Chapter 1741 Be patient

When the guards heard her words, they dismounted without thinking and rushed towards Banjue and Uncle Asan with their knives.

"I've never seen someone so eager to die!"

Ban Jue sneered and drew his sword directly. Think about it, how long has it been since he had a good fight?

You can't even remember it?

Just in time, these individuals allowed him to stretch his muscles.

When the two parties started fighting, Uncle Asan, who was already very nervous and thought he could help Ban Jue, realized that he had no use at all.

By banishing just one person, the guards around Su Meihua could be defeated.

Moreover, banishing and beating people are fast and accurate. They will not kill people directly, but knock people on the back, knocking them out quickly and accurately.

In the blink of an eye, all those guards fell to the ground, leaving only the two maids who were still on the horse with fear on their faces. Plum blossoms that fell down.

"You...who are you?!"

Su Meihua fell off the horse and rolled around on the ground before barely regaining her balance.

After seeing Ban Jue's skills, how could she feel calm in her heart?

She originally thought that she would be able to take down a few of them if she brought so many guards, but unexpectedly, with just one person, none of the guards she brought was beaten to the point of being knocked unconscious.

This was a battle she had never seen before, and she never even imagined that she would be in such an embarrassing situation.

"So much nonsense."

After banishing the guards, he glanced at Su Meihua with contempt.

The next moment, he dodged directly behind Su Meihua, raised his hand and knocked the person unconscious.

When the two maids saw this, they were about to escape on their horses, but how could they escape? They were knocked unconscious and taken away directly!

...

When Su Meihua woke up again, she was already tied up in a rather small room.

There was a rag stuffed in her mouth, preventing her from calling for help.

Tears fell down in a swishing manner.

I felt very regretful in my heart, why did I provoke those people?

Those few people are not ordinary people at first glance. They must have a purpose in coming to Lianhua County. If she stays away from them, will she not bring disaster to herself?

Chapter 1742 Starved to death and exhausted

"Do you know someone named Lin Baizhong?"

Lin Caisang ignored their words and asked directly.

When they heard the words 'Lin Baizhong', the two maids were startled at the same time, but soon they pretended not to know anything and shook their heads.

"What Lin Baizhong, we don't know anything."

A maid shook her head and denied that she had ever seen Lin Baizhong.

"What is Lin Baizhong? Is it a personal name? We have not heard of it, never heard of it."

The other maid also shook her head, but her words seemed a bit too obvious.

"Never heard of it? That's great.

Lin Caisang's red lips curled up slightly, and she took out a box from her small satchel and stretched out her hand to deliver it to the two of them.

"Do you know what this is? You must have seen it from your lady before, right?"

When they saw the small box, fear appeared in their eyes.

How could they not have seen this box before? When they were in the drug store, didn't the woman in front of them use such a box to deceive their young lady?

In the end, the lady's face was swollen into a hill!

How could they not know what this thing is? !

"You...what are you going to do? Don't mess around. I...we won't..."

Before the word 'said' was uttered, they heard Lin Caisang's voice.

"Exiled Jue, open the box. From now on, I will ask a question and they will answer a question. If any of them is slow to answer, wipe it on their face. Of course, if anyone dares to tell a lie, I have a lot of medicine here. Very well, let them both soak in the medicine when the time comes!"

As she spoke, her eyes slowly swept over the two maids.

"Oh, I forgot to introduce it to you. This medicine is not considered poison, but it is very painful when applied to people's bodies. How painful can it be?

It just makes you have the urge to peel off the skin on your body, and it lasts for a long time and can make you feel pain for seven days.

During these seven days, you will be in so much pain that you will be unable to sleep or eat, and you will be starved to death and exhausted.

How about this girl? Is this medicine good? "

She raised her eyebrows at the two maids and asked them.

"Of course, before I get what I want to hear from you, I will definitely not let you die so easily. I still have an antidote here.

Don't worry, after you have been in pain for three days, I will let you take the antidote, rest for a day, eat and drink enough, and then give you this medicine.

So, are you very interested in this medicine now? "

"you you....."

