

## Star of Space 2021

Chapter 2021 That should be my son

No, even air exists, right?

Lin Caisang's eyes suddenly turned red when he heard his father's familiar voice.

"Dad, I finally found you."

The breath that was held in my heart was finally able to come out.

"Sangsang, are you really Sangsang?"

Lin Baizhong, now Lin Nian, strode towards Lin Caisang and hugged the little girl into his arms.

Sui Zimo on the left: "..."

Even if he is the father-in-law, he can't take advantage of his wife, right? Can you let go quickly?

Lin Changhong on the right: "..."

Dear father, your son is still standing here. Have you seen it?

"father....."

Okay, his father is just him, so he can just go and be his father, but...

When Lin Baizhong heard his son's voice, he frowned, let go of his precious daughter, and looked at Lin Changhong displeased.

"Who are you, and who is your father?"

Everyone: "..."

This is a man who values girls over boys and only remembers his daughter's biological father!

Lin Changhong: "!!!"

Damn it, he was about to spit out a mouthful of old blood. Is this still his father? You actually asked him who he was?

"Dad, look at my face. I look like Sangsang at least nine times!"

They have almost the same face. The daughter is a treasure and will always be remembered in my heart, but the son is worse than a piece of grass because his father doesn't even remember who he is!

What a failure he was as a son! ! !

After hearing Lin Changhong's words, Lin Baizhong really looked at his son seriously. After a while, he nodded lightly.

"It really looks like him. He looks like Sangsang. That should be my son."

Lin Changhong: "!!!"

He who looks like Sang Sang is his biological father's son. If he and Sang Sang are not twins, but siblings born earlier and later, wouldn't his biological father not even recognize him as his son?

As sad as him, there really is no one left.

"puff!"

Lin Caisang couldn't help but laugh when he heard his own father's words.

"Dad, we have walked all the way and we are all tired."

"Yes, yes, Sangsang, hurry up, come home with dad, this is our home." Lin Baizhong heard his daughter say she was tired, and immediately took her into his house, followed closely by the others.

"You...Lin Nian, you..."

Miss Yu almost made her nose crooked with anger when she saw him leaving without even looking at her.

Extremely angry, she raised her hand and slapped Lin Caisang on the back.

Hasn't Lin Nian been thinking about this Huang Lu's daughter? She is going to kill her so that Lin Nian will never have a daughter again. Let's see if he can still think about her wholeheartedly!

However, the spiritual power shot out seemed to be able to turn. After a turn, it hit herself directly.

"Uh, poof!"

Hit by her own spiritual power, she spit out a mouthful of blood.

Exiled Jue, who was following Sui Zimo, turned around and glanced at her coldly, then continued to turn around and walked towards the house.

If he still dares to attack his mistress, can the master spare her?

He only caused her a slight injury, so he was merciful. I hope there won't be a next time, otherwise, the outcome for this girl will definitely not be good.

"Miss, are you okay?"

When the maids saw that their master was injured, they hurriedly came forward to check on the situation.

Miss Ding angrily pushed the maids away and stared angrily at the closed door.

Chapter 2022 Make some mistakes for him to make

"Let's go back to the city lord's mansion!"

She must tell her aunt what happened today and let her do justice for her!

...

"What? How dare he treat you like this?"

In a main hall, a woman in luxurious clothes looked slightly angry, looking at Miss Ding who was crying miserably.

"Auntie, you have to make the decision for me. That Lin Nian is really a bully. He is so old, and I don't even dislike him. He actually dares to dislike me!"

Miss Ding held the handkerchief in her hand, wiping her tears and crying.

"this....."

When the woman heard what Miss Ding said, her face turned ugly.

However, the anger on her face was reduced a lot, and she just looked at Miss Ding with disapproval.

"Rong'er, it's not that my aunt said that you are just a man, or an old man. He doesn't like you, why do you force yourself on him? Is it possible that in this sky city, there is no good man who can match you? "

Although she felt that Lin Nian should not bully her niece, one thing had to be said, Lin Nian was really a bit older, and he was more than enough to be her niece's father.

I really don't know what's so good about such a man, but he is so obsessed with her young and beautiful niece that he doesn't care about anything else.

"Auntie, Rong'er wants Lin Nian to be my husband!" Ding Rong cried.

Lin Nian didn't like her, so she had to ask Lin Nian to be her husband. From now on, she would bully him every day and let him know how good it felt to be bullied.

