

## Star of Space 1791

Chapter 1791 What did you hear?

That's it, until I drank the poison in three porcelain bottles, I gave up at Lin Caisang's signal.

"vomit!"

The man's mouth was really bitter at this moment, full of the taste of poison.

And there was only one thing he felt at the moment, and that was that he was dead!

How could he survive after being fed so much intestinal poison? These people are really cruel!

"You...you are too cruel."

He shivered and looked at Lin Caisang, who was sitting in front of him with a calm expression, and Sui Zimo, who was radiating air-conditioning, as if he was about to be delayed.

Who are these people, and why do they want a slave?

He remembered that the slave was sold from Lianhua County, because the housekeeper took a fancy to the slave, and he was rewarded with a month's net profit from Wanling Tooth Shop.

He could forget everything else, but he could never forget this.

"I would like to advise you to tell the truth. My father is not someone you can fool around with. If you dare to say anything again, I have plenty of poison waiting to feed you. As for the antidote, you can't even think about it. "

Uncle Asan stood up and said to the man, his words were quite serious.

"Actually, we have no grudges against you. We just want to know the whereabouts of Su Baizhong. Why should you grit your teeth and not say anything? Even if you say it now, we won't say it in front of other people. That's what you said, isn't it?"

"You...really won't tell the master?" The man hesitated after hearing what Uncle Asan said.

He thought that he could not betray his master because his family was still in his master's hands.

If the master knew that he had betrayed him, none of his family members would be alive. He knew how ruthless the master was.

"Of course not, just tell me."

Uncle Asan assured the man with a sincere face.

"Don't worry, we won't tell your master." At most, after knowing where the boss is, we can kill that family directly, just like the Su Wan family!

He added silently in his heart.

"That....."

The man considered it again in his mind.

"Then I...I tell you, because my master is a woman, a woman disguised as a man."

"What?"

Lin Caisang was shocked.

What did she hear?

This means that the current lord of Maocheng, the majestic lord of the city in the eyes of everyone, a man who is upright and upright, is actually a woman disguised as a man?

Of course, this wasn't too surprising to her.

only.....

It seems that her father is really... too good-looking, but it's not good. No matter where he goes, he will be stared at.

"Then what?"

"Everyone knows that the city lord of Maocheng is very mysterious. No one has ever seen it. There is only the wife of the city lord in Maocheng, but in fact..."

"The so-called City Lord's wife is the City Lord!" Lin Caisang said this with absolute certainty.

"yes."

The man nodded in response.

"I used to be a... male favorite next to the master. By the master's side, there were only men she had favored, and if they listened to her words, she would reuse them. Of course, those men had to lose interest in her, or find someone. It will be reused only after new goals are set."

And he is such an example.

After favoring him for a few months, the master found a better one, then sent him to Yongxia City and gave him the management of Wanling Yaxing.

Chapter 1792 How miserable!

"Tsk.

Lin Caisang clicked his tongue lightly.

"Brother Mo Lian, shall we leave for Maocheng immediately?"

She looked at Sui Zimo and asked.

"Go and make arrangements."

Sui Zimo just looked at Ban Jue and ordered.

"yes."

He was banished and went out.

On this side, the man swallowed his saliva and looked at Lin Caisang nervously.

"Girl, I...I told the truth. The antidote..."

He has been fed so much poison. Without an antidote, there is only one word of death. He does not want to die so early. He still has his family.

Lin Caisang ignored him at all and directly ordered Uncle Asan to drag him away.

This man is still useful, so let him stay at Wanling Yaxian. As for the poison she gave... Anyway, he won't die for a while, so he can live with it.

When she finds her father from Maocheng, she will consider letting this man go.

...

Maocheng.

It was already two days later that a group of people arrived in Maocheng.

However, Sui Zimo had obviously told her before that Maocheng was a rare peaceful place in the Barbarian Kingdom, but as soon as she stepped into this place, it was completely different.

"Is this... a disaster?"

She asked, covering her nose and looking at the victims everywhere.

"Yes, Miss Lin, Maocheng has just suffered a flood that is rare in a hundred years. All the crops were submerged and many houses collapsed. It's pretty good here, and it's even worse in the north."

Exiled Jue replied.

"How miserable!"

Lin Caisang couldn't help but shook his head.

If the barbarian country was like the Liang Kingdom, there would be a country that would allocate money and food after a disaster, but here, each city is independent, and each city has a city lord.

