

Star of Space 1871

Chapter 1871 Send... send troops?

"Master, there's nothing I can do about this. I've issued orders several times, but the eunuch who issued the order has disappeared. I guess he was taken care of by people from Prince Mo's Mansion. I can't go there in person, right?"

He was also depressed and had nowhere to vent his anger.

This old man, Mo, really didn't take him seriously as the emperor. He even dared to kill the eunuch who announced the decree. Is there anything else he didn't dare to do?

"Why don't you, Master, go to Prince Mo's Mansion and see it yourself?"

He suggested to the cloaked man.

After hearing his words, the cloaked man's eyes sharpened and he glanced at him coldly.

When he went to Prince Mo's Mansion, did he think his life was too long? That guy Sui Zimo has already arrested one of his companions, and he doesn't want to be arrested himself!

"You send people forward again. If that doesn't work, just send the army over!" He ordered the emperor.

The people from Prince Mo's Mansion could take care of a eunuch who issued an edict, but they couldn't possibly kill Weiguo's troops in the street, right? He wanted to see how Sui Zimo would react this time!

"Send...send an army?"

The emperor was shocked by the cloaked man's words.

Just to go to Prince Mo's Mansion to announce an edict, do you have to send a team of soldiers there?

Wouldn't that let everyone in Shaohua City know that his majestic Emperor Wei wanted to steal his son's wife?

Doesn't he want to lose face?

"What are you still doing? Just do as I say. After saying this, the cloaked man walked away.

But what he didn't know was that when he left the palace this time, he was already being followed, and they followed him directly to his residence.

As for the emperor, although he strongly disagreed with the cloaked man's methods, he was his master and he could not disobey orders, so he could only follow them.

...

"Sending troops to Prince Mo's Mansion?"

In the Queen Mother's Palace, the Queen Mother was simply stunned when she heard the news.

Because the eunuch who announced the edict had died, the emperor's actions were relatively secretive, and the queen mother did not know about it.

But once the military affairs are revealed, it is not something that can be kept hidden.

"Why did the emperor do this? This is too presumptuous!"

Although she was not optimistic about the people in Prince Mo's Mansion and wanted them to disappear as soon as possible, the people in Prince Mo's Mansion could not be eliminated immediately if they wanted to. They had to wait for a reliable opportunity.

Why did the emperor send troops to Prince Mo's Mansion now?

"Back to your empress, I heard that the emperor wanted Princess Liang to enter the palace and issued a decree to confer Princess Liang as a concubine. This angered Prince Mo. Therefore, the emperor sent people to Prince Mo's mansion many times to make rice paper, but nothing happened. I saw only those who left, but no one came back to reply."

Mammy said to the Queen Mother.

"Canonizing the princess of Liang Kingdom as a concubine? He is impudent!"

Hearing this, the Queen Mother stood up and slapped the table, her whole old face turned red with anger.

"The princess of the Liang Kingdom marrying King Mo as his concubine was something that was discussed with the Liang Kingdom early in the morning. How can he be allowed to change it on his own initiative? What does he think of the Liang Kingdom, and what does he think of the eldest princess of the Liang Kingdom?"

The eldest princess of the Liang Kingdom was the most beloved sister of Emperor Liang.

The eldest princess's daughter, even if she comes from the countryside and doesn't know a few words, is a favored one. How can she be manipulated by him?

"He doesn't even think about how old he is. The princess of Liang is only fifteen, and he dares to do such a thing! Does he want to destroy Weiguo?"

If Emperor Liang was angered because of this incident, Emperor Liang would directly send troops to attack Weiguo. When the time comes, will her stupid son be able to withstand it?

Chapter 1872 Drinks given to garbage people

"What a fool, so stupid!" she cursed.

"The Queen Mother, please don't be angry, you should find a way now." Seeing that the Queen Mother was really angry, Mammy advised her sincerely.

What's the use of being angry now? The Emperor has already issued an order. Although they haven't gone down to Prince Mo's Mansion yet, the Emperor will send troops to surround Prince Mo's Mansion. There are still a few people in Shaohua City who don't know that the Emperor wants to fight for their son. Where is the woman?

