

Star of Space 1861

Chapter 1861 Who is it? Who is it?

In the end, the emperor still had to be the villain, and he could only bear the blame.

"Why didn't I think that I could have such a choice?" She sighed, feeling that she was too stupid.

In order to find an antidote for Lin'er, she had been suffering from insomnia for countless nights. She had no energy to think about anything else. She just hoped that Lin'er would not die from the poison.

She really didn't expect that the emperor could force him to hand over the antidote at the right time.

"perhaps....."

Suddenly, she thought of a more perfect idea, and then raised her eyebrows.

...

Another dozen days have passed.

Liang Guo's bride-sent-off team was almost arriving at the border town. Among the people sending the bride-gathering, the most eye-catching one was the eldest prince.

Originally, the Second Prince also wanted to come, but because he had been seriously injured before and was poisoned by miasma, he should not move around too much, so he didn't have the chance to come.

"Son'er, we're almost at the border town. I'll wait for you there."

Outside the carriage, everyone was sitting on the ground, and Sui Zimo said to Lin Caisang, who was treating his wounds.

"Leave now?" Lin Caisang raised his head and glanced at him.

"Um."

Sui Zimo nodded.

"I just dealt with a group of people today. No one will come again in the next two days. I will be able to return to you the day after tomorrow."

"Why."

Hearing his words, Lin Caisang sighed softly.

Until now, she could not figure out who sent those who wanted to kill her and Sui Zimo.

Is it the cloaked man's master, or the people who have been staring at her mother? She is confused now, really!

"Brother Mo Lian, you have to be careful, those people will do whatever they can."

She warned Sui Zimo.

Along the way, their group encountered several assassinations. Some attacked directly with knives, some used poison, and some used tricks to separate them and defeat them one by one.

So, just do whatever it takes to defeat them.

She was afraid that after Sui Zimo left, she would be fine here, but he would be troubled over there.

"Um."

Sui Zimo responded lightly and nodded.

"How about I go with you?"

After thinking about it, Lin Caisang still felt uneasy and suggested.

Sui Zimo: "..."

Did his little girl treat him like a piece of tofu?

"Sang'er, don't worry about me. Just pay attention to yourself. Also, since you are so worried, I will take Zhong You away. After all, he is your apprentice. He can still be used in critical moments. of."

he said.

Hearing this, Lin Caisang laughed and shook his head.

Why can Zhong You come in handy at critical moments? Her brother Mo Lian feels that Zhong You's spiritual power is still too low now. If something really happens to her, Zhong You will hold her back, right?

"All right."

However, she still agreed.

If doing this would make her brother Mo Lian worry less about her.

...

Here, Sui Zimo left Lin Caisang and hurried to the border town. On the other side, Emperor Wei was in the imperial study, smashing pieces all over the floor.

"Who is it? Who is it?"

He gritted his teeth bitterly, thinking about what had just happened.

That was the son he cherished so much, and he was killed like this, stillborn, and he still had two sons!

However, no one knew that there was another woman by his side, and that she was walking between his study room and his bedroom. He kept this matter a secret.

Who could it be that exposed this matter to him!

Chapter 1862 Have you seen anyone?

Moreover, his two sons, who were about to be born, suddenly disappeared inexplicably.

"is it you?!"

"emperor....."

Eunuch Gui stood aside and looked at him weakly.

"Your Majesty, this servant is loyal to you and will never betray you."

The next moment, he knelt down with a 'pop' towards the emperor, his whole face full of innocence and fear.

The emperor glanced at him coldly. Naturally, he didn't think that Eunuch Gui would tell this matter. He didn't have the courage yet!

Besides, Eunuch Gui was the one he brought up. Without his great mercy, he would still be a little eunuch who could be killed at will. How could he betray him?

But besides Eunuch Gui, who else could it be?

In this large palace, there are really only a handful of people who know that he has a woman by his side!

"I never told you, why are you so anxious?"

He said angrily.

"You go out, I want to think about it!" What is going on.

"Yes, I will resign."

Eunuch Gui breathed a sigh of relief before narrowly retreating.

I don't know who actually made the woman next to the emperor do that. Even his master didn't say anything about that woman.

Fortunately, the emperor didn't pay attention to him as a eunuch at all, so he didn't reveal his identity.

In the royal study room, the emperor still had a gloomy face, and he couldn't understand at all who was so cruel that he would not even let a pregnant woman go, and killed his two sons.

