Chapter 2011 A world where people eat people

If there is no surprise, it is certainly impossible. Who would throw human bones under the stove and burn them with fire?

"right.

Lin Caisang nodded.

This is indeed a human bone. It seems that this place is not a good place, and the so-called Granny Chang is probably not a good person anymore.

"My subordinates think so too. This should be a piece of a person's finger, but it's almost burned, so it's hard to tell." Shi Shu also said.

"What kind of person is this Aunt Chang?" Lin Caisang murmured softly.

What kind of person would that be who would burn human bones? Could it be that the owner of these human bones had a grudge against Granny Chang, so he was killed by Granny Chang?

But if this is the case, it would be enough to just kill the person and dump the body. Why burn the body to destroy the bones and spread the ashes?

"Master, mistress, what should we do now?" Shi Shu looked at the two masters and asked.

"Zimo, what do you think?"

Lin Caisang looked at Sui Zimo and asked his opinion.

"Let's just wait and see what happens, Shishu. Throw these human bones outside and don't let Granny Chang find out." Sui Zimo ordered.

"Yes, Master."

The waiter responded and was about to leave, but was stopped by Lin Caisang.

"Wait a minute, I put the things here. If you take them out now, Granny Chang will find out." Lin Caisang said.

The place where they are standing now is Granny Chang's territory. She openly took the bones of the people she killed and threw them away. It was good that they were not discovered. If they were discovered, who knows what Granny Chang would do to them. Something crazy is coming.

Therefore, it is better to put things in her golden bead space.

"Also, Shishu, please remind my brother and the others to be more vigilant and not to be too reassured by outsiders."

She put the handkerchief and the bones into the golden bead space, and then reminded the servant.

"Yes, Mistress."

The waiter responded and then retreated.

"Zimo, what do you think?"

After the waiter left, Lin Caisang looked at Sui Zimo and asked what he meant.

Sui Zimo glanced outside the door, then looked at her.

"This is a world where people eat people," he said.

Hearing this, Lin Caisang took a deep breath. She thought so in her heart, because when she was close to Granny Chang, she smelled a very unpleasant smell from Granny Chang.

"It seems like this place is really not that simple anymore, even people dare to eat it!"

Especially in this place, the people here are all from the Desolate Continent. They actually dare to eat. Aren't they afraid that after being discovered, the Lord of Sky City will drive them all away, leaving them with no place to live?

"Just be careful." Sui Zimo said.

Now, they can't leave this place, and Grandma Chang's home is just right for them to live in, so they can only stay here temporarily.

"Zimo, you watch here, I'll go to Jinzhuli to have a look and give everyone some self-defense items."

Lin Caisang thought about it and felt that he couldn't be too careless, so he wanted to prepare some poison and poison powder and share it with everyone.

If Granny Chang was really so brave and dared to attack them, then they would naturally not have to be polite to her and just attack them directly.

"Um."

Sui Zimo nodded and watched her disappear from his eyes and go into the Golden Pearl Space.

...

It was night, and after traveling for several days, everyone slept very deeply that night.

Chapter 2012 Which one should I eat first?

A 'squeak' sound.

A door was pushed open with one hand, and a woman with long hair disheveled walked in slowly, holding an oil lamp from the outside.

She first went to the bed and looked at the sleeping person. A satisfied smile flashed across her face in the darkness. Then, with trembling hands, she placed the oil lamp in her hand on the table.

"Not bad, they are all thin-skinned and tender."

When she saw this group of people coming over before, she knew that they must have a purpose, so she showed a kind face to let them take off their guard against her.

Sure enough, those people really thought she would help them find someone, so they decisively settled on her territory.

"It's a pity that the girl is the most tender meat, but she is a master, so she can't eat it first!"

Thinking of the female doll that had been close to her before, she felt regretful and thought to herself, it would be better if she could eat that female doll first.

It's a pity that it's a master. If she disappears first, these people will definitely suspect her. Naturally, she can't attack her first, so she can only start with these not-so-tender meat.

I think if one or two of these subordinates are missing, nothing will happen to them, right?

Then she could say that this person went looking outside because he didn't believe in her ability and felt that she couldn't find anyone.

This place is so big, if there is no familiar person to lead the way, they may really get lost. That is a normal thing.

