

## Star of Space 1801

Chapter 1801 Don't even think about it!

But because the city lord didn't like her brother, he chained him up and locked him in a small courtyard in the backyard of the city lord's mansion.

If that young master could be released, it would be a blessing for Maocheng. As for the city lord, she has no abilities, and she has no regard for the life or death of the people of Maocheng.

If you really kill her, it will be a great kindness to the people of Maocheng. "

"you--"

When the female city lord heard what he said, she was so angry that her mouth twisted.

"You bitch, this city lord will kill you!"

She wanted to take action and kill these guys who were betraying their masters, but unfortunately she was tied up and couldn't do anything.

"Ah.

Lin Caisang looked at them and really laughed.

Here comes a man who wants to borrow their sword and kill his master.

"Looking at it, there are really all kinds of birds. Look at the forest in Maocheng. It's really lively."

"Miss Lin, if you don't have any objections, then you can follow my instructions and let me do it?" Ban Jue looked at Lin Caisang and asked.

He also felt that it was too cheap to just kill this woman.

"Go do it."

Lin Caisang waved to him.

...

"Brother Mo Lian, I want to..."

Sitting on the rickety carriage, Lin Caisang thought for a long time before finally speaking to Sui Zimo.

But as soon as the words came to her lips, when she saw his eyes looking towards her, she didn't know how to say what she wanted to say.

"Don't even think about it!"

Sui Zimo naturally knew what she wanted to say, and without hesitation, he directly rejected her idea.

"My uncle has been going to Baibind Mountain for a few years. If he hasn't come out yet, he probably went directly to Qianhuan Continent. It won't help if we go to Baibind Mountain now. It's better to calm down and learn spiritual skills well.

In this way, when we go to Qianhuan Continent in the future, we will not be unable to move on Qianhuan Continent, and finding uncle will get twice the result with half the effort. "

"But....."

Lin Caisang opened her mouth, full of words.

But when she looked at Sui Zimo, she couldn't say a word.

"No buts."

Sui Zimo interrupted her again.

"Sang'er, you should know how dangerous the Qianhuan Continent is. Now that the two of us are going there, we are probably going to die. Can you understand?"

If my uncle is really in Qianhuan Continent, do you think he would want us to go there to find him right now, and then suffer with him? This is still the best idea, what if I can't find it?

There are many variables in that place. What should you and I, two people with such weak spiritual skills, do when we get there? "

"I....."

Lin Caisang could only say the word "I", and she really couldn't say the next words.

In fact, she also knew in her heart that it would be an unwise decision to go to Baibind Mountain or Qianhuan Continent now. She and Melian Brother were nothing now, so how could they go to Qianhuan Continent.

Moreover, her father had arrived at Baibind Mountain many years ago. Speaking of low, she really had no idea where he was at the moment, or...

But she absolutely believed that with her father's skills, he would be safe.

That's all she could tell herself.

"Sang'er, listen to me. Let's go back first and heal my grandpa's leg. Then we go back to Shaohua City and practice in seclusion. When our spiritual power has greatly improved, we can then set foot on Qianhuan Continent. How about that?"

Seeing that she was silent, Sui Zimo opened his mouth to persuade her.

Chapter 1802 Will not lose it

"By then, we will be more confident that we can find uncle.

Hearing his words, Lin Caisang took a deep breath, knowing that the only solution now was to hold on to her heart and make herself stronger first, so that she could better go to Qianhuan Continent and find her father. .

"Brother Mo Lian, should we tell my mother about this?" She looked at Sui Zimo and asked.

"Auntie, it's best not to mention it." Sui Zimo thought for a while and said.

"But with Chang Hong, you can tell him that after all, you are brothers, and your uncle is your father and his father. When the time comes, you should let him do his part."

"you mean....."

Lin Caisang looked at him, frightened by his thoughts.

What does Brother Mo Lian mean, when they go to Qianhuan Continent, they will also ask their eldest brother to go with them?

