

Star of Space 1981

Chapter 1981 Naturally, it is guaranteed

Even Mrs. Luo knew that this matter could not be revealed directly, but she was secretly suppressing the Yuezhi to make Yue Chong understand what the purpose was. How could she make the matter clear?

"Mom, you have been aware of the Luo family's suppression of the Yue family over the past year?" Yue Chong asked again when he saw that his mother was silent.

After hearing his words, Mrs. Yue just glanced at him and said nothing.

She is the mistress of the Yuezhi family. How could she not know about such a big thing happening in her family?

If you really don't know, then just like what Luo Mianyi said, you can hand over the power of running the family, so as not to implicate the Yue clan.

Yue Chong looked at his mother's appearance and knew that his guess was right.

"Mom, what do you think should be done about this matter?"

He looked at his mother with some embarrassment and asked.

Should Luo Mianyi, the wife of the Yue clan, be handed over to Mrs. Luo?

This is of course impossible.

No matter how bad Luo Mianyi is, she is still the mother of his two children. What's more, Luo Mianyi is his wife. If the wrong things she has done are really spread out, what will happen to him as the head of the family? Already?

Therefore, this matter still has to be carried out in secret, so as not to cause too much trouble.

"What do you think should be done?" Mrs. Yuelao asked him.

"this....."

Yue Chong's face was full of embarrassment, and his eyes were wandering around guiltily. After a while, he spoke weakly.

"Mom, after all, Mianyi is the mother of Ze'er and Hao'er, and she is also the wife of the head of the family. If something happens to her, the Yue clan will be covered in dust. If we can save her, we will naturally be safe."

After all, Luo Mianyi had been married to him for so many years, so it was better for him not to add insult to injury too much.

"What you said makes sense." Madam Yue took a deep breath and said.

She didn't care what Luo Mianyi would end up in the end, but she still had several grandchildren, and she had to take care of the Yue clan's reputation, so it was hard to talk about all the dirty things.

And speaking of which, even Mrs. Luo has never brought this matter to light.

After all, Mrs. Luo still cares about the Luo family's face. After all, Luo Mianyi is also from the Luo family.

What's more, there is Chu Shui. The most difficult thing in this matter is Chu Shui. She really doesn't know now. What happened when she decided to put Chu Shui next to Luo Mianyi and recognize her as her mother? Did you do it right or did you do it wrong?

"Even so, mother thinks I'm right, right?"

Yue Chong received the support of his mother and suddenly felt confident.

"Qiu Yi has passed away for so many years. We can't use living people to fill our lives for the sake of a dead person. Come to think of it, if Qiu Yi is still alive, he won't want Chu Shui to be in trouble with Mian Yi. After all, he won't be in trouble anymore. After all, Mianyi is also his aunt."

Furthermore, this is a world where individuals kill each other. Fighting to the death between brothers and sisters is not uncommon, but it is a very common thing.

"What nonsense are you talking about there?"

When Mrs. Yue heard what he said, her expression suddenly turned bad, and she scolded him with a dark face.

"Qiuyi was so blind when he first fell in love with you. You are such a bastard, you are simply not a human being!"

"I....."

Yue Chong was stunned when he heard his mother scolding him.

What happened to him? Did he say something wrong again?

Chapter 1982 It must be Chu Shui's

But obviously not.

Isn't what he said wrong? Luo Qiuyi is already dead, and has been dead for many years. Do we really want to hold a living person accountable for the crime of a dead person?

"Mom, what's wrong with you? Why are you scolding me again?"

After all, he is the head of the family. Fortunately, no one heard this. If the servants heard about it, he would not lose face, right?

"If I don't scold you, you won't know how to wake up!"

Mrs. Yue slapped the table with her palms heavily and looked at Yue Chong with anger on her face.

"Do you think it's natural for Luo Mianyi to kill her sister who loves her so much? Or do you think Qiu Yi's sacrifice for you all these years is natural, even if she goes to the hospital for you? Is death the retribution she deserves?"

"I....."

Yue Chong was speechless by his mother.

Luo Qiuyi has been dead for so many years, he has almost forgotten what she looked like.

However, Luo Mianyi has always been by his side, and so have the two children Luo Mianyi gave birth to. Of course he cares more about Luo Mianyi. What's wrong with this?

"It seems that you really think that the suffering that Chu Shui has suffered over the years is justified."

Just when he didn't know how to say what he thought was right, he heard his mother's faint voice.

