Chapter 1971 That old immortal thing

"Shut up!"

Luo Mianyi still wanted to speak, but was interrupted by Yue Chong with a dark face. m

"What do you want? Mother is watching over there. Do you want her to know that you want to deal with Chu Shui? Luo Mianyi, don't forget that Chu Shui is also the son of the head of the family, his biological son!"

"I....."

Hearing his words, Luo Mianyi opened her mouth.

She thought that even though Yue Chong kept saying that Yue Chushui was his son, in his heart, Yue Chong must have been despising this son who could not cultivate his spirit and had embarrassed Yue's face outside.

Therefore, she thought that no matter what she did, Yue Chong would only turn a blind eye and would not really fall out with her.

"Brother Chong, I understand. I was mistaken."

She lowered her head and apologized first.

Of course, she decided in her heart that Yue Chushui must have little status in Yue Chong's heart.

She has two sons, and she is a living person. She is the well-known wife of the Yuezhi family.

If Yue Chushui died, would Yue Chong still vent his anger on her over a dead person?

The answer is of course no.

"It's good that you know. Okay, let's go in." Seeing that her attitude softened, Yue Chong couldn't say anything else. After all, he couldn't lose face in front of outsiders.

"good."

Luo Mianyi responded quietly.

However, she has made up her mind in her heart. This time, she will never let Yue Chushui go. Not even Lin Caisang and the others can escape from the Yuezhi clan alive!

How could she let Lin Caisang and the others go if she dared to make her stand down in front of the old lady?

...

In the Qiushui Pavilion.

All the elders of the Yue clan were invited by Mrs. Yue Lao.

When Yue Chong walked in and saw so many people already seated, he cursed his mother to death in his heart.

He just wanted to hold an ordinary dinner party to show off, but the old lady actually invited so many people without notifying him.

If he knew that there were so many people, no matter how much he didn't want to see Sui Zimo, Lin Caisang and his entourage, he would still have to invite them in person and bring them there. There was no way he would let Yue do it just for the sake of his own face. Chu Shui brought them here by himself!

"Brother Chong, how...why are there so many..." people?

Luo Mianyi was also shocked by the scene in front of her. Not only the clan elders came, but also many important figures from the Yuezhi clan's sidelines were invited.

She looked sideways at Yue Chong.

From his face, it was obvious that these people were not invited by him, so it could only be Mrs. Yuelao?

What's going on, is that old immortal thing planning to stand on the other side of Yue Chushui openly, trying to drag a loser into the position of young master of the Yue clan?

Looking up, sure enough, Mrs. Yue Lao and Yue Chushui and the others were talking to the elders of the rich clan. They all had smiles on their faces, and they were obviously having a good conversation!

She gritted her teeth and glared at those people hatefully. How could she allow the position of young master of the Yuezhi to fall to Yue Chushui?

"past."

Yue Chong took a deep breath and became even more dissatisfied with his mother.

He is the head of the Yue clan, but his mother went beyond her and invited so many important figures from the Yue clan.

Chapter 1972 What a mistake

This is not a dinner party for Sui Zimo and Lin Caisang. It is obviously taking this opportunity to give Yue Chushui a chance to show his face in front of everyone.

Although Yue Chushui was also his son, seeing his mother carrying him... no, paving the way for his son in front of him, why did he feel so uncomfortable?

He is still the head of the Yuezhi clan, so he is supposed to do these things.

But unfortunately, his mother did it behind his back.

In his heart, Yue Chong didn't want to admit at all that he didn't like his son and didn't want him to gain power in the clan and suppress his other two sons.

After all, whether it was his mother or the clan elders, Luo Qiuyi was the one who liked her.

Because of this, since Yue Chushui came back, his mother and clan elders have taken special care of him, making him, the head of the family, feel uncomfortable.

Thinking of this, he walked towards Mrs. Yuelao step by step with a sullen face.

"oh."

