

Star of Space 1891

Chapter 1891 Looking for trouble

And it's such a coincidence that every time the cousin comes, it's the busiest time for the king.

In those days, the lord of the kingdom almost never stayed in the lord's wife's room!

"Even if these two people don't have that kind of shady relationship, they must be plotting against the king behind his back. What do you think, Brother Mo Lian?"

"Sonny."

Listening to Lin Caisang's words, Sui Zimo pinched the tip of her nose in a funny way.

"Are you going to treat a disease or to investigate a case?"

"Sometimes treating a disease is also about investigating the case. Perhaps the illness of the wife of the king is related to that cousin. If you want to treat the disease, you must first investigate the cause."

"Do you think the illness of the king's wife is caused by that cousin?" Sui Zimo asked.

"maybe."

Lin Caisang nodded. She just had a vague feeling, but she couldn't be sure based on just one feeling.

However, to take a step back, even if there is some unclear relationship between the two people, it is impossible for the lady of the country to get such a weird disease, right?

Could it be that the cousin felt resentful when he saw that the woman he liked was pregnant with the king's child, so he wanted to kill the child in her belly, but instead harmed his beloved woman?

This is possible.

But will the wife of the king be poisoned?

The answer is obvious. Does that cousin dare to attack the wife of the king? He could only have an affair with the king's wife secretly.

As for the other things, one is the king and the other is the wife of the king. If something happens to him, how many heads does he have enough to be chopped off?

"Let's check again, maybe we can find out something." She said to Sui Zi.

"good."

Sui Zimo responded.

But obviously, now is not the time to talk about those things in Haibo Country, but...

"Sonny, tomorrow is our wedding day. Shouldn't we... get ready?"

"Is there anything I need to prepare?" Lin Caisang asked him.

She really didn't know anything about these things. Sui Zimo had been preparing everything before. She only needed the person in charge to arrive.

Sui Zimo: "..."

Well, there was indeed nothing to prepare for. His marriage to Sonny had nothing to do with others. Others only had to stand and watch them get married. He didn't care about the rest.

But there was one thing he still had to remind his son.

"Tomorrow you and I will get married, and the emperor will definitely come," he said.

"Your Majesty, why is he here to die?" Lin Caisang asked.

What she hates the most is Emperor Wei. He obviously has no abilities, but he still has to think that he is invincible.

Such a person can sit on the throne of the emperor for so many years without being pulled down, because he has a decisive and wise mother.

If it weren't for the Queen Mother, Weiguo would have been destroyed by him.

"He's here to cause trouble." Sui Zimo said.

"hehe."

Lin Caisang smiled.

This Emperor Wei really feels that he is invincible, and he is thinking of causing trouble again. It's so simple.

"What does he want to do?"

she asked.

"He can't get out of the big storm, but if the queen or the Wei Zi can be buried in Prince Mo's palace, I, Prince Mo, will definitely not be able to escape his guilt."

Sui Zimo said.

"He must be sick!"

After hearing his words, Lin Caisang couldn't help but cursed.

"This kind of person who can even kill his own son is simply not a human being!"

Chapter 1892 It can happen naturally

Tiger poison doesn't even eat its seeds, let alone a human being. This emperor is really worse than an animal. He actually wants to kill Sui Zilin and then blame her brother Mo Lian!

"Brother Mo Lian, do you still want to keep such a person? If you ask me, I can kill him directly!"

Anyway, they knew almost everything about Qianhuan Continent. This emperor was really of no use to them and could be destroyed directly.

Moreover, didn't Brother Mo Lian say that Wei Zilin has changed a lot of his bad habits now?

In other words, even if the Emperor Wei dies, the Queen Mother can still support Wei Zilin, his grandson, to take the position of Emperor Wei.

Therefore, for Weiguo, the emperor's life and death is just an insignificant life. It shouldn't be a big deal, right?

"He...is really useless.

Sui Zimo thought seriously, and then nodded.