What's more, that woman is the princess of Prince Mo's Mansion and the princess of Liang Kingdom, who has been decided early in the morning.

Your Majesty, he really dares to think!

"Think of a way, what can the Ai family think of?!"

The Queen Mother was so angry that she felt that half of her remaining life had been wasted by the Emperor's anger.

"If Sui Zi Mo doesn't want to do something, even if he sends an entire army, what's the use? It's not like he can't even break through the gate of Prince Mo's Mansion!"

...

In fact, just as the Queen Mother had expected, the emperor sent a group of soldiers to escort the eunuch who announced the decree to Prince Mo's Mansion.

Different from the previous eunuchs who issued decrees, this eunuch was protected by soldiers. He was quite arrogant at first, thinking that he could definitely complete the tasks assigned to him by the emperor.

However, when a group of them came to a street where there was no human figure, the man in black suddenly appeared and wiped the necks of the soldiers directly.

When the eunuch who announced the decree discovered it, it was already too late. He could only watch helplessly as the man in black cut his own throat with the knife in his hand.

After that, the people in black carried all the corpses on their backs and threw them into the corner of the palace with a 'dong dong dong' sound.

emperor:"!!!"

When he heard the news and personally led people to the pile of corpses, his whole body was filled with rage.

"Sui Zimo, how dare he, how dare he..."

Sui Zimo really reached the point of lawlessness. He even killed the soldiers he sent and finally threw the bodies into the palace!

This scene reminded him of the incident where the eunuch who announced the decree was thrown into his bedroom two days ago.

Could it be that Sui Zimo really dared to kill someone once he sent someone there?

There was a vague feeling in his heart, telling him that Sui Zimo really dared to kill someone.

He took a deep breath and felt that the gift of conferring the princess of Liang State as his concubine would have to wait. When the cloaked man entered the palace next time, he would confirm again whether he had to do this.

...

On the other side, in a courtyard that is not too big or too small in Shaohua City, a handsome young man is sitting in the yard sipping spring tea in his hand.

"This rubbish place only has this kind of rubbish tea, so just drink it."

He shook his head, drank the tea in the cup in one gulp, and then placed the cup back on the stone table.

"Garbage tea is naturally reserved for garbage people."

Suddenly, a male voice came to his ears, and he jumped up from the stone bench in shock.

"Who, who is talking!"

He turned around in a circle, not knowing what he was looking at. He clearly heard the sound, but saw no one.

But he knew very well that someone must have broken in and knew his identity.

His heart trembled, and after gritting his teeth, he flew up and prepared to abandon the house that he had carefully chosen for a long time before choosing to live in.

I can't stay in this place any longer.

But.....

Chapter 1873 I admit it, I admit it all

As soon as his body flew into the air, he felt someone kicked him hard in the stomach.

"ah!"

After screaming, he was kicked back to the stone table. He was originally lying on his back, then slowly turned sideways and spit out a mouthful of blood on the ground.

"hateful!"

At this moment, the only thought in his mind was that the emperor's idiot must have a spy sent by Sui Zimo.

Otherwise, his whereabouts were so hidden, how could he have been discovered so quickly.

He had just come out of the palace not long ago.

If it weren't for Emperor Wei, he would never have been discovered.

But at this moment, he unexpectedly discovered that the person who kicked him just now had a familiar face, wasn't it the one he had seen in the painting before - Sui Zimo!

"Sui Zimo, you actually... uh."

Before he could say anything, someone grabbed his neck. Then, he could no longer move his limbs and was carried away.

But until he was carried away, he couldn't figure out why Sui Zimo, who clearly had no cultivation secrets, had spiritual power in his body?

Moreover, he was able to kick him so hard that he spit out a mouthful of blood, and then captured him without any help!

What's going on!

...

There was a 'bang' sound.

The iron door was opened, and then, the previous cloaked man, who had been locked inside for more than half a year without seeing the sun, saw a man he was very familiar with being carried in by Sui Zimo's subordinates.

