying that Yue Chong's eldest son has returned to the clan, but is not taken seriously. As a father, he did not take the child to settle in the yard himself, but let a young steward take care of him. With.

If you tell me, you will lose your identity!

"This... I'm not worried about Hao'er. He's still injured."

Luo Mianyi took out the child in her arms as an excuse. Her son was injured, so he couldn't ask her to ignore it and stay with other people's children, right?

Even if that child is her sister's, it is still inferior to her own child.

Yue Chong, on the other hand, glanced at Luo Tianhao in Luo Mianyi's arms and was even more dissatisfied when he saw that he was a seven-year-old boy still acting coquettishly in his mother's arms.

When we were in Huanglu before, Lin Changyi of the Lin family was still so old, but he was able to help the family with work.

Look at his son again...

"Just pamper him and see how much you can pamper him!"

After saying this, he ignored Luo Mianyi and her son, and looked up outside to see if his son had arrived.

...

Outside Jufeng Hall, Luo Tianying and Lin Chushui kept waiting, but no one came.

"Uncle, did you forget something?"

She ground her teeth, feeling extremely angry and said bitterly.

But his voice was still kept low, as if he was afraid that Lin Chushui next to him would hear it.

This cousin met his family for the first time. As a father, his uncle didn't come out and take Chu Shui in personally. How could he be like this?

"this....."

Chapter 1684 My grandson of the Luo family!

"Tianying?"

Just when she was about to rush into the Jufeng Palace, a familiar voice came to her ears.

"grandmother?"

When she turned her head and saw her grandmother behind her, her eyes lit up. Next to Mrs. Luo, there was Mrs. Yue, who was coming from outside.

"Tianying has met Grandmother Yue."

"Tianying, you don't have to be so polite at home." Mrs. Yue smiled at Luo Tianying.

"You are Chu Shui, right? My good boy, if I make you embarrassed, I can help Tianying take care of my Chu Shui."

"Chu Shui has seen grandma, grandma, grandma, grandma Ankang."

Lin Chushui leaned down towards them, saluted and said hello. perform

"well."

Mrs. Luo nodded with satisfaction.

"Sister, you go in first, I'm here in Chu Shui."

She looked at Madam Yue with a smile and said.

"good."

Mrs. Yue nodded, raised her hand and patted Lin Chushui on the shoulder, then went in.

"Grandma, the people in this Yue family are too..."

Luo Tianying couldn't stand it anymore, and she couldn't help but opened her mouth to say something unpleasant, but was stopped by her grandmother's glare.

"Chu Shui, you are also sad. My grandmother is here, and your grandmother. She went outside to find her. Grandma went in with you. I want to see who dares to look down on my Luo family. grandson!"

Mrs. Luo said to Lin Chushui.

Hearing this, Luo Tianying raised an eyebrow.

"Grandma, I'll go in first." As she said that, she went in first.

...

"It's Tianying, Hao'er, your sister Tianying is here. Go and say hello to sister Tianying."

Luo Mianyi had been paying attention to the entrance of the palace. When she saw Luo Tianying's figure, she immediately said to Yue Tianhao in her arms.

"Sister Tianying..."

"snort!"

Before Yue Tianhao shouted to Luo Tianying, he heard a cold snort from Luo Tianying.

The next thing she knew, Luo Tianying found a seat and sat down, completely ignoring her second aunt.

After a whole day, she finally understood who her second aunt was!

She obviously promised her eldest aunt that she would treat Chu Shui as her own, but when Chu Shui first came home, she didn't take him seriously. No wonder my grandmother has been guarding against my second aunt all these years!

"What happened to Tianying?" Yue Chong asked Luo Mianyi, somewhat confused.

"I don't know, maybe you are acting like a child?"

Luo Mianyi was a little embarrassed by her, but she still stiffened her lips and replied.

Yue Chong didn't say anything more, but as soon as Luo Tianying sat down, the girls who were familiar with her began to whisper with her.

"Tianying, Tianying, where is your eldest cousin? Why don't I see him even though the head of the Yue family is here?"

