

Star of Space 1841

Chapter 1841 The emperor who was completely ignored

"Don't worry about external things for now, just concentrate on your cultivation.

Sui Zimo thought for a while and said.

"Um."

Lin Caisang nodded and responded.

"Since Lian Xinmai is here, don't go out for the time being. As for the emperor's affairs, I will arrange them. You can practice here with peace of mind."

If it weren't for the fact that not everyone could enter the Jinzhu Space, she really wanted to drag them in and banish them all, so that they could all come in and practice in the Heart Meridian. This way, the progress would definitely be greater.

"Sorry for the trouble outside." Sui Zimo looked at her and said.

"What's the trouble with this.

Lin Caisang didn't care at all. Even without her, she could do a good job in banishing them.

...

In Prince Mo's Mansion, it was as peaceful as ever.

After the emperor in the palace sent people to urge him several times, Lin Caisang sent a lot of so-called antidotes that he had prepared to the palace.

But those medicines need to be cooked at the right time every day, and then drank on time.

It was not until two months of drinking that the emperor could barely get off the ground and walk, which was considered to be detoxified.

But before that, what the emperor wanted to do was completely impossible.

The government affairs continued to be controlled by Sui Zilin and his uncle Guo. The emperor could only watch and worry, but there was no way he could do anything.

He scolded Sui Zimo and the people in Prince Mo's Mansion in his heart, but after scolding him, he continued to lie on the bed, still holding Sui Zimo, and Sui Zilin and others had nothing to do.

...

In the blink of an eye, several months passed.

The emperor is still the same emperor, always swearing at others, but the court of Weiguo is no longer the same court as before.

More than half of the power was in the hands of Wei Zilin, the queen and uncle.

Even if the emperor takes a step now, he may be monitored by the people sent by the queen, and the news will reach the ears of Sui Zilin. In the court, all the courtiers follow suit, and they all listen to Sui Zilin.

He, the emperor, had been completely neglected after just a few months of being bedridden.

"Mother, don't you care about Lin'er's affairs with the Queen?"

The emperor, who had nothing to do, came to the Queen Mother's palace, looked at his mother with displeasure, and asked.

Now, only the Queen Mother can stand up so that the Queen and King Lin can spit out all the power they have taken into their stomachs and give it back to him.

However, the Queen Mother seemed not to have seen what happened in the previous court, and did not take his words to heart at all.

"Isn't it good now? Lin'er has done well. Your Majesty, it's time for you to take a rest."

The Queen Mother held some flowers in her hand and was ready to arrange a flower arrangement with her own hands. She said to the Emperor at the same time.

"Furthermore, whether the emperor has been poisoned for so long before, he still needs to take good care of his body and not let the old poison relapse. The Ai family believes that the emperor should not worry too much about state affairs and put his own dragon body first.

As for the matters from the previous dynasty, let's leave them to Lin'er to deal with for the time being. It really can't be handled well, and the Ai family is still there.

There is absolutely nothing that can go wrong. "

"Mother, what do you mean by this?"

Upon hearing the Queen Mother's words, the Emperor's face suddenly darkened.

He listened to his mother's wishes and still supported Lin'er. She didn't want to return the government to him as the emperor?

How is this possible? He is the emperor, the ruler of the Wei Kingdom, the True Dragon Emperor. How can he be in such a passive state?

Chapter 1842 Let's add happiness to happiness

"Are you planning to put Lin'er in prison? Queen Mother.

"If Lin'er can supervise the country, it will not be repaid. After all, he is the most ideal candidate for the crown prince. If the emperor feels that Lin'er's supervision of the country will cause opposition from the courtiers, it is better to directly confer Prince Lin as the crown prince."

The Queen Mother thought for a while and said directly.

emperor:"....."

Do you want him to die? Is this person in front of you his mother?

It is said that women have the most poisonous hearts, and they are indeed right. Even his mother would still betray him at the most critical moment, let alone the queen. At this moment, he could not even think of him. Is this your husband?

