

Star of Space 1991

Chapter 1991 Come and kill me!

After all, she was the wife of the head of the Yue clan, and Yue Chushui didn't dare to do anything to her, and she knew this in her heart.

Therefore, when Yue Chushui brought people over, she could not see them.

But if Mrs. Yue comes here with someone, then she cannot disappear. In the end, she will inevitably reveal this matter, making it impossible for her to deal with it.

"That old immortal thing, it's true that wherever there is popularity, she will be there!" She cursed bitterly.

Speaking of that old man, he must be quite old. Why is he still so unable to sit still? She wants to get out every day, and that old immortal wants to have a hand in whatever happens to her.

"Isn't this lady her daughter-in-law? Why is her heart so biased? What's so good about that idiot Yue Chushui, or what is there about that woman Luo Qiuyi who can compare with this lady?

That woman has long been nothing but a pile of bones! "

"Madam, please stop talking, stop talking." The nanny who was in the room before heard Luo Mianyi's words and was so frightened that she kept trying to persuade her in front of her master.

If you keep talking like this, the old lady will hear these words later, and then it will not be a matter of sending someone to assassinate the eldest son.

According to the old lady's temper, she will definitely make trouble for her and dig out all the bad things she has done over the years. Then she will really not be able to escape.

"Madam, the old lady can't get rid of the sand in her eyes. If she hears what you said, she will..."

"What else does she want?"

Luo Mianyi interrupted her mother's words angrily and asked bitterly.

"She has pushed my wife to this point, what else do you want? If you have the ability, let her kill me!"

"lady....."

The two nuns looked at their master in fear.

Madam, she was stimulated, and she went crazy because of the loss, right? How can you talk nonsense?

"Madam, the old lady will be in the yard soon. You... just go out and wait."

"snort!"

Luo Mianyi snorted coldly.

"I would like to see what they want to do to me!"

Do you really think she is easy to bully? If they can't find the nanny Liu who found a killer to kill Guangyue Chushui, what else can they do to her?

They didn't dare. Even the old lady didn't dare to do anything to her, let alone Yue Chushui and the others. Do they dare to kill her, the wife of the family head, in the Yue clan? Is it true that the Yue clan is vegetarian?

Thinking about it, she lifted her feet and walked into the yard.

...

In the yard, all the killers were kneeling in the yard, waiting for Luo Mianyi's arrival.

However, before seeing Luo Mianyi, they first saw Madam Yue who came in a hurry, and Yue Tianze and Yue Tianhao who came over after hearing the noise.

"grandmother....."

"Grandma knows, Chu Shui, you have suffered, and grandma will definitely make the decision for you!"

Before Yue Chushui could tell Madam Yue these things, he heard Madam Yue's words.

"Thank you grandma."

Yue Chushui gratefully thanked Mrs. Yue.

If the only person he has feelings for in this family is Mrs. Yuelao, if she hadn't protected him, he would have left this family long ago and gone to his own world.

"I am your biological grandmother, so naturally I have to care for my grandson..."

"Grandma, I must have been wronged by my eldest brother. Grandma, you can't just believe my eldest brother's words and just convict my mother so easily. She is the head wife of the Yue family."

Chapter 1992 How can you listen?

Before Madam Yue finished speaking, she heard Yue Tianhao's voice ringing in her ears.

She frowned, turned to look at Yue Tianhao behind her, who was a head shorter than Yue Chushui, and took a deep breath.

"Tianhao, do you think your eldest brother is wronging your mother in this matter?" she asked.

"Of course my eldest brother has wronged my mother."

Yue Tianhao said directly without thinking, and glared at Yue Chushui angrily, as if he had framed Luo Mianyi and was committing a heinous crime.

"Grandma, you know that since my eldest brother came home, he has been against my mother and made trouble for my second brother and me in every possible way. Now that he has gained the power from the outside, he is even more emboldened. He wants to kill my mother for his own good. Overtake the second brother and become the young master of the Shangyue family."