"Exiled Jue, inform the Queen and King Lin to be prepared. Once you understand, you can take action at any time."

He turned around and ordered the banishment on the side.

"Why after tomorrow?" Lin Caisang asked puzzledly.

Can't you just get it today? She didn't want to watch Emperor Wei jumping around for a moment anymore. She wanted to get rid of the people quickly so that she could be quieter.

"I thought, since he is so looking forward to my death, he must watch me get married, and then... he can die in peace, right?" Suizi Mo said.

So someone who wants him to die but doesn't dare to do anything to him, even if he is pulled down from that position, can't he get down so easily? We have to let him see the facts clearly, right?

"Brother Mo Lian, you are a bad learner."

Lin Caisang looked at him with a smile on his face and said.

In other words, this Emperor Wei really needs to learn a lesson, otherwise, even if he abdicates in the future, he will still be able to make trouble in his old age.

Although he may not be able to stir up the wind or make waves.

But for the way he treated her brother Mo Lian before, he had to pay some interest, right? It can't be too cheap, right?

...

In the imperial palace, in the royal study.

The emperor glared at Eunuch Gui angrily and spoke angrily.

"Are you ready with all the things I asked you to prepare?"

Hearing this, Eunuch Gui just raised his head and glanced at the emperor, then lowered his eyes and responded.

"Back to the Emperor, everything has been prepared. As long as the Emperor goes to Prince Mo's Mansion tomorrow, everything will be settled."

After hearing Eunuch Gui's words, the anger on the emperor's face subsided a little and he took a deep breath.

"That's good. Call Zhong'er over. You can retreat first."

Eunuch Gui glanced at the emperor again, said goodbye, and then retreated.

The so-called loyal son is another maid who is favored by the emperor after the previous one.

Nowadays, the emperor doesn't even bother to go to the palace. He just stays in the imperial study room and does those things with the palace maids. Those who are waiting outside the imperial study room really don't know what to say.

Moreover, they did not dare to say anything in front of the emperor, for fear that they would be immediately dragged and executed.

...

In the Queen Mother's Palace.

Soon, the news that the emperor favored the maid in the imperial study had reached the ears of the Queen Mother.

Even though she was extremely angry, the Queen Mother had to calm down, but in her heart she scolded this rebellious and disobedient son thousands of times.

She really hated herself, why did she give birth to such a son?

Chapter 1893 Favoring Princess Mo

It is obviously his fault that his throne is unstable, but he still has to blame all the faults on others, saying that others are too ambitious.

But now, maybe it's because many of the scandals in the past have fallen into disgrace, and I can no longer save face or anything like that.

The emperor felt that everything that should be thrown away had already been thrown away, and there was nothing left to throw away, so he simply followed his own temper.

What a sacred place the imperial study is, the place where national affairs are handled.

And he actually messed around with the palace maid inside. If this spreads out, will Wei Guo lose his face?

But obviously, how can the current emperor care about this? He can't even control his lower body!

"Your Majesty, this servant only said one thing, and I don't know if it's true. Grandma was beside her, looking at her carefully and asked.

"What's the matter?"

The Queen Mother looked at Nanny with a serious face.

There was something she couldn't listen to now. This emperor was no longer the emperor she had supported to the throne.

The current emperor's heart is really too big, so big that even her mother, the queen, can't even imagine it!

"My servant heard that the emperor arranged for someone to be in Prince Mo's palace, and he wanted to favor Princess Mo on Prince Mo's wedding..."

"What?!"

Hearing this, the Queen Mother stood up from the soft couch and screamed.

"Is he crazy? He can think of such things. Is he afraid that he will live too long?"

Her son is really hopeless. He can even think of such a thing. He is the princess of the Liang Kingdom, and he actually wants to favor her!

Not to mention, tomorrow is the wedding day of Sui Zimo and Princess Liang, and he wants to replace Sui Zimo with him. How did he come up with this stupid idea?

