

## Star of Space 1781

Chapter 1781 Just go once a year

"If you are wise, please let us go immediately. We can also ask our boss to give you a happy death. Otherwise, our Wanling Yaxing is not easy to mess with. You will not be able to survive or die!"

"You can't live, but you can't die?"

Lin Caisang repeated Yabozi's words and chuckled.

"Haha, Brother Mo Lian, why do I seem to hear such words so often? In fact, I am also quite curious. Who is it that can make me unable to live or die?"

How about you two give it a try? "

"you--"

When Yabozi heard her words, a bad breath got stuck in her throat.

She knew that she was being threatened.

Originally, I wanted to scare them directly when they didn't react, and let them go when they were scared. Who knew...

This seemingly little girl turns out to be a master who is not easy to fool at all.

"Shh, stop talking and say goodbye."

Seeing that she wanted to say something else, the other Yabozi quickly stretched out his hand to stop her.

"Girl, do you want to ask us a question? If you ask, we will definitely tell you. We will definitely tell you."  
As she said that, she turned to look at Lin Caisang, and said with a flattering look.

"This mother-in-law is quite knowledgeable."

Lin Caisang grinned, revealing a faint and dangerous smile.

"I heard that the two mothers-in-law often go to Lianhua County?" she asked.

"Yes, yes, we go there often." The good-natured old lady replied.

"Why go there often? We only go there once a year. Lianhua County is in the Liang Kingdom's situation.  
Can we go there often?"

When the bad-tempered old lady heard what she said, she immediately became unhappy and yelled at Lin Caisang.

"you--"

The other Yabozi's face turned green when he heard her words.

What's going on with this old guy? Does he have to kill both of them to be happy?

No matter what situation they are in now, if they don't do it well, they will die!

These people were able to catch the two of them from Wanling Tooth Shop under the nose of their boss, which shows that they are capable.

It might be possible to kill them directly when the time comes.

"It's okay to go once a year."

Just when she was about to remind Yabozi beside her, she heard Lin Caisang speak.

"Do you two remember that you bought a man named Lin Baizhong on the black market in Lianhua County? He was about thirty to forty years old, but he was very good-looking."

"Lin Baizhong?"

Upon hearing this, the two naughty ladies carefully recalled the men they had bought in Lianhua County over the years.

They have always had good taste and are very picky. How could they be willing to accept someone who is not good-looking?

Therefore, in their eyes, every man they can buy is good-looking.

But.....

Speaking of thirty to forty years old, there are really not many people that old.

"I've never seen a Lin Baizhong, have you seen one?" The good-natured old lady looked at the other one and asked.

"No."

The old lady said impatiently.

But after thinking about it, I felt that my life was in someone else's hands, so I couldn't just say nothing.

"I have never heard of the name Lin Baizhong, but I know that Lao Yangpo took in a man more than three years ago. Although he was quite old, he was very handsome. Later, he sold a good price at Wanling Tooth Shop. What about the price?

Chapter 1782 How did you die?

At that time, the boss praised Lao Yangpo very well and rewarded her with three taels of silver.

But that person's name was not Lin Baizhong, but Su Zhengzhong. "

she said.

"Lao Yang Po?"

Almost as soon as she heard the name Su Zhengzhong, Lin Caisang was sure that he was her father Lin Baizhong.

"Where is that old woman?"

Although she believed that Su Zhengzhong was Lin Baizhong, she still needed to find out the details.

"Lao Yang Po has stopped working in our profession a long time ago. I heard that she has gone to live in Tiancheng. She may have made a fortune." The good-tempered Ya Po Po said to her in a sour tone. .

Tiancheng is not a place that people like them, who work for others and get paid, can afford to live in.

What's more, she also heard that Lao Yangzi's mother-in-law had already bought a house in Tiancheng.

The house cost a lot of money. I don't know where Lao Yangpo got the money, but she was able to buy a house in Tiancheng. Thinking about it, she felt envious!

"Amagi?"

After hearing Yabozi's words, Lin Caisang glanced at Sui Zimo.

But Sui Zimo's eyes glanced directly at Ban Jue, signaling him to find this person.

"Otherwise, I'd better go find it."

Finally, Uncle Asan, who had been silent and had never done anything practical, spoke.

You can't just let them do everything while you do it and watch from the side, right?

"No need, Uncle Asan."