"Chu Shui was harmed by Luo Mianyi to such an extent, and Qiu Yi was even harmed to death. You are still here brazenly saying that Luo Mianyi is Chu Shui's aunt. Yue Chong, do you know that if Chu Shui knew this? That's right, Luo Mianyi is his mother-killing enemy!"

"Well."

Yue Chong choked at her words.

Chu Shui has also suffered in these years, of course he knows this.

But, after all, he had two other sons, and Yue Chushui was not the only son. He couldn't just think about Ze'er and Hao'er.

"Why."

Mrs. Yue sighed heavily and looked at her unfulfilled son. She could not see any trace of guilt on his face. Instead, it seemed that the suffering her son suffered was really what he deserved.

"Yue Chong, it seems that you really don't regard Chu Shui as your son, whatever."

"Mom, you..."

"You will not regard Chu Shui as your son, and this matter is not important."

Yue Chong wanted to speak, but Mrs. Yue didn't give him a chance and raised her hand to stop him.

"It's just that the position of the young master of the Yuezhi clan must belong to Chu Shui. If you have other thoughts, then the Yuezhi clan should really have reached its end."

"Mom, why does it have to be Chu Shui? Ze'er's talent is also very good. He..."

Yue Chong also wants to fight for Yue Tianze, who is the heir he likes. As for Yue Chushui, it is okay to be an idle eldest son in the future.

But, how could Mrs. Yue give him a chance?

"He is not Mrs. Luo's direct grandson!" Mrs. Yue interrupted him sharply.

"Yue Chong, do you really think that Mrs. Luo just secretly ordered people to deal with the Yue clan without any cruelty? Is it because of you, your son-in-law? Or is it because of Luo Mianyi, the person who killed her own daughter?

That's because she doesn't want her grandson to have to risk his life to take responsibility for the mistakes you and Luo Mianyi made after taking over the Yue clan. If you don't hand over the Yue clan to Chu Shui, why should she spare the Yue clan? "

Chapter 1983 The reputation is completely ruined!

"Well....."

"How shameless are you? Do you think that Mrs. Luo will forgive you for killing your daughter? If someone kills your son, can you forgive others?" Mrs. Luo didn't say anything to him. opportunity, continue to question.

"Mom, our Yue clan is also a big clan. If we really compete with the Luo clan, we have no chance of winning." Yue Chong thought for a while and reminded.

Hearing this, Mrs. Yue Lao seemed to have been hit in the head with a stick, and she almost died.

Her son has always said that Chu Shui is an unfilial son, but in fact, he is a truly unfilial son and the biggest sinner of the Yuezhi clan!

"Get out of here!"

She pointed at the door tremblingly and shouted angrily at Yue Chong.

Yue Chong was stunned, wondering why his mother got angry all of a sudden even though the two of them had a good conversation.

"Mom, I'm right, the strength of the Luo clan is indeed not as good as ours..."

"Shut up, you beast!"

How could Mrs. Yue allow Yue Chong to continue talking? A burst of spiritual power hit him directly.

"Well."

Yue Chong was beaten up by his mother and looked at her in disbelief.

"Mom, you..." actually hit me?

"You beast, the foundation laid by the ancestors of the Yue clan is just for you to defeat a sinister and vicious woman?" Mrs. Yue ignored her son's look and cursed at him.

"For such a woman, do the Yue clan still have a reputation outside? Have you forgotten how ugly your face was just now when the rich family boss wanted to open the Jin family's forest?

In fact, not only the head of the Jin family is the only one, but which family head in Yunxia City would take you, the head of the Yue clan, seriously? Everyone is trying to avoid you!

And Luo Mianyi, apart from hanging around you every day, which of the other wives of the household would say a word to her?

Do you think, just like Luo Mianyi said to you, that the other wives of the house look down on her and disdain to talk to her because she does not have the power to run the house?

Among the ladies from the Jin family, the ladies from the Zeng family, and other ladies from other families, which one doesn't listen to the old lady? Do they have the power to run the family? We are not living well, everyone is talking and laughing together!

Only Luo Mianyi, no one wants to associate with her, can't you see why? "

She asked Yue Chong sharply.

The wives of other families can see that Luo Mianyi is a deep-minded, vicious and sinister woman, so no one wants to associate with her.

Moreover, after Chu Shui returned to the clan, the wives of those clans became even more hostile towards Luo Mianyi. There was a party going on, and who would be willing to ask Luo Mianyi to go with it?