"Sometimes, dangerous places are not necessarily bad. Changhong should also experience some unusual things. He always sticks to the unchanging things. For him, there is no benefit.

Sui Zimo said again.

"good."

Lin Caisang thought about it seriously and nodded in agreement.

"Then let him practice with us and the people around you. Do you need to choose a few?"

she asked.

"We will decide when the time comes." Sui Zimo said.

...

Yacun.

It took more than a month to go back and forth from the Man Kingdom. When I returned to Ya Village, Ye County was completely dry.

But Yacun was okay. Although the roads were dry and cracked, the crops in the fields were still alive, thanks to the two large ponds dug at the selected site.

In the Lin family, Lin Laogong was walking with his crutches, slowly rubbing them step by step in the yard.

From the initial need for support, now I can walk slowly on my own.

Seeing this situation, everyone was happy.

"Grandpa, grandma, I'm back."

Before entering the courtyard, everyone heard Lin Caisang's voice.

"Sangsang is back."

When Lin Laogong heard his granddaughter's voice, he was so happy that he almost threw the crutch in his hand and swayed.

"Old man, be careful."

Seeing this, Zhong You quickly stretched out his hand to support the person so that he did not fall.

"Grandpa, be careful and don't worry, your granddaughter won't be lost." Lin Caisang walked in from the outside, supported Lin Laogan from the other side, and joked.

"You!"

Lin Laogong couldn't do anything to his granddaughter, so he raised his hand and tapped the tip of her nose.

Seeing her looking around in the yard, he chuckled.

"Don't look at it either. Your grandma and your mother went to Menghuang Mountain and haven't come back yet. Your brother may have thought that you were coming back. He just refused to listen and insisted on going to the mountain to look for game. He probably won't be able to do anything for a long time." This hour can never come back.

Your third uncle and third aunt...hey! "

When he mentioned Lin Baiyi and Yang Lin, he had a sad face and sighed softly.

"What's wrong?"

Lin Caisang's face was full of confusion and he looked at Zhong You aside.

"Master, someone came from Yangjia Village. They said that the third aunt's mother brought news and asked the third aunt to go back to her parents' house. They also said that if she didn't go back, her mother would come to our house and hit her head on the door of our courtyard to death. superior.

There was no other way, so the third uncle and the third aunt had no choice but to pass. "

"What? Is there such a thing?"

After hearing Zhong You's words, Lin Caisang frowned immediately.

She has remembered the people of Yangjia Village all her life. She has never heard a good word about that family from Grandma and the others, not even from Third Aunt herself.

Chapter 1803 Destroyed by them!

Anyway, that family is famously stingy, and they would like to take things from other people's houses to their own house in various ways.

And in their own family, even if a grain of salt is taken away, they will know!

"Where are Song'er and Bai'er? Are they going with the third uncle and the third aunt?" she asked.

Could it be that the third uncle and the third aunt took Song'er and Bai'er away with them?

"Nope."

Lin Laogong shook his head.

"Song'er and Bai'er, your grandma and your mother are taking care of them. Fortunately, your mother is back, otherwise this matter... ugh."

Thinking of that in-laws, he really didn't know what to say.

But fortunately, his third daughter-in-law is a good person. If she doesn't have the same virtues as her parents, it can be considered that the Lin family has accumulated great virtues.

"That's good."

Lin Caisang's heart dropped when he heard that his two younger brothers did not go together.

"Grandpa, if that family really bullies others too much, just ask mom to send someone to suppress it, and that's it. There is no problem that is difficult to solve."

She thought for a while and said.

"Isn't this bad?"

Lin Laogong hesitated after listening to his granddaughter's words.

"It's Changfeng's grandmother after all. If it really makes the two families unhappy, it's not a good thing. If they don't go too far, let them go."

Lin Caisang: "..."

As soon as she heard this, she knew that her grandpa was guilty of being kind again.

"Okay, listen to grandpa."

She responded with her mouth, thinking in her heart that if her mother was not allowed to come forward, then she would ask her brother Mo Lian to come forward.