Luo Mianyi also gritted her teeth and responded, looking at Yue Chushui and Mrs. Yue Lao cautiously with resentful eyes that she wanted to stare at but didn't dare to stare at.

But what she hated even more was Sui Zimo and Lin Caisang!

If these two people hadn't had to cross paths and come to the Yue clan to see Yue Chushui, how could Mrs. Yue take this opportunity to make Yue Chushui look good?

The food Yue Chushui eats and uses in the Yue clan is all good. Why should a sister who is not related by blood come to the Yue clan to meddle in the family's business?

Thinking about it, she looked at Lin Caisang's back with hatred in her eyes. When she saw another person standing next to Lin Caisang, her face suddenly turned dark.

"Ze'er, what are you doing here?"

Quickly walking over, she pulled her son Yue Tianze to her side and asked with displeasure on her face.

"Mom, what are you doing?"

Yue Tianze had just chatted with his eldest brother's sister for a few words when his own mother disturbed him, and his face suddenly felt awkward.

Moreover, he looked sideways at his grandmother and several clan elders who were casting dissatisfied glances at him and his mother, his heart thumped even more, and he secretly said something bad.

Even he, the son, felt that his mother's attitude just now was too bad, let alone the clan elders.

"What do I do, I still want to ask you, you..."

"Mother!"

Luo Mianyi was extremely angry, but before she could finish her words, she was interrupted by Yue Tianze.

"Grandma and the clan elders are here. I'll talk to them. Is there any problem?"

He glanced sideways at the others, then lowered his voice and spoke to Luo Mianyi. However, even though he lowered his voice, he controlled the volume so that both his grandmother and clan elders could hear him.

Otherwise, I don't know what grandma and the others would think.

"Well!"

Luo Mianyi's words were stuck in her throat when her son said this.

With a red face, he gritted his teeth and looked at Mrs. Yue Lao and the clan elders. When he saw that they were looking at him with cold faces, he suddenly shrank his neck in fear.

When she saw that Yue Chushui and his sister were accompanied by so many people, and even her son had to smile at them, she felt angry, so she couldn't care about anything and rushed out.

Why did you forget that Mrs. Yue and the clan elder are all standing here?

It's really such a mistake.

Chapter 1973 Can he cultivate his spirit? !

"What did you kid say? Mother just wanted to ask you, where is Hao'er? When you came over, didn't you bring Hao'er over?"

She rolled her eyes twice, and finally came up with an excuse and said to Yue Tianze.

Seeing that his mother had already said this, Yue Tianze was too embarrassed to expose it any more, so he could only turn his head to the other side and click.

"Hao'er is over there. He said he was hungry. He wanted to eat something first and then come over."

Luo Mianyi looked in the direction of Yue Tianze, and sure enough she saw her youngest son over there. The servants beside him were holding several plates and eating. Her face suddenly felt hot and flushed.

"Why."

Mrs. Yuelao looked at Luo Mianyi, sighed softly, and then looked at the clan elders and the others.

"Second brother, where did we just talk? Oh, can the forest in the Jin family be opened?"

She really didn't like this daughter-in-law, but her stupid son didn't like her favorite Luo Qiuyi. If she had to like this family troubler, what could she do?

It's also her fault that she didn't investigate for a while, which gave Luo Mianyi an opportunity.

It's too late to say anything now.

"Yes, the Baiyao Forest is open. The head of the Jin family has contacted several major families before, thinking that the children of the families can go there to experience it. No, I have just been notified.

The rich man said to Mrs. Yuelao, and then glanced at Yue Chong who had already walked to their side.

I also sighed softly in my heart, feeling that Yue Chong, the head of the family, was really worthless. When the head of the Jin family contacted the major families, the other families contacted the head of the family, but when they came here, they contacted him. The elders of the rich clan, and Mrs. Yue.

"That place is much better than the place we went to at Yuzun Academy last time. Tianze, the place you and your elder brother went to last time was quite dangerous, wasn't it?"

He said and looked at Yue Tianze.