Presumably, if Maocheng suffered a disaster, not only would the city lords of other cities not lend a helping hand, but what's worse, most of them would be adding insult to injury, right?

"Exiled Jue, send a few people to Uncle Asan and ask him to buy a few batches of grain from other nearby cities. Just set up a few porridge restaurants near Maocheng. It can save a day. Take these banknotes. "

She took out the silver float and handed it to Ban Jue.

"Miss Lin, there is no need for banknotes. In the barbarian country, there is no need for banknotes from other countries." Ban Jue looked at the banknotes in front of him and said.

Liang's banknotes were of no use in the Barbarian State, and people in the Barbarian State were not in danger. Who would deposit their money in a bank and use ready-made silver?

Therefore, if he wanted to buy food, he had better find a way to find money himself.

"Take it."

Unexpectedly, his prince glanced at him coldly and said.

"Well."

Ban Jue choked, touched his nose, and was about to take the banknote from Lin Caisang's hand.

But Lin Caisang was one step ahead of him and had already put away the banknotes. Then, he watched his mistress directly transfer a box into their carriage.

"This is three thousand taels of gold. You can use it as you see fit." She said.

Banishment: "..."

Three thousand taels of gold, how much food do you have to buy? The people of Maocheng have really accumulated great virtues in their last life, and they can be taken care of by their mistress.

"Yes, Miss Lin, I will take care of it now."

He responded, drove the carriage directly, and took Uncle Asan away.

"Don't you need to tell him anything?" Sui Zimo asked.

This directly asked Ban Jue to find someone to give porridge, and the people didn't even know who they were grateful to.

"No need, the merit value will be determined by myself. All I need to do is pay the money." Lin Caisang shook his head and said.

Chapter 1793 What the hell!

Furthermore, she does look at the people here, they are really pitiful, and even if she has no merit, she will help if she can.

...

Maocheng City Lord's Mansion.

Sui Zimo led Lin Caisang directly into the city lord's mansion in Maocheng in broad daylight.

Looking down at everything in the city lord's mansion, Lin Caisang was really ashamed.

It would be great if she could also have such lightness skills that she could come and go like the wind. Unfortunately, she doesn't have that ability yet.

"Brother Mo Lian, do you think this city lord will be in the front yard or the backyard?" She looked at Sui Zimo and asked him.

"Let's go take a look in the backyard first."

Even a man wouldn't usually handle city affairs in the front yard now that it's getting late, let alone a woman?

Looking at the city lord's mansion, there is no tension at all. It seems that the city lord doesn't pay much attention to the floods in his city. Maybe the life and death of the people are not important to her at all, right?

Therefore, it will usually be in the backyard.

"Um."

Lin Caisang felt the same way. The city lord should be in the backyard.

After a while, the two of them arrived at the backyard of the City Lord's Mansion. After walking around for a while, they saw a luxuriously dressed woman in her forties, sitting in a group...

Yes, it is a group of men, one, two, three...nine, ten, eleven, twelve, simply a group of men, letting them serve themselves.

Some were beating her back, some were squeezing her legs, and some men were feeding her fruits.

As for the men, all of them wore loose clothes and were half-naked.

The woman wasn't much better, with her hair disheveled, holding a man with both hands, kissing him on the left and right.

"This...what the hell!"

Lin Caisang was about to twitch. Is this what a city lord should be like?

Did she come to the wrong place? Did she see King Zhou?

What's more, it's a female version of King Zhou!

"Don't look at it anymore."

Sui Zimo directly turned the little girl's head towards him and kissed her on the forehead.

"Then you still watch!"

Lin Caisang rolled her eyes slightly and said.

He told her not to look at it. As for him, he couldn't get enough of staring at the female city lord!

She felt that after arriving in the barbarian country, her knowledge had become much wider. Before, she really didn't think that ancient times could still be so open-minded.

It can be regarded as seeing it.

"I did not see."

Sui Zimo replied with two words.

With a movement of his body, he took Lin Caisang away directly.

That place, that scene, was not something his son should see. Even if he wanted to see it, he could only look at him.

...

"Why did you bring me out? Did you bring the female city lord out?" Lin Caisang asked him after he returned to the inn safely.

Didn't they go to find the city lord? She was planning to capture him and interrogate him properly. How could he come back empty-handed?

"Can't bring it back."

Sui Zi had a dark face and said angrily to her.

In the situation just now, how could he get the female city lord back? If he touched her, his son would not be angry with him.