They also want him to issue a decree to confer Lin'er as the crown prince. Are they dreaming?

"Mother, Lin'er has just returned from Sui County not long ago. To crown him the prince so hastily will definitely arouse the dissatisfaction of the people of Shaohua City. It is better to wait.

He took a deep breath and said.

At this moment, it is not the time for him to have a conflict with the Queen Mother or the Queen. He should think carefully about how to take back all the power that belongs to him!

"The emperor is right to think so."

The Queen Mother thought again and then nodded.

"It would be better to have a special occasion when King Mo gets married next year and confer the title of crown prince on top of each other. How about that?"

She turned back to look at the emperor and asked his opinion.

The emperor grinds his teeth.

Why are you asking for his opinion? You are clearly forcing him to become a prince. He does not want to be crowned a prince now, especially the one who takes advantage of his illness and wants his life!

"Then, let's wait until then."

But on the surface, he still had to rely on the Queen Mother.

After all, he is just a prince, not that he abdicates the throne and becomes the emperor, he is just a prince. If he is unwilling to do even this, the queen mother and empress will only be more wary of him in the future.

Therefore, let's calm down their minds first.

Let's talk about Sui Zimo's marriage. Princess Liang's daughter is just a princess, and she is a princess who cannot be on the stage. What is there to be happy about?

He thought that by then he would see the person he had always called his master, right?

I don't know how the cloaked man is now. How many days have passed? After giving him the poisonous clothes, he has never appeared. Could it be that he has returned to Qianhuan Continent?

Anyway, he had already followed the cloaked man's words and gave the secret book of spiritual cultivation to Sui Zimo.

As for whether Sui Zimo knew how to practice, that was none of his business. Even if the cloaked man later found out that Sui Zimo didn't practice, it was none of his business.

"Mother, I am a little tired, so I will leave now."

Not wanting to stay in the Queen Mother's palace any longer, the Emperor led his people out directly.

"You are such a big man, but you still can't hold your breath, ugh."

After the emperor left, the queen mother sighed while arranging flowers, feeling that her son was really hopeless.

...

The next year, spring.

Unknowingly, Prince Mo's mansion had been quiet for half a year, and it was suddenly the spring of the second year, when the flowers were in full bloom.

Sui Zimo took his people and accompanied Lin Caisang back to Yacun to hold a hairpin gift for his son.

After receiving the news, people in Yacun had already started to get busy, just waiting for Lin Caisang to come back.

On this day, everyone in the family stood at the gate of the courtyard.

Lin Laojie stood at the front, his face full of joy, waiting for his granddaughter to come back. Beside him stood Lu Qiubo, wearing a new suit of clothes, leaning his head to look into the distance.

Chapter 1843: Make a good plan

Relatives and friends were also gathered together, waiting for Lin Caisang.

"Tch, it's just an office and a hairpin banquet. What's so great about it!" Not far away, several people stood in a pile. Looking at Lin Caisang's beaming appearance at the door of his house, several of them looked bad.

Originally, this celebration should belong to their family. After all, it was their family that took Sui Zimo home and raised him.

However, Sui Zimo, this ungrateful person, completely forgot about his adoptive father and adoptive mother, and only had eyes for Lin Caisang's family.

"Dad, our family has raised Ya Molian for so many years, we can't just take advantage of him, right?" Ya Yinlai looked at Lin Laogong and the others bitterly, and said to her father beside her.

Even if she can no longer marry Sui Zimo, at least she has to ask for more money from him. At any rate, she has called Sui Zimo her brother for so many years.

Yes or no?

"Master, Yin is right. That unfilial thing Ya Mo Lian dares not to take us seriously. We must show him how powerful he is." The woman beside Ya Tu also felt aggrieved. said.

For more than a year, she only watched Lin Laojie's family enjoy the popular food and drink, but there was nothing in her own family.

There is obviously an adopted son who is already well-off, but there is no benefit at all.

She felt that the women in the village must be laughing at her secretly. This time, she had to earn back her face from Sui Zimo.

