

Star of Space 1921

Chapter 1921 That would be all over

Now that he is good, he has lost all his shame. Since the leader of Haibo Country sent someone to deliver the message at the request of Lin Caisang and others, it must mean that there is friendship between the two.

Therefore, after that man returns, the leader of Haibo Kingdom will definitely send someone to the place where the disciples of Yuzun Academy are training to find Chu Shui!

"Brother Chong, how can you blame me? Chu Shui wants to go on his own, and I can't stop him." Luo Mianyi felt particularly aggrieved when she heard Yue Chong question her.

It's not like she forced Yue Chushui to go, it was him who wanted to go.

Could it be that Yue Chushui wanted to die, so could she still tie him up and prevent him from going?

How could this be possible? She wished that Yue Chushui would die early and be reborn! It is even more impossible to tell Yue Chong about this and ask him to stop it.

"You couldn't stop him, wouldn't you say something to me? Otherwise, did you say anything to my mother?" Yue Chong looked at her and continued to question.

"It's okay now. The people from the leader of Haibo Kingdom have come to find Chu Shui in person. Mother will definitely know about it soon. I'll see how you explain it to mother!"

Even he himself couldn't explain it to his mother.

I have to say that Yue Chong, as a father, is really a scumbag. His son cannot cultivate spiritually. He has no idea whether he is in danger outside or whether he will endure hardship.

But there was no look of worry on his face. Instead, he was thinking about how he should explain to Mrs. Yue when she asked her!

"I....."

At this time, Luo Mianyi really didn't know how to defend herself.

At the old lady's place...

The old immortal has never looked down upon her. The power of running the family has always been in her hands and she has not been allowed to interfere. How could she tell the old lady?

She was not stupid. If she had told the old lady, would Yue Chushui still be able to leave home and die?

"Then what should we do now, Brother Chong, how should we explain to mother?"

She originally thought well and let Yue Chushui go out to seek death on his own. After the news of his death came back, she would take away all her responsibilities. She said that it was Yue Chushui who wanted to go, but she didn't know.

But now, what was originally a good idea has been ruined by people from Haibo Kingdom.

There was so much hatred in her heart!

"What are you telling me? Why don't you send someone to find Chu Shui quickly and wait for your mother to deal with you?" Yue Chong scolded her.

"I....."

Luo Mianyi couldn't say a word.

If it had been before, Yue Chong would never have yelled at her like this. He had always been submissive.

Ever since Yue Chushui appeared, the relationship between them had changed. They had been quarreling about Yue Chushui. Now, Yue Chong dared to scold her harshly.

"I will send someone to find Chu Shui right away."

She said something and went out to look for someone, thinking that it would be best if Yue Chushui was already dead outside at this time, so that it would be over.

After a while, after giving some instructions to the servants outside, she turned back and came to Yue Chong's side.

"Brother Chong, why did the leader of Haibo Kingdom suddenly find Chu Shui? How did they get to know each other?" she asked.

"See for yourself."

Yue Chong threw the letter in his hand onto Luo Mianyi.

Luo Mian almost took it into his hand and looked at it again. The color on his face became darker and darker, and he almost cursed.

Chapter 1922 The Land of Longyuan

"How could...how could it be theirs!"

It's Lin Caisang again, and it's that woman again. Why is there such a woman everywhere!

Yue Chushui is a member of their Yue family. Good or bad, life or death, what does it have to do with that woman? She must be too troublesome to take care of the Yue family.

"Brother Chong, are you just going to watch others bully us, the Yue clan?"

She raised her head, looked at Yue Chong with an ugly face, and asked.

How could Yue Chong's complexion be better at this time?

He had also just been injured by the spiritual power contained in the letter and needed to rest for a few days.

As for Lin Caisang and Sui Zimo, they must have heard that Chu Shui was not doing well in the Yue family, so they wrote to warn them. What can he do?

"Whether you are a bully or not is another matter. Now, you must get Chu Shui back properly. Do you understand?" He warned Luo Mianyi.

