

Star of Space 1951

Chapter 1951 For those who refuse to change despite repeated admonitions

For someone as shrewd as the eldest son, Luo Mianyi actually wanted to poison him?

Who are you poisoning?

Poisoning herself?

No, I finally fell for it this time. I don't know what Luo Mianyi's expression will be like when she sees that the people around her are unable to move due to her own poison and can only lie on the bed.

Grandma carefully took down the plate of pastries.

"A bunch of losers still want to fight Chu Shui. What a dream!"

Mrs. Yue clapped her hands, washed her hands in the basin brought by the maid, wiped them clean, and then cursed.

"What is Ze'er doing these days?" She looked at the other nanny and asked.

"Back to the old madam, the second young master has been shutting himself in his room to practice in recent days without leaving the house. However, the royal master went to see him a few times, but he was sent back by his servants all the time. The two never met."

Grandma replied.

"Lin Tianyu."

Madam Yue murmured these three words.

This Lin Tianyu is not an easy man either. He has already changed his surname to Lin and is still jumping up and down among the Yuezhi clan. Does he really think that no one else can see his little schemes?

"Since he likes jumping so much, let him go to the farm. Isn't there still a need for a steward there?" she ordered.

Grandma: "..."

farm.....

Although the farm of the Yuezhi clan is called a farm, it is actually not a farm. There are many low-level magical beasts raised in it, which are specially used to feed other families.

But even if it is used for food, it is still a monster. No matter how low it is, it is still better than a person who can't cultivate spirits, right?

Let Lin Tianyu go to the farm and be a steward?

He was not there to do anything, he was clearly sent to be bullied by the monsters.

As for Lin Tianyu, a person who does not know how to cultivate spirits, it is absolutely impossible for him to perform well and come back with meritorious service in the farm, facing so many monsters, and the days ahead will definitely be very gloomy.

The old lady's move was so cruel that she suppressed Lin Tianyu to the point where he could never get up again.

But this is good, and it saves Lin Tianyu from being a member of the Yue family, but he still thinks of himself as a master, occupying the identity of their eldest son, and claiming to be the eldest brother of the second and third masters!

Those who refuse to change despite repeated admonishment should be punished more severely.

"Yes, I will take care of it now."

Grandma responded and retreated.

...

In another courtyard, Lin Tianyu, who was about to leave for another trip to Yue Tianze's courtyard to see his younger brother, was completely stunned when he heard what his mother-in-law had conveyed to Mrs. Yuelao.

"Mommy, what did you say? Grandma asked me to go...to the farm?"

He couldn't believe his ears. How could Mrs. Yue suddenly think of letting him go to the farm?

Can he come back to that place?

"Yes, Mr. Yu."

Grandma squinted her eyes and looked at Lin Tianyu who looked shocked.

I sighed in my heart and thought, no wonder the old lady asked Lin Tianyu to go to the farm. This was all done by Lin Tianyu himself.

The old lady personally ordered him to change his surname to Lin, which meant that the old lady no longer recognized Lin Tianyu as her grandson.

But this Lin Tianyu doesn't believe in evil, and he still calls the old lady grandmother.

How could the dignified old lady of the Yuezhi clan be called grandmother by an outsider? What's more, Lin Tianyu called the old lady "grandmother" because he was still the eldest son.

Chapter 1952 He came here!

Doesn't this remind the old lady from time to time of the hardships that the eldest son suffered outside.

It's strange that the old lady feels better.

Of course, the old lady is having a hard time, so how can the person who makes the old lady have a hard time be relaxed and fine?

"Master Yu, it's not the old slave who is talking about you. The old lady is the old lady of the Yue family. You... your surname is not Yue, how can you call the old lady grandmother? The old lady is not your biological grandmother.

Everyone knows that the eldest son has suffered a lot outside this year, and the old lady also knows it. Are you just adding salt to the old lady's wounds? How can you be like this?

