

Star of Space 1961

Chapter 1961 Little thing, come here

Of course, he couldn't say that Sui Zimo and Lin Caisang were not people they could offend, because they could secretly hurt him, the head of the Yuezhi clan.

Moreover, the leader of Haibo Kingdom is backing them. Who knows who else is behind them.

Therefore, he could only find an excuse.

"They are the eldest son's saviors, and they should be treated with courtesy. Since they have come to my Yuezhi clan, they should hold a banquet and entertain them. This is etiquette, do you understand?"

"Yes, I understand."

The guard did not dare to refute Yue Chong's words and responded.

However, he still felt in his heart that the few people from Huanglu were not worthy of meeting their family master.

When he goes to the eldest son's yard later, he must have a good meeting with those people!

...

In Yuechushui's yard.

The delicious food is already on the table, and everyone is gathered together, preparing to eat.

At this time, the guards sent by Yue Chong did not knock on the door, but jumped in directly from the courtyard wall relying on their high cultivation level.

Because everyone in the Yue clan knows that the gate of Yue Chushui's courtyard is a mechanism. You can't push it with your hands, you can only ring the bell. And even if you ring the bell, if Yue Chushui doesn't want to see it, Man, he can't see Yue Chushui.

However, he was sent by the head of the family, how could he leave without seeing Yue Chushui?

So he thought about it and felt that the people in this entire courtyard were all trash, so he didn't need to be polite to them and just jumped over the wall and came in.

However, he didn't know that as soon as he jumped over the wall, his arm was scratched by a black panther that came out of nowhere. Moreover, the black panther's claws were poisonous.

He was frightened all of a sudden, covering the wound on his arm, and cold sweat broke out on his forehead.

And the black panther that hurt someone was Lin Caisang's Xiao Hei.

"who are you?"

A little boy came out with Xiao Hei and looked at the guard who looked in pain. There was no sign of sympathy on his face, but he looked at him coldly.

"You...who...are you?"

The guard covered his arms, looked at the little boy, and asked breathlessly.

Before, he clearly didn't see such a small boy among the group of people led by the eldest son. So where did he come from?

Hearing the guard's words, Yin Baiqing tilted her head, thought carefully, and then looked at him to speak.

"Obviously I asked you first, shouldn't you answer my question first?" he asked.

This person dared to jump over the wall. He had just seen it really. A person who can jump over the wall must not be a good person, right?

That's why he asked Xiao Hei to give him a claw directly!

"you....."

The guard choked at Yin Baiqing's words and suddenly became angry.

He was attacked by a black panther. It was because he was careless just now, but now, even a child dared to speak to him so rudely?

You know, among the Yuezhi clan, he is the most powerful person around the family leader, and no one dares to question him like this.

Even when the old lady invited him over to ask questions, she was polite. How could she have ever been like this?

Thinking about it, he became furious and wanted to catch the little boy in front of him and interrogate him to find out where he came from.

"Which family are you from? Do you know where this place is? You can break into this place casually, but it won't end well. Little one, come here."

Chapter 1962 Forgive me? Ah.

With that said, he reached out and grabbed Yin Baiqing into his hand.

But Yin Baiqing was so smart, how could she be caught by him? Before he could take action, she had already hid behind Xiao Hei and started screaming.

"Help, kill, someone wants to kill me!"

Guard: "..."

When did he want to kill someone? Obviously they just want to catch the person and interrogate him to find out where he came from!

But at this moment, who would listen to his explanation?

After hearing Yin Baiqing's voice, several people rushed out of the house and hit him with spiritual power.

And those people who were obviously trash in his eyes actually used only a burst of spiritual power to knock him away, and almost took away half of his life.

"puff!"

The guard lying on his back spit out a mouthful of blood and looked miserable.

"Xiao Baiqing, come here!"

Lin Changhong waved to the little guy.

When Yin Baiqing heard what she said, she immediately spread out her short legs and ran over there, but...

Lin Changhong, who had his arms open, watched as the little guy wanted to fly directly into his sister's arms. In the end, he was intercepted by his brother-in-law and failed to do so.

"Brother Zimo, I just saw that person jumping in from the wall."

His plot to rush into Sister Sang Sang's arms was exposed, and he quickly used the bad guy to divert the man's attention.

Otherwise, he will definitely be miserable these days. Living in the same house with this man, he clearly knows that this man is too special to be trifled with.