Didn't he want to hold a lively and decent hairpin banquet for Lin Caisang? As long as they didn't give her enough benefits, they couldn't even think about having a lively and decent banquet.

She made them miserable to the end!

"Shut up and watch." Yatu scowled and glared at his wife and daughter.

How could he be willing to do so?

But what if you don't give in? Sui Zimo is different now, and the Lin family is no longer the same Lin family.

Lin Laogan, the eldest daughter-in-law, always has her maid and grandma with her when she goes out, and Lin Changfeng has become a high-ranking official in Jian'an City and will not come back.

If he goes against the Lin family at this time, wouldn't he be making trouble for himself?

"You two, stay calm and don't mess with the Lin family, you know?"

"Okay, whatever you say, head of the house, will be whatever you say."

The woman responded, but that was not what she thought.

She felt that people in the Lin family were very face-conscious. If she risked her life in front of those people, the Lin family would only be able to use money to get rid of her.

She doesn't want much, just a few hundred or a few thousand taels, that's enough.

She snorted coldly when she saw her husband leaving after saying a few words to them.

"Yin Lai, you'll be there in a moment. If you want to do this..."

She leaned over and whispered a few words into Ya Yinlai's ear.

Ya Yinlai nodded and frowned, looking at his mother with some displeasure.

"Mom, why don't you do this?"

"What nonsense are you talking about? I am your mother and Yamolian's adoptive mother. Can I say these things?" The woman glared at her daughter and asked.

There are some things that only the young can do. As an elder, even if she wants to plot against Sui Zimo, she should do it carefully instead of going to the Lin family to cry and fight.

"Whether you want to do it or not? If you don't want to, I'll let Baolai do it. Anyway, she's older and will be haircut next year. It would be better if she went."

"No, mother, I'm going. Why don't I just go?"

Hearing that the woman asked her sister to do it, Ya Yinlai quickly nodded in agreement.

Chapter 1844 Do you hate getting married?

Isn't it just to sacrifice the girl's family's face? As long as she can get money, she will be willing to do anything.

None of this is a big deal.

...

"Brother Mo Lian, have my mother made arrangements? Are they really arranged?"

On the carriage, Lin Caisang asked Sui Zimo several times, until he gave her a definite answer every time, and she... was still asking.

"Sister, please stop asking, okay? Brother Mo Lian is still injured!"

Next to Sui Zimo, Lin Changhong was speechless about his sister. How many times do I have to ask this?

"arranged."

Sui Zimo raised his hand and touched the little girl's face.

In the blink of an eye, her little girl is already hair-length. Soon, Wei Guo will marry Liang Guo, and she will become his wife.

"Ready."

Lin Caisang breathed a sigh of relief.

"But I always feel like something is going to happen, and I can't calm down."

She didn't know why, but she always felt that Shaohua City had been too peaceful these days, too peaceful to be normal.

Emperor Wei had not made any move. Before they came, he even proposed to the Queen Mother that he wanted to delete the crown prince immediately. This was definitely not something that Emperor Wei would do.

"Sang Sang, do you hate getting married?" Lin Changhong asked his sister.

"go!"

Lin Caisang glared at him angrily.

"You thought I was you."

"I....."

Lin Changhong was speechless. He was a man. No matter what happened, he would never hate getting married. At most, he would just marry a wife.

But he is still young and does not want to marry a wife until he is old enough to be like his father.

"Brother Mo Lian, are there people keeping an eye on things in the palace? Especially the emperor. He is so quiet. He must be holding back his anger." Lin Caisang looked at Sui Zimo and reminded.

"If he didn't hold back his evil, he wouldn't be who he is." Sui Zimo chuckled and replied.

If Emperor Wei hadn't suppressed his anger, where did his injuries come from? Didn't Emperor Wei cooperate with those from Qianhuan Continent to create it?

"Don't worry, it's okay. Just be happy and let me put the hairpin on for you. Leave the rest to me."

"Are you really okay?"

Lin Caisang looked at his chest.

There, someone stabbed her with spiritual power. Fortunately, her medical skills had improved in recent days, and she received timely treatment, so her life was not endangered.