Yue Tianze was staring at his own mother there. When he heard the rich man's words, he quickly came back to his senses and looked at him.

"It's not dangerous. Big brother is here. He can stand up to several of me."

He said honestly.

He secretly muttered to himself: I'm afraid none of them can compare to his eldest brother. It seems that he will have to work harder in the future to make himself stronger.

Hearing this, the rich man raised his hand with relief and patted Yue Chushui on the shoulder.

"It's a great thing that Chu Shui can cultivate spirits, and it's also a great blessing for the Yue family."

Over there, Luo Mianyi was so angry because of her son's words of praise for Yue Chu Shui that she suddenly heard a rich man say that Yue Chu Shui could cultivate the spirit. She was so shocked that she almost jumped up.

"What? He can cultivate spirits?!"

I was so shocked that I naturally didn't know what to say. I just raised my finger and pointed at Yue Chushui and shouted.

"Daughter-in-law A Chong, Chu Shui is able to cultivate spirits. Why do you, the mother-in-law, sound so unhappy?" Seeing Luo Mianyi's expression of wanting to strangle Yue Chu Shui to death, the elder of the two tribes immediately pulled her back. Face came.

The wealthy elder glanced sideways, glanced at Yue Tianze, and said to himself: This child is quite capable of carrying things.

After all, they heard Yue Tianze mention it just now, and Yue Tianze already knew it when they went to practice together.

That was what happened before. Yue Tianze actually didn't say anything to his mother, which shows that Luo Mianyi's hostility towards Yue Chushui has been seen.

That's why I didn't say it.

Chapter 1974 Destroyed

"Well.

Luo Mianyi choked hard at the words of the elder of the two clans, and secretly screamed something bad.

"Second clan elder, you...what are you talking about? I'm just worried about Chu Shui's health. He couldn't practice spiritual cultivation before, and I don't know what kind of forbidden skills he shouldn't practice. Now...I'm not I'm worried that Chu Shui will break the rules of our Yue clan."

She hurriedly found a reason for herself, but she already cursed Yue Chushui half to death in her heart.

This stinky boy was able to cultivate his spirit without saying a word. No wonder the old lady, an old immortal, would pull the person out openly. It turns out that she felt that Yue Chushui had the ability to protect herself, didn't she?

"The rules of the Yue clan cannot be broken by the eldest son alone. The veteran of the second clan withdrew his cold eyes and no longer looked at Luo Mianyi, but looked at Yue Chushui with relief.

"It's a good thing that the eldest son can cultivate his spirit. We must celebrate it."

"Um."

Mrs. Yue nodded, with a smile on her face.

"Mianyi, I will leave this matter to you. Before the Jin family's forest is opened, please invite all the family heads in Yunxia City to come and sit down. Mianyi, can you handle this matter well?"

She looked at Luo Mianyi and asked quietly.

Hearing Mrs. Yuelao's words, Luo Mianyi almost wanted to bite her good teeth into pieces.

She was still celebrating, but she wished she could kill Yue Chushui directly, and also invited so many people in Yunxia City to come and make Yue Chushui look good?

She couldn't swallow this breath, and she couldn't say anything in response.

However, it was impossible not to respond. She could only endure the discomfort in her heart and forced herself to show Mrs. Yue a smile that was uglier than crying.

"Mother is right. Chu Shui can cultivate his spirit. That is a major event for our Yuezhi clan. We should invite the heads of the clans to come and celebrate together."

God knows how she forced herself to say these words. She really wanted to give Mrs. Yue a big mouth at all costs and let her know who should be in charge of this family.

But, she didn't dare.

She knew very well that she would never end well with Mrs. Yue.

"Well, as long as you can handle it."

After Mrs. Yue finished speaking, she ignored her and turned around to continue talking to the elders of the big clan and the elders of the second clan.

And here, Yue Chong was also shocked when he heard that Yue Chushui could cultivate spirits.

He never expected that Yue Chushui, who had been unable to cultivate his spirit after several blood sacrifices, would actually start cultivating his spirit. However, he had been hiding it from him as a father. Did he not want him to know?