"Chu Shui, it seems your yard is not very safe." Lin Caisang looked at Yue Chu Shui and said pointedly.

Just a guard, but he was able to enter the master's yard directly without permission, and he even jumped over the wall!

"It's someone from my father's side."

Yue Chushui glanced at the guard and said.

Lifting his feet, he walked towards the guard, looked at him condescendingly, and asked coldly.

"Why are you breaking into my yard?"

"Subordinate... I have been ordered by the master of the family to come here... to pass the news. There are distinguished guests in the eldest son's courtyard. The master of the family has hosted a dinner. Please take the eldest master with the distinguished guests and be sure to attend."

He was careless and thought that the people around the eldest young master were all trash.

The fact is that each of these people is enigmatic and their spiritual power cannot even be explored by him. It seems that it is normal for the head of the family to be taboo about them.

"Is there a dinner party?"

Yue Chushui raised an eyebrow and looked at the guard.

"Having a dinner party is the reason for you to jump over the wall and enter my yard? Huh?"

He couldn't help but wonder, when he was not in this courtyard, did people often come in and rush through the door like this guard?

It seems that we still have to get something more powerful in this yard, otherwise, we really don't know how he died.

After all, it is easy to hide from an open gun, but difficult to guard against a hidden arrow.

"Subordinate... I'm just... I'm just afraid that I won't be able to see the eldest son, so I'm a little anxious. I hope the eldest son will forgive me." The guard naturally knew that at this time, he could not offend Yue Chushui.

Therefore, even if you are reluctant to do so, you must apologize.

"Excuse me? Ha."

Yue Chushui knelt down, patted the guard a few times, and chuckled.

Then he stood up and looked down at the guard again.

Chapter 1963 The appearance of the guard's tragic death

"Go and tell father that I will definitely be there for the dinner.

After hearing what Yue Chushui said, the guard gritted his teeth and endured the pain in his body, and stood up.

"My subordinates resign."

He leaned down towards Yue Chushui, then raised his feet to leave.

However, seeing that Yue Chushui didn't want to open the door for him, he could only go back the way he came and jumped over the wall.

"It seems that your father really doesn't take you seriously." Watching the guards leave, Lin Changhong walked over and came to Yue Chushui's side, sighing.

That person was Yue Chong's bodyguard, and he actually didn't take Yue Chushui seriously.

The servant's attitude towards a person depends on his master. If Yue Chong does not treat Yue Chushui as his son, the servant will naturally not treat Yue Chushui as his master.

This Yue Chong is really damned!

Mingming had promised well in front of them before, saying that he would take good care of Chu Shui.

It turns out that this is how he took care of him. Even the guards could enter Chu Shui's courtyard at will and climb over the wall. He had seen the time.

There was a dinner party later. He wanted to ask Yue Chong, since he didn't regard Chu Shui as his son, why did he beg for nothing to get Chu Shui back from them?

"Just get used to it."

Yue Chushui smiled at him and said nothing else.

...

In the study, the guards went to Yue Chushui's yard and then returned to Yue Chong's side.

After telling Yue Chong about what happened in Yue Chushui's yard, he prepared to retreat and watch on the side. How could he know...

"puff!"

Before he even took two steps outside, he spat out another mouthful of black blood and fell to the ground.

Yue Chong was startled by the situation of the guard falling to the ground. He quickly put down the things in his hands and took a few steps forward to see what kind of situation his capable subordinate was in.

When he saw the guard's face was ashen and there was black blood around his mouth, he was really shocked.

"This...this is..."

The guards outside heard the movement in the study and came over to check on the situation.

When they saw the guard lying motionless on the ground with his eyes still fixed, he was immediately frightened and took a few steps back.

At this moment, Yue Chong's face was really bad.

Seeing his bodyguard die in front of his eyes, how could his mood get better, and how could his face get better?

This man just walked out of Yue Chushui's yard, and he also said before that he climbed over the wall to get in. If this was the case, he couldn't even guess what was going on. The head of the Yue family, he was really It's all in vain.

But he never expected that his seemingly inconspicuous son would become so ruthless once Lin Caisang and Sui Zimo came.

He is just a guard. If he does something wrong, he can be scolded or beaten a few times. How can it cost someone's life?

But unfortunately, the person had already died in front of him.

"Family...the head of the family..."