"you--"

When the woman heard her words, she really didn't know what to say.

"Didn't you say that Lin Nian's daughter has already come here? I think he will leave Qianhuan Continent and return to Desolate Continent in the near future. Is it possible that you will want to follow him?"

she asked.

"Who wants to go to that damn place in Huanglu?"

Naturally, Ding Rong would not go to Huanglu, but if she didn't go, Lin Nian could always stay in Qianhuan Continent.

Why should she be forced to go to Huanglu to suffer for Lin Nian's sake? Lin Nian must stay with her in Qianhuan Continent and live in Sky City.

"Auntie, you can give an order that Lin Nian will never leave Sky City from now on. That's it."

Hearing this, the woman's face darkened and she looked at Ding Rong with disapproval.

"Rong'er, even if you are the city lord, you don't have the right to order anyone not to be banned from the Sky City. That Lin Nian has never made any mistakes!" she said.

She was so good, she was the wife of a city lord, why did she go against a leader of the guards?

Although Ding Rong is her nephew, this emotional matter is a private matter after all. What's more, Ding Rong likes Lin Nian, who is as old as her husband, which is not a glorious thing in itself.

Now she is asked to confine Lin Nian to Sky City for Ding Rong. How can there be such a reason?

Ding Rong is shameless. Does their city lord's mansion still want some face?

"Then let's make some mistakes for him to make. It's such a simple thing. Rong'er will do it now." With that said, Ding Rong was about to leave and set a trap for Lin Nian.

"presumptuous!"

When the woman heard what she said and saw that she was actually happily preparing to make mistakes for Lin Nian, she became angry.

"Auntie!"

Ding Rong heard her stern voice and turned around to look at her with grievance.

"Rong'er, does Auntie dote on you too much? She actually lets you do anything?"

Chapter 2023 Do you want to piss me off?

When did Sky City become able to do such vicious and unscrupulous things like creating traps for me in order to achieve their goals?

"You are not allowed to mention this matter again in the future. Why did you create a mistake for Lin Nian? If your uncle were to know about this matter, he would not let you off lightly! And that Lin Nian, you should forget about him as well.

What is a young girl going to do? She falls in love with someone as old as Lin Nian. Your Ding family will lose all face! "

"Auntie, Rong'er really likes Lin Nian." Ding Rong stamped his foot and said.

It is impossible for her to give up Lin Nian. She will definitely get Lin Nian, she will!

"How much is your love worth?"

The woman stood up from the chair, shook her sleeves, and slowly walked towards Ding Rong.

"That Lin Nian is your uncle's savior. Your aunt and I have to be polite when we see him, let alone you? Did you anger him again today? Did you do something stupid again? Tell me! "

As a niece, she would do stupid things for Lin Nian in the future.

But those were not big things, so she just turned a blind eye. Now, it was getting more and more noisy.

"I....."

Ding Rong opened his mouth, a little afraid to mention his bold words outside the Lin Mansion.

"If you don't tell me, do you think your aunt won't know? Someone..."

"Wait, aunt, I...I said it myself.

When he saw the woman, he was about to call someone outside, but Ding Rong quickly spoke up to stop her.

She said these things were fine by herself, how could she ask others to tell her? Now she had regained her senses and knew what nonsense she had said.

"I just want to make rice with Lin Nian, but I can't tie him up. Those guards won't listen to me at all."

The woman's head was full of black lines after listening to her words.

This girl actually wanted to tie up Lin Nian. If these words reached the ears of the city lord, even she would be scolded by the city lord.

"You...you want to make me angry to death?" She pointed at Ding Rong and asked.

"Auntie, I'm so pissed off by Lin Nian. He's so eloquent. If I'm to blame, it's Lin Nian who doesn't know how to praise!" Ding Rong said, shirking all the blame.

"you....."

The woman took a deep breath.

"Tell me, what else did you do?" she asked.

Her intuition told her that there was definitely not just one thing like this, there must be others.

"And... Lin Nian's daughter came here. Lin Nian actually put me aside for the sake of her daughter, without even looking at me. I was so angry that I hit Lin Nian's daughter. A palm..."

"What?!"

The woman was shocked. Lin Nian's daughter came from Huanglu. Can she withstand Ding Rong's hand?

"Ding Rong, you...you are really..."

"Auntie, she didn't suffer a loss. My palm didn't hit her at all. I don't know what happened. The palm's spiritual power was like yours, and it hit me directly."

