

Star of Space 1811

Chapter 1811 You are talking!

"Third Aunt, please sit down first. Grandma, give Third Aunt a bowl of chicken soup to drink first."

When Lu Qiubo heard what his granddaughter said, he quickly brought a bowl, filled a bowl of soup for his third daughter-in-law, and then handed it to her. .

"Arin, sit down and take a breath first, and drink this bowl of soup first."

With that said, she filled another bowl and gave it to her son, asking him to drink too.

"What's going on? Tell me, Lao Zai." Lin Laogong looked at his son and asked.

When he went out in a good way, his son still had ten taels of silver on him, which he said he used to keep him close to him. How could he be like this when he came back?

If the bullock cart is gone, it doesn't matter if it stays in Yangjia Village. However, we can't spend all the ten taels of silver, and we don't even have the money to take the carriage back, right?

What the hell is this?

"Hey, don't mention it."

Lin Baiyi shook his head when he heard his father's question. The expression on his face made him want to hit someone.

Yang Lin, on the other hand, was silently drinking the chicken soup from the bowl. He was so old, and his tears were falling down in clusters like broken beads.

"What's going on? Why have you been wronged?"

Lu Qiubo hated to see his family members being wronged the most. Seeing his daughter-in-law like this, he asked hurriedly.

"Father, mother, it was my fault, I will never go to that place again.

Yang Lin choked with sobs and said this sentence intermittently to Lin Laogan and Lu Qiubo.

"What the hell is going on, Third Brother, you should speak up!"

Seeing the two of them acting like this, Lu Qiubo couldn't get angry at his wife, who had just given birth to a child two months ago, so he pushed his son.

"Mom, except for Arin, no one in the Yang family is really good!"

Lin Baiyi glanced at his wife, sighed heavily, and was too angry to speak on his own.

"Do you know? My brother-in-law... he actually... actually gave away his belly to two widows in their own village... ugh!"

He looked at Lin Caisang and then at his daughter Lin Caiqing. After all, he did not say anything further. It was embarrassing for him to say such things, but his brother-in-law could actually do it!

"What's wrong with your stomach?"

Lu Qiubo asked in confusion before thinking about the worst.

"Isn't it just that I'm pregnant, grandma, you two, Uncle Yang is going to have two more children soon."
Lin Changhong muttered in a low voice.

After hearing his words, the faces of everyone at the table turned dark.

Especially Lin Laogong, who has a stern face, which is scary. If he could walk happily, he would rush to Yangjiacun and educate that shameless dog.

"Lao San, is what Chang Hong said true?" he asked Lin Baiyi.

When Lin Baiyi heard Lin Changhong's words and his father's questioning voice, he glanced away and said nothing.

Looking at him like that, there is nothing he can't understand. Everyone present already understood that what Lin Changhong said was the truth.

"Changhong, tell me."

Lu Qiubo also knew that his grandson was someone who knew how to inquire about gossip.

Moreover, this was all in her own home, and Sui Zimo didn't treat her as an outsider, so she asked her grandson.

"Grandma, this is what you asked me to say."

Lin Changhong put down the chopsticks in his hand, looked at Lu Qiubo seriously, and said.

"Yes, Grandma asked you to say it." Lu Qiubo nodded.

At this time, what are you still hiding, waiting for the Yang family to come to your door next time and catch them off guard?

Chapter 1812 Ask me for five hundred taels of silver

"Okay then, I'll just tell you.

While Lin Changhong was speaking, he looked at Lin Baiyi and Yang Lin.

"Actually, the third uncle and the third aunt probably don't know enough about the uncle of the Yang family. He is not only related to two widows in Yangjia Village. Almost all the good-looking widows in their village are It has something to do with him, it just happened that those two were pregnant with his child."

"What?!"

When Yang Lin heard this, his tears stopped flowing and he was completely frightened.

"This...this...what should we do, Baiyi, we...we..."

He was her eldest brother, how could he do such a shameless thing? Her sister-in-law is a virtuous woman who takes care of everything at home and outside the family.

Even though I didn't give birth to a son for my eldest brother, I still gave birth to five daughters!

How could he do such an immoral thing in the village behind his sister-in-law's back? One or two is not enough, actually...

If she understood correctly when she went back this time, there were more than a dozen young widows in Yangjia Village!

How many of them are related to her eldest brother?

"Don't be anxious, just listen to what Chang Hong has to say first."