It was fine before, at least she could speak a few words, but now, Luo Mianyi's reputation is completely bad outside!

"I....."

Yue Chong didn't know what to say, so he could only shut up.

Luo Mianyi often nags in his ear, saying that it's because her mother has never given her the right to run the family, which makes her unable to hold her head up outside.

He had secretly thought before that he should let his mother hand over the power of running the family. After all, his mother was getting older.

But now...

Perhaps, what the mother said was right. As for Mianyi, let her take care of the two children with peace of mind. She didn't need to worry about these things at home. The mother could take care of them.

Chapter 1984 How dare he take the blame for killing his mother? !

"Mom, the power of running the family has always been in your hands, and it will not fall to Mianyi, so you don't have to worry.

Madam Yue: "..."

Is this what she wants to say?

From Yue Chong's point of view, she had said so much just to gain the power to control the family and not fall into Luo Mianyi's favor?

"Yue Chong, I think you are really...so stupid!"

She shook her head helplessly.

She couldn't help but think in her heart that if Chu Shui hadn't been too young, she would have asked the clan elders to make the decision right now and directly give the title of head of the family to Chu Shui, and there would be no need to appoint another young master!

"I've told you this, if you insist on going against the Luo family for Luo Mianyi, then there will no longer be a place for our Yuezhi clan to have a foothold in Yunxia City. Do you understand?"

"Why?"

Yue Chong naturally didn't understand, and asked his mother innocently.

If really calculated in terms of strength, the Yue clan is definitely no worse than the Luo family. How could it be possible that they have no chance of winning at all?

"Because there are people in the Luo clan who are helping you, and we, with Luo Mianyi's personality and her bad reputation in Yunxia City, no one will be willing to help you!"

Madam Yue said directly to her son.

"Isn't there still you?" Yue Chong turned his attention to his mother.

Luo Mianyi's reputation was not good, but his mother was on good terms with the old ladies of other clans. With her mother's favor, the Yuezhi clan could rest easy in Yunxia City.

"Ah."

Upon hearing her son's words, Madam Yue just gave a cold chuckle.

"If you want me to sell face for that woman Luo Mianyi, don't even think about it. Otherwise, Yue Chong, just give me a slap in the face and let me go to see your father under Jiuquan. Okay, how about it?"

She raised her hand, pointed at her chest, and suggested to Yue Chong.

Hearing this, Yue Chong suddenly stood up from his chair, his face turned pale with fright.

"Mom, you are serious."

He hurriedly bowed to his mother and almost knelt down.

"My son made a mistake, and I hope my mother will forgive me. As for the position of the young master of the Yue clan, it will be decided by my mother, and my son will never interfere again."

Who dares to say anything? He knows very well that the Yue clan has been able to have smooth sailing in Yunxia City these years not because of how well he, the head of the family, has done, but because of the support of the old lady.

How dare he do such an outrageous thing to the old lady?

After hearing Yue Chong's words, Mrs. Yue sighed softly and shook her head.

"You go down. I will invite some clan elders to come over tomorrow to discuss how to decide on the position of the young master of Chu Shui. After the ceremony is completed, it will also save some people from playing dirty tricks behind the scenes."

she said.

"Yes, mother, my son is resigning."

Yue Chong raised his eyes, glanced at his mother, and then walked away backwards.

When he arrived outside Mrs. Yuelao's yard, he moved and realized that his back was soaked with cold sweat.

Turning around, he glanced at the yard again and smiled bitterly in his heart. Why did he come to his mother and suffer this?

Not only was he scolded so badly, he almost scared himself to death.

How dare he bear the crime of killing his mother? !

...

On Yue Chong's side, Madam Yue was almost frightened to death and left in a hurry, while on Luo Mianyi's side, Nanny had already found the killer.

Chapter 1985 It must be a bluff

As soon as the good things she took from Luo Mianyi were placed in the hands of the killer, the nanny left, waiting for the bad news to come from Yue Chushui's yard.

In Yuechushui's yard.

The killers lined up in several rows and looked at Yue Chushui and the others.

"Your stepmother really thinks highly of us, Chu Shui." Lin Changhong raised his eyebrows at Yue Chu Shui and joked.

Did you send so many people to kill them to eliminate them all? You really underestimated Luo Mianyi.