Ding Rong said.

It was because of this that she was so talented that she was injured and vomited blood. Lin Nian didn't even invite her to come into his house to recuperate and just closed the door of the house.

Isn't this deliberately against her?

"Hi, hoo."

The woman's chest was suffocating, and then she let out a heavy sigh.

If he didn't hurt Lin Nian's daughter, that would be fine.

Chapter 2024 Are you married?

She could also have something to say to the city lord, so that she would not hurt the relationship between the couple because of Lin Nian, an outsider.

"Rong'er, don't go to Lin Nian again. Otherwise, your aunt will send someone to send you back to the Ding family and you will not be allowed to enter Sky City again. Do you understand?"

"What?!"

Ding Rong was surprised when he heard her words.

"Auntie, you can't do this. You should help me. He, Lin Nian, is just a little leader of the guards. For Rong'er to like him, that is a blessing that he will never be able to cultivate in his lifetime!"

"you shut up!"

The woman stopped her words with a cold voice.

"A girl talks about liking what she likes. Do you know what liking means?"

"I....."

"Okay, you go back first. My aunt will send someone to watch you. You are not allowed to see Lin Nian again. If you let your aunt know that you have met him, then I will definitely keep my word and send you back to the Ding family!"

The woman interrupted what Ding Rong wanted to say and ordered.

"Auntie!"

When Ding Rong heard this, he became even more angry and anxious.

If she couldn't get out, how could she find Lin Nian? What if Lin Nian was coaxed by his daughter and went to find his yellow-faced woman again?

"Get down!"

Not wanting to see her again, the woman shook her sleeves heavily and turned away.

"Rong'er resigns.

Ding Rong had no choice but to retreat.

"lady....."

After she left, a maid came over beside the woman.

"Go, send someone to keep an eye on her, and don't allow her to go out and mess around again." The woman ordered the maid.

In the past, she indulged Rong'er because there was no woman around Lin Nian. She thought that now that he had also cultivated his spirit, he might be able to get closer to the city lord and the city lord's mansion.

After all, if it weren't for Lin Nian back then, both she and the city lord would have died at the hands of those people.

But now, Lin Nian's daughter has been found. How can she let Rong'er disturb them again? What's more, Ding Rong actually said that she wanted to kill Lin Nian's daughter!

How could she allow this? If word spread, wouldn't it mean that outsiders would say that the people in their city lord's palace repaid kindness with hatred?

"Yes, ma'am, I'll go right away."

The maid took the order and prepared to retreat.

"etc."

The woman stopped her again.

"Madam, do you have any other orders?" The maid turned back and asked respectfully.

"Go ahead and tell the city lord that Lin Nian's daughter is here. I believe the city lord knows the news and will definitely want to take a look." the woman ordered.

They knew a lot about Lin Nian's daughter and were very curious about her.

Because Lin Nian once said that he had forgotten everything, but he only remembered that he had a daughter, and he even remembered her name.

"Yes, ma'am."

The maid took the order, turned around and went out.

...

In the Lin family, Lin Baizhong personally cooked a large table of dishes to entertain his precious daughter and other people.

"Son-in-law? Sangsang, are you already married?"

When he found out that his precious daughter was married, he frowned and looked at Sui Zimo on the side with displeasure, as if Sui Zimo had robbed him of his treasure.

Of course, Sui Zimo really robbed her, and he robbed his wife.

"Zi Mo pays homage to my father-in-law." Sui Zimo bowed to Lin Baizhong.

"puff!"

Seeing how serious he was, Lin Changhong couldn't help laughing.

Chapter 2025 Keep your mouth shut

"Brother-in-law, I have never seen you look so serious. Have you forgotten that you used to go hunting in the mountains with my father. You two are so familiar.

Maybe, he is even more familiar with it than his son.

"Huh? We've known each other before?"

Lin Baizhong glanced at his son, who he reluctantly accepted, then looked at Sui Zimo and asked.

Why did he say this as if he had known his son-in-law well before? Could it be that he sold his precious daughter himself?

"Father-in-law, my house is next door to yours, and my son-in-law is near the water." Sui Zimo glanced at his wife and said.

"snort!"

Lin Baizhong snorted coldly.

"What a building near the water, it's obviously a rabbit eating the grass beside the nest!"

Lin Caisang: "..."

What does this father-in-law and his son-in-law fighting in the ring have to do with her?

"Dad, am I, your daughter, the grass next to the nest?" She raised her hand, raised her nose, and asked with a frown.

