

## Star of Space 171

Chapter 171 He was just dismissed as a scholar

"you--"

Liu Baixiao was so angry at Lin Caisang's appearance that he opened his mouth to curse, but he remembered what he was doing and stopped in time.

"Father, mother, look at this..."

"My family is poor and not as rich as the Liu family. We really can't help with this." Lin Laogan glanced at Lu Qiubo, and with her nod, he spoke to Liu Baixiao calmly.

When something happens, he will come to your door. Where is he when nothing happens?

It would be better not to have such a son!

"I know my family is poor. Isn't this... Rumei asked me to bring fifty taels of silver to honor you two elders? Here is the money. Liu Baixiao quickly took out the money bag from his arms and handed it to Lin Laogan. before.

This action made everyone in the main room look at each other.

The sun is really out in the west. Liu Rumei will give them money and flowers, and at this juncture?

"Second uncle, is this money really for grandpa and grandma?" Lin Caihe, on the other hand, did not sense Liu Baixiao's ill intentions at all. When he saw the heavy silver bag, his eyes lit up.

Fifty taels of silver, how much food can we buy?

"Grandma, grandma, you..."

"Shut up!"

Lu Qiubo glared at Lin Caihe and stared back at her unfinished words.

What kind of money? Is it so easy for her to earn money? Especially the money in the hands of the Liu family!

"Liu Baixiao, just tell me what your purpose is. Don't talk about money. Although our Lin family is poor, we won't starve to death." Lin Laogeng said, without even looking at the money bag in Liu Baixiao's hand. One glance.

If he wants money, he has sons, grandchildren, and everyone can earn some money for him to spend.

"Don't, Dad, Mom, you have to keep this money. I don't... I have no choice but to come to you." Liu Baixiao saw that they looked down on fifty taels of silver, and thought about playing the family card.

"No matter how you say it, Qingshui is the eldest grandson of the Lin family. Now that this matter has arisen, as Qingshui's grandparents, you can't just ignore death. It's not a big deal, just let Changfeng take care of this matter. It's just a matter of taking it upon yourself.

He is a scholar. Even if he really kills someone, the worst he can do is to be removed from his reputation as a scholar. It won't be a big deal. But Qingshui is different. If he is caught in prison, he may be imprisoned. Beheaded.

Dad, Mom, Qingshui is your grandson, you have to save him, I also brought the money, you guys have a look, do you want to ask Changfeng to come and make a calculation, I will take him back to the Liu family..."

Liu Baixiao continued to talk, but everyone in the hall was completely shocked by his words.

"What the hell? Are you asking Brother Changfeng to take the blame for Liu Qingshui?" Lin Caisang was the first to react and immediately started to slap the case with such force that he almost broke the table.

"Liu Baixiao, who do you think you are? The eldest grandson of the Lin family is Lin Changfeng, not Liu Qingshui. You can even think of such an idea. Are you still not a human being?"

She was really going crazy. She never imagined that Liu Baixiao would come up with such a ridiculous idea.

Let Lin Changfeng take the blame for Liu Qingshui?

Lin Changfeng is such a filial child at home. He studies well and does not forget to cook three meals a day for the family. Clothes will be rushed to be washed.
