

## Star of Space 1761

Chapter 1761 It feels a bit real

Mrs. Su was looking straight at Lin Caisang, and the hair all over her body stood up.

She knew that after this defeat, it was very likely that even the Queen would no longer pay attention to her, because Su Wan and his family members had done some unscrupulous things in Lianhua County over the years. She knew it all.

Including her, because she was an old man in the palace, her vanity was inflated, and she felt that she was just a few common people, and they would die as soon as they died, which was not enough to be afraid of.

She also held several human lives in her hands.

Not to mention her precious daughter, she had already lost count of the countless blood on her hands.

"I want news about Lin Baizhong, are you going to tell me or not?" Lin Caisang asked quietly.

"Lin Baizhong has died a long time ago!" Mrs. Su shouted at her.

How does she know where Lin Baizhong is? It was her daughter who did it in the first place. What does it have to do with her?

What's more, all these years, she had always thought that Lin Baizhong was dead. Because he refused to submit, he was killed by her daughter, and the body was thrown away unknown where.

Maybe it has been chewed up by wild wolves in the mountains, and not even the bones are left?

However, it was impossible for her to say that Lin Baizhong was killed by her daughter, so she could only blame others for the incident.

"Back then, Lin Baizhong wanted to escape, but he was actually allowed to escape. Later I heard that he was killed by his enemies in the Barbarian Kingdom. If you want to avenge Lin Baizhong, go to the Barbarian Kingdom to find those who killed him. Come on, don't come to us!"

"hehe.

After hearing her words, Lin Caisang couldn't help but chuckle and looked at Mrs. Su with a playful look.

"Tsk, tsk, Mrs. Su, I really feel a bit of truth from your words? What should I do?"

"What I said is absolutely true!" Mrs. Su shouted.

Of course she knew that the woman in front of her would not believe her words.

But what can she do? What else could she do? Could she tell Lin Caisang that her daughter had killed him?

That was her only daughter. All her hopes in this life were on her daughter. A few days ago, she received news from the palace that the queen wanted to choose two concubines for the prince.

She was still planning whether to let Mei Hua divorce the unsatisfactory man and send him to the prince's house.

Although it seemed impossible now, at least she couldn't let anything happen to her daughter.

"What you said is true, does that mean what your daughter said is false?" Lin Caisang asked with a smile.

"I hate people who tell lies and deceive me the most. That bitch Su Meihua dares to lie to me. Mrs. Su, what do you think I should do to punish her? Skin peeling or cramping. It sounds more comfortable, or else, you choose a way to die for your daughter?"

she said softly.

"hiss!"

Mrs. Su took a breath of cold air.

"You... you are crazy. My plum blossoms have not offended you. Why do you..."

"It seems that Mrs. Su still doesn't understand her current situation."

Lin Caisang interrupted Mrs. Su's words, stood up from the chair, walked slowly to the door, and looked at Su Meihua who had been forced to kneel in the yard since she woke up.

"Given the current situation, if I can't find my father, all of your Su family will die. I won't let anyone go. Of course, that includes your Zhang family and the one you sent away." Enter the palace, and now there is the queen's sister, Zhang Bai'er."

Chapter 1762 Then... let me try

"you--"

Mrs. Su was really frightened by her.

This woman actually knew that her sister was sent to the palace by her?

Even the Queen Empress didn't know that Zhang Bai'er was her biological sister, because Bai'er was not favored in the Queen's Palace and did not serve the Queen Empress.

But even so, he could still send a message to her.

"how do you know....."

How did this woman know that Bai'er was sent to the palace by her?

Even her mother-in-law's family didn't know. They thought Bai'er had died of illness and even made a grave for her, even though another person was buried in that grave!

"I know a lot of things, but there are some things that only you and your daughter know," Lin Caisang said.

"I....."

Mrs. Su opened her mouth, not knowing what to say. She was also afraid of Lin Caisang from the bottom of her heart.

"I really don't know where your father is. It was done by Meihua. It has nothing to do with me. And Meihua, maybe your father is really... dead."

She swallowed and couldn't help but wonder, if Lin Baizhong was really dead, would this woman kill all of them?

She thought, it should be possible, right?

That's why she was even more afraid. She was really afraid that if Lin Baizhong died, then they would have to bury Lin Baizhong with him.