Lin Baizhong: "!"

How is this possible? His precious daughter is a beauty that everyone loves!

"Dad is wrong, Sangsang, don't be as knowledgeable as dad. Come on, dad cooked for you. Are you hungry? Let's eat first, and we'll talk about the rest later," he said.

Everyone looked at Lin Caisang being dragged away, speechless.

"Hey, I must have picked it up!"

Lin Changhong raised his hand sadly, touched his nose, and said.

Isn't it like he was picked up? Look at his father. With Sangsang, he has completely forgotten about his son, as if he never existed.

"Dad, wait for me, I'm hungry too."

Hurry up, even if you are thrown away, you still have to crawl back crying. Who wants this to be your biological father?

...

"So, your mother has been waiting for me at home, right?"

Putting down the chopsticks in his hands, Lin Baizhong looked at his son Lin Changhong and asked.

"this....."

Lin Changhong glanced at his sister, and then looked at his own father with a stern expression.

"Well, Mom, she was just like you, she lost her memory. Dad, I can't blame Mom for this. She was deceived, really!"

There were some things that, even if he didn't say them now, his father would know about them in the future, so he thought... well, it was because he was being mean and let his mother's old things slip away.

"I don't blame her."

Lin Baizhong said seriously.

Everyone will have the difficulties of having to do something, and everyone will encounter difficulties.

"Changhong, Sang Sang, my father has experienced life and death several times. If you can't even understand this, then your life has been wasted for so many years. For me now, as long as a family is If they are all still alive and well, then that's good."

What he said couldn't be more correct.

As long as a person is alive, why should he care so much about the past? Whether he loses his memory or is deceived, they are just the hardships he has experienced.

It's like, if I hadn't remembered that I had a daughter, I would have already lost my memory and got married again, right?

What's more, from what the children said, his wife seemed to have lost her memory because of someone deliberately plotting against her, so he had no reason to be angry.

"Have you ever found out who did what happened to your mother?" he asked.

"No."

Lin Changhong shook his head.

"Mother is very tight-lipped. Sangsang and I didn't find out anything, but thinking about it, it must be someone from this sky city. Otherwise, why would mother mention everything when we were about to come to Qianhuan Continent? , but there is no mention of Sky City?"

Chapter 2026 Let's go now

He told his guess, and of course, it was also everyone's guess.

"Sky City..."

Lin Baizhong narrowed his black eyes dangerously and looked into the distance.

Since he is in Sky City, it is easy to handle. He has been staying in Sky City all these years, and it is not in vain.

"Ignore this for now, Sangsang, you go back to Huanglu with your father, visit your grandparents, and then bring your mother over."

He looked at his precious daughter and said.

"ah?"

Hearing his words, Lin Caisang was stunned and turned to Sui Zimo.

"Zimo, do we want to go back first?" she asked.

"Go back first. My mother-in-law will definitely be very happy to see my father-in-law." Suizi Mo said.

There was nothing to hesitate about. The things he had to do were complicated and not that easy. Of course, he had to reunite his father-in-law and mother-in-law first.

"Okay, let's get ready and head back to Huanglu." Lin Caisang nodded when he saw that he agreed.

"No need to prepare, let's go now." Lin Baizhong suggested because he couldn't wait any longer.

"So urgent?"

Not only Lin Changhong, but also Zhong You and the others asked this.

Don't be so anxious, can't you just rest here for a night?

"Sang Sang, dad also runs some forces here. The city lord of Sky City will soon know about your arrival. If he sends someone to the door, it will not be so easy for us to leave.

Seeing that everyone was confused, Lin Baizhong explained to his daughter.

"Let's leave Sky City and find a place to rest." He said.

Everyone: "..."

Why does the master have to explain to his daughter if they ask? Why can't he tell them?

Why is this difference so big? It's really sad to think about it.

but.....

Turning around and looking at Lin Changhong who was being treated the same way, they felt much more comfortable. At least their biological son was treated the same as them. What else could they say?

"Then let's go now."

Sui Zimo immediately made a decision and said.

As a result, the group of people calmly called out the flying monster, and then sat on the monster and left openly.

The people of Sky City looked at those flying monsters, all of them holding up the sky on the ground, with envy in their eyes. Although many powerful spiritual cultivators have monsters, there are really not many flying monsters. .

Furthermore, with Haibo Kingdom here, it is difficult for humans to contract Warcraft. Even if they can be contracted, they will not be of many types.