"Yes, shouldn't he have come in with the Yue family? Did the Yue family forget about him? This is impossible, didn't the Yue family just bring him back today?"

"Isn't it because he is not welcomed by the Yue Family Master?"

"You're not welcome when you get home. How will you live in the future?"

Although the voices of several people were deliberately suppressed, they were sitting close to Yue Chong, the head of the family, and Yue Chong had good ears.

After hearing their voices, his face turned pale.

He turned around and glanced at his mother who had just come in from outside and sat next to him, but she didn't even look at his son, and his expression became even worse.

Chapter 1685 He is a fool after all

"Why didn't you remind me how to let Chu Shui come here alone?"

Turning his head again, he glared at Luo Mianyi on the other side, his whole body shaking with anger.

He remembered that just now in the front yard, the guard beside him wanted to remind him something, but was interrupted by Luo Mianyi who came over with Yue Tianhao in his arms.

Then, Luo Mianyi asked him to carry Yue Tianhao to Jufeng Hall!

It's broken, it's really broken!

He actually came in with his younger son in his arms at the eldest son's recognition banquet, and completely forgot about his eldest son!

"I...I thought Brother Chong had asked his mother to accompany Chu Shui here, but I didn't expect it. Luo Mianyi pursed her lips, saying that it was an injustice.

Hearing this, Yue Chong took a deep breath, and his silver teeth were almost broken by himself.

"Old Mistress..."

The grandma behind her saw the master's appearance and wanted to remind the old lady, but was interrupted by the old lady's slightly raised hand.

Mrs. Yue glanced sideways, glanced at her son, and sneered in her heart.

She gave her son a choice. If he could stand up now, admit his mistakes, and go out to bring Lin Chushui in personally, that would be a good thing.

If not...

It was time for her to think about the future of the Yuezhi clan.

It's a pity that Yue Chong really disappointed her. He only scolded Luo Mianyi for a few words, and then sat there with peace of mind, motionless.

Because Yue Chong knew in his heart that if he stood up now and went outside to bring Lin Chushui, his son, he would be admitting that he had done something wrong in front of many outsiders.

But his Yue Chong's face was also very important. How could he throw it away just for the sake of a son?

He thought that Lin Chushui was his son, so he wouldn't blame him. He himself had legs, and he was just a child who could come in. He didn't need much face, so how could it be as important as his face?

There was no need for his father to bring him in personally.

"Why."

Madam Yue looked at her son and sighed softly.

After all, he is a fool. As a mother, she has nothing to do with him, so she can only let him go.

...

Outside the hall, Lin Chushui followed her grandmother and walked into the hall step by step.

"Grandma, Chu Shui thanks grandma for telling Chu Shui the secret." Lin Chushui walked beside Mrs. Luo and lowered her voice.

"They are all my children, and I feel sorry for them all."

Mrs. Luo didn't say anything else, she just replied calmly.

"Chu Shui, you are the eldest son and grandson of the Yue family. Your grandmother will accompany you in today, but this is only the first step. You have to walk the road ahead on your own. After all, your grandmother is an outsider and cannot help you all the time. I understand. ?"

She warned Lin Chushui.

"Chu Shui understands." Lin Chushui nodded.

How could he not understand that even if his grandmother turns to him again, she is still from the Luo family.

Moreover, he still has to step on the road himself. No matter whether it is a broad road or a ground full of thorns, he has to step on it himself before he can count.

This is what Sister Sangsang taught him.

Not long after, Lin Caisang left the Jufeng Hall accompanied by Mrs. Luo.

When everyone saw that Mrs. Luo was accompanied by a young man whom they had never seen before, many people were stunned.

And Yue Chong was shocked when he saw his son next to his mother-in-law.

Chapter 1686 Grandma is calling you

He stood up unconsciously and looked at Mrs. Luo's smiling face.

"Mother, why did you come so late?"