"You can ask Mei Hua, she knows."

"If asking her is useful, do I still need to ask you?" Lin Caisang asked her with a stern look.

It must be said that Su Meihua's mouth was really tough. No matter how they asked her later, she just refused to say anything, so she was tortured like this.

That woman didn't dare to kill her because she didn't have any news about her father, right?

That's why he wanted to look at her anxiously and arrogantly.

She also laughed.

"Then you...what do you want, I really don't know..." Mrs. Su said weakly.

Although her daughter is very important to her, her life is more important than her own life.

What's more, if the woman in front of her could get the news about her father, she might still let them go, so that her daughter's life could be saved.

However, after talking and thinking, it is useless no matter how much you think about it.

She didn't know where Mei Hua had taken the people. Will she really be killed? That is what her daughter would do.

"You don't know, doesn't your daughter know either?" Lin Caisang looked at her steadily and asked.

"I....."

Mrs. Su opened her mouth again but said nothing.

At this moment, there was nothing she didn't understand.

Lin Caisang wanted her to talk to her daughter and get the news about Lin Baizhong's whereabouts.

"Then...I'll try."

She gritted her teeth and nodded.

"Ah."

Lin Caisang looked at her and chuckled.

He reached out and took out a porcelain bottle from his small satchel and threw it in front of Mrs. Su.

"Give it to your daughter and she will wake up. If you can't find anything out after half an hour, you should be able to imagine the consequences."

After saying that, she went out with Sui Zimo.

...

Outside the room, Sui Zimo came out with Lin Caisang and winked at the guards on the side.

Upon seeing this, the guard immediately walked into the room where Su Meihua was detained, and then hid his body in the corner.

Chapter 1763 Who did you offend again?

Sui Zimo and Sui Zimo sat down on the chairs nearby and waited for Mrs. Su to come out of her room. Under Lin Caisang's eyes, they slowly walked to their daughter's room. .

In the room, Mrs. Su opened the porcelain bottle in her hand and poured all the water-like potion inside into her daughter's mouth.

"Cough, cough."

The spicy feeling made Su Meihua wake up quickly.

When she opened her eyes and saw her mother, tears fell down.

But as soon as the tears fell, she couldn't help but scream.

"ah--"

But it turned out that it was because the wounds on her face were soaked with tears. The pain was so painful that she wanted to roll on the ground. She had never tasted that kind of feeling in her life.

"Mom, help me, I'm in pain, my face hurts so much."

Unable to bear it any longer, she raised her hand to cover the wound on her face, but was stopped by Mrs. Su.

"Meihua, don't, don't grab it with your hands. The more you grab it, the more painful it will be."

Mrs. Su couldn't bear the thought that her daughter, who was a good girl, turned into this. All of this was caused by the two people in the yard outside.

But, no matter how angry she was, she couldn't take revenge.

"I hurt."

Su Meihua could only say these two words.

"Be patient, bear with me some more."

Mrs. Su comforted Su Meihua in a low voice.

"Don't cry. If your tears fall into the wound, it will hurt even more. Be good."

"Mom, I want revenge, I want to kill that bitch... ugh."

Su Meihua felt hatred in her heart when she thought about why she had ended up like this. Regardless of how much pain she felt on her face, she spoke bitterly to Mrs. Su.

But before she finished speaking, Mrs. Su covered her mouth.

"Shh!"

Mrs. Su made a silent gesture.

"Mei Hua, what kind of people have you provoked? Today Beida camp has been taken over by others, your father has been imprisoned, and now everyone in our family is surrounded in the mansion. I can't even get out.

What have you been doing outside? You just bully ordinary people. How could you mess with such a big shot? "

She pretended not to know about Lin Caisang and those people, and cried and complained to her daughter.

"What?!"

Hearing her words, Su Meihua was shocked.

If the general's mansion is surrounded, doesn't that mean the house is ransacked? How could this happen?

Could it be that the woman surnamed Lin was really so capable that she could do this?

Her father is someone no one in Lianhua County dares to offend. How come he was put in prison? This was impossible, she didn't believe it.

"Mom, are you talking nonsense? How could dad be..."

"It is true."

Mrs. Su interrupted her daughter hastily.

She only had half an hour. It was really difficult to get something out of her daughter's mouth and leave a way out for herself and the Su family.