It must be like this. Yue Chushui saw that his second brother was the popular choice for the young master, so he wanted to kill his mother first, and then his second brother.

After he killed two people, he was next.

"Hao'er, stop talking."

Yue Tianze was beside him, listening to his third brother's words, he was really ashamed.

What does it mean that the eldest brother is always in trouble with his mother because of him? Yue Chushui doesn't want to pay attention to them at all, okay?

If my mother hadn't been bullying them several times, how would my eldest brother care about them?

Just like this time, if my mother hadn't done this, why would my grandmother come here? My grandmother is not someone who just listens to her elder brother's words and will convict my mother at will!

Otherwise, the family would have been in chaos since my grandmother had been in charge of the family all these years.

"Why don't you let me say it?"

Yue Tianhao glanced at his second brother, frowning and becoming even more displeased.

"Second brother, didn't mother tell you earlier? If the eldest brother is not close to us, we will be brothers from now on. As for the eldest brother, he can go wherever he falls in love, and we don't have to worry about it... ah!"

Before he finished speaking, Mrs. Yue, who was very angry, raised her hand and slapped her.

Only then did Yue Tianhao realize what he had said. He was so frightened that he covered his face and took a step back, looking at his grandmother timidly.

"Ancestor...grandmother..."

He swallowed a mouthful of saliva and felt a chill coming from the soles of his feet to his forehead.

"You are such a scoundrel, you really dare to say anything!" Mrs. Yue was extremely angry and pointed one finger at Yue Tianhao. She was so angry that she wanted to slap him a few times to vent her anger on her eldest grandson.

But she also knew that Yue Tianhao was still just a child after all, so what did he know?

He only knows how to teach his own mother, so he will do it.

Luo Mianyi, that woman, thought that even if she was not good to Yue Chushui, who was not her biological son, she would forget it, but she didn't expect that she really harmed her own son.

As for what Yue Tianhao said now, fortunately, it was only said at home. If it were said outside, what would happen to the Yue family's family tradition?

"Grandma, the third brother knows he is wrong. Ze'er will teach him well from now on. He will never say such words again, and he shouldn't even have such thoughts." Seeing that his grandmother was angry, Yue Tianze stood up quickly. He came out, pulled his brother to his side, and said respectfully to Mrs. Yuelao.

Then, he turned to look at Yue Tianhao, educating him with a cold face.

"Hao'er, mother said this, but similarly, second brother has also taught you that you can listen to what mother says that you should listen to, but you can't take everything in your heart that you shouldn't. It's like what mother said to you to distance yourself from your elder brother. , how can you listen?"

Chapter 1993 I was so angry that I almost vomited blood

"Second brother, I..."

Yue Tianhao's eyes were red and he felt aggrieved.

He didn't want to hear what his mother said. He used to think that his eldest brother was pretty good.

But today, he brought so many people to bully my mother, and he also wanted to frame her and find a killer to kill him. How could my mother do such a thing?

"Brother, my mother will not find a killer to kill brother, right?"

Yue Tianze: "..."

He wanted to say without conscience that his mother wouldn't do it!

But he really couldn't say this, because he knew better than anyone else that his mother would do such a thing.

After all, his mother had been speaking ill of his eldest brother in front of him and his third brother, and he would always remember the way she gritted her teeth and wanted to bite off a piece of meat from his eldest brother.

"My grandmother is here for this matter. If my mother really didn't do it, my grandmother will give my mother justice."

He could only say this to his third brother.

"grandmother....."

Yue Tianhao looked at his grandmother.

He wanted to say that his grandmother had always favored his eldest brother. Whatever the eldest brother said, his grandmother thought it was right, and now it was definitely no exception.

But in this case, after being slapped, how could he dare to say it out loud?

On the other side, Luo Mianyi, who had just come out of the room, heard her eldest son educating his younger brother, telling him not to listen to her mother-in-law in everything. She was so angry that she almost vomited blood.