"Which one should I eat first?"

She walked to the bed again and looked at the two men on the bed, feeling a little confused.

She thinks either one is okay. How about killing both of them first, then hiding them and eating them slowly?

"No, if both of them are killed, the taste of the dead human flesh will be bad if it is kept for a long time, so we have to come one by one."

Jiang Zuo and Jiang Li were lying on the bed pretending to be dead: "..."

What the hell, this damn old woman is really what the master and the others expected, she is actually a devil who even dares to eat human flesh!

By the way, the damn old woman just wants to eat them, but she actually wants to eat the tenderest one?

Doesn't it make it clear that you are talking about the mistress of their family?

The mistress can't bear to say a harsh word to someone, but she actually dares to brazenly say that she wants to eat the mistress's flesh. She really wants to laugh her big teeth off, right?

By the way, can she eat?

"Which one should I eat first?"

Beside the bed, Granny Chang thought that the two of them had been knocked out by her medicine, and she still had a whole night to think about it.

"How about I choose one for you?"

Suddenly, a somewhat familiar voice sounded from his ears.

"ah!"

Granny Chang was so frightened that she trembled and screamed.

Turning back and looking at the people standing behind her, she was so frightened that her heart almost stopped.

"You...how...when did you come here?"

She swallowed and looked at Sui Zimo, Lin Caisang, and the other neatly dressed people who had not even taken off their clothes.

When did they come over and why didn't she feel anything?

No, weren't they under the spell of her smoke? Why were they still awake? They actually followed her secretly into this room.

"Just when you were thinking about how to eat us."

Jiang Zuo lifted off the quilt from the bed. Sure enough, he had not taken off a single piece of clothing and was neatly dressed.

Chapter 2013 Don't worry about which one to eat

The old monster was indeed an old monster, it almost made him sick to the point of vomiting.

Which one should she eat first? Why didn't she roast her own meat first to fill her belly?

"you....."

Granny Chang was stunned by Jiang Zuo's words, and her face suddenly turned ugly.

It seemed that these people were already on guard, but she was careless and fell into their trap, and even got into the trap herself.

But even if she knew she had been fooled, she still couldn't admit that she was here to kill people and eat human flesh.

"You young man, what are you talking about? Auntie, I just came to see how you were sleeping. Hey, I am old and can't sleep at night, so I like to worry about the guests sleeping well.

She pretended to sigh and secretly looked at the people in front of her.

"You don't know that here, the temperature difference between day and night is relatively large, and because we grow a lot of medicinal materials, although there are good medicines, there are also a lot of poisons.

Therefore, constantly smelling the smell of poison will make the body weak. If you don't sleep well at night, you will get seriously ill.

Auntie cares about you very well, how can you say it so harshly? "

She looked at Jiang Zuo with a reproachful look, as if she was accusing Jiang Zuo of wronging her.

Everyone: "..."

This is really a thief shouting to catch a thief!

They heard it very clearly, okay? This damn old woman is still struggling with which one to eat first.

"It's really hard that you didn't come to my room. After all, I'm the only one in my room. You don't have to worry about which one to eat." Lin Changhong looked at Granny Chang up and down and said quietly.

They were originally a group of ten, but with Chu Shui included, there were eleven.

So before dividing the room, he proposed to have a room by himself. Anyway, here, except for his sister and brother-in-law, he has the highest spiritual power, and he is not afraid of what Granny Chang will do.

Who knew that Granny Chang didn't come to his room, but went directly to Jiang Zuo and Jiang Li's room.

It really made him so angry.

Upon hearing his words, Granny Chang's eyes flashed with annoyance, as if she had been reminded by Lin Changhong.

Yes, why did she forget just now that one of the people in this group was in a separate room?

If she had known earlier, she would have gone directly to the boy's room. In that case, she would not have to worry about which one to kill first. If she did it directly, these people would not discover it.

"You...what are you talking about? I can't understand it." She could only smile sarcastically, pretending not to know anything.

"laugh."

Yue Chushui sneered and stared coldly at Granny Chang in front of her.

"I don't care if you want to eat other people's flesh, but if you dare to be disrespectful to my sister, you won't be able to walk out of this door alive today."