In those years, the eldest young master lived so hard outside. Although he did not tell the old lady about it, the old lady knew it in her heart. If it weren't for... Mr. Yu, you should be able to understand the old lady's feelings, right? "

She raised her eyebrows at Lin Tianyu and reminded him.

If Lin Tianyu's parents hadn't had bad intentions, how could the eldest son be living abroad?

And now, Lin Tianyu still wants to cause trouble among the Yuezhi clan and instigate discord between the second young master and the eldest young master. With things like this, how could the old lady still say nothing?

Hearing what Mammy said, Lin Tianyu opened his mouth, but couldn't say a word.

He thought that what he had done was covert enough, and others thought that he was looking for Yue Tianze just to connect with the brothers. However, he did not expect that Mrs. Yue had been watching him from behind.

It seemed that he had to take his time and not be in a hurry.

Otherwise, the Yuezhi clan will no longer have a place for him.

"Okay, I'll go to the farm."

After taking a deep breath, he said to his mother.

After he went to the farm, he tried his best to come back. Yue Chushui took away the glory that should have belonged to him. How could he let Yue Chushui be so happy?

From now on, he will hide his thoughts well and never expose his thoughts again until the critical moment.

However, he never thought that even if he had no intention of competing with Yue Chushui, just because he called Mrs. Yue "grandmother" again, Mrs. Yue would not allow him to stay in the Yue clan any longer.

Not long after, Lin Tianyu packed some simple clothes and left with the belongings he had accumulated in his daily life, except for his grandma.

When Yue Chong and Luo Mianyi got the news, Lin Tianyu was already outside the Yuezhi clan.

"Master Yu, this is the carriage that takes you to the farm. Please get in."

Hearing what Mammy said, Lin Tianyu raised his head and looked at the ordinary carriage.

At this moment, he was angry in his heart. He was so old and had been the eldest son of the Yuezhi for so many years, but he was only given a broken carriage?

Yuezhi keeps so many flying mounts, what are they used for?

Moreover, since there is a carriage, why not pick him up at home? Even at the door of Yue's house, it is okay, but it has to be so far away?

Although this place is also the territory of the Yue clan, it has reached the dividing line between the Yue clan and other places, and he came here!

He wanted to argue and make trouble, but he knew in his heart that this was Mrs. Yue's intention. She wanted him to recognize her identity, so she only gave him a carriage.

He had no choice but to endure it.

"Ok, I....."

Taking a deep breath, he was about to respond, but was interrupted by a voice.

Chapter 1953 Who are you?

"Excuse me, is this the Yue family?"

Not only Lin Tianyu, but also the nanny and several servants looked at the woman who asked them questions.

"Yes, this is the Yue family, you are..."

After a short pause, the nanny responded to the woman's words and asked.

"We have really arrived at the Yue family." The woman breathed a sigh of relief when she heard the nanny's words.

Then, she turned her head and looked at the people not far away, "Master, mistress, this is the Yue family, do you need to pass the visiting card?"

She was the maid.

The nanny and Lin Tianyu looked at the men and women over there, and they were all stunned.

Because among the group of people, the men were handsome and the women were beautiful, and there was no one who looked bad. At first glance, it was really pleasing to the eye.

"Pass it, pass it directly to the eldest son of the Yue family." Lin Caisang said to the maid.

"Yes, mistress."

The maid responded and looked at the nanny.

"Excuse me, this mother-in-law, who are you from the Yue family?" she asked.

"I am someone who works for the old lady of the Yue clan."

I don't know why, but after hearing the voice of the servant, the nanny answered involuntarily.

After answering, the nanny remembered that the woman in front of her had not answered the question she asked before, so she asked him questions again.

"Who are you?"

The nanny asked with a sharp look in her eyes.

Hearing the nanny's question, the servant smiled.

"My mistress's surname is Lin, and she is the elder sister of your Yue clan's eldest son. I have time today, so I came to visit you." She replied.

"Surname Lin?"

The nanny's face was stern, and she couldn't help but glance at Lin Tianyu beside her.

