

## Star of Space 1931

Chapter 1931 What a retribution

His sister and her brother-in-law were sitting on the grass outside the door chatting. He knew that, and because of that, he didn't come out to disturb them.

Who knows, he didn't come out to disturb, but some careless person came over.

However, how could anyone in this village at the foot of Baibind Mountain know his brother-in-law's previous name?

You must know that even the old couple who helped them did not know their names. They only knew the names of Ban Jue and Ban Wu. Of course, they were just pseudonyms and not real.

Lin Caisang also reacted, let go of Sui Zimo's arm, and jumped down from the grass.

When he came to the woman who was thrown badly, he looked at the woman's ragged clothes and disheveled hair under the night light, and couldn't see her face clearly at all.

"Who are you?" she asked.

It's really strange that someone in this place actually knows her husband.

However, there is nothing surprising. Maybe they are some disloyal people that Sui Zimo has dealt with before?

"Lin Caisang! It's all because of you!"

When the woman saw Lin Caisang looking down at her like a queen, she felt infinite hatred in her heart, wrapping her whole heart.

"You still recognize me? That's interesting."

Hearing the woman's words, Lin Caisang was stunned for a moment, then chuckled.

If she knew her husband, that would be fine, but if she knew him, she would have to think more about it.

Suddenly, her pupils shrank, she knelt down, reached out and grabbed the woman's chin, turned her face towards her, and looked at that face carefully.

"Lin Caihe?"

She raised her eyebrows and uttered three words lightly from her lips.

They never expected that after just taking a short break here, they would be able to find Lin Caihe, whom they had never found before!

"What?!"

Lin Changhong was shocked when he heard his sister's words. He quickly stepped forward and looked at the woman lying on the ground.

"It's really Lin Caihe."

Ever since Lin Caihe plundered everything at home and escaped, they had no news about Lin Caihua. Who would have thought that Lin Caihe would appear here, and come to them again in this way.

Looking at Lin Caihe's body, his clothes were stained with blood, and he looked like he had emerged from a garbage dump, there was no sign of sympathy on his face, and he sneered.

"I really feel bad about retribution, Lin Caihe, I didn't expect you to end up like this!"

"you--"

When Lin Caihe saw Lin Changhong and heard his words, he was so angry that his whole body was about to smoke.

She was suffering in this hellish place, but Lin Caisang took away her brother Mo Lian and the happiness that should have been hers. In the end, even Lin Changhong, who was so much worse than her eldest brother, would only live in this world. People hunting in the forest dared to bully her.

"Don't be proud!"

She glanced at them hatefully, and then turned her gaze to Sui Zimo, who had just gotten off the grass and walked to her side to look at her.

"Brother Mo Lian, I am He'er, your He'er, have you forgotten? You were very kind to me before and said you would marry me."

Sui Zimo: "..."

Do you think he is easy to bully?

He still married her. He left his good wife unloved and married a crazy woman as his wife. Was he stupid?

"Sonny, let go."

Chapter 1932 It's really not a good thing!

He frowned, looked at his wife's hand holding Lin Caihe's chin, and said.

"Lin Caisang, have you seen that Brother Mo Lian still likes me the most? Why don't you let me go quickly, you bitch...ah!"

Lin Caihe felt even more proud when she saw Sui Zimo speaking for her, and scolded Lin Caisang directly. However, before she could finish her words, she was slapped with a big mouth.

The person who hit her was none other than Sui Zimo, who she said liked her the most.

"Changhong."

Sui Zi Mo Yin looked coldly and glanced at Lin Changhong beside him.

"Ah, yes, yes, Sangsang, let me go."

When Lin Changhong was reminded by his brother-in-law, he quickly pushed his sister's hand away. Then, without holding on to his hand, he directly raised his foot and stepped on Lin Caihe's stomach.

"You can pinch such a dirty person. What if you get sick? Just wash your hands quickly."

