

Star of Space 179

Chapter 179 It's really wonderful

Hearing this, Lin Caisang frowned, because there are several types of waterwheels, big ones, small ones, and ones that are stepped on like stairs. There are also bamboo water pipes for automatic watering that flow water from the height of the windmill. Take it down the mountain.

This was part of the problem she had posed for her eldest brother. If Lin Changhong could do these things well, then she would definitely take him to the Golden Pearl Space to learn the art of mechanism.

"I'll ask my eldest brother to come up the mountain tomorrow."

"Well, you..."

"Sang Yatou, Sang Yatou, go and have a look, someone is coming to your house."

Ya Molian wanted to say something else, but she heard a breathless voice outside, and the two of them frowned in agreement.

"It's been three days. No matter how big the case is in the county government, it's almost finished, right? Did you just come here?" She looked at Ya Molian doubtfully and asked.

She really didn't know much about the things going on in the county government. Could it be that Liu Rumei was causing trouble again? Want to get Lin Changfeng away? But does she really think that there is no one in their Ya Village?

"As far as I know, Liu Qingshui's case has been settled. Liu Rumei stuffed one thousand taels of silver with the county magistrate and another five hundred taels with the mistress, and then fished Liu Qingshui out. It should be..."

Ya Molian didn't understand who else could find Ya Cun.

Hearing his words, Lin Caisang became even more confused. Now that everything was over, people from the county government wouldn't come to her house to lose weight just to find trouble, right?

"Uncle A-Zhu, who is here? Someone from the county government?" she asked Lin A-Zhu, who came over to report the news to her.

"She's from the county government. It's your second...Ah, what kind of aunt is she? It's Liu Rumei. She came to the door with a few people." Lin Azhu said with a look of anger on his face.

"Liu Rumei?"

Lin Caisang raised his eyebrows and grinned slightly.

"This is really wonderful."

Liu Qingshui came out safely. At this time, Liu Rumei was not at home to celebrate her son, and she even came to the house to make trouble. It seemed that something big had happened again.

But what other big things can happen to the Liu family? Liu Yushui was divorced by the Zhou family because of Liu Qingshui? !

This is probably the only thing.

"Brother Mo Lian, you're busy, I'll go home and take a look." After saying this to Ya Mo Lian, she walked away.

...

Although Liu Rumei brought a few servants from the Lin family, when Lin Changhong and other men saw that the situation was not good and rushed to help, they did not get any benefit at all. Instead, they were beaten until the corners of their mouths were cut. , huddled in a corner and being guarded by several men, not daring to move.

Liu Rumei, on the other hand, was sitting on top of the young vegetable seedlings that had just grown in the yard. It was like a ghost crying or a wolf howling.

"Lin Changfeng, you are a person who has been stabbed a thousand times, but you are not willing to help with such a small favor. Are you still not a human being? My Qingshui is your cousin, you are a heartless thing, why are you so cruel? For the sake of the reputation of a ruined scholar, he even ignored his own relatives.

You are simply not human. I want to tell everyone that you, Lin Changfeng, are nothing. You are worse than a pig or a dog! "

"you--"

Listening to Liu Rumei yelling dirty words, Lin Changhong was so angry that he was about to step forward and carry the woman outside. However, before he even moved, he was grabbed by Lin Changfeng. His arms were locked and he couldn't move.

"Brother Changfeng, listen to what she said? Is her son the only son?" Lin Changhong glared at Liu Rumei and roared.
