

Star of Space 2031

Chapter 2031 This is too presumptuous!

"What should I do?"

A maid suddenly became anxious when she heard this.

"If the madam knows that we didn't keep an eye on the young lady and let her run away, how will we explain it?"

"laugh."

The beaten maid sneered.

Humph, that arrogant Ding Rong, if she wants to run away, just let her run away.

She looked at Commander Lin's daughter, and she didn't think she was easy to get along with. If Ding Rong really went to Huanglu to fight Lin Nian, did she think she would have a good life?

Commander Lin never paid attention to Ding Rong.

Even when looking at the face of the city lord and his wife, he never gave Ding Rong a good look.

In such a situation, Ding Rong still wants to fight with Commander Lin's daughter?

Besides, she is Commander Lin's daughter, and Ding Rong wants to marry Commander Lin and become Commander Lin's wife. How is this possible?

"Anyway, let's keep an eye on the lady."

She said to her two companions indifferently.

Of course, if Ding Rong really wants to leave here, she must have her own way. The maids like them can only fulfill their responsibilities.

Madam has always been tolerant, so why would she punish them too much because of a spoiled niece?

"Yes, yes, let's keep a close eye and not let the lady escape.

...

In the room, Ding Rong bit his lower lip and stared outside the door with scarlet eyes.

"What kind of aunt? She still said she loves me and promised my parents that she would be good to me. What's better? She knows that I like Lin Nian and yet she doesn't let me marry her. To her, isn't this just a sentence? What's the problem?"

Yes, her aunt is obviously the wife of the city lord, is it so difficult to get her married?

Even though Lin Nian was the savior of the city lord and his wife, now Lin Nian is still a minister, and her uncle is the city lord and master.

As long as the aunt can say a few nice words for her in front of her uncle, wouldn't it be possible to get things done?

But the aunt just refused to do it for her and wanted her to suffer in that ghost place of Dragon Heart Valley!

"No, let's leave quickly. We can't let my aunt send me to Dragon Heart Valley!"

After thinking about it, she still had to leave this place as soon as possible. If her aunt realized what she was doing, more people would definitely be sent to watch her.

By that time, she couldn't leave even if she wanted to.

Taking a deep breath, she looked at the baggage at hand, gritted her teeth, opened the window and jumped out.

...

"Ran?"

When the city lord's wife got the news, it was already the next day.

"Yes, madam, he ran away last night. When he was found, he had already left Sky City and disappeared." Grandma Jin said to the city lord's wife.

There was a 'bang' sound.

The city lord's wife hit the table with her palm, feeling extremely angry.

"This Ding Rong is really too presumptuous!"

She just asked Ding Rong to go to Longxin Valley for some training, but she actually ran away for her?

"Immediately, chase her in the direction of Huanglu. You must chase her back. After you chase her back, you don't have to go back to the city lord's mansion. You can send her directly to Dragon Heart Valley!"

She ordered to Grandma Jin.

Ding Rong ran away now, and there was no other possibility except chasing Lin Nian.

Therefore, there is definitely no problem in sending people to chase in the direction of the deserted land. However, since Ding Rong does not have a flying magic beast on him, it is impossible to catch up with Lin Nian and the others.

He was walking slowly, and she could still catch up if she sent someone to chase him now.

Chapter 2032 Until reconciliation!

"Go back to Madam, we have already sent someone to chase her. If we want to send the girl to Dragon Heart Valley, I will send someone to go again immediately." Grandma Jin replied.

This young lady from the Ding family is really too dishonest and dares to do anything. She feels that the Ding family has really caused a big problem for her by handing people over to the madam.

For a while, the Ding family thought they had sent a little girl of their own to Madam, who could chat with Madam and amuse her.

Thinking about it, I feel really bad.

"Go ahead."

The city lord's wife sighed softly and waved to Aunt Jin to signal her to go out.