"Sister Sang Sang, you guys take a rest first. Just leave these people to me." Yue Chushui glanced at Lin Caisang, who was smiling softly, and then looked at the killers with light eyes.

Not to mention, these people are really decent. If they were placed among ordinary people, they would be scared enough to want to run away.

But who is he?

In this thousand-fantasy continent where people eat people, he is the only one who eats other people, and no one else can even think of hurting him in the slightest!

"That's not okay."

How could Lin Caisang let Yue Chushui fight the enemy alone?

"Brother, banished, you all go together and get rid of these people as soon as possible."

She looked at Lin Changhong and Ban Jue and ordered.

"good."

Lin Changhong responded and set his eyes on the killers.

The killers were immediately stared at by Lin Changhong and others, and the man on the left of the leader couldn't help but take a step back.

"Brother, these people are not simple. Didn't you inquire clearly when you accepted this mission?"

He wondered if they had taken the wrong mission. These people seemed to be very powerful. Perhaps, there were so many of them who were no match for them.

How could eldest brother take on such a task?

They are killers, and they are in the business of taking people's money and eliminating disasters for them. However, this does not mean that they have to risk their own lives to do things.

"Shut up!"

The leader also felt a thump in his heart, feeling that he had taken the wrong mission.

But how could he admit it?

When he accepted this task, he had already found out clearly that the eldest son of the Yue clan was incapable of cultivating spirits. Even if he had a few more accomplices around him, he would not be able to torture them.

But now...

These people overwhelmed them just because of their momentum.

"They... they must be bluffing and trying to trick us into leaving. Let's all join in and crush them into pulp!"

As he said that, he took the lead and rushed towards Yue Chushui in the previous portrait, hoping to take down Yue Chushui, the eldest son of the Yue clan, first, so that others would take action.

No matter how powerful he is, he doesn't dare to do anything to them.

Lin Caisang: "..."

Are these people really killers?

Well, maybe she shouldn't think that. What she should think is, are these people really killers sent by Luo Mianyi?

This is almost like those ruffians outside. People like this want to kill them. Luo Mianyi really made the most disgusting move.

"Take them down and leave a few alive." Sui Zimo looked at the killers with dark eyes and ordered.

"Yes, Master."

The banished people responded, and in a flash, they passed directly towards those people.

...

After a while.

The wailing all over the yard couldn't stop no matter what.

They didn't kill them, but even so, they beat the killers to the ground.

Chapter 1986 What advice!

Many of the killers' faces were so beaten that they couldn't even recognize their parents. It was so pitiful.

"Tie them all up."

Lin Changhong brought some hemp ropes and handed them to Zhong You and Ban Xue to tie them up.

"Sangsang, what should we do next?"

He looked at his sister and asked.

Although the spiritual power of these people is not very good, if they stand in front of these killers, they are only Yue Chushui who does not know how to cultivate spiritual energy, and some of them who have just started to cultivate spiritual energy.

What they face will definitely be a huge disaster, and they may not even know how they died.

"Of course I'm going to meet the lady from the Yue family for a while." Lin Caisang raised his hand, touched his chin and said.

"Are you going to meet Luo Mianyi?"

Lin Changhong raised his eyebrows, with a look of disapproval in his eyes.

"Sang Sang, although your idea is a good one, with these killers alone, we may not be able to pin tonight's assassination directly on Luo Mianyi's head."

Although he really wanted to beat Luo Mianyi to death with one palm, he also knew that this was impossible.

No matter how vicious Luo Mianyi is, she is still the head wife of the Yue clan. If Luo Mianyi is in their hands, it will be even more difficult for Yue Chushui to be in the Yue clan.

"Even if I can't press it directly, I will make her feel uncomfortable for a while. Luo Mianyi will never want to lose her reputation in this life!" Lin Caisang said directly.

In front of her, he dared to kill Chu Shui, and wanted to kill her and her family Zimo together. This is why Luo Mianyi had the courage. Even Yue Chong did not dare to do such a thing. Come on!

"Sister Sang Sang, I'll send someone to ask grandma to come over." Yue Chushui said.

"Need not."

Lin Caisang stopped him.

"Since Luo Mianyi wants to make trouble, let's show it to her and take these killers directly to Luo Mianyi's yard. I want to see how many killers she will send to me next time to kill me. !"

After hearing her words, several people thought for a while and then nodded.

Going directly there would catch Luo Mianyi off guard, which would also let the Yue clan know that they were not easy to bully even if they were guests.