The others looked at the guard's tragic death and looked at Yue Chong in fear, already convinced that Yue Chong had killed him.

Because there were only two people in this study, Yue Chong and the guard. Besides Yue Chong, who else could kill the guard? What's more, they had watched the servants enter the study in full swing.

How long had it passed before he was already a corpse?

Chapter 1964 Authority cannot be challenged

"What are you doing standing there? Drag him out!"

Yue Chong naturally understood the fear in the eyes of those servants. They thought he had killed his subordinates, right?

But at this moment, he really didn't have the time to pay attention to what these people were thinking. He only knew that he sent someone to Yuechushui's yard, and when he came back, the person died!

Moreover, he died after talking to him.

Even if it's poisoning, it's not that safe. It's just enough for his subordinates to finish reporting what happened in Yuechushui's courtyard, and then...then...

He knew that this was a warning from those people, who deliberately let his subordinate come in front of him and let him watch him die.

"Yue Chu Shui..."

Watching his servants dragging away the body of the guard, his heart fluctuated and he murmured his son's name.

Could this good-for-nothing son he had never paid attention to really be so ruthless?

But the fact is that the people he sent really died, and they died in front of him. They died so... miserably!

"Somebody come!"

Gritting his teeth, he tried to calm himself down and attracted people from outside.

No matter what, tonight's dinner must be prepared. Now that this subordinate is dead, he must order others to prepare.

...

"died?"

In Mrs. Yue's yard, she heard a message from her nanny, saying that the guard sent by Yue Chong died not long after returning. Mrs. Yue just raised her eyelids, and there was no trace of surprise in her tone.

"If you die, just bury it."

Grandma: "..."

Doesn't the old lady feel scared? The eldest son poisoned the most powerful person around the family master to death, how cruel this was.

"Old lady, do you...don't care?" she asked.

"What does it matter?"

Madam Yue asked her in return.

Yes, what should she do?

Those people around the head of the family have always looked down upon others. Now that they are dead, they have brought it upon themselves.

Just in time, I would like to remind other people who disrespect the master to let them know that the Yue family is not a place where servants can rely on their own masters to climb on other masters!

"Are you avenging the injustice of the family leader?"

"Well."

Grandma choked at Mrs. Yue's words.

How dare she stand up for the head of the family, especially in front of the old lady?

Who doesn't know that because of the eldest young master's affairs, the old lady is becoming more and more disliked by the family head. Every time someone around the family head makes trouble for the eldest young master, the old lady will blame the family head.

Now, people around the family head dare to climb over the wall and go into the eldest son's yard. However, after hearing this, the family head doesn't want to punish the people around him for being too presumptuous.

The old lady was naturally even more dissatisfied with the head of the family.

Who told the head of the family to do things without thinking?

"I don't dare. I just think that the master of the house is the master of the house after all, and his authority cannot be challenged."

she replied.

"laugh."

Unexpectedly, Mammy's words only elicited a sneer from Mrs. Yue.

authority?

In front of his son, he never has a great image of a father, but he thinks that his authority as the head of the family cannot be challenged?

Men, start a family first and then start a career. If you can't even take care of your own family affairs, how can you start a career?

"Even if there is a dinner party, go and make arrangements. Don't lose Chu Shui's face." She ordered.

Chapter 1965 Come as soon as you come

"yes.

Grandma responded, turned around and went out.

After a while, another nanny came in and leaned towards Mrs. Yue.

"Old madam, the eldest son sent someone to inquire. He said that if you have finished your lunch break, he will bring his guests to greet the old madam," she said.

Hearing this, the old lady raised her eyebrows. She was angry with her son and finally let out the bad breath she had been holding in her heart.

"Those are Chu Shui's benefactors. Without them, Chu Shui would still be nowhere." Maybe he would have turned into a handful of loess.

She didn't say the last ominous words, she just stood up.

"You ordered people to prepare a gift, and naturally I went there to meet him personally. How can I allow my benefactor from the Yue family to come and pay homage?"

When the grandma heard this, she looked up at the old lady in surprise, and then nodded in agreement.

"Yes, old lady, I will make arrangements now."

...

'Ding ding, ding ding ding.'

The bell outside the courtyard door was rang. Yue Chushui, who was talking about Qian Huan Continent with Lin Caisang and others in the courtyard, suddenly turned his head and looked at the courtyard door.

"Who will come here at this time?" he couldn't help but murmured.