Lu Qiubo also knew that the matter was serious, and no one could explain the matter of reputation clearly.

But the shameless one in the Yang family is her paternal uncle. If others know that Changfeng has such an uncle, the future... will not have any future!

"I have inquired. Although Uncle Yang is related to those widows, several of them are also related to other men in their village. Uncle Yang is not the only one."

Lin Changhong continued.

There were a lot of things among the people in Yangjiacun, and he couldn't explain them all at once.

"It's not that simple to say that Uncle Yang wants to marry those two widows. The two widows' in-laws will definitely not agree because they have children from their in-laws' families."

"That's why he came to me, Changhong."

Yang Lin started to cry again. As long as she thought of her natal family and her biological mother, she felt that her life had really been in vain these years.

"Father, mother, you don't know that my mother asked me for five hundred taels of silver. She even said that the silver was short, and she wanted it because I was her daughter. Less."

She just wanted to say, if she were not her mother's daughter, could she still allow her mother to speak like a lion in front of her?

Five hundred taels of silver, doesn't this cost her life?

Where could she get so much money? Even if she sold herself, she wouldn't be worth five hundred taels!

"Tsk, this is really cruel. You dare to ask for five hundred taels with just one mouthful." The eldest princess also tutted lightly and shook her head.

If this were an ordinary family, would they be able to earn five hundred taels of silver in their lifetime? Even if you can earn it, don't your family have to eat and drink?

"Alin, you don't have to worry, you still have Changfeng here."

"It's just because Changfeng is here that I'm worried!"

Yang Lin raised his hand and wiped his face, wiping away his tears.

I thought to myself, what should I do if my son's future is delayed because of her mother?

"Mom, don't be sad. In the worst case, I won't go to Jian'an City. I will stay in Ye County to teach in the future. What can grandma and the others do to me?" Lin Changfeng said.

Chapter 1813 Not a single coin left

"you....."

"Nonsense.

Yang Lin just wanted to speak, but was stopped by the eldest princess.

"What nonsense are you kidding? With my aunt here, how can you be bullied? Is it a lie to be the eldest princess of the Liang Kingdom?"

"sister in law....."

"Alin, don't cry anymore. Crying won't solve the problem. Let's talk about what else your mother's family wants from you besides the five hundred taels of silver."

The eldest princess looked at Yang Lin and asked.

"this....."

When Yang Lin heard her question, his face was filled with embarrassment, and he turned to look at his husband.

"Sister-in-law, my mother-in-law didn't know where she heard it. She knew that Sangsang opened a shop in the county, and she dared to ask us for it. She wanted my parents to give Sangsang's shop to them."

Lin Baiyi sighed heavily and said.

Of course he knew that his mother-in-law was having some wild ideas, and even he himself would not agree to it, let alone his family members.

"And the five hundred taels of silver, not even a copper penny less, must be delivered to her within three days. I don't have that much silver, so I refused on the spot."

But after he refused, he became even more cruel. He pursed his lips and didn't know what to say.

"My mother also said that if she didn't give her the money and the shop, she would come to the house to rob her. Even if I gave birth to four sons for the Lin family, one of them would have to bear the Yang family's surname.

Yang Lin looked at Lin Laogan and Lu Qiubo carefully and spoke.

"My eldest brother said that if he has no money and cannot marry the two women who are pregnant with his children, he will let my Song'er or Bai'er be raised under his knees and be his sons in the future."

She knew that this was a threat to her. Her mother and her brother would not raise a child who was not their own grandson and son.

But when she heard this, she was really scared.

Her eldest brother, who was no different from a robber, could really do anything.

What if one day she really came to her and robbed Song'er and Bai'er?

"They dare!"

Lin Laogan slapped the chopsticks in his hand on the table, his face turned red with anger.

"Grandpa, please don't be angry. The Yang family is just saying this to scare Aunt Three. They don't dare to do it for real." Upon seeing this, Lin Caisang hurriedly came behind Lin Laogan and stroked her. He comforted his chest.

The Yang family really didn't dare to do such a thing, they just said a few harsh words.

"Sangsang, what do you think we should do about this matter?" Lin Laogeng looked at his granddaughter and asked.

He regretted that he should not have let his son and daughter-in-law go to Yangjiacun. No, this made him very angry!

"Grandpa, please wait a moment, do I have anything else to ask Third Uncle and Third Aunt?" Lin Caisang looked at Lin Baiyi.

"Sangsang, if you have anything else, just ask."