How could the two maids withstand such a threat? Their faces were as pale as white paper and they couldn't say a word.

"Exiled, you look at them, and whoever answers unfavorably will apply a spoonful of it."

"yes."

Ban Jue responded, his eyes fixed on the two maids.

"Now, I'm going to start asking questions."

Lin Caisang's eyes swept back and forth over the two maids.

"Do you know a man named Lin Baizhong?" she asked.

"I know, I know, I know."

A maid was afraid that her body would be smeared with that kind of medicine, so she answered directly.

The next moment, another maid was slapped with ointment on her face, causing that maid to take a breath of cold air. The maid who answered Lin Caisang's words also looked at her in fear. companion.

Chapter 1743 Cut off your tongue!

It was so dangerous, if I hadn't answered quickly, the medicine would have been applied to her body.

"Don't worry, don't be afraid. The effect of this medicine won't take effect so quickly. When I finish asking, I believe the person who doesn't answer my questions will be punished." Lin Caisang looked at the maid who had been wiped.

She opened her mouth just now, but in the end she was still loyal to Su Meihua, so she finally closed her mouth, allowing another maid to get the upper hand.

"Lin Baizhong, what is your relationship with your young lady Su Meihua?"

she asked again.

"They have nothing to do with each other. It's just that my young lady has taken a liking to Lin Baizhong and wants to take him into the general's palace as a personal guard, but he is unwilling to do so."

The maid who had the upper hand the first time spoke immediately, without giving the other maid any chance to speak. Naturally, another maid's face was slapped with ointment.

"Where is he now? Where has he gone?"

Lin Caisang's eyes sharpened and he asked again.

"he....."

"Shut up!"

The maid was about to reply when she was interrupted by another maid.

"Chunfen, do you really want to die? Do you know what happens to those who betray the young lady?"

"I....."

Chunfen opened her mouth.

Of course she didn't want to die, otherwise she wouldn't have answered the woman in front of her.

"Don't you know what kind of temper Miss is? If she knows that you betrayed her, she will definitely..."

'Snapped!'

Before the maid could finish her words, she was dismissed and slapped with a big mouth.

"If you talk nonsense here again, I'll cut your tongue out!"

"Relegation, let her speak."

Lin Caisang raised his hand, indicating that there was no need to argue with a maid.

What's more, these two people fell into their hands, and it was only a matter of time before they told the truth. Of course, she didn't care if she tortured these people who had hurt her father before for a few more days!

"You keep talking, keep talking, I want to see how I, the young lady who is tied up in another room and whose life or death is in my hands, can make you die! Huh? "

She spoke quietly to the two of them.

"hiss!"

Chunfen gasped when she heard her words.

Yes, why did she forget that they were arrested, and the young lady who was knocked unconscious before them must have also been arrested.

"Who are you? Do you know who the young lady is? She is the eldest lady of the Lianhua County Guard General's Mansion. If you offend her, you will not be able to survive in the Liang Kingdom!

Have you thought clearly about the consequences of this? "

The other maid glared at Lin Caisang fiercely and threatened.

Then, she set her sights on Sui Zimo aside and placed all her hopes on him.

"Sir, my young lady is kind-hearted. If she likes you, that's your blessing. If you haven't received this blessing from the sky, what are you waiting for?

If you can make my young lady happy in the future, in this Lianhua County, it's not all up to you to do whatever you want.

You must not listen to this woman's coaxing and do anything that is sorry for my young lady. You will make my young lady sad. "

Lin Caisang: "!!!"

I have seen people who are shameless, skinless and brainless. I have never seen such a shameless, skinless and brainless person.

Did she really regard her brother Mo Lian as Su Meihua's guest?

Don't make her young lady sad. Who does she think Su Meihua is, that she can be favored by her brother Mo Lian?

Chapter 1744: Take a dip in this girl's medicine!

Such a vicious woman!

"Ah.

Sui Zimo smiled lightly.

"I really don't know what kind of woman can make me lower my body and coax..."