From the corner of his eye, he glanced at Sui Zimo and Lin Caisang, who were standing diagonally across from him, and he understood clearly.

Sui Zimo and Lin Caisang are both older than Yue Chushui, but they are still able to cultivate spirits. Thinking about it, Yue Chushui is with them, so it is not normal to be able to cultivate spirits.

It's just that he didn't think of it before.

I sighed softly in my heart. Although this son was able to cultivate spiritually, he was still alienated from him.

Seeing that Luo Mianyi hates Yue Chushui so much, and targets him in everything, even in front of the rich elders, it is uncertain how Yue Chushui will hate Luo Mianyi in the future.

Perhaps, even Yue Tianze and Yue Tianhao already hate him.

If the position of the young master of the Yue clan is handed over to him in the future, I'm afraid it won't work. He can't let the foundation of the Yue clan be destroyed in the hands of Yue Chushui.

Chapter 1975 What would you like if I knew?

Therefore, in the future, the position of young master of the Yue clan must still be given to Yue Tianze and must not fall into the hands of Yue Chushui.

only.....

He raised his eyes and glanced at his mother, whose smile never faded because she knew her grandson could cultivate his spirit. He gritted his teeth and felt that he should have a heart-to-heart talk with the old lady.

...

"Please note this to my wife, if you mess up this matter, I will kill you!"

After the dinner, Luo Mianyi quickly returned to her yard and threatened the most powerful nanny around her.

Yue Chushui, the eldest son of the Yue clan, must not be kept by her anymore. Now that Mrs. Yue is in the clear, she has no scruples and stands directly behind him to support him.

And her son, at some point, was bribed by Yue Chushui!

"Madam, isn't this... bad? If the old lady finds out, we can..."

"Shut up!"

Before Mammy could finish her words, she was interrupted by Luo Mianyi.

It was because she had been suppressed and timid by the old immortal that she had never been able to get rid of Yue Chushui, leaving this scourge behind.

Now that it's time to get rid of him, do we still want to keep this scourge to kill her in the future?

Of course she has to think about herself. If she doesn't care for herself, she will be punished by heaven and earth!

"Listen to me, madam. Between you and Yue Chushui, only one can live. You choose it yourself.

She threatened her mother in a cold voice.

"Yes, yes, madam, I will definitely handle this matter well."

Mammy swallowed, feeling extremely frightened. She knew exactly how cruel Madam's heart was.

So she had to handle this matter, but how could those distinguished guests be able to kill them even if they wanted to? That was someone even Mrs. Yuelao and several clan elders respected.

With a sad face, she turned around and went out, her heart trembling even more, imagining that her future fate would definitely not be good.

...

On the other side, Yue Chong sent several clan elders away, and when the old lady was happy, he sent her back to his yard, and even directly treated the Yue Chushui that sent the old lady back as a plague. Just drove away.

"What are you doing?"

Mrs. Yue watched her eldest grandson being driven away and frowned at her son.

"Mom, did you know about Chu Shui's spiritual cultivation early in the morning?"

Yue Chong did not answer his mother's words, but found a seat next to her, sat down, and asked in a bad tone.

Hearing this, Mrs. Yue Lao, although she didn't show it on her face, was extremely disappointed with her son in her heart.

His son is able to cultivate spiritually. As a father, his first thought is not to be happy for his son, but to question his mother, is there anything that is hidden from him about his son being able to cultivate spiritually?

Is this still considered a father?

"What would you like if I knew?" she asked with a cold face.

Yue Chong choked at his mother's unkind words, and his whole body felt bad.

"Mom, do you really know?"

There was a hint of anger in his words.

Co-author In this family, he is the one who is excluded, isn't he?

But they must not forget that he is the head of this family, the master of this family. Do these people take him as the head of the family seriously?

Chapter 1976 What does it mean? !

"Mom, how could you hide such a big thing from me? How will Ze'er cope with Chu Shui being able to cultivate his spirit so suddenly?"