However, that is also because those people were sent by Qianhuan Continent, and now they cannot reveal their spiritual power in front of those people, so they are hindered.

"The people sent by that person are becoming more powerful every time. Shouldn't we fight back?"

You can't keep doing this without being able to do anything about them, right?

"After we get married, we will go to Qianhuan Continent." Sui Zimo said.

"So fast?"

Lin Changhong raised his eyebrows when he heard his words.

"I'm not happy anymore."

Lin Caisang glanced at his eldest brother.

After she has finished her wedding ceremony in Ya Village, she will go to Jian'an City with her mother. At that time, the wedding procession will leave Jian'an City and arrive at the border of Liang State, and then the army of Wei State will take over.

It still takes a lot of time to go through such etiquette.

Moreover, she didn't think at all that the emperor would really let Sui Zimo marry her safely, and he would definitely have some backup plan.

"When we arrived at Qianhuan Continent, we were practicing while looking for dad. I don't think that man would have thought that we would go directly to Qianhuan Continent."

Chapter 1845 Want to hug a man as soon as you come here?

"We're almost home, we'll talk about this later."

Sui Zimo heard her mention Lin Baizhong and spoke to her.

"good."

Lin Caisang responded.

She also didn't want her mother to know that her father's whereabouts were unknown.

...

The carriage soon arrived at Yacun.

"It's coming, it's coming, it's coming."

When many people saw the carriage, they all rushed up to it, talking to each other.

Lin Laojie, Lu Qiubo and others watched the carriage stop not far in front of them, and then, the curtain of the carriage was opened from the inside.

The first thing they saw was their grandson, jumping down from the carriage, and then Sui Zimo. Lin Changhong turned around and wanted to help someone, but was signaled by his eyes and could only retreat.

"Brother Mo Lian, be careful."

Lin Caisang warned him from behind and watched nervously as he jumped off the carriage in front of him.

Although he knew in his heart that the injury on his chest was almost healed, he was still worried.

"Come on, Sonny, come down."

After Sui Zimo got off the carriage, he turned around and stretched out his hand to help Lin Caisang down.

"Grandpa, grandma, mother, third uncle, third aunt, we are back."

Lin Caisang looked at his family at the entrance of the courtyard, called someone with a smile, and then was embraced into the courtyard by them.

"Sangsang, I haven't been back for so long. Grandma misses you, and your mother, she is..."

"Brother Mo Lian!"

Before Lu Qiubo and his granddaughter had finished speaking, they heard an exclamation from behind them.

Then, before everyone could recover, they saw a figure rushing towards Sui Zimo, with open arms about to hug him.

Lin Caisang subconsciously raised his hand and shot out a burst of spiritual power.

"ah!"

The figure was blown away like a kite with its string broken, and landed on the ground.

"what happened?"

Everyone was also confused by this situation.

"Who is this person? He is so shameless and wants to hug a man as soon as he comes? Let me see."

A woman walked over, muttering softly, and pulled the woman's chin, turning her face towards her.

"Hey, isn't this Yin Lai from the Yatu family? He came here!"

"What are you doing, go away!"

Ya Yinlai was thrown to the ground. Although it hurt everywhere, if there were any real injuries, there were still no injuries. Lin Caisang also showed mercy.

"Lin Caisang, why do you hit me?"

She stood up immediately, wanting to rush to Lin Caisang and slap her back.

But before he could rush over, he was restrained by two nuns who came out from the side and pinned him down.

"Why should I hit you?"

Lin Caisang looked at Ya Yinlai with cold eyes, wishing he could step forward and slap her again.

"You broke into my house and wanted to ruin my fiancé's reputation. If I didn't hit you, I would be sorry for myself!"

What everyone saw just now, Ya Yinlai rushed in and hugged Sui Zimo directly without saying anything.

If this happens, and she treats it as if nothing is wrong, then what has become of her, and what has become of Sui Zimo?