After his words became longer, he paused, suddenly looked sideways in Lin Caisang's direction, and quickly changed his words.

"Sang'er is the one who is at the forefront of my heart. When I make Son'er happy, I will be happy. Son'er, please don't misunderstand what I mean. What I mean is, No other woman can fall into my eyes except you."

I almost knocked over a boat of people with one stroke, but luckily I thought of it in time and took remedial measures.

"puff.

Lin Caisang couldn't help laughing.

Her brother Mo Lian can really say anything in front of her.

"Be serious, I'm asking a question."

He was interrogating people normally, but why did he turn into a trick?

She couldn't stand her brother Mo Lian anymore. Didn't she see these two maids, their eyes widened, looking like they were in disbelief?

She glanced sideways at the two maids.

The two maids were not frightened by the relationship between Sui Zimo and Lin Caisang, but were completely frightened by Sui Zimo's "I am the king".

In the Liang Kingdom, how many people can call themselves kings?

Could it be that these people are from Jian'an City? So why did they look for Lin Baizhong?

But the lady had checked before and found that Lin Baizhong was not from Jian'an City, but from Ye County, and had nothing to do with Jian'an City.

"Who are you... exactly?"

You're not lying to them, are you? What they say about me being the King or not being the King is not allowed no matter what they say.

They are just two maids, and they have never met any serious prince, so naturally they don't know him, so they can make up whatever they want.

"Stop talking nonsense and answer the questions!"

Lin Caisang really didn't have time to play riddles with them, and kept wondering who they were.

"Where is Lin Baizhong, where did Su Meihua take him?"

she asked sharply.

"I....."

Chunfen opened her mouth, but thinking of her young lady's viciousness, she didn't dare to speak nonsense.

"If you don't say anything, that's fine. Exile Jue, go and prepare a wooden barrel. If the two of you don't say anything, just put her in it and soak in the medicine that this girl specially prepared for them!

Naturally, if two people don't say anything, just two people can use it together. "

She ordered to Ban Jue.

"good."

After he was dismissed, he went out and actually went to prepare the big wooden barrel.

The two maids couldn't help but swallowed as they looked at Exiled Jue's leaving figure.

"You guys just take your time and think about it here first, whether you want to say it or not. Think about it, when the other side is ready, the medicine on your face will have taken effect. By the way, let me make it clear to you, is it the evil Su Meihua? Well, this girl is even better!"

With that said, Lin Caisang raised his feet and prepared to go out.

She also had to take a rest, it was really tiring to be on the road all the time.

"Oh, right."

Suddenly, as if she thought of something, she turned around and looked at Chunfen.

"I actually forgot about you."

While she was talking, she took out a box of ointment from her small satchel, opened it, and applied a few dabs on Chunfen's face.

"ah!"

Chunfen was so frightened that she screamed and looked at Lin Caisang in horror.

Chapter 1745 You are so vicious!

"I've...already said it, how could you...how could you not keep your words?"

She had already admitted that she had met Lin Baizhong, so why was she still being put on this ointment? Why?

This woman is so vicious. She clearly said that whoever answers first will not be put on the ointment. So what is on her face now?

"You said it, but unfortunately, I still don't know where Lin Baizhong is. Besides, you have already planned to shut your mouth and stop talking, right?"

Lin Caisang's evil eyes raised and looked at Chunfen.

"You and I....."

Chunfen opened her mouth and couldn't say a word.

She didn't want to say it because she was afraid that her young lady would kill her. She couldn't betray her young lady anymore.

"Since you don't want to say anything, why should I spare you?" Lin Caisang asked her.

"Besides, I have to let you feel the power of this ointment first. Otherwise, if I throw you into the barrel later, you won't be afraid, right?"

Lin Caisang will not be merciful at all when dealing with these people.

These two maids must have been following Su Meihua for so long, and they must have had a lot of blood on their hands, right? It can't be completely clear.

If that's the case, why should she be kind to these two people? Of course it's impossible.

"You...you are so vicious!" Chunfen's eyes were filled with tears as she weakly accused Lin Caisang.

"laugh.