If he was really allowed to do this, would he still be able to walk out of Prince Mo's Mansion tomorrow?

"It seems that he is really hopeless!"

Until this moment, she was completely disappointed with her son. If she had any expectations for the emperor before, after hearing what the emperor wanted to do this time, she no longer had any expectations for him. Hope.

"The Queen Mother, what do you mean..." Mammy looked at the Queen Mother and spoke carefully again.

"Hmph, if the court keeps letting him toss like this, the country will be ruined. Since he is going to Prince Mo's Mansion tomorrow, let him stay outside the palace forever and there is no need to come back."

The Queen Mother said coldly, finally making up her mind.

"Go to King Lin and let him prepare properly."

"Yes, Queen Mother."

Grandma responded and went out.

...

The second day.

Since early in the morning, Prince Mo's Mansion has been particularly lively. Almost all officials in Shaohua City came to Prince Mo's Mansion to celebrate the marriage between Wei and Liang.

Of course, there were quite a few people here who came to watch the fun.

After all, it was rumored that the princess of the Liang Kingdom was not a real princess who was knowledgeable and courteous, but a wild princess who was found from the countryside.

Although Prince Mo also grew up in the countryside, most people in Shaohua City were afraid of him, afraid of his decisiveness in killing, and afraid of his blood-stained hands.

But the princess of Liang Kingdom is different. After all, she is a girl. No matter how powerful she is, what ability can she have if she grew up in the countryside?

Therefore, most people looked at the people in Prince Mo's Mansion with sympathy.

Chapter 1894 Sent to the bridal chamber!

Of course, no matter what other people's looks or attitudes are, it has nothing to do with the people in Prince Mo's Mansion. They just follow the instructions and do what they should do.

"I heard that Prince Mo seems to have ordered that today's wedding will not be held according to the royal wedding ceremony."

"Really? How could this happen?"

This royal wedding ceremony is very different from ordinary people's weddings.

How could King Mo marry the princess of Liang Kingdom casually, just like an ordinary person's marriage? Isn't this a loss of face for Princess Liang?

"The princess of Liang Kingdom will also be willing?"

"Hey, what if you don't want to? This is Prince Mo's Mansion, a place that even the emperor... the emperor has no control over. When the princess of Liang Kingdom comes here, she can only act according to the rules set by Prince Mo, right? "

Prince Mo's Mansion wants to follow the ordinary wedding etiquette, but so what, even the emperor didn't say a word, let alone the others, right?

"Shh, stop talking.

Soon, the auspicious time has arrived.

But the emperor, who had said he would come, had not yet appeared.

Of course, Sui Zimo was not a person who would miss the biggest thing in his life for the sake of the emperor, so he immediately started worshipping heaven and earth.

only.....

"The Emperor has arrived!"

The emperor also came in step by step. When all the ministers saw the emperor coming in, they all knelt down to greet him.

"Your Majesty, Mo'er, it's not too late for me to come. You..."

The emperor first graciously asked the ministers to get up, and then, as if chatting about everyday matters, he even wanted to chat with Sui Zimo, who was about to pay his respects.

It's a pity that Sui Zimo didn't even look at him and said "continue" to the master of ceremonies.

"you--"

The emperor was almost angered to death by Sui Zimo, and his whole face turned red.

But what could he do against Sui Zimo? How could he have a fit in front of so many officials when they ignored him?

Although it was okay for him to have an attack, but...it seemed like he was a little rude and troublesome. Originally, he did it deliberately just to embarrass Sui Zimo.

But now, he was the one who was embarrassed. Sui Zimo didn't even say a word, let him sit in the high hall, and just treated him as an ordinary guest.

However, it didn't matter. He was sure that the host would not speak until he saw him sit down.

Who knew...

"Worship heaven and earth."

The master of ceremonies was a man from Sui Zimo, so he naturally ignored how ugly the emperor's face looked at this moment, and shouted to the guests in the courtyard.

emperor:"....."

These people are deliberately trying to make things difficult for him, right?