Surname Lin, isn't that Lin Tianyu's cousin, that is, the former cousin of their eldest son.

But are these people here to find Lin Tianyu, or to find their eldest son? This is really unpredictable.

When the nanny didn't know how to speak, Lin Tianyu heard that the master of the servant's surname was Lin, and his eyes suddenly lit up.

"I am Lin Tianyu. Excuse me, is the lady's master my cousin Lin Caisang?" He immediately asked the servant. Before, he had heard Luo Mianyi mention that his cousin Lin Caisang was a person who was not easy to mess with. He did not believe it, thinking that there was nothing difficult about a person from the wasteland. But he did not expect that Lin Caisang could find this place and find him. It seems that he will be a person with someone's support in the future. Thinking of this, his eyes suddenly brightened, and he looked at the woman who had talked to the servant before, and strode over. "Cousin, I am Lin... Hey!" Before he walked in front of Lin Caisang, a sharp sword was already on his neck, and he took a step back in fear. "You... you... you are not my cousin, I... I am Lin Tianyu, the... the child who was taken away by mistake, cousin..." He swallowed his saliva in fear, followed the long sword on his neck, and looked at the person holding the sword, who was the woman who had talked to the nanny beside Madam Yue Lao before. "Go and inform the eldest son that his sister is here."

When the nanny saw this, she knew that these people were here to look for their eldest son, and she immediately gave instructions to the people around her.

"Yes, nanny."

The maid responded, got on her flying mount, and went back.

She had always been serving the old lady, so she naturally knew how much the eldest son cared about his sister.

Chapter 1954 A male white lotus

"Wrong hug?"

Lin Caisang listened to Lin Tianyu's words. If there were no outsiders watching at this moment, she would really want to laugh out loud.

What is wrong hug?

It was obviously done on purpose, but now there should be no one in the Yue clan who doesn't know about it, right?

But it happened that in her cousin's mouth, I could still hear the word "hug wrong". Isn't this lying with open eyes?

Originally, she had some expectations for this cousin, but now...

There were no expectations anymore. Her cousin and her second uncle and second aunt had the same temperament. They were both greedy and could regard everything that did not belong to them as their own.

"Have you changed your surname to Lin?"

Without caring about Lin Tianyu's words, she noticed another thing.

She glanced sideways at the servant who had the sword on Lin Tianyu's neck. After receiving the instruction, she immediately put the long sword back in her hand.

However, she still stood by Lin Tianyu's side to prevent him from harming her master, son and mistress.

"Um."

Seeing that the threat of the long sword was gone, Lin Tianyu let out a sigh of relief, and when he mentioned the matter of changing his surname, his face showed all kinds of grievances.

"That... After the eldest son of the Yue family came back, Mrs. Yue asked me... to change my surname back to Lin. I know that they were afraid of wronging the eldest son, so it didn't matter to me, so I just changed it. Anyway, my surname is Lin."

Of course, who wants to change Yue's surname? What's Lin?

If his surname was still Yue, even if he was an adopted son, he would still be the son of the Yue family. However, Mrs. Yue refused and insisted on letting him change his surname. How could he not change it? No matter how unwilling he was, he had to change it.

"Cousin, this matter cannot be blamed on Mrs. Ancestor...Yue Lao. After all, the eldest young master is Mrs. Yue Lao's biological grandson, and I am not. I can understand that they treat me badly."

He looked at Lin Caisang carefully, and when he saw the bad look on her face, he was secretly proud and said a few more words.

Lin Caisang: "..."

She always thought that Bai Lianhua was talking about women, but now it seems...

This man, Yue Tianyu, is no less generous. He has obviously occupied other people's identities for so many years, eating well, drinking well, and using them well. Now that he has found his biological child, he still has the nerve to talk about how great he is. As if aggrieved.

If she had occupied someone else's identity for so many years and caused them so much suffering, she would probably have left this place long ago to make way for the real owner, right?

But it showed that Lin Tianyu in front of him didn't think so.