Lin Caisang sneered.

"It sounds like you are so kind. You have killed many people with a woman like Su Meihua, right?"

Upon hearing her words, Chunfen and the other maid's pupils shrank at the same time.

"go there."

Sui Zimo didn't want to spend any more time with these two maids, so he directly took Lin Caisang's hand and walked out.

The next moment, there was a 'bang' and the door was shut tightly.

...

"Ohh Ohh ohh."

"Open the door, let's go in and take a look."

"Yes, miss."

After hearing Lin Caisang's words, Uncle Asan immediately opened the door and welcomed the person in.

"Pfft! Ha!"

When Lin Caisang walked in and saw the hanging Su Meihua, he immediately laughed.

He raised his head and looked up along Su Meihua's hanging hands and feet, and saw the beams. Two ropes hung from the top, hanging Su Meihua's hands and feet respectively.

Chapter 1746 How dare you not do it!

"Uncle Asan, where did you learn this method of tying people up? It's so awesome.

She raised her thumb towards Uncle Asan, who walked in with them.

In this hanging method, the tied person's back is still leaning on the ground, but his hands and feet are hanging in the air. If you want to untie the rope on your feet with your hands, or use something to cut the rope, that is impossible.

"In the past, the army used it to tie up spies. Hanging them like this and stuffing their mouths with a cloth would make it impossible for people to commit suicide even if they wanted to." Uncle Asan replied.

"Well, this is a good idea."

Lin Caisang nodded, feeling very good.

She raised her feet, walked over slowly, reached out and pulled off the cloth gagged on Su Meihua's mouth.

"Ah, you bitch, let me go!"

As soon as her mouth was free, Su Meihua screamed and cursed at Lin Caisang.

"Do you know who I am? I am the eldest lady of the Lianhua County Guards' Mansion. I am the most noble person in the entire Lianhua County. If you dare to treat me like this, I will never let you go. Let me go and let me Kill you!"

Lin Caisang: "..."

Is she sick? Let this crazy woman go and let her kill him?

If she really did this, wouldn't it make other people laugh out loud?

It's amazing that someone could say this.

"Do you know someone named Lin Baizhong?"

She ignored Su Meihua's howling and screaming and asked coldly.

As soon as she finished speaking, Su Meihua lost her voice, and her eyes were fixed on Lin Caisang.

"Who are you and how do you know Lin Baizhong?"

Didn't her father tell her that all traces of Lin Baizhong had been wiped out?

Then why can this woman be traced to Lianhua County, and why is it traced to her head? Does that mean that the things she did in the past were known to the woman in front of her?

"It seems that if you don't deny it, you know Lin Baizhong?" Lin Caisang looked at her and continued to ask.

"laugh!"

Su Meihua sneered.

"Lin Baizhong, that bitch, is very old. I am able to like him and be willing to take him as a loyal dog by my side. That is a blessing that he will never be able to cultivate in several lifetimes. He actually dares not to do so!

Who is he? I have the final say in this Lianhua County, but he dares to say no in front of this young lady!  
"

She kept saying mean words one after another, and kept looking at Lin Caisang with disdain.

"Oh, I see, you are the daughter of that bitch Lin Baizhong, right?

I have always heard that bitch say that he has a precious daughter who is like a star in the sky. It turns out that it is you, the bitch born by the bitch is equally bitchy! "

"Shut up!"

Uncle Asan couldn't stand hearing it anymore, so he stepped forward and kicked Su Meihua into a gasp.

"Well!"

Su Meihua was in pain and gritted her teeth tightly.

"Don't be complacent. It won't matter if you catch me. As long as I don't say anything, you will never see that bitch Lin Baizhong again, haha."

With scarlet eyes, she looked at Lin Caisang proudly.

"That bitch actually dares to look down on me, and even dares to call me slutty! Well, I will let him know what true sluttiness is, haha."

Hearing this, Lin Caisang frowned displeased.

"Where is my dad?" she asked.

Chapter 1747 What is your relationship?