Madam Yue: "..."

Chu Shui can cultivate spirits, but what does it have to do with Tianze?

"What's wrong with Ze'er? Does Chu Shui's ability to cultivate spirits cause anything to Ze'er?"

She asked, pretending not to know.

"Mom, do you really not understand?"

Yue Chong's face showed some pain as he looked at his mother.

"Ze'er is the future young master of the Yue family. If it is rumored that Chu Shui, the eldest son of the Yue family, can cultivate spirits, even if Ze'er becomes the young master, it will be difficult for the Yue family to move forward.

Shouldn't you be very clear about this? "

"Then what do you mean?"

Mrs. Yue looked at his face and asked him back.

"Do you mean that Chu Shui should have destroyed all his spiritual power for Yue Tianze, and then let you, an unscrupulous father, and Luo Mianyi, an even more unscrupulous stepmother, be bullied to death? ?"

She questioned Yue Chong word by word.

"Well."

Yue Chong choked at his mother's words, and his face suddenly turned red.

"Mom, Mianyi is also Chu Shui's mother, she won't..."

"shut up!"

When Mrs. Yue heard what he said, she was so angry that she threw the teacup in her hand at her son.

Yue Chong was startled, raised his hand and swept the tea cup that was coming towards him to the ground, swallowing secretly.

His mother was really angry, but he didn't feel like he had done anything wrong.

"Mom, as the eldest brother, Chu Shui should think about his second brother..."

"For the sake of you, you are such a heartless thing. How dare you say such things? Who do you think you are in Chu Shui's heart?!"

Madam Yue was so angry that she was forced to speak incoherently by her son.

"I....."

Yue Chong opened his mouth, but didn't know how to reply.

Of course he knew that he was nothing in Yue Chushui's heart, but his mother's words were too unpleasant, weren't they?

"Mother, what are you talking about?"

He frowned, looking at his mother with disapproval in his eyes.

"Human words!"

Mrs. Yue was so angry that she replied with two words.

Then he glanced at the tea cup that fell to the ground, took a deep breath, and waved away the nanny who wanted to come in and clean it.

"Yue Chong, Yue Chong, you are really a father in vain. It's not like you haven't seen how that woman Luo Mianyi has treated Chu Shui for more than a year, but what did you do?

As if you can't see it, let Luo Mianyi bully your own son, embarrass him in every possible way, belittle him, and even seduce others to go against Chu Shui. Do you really treat Chu Shui as your own son? "

Yue Chong listened to his mother's words, but he was also very unconvinced.

"Mom, you said that I never treated Chu Shui as my own son, but what about him? How could he ever treat me as his own father?"

A slap can't make a difference. If Yue Chushui treated him as a biological father and was filial to him, would he treat his own son like this?

This is not something Yue Chushui did himself, so what does it have to do with him?

"you--"

Mrs. Yue was really angry when she heard what he said.

"Okay, that's very kind of you."

She shook her head, the disappointment in her eyes was already so obvious, but unfortunately Yue Chong didn't notice it at all, and still felt that she had done nothing wrong.

Chapter 1977 You don't deserve to be called daddy by Chu Shui!

"You said that Chu Shui never regarded you as his father, then let's talk about it."

"Mom, what do you want to tell me?" Yue Chong asked with a cold face.

"What am I going to say? Haha."

Mrs. Yue sneered a few times, raised her eyes and looked at him seriously.

"At the beginning, when Chu Shui first returned to the Yueshi clan, he was completely unfamiliar with the people in the clan, and there was no one around him to take care of him. Have you ever thought about or done something for him?"

"It's not that Mianyi arranged so many people for him, it's because he didn't want them, so he kicked them out." Yue Chong blocked them with words.

Luo Mianyi originally sent many servants to Yue Chushui's yard. Not long after, Yue Chushui kicked them all out, including the people he sent and the people sent by the old lady. Never left.

This is known to the entire Yuezhi clan.