But Ban Jue denied his words and shook his head at Sui Zimo and Lin Caisang.

"Master, Miss Lin, my subordinates have already inquired. Lao Yangpo did not go to Tiancheng, but died four years ago after bringing those men back from Lianhua County.

That is to say, within two months of Wan Ling Tooth Shop selling those people, Lao Yang Po was directly killed. Now I am afraid that even the bones are not preserved. "

"hiss!"

When the two Yabozi heard his words, they suddenly gasped.

Are all the old ladies dead? Then who have they been envying all these years, a dead person?

Isn't this too scary?

"died?"

Lin Caisang frowned.

"How did you die?" she asked.

"The boss of Wanling Dental Shop should have sent someone to kill him. Wanling Dental Shop secretly does some shady business, selling some people who shouldn't be sold, or maybe doing business with some people who shouldn't be able to do business. people did the business."

Ban Jue glanced at the two Yabozi and said.

"The old Yang Po must have been brought to such a place because of the person she bought. Therefore, she can no longer live."

"how so?"

The two toothwives were so frightened that they almost hugged each other.

There are always some people in Wanling Yaxing who get rich inexplicably, or some relative dies and all the property is given to them.

Therefore, they, the tooth ladies, all feel that being able to work at Wan Ling Ya Xing is their ability.

Maybe I will become rich like those people in the future.

How could they have imagined that those so-called 'rich' people were already dead.

Isn't it strange that those who have made a fortune, even if they say they have made a fortune, no one has ever seen them again? They are all dead and buried in a hole, right?

This... what could be more frightening than hearing such terrible news?

"It seems that Wanling Yaxing is not as good as others say."

Chapter 1783: Say anything to others!

Lin Caisang raised his eyebrows, looked at Yabozi who was almost scared out of his wits, and said with a smile.

How dare those two naughty bitches dare to say anything? They were so frightened that their hands and feet were so weak that they didn't even listen to their own words.

"What about the owner of Wanling Teeth Shop? Have you found him?" she asked Ban Jue.

"No."

Ban Jue shook his head.

The boss of Wanling Teeth Shop is extremely cunning.

No one in the entire Wanling Ya Shop knew where he lived or where he came from. They only knew that he was their boss.

Moreover, the owner of Wanling Dental Store always wears a mask on his face and has never seen his true face. It is very difficult to find such a person.

"Our boss lives underground in Wanling Yaxing... Hmm!"

Before the grumpy bitch finished speaking, the good-tempered bitch covered his mouth.

"Are you desperate for your life? Say anything to others!"

The boss's secret is something they can tell. If the boss knows that it was them who told it, the fate of the old woman will be their fate in the future!

At this time, they can only tell these people some things that they know, but the boss will not take care of.

"you....."

‘Bang!’

With a loud noise, the good-tempered Yabozi got up and was kicked out by Lin Caisang.

Sui Zimo: "..."

Ban Jue and Uncle Asan: "..."

They want to say, in fact, let them do such a thing.

"Sang'er, let men do things like beating people." Sui Zimo said quietly to the little girl.

He had never seen a little girl beating someone. Even in the virtual mission, Sonny used the Wind Spirit Whip to beat someone. Why did he kick someone so hard?

And looking at that old lady, she was kicked by Sonner. She didn't even make a sound of pain, she just fainted.

"You want to fight?"

Lin Caisang blinked and looked at him in confusion.

"I thought you didn't hit women, so you wanted me to do it."

"Hitting a woman is a serious matter." Sui Zimo said.

He never considered himself a gentleman and would not hit a woman. If she was a vicious woman, why would he show mercy?

This is wrong, isn't it?

He is not the kind of pedantic person who thinks that beating a woman is not what a gentleman does!

"Oh I see."

Lin Caisang nodded, and then turned his attention to the bad-tempered old man.

Yabozi had already been frightened by Lin Caisang's kick just now. Her eyes were wide open at the moment, wondering what she was thinking.

"Okay, no one will disturb you now. Continue, where does the owner of Wanling Dental Store live?" she asked.

"I....."

Yabozi opened his mouth, his eyes full of fear.

"If you tell me, I can guarantee you that you can walk out of this room alive."

Lin Caisang naturally saw the fear in her heart, and continued to speak to her.

"Moreover, I can also arrange an identity for you in Lianhua County. Although you are not a wealthy person, you can still live a stable life."

"Really?"