"Lao Wu, why are you..."

Seeing this man, the former cloaked man didn't even know what to say.

The reason why he was able to survive in this dark place was because he hoped that his companions would come and kill Sui Zimo and rescue him?

But now, he actually saw Lao Wu being carried in like this!

Lao Wu's mouth was stuffed with a ball of white cloth, his hands and feet were limp, and he couldn't use any strength at all.

The people who carried him in tied him directly to another cross.

"Well!"

When they were tying someone up, they encountered Lao Wu's hands and feet.

The former cloaked man saw his former companion who would not scream even if a piece of flesh was cut off from his body. He just stared in fear, with large beads of sweat dripping from his forehead.

He couldn't help but wonder, if Lao Wu's mouth had not been blocked, would the wails have filled the sky?

In fact, he didn't think about it for too long.

Because the people who tied up Lao Wu pulled the cloth from his mouth after tying him tightly.

"Ah! Ah!"

At that moment, Lao Wu's screams excited everyone in the iron room.

Former cloaked man: "..."

What on earth could torture Lao Wu into this state? He was horrified.

How did he know that Sui Zimo had someone break Lao Wu's hands and feet, then cut a wound on each limb, and applied his son's newly developed pain powder to the wound? went.

Therefore, as long as the wound was touched or the broken bone was pulled, Lao Wu would always feel pain, until he had no faith to live.

It's just that this method has never been used by the previous cloaked man.

"It hurts, help...Help, don't...it hurts so much...ah, I'll do it, I'll do it all...ah!"

Lao Wu screamed and murmured intermittently.

Chapter 1874 Such cold blood

At this moment, as long as it could relieve him from pain, as long as he could suffer less torture, he would do anything.

"Does it hurt?"

The subordinates who were kidnapping looked at Lao Wu and smiled coldly. Then, one of them patted Lao Wu's right arm. Then, his fingers suddenly tightened, just in time to pinch Lao Wu's wound.

"ah!"

Lao Wu was in so much pain that he wanted to pass out, but because the pain was too much, he couldn't pass out at all.

"You have to hold back, don't let my prince come to interrogate you, and you will be hurt to death." The subordinate said to Lao Wu.

"Hey, he won't bite his tongue and commit suicide later, right?" one of them asked doubtfully.

"Bite your tongue and kill yourself?"

The man standing in front of Lao Wu had a look of ridicule on his face and glanced at the tied man with disdain. 6

"He should bite it and see. Tongue biting, for us, might lead to death from blood loss, but for them... at most, if their tongue is bitten off, can they still die?"

What the prince wants to know is that they have broken arms and legs, plus they are both deaf and mute. The prince can still find out from this person, so we don't have to worry about it. "

With that said, he led the people out.

After everyone left, the iron door was closed with a bang, and the pair of former cloaked men looked at Lao Wu again.

"Lao Wu, what's going on with you? You were arrested just after you arrived?"

This Lao Wu still thinks that he is the most powerful subordinate around his master. Hasn't he even been under Sui Zimo's hands a few times?

Getting caught so easily?

Or is it that Sui Zimo's strength has increased again?

But where did Sui Zimo get his talent? How could he catch Lao Wu so quickly?

"Well!"

How could Lao Wu have the intention to answer the former cloaked man's words at this moment? He was sweating coldly from the pain in his body.

While gasping for air, he tried to keep himself as still as possible so as not to touch those injuries on his body again, otherwise, he would really be killed by the pain as those people said.

"Lao Wu, I'm talking to you. When did you come? Are you here to save me?" Seeing that he didn't speak, the man in Qiantu Cloak continued to ask.

Lao Wu wouldn't have thrown himself into a trap and been captured by Sui Zimo's people just to save him, right?

But when I think about it, I feel that something is wrong. Would Lao Wu be so kind?

Knowing that he was caught, I'm afraid it would only make him die early and be reborn. It would be impossible to spend energy to save him. Such cold-blooded people are the subordinates of the master.

"roll!"

Lao Wu gritted his teeth, growled at him, and then continued to resist the fatal pain coming from his body.