At this time, she couldn't help but wonder if she had really done something wrong. If after her child disappeared, she could listen to the advice of the people around her and give birth to another child for the city lord, wouldn't she have to be angry with that girl Ding Rong?

However, is it not too late?

There are many women in Qianhuan Continent who give birth to children in their forties because of their spiritual cultivation and proper maintenance.

And she was only forty now. If she wanted to have another child, that was possible.

Maybe, it really can.

"I will talk to the city lord another day. I can no longer rely on the city lord's favor and trust and let this Sky City have no successor."

...

Speaking of Ding Rong, after secretly leaving Sky City, he was really lucky to catch up with Lin Baizhong and his party.

Because Lin Baizhong was afraid that his precious daughter would be tired from the journey, he found an inn in Zhongcheng, a subsidiary city of Sky City, and stayed there, planning to rest for two days before heading on the road.

Unexpectedly, they met Ding Rong who was chasing them.

"Brother Nian, I finally caught up with you. Why didn't you call me when you returned to Huanglu?" Ding Rong came to Lin Baizhong and looked at him with a beautiful smile.

It's great that she found Lin Nian without any effort. Then, as long as she followed him closely, she was not afraid that the yellow-faced woman in his family would seduce him again.

She's guarding it.

The group of people behind Lin Baizhong who wanted to eat: "..."

It's really scary for a girl who is so young to be able to call a man who can be her father brother.

"This guest, your sister is so young." Someone saw Ding Rong as a little girl and Lin Baizhong looked like an uncle, and couldn't help but admire Lin Baizhong.

It's great to have such a young sister, but their mother must have suffered a lot. She is quite old and is still pregnant and has a baby.

Lin Baizhong: "..."

He doesn't have such a sister.

"Miss Ding, please respect yourself, I don't have any sisters."

With a dark face, he turned back to his seat and continued eating his meal.

"I....."

Ding Rong felt angry when he saw him sitting back again.

But soon, she calmed down again, so what if I ignored her? This time, she decided to follow him, and she would make sure that Lin Nian and the yellow-faced woman in his family were reconciled!

Anyway, after so many years, Lin Nian didn't even remember that he had a wife. How could that woman have the face to stay by Lin Nian's side?

"Do you have any eyesight? Didn't you see me coming? Get up quickly and sit somewhere else."

She came to Lin Caisang's side and said to her with disdain.

Hearing this, Lin Caisang put down the food on his chopsticks, then raised his head, glanced at the other people eating at the table, and then looked sideways at Ding Rong.

This girl thinks she's a pushover, right?

Chapter 2033 Let you all die

Without talking nonsense, he stood up and raised his eyebrows at Ding Rong.

"Hmph, you know what's going on."

When Ding Rong saw her standing up, he thought she was giving up her seat to him.

I thought in my heart that Lin Nian's daughter was just a weakling who was looking for nothing. Even if she married Lin Nian in the future, she would still be able to suppress her.

He stretched out his hand, wanting to pull Lin Caisang away unceremoniously.

Who knew that before his hand touched Lin Caisang, he felt his front collar being grabbed by someone, and then his whole body was lifted up as soon as his feet were free.

"ah!"

With a scream, Ding Rong was thrown to the street outside the restaurant by Lin Caisang, and he lay down directly.

"unlucky."

Lin Caisang clapped his hands and continued to sit down and eat.

"Eat more. Let's go on our way after eating."

Sui Zimo brought some vegetables to his wife to calm her down.

His father-in-law, with his face alone, is a troublesome person. He has been killed several times because of women. Now, there is a woman by his side.

He turned his eyes and looked at his uncle Lin Changhong.

I wonder if this uncle will charm a lot of girls in the future and become a romantic figure?

"Zimo, what do you think I am doing?"

While Lin Changhong was eating, he felt someone staring at him with blazing eyes. He looked up and saw that it was his brother-in-law, so he quickly asked.