Luo Mian seemed not to notice anything strange about everyone. After seeing Mrs. Luo arriving, she immediately put Yue Tianhao in her arms on the ground and took his hand to come to Mrs. Luo.

"Mianyi, children are pampered, but not in this way."

Mrs. Luo glanced coldly at Yue Tianhao, who was being held by her mother, and warned her daughter.

"Besides, if this bowl of water is not held levelly, you must know that it will spill out. Don't wet your hands just because of your discomfort!"

Her voice was very low, and she spoke to her daughter in a voice that only two people could hear.

Hearing this, the smile on Luo Mianyi's lips suddenly froze.

Only then did she see Lin Chushui beside her mother, holding Yue Tianhao's hand and squeezing it even more tightly.

"ah!"

Yue Tianhao suddenly cried out in pain, attracting side glances from the people next to him.

"What's going on here?"

"Master Yuesan, are you okay?"

"mother....."

"It's okay, it's okay. This child is happy to see his brother for the first time. Yue Tianhao wanted to speak, but was interrupted by Luo Mianyi.

How could she let her son talk nonsense at this time? She had already been scolded by her mother. If she said anything else, she was afraid that her mother would alienate her.

"Chu Shui, look at my mother, she is patronizing your brother, you won't blame her, right?"

She looked at Lin Chushui and asked.

"It's okay, mother can continue to take care of my brother. Chu Shui has grown up and doesn't need to be taken care of anymore." Lin Chu Shui looked at Luo Mianyi indifferently and said.

If by this time he hasn't seen the hostility emanating from his second aunt, then he would be stupid!

It's no wonder that when they were in Yacun, although Luo Mianyi kept asking him to leave together, her mouth was honestly trying to make Sister Sangsang unhappy. She wished that Sister Sangsang would say something to stop him from talking to his parents. Back to Qianhuan Continent.

I'm afraid Luo Mianyi had this idea at the time, right?

"Uh, this..."

In all her life, Luo Mianyi had never been as embarrassed as she was at this moment.

Lin Chushui is not old at all, only twelve years old. As a mother, she failed to take good care of him, but he told her that she didn't need to take care of him. This was obviously a slap in the face of her mother, right?

"Chu Shui, you..."

"Sister Luo, hurry up and bring Chu Shui over here to sit down."

Just as Yue Chong walked towards his son and wanted to explain a few words, he heard an extremely familiar voice behind him.

His back stiffened, and cold sweat began to fall from his forehead.

"Chu Shui, your grandmother is calling you. Let's go over and sit over there. Later, grandma will introduce you to the people of Jufeng Palace in detail." Mrs. Luo seemed to have not seen her son-in-law, pulling Lin Chushui. He passed by Yue Chong and sat next to Madam Yue.

Yue Chong's hands in his sleeves tightened unconsciously.

He knew that he had done something wrong by forgetting his son, but as a son, Lin Chushui couldn't go against his father, let alone in front of so many people?

Doesn't this make him unable to step down in public?

Taking a deep breath, he turned around, ignored Luo Mianyi and Yue Tianhao, and returned to his seat.

Chapter 1687 It's your own fault!

In the entire Jufeng Hall, Luo Mianyi and her son were the most embarrassed, but what could they do? They could only go back and sit by themselves.

"Is this the eldest son of the Yuezhi clan? He really looks like a talented person and has an extraordinary bearing."

"I heard that the head of the Yue family found the man in the deserted continent. Where is the deserted continent? He can also raise the eldest son to be so energetic. This shows that the eldest son's talent must be extraordinary."

In the Jufeng Hall, people who were not from the Yue clan secretly looked at Lin Chushui and began to whisper.

Luo Mianyi's eyes were almost glued to Lin Chushui. As soon as this boy arrived in the Yue clan, he attracted so many people's attention to him.

If the blood sacrifice is successful this time, is it worth it?

No, she had to find a way to mess up this blood sacrifice. She couldn't let Lin Chushui's limelight overshadow her two sons.

"Mom, you look at me like this, but do you have anything to say to me?"