But what was flying in front of their eyes at this moment were all high-level monsters.

Just one of them is worthy of being shown off for a while, let alone so many of them. No matter how much you think about it, you can't get it.

"Why do these flying monsters seem to fly out of Commander Lin's house?"

There were guards on the street who couldn't help but murmur to themselves as they watched the flying monsters in the sky disappear.

"Since when did Commander Lin become so powerful? He only has the shield beast that the city lord rewarded him with, but isn't it unable to fly?"

Every time Commander Lin wants to go out, he always uses a raised flying monster. The monster is disobedient and can easily be raised to death. It is more powerful than a flying monster that can be contracted.

"I heard that Commander Lin's daughter came here and brought many people with her. These flying monsters can't be theirs, right?" someone speculated.

"No way, Commander Lin is not from the Desolate Continent, so isn't his daughter also from the Desolate Continent?"

Chapter 2027 Will you come back?

How could a few people on the deserted land have such a powerful flying monster as their mount?

Dream on!

Even the guards of Sky City do not receive such good treatment. Every time they have something to do, they have to run on two legs or use the flying monsters in the city lord's palace.

But now, Commander Lin's family can all ride on such powerful flying mounts?

No way?

"Could it be that I misunderstood that those people are not members of Commander Lin's family at all?" Some people suspected.

"Isn't it? You'll find out after you go and see it."

Everyone said something to each other and walked towards Commander Lin's house.

If Commander Lin's daughter is really that powerful, then no matter what they do, they have to curry favor with her first so that they can take advantage of her, right?

...

"gone?"

In the city lord's mansion, when he heard the guards hurriedly came to report that Lin Nian had left with his daughter, the city lord stood up from his chair.

"Hey, I still let him leave after all. This city lord knows that I can't keep him no matter what." He had already left, and he had nothing to say, so he could only sigh lightly.

When Lin Nian saved him and his wife, he could tell that this Lin Nian was not an ordinary person, with very good muscles and bones.

Therefore, the ancestral precepts that he was willing to violate also gave him a chance to cultivate his spiritual power.

Later, he saw that he was getting better and better day by day. He was naturally happy for Lin Nian, but he didn't expect that he would go back to Huanglu like this.

"City Lord, my subordinates heard that today Miss Ding Rong went to make trouble outside Commander Lin's house again. She also threatened to tie Commander Lin up. She even almost injured Commander Lin's daughter.

Could it be because of this that Commander Lin didn't even let his daughter rest and left immediately? "

The person who spoke was the steward who had been waiting on the city lord.

This man was able to serve the city lord and was considered a decent person. However, as a servant, he also had difficulties. He was scolded and insulted by Ding Rong several times in the mansion, but he could not fight back.

Who knows that he is a servant, but Ding Rong is the natal family of the city lord's wife, so he can be regarded as half a master.

But this time, Commander Lin left. He felt that he had an inseparable relationship with Ding Rong, so he said more.

"This Ding Rong!"

When the city lord heard his words, his face suddenly darkened.

He had warned Ding Rong several times not to provoke Lin Nian, who was his savior and also saved Ding Rong's aunt.

Ding Rong, this girl, has been spoiled by her family for a long time. She is not afraid of anything.

"You go to Madam's place and tell her that it is the City Lord's wish to let Ding Rong go back to her own home for a while and then come out of the City Lord's Mansion... If it doesn't work, let the Ding family find a match for their daughter. That's fine with your husband's family, but don't bring trouble to the city lord's house!"

He thought for a while, but in the end he still didn't want to support Ding Rong, so he ordered the manager.

"Yes, City Lord."

The steward responded and went out.

"Commander Lin left, did you leave anything behind?" The city lord looked at the guards and asked.

"Back to the city lord, Commander Lin once left a message to the servants at home, saying that he would come back as soon as he left. He would be back in as little as half a year, and as long as one or two years." The guard said truthfully.

"Will you come back?"

The city lord's eyes lit up, and he let out an almost imperceptible breath.

It would be nice to be able to come back. He will have someone he can talk to in the future. Not bad, not bad.

Chapter 2028 Let Ding Rong go to Longxin Valley

"Go and buy all the houses next to Commander Lin's house immediately and write Commander Lin's name on them.

After thinking for a while, he raised his head and ordered the guards.

Presumably, when Lin Nian went back this time, he was going to pick up his family to live in Sky City, right?