What's more, he really felt helpless.

"I'll let you banish me when I get home," he said.

"puff."

Hearing his words, Lin Caisang laughed out loud.

Her brother Mo Lian is really a master who likes to cheat his subordinates. Let Ban Jue do this kind of thing.

Chapter 1794 On an equal footing

"That's fine."

She nodded, feeling that someone had to do such a thing.

Her brother Mo Lian will not go, and he will not let her brother Mo Lian do this. Naturally, this matter will fall on Ban Jue.

"However, I don't think there's any need to arrest the female city lord right away. Let's let Ban Jue get the housekeeper here first."

If you capture the lord of a city, you will be discovered soon, but the butler is different.

If there was a bigger city lord's mansion, there would definitely be more than one person in charge. And when we were in Yongxia City before, the housekeeper that the man mentioned should be the one who took care of the female city lord's beloved men, right?

Therefore, after the man saw the housekeeper, he instinctively feared him.

"good."

Sui Zimo responded.

"Sonny, let's go practice kung fu for a while while we have some free time. How about I teach you Qing Kung Fu? Do you want to learn it?"

he asks.

Hearing his words, Lin Caisang's eyes suddenly lit up.

"Really, you want to teach me?"

She wants to learn everything now, especially after the two of them learned spiritual arts. Now she has some skills, but she still can't fly over the walls. She hasn't reached that level yet.

"right."

Sui Zimo raised his hand and caressed her face.

Although he really didn't want his son to learn these things, he was afraid that she would suffer.

But at the same time, she also knew that if she didn't learn kung fu well, the road ahead would be more difficult than anyone else's.

In fact, he really couldn't bear to let the little girl accompany him to Qianhuan Continent in the future. He just wanted to pamper her and protect her, and the two of them would go hand in hand for the rest of their lives.

But he knew that couldn't be done.

"Then what are you waiting for? Let's go."

Lin Caisang suddenly became interested, and immediately pulled Sui Zimo to the Golden Pearl Space. He did not go directly to the Lianxin Meridian, but to the deepest gap in the Golden Pearl Space.

Now there are two waterfalls in the Lianxin Meridian, which is actually quite good for practicing Qinggong, but it is simply impossible for her to practice Qinggong alone.

Therefore, what she took Sui Zimo to was the dark enchantment of Wuji Prison.

"Sonny, where is this place?"

Son'er's space is always very bright, even if you enter it at night.

But there is not even a little bit of light in this place.

Even he, who usually has strong night vision, felt like he couldn't see his fingers.

He could only hold Sonner's hand tighter and never let go.

"The dark boundary of the Infinite Hell." Lin Caisang replied.

"This is the place where I came in after my mission failed last time, but at that time I entered the ice barrier first, but it is different here. There is no light here, so it is called the dark barrier.

Originally, I couldn't get in here since the Lian Xin Vein was opened. Even if the mission failed, I couldn't get in, because according to Xiao Cai Que's wishes, Wuji Prison couldn't rob people of Lian Xin Vein.

But this time when the Golden Pearl Space changed, Lianxinmai was only upgraded by one level, but Wuji Prison was upgraded by two levels. Therefore, Lianxinmai and Wuji Prison were on an equal footing.

If I want to enter the Infinite Hell, that is also very easy. "

she explained.

Of course, she didn't want to enter Lianxinmai, but the most fundamental reason for entering Wuji Prison was that it didn't cost any points to bring people in.

And Lianxinmai...

Forget it, let's not mention those sad feelings.

Chapter 1795 Teach you now

"The Golden Pearl Order mentioned that practicing kung fu in Wuji Hell or Lianxinmai will get twice the result with half the effort, and Wuji Hell is the best among the dark realms. So, let's come here and you teach me how to practice light kung fu. How about it?"

Sui Zimo: "..."

He suddenly felt speechless.

I opened my mouth several times, not knowing what to say to the little girl, but if I didn't speak, I felt a little helpless.

"Sonny, you can't see anything in the dark barrier. Even if I teach you, how are you going to learn?"

Practicing Qing Gong is not a simple matter. You have to raise your Qi to fly upward.

How could he teach her in such a dark place where he couldn't even see his own?

Or to put it another way, if the little girl falls from mid-air when she is just starting to learn, where will he catch her?

You don't even have an accurate idea anymore, right?

Lin Caisang: "!"

She was also stunned when she heard his words.