If it was a dinner party, it would definitely not be that early, but if someone came to pay a visit, it would definitely be for Sister Sangsang and the others.

Who is the one? His father and Luo Mianyi?

He shook his head, thinking that it must be impossible. Those two people wanted to see them.

That would be...

Suddenly, he was startled and thought to himself, it couldn't be what he thought, right?

Thinking of this, he quickly stood up and looked at Sui Zimo and Lin Caisang.

"Sister Sangsang, brother-in-law, maybe my grandmother is here," he said.

"Um?"

Lin Caisang was dozing off and snorted lightly, but soon she woke up.

"Your grandmother, isn't that Mrs. Yue?"

She blinked, stood up from the chair, and then glanced at Sui Zimo.

"Zimo."

"Don't be anxious, just come when you come."

Sui Zimo didn't care much, he stood up and pulled his wife into his arms.

"For Mrs. Yuelao, we are the benefactors who once saved Chu Shui. It is natural that she has her own reasons for coming to see her in person, and we... can just go out to greet her.

As for Mrs. Yuelao, she is very good to Chu Shui, so we are a family, and there are not so many polite things between families. "

"That's right."

So, Yue Chushui took Sui Zimo and Lin Caimulberry to the courtyard and opened the door.

Outside the door, Madam Yue was standing there accompanied by her grandma. When she saw her grandson, she immediately smiled.

"Grandma, why are you here?"

Yue Chushui stepped forward, supported Madam Yue on behalf of her mother, and asked.

"I heard that guests came to your yard and your father's front yard was busy, so grandma came over to take a look. She also missed you." Mrs. Yue stretched out her other hand and held Yue Chushui's hand on her arm. He patted him and said.

Facing the son who didn't even care about her own son, she couldn't say anything else, so she could only speak more pleasantly in front of the guests.

"Is this Madam Yue?"

Lin Caisang looked at Yue Chushui's ancestors and grandson, and took a step forward.

"It's polite to pick mulberries. My husband and I should have gone to visit you, but I bothered you to come over. I'm really sorry."

"It's nothing."

Mrs. Yuelao looked at Lin Caisang and said with a smile.

Chapter 1966 They are all capable

Her son refused to come. As the old lady of Yueshi, she had to face this, right?

Could it be that Chu Shui really wanted to take Lin Caisang and the others to visit her? That would be embarrassing for them. After all, Lin Caisang was kind to her grandson, and a big favor.

After that, Yue Chushui introduced Lin Caisang and his party to Mrs. Yuelao, and everyone sat together and chatted for a while.

Madam Yue Lao left, saying that she would personally come over to invite Lin Caisang and his party during the dinner later. Sui Zimo and Lin Caisang sent them outside the hospital and came back.

...

The dinner was held in the Qiu Shui Pavilion of the Yuezhi clan.

This is the place where the Yue clan often receives distinguished guests. Of course, Yue Chong was originally unwilling to host the dinner party in Qiushui Pavilion, but Mrs. Yue sent someone to give the order.

Yue Chong almost bit his silver teeth into pieces when he saw people around his mother coming to deliver a message.

"These two unscrupulous people are really evil!"

Isn't that right? The few people who came from the Desolate Continent should be the lowest people in the Qianhuan Continent.

However, Zimo and Lin Caisang didn't know what kind of luck they had at that time. Not only could they cultivate spiritually, but their talent for cultivation was not comparable to that of people from Qianhuan Continent like him.

I just wanted to piss him off to death.

But now, those people had directly killed his subordinates. Before he could let out his bad breath, he had to hold a banquet for those two people at the Qiushui Pavilion, the best place in the Yuezhi clan!

"Mianyi is right, that unfilial son was born to be the head of the family!"

Thinking that his subordinate died in front of him, and was mistakenly thought that he killed him, he felt angry.

And that year, Zimo and Lin Caisang came for Yue Chushui, wasn't it because Yue Chushui defeated him?

"The head of the family..."

Beside, when the guard heard Yue Chong's words, his head was full of black lines.

The unfilial son mentioned by the family master is the eldest son. Is it really because the eldest son was not raised by the family master's side that he would not be kissed no matter how he got him back?

But he has also heard that among other families, the young master was lost. After being found, it was called a favor.

That was the young master who wished he could get all the good things back so that he could make up for the suffering he suffered outside and allow him to live happily at home.