...

"cut."

In the back garden, Lin Caisang was playing chess with Sui Zimo. He was really amused when he heard that the banishment was coming.

This was the person sent by that person, and they were caught so easily, and neither she nor her brother Mo Lian took action.

"Is it so easy to catch someone these days?"

she laughed.

"Brother Melian, let's go take a look?" she asked.

"Finish this game of chess."

Suizi Mo held the black chess piece in his hand, placed it on a point, and said something.

Lin Caisang: "..."

She didn't understand what was so good about this chess game. They were not playing Go, but backgammon.

Moreover, her brother Mo Lian always gave in to her.

"Go, go, go now, I can't wait to see the cloaked man." She pushed the chessboard in front of her, stood up, walked to Sui Zimo, and stretched out her hand to pull him up.

Chapter 1875 A terrible idea

"good.

Sui Zimo could only stand up with a smile and respond.

"Then go and have a meeting."

...

The iron prison and the iron door were opened again.

The former cloaked man looked at Sui Zimo and Lin Caisang walking in hand in hand, and his heart was trembling.

After going through so many inhumane tortures, he had a psychological shadow on the two people in front of him, and he didn't want to see them at all.

However, these two people just liked to go to the iron prison.

"I heard that you want me to marry that old guy?" The two came to Lao Wu, and Lin Caisang asked him softly.

"You... you... you are... the Princess of Liang Kingdom?"

Lao Wu gasped and looked at Lin Caisang and asked intermittently.

"if not?"

Lin Caisang raised an eyebrow and asked him.

"I wonder if you people from the Qianhuan Continent are all screwed up in your head. You actually asked me to marry that old man in the palace. What do you think? Are you afraid that he won't die soon enough?"

"you....."

When Lao Wu heard her words, he knew that the woman in front of him was not simple.

"Who are you?"

He gritted his teeth, looked at Lin Caisang, and asked.

"Lao Wu, she is the female doctor next to Sui Zimo!" the former cloaked man said to Lao Wu.

Could it be that Lao Wu wanted Emperor Wei to marry the woman in front of him, right?

This was really the stupidest idea he knew. What did Lao Wu think? This female doctor was a devil, and she was held in the palm of Sui Zimo's hand.

Let her marry into the palace?

There was something that Emperor Wei had never been able to do before, but now that Lao Wu is here, does he think he can do it?

If this isn't a trap in my mind, what could it be?

"Lao Wu, are you crazy? How could you come up with such a terrible idea?"

Is Lao Wu afraid that Sui Zimo's counterattack is not strong enough, so he will light a fire behind Sui Zimo and make Sui Zimo deal with them more fiercely?

Simply sick!

Why would the master send a sick thing like Lao Wu here?

Not only did they not rescue him, they also casually brought him in.

Now it's good, the two of them can be companions in this iron prison. Unless the master sends someone over again, otherwise, they will never think of leaving again.

"Shut up!"

Lin Caisang glanced sideways and glanced at the former cloaked man.

Hearing Lin Caisang's voice, the former cloaked man had already closed his mouth.

Anyway, in this place, as long as he said nothing about his master, no matter how much Lin Caisang and Sui Zimo tortured him, he would not be killed by them.

But now, it seems a little different, Lao Wu has also been arrested, and Sui Zimo has two choices.

Perhaps, between him and Lao Wu, only one could survive.

"Tell me, how did you suddenly come up with such a 'good' idea?" Lin Caisang asked, looking at Lao Wu.

If it weren't for this 'good' idea, they wouldn't have attacked the cloaked man so quickly. They might have left him jumping around outside for a few more days, who knows.

But unfortunately, this guy is so ignorant. When he arrived here, he already wanted to target her before he had even secured a place for himself.

This is not asking for death. How could his Mo Lian keep it?

"you you....."

Lao Wu could only say the word 'you', but could not say any other words.

Chapter 1876 It hurts, it hurts me to death

Turning his eyes, he looked at Sui Zimo. After learning that he had practiced spiritual arts, he was really shocked. Why was he able to preserve his spiritual power when nothing happened to him?