"Of course I know where that bitch is, and I'm the only one who knows it. No one else knows." Su Meihua chuckled like a lunatic.

"Do you want to know? What a pity, I won't tell you!

Haha, that bitch must be suffering somewhere now, being beaten with whips, slashed with swords, scalded by fire, and flooded! No matter how painful it is, I will let him suffer it.

How about it? Doesn't it sound satisfying? "

"you--"

Lin Caisang was furious. This woman was really a madman, so crazy that it was unimaginable.

"Do you believe me or not..."

"Sonny, don't worry.

Sui Zimo stepped forward and took Lin Caisang into his arms.

He knew that his son was anxious because it was her father who was missing after all, the father who had loved her since childhood and doted on her to the heavens.

The woman in front of her now clearly knew where Lin Baizhong was, but she refused to say anything.

Sonny, can he not be anxious or angry?

In particular, they could all see that Su Meihua was like a madman. As long as she believed in something, she would never say it out loud. She must still have revenge in her heart, let alone tell them about Lin Baizhong. 's whereabouts.

"Don't worry, we will find out. Even without this woman, we will definitely be able to find out the whereabouts of my uncle.

After hearing Sui Zimo's words, Lin Caisang took a deep breath and gradually calmed down.

Just now, she was anxious.

"I'm fine, I just got a little angry."

This woman is really capable, and every word she speaks touches the soft spot in her heart.

"It's okay. I'll look for it with you. I'll definitely find it." Sui Zimo continued to comfort her.

He held her cheek with one hand and placed a gentle kiss on her forehead.

"You guys, what's your relationship?"

Seeing Sui Zimo and Lin Caisang so close, Su Meihua went crazy and asked sharply.

Before, she thought these two were just brothers and sisters, and they didn't look like husband and wife. How come now... they are still hugging each other, and... this man even kissed her on the forehead!

What does it mean?

"Sir, I like you so much that I am even willing to divorce my current husband-in-law for you. How could you betray me and get together with this bitch! Are you worthy of me for doing this? Ah!"

She asked Sui Zimo sharply.

Lin Caisang: "..."

Depend on!

Could it be that she had misunderstood that this woman was actually not normal, but a woman with a mad disease?

However, when she checked Su Meihua's pulse before, her body was normal, she didn't have any pain at all, and she couldn't be crazy.

But why could this woman imagine that Sui Zimo, whom she had met twice and had never even spoken to, was her man?

Thinking about it, it's really funny.

Sui Zimo was stunned for a moment when he heard her words.

"You like me? Is it true?"

He looked at Su Meihua, gently pushed Lin Caisang away, slowly squatted down, and asked her.

"Really, of course it's true." Su Meihua nodded immediately.

How could this not be true? She fell in love with this man at a glance yesterday. After returning to the house, she really thought about abandoning the man next to her and then marrying this man.

She is so sincere, can it not be true?

Chapter 1748 When we two have no chance

"Really? Why don't I believe it? Since you like me, why do you keep talking about other men?" Sui Zimo asked her.

"Master..."

Uncle Ah San saw that Sui Zimo could speak so softly to such a vicious person like Su Meihua.

He frowned and was about to step forward to stop him.

Mr. Sui is the man of his young lady. How can he be confused with other women? It is absolutely not allowed. He cannot allow Sui Zimo to do this!

However, just as he spoke, he saw his young lady, Lin Caisang, raising her hand to signal him not to speak.

"Miss....."

Lin Caisang turned around and shook his head at Uncle Asan, his eyes even more fierce.

Seeing this, Uncle Ah San finally came to his senses and looked at Su Meihua.

After hearing Sui Zimo's rhetorical question, Su Meihua immediately shook her head and denied what he said.

"No, what kind of man? I only have Young Master in my heart, there is no other man, absolutely not."

"hehe."

Sui Zimo laughed, stood up, and turned his back to Su Meihua.

"It seems that Miss Su doesn't have much sincerity for me. To be honest, I'm really disappointed. I originally thought that you were the daughter of the general's mansion. Maybe we could... Now that I think about it, I still think about it. Forget it, just pretend that the two of us have no chance."