"You are wronged."

She looked at Lin Tianyu with faint eyes and said something.

"Cousin, I'm not wronged. It's all my fault. I shouldn't have taken the identity of the eldest son. It's all my fault." Lin Tianyu couldn't help but curl up when he heard Lin Caisang's words. A proud smile.

But he quickly hid it, and then spoke aggrievedly, as if everyone in the Yue family had bullied him.

He had long heard that because Yue Chushui had a good relationship with his cousin, he even got a token from the leader of Haibo Kingdom. If he could establish a good relationship with this cousin, then Yue Chushui's Everything belongs to him.

"Where are you going?"

Lin Changhong, who had been standing next to his sister, couldn't stand it anymore and asked Lin Tianyu.

Is this person stupid? I didn't hear it at all. How much ridicule was hidden in his sister's tone when she said he was wronged?

Chapter 1955: Have own considerations

"I...are you?"

Lin Tianyu just wanted to answer, but when he saw Lin Changhong, his face turned ugly.

He is in the process of communicating with his cousin. Why is this man interrupting when he has nothing to do? If he talks a lot, won't he just roll it aside and keep talking to himself?

However, because this man was standing next to Lin Caisang and looked so similar to Lin Caisang, he did not dare to talk casually, so he asked.

"I am....."

"A dispensable person."

Before Lin Changhong could say anything, he heard his sister's words.

Dispensable... people?

He twitched the corner of his mouth and looked at his sister. His sister said it, were you sure it was him?

When did he become a dispensable person in the eyes of his sister? Why doesn't he know it himself?

"Sangsang..."

"Shut up!"

Lin Caisang didn't give him a chance to speak and gave him a cold shout.

Lin Changhong: "..."

He felt that his girl had changed and became unreasonable, and she actually scolded him!

Although his sister used to yell at him, she would not yell in front of so many outsiders.

That's terrible, isn't it?

"You don't need to pay attention to him. Where did you say that? By the way, I just asked, where are you going?" Lin Caisang asked Lin Tianyu.

Everyone: "..."

Mistress, are you teasing a child?

Ignoring Lin Changhong, you continued to ask him questions. Are you ignoring him?

However, Lin Tianyu obviously didn't think about that. He felt that his cousin had scolded the people around him because of him, so she would definitely support him in the future.

So next, he would be more confident to report the situation to the Yuezhi clan.

"I don't know how... I offended Mrs. Yue. No, the old lady is asking her nanny to take me to the farm. She said there is some work there that I can do."

He glanced sideways, secretly glanced at the nanny not far away, lowered his voice and spoke to Lin Caisang.

"Maybe it's because I have a better relationship with Yue Tianze, the second son of the Yue family, and Yue Tianhao, the third son of the Yue family. After all, we grew up together, while Chu Shui's temperament is relatively cold, and he has a cold temperament with Tianze and Tianhao. No friendship.

Mrs. Yue felt that her own grandson was worse than the one outside who was hugged by the wrong person, so she was probably unhappy. "

As he spoke, he curled his lips.

"Yeah?"

Lin Caisang raised his eyebrows but said nothing.

"probably?"

Lin Tianyu tried to use an uncertain tone when speaking to Lin Caisang.

"If so, Mrs. Yuelao must have her own considerations." Lin Caisang looked at him and said calmly.

"After all, people from Chu Shui and the Yue family are relatives. Although you are raised in the Yue family, in the end, you are not from the Yue family. This relationship is separated by blood.

There is nothing wrong with Mrs. Yue looking towards her own grandson.

You live in the Yue family, so you should be careful sometimes. After all, if you are not from the Yue family, how can you climb on Chu Shui's head? He is the eldest son of the Yue family, so you must be careful in the future, you know? "

Lin Tianyu: "..."

Where is the person who promised to support him?

Why is it that as he talks, it becomes his fault?

He was doing well in the Yue family. Even if he couldn't cultivate spiritually, he was still the eldest son of the Yue family.