If there are a lot of people, can Lin Nian's small house accommodate them? He should think more about him and buy him more houses.

"Yes, City Lord." The guard responded and went out.

"Lin Nian, Lin Nian, look at how well this city lord treats you. The family has made arrangements for you. You have to come back early!" After the guards left, the city lord muttered to the air.

"Why come back early?"

Suddenly, a smiling voice reached his ears. He looked up and saw his wife walking in.

"Madam, why are you here?"

he asked, standing up.

"I heard about Lin Nian's departure and came to see you." The city lord's wife said.

"Why."

The city lord sighed.

"That man is really merciless and leaves as soon as he says he wants."

"He wants to leave, how can you keep him? I heard that Lin Nian left in a majestic flying monster. From this, his daughter is not simple either. Sooner or later she will Back.

The city lord's wife said.

"Too."

The city lord nodded, feeling that his wife was right.

What can he do in the Wild Continent? In the end, he has to come to the Qianhuan Continent. He worries in vain.

"It's good that Lin Nianhui will come back, but madam, the matter of your niece..."

Hearing her husband mention Ding Rong, the city lord's wife didn't look too good and sighed heavily.

"Rong'er was spoiled by her parents. She dared to do anything. I originally thought that keeping her by my side to train her would always change her temper. But she became more and more... of misbehavior.

No, I just came here to discuss with the city lord. Isn't Dragon Heart Valley opening soon? Why don't we let Rong'er go there and experience it? "

"You want Ding Rong to go to Longxin Valley?" The city lord was a little surprised when he heard his wife's words.

Although the name of Dragon Heart Valley sounds nice, it is not a good place otherwise. It was specially opened by Sky City for those children of aristocratic families who have made some minor mistakes or are overbearing and domineering.

To put it bluntly, it's just a big prison cell, but it sounds a little nicer, saying it's for training.

"Are you willing?"

"What can I do if I don't want to give up? If I let her continue to toss like this, the city lord's mansion will be disturbed by her." The city lord's wife said.

No matter how reluctant she was, she had to give it up, not to mention that it was not her daughter. Her sister had raised her daughter like this, but now she was sent to her, an aunt, to discipline her.

Since it was discipline, she was naturally as cruel as she could be.

In the past, it was for the sake of being her sister's biological daughter, but now, she can see that Ding Rong's temperament, the more he gives her some color, the more troublesome she becomes.

"Let her go and calm down her temper, so that she won't be unable to get married in the future!" she said.

"Okay, if you're willing to give it up, then I'll make arrangements to add another name." The city lord said.

"Thank you City Lord."

The city lord's wife thanked her, and then one of them sat down to handle business, while the other began to study ink.

Chapter 2029 What's going on?

...

"Gone, actually left? When did you leave? When?!"

In another courtyard, Ding Rong almost collapsed when he heard the news that Lin Nian had left.

Lin Nian didn't even say hello to her, and just left like that, following his bitch daughter back to Desolate Continent?

"Bitch, bitch!"

While cursing, she swept everything on the table to the floor.

"Miss!"

The maid was shocked when she saw her actions. She rushed forward and stamped out the flames on the carpet that were about to be lit by the oil lamp, and then let out a sigh of relief.

"Miss, please calm down. This is a carpet made by the city lord's wife herself. If it is destroyed, we cannot explain it to the city lord's wife."

Fortunately, it was only slightly burned and she was able to save it in time.

And this is also a small corner. When she gets a pot of flowers and puts them in this place, no one will notice.

"What a rug, you're a bitch too!"

Ding Rong was already going crazy. He didn't care about the carpet at this moment, so he kicked the maid towards her.

"ah!"

That kick was filled with spiritual power, and the maid was instantly kicked out.

"Sui'er..."

Another maid saw her companion being kicked down and wanted to help her, but was held back by another maid next to her.

"Don't go, don't go!"

While the maid was pulling her, her eyes kept squinting in Ding Rong's direction, and her meaning couldn't be more obvious.

According to Ding Rong's temperament of being unreasonable and unforgiving, if they dare to help Sui'er, she will definitely beat Sui'er even worse, and she will be punished by Commander Lin today. All the anger I received came from Sui'er.

Then they are the ones who really harmed Sui'er.

The maid who was being pulled turned her head and glanced at Ding Rong secretly, her eyes full of hatred.