Suddenly, she heard Lin Chushui's voice ringing in her ears, and she was so shocked that she suddenly came back to her senses.

"this....."

What could she say to Lin Chushui?

"Mom, I just looked at the clothes you are wearing. They are quite nice. Wasn't the person in charge buying them for you?"

She said without anything to say.

"No."

Lin Chushui shook his head.

"The steward didn't prepare any clothes for me. He mentioned it just now... It's okay not to mention it now."

Thinking that the person in charge was prepared for him by his grandmother, he stopped saying those things that he shouldn't have said. It was only when he mentioned this piece of clothing that there was a little warmth in his eyes.

"This is what Sister Sangsang prepared for me."

he said.

Hearing this, Luo Mianyi's expression suddenly turned bad.

It's Lin Caisang again. What's so good about Lin Caisang? Lin Chushui keeps calling her mother, but when she mentions Lin Caisang, she's so happy!

She gritted her teeth and took a deep breath.

...

Soon, the banquet was coming to an end, and Lin Chushui also met a lot of people under the introduction of Mrs. Luo.

Yue Chong's face had never been so embarrassed.

He is obviously his own son, but he is allowed to be led around the Jufeng Palace by his mother-in-law. What kind of thing is this?

"Can't you be angry?"

Mrs. Yue looked at her son with a chuckle and asked in a low voice.

"Mother....."

Yue Chong took a deep breath and wanted to say something, but when Mrs. Yue said her next words, she almost threw the wine glass out of her hand in anger.

"You brought it upon yourself!"

Madam Yue said to her son.

Why did he suffer for himself? Yue Chong couldn't understand. It was obvious that his son was not close to him. Didn't he even say a word to him after he entered the palace without seeing her?

"Brother Chong, is it almost time to perform the blood sacrifice ceremony?"

Luo Mianyi reminded Yue Chong.

She believed that Lin Chushui had no talent at all, so how could she not take advantage of such a great opportunity to embarrass Lin Chushui?

"Yes, there are also blood sacrifices..."

"We'll do it after everyone has left. Are you in a hurry?" Madam Yue asked the Yue Chong couple coldly.

"Well."

Yue Chong was speechless by his mother and didn't know what to say or what to do.

He is anxious, does he dare to be anxious, is he anxious to let others know that his son has no talent for spiritual cultivation? It's better to wait until everyone is gone before starting the blood sacrifice ceremony.

"Mother is right, if you wait a little longer, it will be too late."

...

Chapter 1688 Why didn't you tell me earlier!

In the golden bead space.

"It's been twelve days."

Lin Caisang counted the days with one finger after another.

She and Sui Zimo have been locked up in the Golden Pearl Space for twelve days, twelve days, not twelve hours.

"Yu Jing said that space changes may last for ten and a half months, but I really didn't expect that it has been twelve days and I still can't go out. Brother Mo Lian, is there really nothing going on over there?"

"fine."

Sui Zimo only replied to her with two words.

He can't say that he actually enjoys the two-person world with his son in the Golden Pearl Space, right?

Of course, it was also because they were in the Jinzhu Space. How could he know what happened outside? But what did it have to do with him if something happened outside!

"It's okay.

Lin Caisang nodded again. She had nodded countless times.

"I asked Yujing again, but I still couldn't explain the reason, and I didn't know what the situation was."

"It's actually good to be in Lianxinmai." Sui Zimo said.

He has always been in the Lianxin Meridian and has never gone out, because according to Sonner, every time he enters the Lianxin Meridian, he needs merit points.

Naturally, it would be better to go out less often.

"All right.

Lin Caisang nodded again.

Although it is boring, being with Sui Zimo is at least not boring, and you can also go to the ranch space and talk to Sui Ziyu for a while, which is quite nice and leisurely.

"Then you want to go to the waterfall?" she asked.

"go....."

"What? You still want to practice!" Xiao Caiqiao had just brought the food to the two of them. When she heard the conversation between the two, she was so frightened that she almost dropped the big basket in her hand.

"Can't you?"