In the eyes of his brother-in-law, there is no one else except his sister, and the man never takes a serious look at her.

It's a good day today, but you are still sizing him up?

Also, what kind of look is this?

"nothing."

Sui Zimo shook his head.

Even if Lin Changhong wanted to be a romantic man, he had to see if his wife agreed. How could Sonny allow his brother to become a romantic young man surrounded by women?

On the street, Ding Rong was thrown out directly, which immediately attracted the attention of many pedestrians, who pointed at her.

"What are you looking at? Is there anything interesting to see?"

She got up from the ground and stared at those people, wanting to kill them.

She is the niece of the wife of the Lord of Sky City, how could she let these low-class people laugh at her? She must let them die badly.

Thinking about it, she secretly reached out, took out a packet of medicinal powder from her arms, and scattered it.

After a while, those who were looking at her felt that their stomachs began to hurt. Some people couldn't help it and squatted down, and some people just sat down and lay on the ground.

There was a lot of wailing.

"Hmph, if you dare to laugh at me, I will let you all die!"

Ding Rong looked at them in unbearable pain and snorted coldly, feeling extremely proud.

And Lin Nian's daughter actually attacked her. Wait a minute, she will also make her unable to eat and walk away!

"What's going on outside?"

The guests who were eating in the restaurant heard the noise outside, and many people came out.

Seeing those people lying on the ground, whose faces were obviously poisoned, everyone turned their attention to Ding Rong.

So many people fell around Ding Rong, but she was the only one standing peacefully. She must have been the one who poisoned her. How could this woman be so vicious and treat everyone passing by so cruelly? hand?

"What are you looking at? Believe it or not, this girl will kill you." Ding Rong looked at the unkind eyes of the other people, looked at them proudly, and warned.

Chapter 2034 Can I try one?

When everyone heard her words, they felt a chill in their hearts.

Looking at such a beautiful girl, she turns out to be a bitch-hearted. No matter how beautiful a woman like this is, no one would want to marry her, right?

"Master, mistress, it's Miss Ding just now. She poisoned the people on the street." The servant came back from outside and replied to his master.

"Poison?"

Lin Changhong turned his head, glanced outside the noisy restaurant, and then looked at his sister.

"How about we go take a look?"

She would poison innocent people at every turn, which showed that that woman was really vicious. They didn't know how their father got into trouble with such a woman.

In fact, Lin Baizhong was still unjustly accused. When had he ever provoked a woman? It was all women who provoked him automatically after seeing him.

In Sky City, Ding Rong is not the only one, there are others.

But none of the others had a higher status than Ding Rong, and there was no aunt who was the wife of the city lord, so they didn't dare to get close to him.

And this Ding Rong is like a piece of dog-skin plaster. Once it sticks on, it can't be pulled off.

"Dad, you continue eating, I'll go out and take a look." Lin Caisang stood up, said something to Lin Baizhong, and went out.

"Sangsang..."

When Lin Baizhong saw his precious daughter going out, he still wanted to give her a warning.

After all, this Ding Rong is like a madman, biting everyone he sees. He doesn't want his daughter to have too much interaction with Ding Rong.

"Don't worry, Dad, Son'er's medical skills are extremely high. People like Ding Rong are no match for Son'er." Seeing that Lin Baizhong wanted to follow him out, Sui Zimo quickly spoke up and told the truth for his wife.

Then, he stood up from his seat.

"I'll just go out and take a look."

Lin Baizhong: "..."

Son-in-law, are you sure you don't think I'm bothering you, so you let me continue to sit and eat?

But since the son-in-law had already said this, and he really didn't want to see Ding Rong's face, he sat down with peace of mind and continued to eat.

On the street, those who had been poisoned by Ding Rong were already lying on the ground, not moving at all, and more air was coming out than in.

The other people who were not poisoned only dared to point at Ding Rong from a distance. No one dared to come forward to help, let alone do anything to Ding Rong.

Who knows what kind of poison is on Ding Rong's body?