Lin Baiyi said to his niece, although he was really in no mood to talk now.

But these things should still be discussed at home. Don't let the Yang family really come to the door to make trouble. Then they really won't know how to deal with it.

"Third uncle, why did you come back in such a mess? Where is the bullock cart and the money you brought?" Lin Caisang asked.

"The bullock cart was taken to be sold by that family as early as yesterday. Your third aunt and I were still asleep at that time, and we couldn't stop it. As for the money..." Lin Baiyi took a deep breath.

"When we were coming back today, your third aunt's eldest brother, Changfeng's grandmother, and a few people in the family restrained me and searched me until not even a copper was left. Only then did we let us Come back."

Chapter 1814 There is no more maternal family

Hearing his words, Lin Caisang opened his mouth, but couldn't say a word.

"Dad, how could they do this? This is simply robbery. We can report it to the official!" Lin Caiqing was shocked when she heard her father's words.

When she heard those other things just now, she was so shocked that she couldn't speak. But when she heard this again, she just... How could she have such a grandmother and uncle?

Is this a robber? He is simply more ruthless than a robber!

"Qing'er, that's your grandmother." Lin Changfeng said about his sister.

"What kind of grandmother? I don't have such a grandmother!"

Lin Caiqing frowned, snorted coldly, and said.

If grandma and uncle are kind people and treat her, her eldest brother, and her mother well, then they should be filial to them.

But what about now? Who are they from the same family? Grandma?

"Brother, if you recognize that grandmother, she will have to suck all the blood out of you from now on! You can't be so kind, especially you shouldn't be too kind to those vicious and vicious people."

She educates her eldest brother seriously.

"Mom, do you think what I said is right?"

As she said that, she looked at her mother and asked coquettishly.

"Yes, my young son has really grown up and become sensible."

Yang Lin raised his hand, lightly scratched the tip of Lin Caiqing's nose, and said with a smile.

"Changfeng, after what happened yesterday and today, mother has also figured out that your grandmother can never change for the better. She will always be so snobbish. If we continue to blindly rely on her, she will become a bad person in the future. It will bring you endless trouble."

She was sad just now, partly because she felt sad because she had such a mother and eldest brother, but most of it was because she was struggling in her heart whether to let go of this flesh and blood relationship.

"Mom has been married to the Lin family for almost 20 years. She is from the Lin family and has nothing to do with the Yang family. In fact, when my mother got married, your grandmother did not prepare even half of the dowry. It's like selling your daughter.

Now I have figured it out. From now on, I will completely cut off this relationship with the Yang family! "

On the way back from Yangjia Village, she was thinking about what the purpose of this was, and why she had such a biological mother who would not even care about her daughter's life or death for her own sake.

She didn't figure it out until she was almost at the door of her house.

From the time she was still unmarried in her mother's family to the time she married into the Lin family, she finally figured out how her mother treated her.

It turned out that her mother had never regarded her as her own child.

Rather, it is regarded as a tool that can be married to others in exchange for money after being raised.

This is also the reason why her mother opened her mouth to the lion of the Lin family and asked for so much betrothal gift, and why she didn't even give her a dowry of a copper coin.

"Why."

She sighed heavily.

"Father, mother, sister-in-law, I have also figured it out. From now on, just treat me as someone you picked me up from outside. There is no longer any maternal family."

"Third Aunt, are you sure?"

Lin Caisang looked at Yang Lin seriously and asked.

"confirmed."

Yang Lin nodded seriously.

How could she be unsure? This was for her own children. Changfeng's future lay in front of her, and there were two little sons at home, waiting to be fed.

She thought that her mother's words were used to threaten her to take out the money.

Chapter 1815 It would be better not to meet!

But if she really can't get even a tael of silver by then, her mother will really come to her house, snatch Song'er and Bai'er away, and ask for money from her in exchange for the two children.

When that time comes, it will be useless to regret not making up my mind today, right?

"If you are sure, I will ask my eldest brother to take care of some things tomorrow?" Lin Caisang asked again.

Hearing this, Yang Lin turned to look at Lin Changhong.

"Changhong, go ahead and do it. Third Aunt has only one request, just don't kill people."

That family, if they don't get a little cruel treatment from them, they won't be afraid. As long as the attack is cruel enough and decisive enough, so that they can't even see a glimmer of hope, they won't dare to mess around again.

"good."

Lin Changhong responded.

"Don't worry, third aunt, I will take care of this matter."