Yabozi swallowed and asked carefully.

No one wants to live in a place like a barbaric country. If you accidentally offend someone, you will die.

Moreover, even if he dies, he will not avenge her. That is called dying in vain!

If she could really go to Liang Kingdom and live in Lianhua County, then she would be willing to do anything.

Chapter 1784 Hiding aside and not moving

"Of course it's true. Lin Caisang nodded seriously and said.

"Then...I say."

After thinking about it for a while, Mrs. Ya felt that she might die if she continued to stay at Wan Ling Ya Shop.

Since she will die wherever she goes, why not tell her everything about the boss here, and maybe give her a good place to go.

"Everyone in Wanling Dental Clinic knows that our boss comes and goes without a trace. No one has ever seen how he entered the dental shop. I also discovered it by accident."

While speaking, she secretly glanced at Lin Caisang and Sui Zimo, and then swallowed.

"Beside the north wall of our Wanling Ya Shop, there is a dry well. The place is so gloomy that even the people in our dental shop dare not approach it because it is rumored that all the people in the dry well are those who were beaten to death in the dental shop. slave.

I really discovered it by accident. It turned out that I could still walk down that dry well. "

"oh?"

Lin Caisang looked at her and said softly.

"Really, I saw it with my own eyes."

When Yabozi heard her voice, he thought she didn't believe it, so he hurriedly spoke again.

"One night last year, I had already gone home, and I realized that one of my earrings had fallen off. It was a reward from my boss when I had made great achievements in the dental clinic. It was very valuable.

I hurried back to look for it. I couldn't find it in the front, so I went to the back to look for it. But what a coincidence, I saw our boss coming.

We nuggets like us couldn't just go to that backyard, so I was so frightened that I hid quickly.

As a result, I found that our boss actually stepped into the dry well. I was curious, so I hid aside and wanted to see if the boss had hidden any treasures in the dry well.

But I waited and waited, and it wasn't until the next morning that I saw the boss come out of the dry well, but I had a look of mosquitoes on my face.

When our boss came out, he had changed his clothes.

Sir, girl, tell me, if the boss doesn't live in a dry well, where else can he live? "

she said.

Lin Caisang felt overwhelmed after listening to her words.

A boss can be considered wealthy, right? He actually lives in a dry well!

It seemed that the boss was afraid that the city lord would take notice of him for making money, so he found a good place to hide it from the beginning.

But unfortunately, someone saw it.

And this bitch probably wasn't just curious. She probably thought that her boss just put all his belongings in the dry well, right?

Then I thought about going down by myself after the boss left. It would be great if I could bring something back.

"I don't want to hear this, I want to know about Su Zhengzhong," she said.

She has no interest in hearing other people's secrets. What she wants to know is always the news about her father.

"Isn't the news about that person simple? The boss must know it." Yabozi said immediately.

"Then Su Zhengzhong came at the right time, and he also encountered an auction, but he was not even pulled out for the auction, it seemed that he was taken away by some big shot.

I saw at that time that the boss came out to meet the man. Su Zhengzhong was carried out. He must have been drugged. "

As she said that, she recalled it carefully. She couldn't remember the details. Anyway, at that time, it was the boss who nodded and bowed to the man, so she took another look.

Chapter 1785 I will definitely go

"You two, think about it, our boss is one of the top figures in Yongxia City. When did he lower himself to another person in such a low voice? I guess this person may be someone from the city lord's palace. , or people from other city lords' mansions.

"Brother Mo Lian, what should we do now?" After hearing what Mrs. Ya said. Lin Caisang asked Sui Zimo.

Should we just arrest the boss of Wanling Ya Store and find out the whereabouts of her father?

This is a way, but...

"Let's go to Wanling Yaxing tomorrow to have a look." Sui Zimo thought for a while and said.

If it was true as the tooth shop said, the person who bought Lin Baizhong away must be someone the owner of Yaling Tooth Shop could not afford to offend.

If they directly arrest the boss of Wanling Dental Store for interrogation, they may not be able to find out anything.

People in the dental business are very smart and will not offend anyone they dare not offend.

"good."

Lin Caisang had no objection and said.

"Sir, girl, if you want to know where that man was sold, you can go to Wanling Yaxing to find Brother Yan. He is the recorder of Wanlingyaxing. Every slave who comes in is registered with him. of."