Didn't you see that this high-ranking official was still standing in the crowd? It's one thing to treat him so inappropriately!

And just when he was stunned for a while, he saw that the master of ceremonies had finished shouting the last sentence, "The ceremony is completed and sent to the bridal chamber!"

emperor:"!"

Now he really wanted to bite off a piece of meat from Sui Zimo's body.

But thinking that later, the princess of Liang Kingdom would have to be favored by him first. Thinking like this, he endured it.

...

In the new house.

Sui Zimo placed plates of delicious food in front of Lin Caisang.

"Sang'er, you eat first and I'll come back as soon as I can." He told Lin Caisang.

After all, there were so many guests outside. Even if he didn't want to pay attention to them, it was his big day, so he couldn't really ignore them.

Chapter 1895: Is it ruthless or ruthless?

"etc.

Lin Caisang, who had a mouthful of vegetables in his mouth, raised his oily hand and looked at him.

"Um?"

Sui Zimo turned around and raised an eyebrow at her.

"fine."

Lin Caisang shook his head.

"I just want to ask, will I be cruel or cruel later?" she asked.

The dirty thing that the emperor had in mind was for Eunuch Gui to handle. Naturally, they knew everything about it. Therefore, she had to discuss with her brother Mo Lian as to how to deal with the shameless Emperor Wei. thing!

"Just don't die." Sui Zimo replied with five words.

If he dies, it will be too easy for him. This kind of person must die and suffer while alive in order to vent his anger!

"Okay, I understand."

Lin Caisang nodded, feeling confident.

Although, she had already known in her heart that for people like Emperor Wei... no, that person was not a human being, so naturally, there was no need to be polite to him.

"Be good and wait until I come back."

Sui Zimo glanced at her tenderly, then turned around and left.

...

In the front yard of Prince Mo's Mansion, everything was as usual, the ministers were eating and drinking.

Sui Zimo, on the other hand, changed his clothes, walked out, and then toasted with the ministers. He seemed to be very happy, without his usual cold aura.

The emperor was really angry when he looked at the man who didn't take him seriously at all.

"emperor....."

Eunuch Gui was beside him, looking at the emperor who was seeing the air-conditioning blowing out, and reminded him in a low voice.

"Go back to the palace."

The emperor turned his head, glanced at Eunuch Gui, and said meaningfully.

Anyway, his face has long been lost, and the ministers looked at him with very little respect.

But he can ignore all this. He just wants Sui Zimo to get retribution. He wants to see what Sui Zimo will be like if he knows that the princess he just married will become his woman the next moment.
expression.

As long as he thought of Sui Zimo yelling at him in pain, but there was nothing he could do about it, he felt happy.

"yes."

Eunuch Gui responded lightly.

Instead of informing everyone loudly, he quietly led the emperor away.

Several ministers who had been paying attention to the emperor saw that the emperor left without saying a word. They thought that the emperor and King Mo were not at odds in the first place, so they did not say anything.

Continue to eat and drink as if the emperor has never been here.

Anyway, a small half of the government affairs of Wei State is already in the hands of Prince Lin, and the other half is in the hands of Prince Mo.

As for the emperor, he is just an empty shell. They can just be polite on the surface. There is really no need to care and respect him so much. After all, they don't want to have such an embarrassing emperor.

...

In the backyard, in the new house where Lin Caisang lives.

Under the auspices of the guards of Prince Mo's Mansion, the Emperor finally entered the new house like a thief secretly led by Eunuch Gui, and then...

"ah!"

With a scream, before he could do anything to the bride Lin Caisang, he was kicked to the ground and spit out a mouthful of blood.

"Hey, isn't this the emperor of our country? Why, he stopped being an emperor and became a thief?"

Lin Caisang's voice sounded from the emperor's ears. The emperor clutched his chest and looked at the stunning woman in a red wedding dress in front of him with a painful expression.

"You...are you the princess of Liang Kingdom?"