If they go to save people right now, they might be the ones who fall down the next moment.

At this moment, Ding Rong saw that those people were so afraid of her, and she felt even more proud, which showed directly on her face.

"Hmph, you bunch of bitches, go to hell one by one, this lady... ugh!"

She continued to curse at those who fell to the ground.

But before he was halfway through his words, he felt like his throat was being strangled by something, and he couldn't say a word.

"Where's the antidote?"

Lin Caisang looked at her coldly and asked.

"you....."

Ding Rong stared and looked at Lin Caisang in disbelief. He couldn't believe that the person grabbing her neck was actually Lin Caisang, that bitch daughter of Lin Nian!

Almost subconsciously, she wanted to reach into her arms to get the poison.

"Well."

Unexpectedly, before I could put my hands into my clothes, I felt my throat tighten.

"If you have the ability, can you give it a try?" Lin Caisang looked at her coldly and said coldly.

Chapter 2035 A mouthful of pills

"You..." Ding Rong gritted his teeth and stared at Lin Caisang.

This woman didn't seem to be as incompetent as she thought, and he was able to grab her by the throat without giving her a chance to fight back.

"Hurry up and let go of me. If you dare to touch me, my aunt will not let you go!"

"Your aunt? Where is she?"

Lin Caisang raised his eyebrows and asked her.

They all ran out, and the aunt is still there. It's no use calling me dad and mom now, right?

It's a credit to this woman's parents for raising her to be such a brainless person, otherwise, she might have harmed many more people!

"you....."

When Ding Rong heard her words, he glared angrily.

Just wait, when she marries Lin Nian, she must teach this woman a lesson and make her life worse than death!

"Antidote."

Lin Caisang said two words lightly.

"They deserve to die. Why should I give them the antidote? I just want to watch them die!" Ding Rong's face began to look proud again.

Those people deserved to die, who told them to laugh at her?

Now seeing Lin Caisang worried about those people, she suddenly felt that those people really deserved to die.

"If you want to pretend to be a good person and save them, there is no way.

"Sang Sang, what nonsense are you talking to her about? Why don't you just feed her a poison?" Lin Changhong came over and came up with an idea.

Hearing this, Lin Caisang raised his eyebrows and thought his eldest brother's idea was a good one.

So, she directly reached out and took out a porcelain bottle from her small bag. Without letting go of her hand around Ding Rong's neck, she directly opened the porcelain bottle with her thumb, held the bottle to Ding Rong's mouth, and poured out the contents of the porcelain bottle. All the medicine was poured into her mouth.

"Cough, cough!"

Ding Rong's mouth was filled with pills, some of which had been swallowed, while others were still in her mouth. Because there were too many pills in her mouth, she had no time to swallow them and was choked.

Lin Caisang finally let go of his hand and threw Ding Rong to the ground unceremoniously.

"My poison is not that poisonous. If you take it and don't get the antidote, you won't be able to speak after one hour, you won't be able to hear after two hours, and you won't be able to smell after three hours. Well, after four hours, you won't be able to see anything.

Moreover, after you have lost all these, even taking the antidote will be useless. "

"you you....."

Ding Rong was still spitting out the pills in his mouth on the ground. After hearing Lin Caisang's words, he was so frightened that he raised his head and looked at Lin Caisang in horror.

"You...how could you be so vicious that you actually poisoned me!"

"You can poison others, why can't I poison you? Why, are you special?" Lin Caisang asked her.

"I am from Sky City, and the wife of the Lord of Sky City is my aunt. If you offend me, you will not end well!" Ding Rong shouted angrily at Lin Caisang.

"laugh."

Before his sister could speak, Lin Changhong sneered.

"What kind of evil has the wife of the city lord of Sky City done? She has such a vicious niece like you? Her reputation has been completely ruined by you. Do you still have the nerve to say that she is your aunt?"