"come out!"

He spoke into the air.

After a while, a woman came out of the corner and looked at the aloof emperor with tearful eyes.

"Your Majesty, you have to make the decision for Wan'er."

She came to the emperor and knelt down softly towards him.

After hearing her words, the emperor also frowned and took a deep breath.

Why didn't he want to take revenge? But he still didn't understand who leaked Wan'er's affairs. He asked people to investigate, but they didn't find out anything about it.

"Have you seen anyone recently?" he asked coldly.

Hearing this, Wan'er was stunned, raised her head to look at the emperor, and then lowered her head again, thinking about it carefully.

"No."

She shook her head. Usually when she was in the royal study and saw someone else coming in, even if it was Eunuch Gui, she would hide first.

You have already been so careful, how could you possibly see other people?

But suddenly, as if she thought of something, she frowned and looked up at the emperor.

"unless....."

"Unless what?"

When the emperor heard this, he immediately asked.

"The Queen came to the Imperial Study that day. Although she never came in, she seemed to have seen the slave outside the Imperial Study..."

"Queen, she is actually a queen! Are you sure?"

The emperor ground his teeth. Was it actually the queen who did this? Did she want to do something, take revenge on him for doing something to her son?

So, you wanted him to lose several children in a row, and then you attacked Wan'er?

"No, it's not."

Wan'er shook her head again, looking a little confused.

"I can't be sure whether the Queen saw me that day. However, the look in my eyes when I looked at the Queen was indifferent. It should be that... I didn't notice me."

Chapter 1863 Go and be reincarnated

If the Queen knew that there was a woman hiding beside the Emperor who was always with him, how could she pretend to know nothing?

Even if you can pretend it later, you can't look so calm the first moment you see her, right?

"Besides, there is no benefit at all for the Queen to do this. Ruining the Emperor's child will do no good to the Queen."

In her opinion, the Queen has everything she wants, and is already in the queen's position. There is another prince who is about to be crown prince. At this time, how can she argue with a palace maid like her?

And the emperor, after hearing Wan'er's words, was almost certain.

This thing was done by the Queen. The Queen did this just to retaliate against him for wanting to poison Sui Zilin!

I really didn't expect that the queen would even do such a thing as murdering the emperor's heir for the sake of her son. He shouldn't have taken out the antidote to save Suizilin and let him die together with Concubine Lian. It's clear!

But at that time, he didn't know that Wan'er was pregnant with two sons, so he naturally placed his hopes on Sui Zijin.

If he had known earlier, he could have been killed by his backhand even if he was one year old. Anyway, he had many sons!

But now it is useless to think about this harmonious relationship.

"You should step back first and take care of yourself. I have plenty of time to pamper you. There will be more children in the future. He looked at Wan'er and comforted her in a deep voice.

As for the queen, if you dare to touch her head, don't blame him for being rude!

Didn't she want to protect Suizilin? It was Suizilin who was so lucky last time that Concubine Lian was poisoned by the same poison. This time, it wasn't so easy!

"Yes, slave, please leave."

Wan'er originally took advantage of her miscarriage, when she was weak and pitiful, to say a few personal words to the emperor, making the emperor like her even more.

Who would have known that before she could say a few words, the emperor asked her to leave first.

She had no choice but to leave the imperial study room first.

In the imperial study room, the emperor was also silent, thinking about how to deal with the empress who was getting more and more powerful, and Suizilin, who had always been against him since she came back from Suijun.

However, the more he thought about it, the more strange he felt.

It was obvious that the Queen and Sui Zilin were hopelessly stupid and left to his own devices before. How long had it passed before they became so powerful?

Is this because he has been reincarnated, or is there some other reason?

This time, the woman in the cold palace was inexplicably poisoned. If it was the queen's handiwork, he would never believe it.

If the queen wanted to take action, she would have done it early in the morning, so why wait until she was about to be poisoned to death?

Therefore, what happened to Concubine Lian was done by someone else and had nothing to do with the Queen.

"Is it the Queen Mother?"

he murmured doubtfully.

But thinking about it, it's not quite right.

The Queen Mother was most focused on finding a cure for Sui Zilin's poison. She could not possibly think of poisoning Concubine Lian to make Sui Zilin hate his father.

After all, the Queen Mother is also his biological mother. Even if there is a gap between mother and son, she will not do such an excessive thing.