"What?!"

When Su Meihua heard this, she became anxious.

How could this be possible? She finally met such a beautiful man, how could she let him slip away so casually?

"Sir, don't leave, don't leave. There is really no other man around me. This is true."

"What about Lin Baizhong? Isn't he?" Sui Zimo asked her back.

"he....."

Su Meihua opened her mouth. When she mentioned Lin Baizhong, there was still some unwillingness in her eyes.

At that time, Lin Baizhong could not find another man in Lianhua County who was so handsome. Even though he was older, he still fascinated her to the core.

Therefore, after she confessed her love to Lin Baizhong and was rejected, she had been obsessed with him for so long.

Until the end, Lin Baizhong said some excessive words to her, and she really lost her patience before she kidnapped him directly back to the guard general's house.

But even though Lin Baizhong was kidnapped, his heart was still not with her.

He didn't even want to look at her again.

She was very angry, and then...

However, she has regretted it all these years. If she could endure it a little longer and spend more time with Lin Baizhong, would he have succumbed to her?

It's really possible.

"No, Lin Baizhong...he is just an ungrateful and cruel person. How could I like him? I have never liked Lin Baizhong. Young Master, you are the only person I like."

If her hands weren't tied, I believe she would have sworn with her hands raised.

At this time, of course she couldn't admit that she had liked Lin Baizhong. Otherwise, how would she get this beautiful man in front of her?

Hearing this, Suizi Mo's thin lips curled up slightly and he looked at his son.

"Don't like it? I just heard your sour tone just now. If you said you didn't like Lin Baizhong, would anyone believe it?" He said quietly.

Lin Caisang looked at her Brother Mo Lian speechlessly. This was the essence of evil. It was completely different from when he was with her!

Chapter 1749 What? sold!

"Yes, Miss Su, didn't you just say that you are very fond of my father?"

She also looked at Su Meihua, drew her attention, and then pretended to be enlightened.

"Okay, I get it now.

Miss Su, I asked you just now where my father is, but you refused to tell me. Did you hide my father somewhere, just like those men raising outside their wives, raising my father?

That doesn't matter, as long as the men in your family don't find out, that's fine, right? "

"you--"

Su Meihua was furious. When had she raised Lin Baizhong outside?

When he was at the General Guards' Mansion, there were so many guards there that Lin Baizhong almost escaped. 6

If she really kept people outside, how could she keep them?

Of course this is impossible!

"You are talking nonsense! There is no such thing!"

She angrily cursed at Lin Caisang, and turned to look at Sui Zimo's back.

"Sir, don't listen to this bitch's nonsense. I don't like Lin Baizhong at all, and I didn't hide him. Really, I swear!"

"You don't need to swear, I think you really hid Lin Baizhong. After all, you got to know him first, and it's normal for you to have a stronger relationship with him."

Sui Zimo's tone became even more resentful, and he took a step forward, as if he wanted to leave the room.

"You just scolded Lin Baizhong like this, didn't it prove that you care about him? If not, why are you unwilling to tell others where Lin Baizhong is now? You must have hidden him in an uninhabited place so that only you can see him. Come on."

"No, wait, wait."

Seeing that he was about to leave, Su Meihua felt anxious and hurriedly called out to stop him.

"Sir, I really didn't hide Lin Baizhong. I sold him long ago. After selling him, he is no longer with me..."

"What? Sold!"

Uncle Asan screamed in shock when he heard Su Meihua's words.

His boss was actually betrayed by Su Meihua, a vicious woman! This woman really deserves to die!

"You are such a vicious woman, you actually sold my boss, you..."

Lin Caisang: "..."

Sui Zimo: "..."

The two of them looked at Uncle Asan at the same time, with such eyes that they wished they could sew his mouth shut.

They finally managed to get Su Meihua to relax her vigilance and find out the whereabouts of Lin Baizhong. If Sui Zimo asked a few more questions, they might be able to find out the specific whereabouts.

But Uncle Asan yelled like this...