We can't keep letting that family come to our door. I guess they heard that Brother Changfeng passed the Jie Yuan exam in Ye County and wanted to follow suit.

Maybe they were doing something earth-shattering in their own home behind Brother Changfeng's back, and they were doing it in the name of Brother Changfeng.

If that were to happen, it would be too late by then, and Brother Changfeng's reputation would have to be ruined by them!

"Grandpa, then you continue walking in the yard. I will go to Brother Mo Lian and go to Menghuang Mountain with him. I will take Brother Mo Lian to see you later."

She said to Lin Laojie.

"go Go."

Lin Laogong waved to her.

"Zhong You, take good care of my grandpa."

Lin Caisang confessed to Zhong You and left.

...

"I will order someone to handle that matter."

As the two of them were walking on the road to Menghuang Mountain, Sui Zimo said something to the little girl.

"ah?"

Listening to these meaningless words, Lin Caisang looked at Sui Zimo inexplicably.

"What did you say?"

"It's about the Yang family." Sui Zimo said.

"Tsk."

Speaking of the Yang family, she really didn't know what to do.

After all, it is Third Uncle's family's business. As a niece, it is sometimes difficult for her to handle it. She can't really interfere in Third Uncle's housework, right?

But if you don't intervene, the Yang family will be very difficult to deal with.

The Yang family has not come to visit them in these years because they feel that the Lin family is poorer and has a harder life than the Yang family, and the Lin family has nothing worthy of their gain.

But things are different now. The Lin family is established, and Brother Changfeng has also passed the Jieyuan exam. Maybe he can get the top prize this time, but they came back before waiting for the news.

"If the Yang family can stick to their duties, I don't want to embarrass them," she said.

"It's hard for the Yang family to keep their duties." Sui Zimo thought for a while and said.

Chapter 1804: It's not her fault at all.

"I also met Third Aunt Yang's mother once. At that time, I had just been picked up by Yatu, and I happened to see the faces of the Yang family. They ate and took everything from the Lin family. I wished I could take the last piece of the Lin family. All the rice was taken away.

With such a temperament, how could he just give up when things get better?

Only force to suppress it is the best option. However, it is best not to let the Lin family know about this matter. They can just do it quietly by themselves.

"hehe."

Listening to Sui Zimo's words, Lin Caisang couldn't help but laugh.

To be able to make her brother Mo Lian, who is so calm on weekdays, have such a profound memory, come to think of it, this Yang family is really amazing.

"Okay, then just do it, I'll watch from the side.

She nodded.

...

On the deserted mountain.

From far away, I heard the baby's cry.

"Hey, what's wrong with Song'er? Why are you crying?"

She quickly ran a few steps and took Song'er from her mother's hands.

"I'm hungry."

The eldest princess answered her words.

Yang Lin and Lin Baiyi had also been away for two days, and the first two children in the family stayed behind.

Her mother-in-law can do it, but she... has never brought up a child since she was a child, and she has always had a good life, so how can she be busy and take care of a child who still needs to be held in her hands?

But at this moment, because Yang Lin left, she could only hold the crying child with one hand, and with the other hand, she scooped a small spoonful of milk into the bowl on the side and fed it to the little one.

But the little guy was hungry, and a small spoonful was not enough for him to drink, so he cried and drank at the same time.

"Sang Sang, you are back. Have you met your grandpa?" Lu Qiubo looked at his newly adopted granddaughter and was also happy.

Feeling happy, the hand stopped for a moment, but Bai'er became unhappy. The little guy couldn't drink milk and started to cry.

"Wow!"

"Ouch."

Lu Qiubo shouted with a smile, pinched the little guy's tender face and said.

"Look at how anxious this little guy is. Good, good, grandma will feed you."

"Mom, let me feed you. You go and rest for a while."

Lin Caisang didn't reply to Grandma's words first. Instead, she held Song'er and sat next to the eldest princess. Then she took the spoon from her hand and started feeding the little one.

"Xiao Songer, drink slowly, we are not in a hurry."