"If those people were really used, would Chu Shui still be alive?" Madam Yue asked him sternly.

As for the people Luo Mianyi arranged to enter Chu Shui's courtyard, which one had good intentions and really went to serve Chu Shui's master?

"As for those people, even if Chu Shui is willing to stay, I will not let those people stay in Chu Shui's yard. There are just a few more corpses on the left and right." She said to her son in a calm voice.

"Mom, you..."

Yue Chong was surprised when he heard Mrs. Yue's words.

"Even if Mianyi really has...some intentions, as Mianyi's child, Chu Shui, how can he doubt his own mother?"

This was what he was most dissatisfied with about his son. As a son, he would actually suspect that his mother wanted to harm him. How could someone with such serious suspicion be the young master of their Yuezhi clan?

"Ah."

Mrs. Yue sneered.

"Do you think Chu Shui really believes that that woman Luo Mianyi is his mother?"

"Mom, what do you mean?"

Yue Chong was frightened by his mother's words.

Could it be that Yue Chushui never believed that he was Luo Mianyi's son from the beginning, so he sent all the people in his yard away as soon as he returned to the Yue clan.

It's because Yue Chushui doesn't trust anyone in the Yue clan, including his father.

"Okay, that's it for what we said, you don't have to pretend you don't know anything." Mrs. Yue said to her son.

"Your mother-in-law, Mrs. Luo has always loved Qiu Yi. How could she let Qiu Yi die without anyone to visit her grave? You take Luo Mian Yi too seriously.

Furthermore, just by the way Luo Mianyi treats Chu Shui, everyone would doubt whether she is Chu Shui's biological mother. What's more, Chu Shui grew up beside Mr. Sui and Mrs. Sui.

Do you think that he is really still a child who knows nothing and can be treated as you please?

Haha, you have really beautiful thoughts. You don't want to give anything, but you just want Chu Shui to pour out his heart and soul to you and say something ugly. How about you? Matches it too! "

"Mom, you...how can you say that? I am Chu Shui's father!" Yue Chong said angrily.

"If my father doesn't act like a father, he doesn't deserve to be called daddy by Chu Shui!" Mrs. Yuelao said lightly.

Yue Chong: "..."

After all, is he still his mother's son? Why has his mother no longer paid attention to him since he had Yue Chushui?

Chapter 1978 No benefits

Sure enough, that unfilial son Yue Chushui was born to defeat him!

"Yue Chong, you have lost the hearts of so many people because of that woman Luo Mianyi. Do you still want to disown your own son?"

Madam Yue looked at him and asked sadly.

"Or, do you want Chu Shui to disown you as his father? That's right, isn't it like this now? In Chu Shui's eyes, you don't exist as his father at all, as if you don't exist.

You, you, aren't you afraid that when dreams come back to you at night, the soul of autumn will come to you to settle the accounts? "

"I....."

After hearing the word Qiu Yi, Yue Chong felt a little guilty.

But after all, Luo Qiuyi had been dead for many years, and he also had Luo Mianyi as his wife, but he felt guilty for a moment and then stopped feeling.

"What accounts does she have to settle with me? Can she still handle it after giving birth to such an unfilial son?"

"you--"

Mrs. Yue was so angry that all the veins on her forehead were exposed.

"Yue Chong, do you really think that no one knows how Qiu Yi died in the first place?"

She lowered her voice to the last five words so that only she and Yue Chong could hear them, and her face turned even more ugly.

"Mom...what are you talking nonsense about?

When Yue Chong heard this, he suddenly felt bad and stood up.

"snort!"

Mrs. Yue snorted coldly.

"Do you really think that your wife has not been able to get any benefits from her natal family all these years? Do you really not understand the twists and turns here?"

she questioned.

"I....."

Yue Chong opened his mouth, but no words came out.

Naturally, he had already made some assumptions in his mind. He was afraid that there was something fishy about Luo Qiuyi's death, and Mrs. Luo had noticed it.