"Mei Hua, what on earth were you doing outside? Did you offend someone again?"

"I don't!"

Su Meihua shook her head.

The woman named Lin was clearly the one who brought this about.

Even if she fell in love with the man next to Lin Caisang, they came to her on purpose. They simply set a trap on her on purpose!

"Mom, have you seen that woman? She is Lin Baizhong's daughter of that bitch. She is back and comes to seek revenge from me."

Chapter 1764 How could you help her?

"What?!"

Su Meihua pretended not to know anything, her face was full of shock and fear.

"How could she be Lin Baizhong's daughter? What should we do? You killed Lin Baizhong, right? What should we do? Our family's life is... all over. !"

As she cried, she secretly looked at her daughter, trying to see something in her eyes.

"How could this happen? How could this happen?"

Except for her two eyes, there is no place on Su Meihua's face to express the fear in her heart at this moment.

"Mom, what's going on? How did that woman get such a powerful ability? Isn't dad the guard of Lianhua County? Everyone has to listen to him. How could it be... How could Beidaying be taken over by others? To take over?"

"Why else? That woman is so powerful." Mrs. Su said.

"How...how could this happen?"

Su Meihua's eyes were full of disbelief. Lin Baizhong didn't have that much ability back then, he was just a commoner who came to serve as a soldier.

Then where did his daughter get such great abilities?

"Mei Hua, that Lin Baizhong is not really dead, is he? If he dies, what will our family do?"

Mrs. Su asked carefully while Su Meihua was stunned.

"No, he's not dead."

Su Meihua answered without thinking.

Lin Baizhong, that bitch, didn't even take her seriously. How could she let him die so easily?

If he dares to do this to her, he must not be able to live or die!

"real?"

After hearing her words, Mrs. Su's eyes lit up.

"What about others? Where are they?"

She couldn't wait to ask, as long as Lin Baizhong didn't die, there would still be hope for the Su family.

"he is....."

Just as Su Meihua was about to reply, she suddenly looked at her mother as if she remembered something.

"Mom, why are you asking Lin Baizhong? Did that woman ask you to ask me?"

"Well."

Mrs. Su choked, and a hint of guilt flashed across her face, but she quickly covered it up well.

Because Su Meihua's face was so painful, she didn't notice it.

"Meihua, what are you talking about? What harm did that woman do to our family? How could mother help her?"

"What does mother mean?" Su Meihua asked.

"Mom is just thinking, if we can know where Lin Baizhong is, and then get him back and control him, that woman will definitely take action, right? Then she will do what we say, right?"

Mrs. Su said to her daughter.

In fact, she originally wanted to ask Lin Caisang to let her family go after asking her about Lin Baizhong's whereabouts.

But when she told her daughter this reason, she suddenly felt that if they could hold Lin Baizhong in their hands, it would be a good choice.

In this way, Lin Caisang didn't dare to touch them. She didn't just do what they said.

What a great idea.

"this....."

Su Meihua thought for a while, gritted her teeth and said nothing.

"Meihua, you can't hesitate any longer."

Seeing her daughter hesitate, Mrs. Su quickly spoke to persuade her again.

"You don't even know how vicious that woman is, and you don't know what kind of suffering your father is suffering in prison. Meihua, tell mother quickly where Lin Baizhong is. Mother will secretly send someone there later. Get him back.

Chapter 1765 Forgot everything before

As long as the person is in our hands, that woman will not dare to do anything to us.

"Mom, that woman is not that simple."

Su Meihua gritted her teeth and said to her mother.

If Lin Caisang was really that simple, would she still end up like this?

Look at her face, is it completely ruined? Can I still walk out of this door with such a face in the future?

She almost wanted to die.

"Mom, look at my face. It's all because of that woman that I will be like this from now on. She hurt me, and I can't let her get her wish. That woman will never see her father again in her life!"

She said bitterly.

Hearing this, Mrs. Su's breath froze, and her eyes flickered at Su Meihua.

Is this still her daughter? In order to be happy for yourself, you don't care about the life and death of your family?

She can ignore other people, but what about her? She is Su Meihua's mother. Doesn't Su Meihua know how much she has loved her over the years?

Now, her daughter, regardless of her own life and death, insists on fighting with Lin Caisang to the end?