She just said, how come her younger son doesn't listen to her recently, but it turns out that it was her elder son who had always been in love with him who taught him!

Thinking of what she had heard before, the clan elders and the others knew that Yue Chushui could cultivate spirits from Yue Tianze. She had thought that they were just talking nonsense. Could it be true?

But why hadn't she heard her son mention it to her at all?

Could it be that he didn't mention it to her on purpose, just to prevent her from dealing with Yue Chushui?

Thinking of this possibility, she secretly gritted her teeth and grudged her stupid son too!

He was deliberately plotting his position as the young master, but he was still thinking about his good deeds. When he was sold, he had to count down the money!

It really pissed her off.

"Ahem, mother, Chu Shui, why do you have time to come to my yard?"

After coughing lightly, she still had to go out and face the people in the yard, trying hard to put a smile that wasn't ugly on her face.

After hearing her voice, Madam Yue and Yue Chushui looked at her at the same time, with no expression on their faces. However, Yue Tianhao shocked everyone again.

"Mom, eldest brother said that you bribed those killers and wanted to kill eldest brother and his guests. Mom, tell me, you have never done this, right?"

Yue Tianhao rushed towards his own mother and spoke beside her at the top of his lungs.

Luo Mianyi: "!!!"

If the man in front of her was not her son, she would definitely slap him!

Lin Caisang, Sui Zimo and others: "..."

This Yue Tianhao is simply a weirdo, he really dares to ask anything.

In front of so many people, I asked them questions directly and without hesitation, which they had to say slowly, which saved them a lot of trouble.

As for Yue Tianze, looking at his brother's back at this moment, all the words in his heart could only be turned into a sigh.

Fortunately, my brother has not been taught a bad lesson by his mother, at least he is still the innocent brother.

Chapter 1994 Didn't you do it?

And Luo Mianyi, no matter how angry she was, had to deny what her son asked.

Immediately, her face darkened and she looked at Yue Tianhao displeased.

"You kid, what are you talking about? Your eldest brother is also my mother's child. How could my mother send someone to kill your eldest brother? Which servant is messing around outside?"

As she spoke, she glanced at Sui Zimo and Lin Caisang vaguely.

It was as if this matter was really a rumor made by someone, and the person who spread the rumor was Sui Zimo and his party who had just arrived yesterday.

"Are you really not a mother?"

After hearing what his mother said, Yue Tianhao naturally believed it, but he still asked one more question.

"Of course not!"

Luo Mianyi said this with absolute certainty, as if she had not done this at all.

"You are my mother's son, how can you listen to other people's nonsense?"

After hearing this, Yue Tianhao thought about it and thought that he could not understand his mother. She was the most kind person. How could she possibly hire a killer to kill her elder brother?

This must be a rumor created by someone else!

"Did you hear that my mother didn't do this? Grandma, you can't let your elder brother unjustly accuse your mother.

Turning his head, he looked at Mrs. Yuelao and the others, crying out for his mother.

When Mrs. Yue heard what her little grandson said, she really took a deep breath and suppressed the anger in her heart.

Does this Luo Dingyi still want to direct this matter to Sui Zimo and his wife? I don't even want to see if she has that ability!

"Luo Mianyi, is it really not you who did this?"

She asked Luo Mianyi in a calm voice.

In fact, this matter cannot withstand investigation at all. The nun who works for Luo Mianyi is not a shrewd one, not to mention the secret guards of the Yuezhi clan are not decorations.

As soon as this matter came out, the people around her had already found out, so there was no need to say anything more.

But now, Luo Mianyi is relying on Yue Tianhao to believe her and is still acting like a monster here. Does she think she will end this matter hastily for Yue Tianhao?

Don't even think about it!

"Mom, this matter really has nothing to do with me. I have never seen those killers."

Luo Mianyi calmed down now. Anyway, as long as she denied it to the end, these people couldn't do anything to her.