"Sui Zimo, you have obviously practiced the spiritual cultivation secrets given by Emperor Wei, why..."

"Do you think my brother Mo Lian is as stupid as you? Will he practice that damn thing that *** gave him? How about you give it a try?" Before Lao Wu could finish his words, Lin Caisang Then he sneered and asked him.

"However, you people are so weak. You must have practiced that damn thing and given all your spiritual power to your master, right?"

She said to him.

"you!"

At this moment, Lao Wu really wished he could bite off a piece of meat from Lin Caisang's body.

Why does this woman say that about their master? The master has always been very kind to his subordinates and will never do anything disadvantageous to them.

"You are talking nonsense, the master would not... would not treat us like this!"

Speaking of his master, he couldn't feel the pain in his body at the moment. He just wanted to kill the woman in front of him, directly!

"Right."

Lin Caisang nodded.

"Only you are not qualified to practice that cultivation secret book, are you? Your spiritual power is not enough for your master to fill his teeth. How can he not dislike it?"

Lao Wu: "..."

Why isn't he powerful? His spiritual power is very high even in Qianhuan Continent. He is already considered very powerful. ~~X/EG-ny~~

It's just that these people in front of him didn't play their cards according to common sense at all, and caught him off guard, which made him injured first, and finally captured him without help!

After all, these two people in front of me are so despicable!

"You vicious things, if you have the guts, let me go and fight with me alone!"

He yelled at Lin Caisang and Sui Zimo.

He kept twisting his body, trying to free himself from the pillar, but the more he twisted his body, the more painful it became. Finally, cold sweat began to break out again.

"ah!"

He screamed in pain.

"Let me go, let me go! It hurts, it hurts me to death, I said, I will say anything!"

He began to dream again that as long as he told Sui Zimo everything, he would never be tortured again.

"Lao Wu, you loser!"

The former cloaked man cursed angrily when he heard what Lao Wu said.

After all, he had been tortured here for so long, and he still didn't say a single word that was detrimental to his master.

But what about the fifth child? How long have you been here? It hasn't even been a few hours and you already want to explain everything?

"Master really misjudged you, you traitor!"

"Brother Mo Lian..."

Hearing the words of the former cloaked man, Lin Caisang glanced sideways at her brother Mo Lian.

When Sui Zimo heard her voice, he immediately turned sideways, raised a spiritual fist, and punched the former cloaked man in the mouth.

"Well!"

The former cloaked man was in pain, and because his mouth was hit hard, he couldn't even scream 'wow', he could only scream 'wow', cold sweat broke out, and tears came out of the corners of his eyes.

It hurts him to death. At this age, Mo is simply not a human being. Even if he is caught, doesn't he even have the right to say a word?

"Tell me, where did you come from?"

Seeing that he was speechless, Lin Caisang looked at Lao Wu, pricked Lao Wu with the silver needle in his hand, and began to ask formal questions.

Chapter 1877 The Eighth Prince of Ziyang Kingdom

"Thousand Fantasy Continent.

After the silver needle pricked his acupuncture point, Lao Wu finally felt like he was alive again, and the pain in his body disappeared all of a sudden.

He lowered his lips that had been bitten to pieces and said.

"Don't talk nonsense to me!"

Lin Caisang's eyes sharpened and he said coldly.

Qianhuan Continent, do you think she is stupid? Use this kind of thing to deal with her?

"Where did you come from? Don't let me ask you a third time, otherwise, I will let you know the consequences!"

As she spoke, she stretched out her hand and flicked the silver needle stuck in Lao Wu's body.

The next moment, Lao Wu screamed. After a while, his whole body began to twitch, he rolled his eyes, and looked like he was about to faint from the pain.

But unfortunately, he just couldn't faint and felt the pain coming from his body every moment!

"I said, I said."

"Ah."

Lin Caisang chuckled.

Without her needing to raise her hand, the pain in Lao Wu's body miraculously disappeared again.

"Say it."