So over the years, Luo Mianyi tried his best to go to her parents' house to catch the autumn wind, but she couldn't get any benefits. Even Mrs. Luo told her daughter Luo Mianyi bluntly.

It was said that all the things in her hands, except those left for her son, were all left to Yue Chushui.

Even at that time, no one knew that Lin Tianyu had been transferred. Luo Mianyi was very kind to Lin Tianyu, and Mrs. Luo didn't give her anything.

Thinking about it now, he couldn't help but wonder whether Mrs. Luo had suspected it early on and believed that Lin Tianyu was not Luo Qiuyi's son, so she didn't even give Lin Tianyu anything.

In fact, Yue Chong really overthought it.

Mrs. Luo didn't give the things in her hand to Lin Tianyu. She just saw that Lin Tianyu was too dependent on Luo Mianyi as his mother, and felt that even if the things were in Lin Tianyu's hands, they would only fall into Luo Mian's hands. In your hands.

Therefore, she kept it for a few more years, thinking that when Lin Tianyu became an adult, she would give her daughter's dowry to her grandson.

How did you know that Lin Tianyu was not yet a child, but it was revealed that he was not a child of the Yue family, but was transferred to a subcontractor?

Of course, Lin Tianyu naturally got nothing.

"Mom, Mianyi didn't do it on purpose. She never thought that Qiuyi would be like this... Mianyi has been feeling uneasy all these years. Besides, she also likes me. You can't let this happen. Just Is this over?"

He took a deep breath and asked his mother.

"Ah."

Mrs. Yue gave a cold snort.

Chapter 1979 A lot of misery

This is really a joke. Luo Mianyi has been busy fighting for the right to run the family from her these years. If she, her mother-in-law, is almost killed, will she feel uneasy?

Furthermore, how did she treat Chu Shui? Are all members of the Yue clan blind?

"Yue Chong, you should be the one who knows best about how Luo Mianyi treated Tianyu before and how she treats Chu Shui now, right? Tell me, Qiu Yi's son, why she is here How different are the treatment of Lin Tianyu and Chu Shui? "

She reminded her son in a cold voice.

When they didn't know that Lin Tianyu was a fake, Luo Mianyi's treatment of Lin Tianyu was so good that she wished she could leave all the good things to Lin Tianyu. She was treated similarly to her two sons.

But how has she treated Chu Shui since he was brought back?

"Mother, Mianyi is not...Mother, what do you mean..."

Yue Chong wanted to say something for Luo Mianyi, but as soon as he started to speak, his face turned green, and then he felt bad all over.

He was secretly frightened when he thought that when Luo Qiuyi and he were in Huanglu, the reason why Chu Shui was exchanged was probably because of Luo Mianyi's hand.

At that time, Luo Mianyi had already taken action against his unborn son?

This is absolutely terrible!

"That mother, mother-in-law, she..."

Mrs. Luo, wouldn't she have thought of this too?

He was secretly frightened. It was no wonder that in the past year, except for Yue Chushui, the Luo family and the Yue family were no longer on good terms with each other, and many business dealings had declined a lot.

He had listened to Luo Mianyi's coaxing before, thinking that Yue Chushui had gotten closer to Mrs. Luo, the grandmother, and had said bad things about him as a father in her ears.

But now that his mother reminded him, perhaps Mrs. Luo was not instigated by Yue Chushui.

Instead, he thought about how Chu Shui's possessions were exchanged. Was there Luo Mianyi's handiwork in this?

"Your mother-in-law is in charge of the entire Luo family." Madam Yue glanced at him coldly and said.

Mrs. Luo is such a shrewd person, what is there that she can't figure out? As for Luo Mianyi's little calculation, even if Mrs. Luo couldn't figure it out at the beginning, it doesn't mean that she hasn't thought of it at all now.

"This... what should I do? Otherwise, mother, you can go to Luo's house to intercede with your mother-in-law?" Yue Chong looked at his mother, with a look of embarrassment on his face, and suggested.