In order to please Lin Caisang and Sui Zimo, Yabozi added another sentence.

"Is there a record?"

Lin Caisang looked at her.

If there is a record, that would be the best thing.

"Excommunicate, you go and do it."

Sui Zimo immediately ordered his banishment.

"Yes, Master."

He was banished and went out.

Uncle Asan thought for a while and followed Ban Jue out.

...

"Master, Miss Lin, my subordinates went to check on the man named Brother Yan."

After a while, Ban Jue and Uncle Asan came back, but neither of them looked very good.

"How about it?"

Lin Caisang asked, eager to know the situation.

"Brother Yan has recorded the slave trading situation of Wan Ling Ya Store, but for the name Su Zhengzhong, there is only a record of entering, and no record of leaving. There are only four words written on it: retained by the boss."

"The boss keeps it!"

After hearing these four words, Lin Caisang gritted his teeth.

It seemed that they had to make a trip to Wan Ling Ya Xing, otherwise, they really didn't know how to find her father.

"What about the boss?" she asked.

"I heard that the owner of Wanling Dental Store does not go to the dental store every day, but tomorrow is the auction, so he will definitely go." Ban Jue replied.

"tomorrow....."

Lin Caisang murmured these two words softly, then looked at Sui Zimo.

"Exiled Jue, go and arrange a few people in person. I want to meet the boss of Wanling Tooth Shop tomorrow. I will meet him directly at Wanling Tooth Shop!" Sui Zimo ordered Expelled Jue.

"Yes, Master."

The banishment was answered.

When they meet at Wanling Yaxing, that means they are directly confronting the boss and asking him directly, right?

That's not right. The prince told him to arrange a few more people. That is, to secretly meet the boss of Wanling Tooth Shop directly at Wanling Tooth Shop?

He got it.

...

On the second day, Wan Ling Ya went.

Yongxia City is particularly popular on this day, especially at the entrance of Wanling Yahang.

A large-scale slave auction is about to begin, and many people who are particularly interested in this matter have come to watch.

Of course, basically all the people who enter Wanling Tooth Shop are women, and there are also a few women who wear veils, making it difficult to see their appearance.

Sui Zimo and Lin Caisang went directly to Wanling Tooth Shop, and Hua Yinzi found a private room and sat down.

Chapter 1786 Are you angry?

Because they had just arrived and had not sent anyone to make a reservation before, the good private room was no longer available for them, so they found a private room that was more remote and had a worse viewing angle.

But fortunately, people outside can't see what's going on inside the private room.

As soon as the two sat down, Sui Zimo winked at Ban Jue.

Ban Jue understood, turned around, closed the private room door, and went out.

After a while, under the urging of all the guests, a man came out from the auction table below. After saying a few words, he ordered two rough ladies to directly bring a girl dressed like a fairy to her. Taken out.

The girl really had a charming face, but there was anger in her eyes.

Even though he was being held by the rough women, he kept twisting his body, trying to break free from the hands of the two women, and then escape.

"Tsk, tsk."

When the man on the stage saw the girl being escorted out, he turned around and clicked his tongue twice.

Then, he strode over, reached out and grabbed the girl's chin, and lifted the girl's lowered head.

The next moment, there were many people in the audience shouting, asking the men on the stage to quickly tell them the lowest price. Some of them were more arrogant and directly asked the men in the audience to take off the girl's clothes and let them Let's first evaluate how much this girl is worth.

After listening to the words of those in the audience, the man frowned for a moment, feeling that it was not appropriate, and glanced in one direction.

But the next moment, there was only a 'stab' sound.

Without saying a word, the man reached out and tore the clothes off the girl's chest. It was really torn open, and the little girl's chest suddenly revealed a large area of white skin and a red envelope pocket.

When the people in the audience saw this scene, they immediately became excited.

"Don't look."

In the private room, Lin Caisang couldn't react for a moment.

When she reacted, she raised her hand and blocked Sui Zimo's eyes.

"Ah."

Sui Zimo chuckled lightly.

"Don't laugh either!"

Hearing her laughter, Lin Caisang said angrily.

This auction is really not the place they should come to. How could it be like this? It's so hateful!

"Angry?"

Sui Zimo stretched out his hand, picked up the little girl whose cheeks were bulging with anger, and put her on his lap.

"Don't worry, I didn't look."

How could he take her woman seriously?

"My son has grown up so much that he is jealous."