Chapter 1896 What did you say wrong?

He didn't expect that the princess of the Liang Kingdom would directly kick him without even looking at who the person was, leaving him with no time to react.

That's why he was kicked so embarrassingly!

The emperor never thought that even if he had a strong sense of defense, he would not be able to avoid this kick today.

"Yes, why, didn't you already know that the princess is here? This is the new house of the princess and Prince Mo. Doesn't the emperor not know about it? Huh?"

Lin Caisang just looked down at the emperor who fell on the ground, with a faint smile on his lips.

"you--"

The emperor choked at her words.

Of course he knew that this was Sui Zimo's new house. If it hadn't been for it, he wouldn't have come.

But what he didn't expect was that the princess of the Liang Kingdom was actually a capable person. If he had known this, he should have knocked her out as soon as he came here!

It's too late to say anything now, all I can do is coax and scare him slowly.

"Didn't you see me fall? Why don't you help me up!"

He frowned and said to Lin Caisang.

Hearing this, Lin Caisang raised his eyebrows and looked at him funny.

"It turns out that the emperor fell down. I thought you were kicked by me... and you fell down!"

She deliberately lengthened the pronunciation of the word "kick", just to tell the emperor that she kicked him on purpose!

"It's okay. I know you didn't mean it. Help me up first and then talk. The emperor took a deep breath and said.

Not to mention, the princess of Liang Kingdom kicked her so hard that he felt that several bones in his chest were about to break. He didn't know what this woman ate to grow up!

"The emperor made a mistake." Lin Caisang looked at him and said quietly.

"Did you say something wrong? What did you say wrong?"

The emperor didn't understand and asked her, what was she talking about without making any sense? Where did he say something wrong? Furthermore, what did he say?

"Your Majesty is wrong, this princess just... kicked her on purpose!" Lin Caisang continued to look at him funny and said.

"you--"

The emperor was really angry with her.

Did she do it on purpose?

But why is that? He was wearing a dragon robe just now. Anyone with eyesight would know that he was the emperor, and she actually said that she kicked him on purpose.

So this woman knew he was the emperor, so she kicked him on purpose?

"You are so presumptuous, do you know that as long as I use my words, I can destroy your whole family!"

Lin Caisang: "..."

Is this person really sick? Has he ever thought about who is in her family?

"Your Majesty, are you talking about the full family of my mother's family or the full family of my husband's family?" She looked at the emperor with a puzzled face and asked humbly.

"you....."

Upon hearing her question, the emperor felt a breath of bad breath stuck in his throat, and he almost suffocated to death.

His mother's family was the royal family of the Liang Kingdom. Even if he wanted to destroy the Liang Kingdom, it was impossible for him to do so for the time being.

And my husband's family...

Now, Sui Zimo still bears the surname of 'Father Emperor'. The whole family of Sui Zimo has been destroyed, and even he himself has been involved!

It was just a casual threat, but I didn't expect that Lin Caisang would pick on him.

He gritted his teeth, endured the pain in his chest and stood up, staring at the stunning woman in front of him with his scarlet eyes.

"It seems that I have underestimated the princess of Liang Kingdom. I just don't know what will happen to you and King Mo if I tell you that you kicked me!"

Chapter 1897 What kind of emperor is he?

Hearing this, Lin Caisang raised his eyebrows, and the expression on his face was not nervous at all.

"whispering sound."

She shook her head and looked at the emperor as if he were an idiot.

"Emperor Wei, Emperor Wei, no wonder even the Queen Mother, your biological mother, wants to pull you down from the throne of the emperor. Sure enough, people like you are really as stupid as pigs."

"You...how dare you scold me!" The emperor was extremely angry.

This princess of the Liang Kingdom is so ungrateful. If it had been anyone else, hearing what he just said, she would have knelt down and begged for his forgiveness, right?

And this moment...

Suddenly, he thought of what Lin Caisang said just now. Did the Queen Mother want to pull him down from the throne of the emperor?