"Meihua, that's what I said, but... think about it, if Lin Baizhong is in our hands, as long as you say a word, that woman will have to heal your face quickly.

Since she can make your face look like this, it must be curable, right?

When the time comes, if you use Lin Baizhong to replace the man next to that woman, how comfortable will your life be in the future? Don't you just want to live like that?

The man next to that woman is a top-notch guy! "

Hearing Mrs. Su's words, Su Meihua was stunned for a moment, recalling Sui Zimo's stunning appearance.

If that man could stay by her side, then she could really consider it.

Moreover, by that time, the injury on her face had healed, and she was no worse than that bitch Lin Caisang, and she was also the eldest lady of the Lianhua County Guard General's Mansion.

"Mom, Lin Baizhong was betrayed by me."

After thinking about it, she said to Mrs. Su.

"What? Sold?!"

Mrs. Su was startled and jumped up from the edge of the bed.

"How could he be sold? Where did you sell him? How could you kid sell him?" she asked quickly.

It was actually sold. Where was it sold to? She eagerly wanted to know where Lin Baizhong was sold to.

In the past, if Lin Baizhong's skills were sold, he would definitely be able to find his own home. How could it be possible that after all these years, he still hasn't gone home to find his daughter?

This is unlikely.

"Who made him disdain me in the first place? I drugged him and made him forget everything before, but he still doesn't like me and keeps shouting a name named Caisang. How could you let him go so easily?"

Su Meihua thought bitterly about what happened back then, her tone full of anger.

Back then, she wanted Lin Baizhong to be her man, but Lin Baizhong was unwilling and told her that she had a beloved wife and children, which made her give up.

How could she be willing to do so, so she spent a lot of money to buy a medicine that would make people forget everything after taking it.

As a result, even after he took the medicine, he still couldn't forget that woman and refused to be with her.

In a fit of rage, she sold him.

Chapter 1766 Yabozi from the barbarian country

"Where did you sell the people?"

"have no idea.

Su Meihua shook her head.

"I just heard that those people were Yabozi from the barbarian country. They wanted to buy some slaves and go to the barbarian country to do something. All the people who were sold would rather die than go. So I thought, let Lin Baizhong suffer this for the rest of his life. That was a crime that no one wanted to suffer, so he was sold."

At this point, the hatred in her eyes was endless, and she could no longer hide it.

Even though it had been several years, she could never forget Lin Baizhong's disgusted look when he looked at her, as if she was a plague.

With everything like this, how could she make Lin Baizhong live a happy life?

"hiss!"

Mrs. Su gasped.

If Lin Caisang heard this, he wouldn't eat them alive!

In the barbarian country, Su Meihua actually sold Lin Baizhong to the barbarian country!

"Shh, Meihua, you must never say this again. Mom is telling you, you can't say it again...ah!"

There was a 'bang' sound from behind.

Just when she was about to tell her daughter not to tell others about Lin Baizhong being sold to the barbarian country, Mrs. Su was startled by the sound behind her.

When she turned around, she saw a guard coming out of the corner.

"you you....."

Her whole body suddenly became weak, her pale lips opened and closed, but not a single sound came out.

When did this guard hide here? Did he hear everything they just said?

"Mom, who is he?"

Su Meihua was also frightened. She stared with wide eyes at the guard who was walking out as he glanced at her with cold eyes.

"I...I don't know either."

How could Mrs. Su not know this? Even if she didn't know it before, she figured it out when she saw the guard coming out.

This guard was placed here by Lin Caisang.

And although the woman said that she should ask her daughter, she didn't believe her at all.

That's why a guard was hidden in the room early in the morning and listened clearly to the conversation between mother and daughter.

"Mom, you lied to me, you actually... ugh!"

Su Meihua also reacted. She thought that her mother had accepted Lin Caisang's benefits, so she came to inquire about Lin Baizhong's news.

"Shh, stop talking."

At this moment, Mrs. Su really wanted to kill her daughter.

How much she wanted to save her daughter just now, now she wanted to kill her so much.

In that place of Barbarian Country, the people there treated the people of Liang Country even more cruelly than they did to animals, especially the slaves, who were not living the lives of human beings.

And her daughter actually sold Lin Baizhong to a place like that.

If this guard told Lin Caisang everything he heard, the consequences... She couldn't even imagine what kind of end she would have.

"You...you wait."