"Yeah, I forgot."

Raising her free hand, she patted her forehead and smiled.

"Then let's go out first and stay in the food garden space, okay?"

"good."

Sui Zimo responded.

The next moment, the two came to the food garden space.

"Actually, practicing in the dark enchantment really has great benefits. According to the Golden Pearl Order, if you can practice in the dark enchantment to the point where you can see things, you will be able to see through other people's views in the future. All the conspiracies of oneself."

She said to Sui Zimo.

"That must be because of you, the master of the Golden Pearl Space." Sui Zimo said with a smile.

If it were someone else, even if they stayed in the dark enchantment, I'm afraid they wouldn't have the ability to see through all the conspiracies of others.

"Come on, I'll teach you now."

"OK."

Lin Caisang nodded hurriedly.

...

In Maocheng, after Uncle Asan was banished and given some people to him, he took them to set up porridge tents in several places outside the city. He also went to nearby cities to buy a lot of rice and shipped it over.

But it took a lot of time to transport the rice to Maocheng. It took most of the day to buy some rice from the nearest city, which was enough for the time being.

As soon as they heard that there was free white porridge to drink, people nearby came over one after another.

Several porridge soup places suddenly became lively, and it could be said that they were completely surrounded.

Because there were really few people in Jiulian Temple in the barbarian country and the manpower was limited, Uncle Asan even recruited local people to help.

If there is food and drink, of course the people will be happy to help.

Pots of white porridge were quickly cooked and ready to drink, as well as white flour steamed buns. Everyone started to call the people in the porridge tent living Buddhas.

The matter of banishing Zou Peng to Jue Jue was settled. Uncle Asan was watching, and since he had nothing to do, he went back.

But after returning, he did not see his two masters, only their carriage.

He had no choice but to inquire outside the city lord's mansion first, at least to get a thorough understanding of the city lord's mansion in Maocheng.

"Steward of the City Lord's Mansion, which one are you looking for?"

After changing his appearance, Ban Jue pretended to be an old man and went to the gate of the city lord's mansion to inquire.

"A steward is a steward. My nephew told me that he is the most powerful person around the city lord. He is responsible for everything the city lord has asked him to do. Just a few days ago, he went to Yongxia Where is the city?"

Ban Jue said to the guards guarding the door, pretending to be careful.

Chapter 1796 Just wander in

The boss of Wanling Dental Shop said that a few days ago, the city lord lost some beautiful men, and asked the steward to go to Wanling Dental Shop and select a few good-looking ones.

"Yongxia City?"

When the guard heard his words, he frowned slightly and looked at the other one.

"That's Manager Zhuo, right? I heard that he just went to Yongxia City, but didn't he go to visit his relatives? Why did he change to work for the city manager?"

Another guard asked doubtfully.

In their eyes, their mysterious city lord is just a man. Even if there is a male favorite around him, it is just a hobby of the city lord.

How could they know that their city lord was actually a woman, and in order to be surrounded by beautiful men, they would actually ask their capable people to go to Yongxia City to find men for her?

"Yes, yes, that is Manager Zhuo of your house. Ye Yan"

Ban Jue nodded repeatedly and looked at the guards carefully.

"He went to Yongxia City just to see me. No, he told my old man the benefits of coming to Maocheng and how wise our city lord is, so I took the whole family with me. Come and take refuge with my nephew."

He took what the guard said.

"Then it's an unfortunate time for you to come. Manager Zhuo has just gone home. I heard that his father is ill. Why don't you go to his house and have a look."

The guard said to Ban Jue.

"Going home?"

Ban Jue's big eyes turned and he looked at the guards again.

"Then, brother guard, do you know where my nephew's family is? Look at me, I have just arrived, and I don't know anything yet. I only know that my nephew is the steward of the city lord's palace. "

...

After a while, Ban Jue got word from the guard and found out where Guanshi Zhuo's family lived.

After coming over from the City Lord's Mansion and changing his clothes, he went directly to the door of Manager Zhuo's house and looked at the large house that at least ordinary people could not afford to buy or live in.

"Tsk."

He chuckled lightly.

"As expected, he is the most capable steward around the city lord. The houses he lives in are all of such high quality."

Thinking about it, if they want to know the whereabouts of Lin Baizhong, they have to start from Manager Zhuo. Asking the city lord is naturally impossible.

"Go in and have a look."

With that said, he lifted his feet and strode towards the already open door.