Lin Caisang looked at its weird appearance and asked it.

"If it were normal, it would be fine. You can do whatever you want, but now it's not a special situation. It's different." Little Caique put the basket away and watched Lin Caisang take out the food inside.

"You don't know that a large part of the reason for the so-called abnormal movement of the golden beads is caused by the treasures in the Lianxin Meridian."

"Does that have anything to do with our practice?"

Sui Zimo asked it.

"It's not directly related." Little Caique thought for a while and said.

"But your practice can increase merit points, gratitude points, and action points. These are crucial to the space changes of the Golden Pearl. If these things continue to increase during the space changes, the time of the space changes will naturally also be It's getting longer and longer...ah!"

Before he finished speaking, Lin Caisang, who was either excited or angry, slapped him in the face, and the bird's body flew out.

"Why didn't you tell me earlier!"

"Master, you didn't even ask me."

The little colorful sparrow replied innocently and flew back with fluttering wings.

"You... are wrong."

Lin Caisang shook his head, then shook his head again.

"Didn't you say that Brother Melian's action value would not increase if he practiced at the waterfall?"

There are only so many action points in total, so even if the other points keep rising, it's useless, right?

"But you are also practicing."

What little Caique said was so innocent.

"I didn't practice at the waterfall. Don't tell me. It doesn't matter where I practice. As long as I'm in the heart channel, I can get action points." Lin Caisang asked.

Chapter 1689 It should be okay, right?

"It seems like this is the case.

Little Caique made sure that she was far away from her master and had a certain safe distance before speaking.

"you--"

Lin Caisang was so angry that it all showed on his face.

"That's not what Yu Jing said before!"

When she lost her memory, Yu Jing made it clear before that she would get action points if she practiced in the waterfall!

But it seems that Yu Jing never said that she can't get action points if she practices kung fu elsewhere, and she has been lazy before and really hasn't practiced kung fu that seriously.

Could it be that I misunderstood?

"Master, actually, I just found out about it. I didn't know about it before." Little Cai Que said in a hesitant voice.

"Moreover, the action value is particularly important for the change in the Golden Pearl Space. As long as the action value is enough, after the change in the Golden Pearl Space, not to mention getting those treasures, even the space level is possible. How great. ah."

Thinking about it this way, it seems that the master can practice more to make the abnormal movements last longer.

Lin Caisang: "..."

If she had arranged everything outside, she wouldn't have any objection to this space being moved for as long as it wanted.

But the key point is that now she and Brother Mo Lian are locked up in the Jinzhu Space, and outside... who knows what is happening outside? Those people in Weiguo are all cannibals who eat people without spitting out their bones, okay?

"Hiss...hoo!"

Lin Caisang took a breath and exhaled heavily.

"Sang'er, the changes in Jinzhu Space are hard-won. Don't think about the outside things for now. Think about it, if you can upgrade Jinzhu Space just by being locked in for a few more days, that's a good deal, isn't it? "

Sui Zimo didn't care about the outside world and comforted her.

"But....."

"There are no buts. As soon as it comes, I'll make peace with it." Sui Zimo didn't give her a chance to finish her words.

"Well, let's wait any longer... But it's not right. The moral value is only so small, where does it come from..."

"Master, you forgot. If you turn in the Blood Tangzhu, you will get twenty points of moral virtue." Little Caique reminded her.

In total, there are twenty-five points of Yin Virtue, which is enough to deal with the changes in the Jinzhu space.

"Then how many days will this space movement last?" Lin Caisang asked it.

Little Caique: "..."

It wants to add a sentence, but how does it know?

But when I think about the moment when the owner patted its body, I still dare not say anything.

"Maybe, it will take half a month."

It guessed that because of the abnormal movement in the Jinzhu space, it would only last for half a month at most, and there were still three days left, so that should be enough, right?

Hearing this, Lin Caisang took a deep breath.

Three days, then she can still wait. I hope she can go out in three days.

...

The Lin family in Yacun.

Lin Laogong was worried because he hadn't seen his granddaughter for more than ten days.