"Mom, you can't just believe the one-sided words of outsiders and then doubt your daughter-in-law. Who knows if some people are looking at the many treasures in our Yuezhi clan and want to let these killers get some.

They brought this matter to my head just because they wanted us to use money to settle the matter. You must not fall for those people's evil deception. "

As she said that, she looked at Sui Zimo and his party more openly.

She was really too smart, so she could just blame them for this matter. Since Aunt Liu was gone anyway, it wasn't up to her to say whatever she wanted.

However, Luo Mian's intention was very good, but some people gave up.

"You're talking nonsense. We don't covet your treasures. If the nun next to you hadn't come to us and asked us to kill Mr. Yue Da, how could we have come here?

Although we are in the business of killing people, we never engage in sneaky things. Please stop making false accusations against us! "

After hearing Luo Mianyi's words, the leading killer thought she was talking about them and immediately retorted.

Chapter 1995 I have gained a lot of courage

Luo Mianyi: "..."

She was not talking about them, she was clearly talking about Lin Caisang and the others.

Opening her mouth, she was about to say something about the killers, but she didn't expect that the leader had a bad temper and didn't give her a chance to speak at all.

"Hmph, don't even think about denying it. The nanny who came to see us last night is someone we met early on. We have done work for her several times. She has already said that she is the person next to you, Mrs. Yue. !

Otherwise, with a person who has no identity, even if we borrow a hundred courages, we wouldn't dare to do the murder business for her. "

"you--"

Luo Mianyi's breath got stuck in her throat, and she almost died of anger.

I have never seen people rushing out to seek death like this. Do they think it is a very honorable thing to have sacrificed their lives and killed several people for her?

By telling them about the murder like this, are they afraid that they will die too slowly?

"You are talking nonsense, I have never known you!"

At this time, she could only feebly deny what the leading killer said.

"It doesn't matter if you don't know me. If you have the truth, you can ask the people around you to come out and see if I can find the nanny who gave me the money. When the time comes, don't even think about running away!"

The leading killer struggled, and if he hadn't been tied up, he would have pounced on Luo Mianyi and bit off a piece of her flesh.

If it weren't for the nun beside her who couldn't speak clearly, how could he have underestimated the enemy, and he wouldn't have been arrested.

It's all this woman, it's all her fault!

Therefore, even if he was going to die, he would have to drag her along to die with him!

"I....."

The killer's words were exactly what Luo Mianyi wanted. Anyway, Nanny Liu didn't want her, so what did she have to be afraid of?

But she couldn't let those people get their way so easily. After some pushback, she had to call out the servants and maids again. She couldn't let them see that she was being bullied, right?

However, just when she was about to refuse, Madam Yue didn't give her a chance to refuse at all, and directly gave orders to the grandmother beside her.

"Go and call everyone in this courtyard to the courtyard. I want to see who has the courage to want my life, Chu Shui!"

"Yes, madam."

Grandma responded and sent someone to do it.

"mother!"

Luo Mianyi saw that the old lady really didn't give her any face, and directly asked people to raid her yard. How could she save face?

But no matter how hard it was to save her face, Madam Yue had already spoken, how could she dare to refuse again.

I could only call out Madam Yue bitterly.

And here, Yue Tianhao saw the nanny beside his grandmother leaving, with fear and anger on his face as he stared at Mrs. Yue.

"Grandma, she was wronged. You can't let your elder brother bully you like this, grandma!"

"you shut up!"

Mrs. Yue glanced at Yue Tianhao, and then looked at Yue Tianze.

"Tianze, bring your brother to you!"

"Yes, Grandma."

Yue Tianze took the order, walked to Yue Tianhao, and forced him to take him there.

"Ze'er, I am your mother!"

Luo Mian agreed, reached out and grabbed Yue Tianze's wrist, looking at his son with complicated eyes.

She is Yue Tianze's biological mother. How could he deal with his own mother for the sake of an outsider? What about his filial piety?