He explained to his sister.

"I....."

"Mother, the water is here."

Just as he was about to speak, he heard Shijian's voice.

Lin Caisang: "..."

Turning her head, she looked at the basin in Shi Jian's hand. Then, she raised her head again and looked at her husband.

"Wash."

Sui Zimo raised his hand, pinched her cheek lightly and said.

Lin Caisang: "!"

These people didn't make Lin Caihe angry to death, so they felt uncomfortable, right?

Still washing up. Even if Lin Caihe is a little dirty, she doesn't have any infectious diseases, right? It's just a little dirty, so what?

However, in the face of her husband's disdain for her, the hand that pinched Lin Caihe's chin...

She thought she'd better take a shower.

In fact, it was really dirty. She couldn't understand it. Even if Lin Caihe lived in this village, she should take good care of herself. How could she make herself look like a human being or a ghost?

"Lin Caisang, are you still a human? I am your sister, and you see me like this, and you still have the mood to wash your hands? You bitch, you are really not a good person!"

Lin Caihe watched helplessly as Lin Caisang washed his hands and wiped them clean with a white cloth while being served by Shi Jian, feeling extremely unbalanced in his heart.

Why is it that the person being served is not her but Lin Caisang?

"Brother Mo Lian, Lin Caisang is a bitch. She is no better than me. I can do anything. Let her leave and keep me by your side. I promise that I will serve you well. Yes, Brother Melian!"

She looked at Sui Zimo and yelled at him.

I have to say that Lin Caihe was almost driven crazy after staying in this place for so long.

Today, she finally saw two familiar people. The only thought in her heart was that she could live a good life with Sui Zimo and no longer have to suffer the hardships caused by the man at home.

So she didn't use her brain to think at all. She just thought that Sui Zimo was here and she could be saved. As for the woman Lin Caisang, as long as she stayed with Sui Zimo, this woman would have to stand aside. In the future, she could rely on Sui Zimo's favor towards her directly killed Lin Caisang!

Because she believed that she was still very important in Sui Zimo's heart.

However, she did not see anyone except herself look at her strangely.

"Lin Caihe, you woman, are you sick?"

Lin Changhong really felt ashamed after listening to her words.

There was no way, no matter how much he wanted to clear up the relationship with Lin Caihe, she was still his cousin, so he couldn't clear up the relationship.

Chapter 1933 Don't fight yet, don't fight

But looking at this woman, Lin Changhong really wanted to kill her directly.

"Shi Jian, go and ask whose family it is that ran away." Sui Zimo ordered Shi Jian who was holding the basin.

"Yes, Master."

The sword attendant responded, turned around and went in with the basin in hand.

After a while, the old woman of the old couple followed Shi Jian out and brought a torch to light.

"Hey, isn't this the daughter-in-law of Sha Zhui's family? Why are you here?"

After a long while, she finally saw Lin Caihe's face clearly and asked with confusion on her face.

I don't know how many times this woman ran away. She didn't know how to behave, so she was locked in the house with a cone all day long, let alone at night. So how did she escape?

"Si Zhui, Si Zhui, your wife ran out, why don't you hurry up and get her back."

The old woman took a few steps in the other direction and shouted into the air.

When he heard the old woman's voice, Lin Caihe shuddered subconsciously and looked at Lin Changhong who was stepping on him in horror.

"Let go... let go, let go!"

She ran out on her own when Silly Eyes wasn't paying attention. She thought of hiding in the grass first and waiting for everyone in the village to look for her elsewhere. Then she ran, so they would definitely not be able to find her. .

Little did she know, she just ran out and saw a man and a woman sitting on the grass.

Moreover, these two people were very familiar to her. She rushed towards them without thinking, thinking that as long as Sui Zimo could see her, he would definitely take her away from this ghost place. .

And the reason why she escaped from Yacun was all so that she could marry Sui Zimo and escape from marriage.