Seeing the guard striding outside, Mrs. Su wanted to stop him.

It's a pity, who will pay attention to her?

...

"Barbarian country?"

The teacup in his hand was squeezed tightly after hearing the guard's words.

With a 'bang', it was crushed to pieces.

Seeing this, Sui Zimo quickly took her hand, took out a white handkerchief, cleaned up the broken porcelain pieces, and then took out the wound medicine and sprinkled it on her.

"Check it immediately."

He ordered the guards.

Chapter 1767 Save you!

"Yes, Your Majesty.

The guard responded and immediately turned and left.

"Brother Mo Lian, what kind of place is Manguo?"

Lin Caisang took a deep breath, gritted his teeth, looked at Sui Zimo, and asked.

Hearing this, Sui Zimo sighed lightly. He really didn't want to talk to Sonny about Man Country, and he didn't want her to know what kind of harm her father would suffer after arriving in Man Country.

That realm is unimaginable for people from Liang or Wei.

"We've already sent people to investigate. We'll have news soon. Sonny, just wait a moment."

Lin Caisang's whole body was trembling, and he looked at the door of the room with hatred. Inside, there were Mrs. Su and Su Meihua.

Wait a minute, when do you want to go?

It would be better to...

She stood up immediately, walked to the room where Su Meihua was, raised her foot, and kicked the door open with a bang.

"ah!"

Mrs. Su and Su Meihua in the room screamed at the same time.

"You...you can't kill us. I am the queen's friend. If anything happens to me, the queen will definitely not let you go!"

Seeing Lin Caisang walking in full of evil spirits, Mrs. Su hugged her daughter, and the two leaned against each other, trembling.

For her own life, she had to carry the Queen out again.

"Queen!"

Lin Caisang gritted his teeth.

"Even if the Queen comes in person, don't even think about rescuing you from my hands!"

If the empress really has the courage to come to her and ask for someone, no matter if it is her aunt, she will do it and scold her!

"you--"

Mrs. Su didn't expect that even if she carried out the Queen's Empress, it wouldn't work in front of this woman.

He watched helplessly as Lin Caisang stretched out his hand, lifted the woman in his arms, turned around, and threw her to the ground.

"No, what do you want to do? Plum blossom, plum blossom..."

"Tell me, where did you sell my father to?!"

Lin Caisang stepped on Su Meihua's chest and asked coldly.

"have no idea!"

Su Meihua gritted her teeth and spit out three words to Lin Caisang.

From now on, she will never say a word about Lin Baizhong again, just let this woman die anxiously to see what she can do to her!

"wonder if it is or not?"

Lin Caisang took out a porcelain bottle from his arms and immediately thought about opening it.

"I come."

Sui Zimo took the porcelain bottle in her hand into his own and said softly.

Her hand has been injured. If the medicine in this porcelain bottle gets contaminated on the wound, it will be bad.

Moreover, Sonner is from a girl's family, so let him do the bloody things.

"Just sprinkle it on her. I want to see how long you can last!" Lin Caisang did not fight with Sui Zimo, but looked coldly at the plum blossoms on the ground and said quietly.

"you--"

As soon as Su Meihua heard this, she knew that the content in that porcelain bottle was not good.

If this really happened to her, it would definitely make her miserable. At that moment, she was scared.

But even though she was scared, she didn't think about begging Lin Caisang for mercy. Instead, she looked at Sui Zimo with pitiful eyes.

"Master, Mei Hua likes you so much, you can't do this, you can't ruin Mei Hua's sincerity like this. Master, Mei Hua can serve you from now on, and you will be the only man in her life.

As long as you can let this vicious woman heal Meihua's face, Meihua promises that you can be in Lianhua County...ah! "

Chapter 1768: Those who repay kindness with evil

Before she could finish speaking, Sui Zimo opened the lid of the porcelain bottle and poured the entire bottle of medicinal powder onto Su Meihua.

There were countless wounds on Su Meihua's body. After being sprayed with medicine like this, the pain made her whole body curl up. She continued to scream and bounce on the ground like a bug.

"Plum blossoms, plum blossoms..."

How could Mrs. Su bear to watch her daughter suffer such pain? She just wanted to rush forward and hug her.

"If you want to be like her, go over there." Lin Caisang looked sideways and looked at her lightly and said.

"I....."