So, the group of people drove the wailing killer on the road to Luo Mianyi's courtyard.

...

"What?!"

In Mrs. Yue's yard, just as she was about to go to bed, her nanny came to tell her that a group of killers had been caught in Yuechushui's yard.

A group of people, not one or two.

Madam Yue was quite surprised. How could she still feel sleepy at this moment?

"Where are the people?" she asked.

"The eldest son took those killers to Madam's yard." Mammy looked at Madam Yue carefully and said.

The eldest young master and those guests were really bold. Without any evidence, they actually carried the killers and went to the madam's yard to kill them.

Not only that, the eldest young master's sister also ordered the people around her to tell everyone that those killers were sent by the madam to kill the eldest young master. She said it so vividly.

"Old madam, do you want to go take a look and give advice to the eldest young master?" she asked.

"What advice!"

Mrs. Yue gave her a fierce look.

And let her persuade Chu Shui?

Now she wished she could kill Luo Mianyi with one palm. She was so brave, she actually went out to find a killer to kill the descendants of the Yue family!

Chapter 1987 That stupid woman!

"What are you still doing? Why don't you hurry up and dress me up!"

She would not try to persuade Chu Shui, but Luo Mianyi was not a good person, and she was still afraid that Chu Shui would suffer a loss if he faced Luo Mianyi.

"yes."

Grandma responded and hurriedly dressed Mrs. Yue and prepared to go out.

...

On the other side, he has been in the study room, worried about being the young master.

After all, Yue Tianze was the best candidate for the position of young master of the Yue clan that he had taught for many years. Now his mother completely rejected him and wanted to give the position of young master to Yue Chushui, whom he had always despised.

Although both of them were his sons, he was still extremely unhappy in his heart.

But it seems that this matter cannot be changed. His mother is determined to give the position of young master of the Yue clan to her grandson, Yue Chushui. It is difficult for him to refute.

But he really doesn't have a good relationship with his son Yue Chushui.

Therefore, he is worried.

It is definitely not a good thing for him to let a son who is not close to him take the position of young master.

"Why."

He sighed heavily, feeling that this was really the most troublesome thing he had ever encountered in his life.

"Master, something serious has happened."

Suddenly, a guard came in a hurry. He was so panicked that he didn't even look at the road. He stumbled on the threshold and almost fell down.

Yue Chong looked at such subordinates and frowned.

"What are you doing in such a hurry? What happened?"

Ever since his eldest son came back, there haven't been any minor incidents in the family, and every major incident has something to do with Chu Shui.

He regretted it now, why did he have to get Yue Chu Shui back?

"Master, I heard that the eldest son encountered a killer over there, but he was captured by the guests in the eldest son's courtyard." The guard said hurriedly to Yue Chong.

"What?!"

Upon hearing the news, Yue Chong jumped up from his chair.

This late at night, I can't let anyone calm down for a moment. It's all about things in Yuechushui's yard. It's really...

wrong!

This whole year, there hasn't been any trouble in Yue Chushui's yard. Why did Sui Zimo, Lin Caisang and others meet the killer when they came?

Could it be that those people offended someone outside and attracted those killers here?

"Since those killers are targeting them, then don't pay any attention to them and let them deal with it on their own."

Thinking that it had nothing to do with the Yue clan, he calmed down and told the guards to ignore it.

But at this moment, how dare the guard really ignore it? He swallowed secretly and looked at his master.

"Master, the eldest son led several of his guests and the killers to the madam's yard," he said.

"Um?"

Yue Chong was a little confused.

A killer was encountered in Yue Chushui's yard. Why did he bring him to Luo Mianyi's yard?

Suddenly, he thought of a possibility, and his face turned green.

"That stupid woman!"

Without even thinking about it, it must have been done by that idiot woman Luo Mianyi. Otherwise, how could Yue Chushui dare to lead people to Luo Mianyi's yard openly?

"Master, do you want to go and take a look? Those people looking at him are not a good person." The guard looked at his master carefully and asked.

One by one, those people wished that everyone in their Yuezhi clan knew that those killers were sent by Mrs. Luo Mianyi to kill their son.

Chapter 1988 Are there not enough killers?

If this continues, not only the wife, but also the head of the family will be implicated.

"Have you found out whether this was really done by Madam?" Yue Chong gritted his teeth and asked the guard.

In fact, there was no need to ask. He had determined that those killers must have been sent by Luo Mianyi. But what he wanted to know was whether others could find out the relationship between those killers and Luo Mianyi.