This can't be true, can it?

"What nonsense are you talking about? My mother would never..."

"Ah.

Lin Caisang chuckled and interrupted him.

"Emperor Wei, you don't think that it's so easy for you to break into Prince Mo's Mansion. What's more, it's the new house where this princess married Suizi Mo. He has arms and legs, so he can Can you get in?"

"You...what do you mean?"

It was only at this moment that the emperor finally figured it out.

When he was outside just now, he was thinking about why it was so strange. On weekdays, Prince Mo's Mansion was heavily guarded. No matter how many people he sent in, no one came out alive.

Today is Sui Zimo's wedding day, so he should have been more prepared.

But it happened that at this time, he was taken by Eunuch Gui directly to the new house of Sui Zimo and Princess Liang!

He finally figured out what was weird about it.

"Xiao Guizi, it's Xiao Guizi, he is actually...ah!"

Before he could say the words "your people", he was swept to the ground by Lin Caisang's palm wind.

The next moment, a foot stepped directly on his chest, causing his teeth to crack and his mouth to crack in pain. He kept wailing and stretched out his hand to push Lin Caisang's foot away.

However, there was an even more severe pain in his chest, which made his hands and feet weak. The arm he had just raised fell down again. He wanted to lift it up, but he couldn't move it.

"I am...I am the emperor, the emperor of Weiguo. If you dare to treat me like this, I...I will not let you go!"

He threatened Lin Caisang weakly.

"laugh."

Lin Caisang sneered.

"Your Majesty? I still don't know who will own the world of Weiguo tomorrow, you? What kind of emperor do you think you are?"

"What do you mean?"

The emperor was already sweating from the pain, but after hearing Lin Caisang's words, he still narrowed his eyes and asked.

"Don't you know, Your Majesty, that your intention to come to Prince Mo's Mansion and take advantage of this princess has already been revealed? The Queen Mother believes that her son is really unworthy of the responsibility, and has issued an edict to let Suizi come, that is, Your most hated son will succeed you as Emperor Wei?"

"This is impossible!"

Hearing this, the emperor was so stunned that he couldn't even feel the pain in his chest.

How could his mother do this? He is the emperor and the ruler of Weiguó. What kind of thing is he worthy of stepping on his head at the end of his life?

"Why is it impossible?"

Lin Caisang chuckled and asked him.

"Of course, all this will happen after tonight. Your Majesty, you also know, right? Anyone who occupies the side of this princess will not get any benefits? Huh?"

"I....."

What does he know? He only understands now that this so-called Princess Liang is not as simple as the rumors say.

Chapter 1898 Fish on someone else's chopping board

But, who is this woman? !

"As for the throne, please note that it is about to be lost, either today or tomorrow. Let's not talk about it. Lin Caisang looked at him and mentioned the throne that he cared about most in such a light and indifferent way. I made a move and took it with me.

"Emperor Wei, don't you want to guess who I am? Huh?"

She raised her eyebrows evilly at the emperor and asked.

"you....."

How does the emperor know who the woman in front of him is? Isn't she a princess from the country of Liang who was dug up from the countryside?

But his intuition told him that this woman was not as simple as he found out.

Moreover, now that he knows that Eunuch Gui has never been his, many of the things he sent Eunuch Gui to do have fallen into the ears of Sui Zimo. So, who is this woman?

"Who are you?!" he asked.

"I am the princess of the Liang Kingdom." Lin Caisang raised his eyebrows and replied calmly.

The princess of Liang Kingdom?

The emperor looked at her with gritted teeth, and the look in his eyes clearly showed that he didn't believe Lin Caisang's words.

The princess of the Liang Kingdom must be a fake, right?

Perhaps, even the fact that he sent the female doctor to Princess Liang's mansion was all fake. It was all false news that Sui Zimo deliberately asked Eunuch Gui to fabricate, and the real purpose was...

Suddenly, he looked at Lin Caisang with wide eyes.

"You...you are the...that female doctor next to Sui Zimo?!"