However, after the blood sacrifice, it was discovered that he was not the son of the Yue family, which was not bad. His body was originally very strong, but it became weak because of the blood-breaking sacrifice.

Chapter 1956 Seeking justice for him

Now if I walk even a few steps, I will get out of breath.

And wasn't all this brought to him by the Yue family? Shouldn't they be responsible for the rest of his life if they harmed him to such an extent?

Moreover, this Mrs. Yue is not a human being at all. She clearly knows that he is in poor health and needs to be taken good care of, but she still insists on letting him go to the farm. What's more, she even lets him walk so many miles to a place so far away from the Yue clan. Come and get on the carriage!

"My cousin is right, Tian Yurang will remember it."

However, when facing Lin Caisang, he still had to respond. Otherwise, what if this cousin stopped supporting him?

"If you want to go to the farm, I won't delay you. The carriage is waiting there. You can go."

With that said, Lin Caisang looked at the carriage behind Lin Tianyu and said.

"I....."

Lin Tianyu was almost angry to death when he heard what she said.

He talked so much to this woman and called her cousin so many times. Shouldn't she keep him here and take him back to the Yuezhi clan to seek justice for him?

He actually asked someone to send him to the farm?

"Cousin, I don't..."

"Sister Sangsang!"

He was about to say that he didn't want to go, but a voice interrupted him faster than him.

Then, he just stared blankly at Yue Chushui, who was always aloof in the Yue clan and kept away from strangers. With a smile on his face, he quickly rushed to Lin Caisang.

"Chu Shui."

Lin Caisang also looked at him with a smile, then raised his hand and patted his shoulder.

"I haven't seen you in a year. You've grown a lot. You're taller than me."

Sui Zimo and Lin Changhong on the side: "..."

If Yue Chushui doesn't grow taller than you, he will become a short winter melon in the future, okay?

"It seems like he's grown taller."

Yue Chushui listened to her words, smiled like a fool, and answered.

Everyone: "..."

Don't you know whether you have grown taller or not? Still seems like?

"It's okay to be at Yue's house?"

It's rare for Suizi Mo to make a sound and ask about the moon and water.

This younger brother is the younger brother his wife cares about, so he will naturally pay more attention to him.

"Brother Mo Lian, Brother Chang Hong, Zhong You, you are all here."

After hearing Sui Zimo's words, Yue Chushui looked at the others, and then said hello alone.

"I'm having a good time at the Yue family. I just miss you very much. Sister Sangsang, you have worked hard all the way. Come to my yard to rest first, and I will cook for you myself."

As he said that, he wanted to welcome everyone in, but...

"Cousin..."

Lin Tianyu felt bad looking at the interaction between Yue Chushui and Lin Caisang.

He is obviously Lin Caisang's cousin, why is this happening?

He was a discerning person and could tell who among him and Yue Chushui was close to Lin Caisang and the others.

If he hadn't felt it just now, as soon as he heard Yue Chushui talking to them, the closeness and distance immediately appeared in front of him.

"Oh, by the way, there's you too."

Lin Caisang just raised his feet when he suddenly heard Lin Tianyu's voice. Then he remembered that there was such a person, turned his head and looked at him.

"Lin Tianyu, actually, what I just wanted to say is that your surname should not be Lin."

"Why...why?"

Lin Tianyu took a breath of air and asked.

He is obviously a child of the Lin family. Everyone in the Yuezhi clan knows this. Why can't his surname be Lin?

Chapter 1957 How can you not hate!

Are they bullying Yue Chushui, his cousin, because of an outsider?

How could this be possible? Who is their relative?

"Because your father married into the Liu family, all the children in your father's lineage are named Liu, not Lin. Including one of your brothers and sister, they are both named Liu."

Lin Changhong spoke up and explained.

Of course, he did not say how Liu Baixiao stole all the things from home and transferred them to the Liu family. This would only make Lin Tianyu even more miserable.

After all, he was an unfamiliar person and his cousin, so he felt there was no need to go too far.