While feeding, she also whispered to persuade Lin Changsong, but unfortunately, the little guy didn't sell her account at all.

"puff."

The eldest princess couldn't help laughing.

"Sangsang, don't be in a hurry. Your cousin is in a hurry. You'd better hold him while I feed him."

she said.

"Auntie, go and help grandma, Sonner and I will feed Song'er." Sui Zimo said to the eldest princess.

Hearing this, the eldest princess glanced at her, said nothing, and went directly to Lu Qiubo to help.

"These two little guys look so cute, but it's really difficult to bring them up." She couldn't help but sigh.

Speaking of this, she thought of her son and daughter who were still in their infancy. She didn't know how Baizhong raised the two children by himself after she left.

It was really difficult for him.

After a while, the four people helped feed the two children. Finally, the children no longer cried.

"Mo Lian, Sangsang, where have you been?" the eldest princess asked them.

Chapter 1805 A look of depression

"this....."

After hearing his mother's question, Lin Caisang really didn't know how to answer.

She looked at Sui Zimo.

"Auntie, we went to the Barbarian Country. Something happened there, so I took Son'er with me to have a look." Sui Zimo replied.

"Barbarian country?"

The eldest princess frowned when she heard the word "barbarian country".

"That's not a good place to be."

Even she didn't dare to wander around in the barbarian country. The place was so messy that killing a person was as easy as chopping a carrot or a melon.

Whatever king's laws are there are of no use. ~~~\*°●.~~.●°\*~~

"I won't ask you anymore, you can just be careful. By the way, news has come from Jian'an City. Changfeng went to the town to buy some things. When Yang Lin and the others come back, we will set off back.

This time, you..."

"Mom, I won't go. Let's go to his place with Brother Mo Lian. And my brother, I want him to go to Brother Mo Lian too. Is that okay?"

Lin Caisang interrupted her mother and asked.

"Changhong is going too?"

The eldest princess glanced at Sui Zimo.

Shaohua City is not much calmer than the Barbarian Kingdom. Is this his idea to let Chang Hong pass?

"Auntie, Changhong is now grown up, and it's time for him to practice.

Sui Zimo looked at her seriously and expressed his thoughts.

"That's it, that's okay. Let Sangsang tell Changhong that he is the brother-in-law after all, and he should go to your place to have a look." The eldest princess nodded.

"Um."

Lin Caisang also nodded.

As long as her mother agrees, the next thing will be much easier to handle.

"Grandma, what do you think about the third aunt's family matter?"

Suddenly, she looked at Lu Qiubo and asked.

"this....."

When mentioning the Yang family, Lu Qiubo also looked depressed.

"It's annoying to mention this matter. No, grandma was just talking about this matter to your mother. After all, she is your third aunt's family. If she really wants to be cruel, I'm afraid it won't work.

But if you act lightly, you and your family will know that you will really be able to spare Changfeng's future. "

She gets a headache when she mentions the Yang family. She really gets a headache!

"Mom, what do you mean?"

Lin Caisang looked at the eldest princess and asked.

"If you want me to tell you, you still have to pull out all the stops and hold the person down directly. Otherwise, there will be trouble in the family in the future." The eldest princess thought for a while and said.

Just this time, Yang Lin and Lin Baiyi were forced to leave because of a matter of life and death.

There will definitely be a next time. Maybe the family still wants to make trouble with Changfeng. By then, it is possible that the matter will go to Jian'an City.

When something like reputation is said to be corrupted, it will be corrupted. I am afraid that even she, the eldest princess, will not be able to deal with it.

She wanted to directly hold the Yang family down so that they would not be able to leave even if they wanted to. They would stay in Yang Village for the rest of their lives, and then scare them a few times to make them calm down.

It's just that it doesn't matter what she says, it still depends on what her sister-in-law thinks.

"Auntie, you don't have to worry about this person's affairs, I will take care of it." Sui Zimo said to the eldest princess.

"Are you going to do it?"

The eldest princess raised her eyebrows and looked at him.

"Don't be too harsh this time, Mo Lian."