If he were the wife of the city lord of Sky City, she would definitely be pissed to death by this woman.

Not only did he act viciously, but he also wanted to ruin the reputation of his own aunt. Just imagine how those who were poisoned would feel after knowing that Ding Rong was actually a relative of the city lord's wife.

Chapter 2036 You don't have to scare me

"Where is the antidote? Hand it over. Otherwise, you will only be a person with no senses in the future. My sister's poison is very powerful. Looking at Qianhuan Continent, no matter how many alchemists you invite, you will only be able to I'm afraid I can't even refine the antidote.

he said.

Lin Caisang: "..."

Her eldest brother will die if he doesn't blow up his bullshit.

"You should speak more leisurely."

They still have to come to Qianhuan Continent. If her eldest brother's words spread, will she be able to survive in Qianhuan Continent from now on?

"I know, I didn't scare her."

Lin Changhong lowered his voice and nodded to his sister.

Lin Caisang shook his head helplessly at him, and then looked at Ding Rong.

"Although my elder brother is exaggerating, to be honest, my poison is really effective. Ding Rong, should you hand over the antidote now, or wait until you lose your voice before handing over the antidote?" Where's the medicine?"

"No, there is no antidote." Ding Rong turned pale and shook his head.

Her poisons were all taken from the Lord's Mansion of Sky City. Since they were to be used on others, who would care about the antidote?

She never needs to care about other people's lives or lives. What does it have to do with her whether others die or not?

"Still unwilling to take it out?" Lin Changhong raised his eyebrows.

This is really not a coffin without shedding tears. Is it a decoration to treat his girl as poison?

"I think you want to die, right? Do you really think that just because you are the niece of the wife of the Lord of Sky City, you can do whatever you want out there? On this Thousand Illusion Continent, there are people outside the world, and there is a sky outside the world. Don't you know this?

What is so proud of a person who relies on the power of others to show off his power?

Do you really think you are great when others give you a little respect for the sake of the Lord of Sky City? Don't offend anyone by saying anything later. You won't be left intact if you die, right? "

This is of course possible. A woman like Ding Rong speaks without thinking and acts based on her own will. She should offend many people.

She had been in Sky City before, and even if someone wanted to deal with her, they would not dare.

But now that she has left Sky City, those who have been offended by her before and want to deal with her must come out quickly to repay injustice and revenge.

He really didn't understand how this woman dared to be so careless and come out without anyone.

Is he still not afraid of death?

"This is not Sky City. Even if I kill you, no one will find out, right?"

"you....."

Ding Rong was frightened by Lin Changhong's words.

When Lin Changhong reminded her, she remembered that she had offended many people in the past relying on her aunt's influence.

However, because she has always lived in Sky City and is the niece of the city lord's wife, she never thinks that scolding or hitting a few people is something that will offend others.

"You don't have to scare me, I...if something happens to me, my aunt will not ignore it."

With a trembling voice, she said bravely to Lin Changhong.

"When you are killed, your aunt will naturally find the murderer for you, and then let him go underground to accompany you." Lin Changhong slightly raised the corners of his lips and said to Ding Rong.

Ding Rong: "..."

Everyone: "..."

Chapter 2037 Take her away?

What this young man said is really irritating.

But the key thing is that those words were not spoken to them, and this woman is so vicious and has harmed so many people, so what if she is angry?

If they could, they all wanted to kill this woman who could kill several people anytime and anywhere!

"Girl, give me the antidote, give it to me."

One of the poisoned people lying on the ground stretched out his hand to Ding Rong and said weakly.

"No....."

Ding Rong looked at Lin Caisang and then at the people who fell on the ground. He gritted his teeth and could only tell the truth.

"There is no antidote. I came out in a hurry and didn't bring the antidote at all! You bitch, give me the antidote quickly, or I will ask my aunt to kill you!"

She stared at Lin Caisang with cannibalistic eyes, trying to use threatening words to get Lin Caisang to hand over the antidote to cure the poison on her body.