She has suffered so much for Sui Zimo. From now on, Sui Zimo will definitely treat her well, treat her like an eyeball and pamper her. From now on, whenever she says something, Sui Zimo will treat her well. Don't dare to go west!

But who knew that this ungrateful Sui Zimo would actually ignore her!

While she was struggling, the door of a courtyard not far away was opened, and a man rushed out while lifting his pants.

"Don't look."

When Sui Zimo saw this, he immediately put his wife into his arms and pushed her head into his chest.

Lin Caisang: "..."

She didn't want to look at it either, but if people wanted her to look at it, there was nothing she could do about it.

"You bitch, you dare to run out, see if I don't beat you bitch to death!"

Sha Zhui looked at the woman being stepped on by Lin Changhong. He was so angry that he picked up one of his smelly shoes and wanted to hit her.

He just went to the hut, thinking that he only had a little time, so he didn't lock the door.

But I didn't expect that this woman was really restless enough to run outside in such a short time.

How many times have she run away, how many times has she been caught and caned by him, but she still has no memory. He no longer allows her to "earn money" outside, thinking that he just wants her to give him a son and a half. Girl, have a good life.

What else does she want?

Why did he even bother her? Did he have to whip her vigorously?

"etc."

When the old woman saw the stupid cone, she raised her hand to hit him and quickly spoke out to stop him.

"Silly Zhui, don't hit me yet, don't hit me."

Looking at these people, she seemed to know the daughter-in-law of Sha Zhui's family. What if they had to fight for good or bad?

Chapter 1934 I kowtow to you

"Auntie, look at her. She goes to bed without a fight for three days. If you let her go, she won't know what she wants to do!" After hearing what the old woman said, Sha Zhui was angry, but he still endured it. Forbearance, he did not slap the sole of his shoe on Lin Caihe's face.

He took a deep breath and looked at Lin Caisang.

"You bitch, I spent so much money to buy you, and you still want to run away. Can you run away? If I had known you were such a thing, I shouldn't have taken away the chains from you. If it falls off, please keep it tied up!"

"hiss!"

Lin Caihe gasped when he heard what Sha Zhui said.

At this time, Lin Changhong had already retracted his feet, and just looked at Lin Caihe who was lying on the ground.

"It turns out that he was sold here."

He looked at Lin Caihe and said something.

Lin Caihe gritted his teeth and endured the pain in his body as he climbed up. He looked at Sha Zhui with trembling chopsticks, then at Lin Caisang and Sui Zimo.

If she still doesn't wake up at this time, then she is really hopeless and will have to stay in this hellish place for the rest of her life to give birth to that terrible man's child until she dies.

Therefore, she endured the humiliation in her heart, walked step by step in front of Lin Caisang, and knelt down in front of her with a plop.

"Sister Sangsang, please save me. I was wrong. I really know that I was wrong. I will never go against you again. As long as you rescue me from this place, I will listen to you in everything.

She wanted to leave this hellish place, and she wanted to leave desperately.

However, she also understood that it was useless no matter how obsessed she was with Sui Zimo, because just now, it was Sui Zimo, the man she had been in love with for many years, who called the old woman out and then called the fool. of.

At this time, if she still can't see the situation clearly, then she is really hopeless.

"Sister Sangsang, please save me for the sake of my father and my mother. I kowtow to you."

At this time, I can only save myself by saving Lin Caisang. As for the future...

As long as she can stay with Lin Caisang, she will have a chance to win Sui Zimo's favor. After Sui Zimo's heart falls on her, she will have plenty of time to deal with Lin Caisang!

"Ah."

Seeing Lin Caihe kneel down towards him and kowtow, Lin Caisang really couldn't feel any sympathy.

If she had rushed to him to admit her mistake and begged him to save her from the moment they met, she would have saved Lin Caihe even if Lin Caihe was not sincere.

but now.....

Knowing that the woman in front of her was spying on her man, how could she still save her?