And when the same thing happened to the Yuezhi clan and the family head, why did it change?

The eldest son was thrown into Huanglu, and he definitely suffered as much as anyone else. The head of the family did not feel sorry for him at all. On the contrary, over the past year, it felt as if the head of the house did not have this son in his heart at all.

To be honest, even he, a subordinate, would scold the master of the family in his heart for the eldest son.

I have never seen such a father. Is this still a father?

"The eldest son's friends are all capable. If the eldest son follows them, he will definitely..."

"Shut up!"

Before the guard could finish his words, Yue Chong glared and shouted at him.

"What do you know?!"

He looked at the guard with scarlet eyes.

That person who eats everything, he is his biological father. He is not even close to his biological father, so he has to get close to a few people who are not related by blood. Do you still want him to persuade Yue Chushui with kind words?

This kind of thing that even his own father doesn't recognize, if it weren't for the old lady's protection, he would have kicked him out directly!

Chapter 1967 I'm going to be so angry that I'm going to die.

"Why, do you want to betray my master and go to that unfilial son?"

he asked coldly.

When the guard heard what he said, the skin on his back tightened and he quickly shook his head.

"Master, please forgive me, it was my subordinate who talked too much."

Although he said this, he couldn't help but murmur in his heart: He's not a father and son, but he is the eldest son. How could he betray the family head if he speaks for the eldest son?

This was really a big black pot falling from the sky, and it hit him directly, almost knocking him out.

"It's okay to talk too much, get out!" Yue Chong said angrily.

He didn't want to speak like this to his subordinates, but he was really too angry.

How could he be so angry that his son, who was not close to his father, kept calling an outsider his sister?

When he first found Yue Chushui, he could still understand his son's dependence on Lin Caisang.

After all, it was Lin Caisang who saved his son. He had to repay the favor of saving his life. It was justifiable to call him sister more often.

But, how long has this been going on?

A year has passed, and his son has been found for a year. He still misses Lin Caisang, but he is dismissive of his father who has taken care of him for a whole year.

His heart ached so much just thinking about it, and he wished he could drive Lin Caisang and his party out right now!

However, Madam Yue, his mother was watching over there. As long as he reprimanded Yue Chushui a few times, she would send someone over to teach her, let alone drive him out.

Moreover, no matter what, Yue Chushui is also his son and the eldest son of the Yue clan, so there is no reason to be kicked out.

When the guard heard what he said, he said goodbye and retreated, leaving Yue Chong alone in the study, sulking there and thinking about how to punish this unfilial son.

After a while, he looked at the getting late outside, then left the study, went to his yard to change into clean clothes, and went to Qiushui Pavilion.

...

Outside the Qiushui Pavilion, Yue Chong and Luo Mianyi were preparing to go in when they saw Mrs. Yue, leading Yue Chushui and Suizi Molin, who were picking mulberry trees, walking over from the other end.

"Brother Chong..."

Luo Mianyi was still proud, but Yue Chong didn't go to Yue Chushui's yard to invite Sui Zimo and the others, which meant he didn't give them any face at all.

But before she could feel proud, she saw Madam Yue, and the color on her face suddenly darkened.

She looked sideways at Yue Chong and shouted softly.

Naturally, Yue Chong saw his mother bringing Sui Zimo and the others over. There was no good color on her face, and she was so angry that she was going to die.

He thought that his mother just went to Yuechushui's yard to take a look, but he didn't expect that she actually went to Yuechushui's yard in person and brought the person over. Wouldn't this be embarrassing for his son in public?

"Mother, why did you come here with Chu Shui?"

He walked over quickly without even looking at Sui Zimo, Lin Caisang, Lin Changhong, and Mrs. Wenyue.

Madam Yue was originally talking to her grandson and Lin Changhong. When she heard her son's voice, her face suddenly turned cold, and she raised her eyes and glanced at Yue Chong.

"Chu Shui is still young. If he has guests in the yard, it is natural for the elders of our Yue family to greet them, so that everyone can know the etiquette of our Yue family."

she said.

Chapter 1968 Instructed by Sui Zimo

Yue Chong: "..."

This is his biological mother, and she actually scolds his own son in front of several outsiders?

Lin Caisang and his party: "..."

Mrs. Yue is so courageous, she can even refute her own son like this.

However, this guy Yue Chong is really not a good thing. How can he pick up his own son, throw it directly into the backyard, and continue to live his happy life like a normal person?