"you--"

Lin Changhong was almost angry to death by her words.

He strode forward and slapped Ding Rong's mouth crooked.

"You dare to scold my sister because you have such a dirty mouth, you're just asking for a beating!"

What does he care about the city lord's wife's niece? Even if the Sky City city lord's wife's biological daughter is here, he dares to say that his sister will be hit!

"Brother, you don't have to be familiar with her. Take it and distribute this elixir to everyone and let them take it.

Lin Caisang called Lin Changhong back, took out a porcelain vase, handed it to him, and motioned for him to distribute it.

"good."

Lin Changhong responded, took the porcelain bottle and went to the side of the poisoned people.

"Madam, what are you going to do with this man?" Sui Zimo came to her side and asked.

If this woman follows his wishes, she no longer needs to stay in this world, she can just get rid of her.

But relying on his father-in-law's friendship with the Lord of Sky City, I'm afraid it's not possible to attack Ding Rong. He is here and can't make the decision on his own.

"she?"

Lin Caisang was originally looking at the poisoned people, but when he heard Sui Zimo's voice, he turned his head and looked at Ding Rong.

If such a woman stayed in Qianhuan Continent, she would have to commit many crimes.

Moreover, Ding Rong was still thinking about her father at this time. She must have hated the whole group of them in her heart at this moment. Leaving her here might cause some obstacles for them.

It would be better to take her away directly, which would save them from any obstacles this woman would bring to them in the future.

"She doesn't want to follow us to Desolate Continent, then let her follow us."

"Take her away? You mean..."

"What? Sister, are you crazy? Take her away with you. You think we haven't caused enough trouble along the way, right?" Lin Changhong had just given everyone a pill, and when he raised his head, he heard His sister's words frightened him and he rushed over.

What are you thinking about? With this Ding Rong by your side, with her temperament of doing whatever it takes to achieve her goals, can they still leave?

Hearing his words, Lin Caisang turned his head and rolled his eyes at him.

"go away!"

What are you thinking? Take Ding Rong directly to Huanglu. Her head will not be caught by the door, okay?

Lin Changhong was told by his sister that, okay, he took a step back and could only stay aside. His sister was not easy to mess with.

"You want to go to Desolate Continent with us, don't you?"

Lin Caisang took a step forward and walked in front of Ding Rong, looking at her with a smile on his face.

"You...what do you want to do?"

Chapter 2038 There is no antidote

Only then did Ding Rong realize that she was afraid. She thought to herself that she should not come out alone and should bring more people with her.

In this way, even if Lin Caisang dares to do something, there will be people around her who will not be afraid of her.

But now there is no one around her, but behind Lin Caisang, there are so many people helping her. Even Lin Nian, the man she likes, only helps Lin Caisang and never stands. Be there for her and think about her.

"Go away and don't touch me!"

"Why should I touch you?"

Lin Caisang looked at her funny and asked.

After she was full, she went to touch this woman. Of course, from now on, she really wanted Ding Rong to stay by her side obediently, and by the way, get rid of all her bad habits.

"Brother, lift her in. She will follow us."

"Sangsang, you...you really want to keep her. She is such a vicious person. What else can we do if she stays by our side?" Lin Changhong asked his sister anxiously.

"Zimo, take care of her."

"Listen to Sonny."

Sui Zimo only threw him four words and took Lin Caisang back to the inn.

Da Changhong, who was left behind, glared at Ding Rong Daken.

But there was no other way. He could only lift Ding Rong by his collar and carry him directly into the inn.

Wingdings: 

...

An hour later, there was a bang and the door was pushed open forcefully.

Lin Baizhong, who was listening to his precious daughter talk about what had happened in the past few years, saw Ding Rong's furious face, and then saw her rushing to Sang Sang, waving her hands, not knowing what she wanted to express. .

"oh."

Lin Caisang showed an expression of sudden realization and looked at Ding Rong.