Chapter 1996 One-to-one comparison!

Hearing this, Yue Tianze just raised his eyes and glanced at his mother. 69shux.com

"Mom, you really did something wrong this time."

"I haven't done it before, why can't you trust mother like your brother?" Luo Mianyi frowned and said displeased.

Was this son really born to defeat her? She said she had never done it, but he didn't believe it and even helped outsiders.

"Mom, besides the third brother, you can ask everyone else in this courtyard who believes that you were not the one who found someone to kill the eldest brother? This matter cannot withstand investigation."

Yue Tianze raised his hand and pulled Luo Mianyi's hand away from his wrist.

And his last sentence was to mention his mother. He also checked and found out that it was his mother who did this and she was not wrongly accused.

"you....."

Luo Mianyi watched helplessly as Yue Tianze forced Yue Tianhao to be brought to him and walked to the edge.

"Yue Tianze, how could I have a son like you?!" She roared angrily.

The whole person seemed to be deflated. He stared at his son with resentful eyes, thinking to himself, if he had known that such a son would be born, he should not have let him live in the first place. Wouldn't it be better to just strangle him to death?

Soon, the nun beside Mrs. Yue came over with all the maids and nuns in the yard.

But the leader looked and looked and couldn't find the one who gave him the money to kill the Yuechushui people. But he was so angry that he pointed at Luo Mianyi's nose and started to curse.

"You must have known something was wrong, so you hid that person first, right? You bitch, you don't do even one good thing, but do a lot of bad things. Do you still have a conscience?"

Luo Mianyi's face was very calm, and she didn't pay attention to the man's scolding, but looked at Mrs. Yuelao.

"Mom, as you can see, there is no such person as they are looking for. My daughter-in-law is unjustly accused," she said.

"Grandma, my mother was wronged. It was my eldest brother who wronged her!" Yue Tianhao echoed from the side.

You see, there is no such person in his mother's yard at all, so all this is nonsense said by the elder brother and others just to bully his mother!

"Everyone is here?"

Mrs. Yue did not pay attention to these two people first, but looked at the nanny beside her and asked.

"Old madam, all the people in madam's yard are here." Mammy said respectfully.

"mother....."

"Go and get the registers of all the servants in the nursing home and compare them one by one!"

Luo Mianyi was feeling proud and wanted to make trouble for Yue Chushui and others, but when she heard Madam Yue's words, she was frightened.

How could she forget that the old lady is still in charge of the business now. All servants are registered, and which servant is assigned to which yard is recorded.

If this is found out, what should she do?

"Yes, madam."

Grandma responded, turned around and was about to leave, but unexpectedly...

"Wait a minute."

A voice stopped Grandma in time.

Everyone forgot about it and saw that Lin Caisang had already stood up at this time.

"What are your orders from Mrs. Sui?" Mammy leaned towards her and asked.

"I don't know how many people are in Madam Yue's yard. However, when we were having a banquet at Qiushui Pavilion, I saw two nuns waiting beside Madam Yue. I just wanted to ask, Why is it that one person is missing before the night has passed?"

Chapter 1997 It's this old woman!

While speaking, Lin Caisang glanced sharply at the servants who had their heads lowered.

"Mother brought Grandma Wang and Grandma Liu to Qiushui Pavilion today. Now Grandma Wang is here, but Grandma Liu is missing. Mother, where is Grandma Liu next to you?" Yue Chushui immediately picked him up. Lin Caisang looked at Luo Mianyi and asked.

"I....."

Luo Mianyi was choked by his question and didn't know what to say.

What should she say? Let her say that Aunt Liu hid because she knew something was wrong?

Of course she couldn't say that, otherwise, wouldn't this matter depend entirely on her alone?

"Really? Mianyi, where is Aunt Liu next to you?" Madam Yue asked Luo Mianyi immediately after hearing this.

Although her daughter-in-law is not her favorite, she still knows how many people are around her.