So what if this woman is her cousin?

Even if it's her own sister, she still won't let her go, let alone her cousin?

Raising her eyes, she looked at the man who was holding a shoe in his hand and glaring angrily at Lin Caihe's back. However, because there were so many people here and Sui Zimo's impressive aura, he didn't dare to move. cone.

"Did you buy Lin Caihe here?" she asked.

"yes."

Sha Zhui looked at Lin Caihe, then at Lin Caisang, and nodded.

"I spent a lot of money to buy her as my wife. Don't even think about taking her away!"

No matter how scared he was, he still knew that Lin Caihe was his daughter-in-law and could not be taken away by others. Otherwise, who would give birth to his son, wash and cook for him in the future?

Chapter 1935 You are still not human

"No, no, I don't want to stay here.

When Lin Caihe heard what Sha Zhui said, he was immediately frightened. Without thinking, he wanted to grab Lin Caisang's clothes and ask for help.

However, there was someone faster than her.

Sui Zimo flicked his sleeves, swept her away, and then put his wife into his arms.

Lin Caihe was swept to the ground and looked at the two people in front of him sadly, "Brother Mo Lian, how could you treat me like this? I am sincere to you. You...you treat me like this, so you are not afraid of being struck by lightning." ?"

She couldn't imagine that Sui Zimo would push her for Lin Caisang!

And she just wanted to ask Lin Caisang for help, and she didn't want to do anything to her.

Why, why is this?

"The sky strikes thunder!"

Lin Caisang glanced at Lin Caihe with cold eyes, and was really about to laugh at her words.

"Lin Caihe, you still don't know what's wrong until now? You're a person like you, and you still want me to save you? Why, are you pointing at me to save you, and then waiting for you to come and steal my husband?"

Hearing his wife's words, Sui Zimo couldn't help but frown, raised his hand, and pinched the tip of her nose.

Does he seem like someone who would be tempted by outsiders?

Except for his wife, other women are nothing in his eyes!

Not to mention the disgusting Lin Caihe in front of him.

However, it was obvious that Lin Caihe didn't think so. She felt that she was as beautiful as a fairy and could do anything. She was better than Lin Caisang in every aspect and would definitely be favored by Sui Zimo.

"why not!"

Lin Caihe was angry. She didn't expect that she had humbled Lin Caisang so much and she didn't dare to save her.

"Lin Caisang, aren't you just seeing that Brother Mo Lian likes me but doesn't like you, so you are trying every possible means to suppress me? Are you interested? If you have the ability, come with me in an upright manner!

You don't dare to fight with me, so you're just trying to trick me in secret. You're still not a human being!

Lin Caisang, do you think you are so good-looking? Humph, if I dress up and look much better than you, Brother Mo Lian will be mine. You are simply afraid of me, so you don't dare to save me. You are afraid that I will snatch Brother Mo Lian away. You There is nothing left! "

Lin Changhong: "..."

Is this woman crazy? Will his brother-in-law like her?

If you really wanted to take a fancy to it, wouldn't you have waited until now if you hadn't already taken a fancy to it a few years ago?

Shi Jian and others came out of the yard to watch the popular banished jue: "..."

I have never seen a woman with such a big face. She must be so confident in her face, and she wants to charm their master.

Besides, is their master such a superficial person? Will you like the new and dislike the old just for the sake of a face?

Although, looking at their mistress's face now, one would think that his mistress fell in love with her because of her beauty. However, only those who have experienced it, such as Exiled Jue and others, understand that this girl is basically no.

If they had all seen the mistress from back then...

Well, it's better not to think about it.

Old woman: "..."

Anyone with a discerning eye can see who is beautiful and who is ugly between these two people. Is this the wife of the silly Zhui family a fool?

With this majestic appearance, do you still want to compare with the noble lady in front of you?

Is this even comparable?

Silly Cone: "..."