"Don't worry, the people below are careful in their actions, and they won't lose any arms or legs." Sui Zimo nodded and assured.

Chapter 1806 Go to the small bamboo house on the mountain and talk

"snort.

When Lu Qiubo heard Sui Zimo's words, he looked disapproving.

"I think the family will not be able to settle down without missing an arm or a leg. Sangsang, you don't know that they dare to come to your door and threaten your third aunt. They are going to hit the wall in front of our house." "

When she heard this, she was really angry. If the old man hadn't been persuading her, she would have wanted to run to Yangjiacun and ask that shameless in-law how many things he had done to his daughter. matter!

Now that you know that Changfeng has achieved success and the Lin family has risen, do you want to get a share of the pie?

What a beautiful idea they had!

"Grandma!"

Hearing his grandma's angry words, Lin Caisang looked at her funny.

"After all, they are the third aunt's family. No matter how bad they do, it still depends on the third aunt's face, right?"

Of course, the older generation looks at the older generation's face. As for her, she doesn't know anyone from Yangjia Village, so she's not welcome to do anything, so she can do whatever she wants!

"I just can't get angry!"

Lu Qiubo said angrily.

"Grandma, leave this matter to Brother Mo Lian. He will take care of it. Once the matter is done, my eldest brother and I will go with Brother Mo Lian." Lin Caisang said.

"so fast?"

Lu Qiubo frowned and looked at his granddaughter.

She couldn't bear to leave her granddaughter. She was used to doting on her granddaughter every day, and she really couldn't bear to leave her side again.

"Well, grandpa is already able to leave. Brother Mo Lian also has many things to deal with. He can't always run back and forth." Lin Caisang nodded and said.

"Okay, go ahead."

After hearing this, Lu Qiubo could only nod.

...

After working on Menghuang Mountain for a while, they coaxed the two little ones to sleep, and then they came down the mountain.

By chance, at the foot of the mountain, I met Lin Changhong who was about to go up the mountain.

"Brother Melian, Sangsang, you are down. I am going up to see you."

When Lin Changhong saw the two people coming down and saw his sister, his face was filled with joy, and he raised his eyebrows and spoke.

"You guys came at the right time. I hunted several pheasants in the mountains. Just in time, I roasted them for you to eat in the evening. Sangsang, why did you lose weight again after going out with Brother Melian?"

Sang Sang must have lost weight before, and he was happy because Sang Sang was losing weight, and the thinner she became, the more beautiful she became.

But now that his sister doesn't have to lose weight anymore, why is she getting thinner and thinner? Is it because Brother Mo Lian didn't take good care of his sister?

He glanced sideways at Sui Zimo and felt that it was impossible.

"Brother, are you back from the mountain? Just in time, I have something to tell you."

She might as well tell Lin Changhong directly about this matter, so there would be no need to brew any more emotions.

When she first heard the news about her father, she did have all kinds of emotions in her heart, but now, she feels quite calm.

"what's up?"

Lin Changhong looked at his sister with a serious look on his face. The topic he was going to talk about later should be quite serious.

Could it be that something big happened?

He looked at Sui Zimo and wanted to ask him if he was bullying his family Sangsang.

"Brother Mo Lian..."

"This is not the place to talk. Let's go to the small bamboo house on the mountain to talk." Sui Zimo turned his head and glanced at Menghuang Mountain.

The eldest princess has practiced spiritual arts. At this distance, although the eldest princess may not be able to hear anything whispered, there is no guarantee that the eldest princess will not hear anything if Lin Changhong is startled.

Chapter 1807 So I can't come back

"good."

Lin Caisang nodded, agreeing with what he said.

Lin Changhong became even more curious when he saw this.

What can't be said here? Why don't we have to say it in a bamboo hut on the mountain?

He looked left and right, and there was obviously no one there, only the three of them.

But even though he had doubts in his heart, he didn't ask anything and followed his sister and Sui Zimo away.

...

"What?!"