"Hey, hey, what are you doing? Why are you barging in so casually?"

In the Zhuo family, as soon as Ban Jue stepped in, he was stopped by someone. It looked like he should be a servant of the Zhuo family.

A steward had enough money to afford a servant to serve him. He glanced at the servant, pushed him away, and strode inside.

The servant was pushed by him and almost fell to the ground.

But he was not confused. After holding on to the wall, he chased Ban Jue in again, shouting while chasing him.

"You can't go in. This is a private house. Who are you and what do you want to do?"

When he heard the shouting outside, Manager Zhuo, who was eating with his mouth full of oil, came out with a chicken leg in his hand.

"puff!"

Ban Jue looked at the man who was so fat that he almost became a ball. For a moment, he didn't connect with Manager Zhuo.

Just seeing that he was so fat and actually holding a chicken leg in his hand, his funny look made him laugh out loud without even trying to hold back his laughter.

"What's going on? Who is he?"

Chapter 1797 What I want is you!

Manager Zhuo looked at his servant and asked with a cold face and a ferocious expression.

How does this person do things? Why does he let everyone into his house? Do you know that this is a private house and cannot be broken into casually?

"Master, I... I really can't hold him back. I'm sorry, I'm sorry." The servant knew that his master must be angry, but he had no choice but to apologize repeatedly. .

I don't know who this person is, but he can't hold him back no matter what.

I wanted to shut him out just now, but it was no longer possible, and this man's force in pushing the door open just now was really strong.

He pushed open such a heavy door with only one hand, and he blocked it with all his strength without blocking anyone.

What can he do?

"Master's house?"

When Ban Jue heard the servant's words about his family, he realized that this fat man was actually the manager Zhuo he was looking for.

"Are you the steward named Zhuo in the City Lord's Mansion?"

"Exactly!"

When Manager Zhuo saw him coming, he pointed out his most proud identity, and immediately raised his chin proudly and responded.

"Who are you? Do you want me to recommend you to the city lord? You have to be willing to do this."

He made a gesture to Ban Jue, which meant that he would bring Ban Jue to the city lord only if he needed money.

After that, his ruthless eyes still looked at Ban Jue up and down. In his eyes, he was quite satisfied with Ban Jue's appearance.

I thought to myself: The face is pretty good, but the temperament is a bit bad.

"Not everyone likes the city lord. With your skin, if you leave it to the city lord, you will be pampered for two months at most. But that's okay. With the city lord, even if you are pampered for two months, You can also get a lot of benefits.

But...if you don't have this, no matter how good-looking you are, if you don't have this manager, you can never see the face of the city lord. "

He said to Ban Jue.

Banishment: "..."

Who the hell are these people? He doesn't care whether the city lord is the city lord or not!

"It's you I want!"

With that said, he stepped forward and knocked the person unconscious with one punch.

...

That night.

When Lin Caisang practiced Qinggong for a day and finally came out of the Golden Pearl Space with Sui Zimo, he saw Ban Jue coming with two people tied up.

"Exiled Jue, who is this person? He is so fat that he is as fat as the pigs in the house."

She had seen that woman with disheveled hair before. She was the female city lord in the city lord's mansion, but her clothes were a little more serious now.

As for the other one, she really hasn't seen it before.

"He is Zhuo Guanshi who went to Yongxia City at the beginning." Ban Jue looked at Zhuo Guanshi and explained.

At this time, the female city lord had not yet woken up from her coma, but Guanshi Zhuo had already woken up because he was knocked unconscious first.

"You...who are you and what do you want to do?"

Manager Zhuo was trembling all over and looked at Lin Caisang and Sui Zimo carefully.

"I've already told you that the city lord asked me to go to Yongxia City, and I don't want to go either. I haven't brought back many people from Yongxia City in the past few years. They were all given to the city lord.

After giving it to the city lord, I have never seen them again. I really don't know anything. "

he cried to the two.

This man was so terrifying that I almost beat him to death. He was originally unconscious but was woken up by him.

Chapter 1798 The ugliest man

"Sir, Miss Lin, my subordinates have already asked. It was this person who brought your father here from Yongxia City back then, but he was not seen again after entering the City Lord's Mansion.

Ban Jue looked at Lin Caisang and said.

"Never seen it again?"

Lin Caisang murmured these words softly, and then glanced at the woman who was still unconscious.

"Excommunicate her and wake her up." She ordered.

"Yes, Miss Lin."