This woman is really stupid. At this time, she is still arguing with others.

Chapter 1936 Let's stay here

If you want to leave, shouldn't you talk to this beautiful girl in front of you properly? To say such disgusting words and still miss her husband is really... seeking death.

However, if you wish to die, just wish to die. It just so happens that if she wishes to die, these people in front of you will not think of taking her away.

His wife can be saved.

He hoped that the woman in front of him would curse more and louder, the better!

Lin Caisang also admires Lin Caisang's mysterious self-confidence that has existed since childhood. How self-righteous is this, so that he can think of others as worse than himself.

I guess in Lin Caihe's heart, other than herself, all other women are trash, right?

"You deserve to die!"

Sui Zimo didn't say anything else, he just looked at Lin Caihe with cold eyes and uttered four words coldly.

If such a woman hadn't been Son's cousin, Uncle Lin's daughter, he would have killed her a long time ago. Now she even wants to compare with his wife?

Who is she?

"Brother Mo Lian..."

Lin Caihe heard Sui Zimo's words and looked at him with aggrieved face.

"Brother Mo Lian, as long as you save me today, I promise that I will serve you well in the future. Don't worry, I will give you many sons. Really, I can do anything that Lin Caisang won't do. Brother Mo Lian, I can do anything. If you ask me to go east, I will never go west, Brother Mo Lian..."

"Samurai Sword!"

Sui Zimo really couldn't listen anymore and looked sideways at Shi Jian with a dark face.

After receiving the signal from his master, Shi Jian immediately stepped forward and lifted Lin Caihe up.

"Ah, let me go. I am your master's woman. You are not allowed to touch me, you cheap maid. If you dare to touch me, I will let Brother Mo Lian kill you. You...ah!"

There was a 'pop' sound.

Shi Jian greeted Lin Caihe's face unceremoniously.

This woman really deserves a beating. How did she figure out that her master would like a woman like her?

A woman who has no self-awareness at all and still dares to claim to be her master?

Is her mistress dead?

She picked up Lin Caihe and threw her directly to the ground in front of Sha Zhui.

"Since she is the daughter-in-law you bought, take care of her and don't let her run out and cause harm to others." Lin Caisang raised his eyes, looked at Sha Zhui, and said word by word.

It's not that she's unkind and doesn't care about her cousin, but it's not good to save such a woman and put her there.

Putting it next to her, she might want to attack Sui Zimo if she wasn't careful. She didn't want to take this risk.

And take it home?

Brother Changfeng has just been an official for a short period of time. With such a lunatic beside him, he doesn't care about his sister who wants to rise to the top in one step. What future can he have in the future?

Therefore, to sum up, Lin Caihe should stay here.

"Okay, okay, I'll take her back right now."

When Sha Zhui saw that those people had finally returned his wife to him, he felt happy and nodded repeatedly.

"etc."

Just when he was about to take Lin Caihe back and lock him up, he heard Lin Caisang speak again.

"What else?" Sha Zhui looked at her and asked cautiously.

Don't regret it again? This is his wife. If they really want to get her back, he won't care who they are, he will still pick up a hoe and fight them to the death!

Chapter 1937 Got a wife for nothing

"I have no other requirements. As long as she does not die, she will be banished.

Lin Caisang looked at Ban Jue.

"yes."

Ban Jue responded, then took out two large ingots of silver from his arms, stepped forward, and put them in Sha Zui's hands.

Seeing the silver, Sha Zhui's eyes lit up and his heart suddenly became happy.

Unexpectedly, his wife can really earn him money. Now, he has all the money he used to buy his wife, and he can earn several times more.

"thanks, thanks."

He thanked Lin Caisang profusely, stuffed the silver into his arms, and bent down to pick up Lin Caisang.

"Ah, don't touch me!"

How could Lin Caihe be willing to be taken back again? His body was twisting violently.