He heard clearly just now that this damn old woman actually wanted to eat the flesh of his sister Sangsang. She really almost made him angry to death. How could such a vicious old woman spare her?

"You... you..."

Granny Chang was startled by his words and trembled.

"What do you want to do? I took you in kindly, but you want to retaliate against me and deal with me? Do you know the power I have here? You have offended me and you will not be able to live in this place!"

She originally wanted to persuade them to let her go by using her good intentions to take them in.

Chapter 2014 Don't try to find him!

Unexpectedly, the words turned into threats.

However, no matter how much she threatened, to everyone's ears, she was just trying to hold on.

"Ah."

Jiang Zuo sneered and turned to look at his master and mistress.

"Master, can I kill this old guy directly?" he asked.

I don't know how many people this dead old woman has eaten in this place. I'm afraid she can't even count them, right?

This can be imagined from the excited eyes and voice of this dead old woman staring at him and Jiang Li just now. It is really disgusting!

"Damn it!"

Sui Zimo just said two words lightly.

"Use poison, she also likes to use poison." Lin Caisang reminded Jiang Zuo.

"Yes, Mistress."

Jiang Zuo responded and turned his gaze back to Granny Chang.

"You...what do you want to do?"

Grandma Chang was stared at by Jiang Zuo's malicious eyes, and she suddenly broke out in a cold sweat.

In fact, she just talks a little bit, and because she is a medicinal planter, she has some intoxicating drugs in her hands. Other than that, she is really not very good.

If these people were serious, she would have to wait for death.

With her eyes widened, she watched Jiang Zuo take out a small medicine bag from her arms. She swallowed and took a step back in fright.

However, what's the use of taking a step back? There are people all around her, and she can't run away no matter what.

"You... you... you can't kill me, I... I know where the person you are looking for is, and I am the only one who knows it. If I don't lead you, you will never find him in your life! "

Before she had time to think about it, she shouted to Lin Caisang.

Now, she can only rely on the person these people are looking for to escape from these people.

After she escapes, she will deal with these people again!

"laugh."

Lin Changhong sneered.

Is it such a coincidence that they just arrived here and met this old woman for the first time, and she already knew where his father was?

If there really is such a coincidence, then he is really going to laugh.

"You are the only one who knows where the people are. They are all in your belly, right?" He glanced at Granny Chang's belly with sharp eyes and asked her.

Only she knows, what are you thinking?

Do you really think that they came all the way from the Desolate Continent and are so easy to deceive?

"There's no need to be polite to her, just kill her. It can be regarded as avenging the souls who died at her hands." He looked at Jiang Zuo and said.

"How about I take action?"

"No, no, no, I can't trouble you." Jiang Zuo shook his head after hearing what he said.

Although he has never done anything like killing people and stealing goods, will he show mercy when he kills such a villain? It must have come from being ruthless.

"Master, mistress, this subordinate is resigning."

He grabbed Granny Chang's collar, carried her and went out.

"Master, that old woman is very cunning. Let's go and have a look. Don't let her get away." They were dismissed. When they saw that Jiang Zuoti was taking them away, they hurriedly said something and followed.

For this person who is so bold and dares to attack their master, they have to watch how that dead old woman dies, right?

...

After a while, there was no one in the room.

Chapter 2015 Want to protect?

The next day, everything was as usual except that the owner of the house was no longer there.

However, when Ban Jue and the others went out to inquire about Lin Baizhong's whereabouts, they felt depressed.

Knowing where they came from, those who were busy in the medicine field felt as if they had seen ghosts when they saw them. They all shook their heads at them, and then ran away with the wind at their feet.

"What...what's going on?"

Ban Wu held the portrait in his hand and looked at the man who had run far away with a look of astonishment on his face.

"Exi Wu, is the same thing happening here?" Exi Jue walked over and asked.

"Is this the case with you too?"

After hearing what he said, Ban Wu turned around to look at him and asked.

"yes."

Ban Jue nodded helplessly.

He guessed that everyone else was like this. Why were these people so scared? Could it be that strangers don't come in here very often, so when they see these strange faces, everyone subconsciously takes precautions?

No, there are so many medicinal materials grown here, and they all have to be sold. Don't they deal with people outside?

If they didn't deal with it, how would they sell the medicinal materials?