"What's wrong with me holding Brother Mo Lian? He has lived in my house since he was a child. I spent a lot of time holding him when I was a child. I was carried by Brother Mo Lian from childhood to adulthood!"

Ya Yinlai looked at Lin Caisang angrily, with jealous hatred in his eyes.

If Lin Caisang hadn't come out from nowhere to interfere, Ya Molian would have married her!

Now that it's fine, everything is cheaper for Lin Caisang. If Lin Caisang eats meat, shouldn't she also be allowed to drink soup?

Chapter 1846: Courage is not bad

Even if she doesn't dare to let Ya Molian marry her, she still has to pay her the money!

"hiss!"

Many people from the Lin family came to watch the fun, and some came to congratulate Lin Caisang.

Hearing Ya Yinlai's words, they all gasped.

How could you say such shameless words? Are you still shameless?

"Ya Yinlai's face is so thick and shameless. No wonder he's seventeen and no one dares to come to propose marriage. He deserves it!" There was a girl who was a little younger than Ya Yinlai. Hearing her words, he couldn't help but curse.

The girl is so shameless, talking about being raised by a man, but she doesn't even know how to blush or be ashamed.

Besides, the people in Ya Village don't know, when did Sui Zimo hold Ya Yinlai in his arms? Unless it was Ya Yinlai or Naiwazi who couldn't walk, did Yazimo take care of her?

If that can be considered as having been brought up since childhood, then that is really enough.

"It's terrible. How can such a person exist and be so shameless?"

Several older women looked at Ya Yinlai with sullen faces, like a widow.

They all came to congratulate the Lin family, but it was Yayin who came here specifically to find bad luck. I don't know if he was instigated by Yatu and his wife.

"Yin Lai, you still have to keep a thin line in your life. Stop struggling and go home." A man came up and advised.

"What to leave behind?"

Ya Yinlai didn't appreciate the other party's kindness at all. She glared at him and cursed, then turned to look at Sui Zimo.

"Brother Mo Lian, look at me. You have watched me grow up since childhood. My parents also planned to marry me to you. Do you really want to destroy me for this woman Lin Caisang? A marriage with you?"

After hearing her words, everyone standing in the Lin family yard turned black.

"Exiled Jue, throw her out. From today on, I don't want to see anyone from the Yatu family in Ya Village!" Sui Zimo's expression became even more ugly as he ordered to Exiled Jue beside him.

"yes."

Ban Jue responded and strode directly towards Ya Yin Lai.

He really admired this woman, she really dared to mess with anyone, even his master wanted to mess with her.

This courage is not bad.

And this ending is naturally the more tragic the better.

"You...what are you going to do? Don't mess around. I'm telling you, this is Yacun...ah! Let go, let me go!"

When Ya Yinlai saw Ban Jue walking towards him, he knew something was definitely up to him. He panicked and wanted to run away.

But being held by two nuns, she couldn't move. Before she could finish her words, Hou Ling was picked up by the banquet and carried out of the yard.

This Yatu family, he said, should have been dealt with long ago, and there would be nothing like what happened today.

"Brother Mo Lian, brother Mo Lian, you can't do this to me, I... I was wrong, I was wrong. The worst is, I won't let you marry me. You can give me silver, give me five hundred... different For a thousand taels of silver, I will never look for you again. Really, really...ah!"

In the yard, Ya Yinlai's unwilling roar could be heard, but before he could finish speaking, he was slapped in the face and silenced.

One thousand taels of silver, she really dared to think about it!

The master does not need to spend manpower and material resources to make money. Let alone a thousand taels, even a copper plate will not be given to such a person!

Chapter 1847 Go and embarrass Lin Caisang

"Shut up, if you keep making any more noise, I'll cut off your tongue and Rang Zai will never be able to speak again!" He threatened in a cold voice.

"Mo Lian, on this big day, it's better not to..."

Lin Laogan watched Ya Yinlai being carried away and looked at Sui Zimo, wanting to give him some advice.

"Grandpa, I'm fine. Let Brother Mo Lian handle the affairs of the Yatu family." Lin Caisang directly interrupted his grandpa and said.