"knew."

Luo Mianyi responded hastily, but thought in her heart that she would never let Yue Chushui have an easy time.

Even if he hadn't left the house, he could have hooked up with the head of the Haibo Kingdom because of that bitch Lin Caisang. If he went outside again, the position of the young master of the Yue family would not be his.

The confidant of the leader of Haibo Kingdom, Young Master Chuyue, really made her very angry.

How could a person who couldn't even cultivate spirits be called Young Master Yue? The position of Young Master of the Yue family must belong to her son, either Ze'er or Hao'er.

Anyway, it definitely can't be Yue Chushui's!

"Luo Mianyi, don't give me any more trouble. The leader of the Haibo Kingdom is not easy to mess with. If something happens to Chu Shui, you should know that the Yuezhi clan has no influence on the Shanghai Bo Kingdom. The odds are good!"

Yue Chong looked at her perfunctory look and knew what she was thinking.

He looked at her coldly and warned.

What's more, if something really happened to Chu Shui, they would probably face Lin Caisang and Sui Zimo.

When those two people were not practicing spiritual cultivation, he felt that they were not easy to mess with. Now that they had already cultivated, he was afraid that they were even more difficult to mess with.

In addition, there is the leader of Haibo Kingdom, and who knows who else is behind those two people?

Maybe there are even more powerful people supporting them behind their backs!

He never knew that his useless son had so many people supporting him. No wonder he had the confidence to vent his anger on him before!

"I...I know."

Luo Mianyi was really unwilling to give in, but no matter how unwilling she was, she could only respond.

...

The Land of Longyuan is a place often haunted by monsters. Many people from the academy will come here to practice.

In a place where the trees were not too dense, a group of people were sitting on the ground, talking quietly.

"Look at him. He obviously has no spiritual power, but he still insists on following us. Isn't this asking for death? Fortunately, he has a second brother who can protect him at all times, otherwise..."

On the side, several disciples looked at Yue Chushui, who was cooking meat with a cold face, and looked very disgusted in their eyes.

"That's right. I don't know who had the bad idea. We had to let him come out with us. Isn't this making trouble? Look at him after so many days. He looks like a young man. He doesn't do anything. Here comes the monster. , just hid away on his own, how could this be possible? "

Chapter 1923 It's a flying-winged snake, run!

Among the group of people, everyone had injuries of various sizes on their bodies. Only Yue Chushui's body was clean and had nothing on it.

For those disciples of Yuzun Academy, their method of avoiding the monsters is not as good as Yue Chushui, who does not have spiritual power. How can they be convinced?

Therefore, these days, when they looked at Yue Chushui, they looked more and more uncomfortable.

I really wanted to bite off a piece of meat from his body.

"Brother, don't listen to their nonsense, you...are you okay?" Yue Tianze sat next to Yue Chushui, listening to those people's words, looking at his elder brother, and sighed in his heart.

His eldest brother is really cold and cold.

At the beginning, the disciples in Yuzun Academy would also say a few words to their elder brother.

But when faced with a person who can only respond to you with one word, and the word "um" is different from the monotonous word "um" that you say a hundred times, anyone who wants to talk to the Yuezhi clan will give up.

Besides, his eldest brother really left him speechless.

When others were fighting World of Warcraft and their lives were threatened, he was cutting the meat of World of Warcraft and preparing lunch and dinner.

While others were preparing lunch and dinner, he had already finished eating and began to sit with his eyes closed to relax. However, he would not pay attention to what other people wanted to do or whether they asked him for anything.

Such a person, let alone others, is really unpleasant even from his point of view.

Just like now, after hearing his words, his eldest brother just turned around and glanced at him coldly.

Yue Tianze: "..."

He knew that in the Yuezhi clan, his father had a bad attitude towards his eldest brother, and it was understandable that his eldest brother didn't want to pay attention to them.