It's just that she, an old woman, couldn't talk about this matter without others. Fortunately, someone remembered it. She scanned some Lin Caisang. This girl's attention was really extraordinary.

"this....."

Luo Mianyi gritted her teeth, hating these people in her heart. Why did they insist on biting her and not letting them go?

Isn't Yue Chushui standing in front of them with all his hair and tail now? If there is nothing to do, can't he let this matter go?

"Mama Liu was still with me just now. Now, I don't know where she went. She probably just heard me say that I wanted to eat iced melon, so she went to the kitchen to get it.

She made a random excuse.

"Yeah?"

Mrs. Yue turned to look at the nanny beside her, lowered her head and gave instructions.

"You go find it."

"Yes, madam."

Grandma responded, turned around and went out.

There was another period of waiting. During this period, Lin Caisang was not idle. He took out the drawing board and paper and began to draw the appearance of Granny Liu.

Because it was drawn with colored pencils, the drawings are really similar, as if they were printed from the characters' faces.

"Old Madam, I guess it's impossible to find anyone. Why don't you let them see the painting in my hand." She walked to Madam Yue and handed over the painting in her hand.

"What painting?"

Luo Mianyi's attention was also attracted by her words and she asked.

"Can you tell what a person looks like from the paintings outside? Stop talking!"

She curled her lips in disdain and didn't care at all that Lin Caisang took a painting. However, Mrs. Yue was shocked when she got the painting.

"This this....."

She wanted to say, this is so similar to a painting.

"Go over and ask him to identify whether he is the person in the painting."

She gave the portrait in her hand to another nun beside her and ordered.

"Yes, madam."

Grandma responded, took the portrait and walked over.

Luo Mianyi curled her lips in disdain and didn't care at all.

It was just a portrait. Even if that person identified the person in the portrait, she could definitely say that the person in the portrait was not Nanny Liu, and that Nanny Liu simply looked like that.

"It's her, it's her, it's this old woman!"

Unexpectedly, before her wishful thinking had begun, she heard the killer pointing at the portrait and shouting excitedly.

"It was that old woman who said something to reassure us that even if something happens, Mrs. Yue will be there to take care of her and she will never implicate us. That's why we took over the deal."

Chapter 1998 There is a deep connection

Although he had made several deals with Nanny Liu, he really didn't know her name, he only knew the people around her Mrs. Yue.

"Otherwise, even if we have done business with that old woman several times, we still wouldn't dare to take over the business of killing the Yue family. She said it was Mrs. Yue who asked her to do it, and the old woman was particularly generous. , gave me ten gems first, and said that after it comes true, he will give me a hundred impure crystal stones!"

As he spoke, he looked at Mrs. Yue.

"Improper spar?"

Lin Caisang raised his eyebrows and looked at Mrs. Yue.

"It seems that in Madam Yue's eyes, our lives are really valuable. The Yue clan is also quite wealthy."

Although impure crystals are not as good as pure crystals, she can't resist the temptation to ask for a hundred crystals. Although for Mrs. Yue, there are definitely a hundred impure crystals, but it can make her suddenly If you take it out, you will have to kill them. After thinking about it, you have made up your mind.

"No, no."

Yue Tianhao is indeed a god who specializes in tricking people. At this moment, no one has spoken yet, and he is muttering to himself again.

"Mom, what that person said is false, right? How could you buy the murderous eldest brother? The eldest brother is your biological son, the biological eldest brother of me and my second brother. You wouldn't do that, would you? "

While speaking, he also looked at Mrs. Yuelao.

"Grandma, there must be some misunderstanding. My mother would not do this, unless the eldest brother is not my mother's son. Otherwise, how could she hire someone to kill her own son?"

Yue Tianze next to Yue Tianhao: "..."

He really wanted to gag his third brother, but in front of so many people, his grandmother didn't say to stop him, so he couldn't gag his third brother either.

But what the third brother said was really too outrageous. How could the eldest brother not be his mother's relative...