She knew that her grandfather was overflowing with sympathy and wanted to say good things for Yayin, and also wanted to use her name.

How could she allow it? She dared to make trouble for her and her hairpin ceremony, and dared to think about her brother Mo Lian. She would not allow it. This time, even if Suizi Mo would let the Yatu family go, she would not let him go. Passed.

Of course, after what happened just now, Sui Zimo would definitely not let go of the Yatu family.

Lin Laogong: "..."

He really just wanted to have less to do than more to do at his granddaughter's birthday party, that's all.

Turning his head, he looked at his wife, but saw that she was also glaring at him.

"You're the only one who's troublesome!"

Lu Qiubo lowered his voice and said something to him.

Haven't you seen your granddaughter being bullied? If that Ya Yinlai says a few more words, her grandson-in-law will become her Yayinlai!

In the end, her granddaughter will become a bad woman who steals other people's fiancés!

In this way, this old man still thinks that it is better to do less than to do more? Ask her to tell people like the Yatu family to disappear from Yacun as soon as possible, and everyone can live a more comfortable life.

"Well.

Lin Laogong was choked immediately and couldn't say a word.

...

Not long after, Ya Yinlai was carried by Ban Jueti and came to her own home.

There was a 'bang' sound.

Ban Jue unceremoniously threw the woman in his hand to the ground, regardless of whether she would be hit somewhere.

"ah!"

Ya Yin Lai was in pain and screamed, which attracted Ya Tu who was waiting for dinner in the main room.

"Who are you and what do you want to do?"

Seeing his daughter who was thrown unconscious in the yard, and then looking at Ban Jue, Yatu was a little scared, but he still asked.

This Ya Yinlai is usually a careless person, but now he has brought such a vicious person into the house. Who is he? He looks fierce at first glance.

"My master has ordered that from today on, your whole family will leave Yacun!" Ban Jue did not answer his words. He stared at him coldly and said word by word.

"Your master?"

Yatu was stunned by being banished and had no idea what the situation was now. He secretly looked at Yayinlai, walked over and picked him up.

"Yinlai, who did you provoke outside again?"

"No, no."

Ya Yinlai was carried all the way back. Because he was not convinced and wanted to go back, he was slapped several times and his face was already swollen.

Now she really knew that she was afraid. If she had known better, she would not have listened to her mother's instigation and went to embarrass Lin Caisang. As long as she secretly took money from Sui Zimo, nothing would have happened.

"No?"

Yatu glanced at Ban Jue, then looked at his daughter.

'Snapped!'

A big mouth hit Ya Yinlai directly in the face.

Ya Yinlai, who was already in severe pain on his face, immediately burst into tears.

"If you don't tell the truth, who is this person? Tell me!"

Chapter 1848 If you don't leave, you won't leave even if you die!

Yatu is also in a hurry.

Although he didn't know who this person was, what kind of master this person was talking about wanted him to move out of Yacun!

His ancestors all lived in Yacun. Now that he wants to move out, where else can he move?

"Ah, my dear, what are you doing? How can you get money so smoothly? She is your daughter!" Ya Mu heard the noise and came out from the kitchen, just in time to see her husband slap her. on my daughter's face.

Her heart skipped a beat and she ran over.

However, before he could run in front of them, he was stopped by Ban Jue.

There was a 'bang' sound.

Ya Mu was directly banished and thrown into the mud.

"You are the woman who lets your daughter seduce my master?"

He looked coldly at Ya Mu who fell to the ground, walked over, raised his foot and stepped on the back of her hand.

"ah!"

The next moment, Ya Mu let out a scream.

Only then did Yatu understand who the master in front of him was in the mouth of the ruthless man. Who else could it be if it wasn't his adopted son?

This is really cruel. He didn't even care about their past family ties and just started to attack them.

"Wait a minute, don't hurt anyone.

He listened to his wife's screams and saw that Ban Jue had no intention of lifting his feet, so he quickly let go of his daughter and walked over.