But now they are outside, and in the land of Longyuan, the eldest brother has to rely on the protection of the disciples of Yuzun Academy to get out safely, can't he... have a better attitude?

And obviously, Yue Chushui's attitude is definitely not good.

"Brother, actually..."

He opened his mouth, always thinking that he wanted to tell his elder brother about his mother, and wanted him to understand his mother's difficulties.

But he always felt that something was weird. He had never opened this mouth to his eldest brother, but today, he really couldn't help it. He really wanted to tell his eldest brother what was on his mind, and also wanted to know what his eldest brother was thinking.

only.....

Before he could say anything, Yue Chushui's eyes sharpened and he threw the barbecue in his hand to the ground.

He raised his hand and hit himself.

"Brother..."

There was a 'pop', and before he could react, he was knocked down by his eldest brother's palm.

At the same time, he felt a gust of cold wind blowing directly on his back, with a 'sting' sound, and it directly cut his clothes.

"ah!"

This was followed by screams coming from my ears.

"Walk!"

Yue Chushui knocked away the sharp claw that Zhen was grabbing at him with one palm.

Then without thinking, he carried Yue Tianze and walked a few feet away.

"Flying Winged Snake, it's Flying Winged Snake, run quickly!"

"Fly...Flying Winged Snake!"

Yue Tianze was also frightened. He finally recovered from Yue Chushui's hand and saw that the flying-winged snake not far away had already rolled up the people of Yuzun Academy and turned them upside down.

There was a 'gudong' sound.

Yue Tianze swallowed nervously, turned his head and looked at his eldest brother.

Chapter 1924 At the critical moment of life and death

If it hadn't been for Yue Chushui just now, I might have died under the claws of that flying-winged snake, right?

Winged snakes are different from other snakes. They have wings and claws, similar to dragons, but their bodies look like snakes and they don't have the roar of a dragon, so they are called snakes.

But their attack power is really fierce.

Not to mention that at night, when there is a sudden attack, they can shield their own aura, making it even more difficult to dodge.

"Brother..."

"Go and hide aside."

Yue Chushui threw him five words directly, then raised his eyes and looked at the flying-winged snake that had tormented the people of Yuzun Academy in just a short time.

Save people?

Those people never looked down upon him from the beginning, and looked at him with disdain and disdain.

Naturally, it was impossible for him to save those people.

But this flying-winged snake is a good thing. Although it is difficult to deal with, the snake crystals and snake scales on its body are of great value. If it can be killed, it will undoubtedly be another fortune.

Lifting his feet, he was about to walk into the crowd, but he didn't know...

One hand pulled his sleeve.

Lowering her eyes, she looked up at the hand holding his and saw Yue Tianze's worried eyes, looking at him.

"Um?"

He just murmured softly.

"Brother, it's very dangerous over there, don't go there." Yue Tianze whispered to Yue Chushui.

Although he is also worried about the people at Yuzun Academy, when it comes to life and death, he can naturally tell who is less important and who is more important. It is impossible to sacrifice his eldest brother to save the people of Yuzun Academy, right?

He believed that if they were the ones in danger at this time, the people from Yuzun Academy would still not come to save them.

Looking at Yue Tianze like this, Yue Chushui felt a warm current in his heart, then raised his hand and gently pulled his hand away.

"It's okay, it's just a little snake."

Yue Tianze: "..."

Is that a little snake? !

That's not a little snake, it's a flying-winged snake!

Moreover, it was such a big flying-winged snake that all the disciples of Yuzun Academy were swept away by the snake-tailed snake-wings and screamed in agony.

but.....

Just now, his eldest brother took him by the collar and brought him here really fast, so fast that he believed that his eldest brother was definitely better than any disciple in Yuzun Academy.

"Brother, be careful."

With that said, he hurriedly followed what Yue Chushui told him before and ran far away to hide.

Yue Chushui: "..."

How come there is a boy in the Yue family who is so afraid of death?