"I forgot that one hour has come and you have lost your voice now. What a pity. Even if you get the antidote in the future, you will never be able to speak again. It's pitiful, pitiful."

After hearing her words, Ding Rong raised his hand and pointed directly at Lin Caisang, wishing he could just scratch her face.

But she couldn't and didn't dare, because she believed what Lin Caisang said before. The poison Lin Caisang gave her would really make her lose her voice. Now she just can't speak, but there will be more to come. She will lose everything.

But she doesn't want to lose those, not at all.

She took a deep breath, pointed to her mouth, and then pointed to the small satchel on Lin Caisang's waist.

All Lin Caisang's things were taken out of that small satchel. She had already seen this. If she wanted the antidote, she must let Lin Caisang take out the antidote!

"There is no antidote." Lin Caisang replied directly to her with five words.

Ding Rong was choked by her, but fortunately her throat was unable to speak in the first place, and she would not curse out any unpleasant words from her mouth. She could only stare at Lin Caisang with wide eyes.

Seeing that Lin Caisang refused to hand over the antidote, she turned and left.

"Sangsang, did you poison her?"

After the others left, Lin Baizhong looked at his daughter and asked.

"Yeah."

Lin Caisang nodded.

"She is too noisy and too vicious. If I don't show her a little bit of power, I'm afraid I won't know how to die in the future."

Judging from the previous conversation with her father, although her father was the savior of the Lord of Sky City and his wife, in fact, her father and the couple helped each other.

Chapter 2039 Greedy Daughter

If there was no city lord, there was no telling what would happen after her father fled to Qianhuan Continent.

After all, it was the city lord of Sky City who took her father in and gave her father a place to live.

And Ding Rongshou is the niece of the city lord. Generally speaking, if Ding Rong doesn't go too far, she doesn't want to kill Ding Rong. What's more, she and Sui Zimo will come to Qianhuan Continent later.

Except for Yue Chong and Luo Mianyi of the Yuezhi clan, she didn't want to offend anyone else.

"Then what do you want to do?" Lin Baizhong asked.

As a father, he will naturally support whatever his baby wants to do.

In the past, he had always tolerated Ding Rong for the sake of the city lord, but that didn't mean that Ding Rong could bully his daughter.

"You also know that Ding Rong behaves viciously. I hear what Chang Hong means. Do you want to keep Ding Rong by your side? What are your plans?"

"I have my own arrangements for this matter." Lin Caisang raised his eyebrows and said.

Keeping Ding Rong by your side doesn't mean you can let her come and go freely. Of course...she has her own way.

"Dad, you don't have to worry about Ding Rong. I will take care of her."

When Lin Baizhong saw his daughter saying this, he no longer asked anything, but continued to talk to her about what he had just interrupted, but...

After a while, Ding Rong hurried in again, holding his own baggage in his hand.

There was a 'crash' sound.

He poured out all the crystal stones from his baggage.

Pointing at the crystals, he pointed at Lin Caisang's baggage with his finger, indicating that she could use these crystals to buy the antidote in Lin Caisang's hand.

"laugh."

Lin Caisang sneered and raised his eyes to look at Ding Rong.

"You only have this little thing in exchange for my antidote. Miss Ding, you haven't woken up from your sweet dream yet, have you?"

Hearing this, Ding Rong's eyes widened and he raised his finger to point at Lin Caisang.

Isn't this all there is to it?

The things here are all her belongings, enough to buy a lot of things. Now, she only uses so many things to buy the antidote in Lin Caisang's hand. Is that enough?

She pushed the things on the table in front of Lin Caisang, and then reached out to grab her small satchel.

Lin Caisang: "..."

Damn, are you trying to buy and sell by force?

She even pulled him directly on her body. No matter how much Ding Rong pulled at her, he wouldn't be able to find anything from her little satchel, right?

"Go away!"

She pushed with one hand and pushed Ding Rong out.