"Who, who is jealous!"

How could Lin Caisang admit that he was jealous?

But looking at the man's actions just now, she really wanted to chop off his hand.

Although she knew this was the most basic thing in the auction house, but...she just couldn't stand it anyway, and didn't want her brother Mo Lian to look at the bad ones.

"What are you doing? Let me down."

"Just hold her like this, you block it for me now, and I'll block it for you later." Sui Zimo said with a smile.

"Later?"

Listening to his words, Lin Caisang was full of confusion.

"Why wait? Why should I let you block it?"

Why are you blocking me? I didn't see that the person selling the goods below was a girl. They were both women. What happened to her when she glanced at her?

Although, she really didn't want to see it.

"Silly girl."

Sui Zimo held her waist with one hand and patted her head a few times with the other hand.

While the two were talking, several groups of people in the audience had already called out the price, and a girl was sold directly.

Chapter 1787 Send someone to keep an eye on it

Moreover, he complied with the buyer's request and stamped the word slave on the girl's face with red iron in front of everyone. The screams resounded throughout Wanling Yaxing.

But those people in the audience seemed to have neither heard nor seen, and were indifferent.

"Is it always like this here?"

Lin Caisang looked at that scene and couldn't help but murmur to himself.

"Every place has its own living habits."

Sui Zimo just looked at her and softly comforted her inner imbalance.

He knew that the little girl would definitely feel uncomfortable if she saw this, but life was so real. Even if she didn't see it here, Sonny would still see similar things in the future.

Even compared to those, Wanling Yaxing treats slaves well enough.

"My father..."

"Shh, uncle must be fine. We will find him."

Before Lin Caisang could say anything, Sui Zimo interrupted her.

Lin Caisang pursed her lips and said nothing.

After a long time, the twenty girls in the first round had been auctioned off, and it was the second round. All of a sudden, a shirtless man came up. Except for his lower body, which was covered by some cloth, other parts of his body were. Almost nothing.

Lin Caisang hadn't even glanced at the figure when his head was pushed directly into his arms by Sui Zimo.

"What's wrong?"

She was quite confused and asked in a low voice.

"nothing."

Sui Zimo said two words calmly.

However, Exiled Jue, who had just come in from outside the door, coughed slightly when he saw this.

"Sir, my subordinates have searched around, but they haven't found the boss that Mrs. Ya described."

"there."

Sui Zimo glanced in one direction and said to Ban Jue.

And that direction was exactly where the man on the stage had scanned several times during the auction, and that place was not a private room, just an ordinary table.

"Then...there?"

Exiled Jue followed his prince's gaze and saw several men sitting on the most ordinary table, looking excitedly at the shirtless male slave on the table.

Will there be an owner of Wanling Dental Shop there? Why does he think it's impossible?

However, the prince will not be wrong about this, and he is absolutely sure of this.

So, the owner of Wanling Teeth Shop is really shrewd. He pretends to be polite and sits down in the most ordinary place, and then directly gives orders to the man on the stage with his eyes?

This method is really good enough.

Just as he was thinking about it, he saw the man on the stage listening to the crazy roars from the audience, and actually asked to tear off the only piece of fabric on the slave's body so that they could evaluate it.

But there are not only men in the auction house, but also women.

So the man was also a little hesitant. At this time, Ban Jue saw the man's gaze drifting towards the table.

With sharp eyes, he saw one of the people sitting at the table nodding to the man, indicating that he agreed to the guests' request. The next moment, the man on the stage did so.

"It's him! Master, my subordinates will send someone to keep an eye on him."

His eyes lit up and he immediately led the people out.

...

After sitting for most of the day, it was finally time to have lunch.

The auction was still going on, and everyone in the Wanling Tooth Shop was served food by the attendants inside.

The meals are divided according to the level of each private room.

Chapter 1788 Use all your strength

Lin Caisang watched as everyone lowered their heads and began to eat. However, the owner of Wanling Dental Shop, who probably couldn't get used to eating the most ordinary food, finally got up and turned around and left when no one was paying attention.

"What a good plan."

Lin Caisang looked at the man's retreating back and smiled coldly.

There were screams one after another in her ears. Even if she didn't look at the stage, she knew that the slave on the stage must be stunning.

So, leave while everyone's attention is on the stage.

It was really easy to walk without anyone noticing.

"gone back."