"Let go, let go. Even if something happens to us, your master is still our adopted son. What's wrong with him? Why doesn't he notice it? We are his elders!"

He felt that it was time for him to behave like an elder, otherwise, he didn't know how he would be bullied.

"elder?"

Ban Jue raised his feet and let go of Ya Mu, but with his backhand, he directly lifted up Ya Tu's collar.

"Who do you think you are, worthy of being my master's elder?"

This kind of person who is greedy for money and bullies his prince while he is still young dares to say so brazenly that he is an elder. Don't laugh his big teeth off, right?

"I'll give you an hour to pack your things and get out immediately. After an hour, I will set fire to the house and burn it down!"

As he spoke, he took a decent look at the Yatu family's house.

"This house was also built with the money my master earned for you, right? It also belongs to my master. Since it belongs to my master, why do you people live in it!"

"you you....."

Yatu was so frightened by Ban Jue's ferocious and domineering appearance that he was speechless.

He actually told him to get out, this was his home, the place where he had lived for so many years, how could he leave?

He thought that Sui Zimo was just threatening them, and he really didn't dare to do anything excessive. After all, this was Yacun, and he still had some friends in this place.

If something happens to him, everyone in Yacun can drown the Lin family with just a spit of spit!

"I won't leave, even if I die, I won't leave. If you have the ability, let that unfilial thing Ya Molian kill us. What do I have to be afraid of!"

As he said that, he sat directly on the ground and acted like a rogue towards Ban Jue.

Seeing this, Ban Jue raised his eyebrows?

"You really don't want to leave?"

He narrowed his eyes and asked with a smile.

"If you don't leave, you won't leave even if you die!"

Seeing him asking this, Yatu's voice softened, and he knew that he had made the right bet.

Chapter 1849 Who asked you to go?

Sui Zimo just said something harsh, but he really didn't dare to do anything to them.

After all, this is Yacun, and it is on his territory. Anyone who dares to do anything to him will be punished by him, and they will not have a good life.

However, the pride in his heart and the dismay on his face had not lasted for a few seconds. Suddenly, something cold was placed on his neck, which startled him.

"ah!"

"ah!"

Two frightened screams rang out, which made him tremble in fright. His neck moved forward and was almost cut off by the sword around his neck.

"hiss!"

He breathed a sigh of relief.

Even after moving for a small amount, a wound appeared on his neck, which made him frown in pain.

"You... don't mess around. If you have something to say, say it properly."

"There is nothing to say. Since you want to die, then I will send you to die. After you die, I will send your family members to be with you below!" Ban Jue looked at him coldly and said.

"No, no."

Yatu was really frightened and rolled and crawled back.

He was afraid that the long sword in Ban Jue's hand would directly cut a bloody gash on his neck.

"I'm leaving, I'm leaving, I'm leaving now."

It wasn't until this moment that he knew he was afraid, and he knew that the adopted son who worked hard and could do anything in their family was no longer the one who could be bullied by him.

"laugh."

Ban Jue sneered and put the sword back into its scabbard.

...

Not long after, Yatu's family quietly left Yacun.

Moreover, Ban Jue sent people to follow them personally so that there was no possibility of them coming back.

"Dad, where are we going?"

Ya Yinlai, carrying a bag on his back, pitifully asked his father who was walking at the front.

Hearing his daughter's voice, Yatu stopped and turned around, looking at Yayinlai with cruel eyes.

"You still have the nerve to ask!"

If it weren't for this idiot, would they have been driven out of Ya Village?

There was a 'pop' sound.

A loud ear fell on Ya Yinlai's face.

"You idiot, didn't I tell you not to go to the Lin family to make trouble? Who asked you to go?"

"I....."

Ya Yinlai covered her face pitifully, with tears in her eyes falling continuously.

"Dad, I'm not... I just want Brother Mo Lian to change his mind, abandon Lin Caisang and marry me. If I succeed, then our future life will be... ah!"

She wanted to explain, but the more she explained, the angrier Yatu became and kicked her down.