This woman is really too vicious. If she hadn't been the niece of the city lord's wife, she would have been retaliated and beaten to death long ago, right? How could she be allowed to be so arrogant?

"Hurry up and send me someone to chase him back!" Ding Rong ordered the maids.

When the maids heard her words, they all lowered their heads and said nothing.

Are you kidding? They had heard that Commander Lin left on a flying monster, and it was a very powerful flying monster. How could they be able to chase him back?

"What's going on here?"

Suddenly, a steady voice sounded from outside.

When Ding Rong heard the sound, he came to his senses and quickly walked towards the person.

"Mother Jin, go talk to my aunt and ask her to send someone to bring Lin Nian back. He can't leave. How can he abandon me and find someone else's bitch?"

When Grandma Jin heard what she said, her eyes that had been looking at Ding Rong tenderly suddenly became cold.

"Girl, you are the daughter of the Ding family, why do you say such disrespectful words?"

"I....."

"Lin Nian is the commander of the guards of Sky City. Even if he is not, at his age, he should not be the person that a girl of her flowery age should like. Girl, why don't you understand?"

Aunt Jin didn't give her a chance to speak at all and continued.

She glanced sideways at the things swaying here and there, and when she saw the black hole on the carpet, she became even more displeased.

Chapter 2030 I'm sorry to see you!

The city lord's wife made it herself. She was reluctant to use it herself, so she gave some to the city lord's yard. The rest, because Ding Rong liked it, gave it all to Ding Rong's niece.

But I didn't expect that Ding Rong would ruin the madam's heart so much!

"Mommy, I really like it..."

"alright."

When Ding Rong was about to say something else, Grandma Jin raised her hand and interrupted her.

"Girl, you don't have to say whether you like it or not. Madam will not allow you to like it. Also, Madam has followed the instructions of the city lord and will send you to Dragon Heart Valley soon after it opens. Get some experience."

"What?!"

Ding Rong was stunned after hearing this.

Dragon Heart Valley, I'm afraid everyone in the entire Qianhuan Continent knows where that place is, right?

Does her uncle actually want to send her to a place like Longxin Valley to suffer for Lin Nian's sake? How is this possible?

She liked Lin Nian, but what was wrong with her? Shouldn't she like anyone and let her whole life pass like this? And her aunt, she found a husband who loved her, and he was also the lord of Sky City.

As for her, why didn't her aunt let her marry Lin Nian?

"Girl, you should live here well in the days before Dragon Heart Valley opens. I will send a few more maids to serve the girl." Grandma Jin said.

She said she was serving, but actually she was keeping an eye on Ding Rong to prevent her from doing anything that would disgrace the family tradition and the reputation of the city lord's palace.

Ding Rong took a deep breath and was so angry that he wanted to throw something again.

But before she could say anything, she heard the sound of Aunt Jin leaving.

"I won't disturb the girl's rest anymore. I'll leave."

"You... you..."

Ding Rong looked at Grandma Jin's retreating background, feeling so angry that her heart ached.

"You just don't like this girl!"

Yes, everyone in the city lord's palace dislikes her. They all know what a good man Lin Nian is, but they don't let her get close to her. They are just jealous of her.

"No, I can't stay here anymore, I can't go to Dragon Heart Valley."

Thinking of Dragon Heart Valley, she shook her head.

She didn't want to go to that shabby place in Dragon Heart Valley. She was the daughter of the Ding family. Why did she go to Dragon Heart Valley to practice like those prisoners?

She was going to find Lin Nian. Lin Nian had gone to Huanglu, right? Then she would go to Huanglu to find Lin Nian.

By the way, you can meet that shameless vixen and cut her face a few times to see if she dares to seduce Lin Nian again!

"Yes, that's it, that's it, you all get out of here, Miss."

She kept nodding, waved her hand to drink the maids away, and then began to pack some of her things, preparing to secretly leave the city lord's palace.

...

"Hey, tell me, the lady won't sneak away secretly, right?"

One of the three maids who was kicked out asked the other two in a low voice.

"have no idea."

The beaten maid shook her head, with no expression on her face.

"According to the temperament of the young lady, it is impossible for her to want to go to Dragon Heart Valley. She will definitely have to sneak out and hide outside for a while." Another maid guessed.

That is Dragon Heart Valley, a place that many people don't want to go to. Once anyone goes to Dragon Heart Valley, the whole family will lose face in Sky City.

How could someone as arrogant and face-conscious as Ding Rong be willing to go to Dragon Heart Valley?