Sure enough, in the small bamboo house, when Lin Caisang told Lin Changhong directly that he had found out about his father, Lin Changhong stood up from his chair in shock.

"Sangsang, did I hear you correctly? Have you really got news about dad? What about others? Where are they now?"

he asked immediately.

"He was thrown into Baibind Mountain a few years ago, and there has been no news since then." Lin Caisang said, biting her red lips.

"White Blind Mountain? Is it the White Blind Mountain I heard you mention before?" Lin Changhong asked.

"yes."

Lin Caisang nodded.

"Did dad go to Qianhuan Continent?" Lin Changhong asked immediately.

In his heart, it was impossible for a man as powerful as his father to die on Baibind Mountain. He had not come out of Baibind Mountain for so many years. The only possibility was that he went to Qianhuan Continent and could not come back.

"should be."

Lin Caisang still nodded.

"Then what are you waiting for, Sangsang, let's set off now to Qianhuan Continent." Lin Changhong said without thinking.

Lin Caisang: "..."

Her eldest brother was indeed more anxious than her.

When she heard the news, at most she wanted to go to Baibind Mountain to search first, but her eldest brother actually wanted to go to Qianhuan Continent directly.

"Changhong, it's useless for you to go to Qianhuan Continent like this."

Sui Zimo stood up, raised his hand and patted his shoulder, saying.

"Brother Mo Lian, I..."

"Sit down first, let's discuss it later." Sui Zimo motioned for him to sit down first.

After hearing his words, Lin Changhong took a deep breath, glanced at the chair behind him, then gritted his teeth and sat down.

"When Son'er heard the news, he also wanted to go to Baiyindian Mountain to find someone." Sui Zimo looked at Lin Changhong seriously, and then at Lin Caisang.

"But I talked her out of it.

It's not because I don't care about my uncle, but neither Baibind Mountain nor Qianhuan Continent is that easy to get into.

Many people on Qianhuan Continent practice spiritual arts. Even your mother and eldest princess could only be the humblest existence there after she went to Qianhuan Continent. Becoming stronger.

If we go to Qianhuan Continent now, not only will we not be able to find our uncle, but we will be unable to move there and put ourselves in danger. "

"Brother Mo Lian is right, I am too impatient."

Lin Changhong also calmed down and agreed with Sui Zimo's words.

He had just heard the news that he had a father. He was so shocked that he wished he could grow a pair of wings and fly directly to Qianhuan Continent.

But I have to say that for him now, this is very unrealistic.

He had seen Chu Shui's parents before, the one named Chongming was fine, especially Luo Mianyi, who looked at them with eyes full of disdain and contempt.

Just like this, if they arrived at Qianhuan Continent, they would really be unable to move even an inch.

"Brother Melian, Sangsang, what are your plans?"

After calming down, he asked the two of them seriously.

Chapter 1808 Leave it to me

"Brother, I plan to practice the spiritual arts on Qianhuan Continent as quickly as possible with Brother Mo Lian. We will go to Qianhuan Continent by the end of next year at the latest. Do you want to come with us?"

Lin Caisang asked him.

"of course yes!"

Lin Changhong nodded without thinking.

How could he not go to find his father? He had to go.

"Have you thought about it?" Lin Caisang asked his eldest brother again.

"There's nothing to think about. This is a must." Lin Changhong spoke again and said to his sister.

What's there to think about? This is necessary, necessary!

"You have already made up your mind. When Brother Mo Lian and I leave, you have to go with us." Lin Caisang said.

"Where to go? Brother Mo Lian's home?" Lin Changhong asked.

Lin Caisang nodded.

"right."

"When are you going to leave? I'll make preparations. I have to tell my grandpa, grandma and mother, they..."

Suddenly, Lin Changhong paused and looked at his sister as if he had thought of something.

"Sangsang, you didn't tell your mother about daddy, did you?"

"Do you think I dare to mention it to my mother?"

Lin Caisang rolled his eyes at his eldest brother angrily and asked him.

With their mother's deep love for her father, if she had known that her father was likely to be in the Qianhuan Continent, she would have left for the Qianhuan Continent immediately.