Now that the third aunt has said this, what else can't be done, as long as no one is killed.

...

After dinner, Lin Baiyi and Yang Lin were really tired after walking for a day, so they went to bed early.

After Lin Laogan and Lu Qiubo returned to their rooms, Lin Laogan sat on the bed and sighed.

"Why.

"Old man, please stop sighing. It's a good thing that the third family can figure it out."

Lu Qiubo really couldn't bear to hear people sighing at home every day. Now the life at home is getting better and better, and Sangsang's mother is also back. Isn't this a good thing?

Why do you have to hold yourself full of resentment for those who have nothing to do with you?

"I am not... after all, I am the third daughter-in-law's mother-in-law. If we really get into trouble like that, how can we meet in the future?" Lin Laogeng looked at his old wife and said.

After hearing his words, Lu Qiubo glared at him.

"What are you thinking about? If we meet again, it's better not to meet again! Those people in that family, if the third daughter-in-law hadn't been there, I wouldn't even want to look at them one more time!"

Lu Qiubo was right. She had never taken a fancy to her in-laws. It was not because she disliked the old woman or anything, but because of her snobbish manner. Every time she saw her, she was really heartbroken. Gotta panic.

When I was still young, the third daughter-in-law had just been married for a few years. At that time, the eldest son was still there, and the family had a lot of income every year.

When the old woman arrived at their home, she greeted them with a smile and said kind words one by one.

But do you think she doesn't know?

The old woman didn't have a kind word to say in front of her own daughter. The third daughter-in-law was in confinement when she was pregnant with He Yatou.

She was cooking for her third daughter-in-law in the kitchen. In the room, the old woman was stunned and scolded her daughter every time until she cried. Not content with this, she also made her food for her daughter-in-law every time. I ate them all myself!

How could she like such an old woman?

"Before, the third daughter-in-law didn't think it through, and I couldn't say anything. Now the third daughter-in-law has finally figured it out. What do you think, and you want to give me some advice to prevent the Yang family from making trouble again? The whole family has no peace?

Are you thinking that if someone comes to ruin your grandson's future and take away your two little grandsons, then you will feel comfortable? "

She just caught Lin Laogong and talked about it.

"I...I didn't mean that."

Lin Laogong quickly shook his head after hearing these words.

Chapter 1816 Is this OK?

What did he mean by that? Wasn't he just thinking about what would happen? What if the third daughter-in-law regrets that she broke off the relationship with her parents today?

This is not impossible.

"I think that's what you mean!"

Lu Qiubo glared at him angrily.

"Don't think I didn't see it that day. How did the family named Zhou treat us, Sangsang? You're better off. I saw that old guy a few days ago and greeted him with a smile. What do you want to do? Woolen cloth?

Do you want to make Sangsang unhappy? "

"I....."

Lin Laogong opened his mouth but did not dare to speak. x°°"~~~"°°x

Didn't he just think that everyone was in the same village and could not see each other without looking up, so he couldn't really say nothing, right?

"Let me tell you, that family named Zhou is very quick to climb up the ladder. If you pay attention to Old Master Zhou again, he might think that you want to remarry Sangsang to his grandson."

Lu Qiubo glared and warned Lin Laogan.

"If it's because of you that our Sangsang is stuck with Zhou Liang's dog-skin plaster again, do you think Sangsang will still pay attention to you, an uncle who is not clear-headed!"

Although Zhou Liang's daughter-in-law is still so ruthless, the servant next to her who came as a dowry is said to have joined the army.

Therefore, Old Master Zhou and his family no longer have a few bruises on their bodies from time to time, and their lives are more comfortable than before. Therefore, Old Master Zhou tried his best to get out again.

"You old man, you really have no eyesight at all. Why do you think that old man named Zhou hangs around our door every day? He just wants to get close to you.

Now that his grandson-in-law is so powerful, he must want his grandson to divorce her. Who in the village doesn't know that Sangsang has a powerful mother, so maybe he has been plotting against Sangsang again early in the morning.

You still think that old immortal is a good thing. If you do this again, I think you should go live in the Zhou family! "

"this....."

Lin Laogeng was told by his wife that he lost his temper at all.

"What are you talking about? Aren't you talking about the third family's affairs? Why do you want to involve Sangsang?"

He said weakly.

"It's the same thing with Lao San's family!"

Lu Qiubo's tone showed that he didn't want to discuss it with Lin Laojie, a soft-hearted old man.