Is that someone else?

But who can get the strange poison that only he has?

Suddenly, he thought of someone, and his black eyes narrowed dangerously.

"Sui Zimo!"

Besides Sui Zimo, who else has the ability to steal the poison around him and put it into the food of Concubine Lian in the cold palace?

Chapter 1864 Master, you are here

The queen doesn't have such a good mind, and the queen mother doesn't. As for the other people in the palace, who will mind this business.

There was only Sui Zimo.

"That woman dared to join forces with Sui Zimo!"

Before that, he had thought something was strange, why Sui Zimo, who had personally brought Sui Zilin to Sui County, didn't react at all when Sui Zilin came back.

Seeing that he was about to be canonized as a prince at the end of the year, there was still no movement in Prince Mo's palace.

It turned out that it was because the Queen had united with Sui Zimo early in the morning that Sui Zilin was brought back so easily. He was promoted all the way, but he couldn't even stop him!

Even the national master Suyang, who had a grudge against Sui Zilin for killing his son, didn't react at all!

At that time, he was lying in bed, only thinking about how to detoxify his body, but he ignored these people, giving them the opportunity to join forces to deal with him.

And his queen mother probably knew about this, but she just turned a blind eye and didn't want him, the emperor, to know about it, right?

Sure enough, apart from him, there was no good person in the palace, they were all bitches!

Grinding his teeth, he thought bitterly.

"Sui Zimo!"

Many people had been sent to kill Sui Zimo, but Sui Zimo's life was so long that he was not dead yet.

At the same time, he didn't understand why Sui Zimo risked his life to protect a wild princess in Princess Liang's mansion when he knew he was in danger.

Could it be that he had some unknown deal with the eldest princess of Liang Kingdom?

"What do you want to do?"

He took a deep breath, thinking that now it was too late to think about what Sui Zimo was going to do. All the men left by the cloaked man in his hand had been used up.

Therefore, we can't deal with Sui Zimo for the time being.

However, he couldn't deal with Sui Zimo, and he had to get rid of that bitch Queen!

If you dare to join forces with Sui Zimo behind his back, you are not seeking death. How can he spare the queen, that ambitious woman?

"Someone is coming."

Thinking about it, he wanted to call someone in to give the queen some poison and let her die unconsciously.

But before the people outside were called in, he felt a strong wind blowing around him. He was so excited that he immediately stood up from the dragon chair and came down.

Sure enough, when he raised his eyes to look at his dragon chair, he saw that it was already occupied by a man whose whole body was covered tightly by a cloak.

"Master, you are here."

"Um."

The cloaked man responded solemnly.

Hearing the sound, the emperor frowned slightly and thought to himself: Why is this sound different from the one he heard before?

Could it be that who is pretending to be this person, sent by Sui Zimo?

"Master, I have already taken care of the things you told me before, and I have given that thing to Sui Zimo." Thinking whether the person in front of him was a fake, he asked tentatively.

"It's just that I don't understand why such a good thing should be given to Sui Zimo? How can he have the ability to deserve that thing?"

If it was really the man in the cloak, he must know what it was. If it was a fake, he would immediately order someone to capture him!

How could he tolerate someone who dared to pretend to be someone else in his palace, and even pretended to be his master?

Chapter 1865 Moving Sui Zimo

"What did he ask you to give to Sui Zimo?" The cloaked man asked the emperor coldly.

"You...you are not the master, who are you?"

When the emperor heard his words, he suddenly understood that this was not the cloaked man who had contacted him before and gave him the task.

"No matter who I am, I am your master. You have too many words. Answer my question." The pressure from the cloaked man's whole body directly pressed against the emperor, so that the emperor suddenly fell to his knees. on the ground.

"Master, I was wrong, please forgive me." The emperor gritted his teeth and had to bow to the cloaked man.

He should have known a long time ago that the cloaked man who came to him every time could not be the same one at all, and they were not his real master, but just his subordinates.

But in front of these subordinates, he still had to call them master.

"He asked me to give Sui Zimo a cultivation secret book, and also asked me to say something to Sui Zimo." The emperor told him what the cloaked man told him before, and how he was poisoned by a poisonous garment. Everything about the fall was clearly explained.

Of course, there must be some things that are not beneficial to him that are deliberately ignored.

"Did Sui Zimo practice according to the secret book?" the cloaked man asked.

"this....."