"We are from the Ziyan Kingdom in Qianhuan Continent. My master is the eighth prince of the Ziyan Kingdom." Lao Wu gritted his teeth and betrayed his master who had been loyal to him for half his life.

At this moment, his heart was bleeding, and he had never been so embarrassed as at this moment.

He obviously didn't want to betray, but the pain from his body was really unbearable for him. He couldn't die, and he suffered while living. If everything had been explained, there might be a happy way to die.

Let him apologize to his master after he has confessed.

"What's the name?" Lin Caisang asked.

"Yinlujun." Lao Wu replied.

"Lao Wu, are you crazy?"

The former cloaked man heard Lao Wu's words and roared at him in a broken tone.

Is Lao Wu crazy? No matter how painful and tortured he is, he can't betray his master. He is the greatest master in their eyes!

Hearing the vague voice of the former cloaked man, Lin Caisang glanced at him coldly.

At that moment, he didn't dare to say anything anymore. Anyway, it was Lao Wu who betrayed his master, not him. As long as he didn't say anything, he didn't betray his master. He would always be loyal to his master.

"Who is your master's Yin Baiqing?" Lin Caisang asked.

"Yin Baiqing is the nephew of the master, and the most likely grandson to inherit the holy throne of Zi Yan Kingdom." Lao Wu continued to reply.

Hearing this, Lin Caisang was stunned for a moment.

Yin Baiqing is actually a grandson of the emperor on the Qianhuan Continent, and may even inherit the holy throne.

The Holy Throne is what they call the Imperial Throne here, right?

Unexpectedly, the young Yin Baiqing has a good status. If he can be taught well in the future, it will be great.

"What about Sui Zimo?" she asked.

"have no idea."

Lao Wu answered without thinking.

"have no idea?!"

Lin Caisang's voice couldn't help but rise a few degrees.

What do you mean by not knowing? Do they know Yin Baiqing, but don't know the identity of her brother Mo Lian?

Who are you lying to?

"Really don't know? Huh?"

Raising her hand, she snapped her fingers on the silver needle on Lao Wu again.

"ah!"

Lao Wu's mouth once again let out a shocking scream that shook Lin Caisang's eardrums.

"Tsk."

She tsked lightly and couldn't help but cover her ears.

This time, the pain in Lao Wu's body lasted for a long time, so long that he finally couldn't even make a sound, and just dropped his head, without any strength at all.

Chapter 1878 Marry you as my concubine!

"Girl, we...we really don't know Sui Zimo's identity.

The former cloaked man couldn't stand it anymore and said to Lin Caisang with his bloody mouth.

As for Lao Wu's current appearance, if he had known about it, he would have told her earlier, and he wouldn't have to endure such torture anymore.

"you say."

Lin Caisang turned his attention to the former cloaked man.

"I....."

The former cloaked man opened his mouth, but finally closed it.

Anyway, he wouldn't say it. Just now he just couldn't bear to see his companion being tortured like this, so he just said something not very important.

"I... we... have been by the master's side for only... more than ten years. Finally, Lao Wu no longer felt pain in his body and felt relieved, and he panted.

"Only...only the master knows those things. Subordinates like us...are not worthy of knowing."

Hearing Lao Wu's words, Lin Caisang couldn't help but raise his hand and touch his face.

It seems that they still have to go to Qianhuan Continent to know these things and get the identity of her brother Mo Lian.

"Since I can't ask any more questions, Brother Mo Lian, let's go."

"You continue the interrogation."

Sui Zimo gave instructions to his subordinates and took Lin Caisang out of the iron prison.

...

In the imperial study room.

The Queen Mother and the Emperor looked at each other angrily.

After a long time, the emperor was defeated and sighed.

"Mother, I am really doing this for the sake of defending the country and marrying with the Liang Kingdom. Isn't the best option for me to let the princess of the Liang Kingdom enter the palace as a concubine?" He said to his mother and queen.

"Nonsense!"

The Queen Mother slammed the table and cursed him.

"Then the princess of Liang Kingdom is only fifteen years old. How about you? She is almost fifty, right? Where did you get the confidence to think that Emperor Liang and the eldest princess of Liang Kingdom will treat their princess? Marry you as my concubine!