He understood that it turned out that all of this was a deliberate setup by Sui Zimo to confuse him, and secretly, Lin Caisang was not sent to Liang State at all!

"That bitch Sui Zimo actually joined forces with Liang Guo. He deserves to be punished... ah!"

Before he could say the word 'death', he felt as if his chest was about to be crushed, and he let out a cry of pain.

He raised his eyes to look at Lin Caisang in pain, and saw her bloodthirsty eyes, which were always staring at him.

"If this princess hears words that she shouldn't hear from you again, it will be more than a pain! Emperor Wei."

Everyone has become a piece of meat on someone else's chopping block, yet he still has the ability to scold her brother Mo Lian! Why is this man's heart so big!

"You...don't...don't mess around. If...if I die, my master won't...won't let you go!" He endured the pain on his body and said to Lin Caisang .

There are people behind him, and there are people in cloaks who can support him.

If something happens to him, the cloaked man will definitely kill everyone in Prince Mo's palace to avenge him.

Therefore, he expected that Lin Caisang would not dare to do anything to him.

"Master? Where is the master of Emperor Wei? He must be a very extraordinary person, right? That guy can also give you advice and let you decree to make Princess Yamamoto your concubine. Isn't that amazing?"

Lin Caisang raised his hand, gently held his chin, and murmured.

"you....."

The emperor was shocked and wanted to ask her how she knew this.

But thinking that Eunuch Gui was already a member of Sui Zimo, it was reasonable for them to know this, so they swallowed this stupid question abruptly.

"Just wait, the master will definitely kill you and Sui Zimo!"

"Emperor Wei, are the masters you are talking about the two locked up in the iron prison of our Prince Mo Mansion? Huh?" Lin Caisang asked him.

Upon hearing her words, the emperor was stunned.

Chapter 1899 What a first!

The iron prison of Prince Mo's Mansion?

He knew where it was, and he also knew that very important people must be imprisoned in the iron prison of Prince Mo's Mansion.

However, in the past two years, he has not been able to find out where the iron prison of Prince Mo's Mansion is, let alone who is imprisoned there.

Could it be that the person imprisoned there is actually...the cloaked man!

"You...you..."

For a moment, he couldn't even speak.

Could it be that I haven't seen the cloaked man in these days and he has been caught by Sui Zimo?

But the man in the cloak is such a powerful person. Entering and leaving the palace is like entering a deserted place. How could such a person be caught just because he said he was caught?

If the cloaked man before was caught, it was still possible. After all, he had been under Sui Zimo's nose for a long time, but the current one had only been here for a few days.

Even if Sui Zimo wanted to arrange an arrest, he wouldn't be able to do it that quickly, right?

unless.....

"You... you have all practiced the spiritual arts on Qianhuan Continent."

The answer is almost certain. He is not a real fool. This can still be guessed.

Is Sui Zimo really that powerful? Just by practicing spiritual arts, you can catch the cloaked man in one fell swoop?

Moreover, didn't the cloaked man say that there was something wrong with the cultivation secret book he gave him? Then why could Sui Zimo become so powerful?

"That secret book of spiritual cultivation belongs to me. I gave it to Sui Zimo. I treated him so well and gave him all the things of the cloaked man. You are still so rude to me. You...you are really... So ungrateful, worse than a beast!"

Thinking of the secret book of spiritual cultivation, his heart was filled with pain. If he had known it, he would have practiced the secret book by himself. There is no way he could have taken advantage of Sui Zimo and Lin Caisang!

Now, these two people have become stronger, but he, in front of them, is nothing.

"Ah."

Hearing the emperor's words, Lin Caisang really chuckled.

Could this guy be any more naive? Is the thing his? Of the things he took out, which one was not used to trick them?

He was embarrassed to say it, and she really admired this thick-skinned person.

"Emperor Wei, Emperor Wei, there is nothing wrong with people being naive, but people like you are obviously stupid, but you still don't admit it, and you have to say it out to let everyone know. You are the first one!"