Of course, the premise is that this cousin will not always be like Bai Lian, as his sister said, cheating and harming others, and still thinking that he is the most innocent one.

Lin Tianyu: "..."

He didn't know these things, he only knew that Yue Chushui's original surname was Lin.

Since Yue Chushui's identity has been swapped with his, why can't Yue Chushui's surname be Lin, but he can't?

"Then...his last name was...Lin."

He looked at Yue Chushui and asked.

"Um."

Lin Caisang nodded towards him.

"Chu Shui's previous surname was Lin. I allowed it. He is my younger brother and has nothing to do with your father or your mother. Do you understand?"

"I....."

Lin Tianyu's silver teeth were almost broken.

This means that Yue Chushui is Lin Caisang's adopted brother. The meaning of sworn sworn relationship has nothing to do with whether they are a family or not.

So, what Lin Caisang means is that in fact, his cousin has no other relationship with her except blood, right? Not as good as Yue Chushui, a bloodless brother?

He hates it, how can he not hate it!

But no matter how much you hate it, what can you do? Can he still kill people?

Even if he wanted to kill him, with his current ability, he couldn't kill him, so he could only wait slowly.

"Sister Sangsang, let's go in, it's very sunny today."

Yue Chushui glanced at Lin Tianyu coldly, then turned his eyes and looked at Lin Caisang and his party. They turned into a pool of clear water again. After a while, he led the group of people away without looking back. Before leaving, At this time, there was still a smile on the corner of the mouth.

Grandma, who was left waiting to see Lin Tianyu set off: "..."

They all have met the eldest young master. When have they ever seen a smile on his face? Not even the old lady has.

But now, just because of the arrival of Lin Caisang, their eldest son is smiling even when he walks.

Why are there so many differences between people?

As for Lin Tianyu, looking at the retreating figures of those people, he really didn't want to endure it anymore and rushed over to kill them.

But I thought that my arms couldn't twist my thighs, and I didn't have the ability, so I had to forget it.

"Master Yu, the carriage is still waiting for you. How about you get on the carriage first?" Grandma reminded him when she saw that he was stunned for a long time without responding.

After sending Lin Tianyu off, she had to quickly inform the old lady that the eldest young master's sister was here. The Yuezhi clan was a big family, and when guests came to the house, they couldn't do without an elder to step forward.

As for the head of the family...

She could only laugh. The main reason for the family was that she still had the eldest son in her heart. After this year, she would not ignore anything.

Lin Tianyu came to his senses after hearing what he said. Then he took a deep breath and got on the carriage.

As the carriage moved forward, he stretched out his hand to lift the curtain and looked at the increasingly smaller mansion. His eyes became darker and darker. He wished he could burn it down with a fire and be done with it.

Chapter 1958 I can't see anyone even if I go there

However, thinking about when he would be able to take this mansion into his own hands, he felt that it should not be burned down. Sooner or later, the owner of this mansion would be himself.

You can't let yourself lose too much.

"Just wait, I'll be back!"

Taking another deep breath, he lowered the curtain heavily and sat down in the carriage.

...

In Yuechushui's yard.

After welcoming the group in, Yue Chushui went to the kitchen to bring tea and snacks, and sat down with Lin Caisang and the others.

"Chu Shui, why is your yard so empty?"

Along the way, Lin Caisang saw servants and maids everywhere else, but when he arrived at Yuechushui's courtyard, he saw no one, so he asked aloud.

Could it be that Yue Chong treated his own son so harshly that he didn't even have a servant to serve him?

"I didn't like those servants and maids, so I drove them out." Yue Chushui explained to Lin Caisang with a smile.

Who would like to have some people staring at them next to them every day, and then reporting everything they do to their original masters?

Of course he didn't like it.

But if he were to buy some servants back after sending those people out, it would not be that easy in the Yue clan. When outsiders enter the Yue clan, they must have their background and character checked.

And after such an investigation, who knows who they will be bribed by.