But because Lu Qiubo persuaded him, saying that his granddaughter had told her before that she might have to do something important, his worried heart finally calmed down a little.

but.....

On this day, two people came back from home.

"Yuyang, Changfeng, why are you back?"

Lu Qiubo was simply shocked when he saw the two people walking in from outside the hospital.

"Mom, has Alin given birth?" The eldest princess looked at Lu Qiubo and asked.

These ten months have passed long ago. She must have given birth, right? No one was seen, probably in the room.

"Okay, okay, the two boys are really strong." Lu Qiubo replied with a smile.

Chapter 1690 News of Sui Zimo's 'disappearance'

"real?"

Lin Changfeng's eyes sparkled when he heard this.

"I gonna go see."

With that said, he was about to go to his parents' room, but Lu Qiubo grabbed his arm.

"What are you going to do? You are so tired all the way back. Go and rest first. Grandma will cook for you later."

Turning her head, she looked at the eldest princess.

"Yu Yang, you should go and rest first. Chang Hong went to the mountains and he doesn't know when he will come back. Sang Sang hasn't been seen for more than ten days. He probably went to find Mo Lian."

she said.

"Sang Sang? Has she come back?" Liu Yuyang's eyes flashed and he asked. perform

She thought that the letter she received in Jian'an City came from Shaohua City, but she didn't expect that it actually came from Ye County.

It's just that Shaohua City is so far away from Ye County. Has Sangsang been traveling all the way these past few months?

"Yes, she was at home a few days ago. She was treating her grandpa's leg. Maybe he went to the mountains to collect medicine." Lu Qiubo nodded in agreement.

"Then I'll go to the mountain and have a look."

Lin Changfeng said without thinking.

"What are you looking for? Go back to your room. Sangsang is accompanied by Mo Lian." Lu Qiubo glared at his grandson.

Lin Changfeng lowered his head, touched the tip of his nose, and thought to himself, isn't he worried about Sangsang? What would he do if he was alone in the mountains?

...

In the palace of Shaohua City.

Ever since Concubine Lian was banished to the cold palace, there has been no news, and the emperor has been checking the whereabouts of the things that were stolen out of the palace and sold by Nanny Chen.

But after Nanny Chen hanged herself that day, it didn't take long for the shop where Nanny Chen often went to sell goods to close, and the owner didn't know where he had gone.

When the guards came to the door, the store was already empty.

The emperor was so angry that he almost fell ill, but he still ordered people to continue investigating, although they couldn't find out the reason at all.

"Every one of these dirty things in the palace should be killed!"

Unable to find out where those things went, he could only curse in the imperial study room.

"Your Majesty, Prince Yi is asking for an audience outside the imperial study."

Eunuch Gui came in and said to the emperor.

"King Yi?"

There was a hint of gloom and disdain in the emperor's eyes, and then he snorted coldly.

"What has He come to do? Announce Him to come in."

He wanted to see what this Prince Yi wanted to do. If he didn't go to trouble Prince Yi's house, this Prince Yi would dare to come!

"According to the order."

Eunuch Gui received the order and immediately went outside to see Prince Xuan Yi.

Soon, Prince Yi walked in, saluted and greeted the emperor, and then stood respectfully below.

"King Yi came into the palace today. What do you mean?" The emperor asked directly when he saw that he was silent.

"Your Majesty, I heard that Prince Mo has not been in the palace recently. He may have traveled far away." Prince Yi said to the Emperor straightforwardly.

"so what?"

The emperor asked him back if he didn't think the news of Sui Zimo's 'disappearance' was good news for him.

After all, what he needs is a living Sui Zimo by his side, instead of not being able to touch or see Sui Zimo's figure anywhere!

Moreover, now that Sui Zimo is not here, not even the girl Zhong is here. He wants to find them, but he doesn't know how to find them!

"Wu'er is still in Prince Mo's Mansion. I just want to see if the emperor can send someone to rescue Wu'er?" Prince Yi said bluntly to the emperor.