"Master, my subordinates have found out that those killers went to the eldest son's yard because of the wishes of Madam Liu," the guard replied.

"Mother Liu..."

Yue Chong murmured the old woman's name, a trace of murderous intent flashed in his eyes.

"Go and don't let Nanny Liu speak again.

He ordered the guards.

"Yes, head of the family."

The guard responded, not feeling at all that Yue Chong had made a mistake in giving this order.

In their eyes, since Nanny Liu was the fault of this matter, she deserved to die. It was her honor to have her take the blame for her master.

Seeing the guards leaving, Yue Chong took a deep breath, straightened his clothes, and prepared to go to Luo Mianyi's yard.

...

"What did you say? You failed. How could you fail?"

Luo Mianyi looked at the nanny in front of her in disbelief, grabbed her collar with one hand, and asked.

She asked Nanny Liu to hire so many killers just in case, fearing that Lin Caisang and the others' good spiritual power would allow them to escape.

That's why she would give up so much money to get so many killers.

But who will tell her why she still failed after finding so many people? Are those people freeloaders? He couldn't even kill Chu Shui for a month!

Those people have only been cultivating spiritually for a short time.

"Tell me, why did it fail? Was it because there were not enough killers? Or was it not strong enough?" She looked at the grandma in front of her and asked.

"Madam, now is the time to investigate whether the killer has done enough."

When Mammy heard Luo Mianyi's words, she was really angry. She looked at her master with a look of bitterness and hatred.

She really has never seen such a caring master. What time of year is it now? She is still struggling with this. She never thought that the matter would get to this point. Wouldn't the eldest son spare her lightly?

"The eldest young master and his guests are coming towards you with the killers. No one can stop them," she said.

"What? Come...towards me?"

Hearing this, Luo Mianyi's eyelids jumped and her whole body felt bad.

"Why did he come to me and what did he do to me? Those killers want to kill him, so let him kill those killers."

She felt a little guilty when she said these words, after all, those killers, but she ordered Nanny Liu to find someone. If there was any mistake in the process, then she would not be able to bear the consequences.

Thinking of Nanny Liu, her eyes lit up.

"Where's Nanny Liu? Where has she gone?" she asked.

"Mama Liu just heard the news. She should go to see the situation now." Mammy thought for a while and said.

If it were her, after hearing such news now, she would definitely hide first, otherwise no one would find her.

Those who are in charge of these big families know very well that if something goes wrong with their master, if they want to be fine, don't they have to take the blame from the people around them?

I guess it will be the same this time.

Aunt Liu, why don't you quickly find a place to hide and wait to die?

Chapter 1989 So the outbreak broke out

"She can hide quickly!"

Luo Mianyi snorted coldly, with a strong murderous look in her eyes.

This nanny Liu is really useless in doing things. What kind of thing is she looking for? She can't even kill Yue Chushui and the others.

Now that he's fine, he actually wants to come to her.

Fortunately, Nanny Liu had already hid out beforehand, otherwise, she wouldn't have known what kind of reasons to find to remove herself from this matter.

"You tell me to go down immediately. There is no Nanny Liu in my yard. Do you understand?" She ordered to the nanny in front of her.

"Yes, ma'am.

Mammy responded and glanced at Luo Mianyi.

She thought to herself, even if she could give the order, Nanny Liu had been a popular figure around Madam before. Who in the entire Yue clan had not seen Nanny Liu following Madam?

Now it is suddenly said that there is no such person, can anyone believe it?

However, she naturally did not dare to say such words, so she could only follow the madam's instructions.

...

Soon, Lin Caisang and Yue Chushui led the killers outside Luo Mianyi's yard.

It was late at night, so the door outside the courtyard was naturally closed.

Since Luo Mianyi dared to send a killer to the door, Lin Caisang thought that she naturally did not have to be polite to Luo Mianyi, the person who wanted her life, so she ordered people to tear down the courtyard door.

Then, under the horrified looks of all the servants and maids in Luo Mianyi's courtyard, he entered the courtyard.

"Why did the eldest master bring so many people here and tear down the courtyard door? Madam won't be angry, right?"

"Isn't something serious happened? Looking at the fierce looks on these people's faces, has Madam provoked the eldest young master again?"

All the maids were whispering and secretly looking at Lin Caisang and the others, as well as the killers who were holding their heads and wailing even when they were being driven to walk.