Mrs. Su choked at her words and paused in her steps. She gritted her teeth and watched her daughter suffer.

"Girl, girl."

She hurriedly came to Lin Caisang's side and looked at her with panic and fear.

"We...we...Meihua has already said it, why are you still hurting her? She...didn't you promise that you would let us go?"

"Let you go?"

Lin Caisang gritted his teeth and glanced at Mrs. Su with his scarlet eyes.

"I let you go, but who of you let my father go? Besides, did she really say anything?"

The most taboo thing for people in Lianhua County is to have contact with people from the barbarian country. Even those who do business there are very few.

So, how did this Su Meihua get in touch with Yabozi from the barbarian country?

And how did she sell her father to a barbarian dental shop?

Without explaining these things clearly, he still wanted her to let these Su family members go.

"Oh, Mrs. Su looks at me, does she look like someone who is so kind that she would repay kindness with evil? Huh?"

"I....."

Mrs. Su opened her mouth, but then fell silent.

She only remembered that Lin Caisang had said that if she could get news about Lin Baizhong from her daughter, she would let them go.

But he never thought about what kind of end he would end up with if the final news he got was too terrible.

"Then...that girl, you hurt Meihua like this. Even if she wants to tell the truth, she can't tell the truth. She, she..."

Seeing her daughter huddled on the ground, like a bug sprinkled with salt water, she swallowed, trembling all over, and looked at Lin Caisang carefully.

"Then you don't have to worry."

Lin Caisang's red lips curled up slightly and she looked at the plum blossoms on the ground.

"I have a lot of medicine here, which can make her less painful for the time being and help her regain some strength."

With that said, she once again took out a porcelain bottle from her small satchel. This time she did not give it to Sui Zimo, but directly sprinkled the medicine inside on Su Meihua's body.

After a while, Su Meihua, who was in extreme pain, actually calmed down.

Although I was still breathing heavily, it was no longer painful.

"How about it, do you want to tell the truth?"

Lin Caisang walked slowly in front of her, squatted down, and looked at Su Meihua with cold eyes.

"If you still haven't thought it through, it's easy. Let's continue. I don't have much else on my body, just a little more poison. Of course, if you think the poison just now is not painful enough, I will also I can give you another one."

With that said, she reached into the small satchel on her waist again, took out several porcelain bottles of different colors, and placed them in front of her to look at them.

"There are different poisons in these porcelain bottles. The poison in the gray porcelain bottle can make people's belly grow bigger. Have you seen the woman who was pregnant in ten months? It's twice as much as that one. That's all.

Chapter 1769 So vicious!

The difference is that pregnancy takes ten months, and this poison can make a person become like a pregnant woman within a quarter of an hour.

Of course, it definitely looked like she was pregnant with not just one child, but two or three.

Miss Su, what do you think of this? Or do you want to try all these poisons one by one? In fact, it is possible, and this girl can meet your requirements. "

After hearing her words, Su Meihua, who finally regained some consciousness, opened her eyes in horror.

"You...how can you be so...so vicious!"

Breathing heavily, she asked Lin Caisang weakly.

"vicious?"

Lin Caisang smiled with an indifferent look on his face.

"When it comes to viciousness, who can compare to Miss Su, right?"

I just used less than 10% of your viciousness. Is this considered vicious? So what are those vicious tricks Miss Su used on my father? "

An extremely evil person could still have the audacity to call her evil. What on earth was she thinking?

"Perhaps Miss Su is not interested in the poisons in my hand? Otherwise, I will think of a way to surprise Miss Su."

She looked at Su Meihua, with a wicked smile on her red lips.

"Anyway, my father has been sold for several years. If I want to get him back, it won't take more than a day or two, a month or two, right?

As a doctor, I have a more powerful skill. Miss Su, don't think that I can give medicine to people, which can make scars on people's bodies intact, but I actually have another unknown skill.

Miss Su, do you want to guess what my skills are? "

"you....."

Su Meihua didn't even need to guess, she knew that what Lin Caisang said was not a good thing.

At this moment, Mrs. Su was so frightened that she hid in a corner.

Especially when she looked at the bottles of poison in Lin Caisang's hands, it seemed as if Lin Caisang might sprinkle poison on her at any time.

"I think Miss Su wouldn't know it if I didn't tell her."