Immediately afterwards, he kicked Ya Yinlai hard one after another.

"Ah, don't hit, Dad, I was wrong, I...ah!"

"Can you provoke Ya Mo Lian? What is his current status, and what is your status? Are you going to provoke him? Why don't you die on your own!" Ya Tu now vented all his anger on On Yayinlai's body.

"You stupid thing, how can you make Ya Molian fall in love with you just because of your face? If he can fall in love with you, what will happen to Lin Caisang? He would have married you home long ago!

It's fine now. You've harmed our whole family, you scourge! "

"My boss, my boss, stop fighting, stop fighting."

Seeing that her daughter was almost exhausted from being kicked, Mother Ya hurriedly came forward to persuade her.

"And you!"

Ya Tu, who was still glaring at Ya Yin with a scarlet gaze, suddenly stared at Ya Mu.

"Do you think I don't know? You must be involved in this. Without you, would Yin Lai dare to do this?"

Chapter 1850 Don't sacrifice us

"I....."

Ya Mu's body trembled almost invisibly.

She didn't know that Ya Molian really dared to be so cruel to them. She really just wanted to get some money from Ya Molian.

"This...I don't know. I just want to get some money. I didn't know it would end up like this."

She felt that she was quite innocent. Instead of getting the money, she was involved in it. She couldn't even live with her family and was kicked out.

"Yinlai, what on earth did you say to Sui Zimo?"

Thinking about it, she looked at her daughter and asked sharply.

"No, I didn't.

When Yayin came to see his mother, she pointed the finger at him. She couldn't afford to panic and quickly shook her head.

"I just followed what you taught me and asked Brother Mo Lian for money, but he didn't even let me speak and kicked me out. What can I do? There's nothing I can do."

If she was given another chance to choose, she would never provoke Sui Zimo.

It's fine now. In front of her parents, she is just a fool who made them homeless. From now on, she will have no status at all in front of her family. She might as well be Yabei.

"If you didn't say anything, Ya Mo Lian must be crazy, so he would drive us out!" Ya Tu cursed at Ya Yinzi in a hateful voice.

Thinking that just cursing was not enough to relieve his anger, he raised his foot and kicked Ya Yinlai a few more times. Yayinlai could only scream in pain and had no strength to resist at all.

"Master, stop kicking. Let's think about what to do now." Ya Mu stopped Ya Tu again and asked.

They were driven out of Ya Village. If they wanted to go back, they could only wait until Sui Zimo left.

But now, they want a place to live, right?

It's impossible to live in the wilderness, right?

"How did I know?"

After hearing this, Yatu became even more furious.

He didn't know where he would live. His wife's parents were gone long ago, and only the brother-in-law and the others were left. They would definitely not be allowed to come and eat and drink for free.

"Is there anything you can do?" he asked his wife.

Mother Ya's face was very complicated, and she thought about it again and again.

After a while, when she saw her daughter Yayin coming, her eyes suddenly lit up.

"Master, how about we go to Jin Lai's house?" she suggested.

"Jin came home?"

Yatu frowned and remained silent.

At first, her son-in-law came to propose marriage and said he wanted to marry Yayinlai. But Yayinlai didn't want to marry, so he changed his name to Yajinlai. After that, he had no contact with his son-in-law's family for more than two years. My son-in-law never came to my door, not once.

Now, how is it possible for her to go to her son-in-law's house with a shameful face? His old face will be completely lost.

"Yes, let's go to Jin Lai's house."

Mother Ya thinks this idea is very good.

"We still have Yinlai. Jinlai's man originally wanted to marry Yinlai. Let's give Yinlai to him, and he will get another daughter-in-law all of a sudden. She can treat us badly, and he is afraid that he will not give us as a wife. Come on."

"No, mother, I don't want it!"

Ya Yinlai was frightened when she heard her mother's words, and her face became even paler than before.

She didn't want to marry that man at all. There was a large scar on that man's face that was burned by the fire, and it even reached his neck. It was as scary as it was.

She will live a good life in the future, how can she marry such a person?