"Let Changhong and Sang Sang take care of it. It's time for that family to find someone to take care of it! Don't go to the third child's house to talk too much, otherwise, I won't be able to spare you!"

"Okay, okay, don't talk too much, that's okay, right?"

Lin Laogong had no choice but to nod.

What else could he say? He only said one sentence and was read aloud by his own old woman.

If he continues talking, his head will hurt!

Let them handle the affairs of the Yang family by themselves. They are old and don't want to worry about those things anymore. Children and grandchildren will be blessed by themselves.

"Go to sleep, go to sleep, don't think about those things."

"Sleep."

Lu Qiubo said nothing more, turned out the light, and prepared to go to bed.

...

On the other side, Lin Changhong did not go to bed so early. Instead, he was in his room thinking about how to go to Yangjia Village tomorrow and tell other people in Yangjia Village what the uncle of the Yang family had done.

After all, those two women were pregnant with children. He couldn't harm two innocent children, right?

Chapter 1817 It's all fake, right?

Therefore, he must first remove the two widows so that the two families cannot find his daughter-in-law. Then he will become even more angry and go to trouble the uncle of the Yang family.

Of course, he had no intention of letting go of other women who were related to the eldest uncle of the Yang family.

Let everyone take action on Uncle Yang first.

...

Early the next morning.

As soon as the genius finally regained consciousness, he led the horses out of the yard. Lin Changhong was about to drive the carriage to Yangjia Village when he was stopped by a dark shadow.

He paused on his feet and looked at the person coming.

"Chang Yi, what are you doing? It's not even bright yet. You got up so early?" Lin Changhong asked.

"Brother Changhong, why don't you go to Yangjiacun and take me with you?" Lin Changyi looked at Lin Changhong flatteringly and suggested.

"What? Are you going to Yangjia Village too? Why are you going?"

Hearing his words, Lin Changhong didn't believe his ears.

He was going to punish the Yang family, but what did he want to do? Watching him deal with his own grandmother and uncle?

Unexpectedly, his family also had this hobby. Why hadn't he noticed it before?

"I'm going to avenge my father and mother!" Lin Changyi said.

Although he didn't express any opinions of his own last night, he was very angry after hearing what happened to his parents.

At that time, he was thinking that he must go to Yangjia Village with Brother Changhong today to promote the greed and despicability of the Yang family so that they will be shameless in the future!

"What kind of revenge are you taking? That's your grandmother and uncle." Lin Changhong said angrily.

"so what?"

Lin Changyi curled his lips nonchalantly.

"They all dared to set their sights on Song'er Bai'er and Sister Sang Sang's shop. How could I let them off lightly?"

"hehe."

Lin Changhong smiled and looked at Lin Changyi.

"Anything about avenging your parents is all fake, right? Venting your sister Sangsang and Song'er Bai'er's anger is the most important thing, isn't it?"

he asks.

"Then parents are old, Song'er and Bai'er are still young. I am the elder brother and I have to protect them." Lin Changyi felt a little embarrassed by Lin Changhong's words, and lowered his head and whispered.

"And Sister Sang Sang and Brother Chang Hong, why do you think they can give the shop opened by Sister Sang Sang to them? How shameless are you?"

He is really shameless and shameless to the extreme!

"Brother Changhong, tell me, has Sister He'er followed my grandmother's whim?"

Suddenly, he asked Lin Changhong.

"you....."

Lin Changhong was almost stunned by what he said.

"Shh, what are you talking about? Don't mention your second sister in front of your mother, she will be sad."

After a while, he lowered his voice and warned Lin Changyi.

It's been almost a year since Lin Caihe left. I wonder what happened to Lin Caihe in the past year? Although the third aunt never mentions this daughter on weekdays, she is her biological daughter after all. Can she not think about it in her heart?

"I know, I won't mention it in front of my mother." Lin Changyi also lowered his voice and said softly.

Not to mention his mother, sometimes he would also wonder where Sister Heer had gone. She had stolen all the money from the family, and had she found a place to live and built a house. It must be pretty beautiful?

Chapter 1818 A dark face

"Brother Changhong, just take me with you. I've already told Sister Qing'er. She said that if grandpa and grandma ask, she will help me get through. If it doesn't work, you can go do something. Someone needs to keep an eye on the carriage when you arrive, right? I can look after the carriage for you.

he said again.

Lin Changhong: "..."

These two little guys can do it.