Ban Jue responded, picked up the copper basin next to him, and poured the cold water in the basin onto the face of the female city lord.

"ah!"

The female city lord was splashed in the face and she immediately screamed.

"You are so bold and dare to be rude to this city lord. You deserve death!"

She sat down immediately and cursed at Lin Caisang and Sui Zimo.

"Oh, aren't you pretending to be asleep?"

Lin Caisang chuckled and asked her.

"This girl is still thinking that if the water can't wake her up, then she can only burn her with fire."

"you....."

The female city lord was startled by her words and was so angry that she didn't know what to do, so she could only stare at her like this.

"Is she pretending?"

When Ban Jue heard what his mistress said, he opened his mouth slightly in surprise.

No wonder the woman didn't even wake up due to what he did just now, which made it impossible for him to interrogate her first.

He thought he was being too harsh, but it turned out that he was just pretending!

"Miss Lin, please let me come down. I promise that I will get the words out of this woman's mouth." He stared at the female city lord with cold eyes and said.

"No."

Lin Caisang raised his hand and denied the banishment.

"Exiled Jue, you go to the street and find three... no, find five, the dirtiest, smelliest, and ugliest men."

She ordered to Ban Jue.

"ah?"

Even Ban Jue was stunned by what his mistress said.

Did he hear it wrong? At this time, go outside and find a man, and...this condition...

"I think this female city lord seems to like men. She must not be able to live without a man, right?" Lin Caisang raised an eyebrow at the female city lord and said.

"In this case, we have invited the city lord here, so we can't neglect it. According to my wishes, we will go to the street to find people and serve our lord the city lord well."

"hiss!"

The female city lord gasped when she heard her words.

She is the lord of the city, and she has always been aloof. When looking for a man, she must have a world-famous appearance. She can't get enough of ordinary men, let alone the lowest ones.

Even looking at it made her feel sick.

"You...you dare!"

"Ah."

Lin Caisang chuckled at her, and then looked at Ban Jue.

"Go ahead, you can find a few more."

"yes."

He was about to turn around and leave.

"Wait, you're not allowed to go!"

When the female city leader saw that Ban Jue was really going to find such a man, she was so frightened that she quickly spoke up and wanted to stop him.

"You...what exactly do you want to do?"

She had already thought about it when she was pretending to be unconscious, but she couldn't figure it out. Her city lord's mansion was heavily guarded.

Moreover, she has always regarded herself as the wife of the city lord. How did they know that she was the city lord, and why did they arrest her here?

These people are crazy, they dare to arrest her dignified city lord!

"Whatever you want, I, the City Lord, can give you anything. In this Maocheng, there is nothing that I cannot handle. As long as you dare to say it, I, the City Lord, can get it."

Chapter 1799 I'll kill you!

"Tsk, you are so rich.

Lin Caisang clicked his tongue and looked at her.

Maocheng had just experienced a catastrophic disaster, but the so-called city lord was eating and drinking in the city lord's mansion, happily surrounded by beautiful men, and living like a god.

Is such a person worthy of becoming the lord of a city?

"I don't want anything from you, as long as you tell me that there once was a man named Su Baizhong. Where did you get him?"

She leaned over, looked at the female city lord, and asked.

"Su Baizhong?"

The female city lord frowned, as if she hadn't thought of this name for a moment.

"The city lord is the man I brought back from Yongxia City. You praised him for his extraordinary appearance." Seeing that his master couldn't remember it, Manager Zhuo quickly reminded her in a low voice.

After hearing his words, the female city lord finally remembered.

"It's him."

Thinking of Su Baizhong, the female city lord's face turned a little ugly.

"That guy who doesn't know how to praise me, I gave him some face, but he still dares to argue with me. How can I tolerate him? It doesn't matter how old he is, doesn't he just have a good-looking face? ?

Huh, for being so ignorant of promotion, this city lord ordered his people to throw him to Baibind Mountain! "

She didn't think there was anything wrong with throwing a bought slave into Baibind Mountain. Anyway, she would not let anyone go if they dared to offend her.

"White Blind Mountain!"

Hearing these three words, Lin Caisang's face turned pale.

It turned out to be Baibind Mountain, it turned out to be Baibind Mountain. She had thought about thousands of possibilities, but she never thought that her father would be thrown into Baibind Mountain!

She had been to that place, but she had not met her father.

"You-I'll kill you!"

Raising her hand, she wanted to kill this woman directly.