Sure enough, Su Meihua woke up suddenly, squinted her eyes, and looked at Sui Zimo's back in disbelief.

"You... you two bitches, you actually want to trick me!"

She felt something was wrong just now. This man was hugging Lin Caisang just now. Why did he seem to be affectionate towards her when he changed his words?

But it turned out that the two of them did it on purpose, deliberately making her feel that she had hope.

That way, they can get the whereabouts of Lin Baizhong from her!

"Don't think about it, I won't tell you!"

She angrily yelled at the two of them, saying that if she didn't have a good time, others wouldn't have a good time either.

"You will never see that bastard Lin Baizhong again in your life, never in your life! He was sold by me. Do you want to know where I sold him to?"

Haha, I won't say it, I will never tell you!

Chapter 1750 As long as people are alive

You'd better be able to protect me and let me die here. Otherwise, none of you will have a better life. I will make your life worse than death and let you taste the suffering I suffered!

You bitches, bitches, bitches! "

"hiss!"

Lin Caisang took a deep breath.

Her face did not change color because of Su Meihua's heart-rending roar, but she looked a little helpless.

"I can't ask anything else. Let's go out first and then go take a look over there."

"Walk."

Sui Zimo didn't say anything else, he just took Lin Caisang's little hand and walked out.

Just now, he even sacrificed his appearance for the sake of his future father-in-law. He quickly pulled his son's little hand, otherwise, it would be really disgusting!

Uncle Asan touched his nose, followed him out, and closed the door.

"You will regret it. You will regret it. Young Master, I am the rich daughter of the General Guard's Mansion. I can make you a fish in water in Lianhua County. If you don't choose me, you will definitely regret it!"

Inside the door, Su Meihua's ghostly roars and screams could be heard.

Uncle Asan frowned, opened the door again, strode in, and stuffed the rag head into Su Meihua's mouth.

In an instant, Su Meihua's voice could no longer be heard in my ears, and it was much quieter.

"Miss, Mr. Sui, I'm sorry, I was so angry just now, that's why..."

Uncle Asan started walking again, looked at Lin Caisang and Sui Zimo with a guilty look on his face, and apologized guiltily.

When he heard that his boss was betrayed by that vicious woman, he felt a 'bang' in his head, as if his head was about to be exploded.

Without thinking, he cursed at Su Meihua.

"I can't blame you."

Lin Caisang sighed softly and said.

In fact, she wanted to scold him just now, but she wasn't as quick as Uncle Asan.

As for Su Meihua, there was no guarantee that she would not be interrupted. Su Meihua would tell them all about her father's whereabouts.

Su Meihua was very defensive. I was afraid that if she asked a few more questions, she would react.

"At least now I know that my father is still alive. As long as he is still alive, he will definitely be found."

As long as a person is alive, there is hope. She will definitely be able to get her father back. It is just a matter of time. She is not in a hurry, not at all.

"Yes, yes, it's good to be alive. The boss is still alive."

After hearing this, Uncle Asan nodded happily, with excitement on his face.

"Brother Mo Lian, the banishment side should be ready. Let's go over and have a look." Lin Caisang looked at Sui Zimo and said.

"good."

Sui Zimo responded.

In fact, when he heard that Su Meihua sold Lin Baizhong just now, an idea flashed in his mind.

But at this time, no matter how much they thought, it was in vain. They still had to pry out the whereabouts of Uncle Baizhong from Su Meihua's mouth. Otherwise, relying on their guesses alone would be far from enough.

...

On the other side, Ban Jue has prepared the barrel.

It was not placed in the room, but placed directly in the yard, which was already filled with reddish-brown potion.

Chunfen and another maid were also immediately dragged out and thrown on the edge of the barrel.

Looking from their angle, they could just see the wooden barrel that was half a person's height. It was so big and strong. It was more than enough to throw the two maids into it.

The two of them couldn't stand the fright, their legs were already weak, and tears were falling down.

Moreover, the two people's faces had been smeared with medicine before, and they also started to have attacks. At first, it was just a dull pain, but now it is starting to intensify a little bit.