So Xiao Ju actually knows how to live a muddle-headed life under the eyes of his elders?

"Okay, let's go together, but when we get to Yangjiacun, you have to listen to me."

"Okay, okay, I will listen to you, Brother Changhong."

Lin Changhong noticed that Lin Changhong let him go with him and hurriedly agreed.

After a while, the two brothers got on the carriage and drove away. After they left, Lu Qiubo slowly walked out of the kitchen.

"This kid!"

With a smile on her lips, she went outside the yard and watched the carriage leave.

As she got older, she slept less. She had been busy in the kitchen for a long time, but she didn't expect to hear Chang Yi's words.

"Fortunately, the children have good tempers and don't follow that old woman from the Yang family!"

only.....

What a pity Caihe, obviously all the children in the family have been raised like this, why did Caihe become like that?

Chang Yi is right, that child really followed her grandmother, with the same temperament!

"I don't know what happened to the child, hey.

...

Near Baibland Mountain, in a small village that no one has passed through for a long time.

'Snapped! '

A whip fell on a ragged little girl.

"ah!"

Immediately, there was a shrill scream.

The little girl's body was covered with scars, her dark face was filled with tears, and she was gritting her teeth to endure the pain in her body.

"Hurry up and work, why are you wasting your time!"

The man held a long whip with blood stains in his hand and yelled at the little girl.

"You useless piece of trash. It's been so long since I bought you back and you don't even have a hair in your belly. You still don't want to work. Hurry up and sweep the floor. Go and wash your clothes. I'm waiting for someone to do it for you!"

"Okay, okay, I'll do it right now."

The little girl nodded and responded, not daring to waste a moment. She quickly started to sweep Ruoda's yard. She was ready to clean up the yard quickly and go to wash clothes.

But.....

She just swept it twice, and the whip in the man's hand fell on her body again.

'Snapped! '

"ah."

The little girl screamed again, and the broom in her hand fell to the ground because of the pain.

"You useless thing, you want to starve me to death. If you don't hurry up and cook for me, I'll give you a stick of incense. If you haven't brought me the food, I'll beat you to death, you useless thing!"

The man said, and he whipped the little girl twice more.

Even though her body was in severe pain, the little girl did not dare to stay in the yard, and ran to the kitchen with vain steps.

"Uuuuuuuuuuuuuuuuuuuuu"

In front of a large stove, the little girl wiped her tears and cried while cooking.

"Father, mother, please come and save me. I will never make you angry again, and I will never provoke Lin Caisang again. Dad, mother, where are you? Why haven't you come to save me?" "

It turned out that the little girl with injuries all over her body was Lin Caihe who stole all the belongings from the house and ran away.

At that time, because she did not want to marry a disfigured man, she escaped with everyone in the family and stole all the money in the family.

Chapter 1819 Someone, please save me

I wanted to find a place closer to me and buy some land to live on.

Who would have thought that she would meet a very handsome young man on the way, and he would fall in love with her, and he would take her back to his house and marry her.

After she spent a few days with the young man on the road, she became obsessed with him.

It wasn't until someone knocked her unconscious, robbed her of all her silver and bullock carts, and sold her into a dental shop that she finally woke up and realized that she had been deceived.

She regrets it so much!

But by that time it was too late to regret, she had already been sold.

The mother-in-law in the dental shop divided the girls into several piles and ranked them according to their good-looking faces. Because she was bullied continuously in the dental shop, her face was pale as if she was seriously ill, so she was placed in the lowest group. Among the bad ones.

Then, he was pulled to this border.

Later, she was bought by the man from before, spending him ten taels of silver.

That is all the man's possessions.

She didn't know it originally, but the man said it himself. It cost him all his silver to buy her, so in the future, he would need to earn back those ten taels of silver from her.

After that, she was directly raped by men.

For three months, she was locked in a room and tied with a rope every day because the man wanted her to get pregnant first and give him a son.

He also directly told her that after she gave birth to his son, he would ask other men in the village to come and sleep with her.

For every child given to the men in the village, the men can earn one to two taels of silver.

The son gets two taels, and the daughter can only get one tael.

When she heard this, she was so frightened that she wanted to run away, but she just couldn't!

What can I do? I can only live in despair day by day, being beaten and scolded day by day.

Every night was the time when she regretted the most. Every time she closed her eyes, she could think of the time when she was at home, eating hot meals and drinking broth.

How long had it been since she had experienced days like that again?