However, he really didn't have time to pay attention to Yue Tianze. Instead, he turned his eyes and looked at those people from Yuzun Academy who were injured and vomited blood.

He shook his head.

On the other side, everyone in Yuzun Academy was cursing in their hearts.

How could you be so unlucky to meet a flying-winged snake?

They are just here to experience it, not to fight for their lives, and this place was carefully chosen by them. There is no way there can be powerful monsters.

But now, there is a flying-winged snake blocking their way.

If it was just blocking the road, that would be fine, but this flying-winged snake wanted their lives.

After a short time, many of their men were injured, and some of them had no ability to fight back and could only be tossed around like balls by the flying-winged snakes.

Chapter 1925 Eyes red with anger

"careful!"

Suddenly, a disciple who was swept away by the winged snake's tail was about to be trampled into pulp by the winged snake's claws.

But at this moment, the disciple couldn't even stand up. He watched helplessly as the huge claw stepped towards his body. He could only block his eyes with his hands.

Everyone: "..."

What's the use of covering your eyes!

At this moment, a sharp spiritual power hit the winged snake's claw directly.

There was a 'boom'.

The claw was deflected a little and stepped on the side of the disciple, splattering dust all over him.

Even so, he reacted quickly after being frightened, and rolled and crawled towards safety.

"Roar--"

The winged snake's claws were hurt by the beating, and it roared towards Yue Chushui.

But snakes don't make much noise. Even if they roar, they are not that loud, and they sound more like coquettishness.

"Quick, hurry up."

When the disciples of Yuzun Academy saw that the Flying Winged Snake's attention was diverted by Yue Chushui, they quickly supported each other and prepared to run away. However, Yue Chushui soon fought with the Flying Winged Snake.

"You...you..."

Yue Tianze saw that those people ignored his eldest brother and ran towards him one by one, and he was so angry that he wanted to kill someone.

"We all saved you, but you actually abandoned him!"

"We can't protect ourselves, so why should we care what others do?"

A disciple from Yuzun Academy glanced at Yue Tianze angrily and said to him.

"That's right, we didn't ask him to save us. He wanted to stand out on his own. It's none of our business. If you have a deep brotherly relationship with him, go and save him yourself."

Another disciple from Yuzun Academy echoed.

Didn't you see that each of them was seriously injured?

When Yue Tianze saw them coming, he didn't know how to give them medicine first, but instead came to blame them. What did you mean?

If Yue Chushui hadn't run so fast with Yue Tianze just now, would Yue Tianze be able to hide here so freely and not be hurt at all? This was all what Yue Tianze and Yue Chushui got in exchange for their injuries.

Naturally, they would not be polite to Yue Tianze.

"you....."

When Yue Tianze heard what they said, his eyes turned red with anger.

I really have never seen such a shameless person. How could a disciple of Yuzun Academy be like this?

His mother had previously said that she would let him go out to practice with the people from Yuzun Academy first, and after getting familiar with the disciples, she would then send him to study at Yuzun Academy.

But now...

Seeing how selfish everyone in this group was, he felt that Yuzun Academy was not worth his time at all!

"Yue Tianze, we're not talking about you, it's your big brother who has caused us a lot of trouble along the way. Now he takes the initiative to protect us from disasters. It's his honor."

Some people looked at Yue Tianze's angry look and couldn't help but sneer.

"Besides, your parents don't like their son who has just been found for a long time. If Yue Chushui dies under the claws of the Flying Winged Snake, you will be the young master of the Yue clan from now on.

Is not it good? It's all a benefit to you. "

Originally, because Yue Tianyu could not cultivate his soul, Yue Tianze was the young master of the Yue family.

But suddenly, Yue Tianyu was no longer a member of the Yue family, but a bastard, and Yue Chushui was found not long after.

Chapter 1926 How to outsmart him?

In this way, the position of young master of the Yue family that originally belonged to Yue Tianze was gone.

At this time, Yue Chushui took the initiative to run out to die. Yue Tianze should be happy, but he turned around and blamed them.