"Lin Caisang, if you don't save me, my parents will not let you go! You ungrateful thing, have you forgotten how good my parents are to you? I am their daughter, their biological daughter, you are so Treat me like this and my parents will hate you forever!

My parents really misjudged you. They have been so kind to you all these years, but all of them have been in vain. Lin Caisang, you white-eyed wolf, you must die! "

Turning her head, she looked at Lin Caisang with hateful eyes and roared.

"Ah."

Lin Caisang just chuckled.

"White-eyed wolf, am I talking about you? Lin Caihe, the suffering life has not made you realize anything, but has made you even more motivated. With your kind of character, even if it is for the good of your third uncle and third aunt, I will not Let you appear in front of them again!"

What is Lin Caihe doing when he returns home? Is he causing harm to others?

Of course she will not allow such a thing to happen. Lin Caihe, just stay here for the rest of her life!

When Sha Zhui heard Lin Caisang's voice, his hand movements paused. When she finished speaking, he directly picked the person up and carried it on his shoulder like a sack.

"Madam, please don't worry. I will lock her up when I get home. I will not beat or scold her again. As long as she doesn't run away, she will be my silly wife for the rest of her life."

Although he was called a fool, he was not really a fool. He naturally knew that the woman in front of him was related by blood to his daughter-in-law.

After receiving money from others and getting a daughter-in-law for free, he was happy and decided that if Lin Caihe could stay at home well and give birth to several sons for him, for the sake of the money, he would not beat or scold him again. her.

Of course, for the sake of the money in his arms, he would not let Lin Caihe run away again.

"Um."

Lin Caisang responded lightly.

"Ah, no, I don't want it."

Lin Caihe was carried on Sha Zhui's shoulders. At this time, he really panicked, screamed, and kept patting Sha Zhui's back with both hands.

Silhouette's back hurt, and he was about to raise his hand to spank the woman, but when he thought that someone was staring at him, he could only put his hand down and smiled apologetically at Lin Caisang.

Turning around, he was ready to carry the woman home.

"Lin Caisang, save me, save me from here, don't leave me here, Lin Caisang, I was wrong, I know I was wrong, please save me, I will listen to you in the future, and I will never do it again If you look at Brother Mo Lian more, Lin Caisang, please save me, save..."

Lin Caihe was carried on the man's shoulders, looking upside down at Lin Caisang who was getting farther and farther away from her, and shouted for help.

Unfortunately, at this time, no one came forward to help her, and some just watched helplessly as she was carried away by the fool.

Chapter 1938 Just don't let you die!

"Lin Caisang, you bitch, if you dare not save me, you will die a good death. I curse you to never have a son in your life. In the end, you were abandoned by Ya Molian. Lin Caisang..."

Seeing that no one was willing to save him, Lin Caihe accepted his fate and finally yelled at Lin Caisang.

"Let's go back and rest."

After a while, after watching the courtyard door in the distance being forcefully closed, Sui Zimo spoke out, drawing his wife's attention back.

"Um."

Lin Caisang raised his eyes, glanced at him, and nodded his head.

She really didn't expect that she would meet Lin Caihe here, and that Lin Caihe, who had already fallen into this situation, would still be so stubborn!

"I'm really sleepy."

"Walk."

Sui Zimo raised his hand, caressed her face gently, then picked her up and carried her into the yard.

...

Silly Zhui's house.

Lin Caihe, who hadn't stopped cursing yet, was thrown directly onto the bed by Sha Zhui, who smashed her into pieces.

'Snapped! '

Before she could wake up, she was hit with a scratch on her ear.

"you....."

Only then did Lin Caihe wake up, covering his face and looking at the man in front of him in fear.

In the dark night, there was only one reflection of the man, which looked particularly scary. Moreover, she had been beaten and scolded every three days in the past, which had already formed a shadow in her heart. When she saw this man, she felt frightened.

"You, you can't hit me, my cousin said, you can't..."