How could she be so stupid to escape from such a good home and end up like this!

"Someone, please save me."

...

Yangjia Village, Yang Lin's natal family.

Thinking that he would soon have five hundred taels of silver to marry the two women who were pregnant with his children, the uncle of the Yang family was so happy that he went to the town and bought several kilograms of pork.

Mother Yang cooked a large pot of braised pork and stood in the main room while the five of them ate.

"Mom, I want to eat meat too."

Outside the hall, a little girl swallowed, smelled the aroma of braised pork, and said to the woman who was working in the yard.

However, before the woman could answer her words, a stick was thrown out of the main room and almost hit her.

"Go away, go away, you cheap guys want to eat meat, but there's no way out!"

A sharp voice came from the main room. It was Mother Yang's voice. She had never set her sights on these daughters.

"Come on, Cuihua, Meixiang, you eat, eat more. She is still pregnant with a baby, so she can't go hungry. Eat, the more the better, you will give me two big fat boys in the future!"

Her voice changed, she looked at the two women opposite her with a smile, and said to them.

As if she felt that just talking was not enough, she stretched the chopsticks in her hand directly into the braised pork bowl and picked out two large pieces of braised pork for the two women.

Chapter 1820 Did you bring the candy?

"Auntie, thank you.

One of the women smiled and thanked Yang's mother, and reached out to touch her still flat belly.

"Don't worry, I will definitely give birth to a big fat boy for Brother Shu, so that you can have a grandson."

"Auntie, me too. When I was pregnant with the baby, I had the same reaction as now. This time it must be a boy." Another woman also said to Mother Yang.

"Okay, okay, that's a good feeling."

When Mother Yang heard about her fat grandson, she grinned from ear to ear.

In a corner outside the yard, Lin Changhong and Lin Changyi were hiding in the grass. Lin Changyi was angry as he listened to the disgusting words said by those in the Yang family.

"Brother Changhong, this is so inhuman, isn't it? My granddaughter is not a human. She won't even give her a piece of meat to eat!"

"Chang Yi, you go do something."

Lin Changhong was also shocked by this family. He didn't know that a woman with a big belly could enjoy good food and drink, but his granddaughters, who were serious in their family, could only be beaten with sticks.

The daughter-in-law was even more pale. She was washing clothes in the yard and didn't even have a full meal.

If he hadn't come here, he would never have thought that the Yang family would be like this!

He leaned close to Lin Changyi's ear and muttered a few words to Lin Changyi.

"Well, okay, I'll go right away. Lin Changyi nodded immediately.

"Did you bring the candy?" Lin Changhong asked again when he saw that he was about to leave.

"Bring it with me."

Lin Changyi patted his chest, replied, and then disappeared.

...

In Yang's village, a strange child soon appeared, bringing together several children in the village who were about the same age as him.

Give candies to the children and ask them to publicize in the village that the Yang family is eating meat, abusing their daughter-in-law, and bringing unknown women home.

Soon, a group of people who didn't mind the fuss came to the entrance of the Yang family's courtyard and looked in with cat eyes.

"Hey, the fragrance is wafting out. Old Yangtou's daughter-in-law is really washing clothes."

"Why are there so many clothes? There aren't that many people in Old Yangtou's family. These clothes are piled high. Whose do they belong to?"

Seeing the scene in the courtyard through the crack in the courtyard door, he couldn't help but curl his lips and speak in a lowered voice.

"Tsk."

One of them suddenly clicked his tongue.

"Why does that piece of clothing look so familiar? It seems like I've seen it somewhere."

She muttered to herself, and the next moment her eyes lit up, and she suddenly remembered that these were her own clothes, which had been washed by the daughter-in-law who killed her son.

How could it be on the hands of Lao Yangtou's daughter-in-law and still being washed by her?

She became more and more confused and confused. Her daughter-in-law had no friendship with Lao Yangtou's daughter-in-law. How could she be able to ask her to wash her clothes?

"what 's wrong?"

She squeezed in hard, trying to hear some sounds. Unexpectedly, she really heard a sound that she was very familiar with.

Isn't this the daughter-in-law of her husband? Why is she at Lao Yangtou's house, talking and laughing with the old woman? What is she doing?

"Hey, I heard that old Yangtou's son was restless and made a widow in the village pregnant. He said he wanted to marry her. No, Mrs. Yang was entertaining her with meat and she didn't know. Whose widow is she? It's so hateful."