"I don't dare to say it, brother, let me tell you, you can't let it slip in front of your mother."

She warned Lin Changhong.

"My mother has been to Qianhuan Continent before. Although she is very familiar with it, her current body will never allow her to go to that place again.

Moreover, for some unknown reason, the people from Qianhuan Continent still gathered around my mother from time to time, seemingly specially to stare at her.

Maybe they also have their thoughts on mother. At this time, mother must not appear in Qianhuan Continent! "

"I know, I know, can I not know this?" Lin Changhong nodded.

How could he not know this? That's why he asked Sang Sang just now if his mother knew about this matter. What he meant was that he must not let his mother know that his father might be in Qianhuan Continent.

"Um."

Lin Caisang felt relieved when he saw him nodding.

"I've already told my mother that she wants you to practice with Brother Mo Lian, and she agreed."

"She agreed? That's great."

Lin Changhong was very happy, so that he could follow his sister and protect her.

"However, things at home still need to be arranged. Third Aunt's side..."

"Leave it to me." Sui Zimo took over his words.

"Brother Mo Lian, do you want to deal with it?"

Hearing his words, Lin Changhong raised his eyebrows.

"I was still thinking that I should handle this matter. That family in Yangjia Village is so shameless and shameless. I can't say anything to make it easier for them."

That day, the elder brother of the third aunt came over. He was obviously a grown man, but he acted like a shrew in front of their door.

It really made him angry.

If grandpa hadn't been watching from the side, he really wanted to take the machete at home and scare this guy who looked like a knife, and let him know what ruthlessness meant.

"What do you want to do about it?"

Lin Caisang glanced at Sui Zimo, and then asked his eldest brother.

It's okay if you let the elder brother handle it. It's also good to take this opportunity to exercise the elder brother.

Chapter 1809 Humph, you deserve it!

"That's not easy. Yesterday I quietly went to Yangjia Village to inquire. Third aunt and her eldest brother are in their own village and have relationships with several widows in the village. Third aunt and her mother also know about it. .

Those two people were really shameless. "

At this point, Lin Changhong couldn't help but curse.

"Sang Sang, do you know? Third Aunt and her eldest brother came here just to get some money from Third Aunt, because he killed someone in Yangjia Village."

"What?!"

Lin Caisang was shocked.

Did someone get killed? This matter must be quite big. It's impossible that I haven't heard about it at all.

"Brother, are you telling the truth?"

If that's the case, then Brother Changfeng should leave for Jian'an City as soon as possible and don't stop here. He can't tell Brother Changfeng what happened in the Yang family, lest he be implicated.

"No, it's not like killing people."

Lin Changhong looked at the anxious expression on his sister's face, coughed slightly, and explained with some discomfort on his face.

Hearing this, Lin Caisang raised his eyebrows and seemed to understand.

"Did the uncle of the Yang family... make the widow's belly bigger?" she asked in a lowered voice.

She had heard her eldest brother talk about the third aunt and her eldest brother before. This was not the kind of thing that caused someone to die. The only possibility she could think of was this.

This eldest brother of the Yang family is really capable.

"Yes, that's what happened."

Lin Changhong nodded, stretched out two fingers and said to his sister.

"And not one, but two."

Originally, he really didn't want to tell his sister about this matter, but if he didn't say it now, his third uncle and third aunt would be back in a few days, and he still had to know about it.

It would be better if he said it now.

"He's so brave!"

Lin Caisang's face darkened and he said coldly.

As one was not enough, it actually made the bellies of two women bigger, and both of them were widows!

"I remember, the third aunt's eldest brother is married, right?" she asked.

"you do not say."

Lin Changhong nodded, feeling angry at the thought of this.

When the third uncle of their family married the third aunt, the Yang family asked for a huge amount of bride price, wasn't it just to marry the eldest uncle of the Yang family.

Now his wife is still fine, but he is messing around outside and has completely lost his face!