"They just said don't let you die!"

Silly Zhui interrupted Lin Caihe's words, turned around, and found something in a corner.

However, when Lin He saw Sha Zhui's actions, his whole body trembled with fear and he shrank hard into the bed.

Soon, she heard the sound of metal colliding together. She swallowed and watched as Silly Zhu took out a pair of bracelets from there.

"No, no."

She shook her head and murmured, shrinking further inside.

However, how can a woman, who is often beaten, be a match for a strong man?

Silly Zhui just bent down, stretched out his hand to fish it out, and fished the woman over. Then, while she was struggling, he directly put the bracelet and anklet on her.

This bracelet and anklet was worn by people in their village who bought a daughter-in-law and brought it home to prevent the woman from escaping. The chain on the foot is very short and can only take a dozen or so steps. Just a few centimeters long.

Walking is a little more inconvenient, but at least I can still walk. However, if I want to run away, it is impossible, because wearing this iron chain, even the most capable person will not be able to run away all day and night. of.

And all day and night, how could the family not notice that someone had run away?

"No shit, you bitch!"

Silly Zhui listened to her murmur and was so angry that he slapped her again.

"Just wait for me. When those people in the village leave, I will settle the score with you!"

Don't think that the account of her sneaking away this time has just been solved. Although he could not kill this bitch for the sake of money, he definitely couldn't just let it go.

This woman must be dealt with properly.

However, even if he had to clean things up properly, he would have to wait until those people left, but as a husband, it really made him lose face when his daughter said something about her liking for another man in front of him.

He thought about it, but he still couldn't just let it go.

Chapter 1939 Do you like her?

So, he directly pulled Lin Caihe's scalp, pulled her to the ground, and hung the iron chains of her hands on the iron nails on the pillar.

This height is just enough for Lin Caihe to reach on tiptoe.

He stuffed the sweat towel he had hanging aside into Lin Caihe's mouth, and then took his whip from the side.

"Uh-huh."

When Lin Caihe saw the whip, his eyes widened in horror, and he whimpered and shook his head.

Even before the whip fell on her body, she was already crying profusely.

...

At the old couple's house, Sui Zimo, who had put his wife to sleep, stood in the courtyard and listened to the banishment report and reported on the situation between Lin Caihe and the idiot.

"Master, this is the situation. Do you want..." help?

He thought that if the mistress knew that Lin Caihe's life in Sha Zhui's house was worse than that of an animal, she would be soft-hearted, right?

So he looked at his master and asked a question.

However, before he finished asking the question, he felt his master's cold eyes piercing him, and he was so frightened that he quickly swallowed back the rest of his words.

"master....."

"Do you like her?" Sui Zimo asked coldly.

Banishment: "..."

It's not like he was stupid to fall in love with a crazy woman like Lin Caihe. He was just looking for trouble for himself.

"No, it's not.

He shook his head quickly, fearing that if he denied it too late, his master would make a terrible marriage for him, and then his life would really be over.

"How could this subordinate like that woman? Master, this subordinate is wronged."

"Since you don't like it, then did she give you money?" Sui Zimo raised his eyebrows and asked again.

Banished: "!!!"

He finally understood that his master had become enemies with Lin Caihe!

Who allowed that woman to have a sense of presence in front of their mistress? She also likes their master, and she is worthy of him.

"Master, my subordinates think that even if Lin Caihe died, it was her fault. She cannot blame anyone else. We are about to leave for Qianhuan Continent. It is better to do less than to do more.

Also, there is no need to talk about Lin Caihe in front of the mistress...? "

After saying that, he looked at his master carefully. Finally, he saw the cannibalistic look on his master's face and relaxed.

He sighed inwardly.

"You go and send a message and ask some of our people to come here and keep an eye on the woman. She is not allowed to leave the village even half a step. As long as she doesn't die, everything else is fine."

Suizi Mo ordered him to be banished.