Hearing his question, the emperor was stunned for a moment. 'G' 'S' 'h' 'u' 'X' 'c' 'o' 'm'

He was only responsible for putting that book into Sui Zimo's hands. He didn't care about the rest.

Moreover, Prince Mo's Mansion is not something he can control if he wants to.

"I don't know, I only know that since I gave him the secret cultivation book, Sui Zi Mo has been staying at home in Prince Mo's palace. It was only recently that I got the news that he went to Liang Kingdom. Jian'an City."

he replied.

Hearing this, the cloaked man's hand on the table tightened.

Come to think of it, Sui Zimo probably didn't practice according to the method in the practice secret book at all, otherwise, there would be no reaction at all from his master.

It seems that Sui Zimo is not as stupid as his master said, and is still a bit smart.

"Where is he now?" the cloaked man asked.

"Counting the time, he should have reached the border by now." The emperor replied immediately.

"In order to get rid of Sui Zimo before, I sent many people who stayed before, but they all left and never came back. Now that the master is here, he can just take Sui Zimo... ugh!"

Before he finished speaking, he felt his throat being pinched by a hand.

"Owner....."

He looked at the cloaked man in disbelief, whose face could not be clearly seen. He was holding a breath in his chest, and his whole face was red.

"Who allowed you to touch Sui Zimo?!"

Just when the emperor thought that he would die in the hands of the cloaked man, the cloaked man let go of his hand and watched coldly as the emperor slowly fell to the ground, gasping for air.

"Master, it's not you... No, no, it's the one before. That's what he said, asking me to spare no effort to kill Sui Zimo."

It's just that after so long, he hasn't found a suitable opportunity to take action, because Sui Zimo's Prince Mo's Mansion is so impregnable that he can't get in at all.

But this time it was much more convenient. After all, Sui Zimo was following the bride-gathering procession of the Liang State, and he was in the Liang State. Death would bring benefits to him, as it would allow him to ask for many things from the Liang State. .

Chapter 1866 This woman is not allowed to move

"idiot!"

The cloaked man couldn't help but cursed when he heard what he said.

That fool was indeed disobedient. He dared to disobey his master's orders, so he deserved to die!

"I'm warning you, if you dare to do harm to Sui Zimo again, I'll let you go to hell first to pave the way for Sui Zimo!"

He looked at the emperor with gloomy eyes and said quietly.

The emperor was really frightened by the cloaked man's words. He shrank his neck and did not dare to say anything.

However, he was quite unconvinced. After all, he didn't do anything. He only followed the orders of the cloaked man before and attacked Sui Zimo when Sui Zimo went to the border to welcome his bride.

But in front of this cloaked man, these things turned out to be different.

What the hell is going on!

"I...I don't dare anymore."

He knew in his heart that now was not the time to ask about his doubts, so he nodded quickly to show that he would be obedient.

"snort!"

The cloaked man snorted coldly.

"What's the situation here now? It's such a mess. What happened?"

he asks.

After hearing this, the emperor gave him the poisonous clothes from the cloaked man before, and then told the cloaked man all the things that happened to the queen in the future.

"That's what happened. Now the Queen has united with Sui Zimo and wants my kingdom. Master, you are here, but you have to give Sui Zimo to me... uh, no, kill those bitches of the Queen." .

Originally he wanted to say that he wanted Sui Zimo to die, but when the words came to his lips, he remembered the warning of the cloaked man, so he changed his mind.

If he can't kill Sui Zimo, then it's okay for him to kill that bitch Queen to take out his anger, right?

By the way, it also lets Sui Zilin know who is the absolute authority of Weigu, so that he can stop forgetting the duties between monarch and ministers!

"Queen..."

The cloaked man just narrowed his eyes when he heard his words.

"You are not allowed to move this woman."

After a while, he explained to the emperor.

"What?!"

The emperor thought he had heard wrongly.

Sui Zimo can't move, why can't that bitch Queen move either?

Could it be that that woman also has some unknown special identity? Of course that is impossible, she is an authentic Shaohua City person!

"Master, why is this..."

He looked at the cloaked man and murmured.

"Are you questioning me?"

The sharp eyes of the cloaked man immediately focused on the emperor.

"No, no, I don't dare." The emperor quickly shook his head.

How could he dare to question the cloaked man? He just didn't understand why he couldn't move this or that even though everything was fine.