After thinking about it, he felt that it was okay to take care of his own life. Anyway, in the Yuezhi clan, except for his grandmother, he did not regard those people as his relatives.

Naturally, those people did not regard him as their relative.

"That's why we can't even have a waiter." Lin Caisang said.

"There will be more in the future."

Yue Chushui smiled and said.

"Sister Sangsang, brother-in-law, I have sent out my manpower to look for the things you told me, but... I don't have uncle's portrait. Finding someone is like finding a needle in a haystack, which is a bit difficult."

Thinking of what he mentioned in his previous letter, about finding his uncle, although he had raised a few people this year, the Qianhuan Continent is really big. If he wants to find someone here, let alone there is no portrait. Yes, even if there is a portrait, it is difficult to find.

"I have the portrait and will give it to you later." Lin Caisang said.

"good."

When Yue Chushui saw what she said, he responded.

"Chu Shui, when will your grandmother be free? Since we are here, we have to visit her." Sui Zimo looked at Yue Chu Shui and reminded her.

They are Yue Chushui's backing in the Yue clan. Now that they are here, there is no reason not to meet their elders.

They had already met Yue Chong and Luo Mianyi, and they didn't have any favorable impressions. It didn't matter whether they met or not this time, but Yue Chushui also had a grandmother who was said to treat him well, so she had to meet them.

"Grandma should be taking a lunch break right now, so she won't see anyone if she goes there," Yue Chushui said.

"Sister Sangsang, brother-in-law, please sit down for a while while I cook. We'll have a meal first, and then it won't be too late to go see her."

With that said, he stood up and prepared to cook.

"Serving the sword, serving the book, you go." Lin Caisang looked at the two of them and ordered.

"Yes, Mistress."

The two stood up, turned to look at Yue Chushui, and asked him to take them to the kitchen.

After the three people left, Lin Changhong just looked outside the door, a little dazed. After a long while, he turned back to look at his sister.

Chapter 1959 Madam, be careful what you say!

"Sang Sang, did that guy Chu Shui not see me?"

he asked quietly.

Ever since she called him when she was outside, Yue Chushui simply ignored him and didn't call anyone by his name. What's this?

Could it be that he is an invisible man?

"Look what you are doing?" Lin Caisang turned to look at him and asked.

Lin Changhong: "..."

How should he reply to this question?

...

Many masters of the Yue clan received messages from their servants and saw Lin Caisang and his party entering Yuechushui's courtyard.

Among the people who spread the word, the people in Luo Mianyi's courtyard were the fastest.

"What? Are those people coming?"

When Luo Mianyi heard the servant coming to report, her silver teeth were almost broken.

She expected those people not to come, but in the end, they came anyway, and so fast that she was caught off guard.

"Where did the person go? Which courtyard was he placed in by the owner of the family?"

"Back to Madam, I was welcomed in directly by the eldest son. They all went to the eldest son's yard. The head of the family may not have received the news yet." The servant said to Luo Mianyi.

The people on the family head's side didn't pay as much attention to the eldest son as they did, so naturally they wouldn't receive the news so quickly.

And those guests were the eldest son's own guests. As the eldest son of the Yue clan, Yue Chushui naturally had the right to entertain guests in his own yard.

"Were you welcomed in by Yue Chushui?"

After hearing this, Luo Mianyi was a little surprised.

Yue Chushui didn't even have any servants among the Yue clan. How did he know that Lin Caisang and the others were outside? Could it be that they had broken into the Yue clan?

Or maybe someone secretly violated her warning and told Yue Chushui about the arrival of Lin Caisang and the others?

"Who told Yue Chushui?"

Who was so brave that he treated her openly and secretly?

"It's someone from the old lady's side. The nun beside the old lady was sending the prince to the farm. When she met those people who happened to come, she went to the prince's yard to report."

The servant did not dare to lie and spoke honestly.

They were on guard against someone notifying Yue Chushui that those people were coming.