"How about we go somewhere further away to inquire?"

Jiang Li also came back at this moment. After hearing their words, he realized that what they encountered was the same as his own.

"Are you back?"

Lin Caisang just came out of the Golden Pearl Space and drew a few more pictures.

Seeing them coming back, I felt confused for a moment.

You just left not long ago, why are you back? Have you already found out the news?

impossible.

She shook her head intuitively, not thinking that it would be so easy to find information about her father. She must have encountered some difficulties.

"What happened?"

"Mother, we went outside to ask for news, but as soon as those people saw us, they turned around and ran away without even saying a word to us." Jiang Zuo looked at Lin Caisang with a speechless face and told him what he had encountered thing.

"Is there such a thing?"

Lin Caisang raised his eyebrows and curled his lips.

Is it because the people here are too wary of outsiders and subconsciously want to protect them when they encounter someone who pries?

This is impossible. According to Jiang Zuo, those people probably didn't even take a look at the portraits.

"yes."

A few people nodded, feeling that they were very frustrated today. They didn't hear anything and only looked at the backs of those people.

After a while, other people came back one after another. When Sui Zimo also came back from outside, she finally knew what happened.

But it turned out that those people had already received the news and knew that their group was guests staying at Grandma Chang's house.

Everyone here knows what kind of person Grandma Chang is. Naturally, the guests staying at her home are either about to be cheated by Grandma Chang, or they are the same person as Grandma Chang.

No matter which one it is, they don't want to pay attention to it.

If they really reminded those who were about to be killed out of kindness, they would definitely be viciously retaliated by Granny Chang later.

It is not uncommon for people to be retaliated like this, so people here are a little afraid of Granny Chang.

"So this is ah."

Everyone finally understood the reason. It turned out that they were actually implicated by Granny Chang, who had already been dealt with by them.

Chapter 2016 My scalp feels numb!

Those people were not afraid of them, but of Granny Chang, who was full of evil!

Fortunately, they dealt with Granny Chang. Otherwise, they don't know how many people this old woman would continue to kill in this place.

"Zimo, you are so good. You immediately understood the key to this." Lin Caisang looked at her husband, her eyes full of pride.

"I didn't find out anything, so I thought it was strange, so I followed her and eavesdropped, and found out about it." Sui Zimo raised his hand, touched her head and said.

"Are you hungry? I'm going to make you something to eat. What do you want to eat?" he asked.

"I'll use it, I've already done it."

After hearing her words, Lin Caisang said immediately.

Although she is not very skilled in cooking, she is still very good at making sweets.

After what happened yesterday, she felt that it was better not to use the kitchen in this house. Who knew how many times meat had been cooked in that pot?

Just thinking about it made her feel sick. If she really ate another meal cooked in that pot, she felt like she would vomit even the overnight meal.

So, decisively, she went to the food garden space to make some food.

"You did it?"

Sui Zimo raised his eyebrows in surprise and asked.

"I don't want to do it, but who of you would dare to eat the food made there?" Lin Caisang asked them.

"No, don't." Lin Changhong was the first to shake his head.

He only had solid food for breakfast, and he never wanted to touch the pot in the kitchen again. After going to bed last night, he became more and more nauseated thinking about it.

Maybe not only the kitchen, but also many places here are stained with human blood.

"Master, why don't we leave this place and go somewhere else?" Zhong You suggested.

If we continue to live in this place, who knows if those people outside will think that they also grew up eating human flesh, and even ate Grandma Chang who took pleasure in eating human flesh.

When he thought of this, his scalp felt numb!

"No, stay here first."

When Yue Chushui heard what he said, he frowned and said.

They have no place to live in this place. With the current situation, if they leave this house, they will probably have to sleep outside.

Moreover, judging from the way they were disliked by the people here this morning, maybe those people would join forces to drive them away.

"Sister Sang Sang and brother-in-law, it is relatively safe to live here. Those people will not do anything to us. They should belong to Granny Chang. Otherwise, knowing what kind of person Granny Chang is, How could this evil old woman not be driven away?

It can be seen that it's not that they don't want to drive them away, but that Grandma Chang has a trick on them.