"Yue Chushui was a burden even after he died...why is he so powerful?!"

Someone was cursing Yue Chushui while looking proudly towards the direction where the Flying Winged Snake and Yue Chushui were fighting.

Although he was still very proud at first, when he saw that Yue Chushui was still able to survive such a powerful attack by a flying-winged snake, the smile on his lips suddenly froze on his face.

"Is this Yue Chushui, the good-for-nothing young man that the Yue family found?"

Some people even opened their eyes wide, looking at Yue Chushui who was fighting with the flying-winged snake, their eyes full of disbelief.

All of them were injured like this, but Yue Chushui was able to survive the flexible attack of the Flying Winged Snake without being injured at all. What kind of magic operation was this?

"Yue...Yue Chushui...when did...become so powerful?" someone asked stutteringly.

You know, if this flying-winged snake fights with them, they will have to shed several layers of skin even if they don't die, but Yue Chushui seems to be dealing with it easily.

Does this mean that they had said so many bad things about Yue Chushui before, and if he had cared about them, they would have died countless times in the past few days?

Thinking of this possibility, a chill ran up their backs.

"He's not a loser."

someone asked in disbelief.

Yes, isn't Yue Chushui a waste? This is the news that came out among the Yue clan before.

But now, that guy...

No, how could Yue Chushui be so powerful? How could he have cultivated such powerful spiritual power even though he hadn't even been there for a full year since he returned to the mainland?

Are you kidding them?

"You are the waste. Your whole family is waste. My eldest brother is the best!"

At this time, Yue Tianze was undoubtedly proud. The person fighting with the Flying Winged Snake was his eldest brother.

Hearing the unbelievable words of those disciples of Yuzun Academy, he immediately cursed back.

waste?

They are trash, his eldest brother is so awesome!

"you....."

"How can you curse?"

The disciples of Yuzun Academy were furious when they heard what Yue Tianze said.

But he was the second son of the Yue clan, and Luo Mian loved the son in her hands, so what could they do?

Even the people from Yuzun Academy did not dare to do anything to the second son of the Yue family. They could only grind their teeth and force themselves to endure it.

"What's wrong with scolding you? Who makes you deserve scolding!" Yue Tianze replied to them angrily.

His eldest brother saved them, but he didn't even say a word of thanks. He even cursed them. He was being polite by scolding them. If they made him angry, he almost wanted to hit them!

On the other side, Yue Chushui faced off against the Flying Winged Snake. Although he was not at a disadvantage, it was still impossible to kill the Flying Winged Snake under his own sword in a short while.

He could only use his flexible skills to stab some wounds on the flying-winged snake as much as possible.

But at the same time, he also knew that according to his own physical strength, he still couldn't compete with such a large flying-winged snake, so he had to outsmart him.

But how to outwit it?

When he was preparing to go out before, he also bought a lot of elixirs, including poisons and antidotes, and also bought some self-defense weapons.

Chapter 1927: Disgraced to the Orcs

So, now is the time to use these magic weapons and poisons, right?

Thinking about it, he was about to take out the magic weapon from his arms, but...

Before he even made a move, he felt a powerful spiritual force that hit the flying-winged snake that was fighting with him.

"Roar....."

A slight trembling roar escaped from the Flying Winged Snake's mouth. Almost instantly, the Flying Winged Snake was beaten to the ground, motionless and unable to breathe.

At this time, Yue Chushui was a little confused and stared blankly at the man who helped him, flying down from the air.

That's right, he flew down, because the man has wings, and he looks like a member of the beast tribe at first glance.

"Who are you....."

When the man came to him and folded his wings, he spoke.

"Excuse me, is there a young master from the Yue clan among you?" The man looked at Yue Chushui and asked politely.

Hearing his words, Yue Chushui raised his eyebrows, and while he was answering, he heard the voices of those Yuzun Academy disciples who were previously greedy for life and afraid of death.

"Yes, yes."