Sui Zimo stood up, bent down and picked up his son, and then left.

...

"ah!"

A muffled scream came from the room.

Because when the man screamed, a ball of white cloth was stuffed directly into his mouth.

"Uh-huh!"

He widened his eyes and looked at the people in front of him, truly dumbfounded.

He was obviously going back to be served and fed, but how could he be tied up in the blink of an eye, and in a place he was completely unfamiliar with?

"Master, Miss Lin, you're awake." Ban Jue looked at Lin Caisang and Sui Zimo and said.

"Yeah, I heard that."

Lin Caisang didn't even raise his head, just looking at the bottles and jars on the table.

"Wait a while and I'll prepare the poison. If this person doesn't obey, just use the poison to kill him.

"Well!"

When the man heard that, he was so frightened that he held his breath.

He heard the crisp voice and looked at the back of a little girl. How come the words he spoke were so scary?

The so-called 'this person' should be him, right?

"Hmm."

He was scared to death, and thinking of escaping from here quickly, he began to struggle violently.

This woman is so scary, he doesn't want to die in her hands.

Moreover, he didn't even know who these people were. Even if he was going to die, he couldn't die in such an unclear manner, right?

"Quarrel!"

Lin Caisang uttered another word.

'Snapped--'

A crisp ear scratch landed directly on the man's face.

The banishment was carried out with all the strength, and the man's jaw was almost knocked off.

"Well!"

The man was beaten until he wanted to scream, but he couldn't.

In his life, he has never been bullied like this, nor been in such a embarrassing situation. Who are these people?

Also, how did he get tied here? The last memory he had was of eating.

"Finally done."

After a while, Lin Caisang came to the man with a small porcelain bottle.

Upon seeing this, Ban Jue immediately pulled out the gag from the man's mouth.

"Are you the boss of Wanling Teeth Shop?"

Lin Caisang raised his eyebrows, looked at the man in front of him whose face was swollen after being beaten by banishment, and asked.

"Um...you...who are you?"

The man asked Lin Caisang breathlessly, without answering her question first.

"answer."

Sui Zimo stepped forward, and with a sweep of the palm of his hand, the man was swept directly from the chair to the ground, in a kneeling position.

"You... you..."

The man gritted his teeth and really wanted to use his eyes to sweep out a few holes in these people's bodies.

Unfortunately, he doesn't have that ability.

"Yes, our boss of Wanling Tooth Shop, what exactly do you want to do?"

Chapter 1789 Are you crazy?

These people are here for his Wan Ling Ya Xing. Are they really from the City Lord's Mansion?

"Are you from the City Lord's Mansion?"

"Do you remember a man named Su Zhengzhong?" Lin Caisang asked him directly.

She didn't have time to follow this man and say some irrelevant words, so she directly stated her purpose of arresting him.

"Su Zhengzhong? What Su Zhengzhong, I don't recognize...ah!"

The man was just about to say that he didn't know him, when he saw the small porcelain bottle in Lin Caisang's hand, shaking it in his hand, and seemed to be pouring the unsealed bottle mouth onto him.

He screamed in fright.

"I really don't know him, I've never heard of it..."

"It seems that you still have to use some poison to be honest.

Before he could finish speaking, Lin Caisang's faint voice rang out.

While she was speaking, Sui Zimo took the porcelain bottle directly from her hand into his own, and then...

The man's eyes widened and he looked at the man in front of him in horror. He held his chin with one hand and tried to pour the poison from the porcelain bottle in the other hand into his mouth.

He kept trying to shake his head and shut his mouth, but no matter what he wanted to do, he couldn't.

In the end, he could only watch as Sui Zimo poured all the poison in the porcelain bottle into his mouth. Finally, he took a cup of tea from Ban Jue's hand and poured it into him.

"Ugh... ugh!"

When Sui Zimo's hand was removed, he wanted to vomit and spit out the poison, but he couldn't.

"You...what exactly do you want to do?"

After a while, knowing that he could not spit out the poison, he panted and raised his head, looked at Lin Caisang and Sui Zimo, and asked.

"Now, can we talk? Where did Su Zhengzhong go?" Lin Caisang asked again.

"What Su Zhengzhong, I don't know!"

When the man heard what she said, he was so angry that he cursed.

What Su Zhengzhong? How does he know this person? If he really knew him, he couldn't have no impression at all.

"Don't you know me?"