Of course, they don't think that when the wife didn't offend the eldest son, it was because the eldest son had a good temper. Otherwise, according to their wife's behavior, everyone would faint from anger.

How could it be that the wife's attitude toward the eldest son, the second son, and the third son, both of whom are also the wife's sons, are so different?

Could it be that the eldest son finally couldn't stand the cold treatment of the madam, so he got angry and planned to have a showdown with the madam?

"What do you want to do?"

A nun heard the sound of the courtyard door being demolished and hurried out.

When she saw the courtyard gate lying still on the ground, she was stunned.

Isn't this a bit too violent?

You know, these people are just the eldest son's guests. How can they be so upright and just tear down the courtyard door of the wife of the Yuezhi clan? If this spreads out, wouldn't the Yue clan be laughed at?

"You...you are so unreasonable! You are so presumptuous, so presumptuous!"

She was so angry that her whole body was shaking and she looked up at Yue Chushui.

"My eldest son, you are Madam's son, how can you watch these people bully Madam? Where is your filial piety? Where are they?"

"Filial piety? Haha."

Yue Chushui looked at Nanny and sneered twice.

"Wouldn't it be a pity that my filial piety should be given to those who want to kill me?"

"you--"

Grandma's breath was stuck in her throat and she almost died of anger.

But she knew better that this was done by her wife herself. She was so good, so why did she have to have trouble with the eldest son?

Chapter 1990 Big Trouble

Even if it was really difficult to get through, we would have to wait until those people around the eldest son left before taking action. We would have to make the scandal so fair and aboveboard.

Who can blame this?

"Should you invite Madam Yue out, or should I personally go and 'invite' her?"

Yue Chushui looked at Nanny and asked coldly.

Grandma looked at Yue Chushui and the others with a stiff face, and opened her mouth to ask them to leave.

But I knew better that they couldn't leave just like that. If I drove them away forcibly, I'm afraid it would intensify the conflict and it would be out of control.

So, after taking a deep breath, she turned around and went to Luo Mianyi's room.

...

'Bang!'

There was a sound of a heavy object falling to the ground, causing Grandma Shang to shrink her neck and look at the master in front of her with some fear.

"lady....."

"Let him go!"

Luo Mianyi roared at her grandma.

"That evildoer Yue Chushui is really incredible. With a few people around him, he dares to bully me. Who is he?"

At this moment, she was really going to be pissed to death by Yue Chushui, and she was also going to be pissed to death by her own stupidity.

Why didn't she think of killing Yue Chushui directly at the beginning, but actually let him stay alive on the deserted continent, so that he could have the opportunity to come to her and humiliate her in every possible way!

More than a year ago, when Yue Chong discovered that Lin Tianyu was not his biological son, she should not have shown her arrogance by actively suggesting that Yue Chong go to Huanglu to retrieve Yue Chushui.

Now it's better, she was found back, but it brought her a lot of trouble!

"Madam, be careful what you say!"

Listening to her master's curse words, Mammy felt cold sweat break out from her back.

Now that the eldest son has come to the door, if he hears his wife's words again, the consequences will be really unimaginable.

She had heard that the old lady intended to help the eldest young master become the young master. Otherwise, she would not have invited all the elders of the Yue clan and the heads of the side clans today.

Madam is very passive now. If she doesn't give in anymore, she will lose even more miserably.

"Be careful what you say? What should I say carefully?"

Luo Mianyi snorted coldly. She disdained Yue Chushui from the bottom of her heart and wished that he would die early and be reborn!

"Go out and tell Yue Chushui that if he still wants to stay in this home safely, then get out of my wife's yard, otherwise, I will make it hard for him to eat..." Let's go!

Before the word 'go' could be uttered, another voice was heard outside the door.

"Madam, it's not good, it's not good."

Another nanny ran in in a hurry, and in her haste, she almost fell directly in front of Luo Mianyi.

"What happened again?" Luo Mianyi asked with a dark face.

What could be worse than finding a killer to kill Yue Chushui, only to be discovered? What else could happen to her here?

"Madam, the old lady heard about what happened in the eldest son's yard and learned that he brought people to your yard. The old lady also rushed over now." Mammy said to Luo Mianyi.

"What?!"

Luo Mianyi was quite shocked when she heard that Mrs. Yue Lao had taken action.

If it was just Yue Chushui, even if Sui Zimo and Lin Caisang were included, she would not take it seriously.