"Yes, Master." Ban Jue responded.

...

Qianhuan Continent is a rare and deserted place.

"It actually ended up here."

Lin Changhong looked at the place where there was no one, and was speechless.

He had heard his mother say that when entering Qianhuan Continent, the landing was very random, and it was possible to land anywhere.

Moreover, even if everyone enters at the same time, they may not be in the same place.

Therefore, when they came over, they all held hands and came together, so that everyone was not separated.

But this place...

Isn't this too deserted?

"Sang Sang, how about we go a little further and see if we can meet anyone?"

Turning his head to look at his sister, he asked.

"No need, this is the Eastern Wilderness. Not to mention people, not even monsters are willing to come here." Lin Caisang looked at the surrounding environment. She couldn't feel the breath of any living thing, so she said He spoke.

Chapter 1940 Why didn't you come back?

"The eastern wasteland here? How do you know?" Lin Changhong's eyes suddenly widened and he asked.

"Guess."

Lin Caisang gave him two words directly.

Lin Changhong: "..."

It was actually a guess, so it couldn't be a wrong guess, right?

Turning his head, he looked at Sui Zimo.

"Don't ask me, this is the Eastern Wilderness." Sui Zimo said directly without waiting for him to speak.

Lin Changhong: "..."

Why do they all know that when their mother told them before, they were all present.

Then why didn't he guess it?

"Then what should we do now? The eastern wilderness is very big. Do we have to use our feet to get out?"

Hearing this, everyone looked at Lin Changhong as if they were an idiot.

"Master Lin, didn't you contract a flying mount before? We can use the flying one." Jiang Li reminded Lin Changhong.

The ten of them, including the master and the mistress, had all contracted the magical beasts before, and this time, they could just use them.

The flying monsters are larger. Even if one of them has a non-flying monster, it is still possible for two people to ride together. However, it has to be said that this eastern wilderness is indeed a bit bigger.

"Yeah, how come I forgot about this?" Lin Changhong's eyes lit up and he patted his forehead.

Lin Caisang: "..."

This brother of hers really makes people look at her... I really want to beat him up!

"Zimo, let's set a direction first and then rush on."

She looked at Sui Zimo and said.

"Um."

Sui Zimo responded lightly and watched her take out a sketch they drew themselves from the golden bead space.

...

Yuezhi clan.

Because of what happened before, I can no longer get along with the people from Yuzun Academy.

Yue Chushui threw Yue Tianze back to the Yue clan, and then turned around and left alone.

Yes, just left.

"Ze'er, what's going on with you? Why are you back alone? Where is your elder brother? What happened to him?"

Yue Tianze, who had just returned to his own courtyard, had not had time to sit down and drink the tea brought by his servants when he heard footsteps, and then heard his mother's unabashed words.

He raised his head and looked at his mother with black lines on his head.

"Mom, can you hope that your elder brother will be well?"

Who could curse his son like this? He actually heard a trace of expectation in his mother's tone!

Before her eldest brother was okay, she was cursing him that something had happened. If something happened to him, then she wouldn't have to curse him to die?

"Why don't I hope that your elder brother will get better? Why do you kid talk? I'm just worried about you." Luo Mianyi heard her son's questioning voice and knew that she had said the wrong thing. After being stunned for a moment, He quickly explained.

"Tell your mother, why did you come back alone? Where is your elder brother? Where did he go? Why didn't he come back?"

Of course she hoped that something would happen to Yue Chushui, since he was not her son anyway, so it would be better if something happened to him.

"It's okay. My eldest brother sent me outside the clan. He said he had something to do, so he left alone." Yue Tianze rolled his eyes at Luo Mianyi and said.

"Gone? Where did you go?"

Luo Mianyi was stunned and asked involuntarily.

Yue Chushui is now more capable, can he still go alone? Aren't you afraid of dying outside?

"Then how do I know?" Yue Tianze said.