As long as we don't say that Granny Chang has been killed by us, they won't do anything to us, and we can slowly inquire here. "

"Then it's better to tell them directly that that dead old woman has been killed by us." Jiang Zuo said.

"Everyone should be happy to kill such a vicious old woman. Maybe they will be more willing to help us find someone after hearing the news."

"Won't."

Yue Chushui immediately shook his head.

"Killing is illegal!"

This sentence was said by Lin Caisang, and he rolled his eyes at Jiang Zuo angrily.

"The murderer... the murderer looked at his mistress in disbelief, feeling that these words really scared him.

Chapter 2017: Killing such a person will cost your life?

It's not because they killed people, but, on Qianhuan Continent, people are being killed or killed anytime and anywhere, right?

After all, this is a world where the weak prey on the strong. If a spiritual cultivator kills a lot of people, it can only be said that the person who was killed was unlucky, too weak, and was killed by mistake.

"This is Qingping City!"

Sui Zimo looked at the faces of those idiots being punished and reminded him.

This place was originally a desolate land. It was used by the Lord of Sky City to shelter people from the desolate land. It was also named Qingping City.

From this name, you can also tell that in this world, you are not allowed to kill people casually. Otherwise, the people here are all from the wilderness, and they don't have much cultivation. How could they live here for so many years? ?

The Lord of Sky City must have given the order not to touch anyone in Qingping City.

"Brother-in-law is right, this is Qingping City. If I guessed correctly, eldest aunt used to live here. I don't know if eldest aunt has ever mentioned it to Sister Sangsang."

Yue Chushui looked at Lin Caisang and asked.

Lin Caisang shook his head and said nothing.

Maybe her mother was very bad at this place, so she really hadn't heard her mother mention this place.

Turning her head, she looked at her eldest brother and saw that he was also shaking his head. It was obvious that he had never heard the name here from his mother's mouth.

"In Qingping City, if someone dies or goes missing, the Lord of Sky City will send people to investigate. If it is found out who killed him, it will cost his life.

Yue Chushui said again.

"laugh."

Jiang Zuo sneered disdainfully.

"You have to pay for your life if you kill such a person?"

That damn old woman has eaten countless human flesh, and she still wants them to die. It shows that the Lord of Sky City is also a waste!

"What do you know? From the fact that those people knew that Grandma Chang ate human flesh, but didn't dare to touch her, we can see that it's not that they didn't want to move, but that they didn't dare to move. Maybe they didn't find the evil woman who ate human flesh. Evidence."

Lin Caisang said to Jiang Zuo.

"Moreover, Granny Chang is probably the older one in this place and has lived here for a long time. Even if the other people have the heart, they don't have the guts to deal with her.

It happened to happen to us this time. Otherwise, I don't know how many people would have been killed. "

Hearing her words, everyone nodded and thought it made so much sense. That Granny Chang should die early and pass away early... No, she should never be born again!

"Sister, when I went out, I saw that other people's living conditions were quite poor, and there weren't many medicinal fields. How could this damn old woman have such a large medicinal field?"

Lin Changhong raised his doubts.

Grandma Chang's medicine field is so big that you can't even see other people's houses nearby.

"Two possibilities."

Lin Caisang raised two fingers and looked at him.

"First, there used to be people who grew medicine here, but because they were afraid of being eaten by Granny Chang, they went to other places; secondly, those who grow medicine here have all been killed by Granny Chang. .

What do you think is the possibility? "

She raised her eyebrows at everyone and asked them.

When everyone heard her words, there was only one thought in their hearts.

"The second one may be more appropriate." Sui Zimo said.

Although this is Qingping City, it is the territory of Sky City after all, and all the land belongs to Sky City.

Chapter 2018 I've met my father

In Qianhuan Continent, the status of people who came from the wasteland is relatively low. Being able to plant a piece of land here and fill their stomachs is already good. How can they still pick and choose?
?

Therefore, if your guess is correct, Grandma Chang must have murdered those people in these medicinal fields here and took the medicinal fields under her control.

"Well, I have another question."

Shi Jian raised his hand and looked at Sui Zimo and then at Lin Caisang.

"Um?"

Lin Caisang raised his eyebrows and looked at her.

"On that day, when we were in the kitchen, the servant went out to find you and the master, and then one of my subordinates was with the evil woman. She kept asking about the master's situation, and she asked her very carefully."