As she spoke, she took out three porcelain bottles from her small satchel and handed them to the emperor.

"You...what do you want to do?"

The emperor's heart skipped a beat when he saw the three porcelain bottles in her hand.

"Emperor Wei, I have three bottles of poison here. None of them will kill you immediately after you eat them. How about choosing one?" Lin Caisang raised his eyebrows and looked at him.

"you....."

The emperor's face changed drastically and he kept shaking his head.

poison? He was even asked to choose. He was stupid to choose poison. When he saw this attitude, he was going to give it to him!

"No, you can't do this. I am the emperor, the emperor of Weiguo. If you dare to touch me, you are making an enemy of Weiguo. Emperor Liang will not allow you to do this! Even if Lin'er becomes the emperor, , and he will not allow others to harm his father."

"Emperor Wei, Emperor Wei, it seems you still don't understand."

Lin Caisang shook his head helplessly and quickly felt sad for the emperor's stupid head.

Chapter 1900 The winner is the king and the loser is the bandit

"Tell me, if you leave Prince Mo's Mansion in full force today, in what name will the Queen Mother ask you to abdicate? Do you think you can stop taking this medicine if you don't want to take it? Huh?"

After hearing her words, the emperor was really stunned. After a long while, he swallowed and looked at Lin Caisang in disbelief.

"You...you actually conspired with the Queen Mother to murder me!"

Lin Caisang: "!"

At this point, how did he say this?

Do they still need to conspire with the Queen Mother?

Regarding the things that the emperor in front of him had done, when he was in the front yard just now, which minister had treated the emperor as the emperor, with a look of disdain on his face.

And although the Queen Mother is the biological mother of the Emperor, she is also the Queen Mother of Weiguó. She has to think about the future of Weiguó, right?

When his son did so many outrageous things, and in the end even his nominal daughter-in-law was not spared, he thought that the Queen Mother would just say a few words to him lightly and be done with it as before. Yet?

"Emperor Wei, as the emperor of a country, you regard others as the masters. You conspire with others to harm others, not to mention your own son. What's more, you even run away when you know that you can't do anything. Go to Prince Mo's Mansion to commit evil.

Do you really think this can be done seamlessly?

Not to mention, how many people have you killed in the palace over the years? You don't have any idea, do you?

Even if you don't remember it, there will always be someone who will remember it for you. Those who were killed by you cannot die in vain. How many of them are innocent.

Look at today, you are obviously the emperor. When my brother Mo Lian ignored you, no minister stood up to speak for you or accused you of his faults. From this, you can see that you are a human being and an emperor. What a failure!

What's the matter, you don't still think you are a great emperor now, do you? "

If that was the case, then she really had nothing to say.

When the emperor heard her words, he took a deep breath.

"As of now, the winner is the king and the loser is the bandit. I have nothing to say, but - do you think it's over like this? Those people around me will definitely avenge me."

Even if he died, they would not be able to get any benefits. Even if the throne of Weiguo was taken away by Sui Zilin, it would not belong to Sui Zimo anyway.

As for Sui Zimo, did he think that everything would be fine if he killed him? As for the others, the master will never let Sui Zimo go so easily, and will definitely let him die without a burial place.

Although at that time, the master was not out to avenge him.

But as long as Sui Zimo gets the retribution he deserves, he will be happy. Even if he dies now, he can rest in peace!

"The people around you..."

Lin Caisang chuckled again.

"You don't think that at this stage, there is anyone around you who can come and avenge you, a fool, do you?"

Is her brother Mo Lian really in the front yard, eating and drinking with the ministers? How ridiculous.

"You...uh!"

The emperor opened his mouth, but the next moment, Lin Caisang stuffed his mouth full of poison.

He wanted to spit it out, but how could Lin Caisang let him have his way? He directly lifted his chin, forcing him to swallow all the poison in his mouth.

"You...how dare you poison me!"