Lin Caisang raised his eyebrows and grinned lightly.

"But what should I do? Someone saw with their own eyes that you gave a slave from Wanling Yaxing to a man worthy of your groveling. Why, you still can't remember it?"

After hearing her words, the man finally remembered.

"You...you...are you crazy?"

Just because of such a good-looking slave, do you want his life?

What kind of exquisite products does he have in his dental shop? If they want it, he can give them ten or eight. Why don't he be so ruthless?

"Um?"

Lin Caisang raised his eyebrows again.

"speak English!"

"I....."

The man felt so angry.

"I'm just talking human language!"

How could he not speak human language? He was clearly speaking human language!

"That person's name is not Su Zhengzhong at all, but Su Baizhong!"

Is he unjust? They poured poison in his mouth for nothing. Why did these people get their names wrong?

Since we are looking for someone, we should at least find out the name of the person before we start talking!

"And me?"

Sui Zimo asked.

"I....."

The man opened his mouth, as if he was weighing whether he should say anything.

"I just made other poisons, go and bring them over, I want to try them."

Seeing his hesitation, Lin Caisang was not in a hurry, looked at Ban Jue with a smile, and gave instructions.

"yes."

Ban Jue responded and went to the table to get those porcelain bottles.

Chapter 1790 Don't know?

"No, no, I said.

At this moment, how could the man dare to grit his teeth and hold back without speaking? He saw that the poison in the porcelain bottles was about to be poured into his mouth.

"It's Maocheng. That person is the steward of the Lord's Mansion of Maocheng City."

"Maocheng?"

Lin Caisang looked at Sui Zimo.

She had never heard of this Maocheng.

Of course, the Barbarian Country was a place she had just touched upon, and it was normal that she had not heard of many places.

"Maocheng is a bit far from Yongxia City. It will take about two days to go back and forth." Sui Zimo explained.

"And Maocheng... can be regarded as one of the few peaceful places in the barbarian country. The city lord there is relatively mysterious. Probably even the people in their own city have never seen the true face of the city lord.

He didn't expect that he would be Maocheng's housekeeper.

"Can a housekeeper from Maocheng make you obey me? Why don't I believe it?"

Hearing this, Lin Caisang glanced directly at the man and asked with some suspicion in his tone.

Since it is a place far away from Yongxia City, then why does the owner of Wanling Ya Shop treat the city lord of Maocheng so politely, and the person who comes here is just a housekeeper.

You know, they heard from that old lady's mouth that the owner of Wanling Tooth Shop didn't even pay much attention to the city lord of Yongxia City.

unless.....

"The city lord of Maocheng is the boss behind your Wanlingya shop?" she asked.

Upon hearing her words, the man held his breath and his pupils shrank violently.

But the next moment, he immediately adjusted the expression on his face and shook his head.

"No, no, I don't have any boss behind me. This Wan Ling Tooth Shop is mine."

He would never admit this. If the city lord of Yongxia City knew that he was under the command of the city lord of Maocheng, would he still be able to leave Yongxia City alive?

Even if he manages to escape, what about his Wanling Yaxing?

Wanling Yaxing is the gold cake in his master's hands. He doesn't know how much money he can earn from buying and selling slaves in a year. If he loses his master's gold cake, can the master spare him?

So he would never admit anything about the boss behind Wanling Dental Store.

But so what if he doesn't admit it? Looking at his expression just now, how could Lin Caisang and Sui Zimo not guess it.

"Tell me about the housekeeper of the city lord of Maocheng. Why did he come to you to get some slaves to take back? Is it necessary to serve him? The city lord himself? Or someone from the city lord's mansion?"

She stared at the man with cold eyes and asked.

"I have no idea."

The man gritted his teeth and refused to say anything.

"have no idea?"

Lin Caisang murmured softly, then looked at Ban Jue.

"Then let him know."

"yes."

Ban Jue responded and brought a porcelain bottle over. After opening it, he held the man's chin and poured it into it.

"Well, cough!"

How could the man take precautions? What's more, he couldn't take precautions at all because his hands and feet were tied.

"I said, I said, don't... don't do it again."

Seeing that Ban Jue opened the second porcelain bottle and was about to pour the poison inside into his mouth, he hurriedly said.

But no matter how fast he spoke, it was still too late.

Ban Jue didn't listen to him at all and poured all the poison in the porcelain bottle into his mouth again.