The eldest princess of Liang Kingdom is younger than you! Do you want her to call you son-in-law or father? "

"I....."

The emperor was choked by the Queen Mother's few words, and his whole face turned red.

"Then there are many young women in my harem. Didn't we choose a show girl last year?"

After a while, he replied.

"Can those women be compared with the princesses of Liang Kingdom? Do you think Liang Kingdom is easy to bully?" the Queen Mother asked him again.

That is the princess of Liang Kingdom!

If she remembered correctly, Emperor Liang did not have a princess, but only one daughter, Princess Liang, who was his closest niece. Now the emperor of her Wei Kingdom actually wanted Emperor Liang's niece to be his concubine!

Isn't this bullying Emperor Liang?

"Comparing the princesses of Liang State with the children of Wei State, Emperor, you are really promising! Do you think that the war between Wei State and Liang State has not started yet, and you want them to Will the country start fighting faster?"

"Of course I won't..."

"Why not!"

The Queen Mother interrupted him.

"Liang Guo sent the princess over for marriage. In this way, the princess represents the face of Liang Guo. Do you think that Emperor Liang is a person who makes promises easily? Since he personally chose King Mo, then he will follow him Do what you want.

Or maybe the emperor felt that Sui Zimo was easy to bully?

You gave the female doctor from Prince Mo's Mansion to Princess Liang's Mansion, which deprived Sui Zi Mo Ping Bai of a support, and you also wanted to take the princess of Liang State as your own. Are you really not afraid that Sui Zi Mo will rebel like this? ? "

Chapter 1879 It's really stupid

"According to what the Queen Mother said, Emperor Liang cares so much about this princess. If she has to marry into Prince Mo's Mansion, there must be a conspiracy. In this case, I can't let the princess from Liang Kingdom marry into Prince Mo's Mansion. .

The emperor was not stupid. After hearing what the queen mother said, he immediately felt something was wrong and said.

Queen Mother: "..."

Of course she knew there was a conspiracy, but so what.

Sui Zimo was destined to be impossible to become the emperor of Wei State, so she quickly let Wei Zilin take control of the government, and then urged the emperor to make him the crown prince.

Unexpectedly, the emperor is so cruel that he can even deal cruel blows to his own son.

"Now that things have come to this, it's all stupid things you did yourself. How else can it end? If you don't give an explanation to Prince Mo's Mansion, do you think Sui Zi Mo will let it go?"

"I can personally arrange a marriage for Sui Zimo, and then let Princess Liang marry the King of Jin..."

The emperor thought for a while and said.

"enough!"

The Queen Mother gave a sharp shout.

She felt that the emperor was really hopeless. Until this moment, he was still thinking of marrying the princess of Liang to King Jin!

King Jin's biological mother, Concubine Lian, had already been relegated to the cold palace, and he was a patient with lingering poisons in his body. Did he think Princess Liang would like King Jin's sick son?

"Your Majesty, you are so stupid!"

"Queen mother..."

After hearing the Queen Mother repeatedly saying that she was stupid, the Emperor frowned in displeasure.

If she were not his queen mother, he would definitely punish her so severely that she would not be able to speak for the rest of her life!

"That's enough, you don't need to say any more."

The Queen Mother raised her hand, interrupted him, and shook her head helplessly.

"Emperor, Emperor, you have to destroy the kingdom of Weiguó. Even so, the Ai family has nothing to do. The Ai family will personally issue a decree to marry Prince Mo and Princess Liang. After their marriage, The Ai family then set out for Huangling to apologize to the late emperor. "

With that said, she stood up, glared at the emperor angrily, and left.

"Mother!"

After hearing her words, the emperor broke out in cold sweat on his back and knelt down towards the Queen Mother's back.

Isn't the Queen Mother's words too serious?

Is there any country in the world where the queen mother would die to apologize to the late emperor? That means the emperor has done something extremely unfilial!

How could he bear such a big sin?

This is absolutely impossible.