Suddenly, his face turned green and he looked at Yue Chushui in disbelief.

He had never been able to understand before. Even though they were both his mother's sons, why did his mother treat his eldest brother so differently and still wish that he would die.

If the eldest brother was not the mother's son, then it would be understandable that the mother did these things. She did not want another woman's son to take the position of the young master of the Yue clan, and wanted to clear the way for her own son.

But unfortunately, this eldest brother is not a vegetarian. Not only is he protected by his grandmother, he is also protected by his grandmother's family, and he also has an amazing sister and brother-in-law.

So even though his mother tried her best, she couldn't do anything to him, and ended up getting herself involved instead!

But this is not right. If the eldest brother is not the mother's son, it is understandable that the grandmother protects the eldest brother. After all, the eldest brother is the eldest grandson of the Yue clan, but what about the grandmother?

How could grandma protect someone who was not related to the Luo family?

Could it be that there is another reason for this, or that the eldest brother and the Luo family also have a deep connection?

"shut up!"

Madam Yue scolded Yue Tianhao angrily.

"Luo Mianyi, now that the evidence is here, do you still want to deny it?"

She turned her head to look at Luo Mianyi and asked her.

But Luo Mianyi didn't take it seriously and even snorted coldly.

"Hmph, it's really ridiculous. What you say is evidence is evidence. What's the use of these portraits?"

Chapter 1999 I will definitely take care of it to the end

She walked up to the killer leader and snatched the portrait from his hand, "The people in the portrait, if I pull out a few people at random, they all look very similar to the portrait. The people in the portrait look very similar to the portrait." , not at all..."

Aunt Liu!

Before these three words were uttered, she was directly shocked by the portrait in her hand. No matter how much she wanted to mock others, she couldn't say a single word.

"This... this is impossible, how could this portrait be... how could it be..." So similar?

This portrait looks exactly like that of Aunt Liu, just like a real person.

Raising her eyes, she looked at Lin Caisang, her eyes seemed to be quenched with poison, and she wanted to poison Lin Caisang to death!

"Mrs. Yue, you've seen the portrait, right? Can you hand over the Aunt Liu in the portrait?" Lin Caisang was not frightened by Luo Mianyi's murderous gaze at all, but was calm and calm. The ground asked her.

"Lin Caisang, you are a monster. If you were not a monster, how could you draw such a similar portrait?" Luo Mianyi answered the question and said to Lin Caisang while holding the portrait in his hand.

"hehe."

Lin Caisang chuckled twice.

"Mrs. Yue can't hand over anyone? So you plan to blame the ghosts for this matter so that you can escape the blame?"

Hearing this, Luo Mianyi gritted her teeth and glared at Lin Caisang fiercely.

This woman, like Yue Chushui, is her nemesis. They all came to harm her. If she had known that this would happen, she should have killed these people as early as when she was in Huanglu. !

But now there is no use in regretting it.

"Lin Caisang, why are you so busy? What does our Yue family's affairs have to do with you? Why are you, an outsider, meddling in our Yue family's affairs?!"

"I don't want to care about the Yue family's affairs, but I will definitely take care of Chu Shui's affairs to the end!" Lin Caisang said.

It was her business to bully Yue Chushui. She thought that Luo Mianyi and Yue Chong should have known this for a long time. After all, she warned Yue Chong when Chu Shui left the Lin family. With Luo Mianyi.

"Yue Chushui's matter has nothing to do with you. You are just his adopted sister. He has already returned to Yue's family. Who do you think your adopted sister is? How dare you point fingers at his head? foot?"

Luo Mianyi was so angry that she began to speak indiscriminately.

All her troubles were caused by Lin Caisang. If Yue Chushui had not been helped by Lin Caisang when she was at Liu's house, Yue Chushui would have died long ago!

At worst, when they came to find out that the Liu family had killed Yue Chong's son, they could just kill the Liu family, and then pretend to cry, and the matter would be over.