One of them took Yue Tianze's hand and pulled him over.

"He, he is the young master of the Yue clan. Are you looking for him?"

Hearing this, the man looked at Yue Tianze, and then frowned.

"Young Master is the young master of the Yue clan?"

Why doesn't it look like him? He's just a child. Isn't it that Yue Chushui is already thirteen years old? He should be older than the little boy in front of him, right?

"I....."

Yue Tianze opened his mouth and was about to speak, but was interrupted by the person next to him.

"Yes, he is the young master of the Yuezhi."

"you shut up!"

Yue Tianze really couldn't help it anymore, turned his head and roared at the man.

He has never seen his eldest brother take action before, and he may still think of himself as the young master of the Yue family. But now, his eldest brother is obviously so powerful, how can he have the chance to become the young master of the Yue family?

This person wants to embarrass him and throw him into the beast tribe, right?

"Are you Yue Chushui?" The man raised his eyebrows, looked at Yue Tianze and asked.

"Well!"

Yue Tianze choked at his man's words and glanced at Yue Chushui with some guilt.

The other people from Yuzun Academy also looked at Yue Chushui with disbelief, thinking in their hearts that Yue Chushui, a person who had just returned from the Desolate Continent, could actually know such a powerful person. Orcs?

No wonder Yue Chushui was able to fight with the Winged Snake for so long without getting hurt. It turns out he is so powerful!

"You're looking for me?"

Yue Chushui himself was confused and asked the man.

He didn't remember that he knew this man in Qianhuan Continent, not to mention that he was still an orc.

"Are you Yue Chushui?"

The man heard his question and turned to look at him.

"Yue Chushui, who came back from Desolate Continent, was originally named Lin?"

In order to make sure that the person in front of him was the person he was looking for, he asked again, this time more clearly.

"yes."

Yue Chushui's eyes flashed.

For a long time, no one mentioned that his surname was Lin. Could it be...

Thinking of that possibility, his eyes lit up even more, and he looked at the man with even more eagerness.

"Young Master Yue, this is a letter that a noble person has asked our king to deliver to you. The king ordered his subordinates to deliver it to you." The man handed the letter in his hand to Yue Chushui.

Without thinking, Yue Chushui took the letter directly and opened it in front of everyone.

Chapter 1928 Hypocrisy

Soon, he looked at the handwriting on the letter with tears in his eyes, and his hand holding the envelope tightened and loosened, and then tightened again.

It's Sister Sang Sang. Sister Sang Sang is coming to Qianhuan Continent.

"Where is that noble lady?" He raised his eyes to look at the man and asked.

"The king did not give an explanation. He only asked his subordinates to deliver this letter to you personally." The man replied.

Hearing this, Yue Chushui gritted his teeth.

Thinking about it, he will be able to see Sister Sangsang soon. It has been almost a year and he has been waiting. He originally thought he would have to wait a few more years, but now it is much earlier. What else can't he do? What are you waiting for?

"Okay, then..."

"My lord, who is your lord?"

Before Yue Chushui could speak, he was interrupted by a disciple from Yuzun Academy.

Lord of the Country, there are several countries of the Beast Tribe, and their leaders are all called Lords of the Country. I don't know which Beast Tribe country this man is the King of?

When the man heard what the man said, he frowned in displeasure and glanced at him with a warning look.

"Well."

The disciple from Yuzun Academy felt a chill all over his body. He subconsciously took a step back and lowered his head timidly.

"Young Master Yue, our master is the leader of Haibo Kingdom.

Seeing that the people from Yuzun Academy gave in so easily, the man no longer stared at him, but turned to look at Yue Chushui, his eyes softening a lot.

"Hai...Haibo Kingdom..."

Everyone in Yuzun Academy took a step back when they heard the words Hai Boguo.

Haibo Kingdom is the largest country among the orcs. Even the dean of Yuzun Academy respects the leader of Haibo Kingdom, but he never expected that such a big shot would actually interact with him. Yue Chushui has friendship.