However, those are the old lady's people. Even if they want to block it, they don't have the guts to do so.

Who dares to offend the old lady?

"It's that old immortal thing again!"

Hearing that it was the old lady who ruined her good deeds, Luo Mianyi had a bad breath stuck in her throat and almost died of anger.

Before, she secretly poisoned Yue Chushui and did many things, but none of those things were successful. Yue Chushui still lived a peaceful life, even if she went out to practice with people from Yuzun Academy, Came back without any injuries.

Think about it, Chu Shui is really lucky this month, he can't be killed no matter what.

Of course, she also knew in her heart that the old immortal Mrs. Yue must have been involved in this.

Otherwise, just because of that little guy Yue Chushui, how could he still survive?

"Madam, be careful what you say!"

When the servant heard her words, his face turned pale and he quickly reminded her.

Among the Yuezhi clan, she was the first one who dared to insult the old lady so blatantly.

She is not afraid of being eavesdropped by the old lady's confidants. That is the old lady. How many people in the entire Yuezhi clan are her confidants. If she is not careful, she will offend the old lady.

Chapter 1960 What a coincidence

"Be careful what you say. They treat me as an outsider. Are they still pointing my hot face at their cold buttocks?" Luo Mian was so angry that she said anything without going through her brain. .

The servants were sweating profusely as they listened, almost hunching their necks and running away.

If the old lady knew that he was speaking ill of her with her here, she would be fine, but he would be done with it.

He is just a servant!

"None of these people take my wife seriously, especially the old man. He is quite old and still controls the family. He is not afraid of taking too much control and wasting too much energy. Take it easy!"

Luo Mianyi could be heard talking louder and louder, wanting to scold her for all the suffering she had suffered in the Yue family over the years.

The servant listened, regardless of whether she let him go down, and when Luo Mianyi turned around and didn't see him, he ran away.

When Luo Mianyi wanted to turn around and ask some more questions, the servant was nowhere to be seen. She was so angry that she cursed again and almost broke something.

However, thinking that Lin Caisang and the others were here, she couldn't let Yue Chushui join forces with them to bully her. She could only calm down and think about how she should fight back against Yue Chushui's wolfish ambition.

...

Yue Chong, who was in the study, soon got the news.

"What?!"

He put down the account book in his hand and stood up immediately.

"When did it happen? Why didn't anyone inform me?"

When a guest comes to the clan, no matter who it is, the owner of the family should be notified first. How could he go directly to Yuechushui's courtyard to notify him?

"Which servant is so imprudent in doing things? He deserves to be damned!" He cursed.

"Master, someone close to the old lady happened to be escorting the young master to the farm. When they met the eldest young master's guests, they sent someone to notify the eldest young master." The guard replied to Yue Chong.

This thing is indeed a coincidence.

Originally, the head of the family had ordered that if anyone outside was looking for the eldest son, they should tell them that the eldest son was not out anymore, and tell those people not to come looking for him again.

Who knew that they hadn't taken action yet, and those people met the old lady's people.

This is also something that can't be helped.

After hearing the words "old lady", Yue Chong had to endure it no matter how angry he felt.

Who told that person to be his mother? Moreover, although he was the head of the Yuezhi clan, in the final analysis, many things in the Yuezhi clan were in the hands of his mother.

Even he, in this family, would not dare to disobey the old lady's wishes at will.

"Even if you are here, there is nothing you can do. Go to the eldest son's yard to inquire about the situation and see if he needs anything. In addition, tell the eldest son that even if there are distinguished guests in the house, the head of the family will host a banquet that night. , entertain them."

He ordered the guards.

Upon hearing his order, the guard was obviously stunned, with a trace of disdain and even more confusion in his eyes.

"Master, they are just a few people who came from the Wilderness Continent. If you hold the banquet yourself, wouldn't you be flattering them? Why don't you let the eldest son entertain them in your own yard?"

He suggested to Yue Chong.

"What do you know?!"

Yue Chong cursed angrily when he heard what he said.