"Is what I ask you to do difficult?" the cloaked man asked him.

"No, it's not difficult, not difficult at all." The emperor could only shake his head.

But he felt unhappy. Why should he have to struggle in the palace? This was his palace and his world!

"As a majestic emperor of a country, you always focus on women. It's time for you to wake up." The cloaked man sneered and said to him.

Then, without waiting for him to say anything else, he walked away.

...

It's been another ten days.

Everything was so abnormally calm that one couldn't help but wonder, is the emperor trying hard to hold back something bad?

Because all the assassinations in the past few days seemed to have disappeared all at once, and there were no more, which made Lin Caisang originally want to kill everyone and take down all those who hurt her brother Mo Lian. , completely failed.

Chapter 1867 Emperor, give me another concubine title

The carriage has arrived outside Shaohua City, and hundreds of civil and military officials came to greet it, congratulating Sui Zimo, Prince Mo.

Of course, each of them wanted to see what kind of angel this princess looked like in exchange for their emperor giving away the female doctor.

It's a pity that they didn't even get out of the carriage, and they didn't even pull down the curtain.

In the disappointed eyes of the civil and military officials, Sui Zi Mo took the carriage directly into Shaohua City, and then entered Prince Mo's Mansion.

...

"What did you say?!"

In the royal study, the emperor, who had been waiting for news, suddenly heard the words of the cloaked man who had just arrived, and jumped up from the dragon chair in shock.

"I didn't hear you clearly, please...say it again."

The emperor's lips trembled and he looked at the cloaked man in disbelief.

"You heard it right, I asked you to marry the princess who came from Liang Kingdom. As the emperor, you can still get a concubine, right?" The cloaked man looked at him and said word by word.

emperor:"....."

That Princess Liang who was probably a bumpkin from top to bottom, even if it was his son, he wouldn't let them marry, let alone himself?

How much of a loss of status it would be to marry such a woman. From now on, he, the Emperor Wei, will be laughed to death by the people of his own country!

"Master, you...are you kidding?"

He asked, twitching the corners of his mouth.

"Do you think I am joking with you?" The cloaked man's voice was cold and devoid of warmth at all.

"I....."

The emperor opened his mouth, but in the end he didn't dare to say anything.

Could he tell the cloaked man that he was joking? Then he has just made a huge joke on himself!

This cloaked man is obviously not as easy to talk to as the last one, nor is he as impetuous. He has a strong purpose in everything he does.

"Okay, I will issue an order to have Sui Zimo send the person to the palace." He gritted his teeth and said to the cloaked man.

What else can be done? Even if the people of Wei State know that he, as a father, went to snatch his daughter-in-law, that would be better than dying in the hands of the cloaked man, right?

"Um."

The cloaked man responded softly.

"As long as you do what I want, you will benefit from it."

With that said, he left.

"Damn it, damn it!"

After a while, after confirming that the cloaked man had gone far, the emperor cursed with a dark face.

Does this cloaked man think his harem is trash? Can any woman be accepted into it?

He would never want a woman who was not a stunning beauty, and would not even take a look at her. Now that he wanted to bring in the princess of Liang Kingdom, wouldn't that... wouldn't it make him extremely sick?

This cloaked man is really hateful.

...

Outside the imperial study, although Eunuch Gui stood not far away, he heard clearly what the cloaked man and the emperor said.

This was the first time he saw the cloaked man, and the first time he heard the content of their conversation.

Glancing coldly towards the imperial study, he snorted in his heart: He alone wants to marry his mistress? How whimsical!

"We must quickly pass this news to the master."

Thinking about it, he left in a hurry.

...

In Prince Mo's Mansion.

As soon as he entered the mansion, Ban Jue received a note from the palace.

Looking at the words above, his face suddenly darkened, and he immediately came to his master and mistress.

Chapter 1868: The Holy Finger cannot come down!

"Your Majesty, it's not good.

"What's the matter?"

Sui Zimo frowned.

Don't you know that today is the day when he welcomes Sonny into the house openly? How can you say something like 'It's not good'?

"There is news from the palace that another cloaked man has appeared on the emperor's side..."

"Um?"

Before he could finish his words of banishment, he was interrupted by Lin Caisang.

How many cloaked men are there? If you beat them to death one by one, this is not the end of the world, right?

She finally understood that this cloaked man was really just a few fleas that he kept around him. He could kill a few and raise a few more.