Moreover, seeing others treat Chu Shui well, but still feeling that they shouldn't, is this still a father?

"Master Yue, we meet again.

Lin Caisang looked at Yue Chong with her beautiful eyes without blinking, and said with a faint smile on her lips.

"You...uh."

Hearing the voice, Yue Chong looked at Lin Caisang, originally wanting to rant.

But I don't know what's going on. Just when I thought about talking, I felt my throat tightened, as if something was stuck, and my whole face suddenly turned red.

He gritted his teeth, and after a while, he was sure that the pressure on him came from the man next to Lin Caisang, Sui Zimo!

Subconsciously, he swallowed.

He has seen this man before, but although he was powerful before, he still didn't have such pressure. How come now, a young man who is younger than him by who knows how many years is able to give himself to...

Almost immediately, he figured it out. The spiritual power hidden in the previous letter, which injured him for many days, came from this man!

"Miss Lin, I haven't seen you for more than a year. Are you okay?"

After enduring it, he still had to wipe his face and spoke to Lin Caisang in a pleasant manner.

Beside her, Luo Mian noticed that her husband was so easy to talk to Lin Caisang and the others, and his face was extremely dark, so he couldn't help but reach out and pull Yue Chong's sleeve.

These people came from the Yuezhi clan, and they had bad intentions at all.

Maybe he came to help Yue Chushui and snatch the position of young master. Otherwise, how could the people sent by Haibo Kingdom keep calling Yue Chushui the young master?

This must have been instructed by Lin Caisang and Sui Zimo, right?

On the other side, Mrs. Yuelao also glanced sideways at the man next to Lin Caisang.

Her grandson introduced her to Lin Caisang's husband, and her grandson called him brother-in-law.

But Sui Zimo didn't say a few more words to her. He just called her out on etiquette. Lin Caisang was talking about the rest. Sui Zimo had almost become invisible. Like Lin Caisang's shadow.

She never expected that such a man who seemed to have a strong sense of presence, but was easily ignored when he was with Lin Caisang, could actually use his cultivation to coerce and scare away his son. .

He is just a young man, but he is so powerful. His future will definitely be limitless!

"everything is fine."

Lin Caisang replied with four words calmly.

As for Yue Chong, she didn't want to talk to him at all, especially after learning from Chu Shui that Luo Mianyi was not his biological mother at all, and that she might be the person who caused his mother's death.

She had no good impression of Yue Chong at all.

She didn't believe that Yue Chong, as the head of the Yue clan, really didn't know anything!

Chapter 1969 Provoking gossip

"As long as everything is fine.

Yue Chong felt very embarrassed and realized that he had been frightened by a young man.

"Miss Lin..."

"Father, my sister has married my brother-in-law."

Yue Chushui spoke up and reminded his father.

"Brother-in-law's surname is Sui."

Hearing this, Yue Chong and Luo Mianyi were both stunned.

Because before, they only knew that the man next to Lin Caisang was named Ya and Mo Lian, but why did this man change his surname in just one year?

However, this had no impact. Yue Chong was only slightly surprised, but quickly recovered, raised his brows, and spoke to Lin Caisang.

"Mrs. Sui, how long do you plan to stay in Qianhuan Continent this time?"

he asks.

After hearing his words, Madam Yue opened her mouth, really furious.

He was so impatient to drive people away, and when they just arrived, he asked them how long they planned to stay. What did that mean?

They are such a big Yue Yue clan, are they still short of sleeping space for a few people, or are they short of food for a few family members?

If there were no outsiders, she really wanted to slap this stupid son in the face. Her son really wanted to go down a dark road to the end, didn't he?

"When you come to Qianhuan Continent, if there is nothing important, you should stay for a few years, or even longer. There are some things to do. Lin Caisang said something, and looked sideways, as if he meant something. A glance at Yue Chushui beside him.

Seeing this, Luo Mianyi almost couldn't hold back her breath and rushed over.

Fortunately, she knew what the occasion was and didn't really curse out loud. Otherwise, she knew that the old lady would never give her a good look.

However, she felt really sick.

Do these people still know whose territory they are stepping on?

She even wanted to live in the Yuezhi clan. Did she allow it? Did Yue Chong allow it again? This is the Yue clan, not the Lin family!

"Mrs. Lin... Sui means that you want to live in Chu Shui's courtyard?"