"You poisoned those people, and there is no antidote. Of course, if I poison you, there will be no antidote. Even if you trade the entire Sky City, it will be useless."

She said to Ding Rong.

Besides, is she one of those people who has bad crystal stones?

Since coming to Qianhuan Continent, her husband has earned a lot of crystal stones for her. Although it won't be enough to spend in a lifetime, it can still be spent in a few years.

Ding Rong was pushed away by her and looked at her with gritted teeth.

In the end, she could only take a deep breath, step forward, turn over the teacup on the table, pour the tea, then dip her fingers in the tea, and write on the table for Lin Caisang to read.

"What exactly do you want?"

Yes, what does this woman want? She has spent all her savings, why is she still not satisfied?

How could Lin Nian have such a greedy daughter?

"I don't want to do anything. You can find another pharmacist to detoxify. It's up to you." Lin Caisang shrugged and said to her.

Chapter 2040 Any conditions are acceptable

Hearing this, Ding Rong was almost so angry that he spit out a mouthful of blood.

In a place like this, where could she find a pharmacist to detoxify herself? Besides, she didn't know any pharmacist.

But if we leave here and go back to Sky City...

There is no time at all, an hour will pass soon, and it will take at least a day to get to Sky City from here.

By that time, the poison in her body has tortured her to such an extent that she may not be able to feel anything anymore, and she is just a loser who needs to be cared for by others even when she is eating, drinking, and taking care of herself!

She doesn't want to become that person!

"I beg you, please give me the antidote, and I will never go against you again." She dipped her hands in tea again and wrote eagerly on the table.

"You think too much, really."

Lin Caisang curled her red lips and said.

"Whether you go against me or not, it doesn't really matter to me."

Look, although Ding Rong wants to go against her, the key is that before he can take action, he has already begged her, isn't he?

So, saying something about being right is really going too far.

Ding Rong: "..."

How much do you look down on her?

However, after this time, she finally understood that Lin Nian's daughter was even more difficult to deal with than Lin Nian, and she was even more ruthless and cruel than her.

She was the niece of the wife of the Lord of Sky City. Lin Caisang said he would poison her and showed no mercy at all.

But now, she has come to ask for help and spent all her savings, but she still refuses to let go and gives her the antidote to detoxify her.

Even she is not as ruthless as Lin Caisang.

"What do you want? Just tell me what the conditions are." She wrote on the desktop.

Now it is no longer a question of whether Lin Caisang is ruthless or not, but that she must detoxify as soon as possible. As the saying goes, a good man does not suffer the immediate consequences. Although she is a woman, she is the same.

"Any conditions are acceptable?"

Lin Caisang supported his chin with one hand, looked at Ding Rong, and asked.

Hearing this, Ding Rong took another deep breath and nodded his head solemnly.

She is already mute, but she doesn't want to be deaf or blind again, then she will be really doomed, so let's talk about Lin Caisang who agrees first.

Lin Caisang's lips curled up slightly, and she turned to raise a brow at her own father.

"Easy to say."

With that said, she took out the Golden Pearl Token from the Golden Pearl Space and handed it to Ding Rong.

"As for me, I have a magic weapon in my body. This magic weapon still lacks a slave. If you can be this slave, not only can you detoxify without antidote, but you can even cure your current loss of voice. What? Like? Are you willing to do it?"

Keeping slaves?

Ding Rong stared at the jade plaque in Lin Caisang's hand with wide eyes and swallowed.

Just hearing the word slave, she knew that this was not a good thing. As long as she became a slave, she would always become a slave next to Lin Caisang, right?

"Oh, you don't know what slavekeeping is, do you?"

Seeing the expression of surprise and fear on her face, Lin Caisang nodded, and then continued to explain to her.

"What the so-called slaves do is actually very simple. They help me manage some things by my side. Don't worry, I have already taken in a slave before. Her status is much higher than yours."