"Sonny."

Sui Zimo reached out directly and held her wrist to stop her.

"Brother Mo Lian, do you want to stop me?"

Lin Caisang gritted his teeth and looked at Sui Zimo with scarlet eyes.

Her father was thrown into Baibind Mountain, and he doesn't know what happened to him?

The last time she entered Baibind Mountain, she didn't meet her father. Maybe it was because Baibind Mountain was too big and she couldn't meet him for a while, or maybe...

Thinking of that possibility, she just felt that killing the woman in front of her 11,100,000 times was not enough to relieve her anger.

The female city lord's eyes suddenly lit up when she saw someone stopping Lin Caisang from killing her, and at first glance, he was an extremely handsome man.

"Sir, you save my city lord. As long as you save my city lord, you will be the most powerful person around me from now on. In this Mao City, you will be inferior to one person and superior to ten thousand people."

She asked Sui Zimo for help.

The woman who kidnapped her was not someone to be trifled with at first glance, and she had murderous intentions towards her.

At this time, she must save herself.

But it was useless for her alone. She couldn't escape at all. She could only use the help of Akatsuki next to her and let them help her.

Moreover, this man is really handsome. It would be great if he could stay by her side.

Lin Caisang: "..."

Turning her head, she looked at the woman who dared to seduce her brother Mo Lian even though she was on the verge of death.

"ink....."

"Sonny, no."

Sui Zimo looked at her seriously and shook his head.

"Don't you think that killing her at this time is of no use at all?"

"Then what should we do, let her live happily like this?" Lin Caisang asked him.

Chapter 1800 Shut up, you traitor!

This woman made it so difficult for her father to even know where he was now. Maybe...she didn't even dare to think about that possibility.

"Of course not."

Sui Zimo shook his head and looked at the female city lord who looked at him hopefully.

"Since she likes Baibind Mountain so much, let her live in Baibind Mountain. Also, those people from Su Mansion should rush to Baibind Mountain!"

"What?!"

When the female city lord heard his words, she was completely frightened.

What kind of place is Baibind Mountain? Who doesn't know how terrifying that place is?

Over the years, she had often used the name Baibind Mountain to scare the disobedient slaves around her, but she never thought that she would be thrown into Baibind Mountain.

"No, you can't do this. I am the city lord. I am the city lord of Maocheng. If I die, the people of Maocheng will not let you go!"

After a while, she realized what was happening and yelled at Lin Caisang and Sui Zimo.

She was the lord of Mao City and the ruler of this city. How could she die so easily? These people were simply trying to scare her.

If she dies, what will the people of Maocheng do? Maocheng will be doomed without her. These people will not take the lives of the people of the city seriously.

She didn't believe it.

"Oh, you don't dare to kill this city lord!"

Thinking of this, she chuckled, looking at Lin Caisang and Sui Zimo with a trace of contempt in their eyes.

"I am the city lord of Maocheng. If I die, all the people in Maocheng will die. None of them will survive! Do you dare to kill me?"

Haha, do you dare? "

Hearing her words, Lin Caisang raised his eyebrows and looked at Sui Zimo.

"What is she saying?"

Why can't she understand what this woman said? If this woman dies, all the people in Maocheng will die?

Could it be that this woman also knows some witchcraft and has the life and death of all the people in Maocheng implicated in her? This is not impossible.

"City Lord, are you crazy? If you don't beg for mercy at this time, why are you talking nonsense?"

On the side, Manager Zhuo, who was trying to shrink himself as much as possible, turned pale after hearing the shameless words of his city lord.

How could it be possible that in such a big city, Maocheng, with so many people, could not survive without one city lord?

As the city lord, they really have some whims!

"Shut up, you traitor!"

The female city lord looked at Manager Zhuo with cruel eyes, wishing she could cut him into pieces.

If it weren't for this slave, how could she have been tied up and come to this terrible ghost place?

"When this city lord goes out, I will definitely hand you into pieces, as well as your family members. I will not let anyone go!"

When Manager Zhuo heard her words, he shuddered with fright.

Even if these people wanted to throw him to Baibind Mountain, they never mentioned his family, so they only targeted him.

But his master, the lord of Maocheng, wanted to pin the idea on his family. If she was allowed to go out again, would he and his family still have a way to survive?

"Sir, girl, I want to tell you that the city lord has never managed her Maocheng. All matters in Maocheng are planned by the city lord's half-brother.