She suppressed her anger and asked aloud.

Hearing this, Lin Caisang didn't speak, but just raised his eyebrows at her.

Do they really think that the Yuezhi clan is a good place to be? If this wasn't Chu Shui's home, would she come?

Haha, you really think your face is so big!

However, although Lin Caisang didn't say anything, Luo Mianyi automatically regarded Lin Caisang's silence as acquiescence, and she became even more angry.

"Mrs. Sui, please forgive me for speaking frankly. After all, Chu Shui is not your biological brother. You and your group cannot live in Chu Shui's yard all the time. This will easily cause gossip to Chu Shui."

Angry in her heart, her words naturally became rude, and she spoke directly to Lin Caisang.

"I am Chu Shui's mother. Naturally, I have to take Chu Shui's reputation into consideration and cannot let his reputation..."

"It turns out that Mrs. Yue is worried about Chu Shui, how rare it is!"

Luo Mianyi's words were directly interrupted, and the person who interrupted her was not Lin Caisang, but Lin Changhong.

He really couldn't look at this couple anymore. It was really too much. Did he really think that they knew nothing and how they had treated Chu Shui in the past year?

At the end of the day, he actually told them that he cared about Chu Shui's reputation?

Are you trying to laugh their big teeth off? Whatever good or bad things they say together are all said by this couple. As long as they say and do it, it is all right?

Chapter 1970 It was all intentional!

"you--"

With just one sentence, Luo Mianyi was so shocked that her face turned red and she couldn't say a word.

After all, she could tell how she had treated Yue Chushui over the past year, and how the Yue clan was pulled out individually. She couldn't hide it even if she wanted to.

What's more, there was still a month of Chu Shui lying there. Could she still seal his mouth?

Thinking of this, she secretly regretted in her heart, why didn't she show off on the surface and treat Yue Chushui better?

She was directly treating Yue Chushui badly, and everyone in the Yue clan was watching. However, as long as she cared about Yue Chushui openly and was seen openly, even if she secretly wanted to kill Yue Chushui, Chu Shui, no one would doubt her.

Gee, why didn't she think of this before?

"Haha, Mr. Lin is joking. Chu Shui is my wife's son. Naturally, I am worried about Chu Shui." She forced herself to put on a smile and said to Lin Changhong.

Madam Yue: "..."

I have to say that Luo Mianyi was a perfect match for her son. They were both so shameless!

Although she felt a little uncomfortable using 'shameless' to describe her son, she really couldn't find a more appropriate adjective.

"Okay, you two can just say less. Don't you think it's embarrassing enough?"

She spoke up and scolded Luo Mianyi.

"Mother, I..."

Luo Mianyi didn't dare to be too careless when it came to Madam Yue. After all, the power of running the family was in Madam Yue's hands. If she wanted to get the power of running the family into her own hands, she had to please Yue. The old lady is.

"Mrs. Yue is too worried. I never said that the president lives in the Yue clan. Madam Yue should not use the heart of a villain to get into the belly of a gentleman."

Just when she was about to explain, she heard Lin Caisang's voice ringing in her ears.

Luo Mianyi: "!"

She can now be sure that this Lin Caisang did it on purpose!

I deliberately wanted to see her embarrassed!

At this moment, she really wanted to kill Lin Caisang. How could there be such a hateful woman?

"Mr. Sui, Mrs. Sui, please come in."

Mrs. Yue Lao ignored her son and daughter-in-law and led Lin Caisang and his party in.

Behind her, Luo Mianyi gritted her teeth and stared at the backs of the group of people. She was so angry that she wanted to chop them all with one palm, but unfortunately, she knew she didn't have that ability.

Even if she can kill others, there is still Mrs. Yuelao, her mother-in-law!

"Brother Chong, these people are really too presumptuous. Are we really going to let it go?" She looked at Yue Chong unconvinced and asked.

Hearing this, Yue Chong also took a deep breath.

How could he not know that those people were too presumptuous and arrogant?

But what can he do?

Only he knew that he had been shocked by the aura emanating from Sui Zimo just now.

Before, he thought that those people could only hurt him by surprise. As long as they were in front of him, he could suppress those people directly. It would be possible.

But it was only now that he realized that Sui Zimo and Lin Caisang had surpassed him, the leader of the clan, in just one moment.

This speed of cultivation is simply terrifying!

"Brother Chong, we..."