Shi Jian thought for a while, thought again, and said with some stuttering and uncertainty.

"You said Mrs. Chang was asking about my father." Lin Caisang asked.

"Yeah."

Shi Jian responded, and then thought about it carefully.

"My subordinates thought that she wanted us to speak more carefully so that she could go out and inquire. However, these subordinates did not know the questions she asked, so they did not say anything. Originally, they wanted to ask the mistress again.

But later I discovered that it was a man-eating monster, so I didn't ask any more questions. "

Thinking about it now, Granny Chang was already very suspicious at that time. Asking people, there are already such similar portraits, so why bother to dig up the eighteen generations of ancestors so clearly?

"What questions did she ask?" Sui Zimo asked.

"She didn't ask her subordinates exactly when the master came here, but she asked them, what skills does the master have? How about spiritual cultivation? Does he have a particularly powerful talent? Is his relationship with the mistress and the young master good? Is that all because he was tricked into coming to Qianhuan Continent?"

And how could she know all this? Except for the last two questions, which could be determined without a doubt, the rest of them, even the mistress didn't know about them, right?

But that Granny Chang asked such a question.

"Oh, by the way, she actually asked what the master's weaknesses are." Thinking of another question, he said.

Hearing her words, Lin Caisang and Sui Zimo looked at each other.

"It seems that the evil woman has met dad." The person who spoke was Lin Changhong.

From the questions asked by Granny Chang, it can be seen that this person has met his father, and his father should be a person that Granny Chang is more afraid of.

But in this place, Granny Chang is already notorious, so how can anyone be afraid of her?

"Sister, brother-in-law, tell me, our father won't be here, right?"

He felt that this possibility was quite high. Maybe their father was not here at all, but outside. What Granny Chang was afraid of was their father coming from outside.

"If he's not from here, who could he be?" Lin Caisang looked at his eldest brother and asked.

This place is rich in medicinal materials, and many medicinal materials for refining medicine and alchemy come from here. Could her father still be a purchaser of medicinal materials?

This is not right. If it is a medicinal material purchaser, it will not make Granny Chang afraid, unless it is someone who can suppress her.

"Don't think about it, just go and arrest someone later and ask." Sui Zimo suggested.

Anyway, they live in Granny Chang's house. From the outside, they are evil people. It doesn't matter if they catch a few people here.

Chapter 2019 Let's go now!

"good.

Lin Caisang immediately agreed with his idea.

Instead of guessing here, why not just ask someone directly.

Since he is someone that Grandma Chang is afraid of, then everyone else here must have seen him, so just ask someone.

"Subordinate, go right away." Ban Jue said immediately.

"My subordinates will go too."

Ban Wu also followed him, fearing that Ban Zhu would suffer a loss if he went to arrest someone by himself.

...

"What did you say, say it again?!"

Hearing what the captured man said, Lin Caisang almost lost his temper.

She held the newly painted painting in her hand, pointed at her biological father's face, and asked the man again.

"Are you sure it's the same person in my painting?"

"No, it's not."

The man shook his head in fear.

"It's not the same, but it's very similar. It's really similar. I feel like it's him."

"Sonny, don't be harsh to him."

Sui Zimo took the portrait from her hand and gently put his arm around her shoulders.

"We haven't let that woman succeed yet. It's still too late for us to find her now."

"Hi, ho!"

After hearing what his husband said, Lin Caisang calmed down a little.

"Sister, this matter can't wait. Let's leave for Sky City now. What the hell is the city lord's wife's niece? She dares to have ideas against our father. Are you tired of living?!"

Lin Changhong said to his sister.

The man just said that the person in his sister's portrait looked very much like the leader of the Sky City guards who came to them every month to check on the cultivation of medicinal materials and whether the people here obeyed the rules.

It's nothing. They are naturally happy that their father has been found.

However, what the hell, he actually heard that there was a woman pestering his father, and she shamelessly wanted to cheat on him. She was rejected by his father many times and refused to leave.

His dad is really...

This is a walking flower, and bees want to pick it wherever they go!

"Let's go, let's go now!"

Lin Caisang took a deep breath and said to Sui Zimo.

"good."