"However, the third aunt and her mother have always disliked the fact that her daughter-in-law gave birth to several children, all of them daughters, but not a son. The Yang family now has five grandchildren, but there is no one named grandchild.

I guess they have done too many immoral things, right? "

he said.

"Hmph, you deserve it!"

Lin Caisang snorted and cursed.

"So what's going on now? What did they think of letting the third uncle and the third aunt go back?"

She asked her eldest brother, he should have gone to find out clearly, right? He should know something.

"Why else? I just want the third aunt to provide money so that her eldest brother can marry the two widows." Lin Changhong said without thinking.

The uncle of the Yang family has been married for almost twenty years. He has been running the house and has turned into a yellow-faced woman. However, the two widows are still young and beautiful.

The uncle of the Yang family wanted to marry two women as concubines, and then be able to hug each other, and have two children, maybe two sons.

Chapter 1810 What's wrong with you?

What a beautiful thought he had!

"It seems that some people really think that they are members of my family. They are stupid and easy to fool with their money!" Lin Caisang chuckled.

"Brother, what are you going to do?"

"It's easy to handle. The two widows who got together with the Yang family's uncle also have parents-in-law, don't they? Just take this matter to the elders of the Yang family village and let the Yang family's uncle eat well too. suffering."

Lin Changhong said.

He had thought about this matter early on, and there was no need to get the consent of his third uncle and third aunt.

"As for the money, I will tell my mother and grandma anyway, not to mention the money, even a copper plate, they will not give it to that family!

Don't they want to come to our house and hit the wall? Then let them come. I want to see if they really want to die or if they are just pretending! It's best if they really want to die.

We also felt refreshed! "

"puff!"

Lin Caisang couldn't help but laugh.

"Let's do this. Next time they come to the house to make trouble, I'll ask Ah Nai and the others not to show any mercy. Then get a wild wolf down from the deserted mountain and chase them once to see if they dare to come again next time. "

She also said.

If you really want to be ruthless, it may not be impossible.

But the Yang family was the third aunt's natal family after all. If she could not be ruthless, she would deal with those people and let them live in peace. She had no need to argue with those people.

Family love is something that really makes people feel helpless. It is definitely impossible to give up all of it.

"Okay, I'll do it."

Lin Changhong nodded and prepared to go to Yangjia Village tomorrow to inform the families of the two widows about the uncle of the Yang family.

...

In the evening, because his granddaughter came back, Lu Qiubo cut up two chickens and stewed a large pot of chicken soup.

A lot of other side dishes were also fried, and when they were put on the table, they were enough for a whole family to eat for more than two meals, and everyone was very happy.

At this moment, there was a knock on the door in the yard.

"Who could it be at this time?"

Lin Caisang held Song'er in her arms, and Lu Qiubo also held Bai'er in his arms. They both raised their heads at the same time and looked towards the yard.

"I'll open the door."

Lin Changfeng stood up and walked out quietly.

He has also been in a bad mood these past few days, again because his parents went to his grandmother's house.

He didn't know what his grandmother would do. He was worried that his parents wouldn't be able to cope with it.

After a while, he greeted his parents and walked into the main room.

"Grandpa and grandma, my parents are back."

"Dad, Mom, we are back."

Lin Baiyi's face didn't look very good, maybe he was a little tired from walking along the way.

And Yang Lin's complexion was also very different, a little pale.

"Third Aunt, what's wrong with you?"

Lin Caisang saw Yang Lin's expression with sharp eyes, pushed Song'er into Sui Zimo's arms next to him, then walked over and took Yang Lin's pulse.

"Third uncle, third aunt, are you walking back?"

After a while, she looked at Lin Baiyi. Although it was a question, it was affirmative.

She remembered that the oxcart at home was not there. It must have been used by her third uncle and the others to travel to Yangjiacun. How could they still walk back?

Yang Lin's body was not in good shape after giving birth to two children. Now she was asked to walk all the way back in such a hot weather. How could she bear it?

As for Yangjia Village and Liya Village, although they are in the same county, they are far away. It would take a day to walk there.