Over the past year, the Yue clan's business in Yunxia City has suffered a lot, which has a lot to do with the Luo clan.

He has been thinking of ways to get angry with his son Yue Chushui because of this.

Who knew that all this was done by that woman Luo Mianyi?

"Shall I tell you? Ha."

Mrs. Yuelao chuckled lightly, and she truly felt that it was a mistake to help this son become the head of the family.

"Yue Chong, you can say it again and let me tell you what love is, eh?"

"Uh, I..."

Yue Chong choked at his mother's words.

Yes, what kind of love are you going to talk about? If you don't talk about it, everyone will just do some mischief secretly, and it won't be a big deal.

But if this matter is really revealed and brought to the surface, can the Luo family still have an easy time with his Yue family?

He himself also knows the current situation of the Yue family.

Chapter 1980 Not born to Mrs. Luo?

Because the news that Yue Chushui was not treated well by the Yue family after she came back spread, all the major families in Yunxia City were dissatisfied with the Yue family. They couldn't stand the fact that the Yue family treated the eldest son of the direct lineage so lightly.

If people knew that Luo Mianyi was not Yue Chushui's biological mother, and that it was she who replaced Yue Chushui.

The consequences would definitely be unimaginable.

"Yue Chong, are you sure you want me to go find your mother-in-law?" Seeing that he didn't say anything, Madam Yue asked him again.

"No, no, mother, you can't go."

Yue Chong shook his head quickly, knowing that this was absolutely impossible.

He was just too anxious and thought things were so simple.

"How about, mother, let Ze'er and Hao'er go find his grandmother? Although the mother-in-law is not good to Mianyi, she is still very good to Ze'er and Hao'er."

He suggested in a low voice.

"Heh." Madam Yue sneered again.

"Yue Chong, do you really think that Luo Mianyi was born by your mother-in-law?"

Hearing this, Yue Chong's face suddenly darkened.

Could it be that Luo Mianyi was not born by Old Lady Luo? But that's not right. Luo Mianyi is Old Lady Luo's daughter, her biological daughter. Everyone says so, including the head of the Luo family. He also...

Suddenly, he thought of Yue Chushui, his son.

People outside also think that Yue Chushui is Luo Mianyi's son, but only they themselves know whose son Yue Chushui is. He is not born by Luo Mianyi at all.

"Mianyi...she really is not..."

If Luo Mianyi is really not born by Old Lady Luo, then things will not be good. For Chushui, her own grandson, Old Lady Luo will definitely not let him and Luo Mianyi go.

"Now you know?"

Old Lady Yue snorted and asked him back.

However, Old Lady Luo raised Luo Mianyi under her knees, and she really was not like Luo Mianyi, who had so many twists and turns and sinister means.

At first, she only took pity on the child of the rebellious Uncle Luo in the Luo family, so she took Luo Mianyi to her knees to raise him. This was a good deed.

How could she have known that she would raise such an ungrateful person who killed her own daughter.

"Why, do you still want to pass the position of the young master to Luo Mianyi's precious son? Otherwise, I will go to talk to the elders tomorrow to tell you what you think, ok?"

"No, no."

Yue Chong had already been scared and broke out in a cold sweat, and hurriedly shook his head.

If things were really as his mother said, then the position of the young master must not be given to anyone other than Chu Shui, especially Yue Tianze and Yue Tianhao.

In the past year, the Yue family has been weak in Yunxia City.

If the Luo family knew that he passed the position of the young master of the Yue family to the son of the person who killed Mrs. Luo's daughter and grandson, then...

Thinking about it, he shuddered unnaturally.

"Mother, you should have reminded me of this matter early in the morning." He looked up, smiled bitterly at his mother, and said. "Humph." Madam Yue Lao snorted coldly and did not reply. Let her tell her stupid son directly? And then let him question Luo Mianyi, so that Luo Mianyi will harm her good grandson for this matter? Her son is stupid, but she is not stupid, and she will not do such a thing that harms others and does not benefit herself.