"Am I going to let Sui Zimo go so that it will be easier for Sui Zimo?"

After a long time, until the Queen Mother's footsteps could no longer be heard, the Emperor murmured softly and asked himself.

I couldn't figure it out before, thinking that if Sui Zimo married a mere county Yan from the Liang Kingdom and a country girl, she would only be laughed at.

But now, he figured it out.

No matter what the status of the princess of the Liang Kingdom is, to the Liang Kingdom, she is the representative of Emperor Liang's face. The Liang Kingdom will never allow the princess of her own country to be aggrieved at all.

From this point of view, Sui Zimo's marriage was really wrong!

But now, if he doesn't want to admit it, it's impossible. In Prince Mo's palace, he can't even issue an imperial edict.

But if he was asked to admit it, he would be unwilling to admit it.

What should we do?

And just when he was hesitating, he didn't know that after the Queen Mother returned to the palace, she immediately wrote a decree and sent it directly to Prince Mo's palace.

Soon, Prince Mo's Mansion began to prepare.

Chapter 1880 Almost scared to death

By the time the emperor knew the news, it was already too late to stop it. 6

Because the people of the entire Shaohua City knew that Prince Mo's Mansion and the eldest princess of Liang Kingdom were a match made in heaven, and they were about to get married.

...

"Damn, bastard, is she my queen mother after all? Why are you doing this to me?"

In the palace, the emperor smashed everything he could, and cursed while doing so.

He didn't understand why that old thing was always talking to outsiders when she was obviously his mother. Now that it was better, she even had to take care of his marriage. 6

Isn't she just a princess sent by Liang Guo? She is a village girl. How much can Emperor Liang value the movie of that little girl?

He didn't understand why the Queen Mother insisted on letting that little girl marry Sui Zimo. As long as the princess of Liang State married someone from Wei State, it would be fine. As for who she married in the end, what did it matter?

In the palace, the emperor was smashing things, but outside the palace, the eunuchs and maids were trembling.

The emperor was furious, and they were the most unlucky ones. They didn't know how to serve them. If the emperor was unhappy, they would be dragged out and executed. That was the most likely possibility.

And when did their emperor treat the lives of eunuchs and maids as human lives?

Therefore, even if the palace was smashed beyond recognition, no eunuch or maid dared to step forward for fear of death.

And in the palace, the most unlucky person was the palace maid who was ordered by the emperor not to put on clothes, let alone leave the dragon bed. At this moment, she was almost scared to death.

Listening to the emperor's disrespectful words about the Queen Mother, she felt chills in her heart.

Such an emperor is very old, and he still wants to marry the princess of Liang Kingdom? She had heard that Princess Dan had just grown hair.

Only a person like the emperor, who treats people as disrespectful, can do such things as old cows eating young grass.

Thinking of this, she felt sad for herself. Although she was a little older than the Liang princess, she was not much older. The emperor could be her grandfather!

She bit her pale lips and looked at the emperor who was still smashing things not far away with a faint look.

At this moment, she wished she could kill the emperor.

But there was nothing on her, even the hairpin on her head had been taken away and thrown away by the emperor. At this moment, her hair was even more disheveled, and she almost became a wandering spirit.

However, it seems that God thinks she is not miserable enough.

After the emperor smashed everything he could, he suddenly remembered the palace maid whom he had left on the bed. The next moment, he turned his head viciously and walked towards her.

Sensing the emperor's malicious eyes and striding towards her, she was so frightened that she didn't even dare to take a breath.

But this seemed to be of no use. The emperor stretched out his hand, lifted off the quilt, and rushed towards her...

"ah!"

In the dormitory, screams filled the sky and continued.

Half an hour later, the emperor finally felt a little more comfortable. Then he walked outside the palace and ordered the eunuch outside the door to go in and clean the inside.

When the eunuchs and maids entered, they saw the maid on the bed staring at them as they entered with a pair of big eyes.

At this moment, although the person was covered with a quilt, everyone knew that her flower-like youth had come to an end, because she had already been tortured by the emperor to the point of losing her breath.