"What are they plotting?" she asked.

"this....."

Ban Jue looked at his mistress with some embarrassment, and then turned his attention to his master.

"Your Majesty, the news coming from the palace is that the cloaked man wants to bring the mistress... into the palace and become the emperor's concubine." He said quietly.

"I go!"

Before Sui Zimo could get angry, Lin Caisang couldn't help but curse.

That old immortal thing really dared to think that he wanted to get her into the palace to be his concubine!

Aren't you afraid that if she spreads the poison, she will lose her life?

"Is this what the cloaked man meant?"

Sui Zimo took a deep breath, resisted the urge to rush into the palace and kill all those guys, and asked.

"Yes, this is what the cloaked man meant." Ban Jue nodded.

It's just that he can't figure out what the cloaked man means this time. Is there something wrong with his mind?

Who in the entire Shaohua City doesn't know that Miss Lin's current identity is that of a wild little princess who is not taken seriously, and he actually wants the emperor to make Miss Lin his concubine!

"Your Majesty, the imperial edict from the palace will come out soon. What should we plan?" he asked.

"Then it will prevent the Holy Finger from coming down!" Sui Zimo said directly.

Dare to move the earth on his head. The people in this palace are really getting more and more capable.

"Also, keep an eye on the cloaked man. Once he appears, capture him immediately."

Upon hearing this, Ban Jue responded immediately.

"yes."

Dare to break ground in their Prince Mo's Mansion, the people in this palace should really relax, and save them from not knowing who is the strong one.

"etc."

As he was leaving, he was stopped by Lin Caisang.

"Mother, do you have any other instructions?" Ban Jue turned around and asked.

"Send someone to the Queen's Palace to tell her not to take any action for the time being, as well as the Imperial Master's Palace." Lin Caisang ordered.

"Sonny, what do you mean..."

Hearing what his son's son said, Sui Zimo also glared sharply.

Was it because the Queen was discovered by the Emperor, and then the man in the cloak found out about it, so this happened?

"I'm afraid this cloaked man is not as simple as we thought. Brother Melian, we have to be careful." Lin Caisang said to him.

She always had a feeling that the man in the cloak came here not only to deal with Brother Melian, but also to deal with her as well. In other words, the man in the cloak knew that she was not just a wild little princess.

Otherwise, he would not have given the emperor the order to let her enter the palace as his concubine.

"Um."

Sui Zimo nodded.

...

An hour later, the eunuch who came out of the palace to deliver the edict was directly thrown back into the palace by the person carrying the edict.

What horrified the emperor was that the eunuch who delivered the order was thrown directly into the emperor's palace, frightening Wan'er, who had just lost her child, to the point of fainting.

Chapter 1869 Almost scared to death

When the emperor heard the news and hurried over, he only saw the body of the eunuch who delivered the edict, and the imperial edict that had been stained with blood.

"Damn it, damn it!"

He was so angry that his whole body trembled, and he stepped on the eunuch's body several times to vent his anger.

"Useless things, a bunch of trash!"

If he can't even summon a decree to Prince Mo's palace, what's the use of raising these people?

"Come here, continue to draw up the edict for me. Draw up ten copies for me... no, a hundred copies! I want to see if Sui Zimo can stop every copy!" He said to Eunuch Gui behind him. commanded.

Eunuch Gui behind him: "..."

He doesn't understand, is there a difference between one hundred copies and one copy?

If Prince Mo wanted to stop these imperial edicts, it was just a matter of saying a few words. Let alone a hundred copies, even a thousand copies, he had to call the eunuch to announce the edict, and he had to walk across it with both feet. Or take a horse-drawn carriage.

And these people can't get close to Prince Mo's Mansion at all, okay?

"Yes, Your Majesty."

Although he was thinking this, he still had to respond, turned around, and went to do what the emperor sent him to do.

The emperor stopped in the palace and turned to look at the maids serving in the palace.

"Where are the people?" he asked.

"Returning to the emperor, Miss Wan fainted from fright and is lying inside." The palace maid replied sincerely.

Hearing this, the emperor raised his hand and waved away the people in the room, then strode inside. After a while, he saw the woman lying on the bed with a pale face.

He frowned.

"Wan'er?"

She screamed, but the woman on the bed didn't move at all. Even when she was unconscious, she was frowning.

But seeing the woman with this appearance, the emperor's brows tightened even more.

"How can my woman be so useless!"