Lin Caisang grinned and showed a big smile to Su Meihua.

"I have a special skill, that is, I can use a dagger and special paint to carve a lifelike picture on a person's body. How about I try it on Miss Su.

Miss Su, would you like to have paintings carved from head to toe? Um?

Oh, I forgot to tell you the most important thing. Once the painting is engraved, it will not fade no matter how many times it is washed, unless... the skin on the body is cut off. "

Hearing Lin Caisang's words, Su Meihua trembled all over, imagining that her body, from her face to her hands, to her entire body, was covered with...

Her whole body was in bad shape and she wished she could die right now!

"You...you kill me!"

"Kill you? How is this possible?" Lin Caisang chuckled.

"I'm still waiting to carve a picture on you and take you outside to let the people of Lianhua County appreciate my craftsmanship. Therefore, Miss Su must live a good life, right?"

Brother Molian..."

As she spoke, she raised her head and looked at Sui Zimo, who was standing opposite her.

"I'll immediately ask Ban Jue to prepare things."

Sui Zimo nodded, turned around and prepared to go out.

"don't want!"

Su Meihua finally couldn't bear it anymore and screamed.

Chapter 1770 It can't be useless at all

He fluttered and turned over, trying to catch Sui Zimo as he headed outside.

But her hands and feet were tied, so she couldn't catch anyone. She could only watch Sui Zimo walk out.

Seeing that terrible things would be engraved on her body, and in her current situation, she couldn't die even if she wanted to. She could only be at the mercy of Lin Caisang.

She hates it, but what's the use of hating it in her heart.

"Meihua, you just... said it, right?"

Mrs. Su closed her eyes and couldn't bear to look at her daughter's miserable state, so she spoke quietly.

What she was thinking in her heart was that only if Su Meihua said it, everyone in the Su family and everyone in her natal family would be saved.

Anyway, the only one who was wrong was Su Meihua, and everyone else was innocent.

Su Meihua looked at her own mother who didn't help her, but was begging her to speak anyway, and sneered.

"Okay, I'll say it, I'll say it."

Anyway, so what, Lin Baizhong has been sold for several years, can they still get him back?

What's more, she sold Lin Baizhong to the barbarian country.

I heard that people in the barbarian country were even capable of cannibalizing human flesh. Maybe Lin Baizhong was already dead, maybe even his bones were gone?

"Don't you want to know? Then I'll tell you! That bitch Lin Baizhong was given the memory powder by me, and sold to the black market in Lianhua County, to a naughty old man who came from the barbaric country.

The Yabozi herself said that what she wanted was a man who looked a bit old but had a good face. She said she wanted to buy him back to serve him!

Some wealthy masters in the barbarian country like to have such men serve them! "

She thought, Lin Baizhong rejected her many times, so don't blame her for being rude.

If he doesn't like her as a living beauty, then she will make him spend his whole life serving men!

"you--"

Lin Caisang couldn't bear it any longer and stood up directly, kicking Su Meihua's body away.

With a 'bang', Su Meihua's body hit the opposite wall. After bouncing back a little, she passed out.

"plum blossom!"

After all, Mrs. Su couldn't bear to see her daughter hurt like this, so she cried out in pain and threw herself at her.

Lin Caisang glanced at the mother and daughter coldly, and was about to go out. When she and Sui Zimo walked to the door of the room, they heard Mrs. Su's voice.

"Girl, you promised us that you would let us go."

Hearing this, Lin Caisang paused and looked sideways at Sui Zimo.

"You don't have to worry about the rest of the matter. Just leave it to Jin Jian. He is a county guard and can't be useless at all." Sui Zimo raised his hand and patted her cheek lovingly and said.

"hiss!"

Upon hearing this, Mrs. Su gasped.

Are they talking about County Sheriff Jin Jianjin?

What should we do? Jin Jian and her husband were real enemies. Over the years, the Shoujiang Mansion had controlled all the forces in Lianhua County and directly eliminated Jin Jian as the county governor.

Now that Sui Zimo and Lin Caisang have given Jin Jian a chance to fight back, will they still have a way to survive when they guard the general's mansion?

Mrs. Su never expected that Lin Caisang's words of letting them go would actually change to Sui Zimo's words of asking Jin Jian to deal with them.

"No, you can't do this. That Jin Jian is a black heart and he won't let us go!"