This is something they never expected.

Not to mention the people at Yuzun Academy, even Yue Tianze was frightened.

How could his eldest brother know people from Haibo Country?

If he remembered correctly, his mother told him that she and her father brought everyone here directly from the Desolate Continent, and had never had contact with anyone on the Qianhuan Continent before.

But this Haibo Kingdom is a very important beast country on the Qianhuan Continent.

Yue Chushui, who they had looked down on so much before and had spoken harsh words towards, actually even knew the leader of Haibo Kingdom!

Think about it, why do they all feel so frightened?

"Young Master Yue, this is sent to you by the subordinates ordered by the Lord of my country. With this token, all the magical beasts in Qianhuan Continent will give you seven points of thin noodles."

While speaking, the man took out a golden token containing powerful beast spiritual power from his arms and handed it to Yue Chushui.

Yue Chushui looked at the token and took it directly without being pretentious.

"Thank you for me, your king. When I get the chance, I will definitely go with my sister to visit your king." He said politely to the man.

"yes."

The man responded, said a few more words to Yue Chushui, and then left.

After he left, everyone at Yuzun Academy looked at Yue Chushui with completely different eyes than before. That was called fawning.

"Chu Shui, you actually know the leader of Haibo Kingdom." Someone couldn't help but be the first to speak.

That is the leader of Haibo Kingdom. Even from the conversation between the two, it can be heard that Yue Chushui has never met that leader, but he can make the leader of Haibo Kingdom even take out his token. , it can be seen that the leader of Haibo Kingdom attaches great importance to Yue Chushui.

Chapter 1929 Stay here first

If they don't fawn over such people, what are they waiting for?

"Yes, Chu Shui, you are too powerful. That is Haibo Kingdom. I have only met him once from a distance in the main courtyard of Yuzun Academy. It was the president who strongly invited the leader of Haibo Kingdom to come. .

Someone spoke to Yue Chushui.

After listening to their words, Yue Chushui just gave them a cold look, then walked towards the flying winged snake that had long since lost its breath and dug out the beast crystal directly.

...

Another month has passed.

From Shaohua City to Yacun and then to the foot of Baiyun Mountain, Sui Zimo and Lin Caisang were on their way.

Finally, the group arrived at the foot of Baibind Mountain and were about to go to Qianhuan Continent, but were stopped by Sui Zimo.

"Stay here first? Why?"

Lin Caisang looked at Sui Zimo in confusion and asked.

They have all arrived at the foot of Baibind Mountain. Why do they still want to stay? Wouldn't it be better to just go straight into Baibind Mountain and go to Qianhuan Continent?

However, the answer is obviously no. You can tell it by looking at the face of her husband.

"I understand. Let's find a village to rest for a few days before setting off."

She shrank her neck with some guilt, looked at her brother Mo Lian with a flat mouth, and said.

Because she was preparing to go to Qianhuan Continent, she was traveling during the day and went to the Golden Pearl Space to refine medicine at night and rested very late.

Moreover, because she was on a journey, everyone did not take a carriage, but rode a horse. Therefore, she was naturally a little... uh, well, actually very tired, so tired that she wanted to sleep for a few days and nights.

"Exiled Jue, go make arrangements."

Sui Zimo glanced at Ban Jue and ordered.

"yes."

Ban Jue responded and immediately went to find the village with Ban Wu.

It's not like they haven't been to the foot of Baibind Mountain before. They are still familiar with this place. Naturally, they know where there is a village where they can rest.

...

Soon, Ban Jue and Ban Wu found a family.

There is only an elderly couple living in this family, but there are many vacant rooms in the house.

After a casual inquiry, Ban Jue found out that the old man's children took the outsiders to Baibind Mountain because they wanted to make money, but none of them came back.

In this village, many families are like this.

"Come in quickly, please come in. At home...hehe, there is dust on the bed. I'll get some water to wipe it off." The old woman led the group of people through the door. After opening the rooms, there was no one there for a long time. Rooms stayed.