He was so frightened by Sui Zimo's little tricks that he fell into a coma?

He suddenly felt that he had completely lost interest in the woman in front of him. Even if the woman had a stunning appearance, but was so weak at heart, she should not be his woman.

Fortunately, those two little ones were not born. Otherwise, if they were as weak as this woman, what use would they have in the future?

"Come on, come on!"

He immediately spoke out and called in the palace maid outside.

"See the Emperor."

Six maids hurriedly walked in, saluted the emperor, and stood still.

"Send this woman away to me. From now on, I will... no, just throw her into the cold palace to fend for herself!" the emperor ordered to the maids.

When the maids heard the emperor's words, they were almost frightened to death.

Wanmei is still in a coma. Just now, the emperor asked about Wanmei. Why is she now being thrown directly into the cold palace to fend for herself?

In the blink of an eye, the treatment is so different, right?

"Yes, Your Majesty."

The six maids responded and were about to go over and lift Wan'er up. Who knew...

When a few people passed by, the emperor looked directly at one of the palace maids with an outstanding appearance and pulled her back.

"emperor....."

The palace maid who was pulled was startled. She thought she had done something to offend the emperor. She was kneeling on the ground when she unexpectedly heard the emperor's voice.

"You stay here."

"Yes, Your Majesty."

The palace maid lowered her head in fear and swallowed.

Then, she looked at Wanmei, who was still in a coma, and her fate for the rest of her life was decided by the emperor.

Chapter 1870 You are not allowed to go anywhere

The cold palace, that is the cold palace!

In that place, if someone had been enthroned as a concubine or other harem women, they might still be able to survive. But who is Wanmei? She is just a palace maid next to the emperor.

They call Wan'er a beauty, but in fact, she is just a palace maid who can warm the emperor's bed.

Such a person is thrown into the cold palace and has no power outside. What good ending can he expect?

She watched the woman being carried away from her eyes without any consciousness, and she swallowed again.

After a while, while she was staring blankly at Wan Meiren being dragged away by the palace maid, she felt her body lighten up. The next moment, the palace maid was picked up by the emperor and thrown directly to Wan Meiren who was still lying there before. big bed.

Then, she could only watch in horror as the emperor pressed down on her.

After a long time, the emperor got up from the bed, threw the soft quilt on the woman's body, and covered her body.

"It's not bad. You've been lying on the bed for the past few days, waiting for me to visit you at any time. You're not allowed to go anywhere, let alone put on clothes. Do you understand?"

With his body satisfied, he finally swallowed the breath that Sui Zimo had announced to kill the eunuch, and then, his interested eyes glanced at the woman on the bed.

"My slave... I obey your order."

The little woman trembled and responded with trembling lips.

She never imagined that one moment she was still sympathizing with Wanmei, and the next moment she would become the second Wanmei.

Just now, when she felt the emperor venting his anger on her body without hesitation, she really wanted to cry, but she didn't dare.

She is not just a person, she has a family.

She knew very well that if she made the emperor unhappy, she would die, but the emperor would not let anyone in her family go.

Therefore, she could only endure it and endure it as hard as she could.

"Quite sensible."

The emperor nodded with satisfaction, put on his clothes and left.

"Woo!"

After the emperor left, the little woman dared to cry out.

She is just a palace maid. Should she be humiliated if she looks better?

Everyone said that it was a great honor to be the emperor's woman, but she didn't think so.

Look at Wanmei, she is pregnant with the emperor's heirs, or two. She was finally harmed and lost her child. But now, she doesn't know how to make the emperor unhappy, and she was thrown into the cold palace. .

She doesn't even know what her future ending will be like. Will it be much better than Wanmei?

Impossible, right?

...

Two days later.

In the imperial study, the emperor was really angry.

He has lost count of the number of batches of eunuchs he sent to Prince Mo's Mansion, but except for the first eunuch who was thrown into his palace, the others were never seen alive or dead.

In Prince Mo's Mansion, Princess Liang still lived, and Suizi Mo actually started hanging red lanterns for him.

The palace of Prince Mo was filled with joy.

"What's going on? Is this how you do things?"

The cloaked man also heard the news and came to the imperial study to question the emperor.

Such a trivial matter, just to let Princess Liang into the palace, could not be handled. After several days, she was still allowed to stay in Prince Mo's palace. Wasn't this a clear sign of opposition to him.