Sui Zimo responded.

It's okay to leave now, so that he can meet his father-in-law earlier.

"Put him back."

He looked at the two banished men and ordered.

"Yes, Master."

Ban Jue pulled the man's arm and took him out directly.

...

Sky City.

The largest city on the Qianhuan Continent is also the most prosperous city. Even the largest countries dare not compete with Sky City.

Outside the gate of a small house, the man looked at the woman in front of him with a cold face, without any wavering in his eyes.

"Brother Nian, Brother Nian, listen to me, even if you already have a wife at home, so what, aren't they all in Huanglu? They can't reach Qianhuan Continent at all.

From now on, you will have a wife in Huanglu. After I marry you, you can forget about her and concentrate on being with me. It is such a good thing that we can have a home in Qianhuan Continent. "

"No need."

The man uttered two words coldly.

"Miss Yu, please respect yourself and stop saying such things. Even if I have a wife, I will never marry again in my life."

"If you don't marry me, I'm willing to do it..."

"Even if it means taking a concubine, I don't want to." Before the young lady finished speaking, the man spoke to her.

Miss Yu: "..."

Is he crazy? She has volunteered to be a concubine, but this man is not willing?

Chapter 2020: Cooking raw rice into cooked rice

How despised is she?

"Lin Nian, what do you want from me? Let me tell you the truth. It doesn't matter whether you agree or not today. Anyway, I have already let my aunt make the decision. I am just waiting to pick a good and auspicious day to get married to us. .

She was so angry that she yelled at the man.

"impossible."

Lin Nian said to Miss Yu, still as cold as ever.

"you--"

Miss Yu was almost so angry that Lin Nian was so angry that she vomited blood, and a burst of anger hit her forehead.

"You don't want to, but I insist on marrying you. You...came here and tied him up. I don't believe it anymore. When we make rice and cook it tonight, will you be happy tomorrow?"

She was so angry that she yelled directly at Lin Nian, regardless of how many people were watching.

"this....."

When the guards heard Miss Yu's words, they looked at me and I looked at you, but they didn't dare to make any move towards Lin Nian.

Although Miss Yu is the cousin of the city lord, she is limited to the inner courtyard, and Lin Nian is a leader of the imperial guards, and has even saved the city lord's life.

Even a fool knows who to choose between these two people, it must be Lin Nian.

"What are you doing standing still? Tie him up!"

When Miss Yu saw that they were not moving, she became angry and yelled at them.

She had already given the order, but these idiots didn't even take any action. Do they think she was just a decoration?

"You guys, come on!"

Since she couldn't call the guards, she directly asked the maid she brought to do it.

Anyway, Lin Nian, the leader of the imperial guard, only became the leader because he saved the city lord, not because of how strong his own cultivation was.

In this sky city, no one had ever seen Lin Nian take action, so she intuitively believed that Lin Nian's cultivation was not strong, or he was not a spiritual cultivator at all.

For such a man, she was able to fall in love with him, which was a blessing he had accumulated in eight lifetimes.

He actually dared to push back and forth.

"Yes, miss."

The maids were Miss Yu's people, so they naturally listened to their lady's advice, and in response, they attacked Lin Nian.

However, before their hands touched Lin Nian, they were hit by a whip, and they were all beaten out and lay on the ground screaming.

"You...who are you?"

Miss Yu saw that her people were all beaten and rolling on the ground, and she looked angrily at the person who took action.

She saw a woman holding a whip in her hand, looking at her with murderous intent. She was forced to take a step back by the murderous intent, swallowed a mouthful of saliva, and asked.

"I've never seen such a shameless person. They've already said they don't want you, but they still insist on sticking with you. Are you interested?"

Lin Caisang looked at Miss Yu coldly, and was so angry that he almost killed those people directly. Fortunately, he still had some sense and didn't let these shameless guys kill him.

"Sangsang?"

Lin Nian also moved towards the person. For some reason, when he saw the girl in front of him, a name came to his mind.

Lin Changhong, who was following his sister: "???"

Damn, how did his father's eyes grow? Sangsang was so fat before. How did his father know that her sister was her chubby daughter from her current appearance?

Also, his son is standing by the side. Can you not give him a single look and treat him as if he doesn't exist?