Seeing that there was dust inside, she turned to look at the group of people in embarrassment, fearing that they would leave because of this, and hurriedly wanted to fetch water.

In this village, it was not easy for a few people to come and lend them a night's stay and give them some money. If these people went to someone else's house, she and the old man would really get nothing.

"No."

Ban Jue and others heard her words and hurriedly stopped her.

Let an old woman clean the room and treat young people like them as dead?

"No?!"

After hearing what he said, the aunt almost jumped up on the spot.

Are they dissatisfied with her dirty home and want to live in another house? How could that be possible? She was still waiting to earn money to buy rice for cooking.

"No, no, distinguished guests, my place is really nice, it's just a little dirty, just wipe it off. And my house is large, so many of you can live here."

Chapter 1930 Finally came to save me!

Excommunicate everyone: "..."

What's wrong with the large number of them?

Who comes to Baibind Mountain? There are not so many people. There are only ten people in their group, which is considered a small number, right?

"Auntie, we..."

"Auntie, they just want to say that they can clean it themselves. You are old, so you should rest first. Before the words of banishment could be spoken, Zhong You interrupted him. He looked at the old man with a smile and said.

"Ah, don't leave, phew!"

When the aunt heard what he said, she let out a heavy breath and patted her chest seriously as if she was frightened.

Everyone: "..."

They all looked at the aunt with strange eyes.

"Well."

The aunt looked at them with weird looks and choked a little.

"Don't be offended by the guests. There are not many families here that can be chosen by outsiders to live in, especially in a situation like mine... I am also thinking about how I can finally earn some money, and I don't want to miss it. "

She blushed slightly and spoke to them.

There is nothing that can be done about it. In order to survive, who is willing to give away the money that is almost available to others?

What's more, they are an old couple who have no children now, and the people in the village only care about themselves, so how can they take care of them? Of course, they have to think about themselves.

"Swordsman."

After hearing what the aunt said, Lin Caisang glanced at the sword attendant beside him.

He took out two silver ingots worth ten taels from his arms, handed them to her, and motioned for her to give them to the aunt.

"Mother, this is..."

Shi Jian looked at his mistress, feeling a little unsure.

"Just give them a deposit, and then give them another thirty taels before leaving." Lin Caisang said.

"yes."

The attendant sword responded and went to hand the silver to the aunt.

...

It was night, and the village at the foot of Baiyun Mountain was quiet.

Outside the yard, Sui Zimo and Lin Caisang were sitting on a haystack not far from the door, looking at the stars in the sky.

"Brother Mo Lian, how long will it take for us to return to Qianhuan Continent this time?"

"What's wrong?"

Sui Zimo glanced sideways at the lady who rested her head on his shoulder.

"You haven't even set off yet, and you already feel homesick?"

"No way."

Lin Caisang curled his lips.

I don't think about homesickness before I set off, but I think about it all the time.

Home, isn't it in your own heart?

However, just because you are thinking about home, you can't stop doing anything and just stay at home, right?

"I was just thinking, when can I find dad?"

I don't know where her father is. Is it true that he is still on Baibind Mountain?

This probably shouldn't happen, right? Therefore, it was definitely not wrong for them to go to Qianhuan Continent to look for it.

She just hoped that she could find it as soon as possible.

"Don't worry, we will definitely find it." Sui Zimo said to her.

As long as you go to Qianhuan Continent, you will definitely find your father, it's just a matter of time.

"Sonny, we..."

"Brother Mo Lian, you finally came to save me!"

Before Sui Zimo could finish what he wanted to say to his wife, he felt a figure running straight towards him, jumping on the grass and almost hugging him.

His face turned cold, and he swung his big hand and beat the person out.

"ah!"

The woman was thrown far away and fell to the ground, screaming.

"Who is this?"

In the yard, Lin Changhong heard the noise outside and hurriedly walked out.