But Lin Caisang rescued Yue Chushui, and he returned to Yue's family alive and well.

Now, she actually knew how to cultivate spirits without telling them, and she also wanted to snatch the position of young master of the Yue family that should have belonged to her son!

If she dares to snatch her son's things, she is still the young master. If she doesn't kill Yue Chushui, who else can she kill? He asked for it, he deserves to die!

"My adopted sister is nothing, so your stepmother, who has never even raised him, is nothing, right?" Lin Caisang asked her indifferently.

Now that the matter has reached this point, there is nothing that cannot be discussed. She has also discussed it with Chu Shui. Chu Shui means that justice must be given to his biological mother.

Chapter 2000: Ruthless moves

She felt the same. Luo Qiuyi was pregnant in ten months and gave birth to her son, but she was asked to watch her son call her enemy mother. She would not be able to rest in peace even if she died.

I don't know what these people were thinking, but they actually let Chu Shui recognize Luo Mianyi as his mother.

To paraphrase her words: She alone is worthy of it? !

"you--"

Luo Mianyi almost lost her temper after being questioned by her.

Even Yue Chong did not dare to mention this old incident easily. She, Lin Caisang, actually exposed her relationship with Yue Chushui in front of so many people?

"Lin Caisang, I'll kill you!"

With scarlet eyes, she took out her weapon, a long whip, and struck Lin Caisang.

Seeing this, Sui Zimo and Yue Chushui were about to take action, but were stopped by Lin Caisang.

"It's just right that I'll come by myself. I just want to see how far I've come in this year's cultivation." Lin Caisang also took out the wind spirit whip and prepared to have a good fight with Luo Mianyi.

Hearing this, Sui Zimo glanced at his wife, and then wisely stepped aside.

Yue Chushui saw that his brother-in-law had moved away. Naturally, he could no longer stand up for Lin Caisang, so he also took a step back to make room for his sister to perform.

However, he still gave a reminder.

"Sister Sangsang, be careful, she is used to using hidden tricks."

"Um."

Lin Caisang responded and threw out the Wind Spirit Whip in his hand. He caught Luo Mianyi's long whip and threw it out at once.

Luo Mianyi didn't expect that Lin Caisang also used the whip, and she didn't expect that she would be so fierce when she took action. She was unprepared for a moment, lost her footing, and was actually thrown away.

When Luo Mianyi's body was thrown into the air, she moved her hand, and the Wind Spirit Whip holding Luo Mianyi's long whip loosened, and then, Luo Mianyi's whole body seemed to be broken. Like a kite with string, it was knocked out directly.

"ah!"

With a scream, she was directly hit on a wooden pillar nearby, and then fell onto the ground, but she didn't vomit blood.

"Lin Caisang!"

Originally she still kept her third power, but seeing Lin Caisang not giving her any face and making her lose face in front of all the servants, she couldn't care less and got up from the ground.

This time, she no longer had any scruples and hit Lin Caisang.

She was the one who fought back first, so don't blame her for not taking into account that Lin Caisang was a junior. It can be said that she accidentally killed Lin Caisang, and no one else can blame her.

So, she started to attack Lin Caisang fiercely, and every move was aimed at Lin Caisang's vital points.

However, every time she thought she was going to succeed and kill Lin Caisang, but she narrowly avoided him every time.

Madam Yue: "..."

This old lady is really not simple. She heard them say that Lin Caisang had not practiced spiritual practice more than a year ago.

And now, he can still tease Luo Mian, who has been practicing spiritual cultivation for decades.

Yue Tianze looked at his mother, looking at Lin Caisang with murderous intent, and glanced over, really losing sight of her.

"Second brother, mother wants to kill the eldest brother's sister?"

Yue Tianhao also noticed that his mother was full of murderous intent, and every move she made was almost able to kill Lin Caisang.

He has never seen his mother want to kill someone so urgently anywhere else. This eldest brother's sister must be the first one, right?
