

## Star of Space 2041

Chapter 2041 Willing to be a slave

What status, who's status could be higher than hers?

Ding Rong snorted lightly, with a look of disbelief. She was from the City Lord's Mansion, who could have a higher status than her.

No princess in the Thousand Fantasy Continent can compare with her, so they all want to curry favor with her, the young lady of Sky City, right?

"Don't believe it?"

Lin Caisang raised an eyebrow at her.

"The slave I took in before is my husband's cousin."

she said.

"hiss!"

Hearing this, Ding Rong gasped.

This woman is indeed more ruthless than her. Even her husband's cousin can be so ruthless.

And just now, she saw an extremely handsome man standing next to Lin Caisang. Is that man Lin Caisang's husband?

The cousin was harmed by his own wife, and he could still pamper his wife so indifferently. Who are these people? She really can't compare to them.

How did Lin Caisang control her husband? How could she make a man obey her so much?

She really wanted to learn it. In that case, she could let Lin Nian...

No, no, no.

She quickly shook her head. Now was not the time to think about this, but to think about whether Lin Caisang had dug a hole for her to jump into.

"Don't you believe it?" Lin Caisang looked at her and asked.

Ding Rong: "..."

Does she dare not believe it? This woman is really crazy, no wonder even she dares to attack without hesitation!

"Give you another hour, come to me after you think about it carefully." Lin Caisang said to her when she saw no response.

"As for me, I only have this condition. Either you will be served by others for the rest of your life and be a waste, or you can stay by my side and be a slave. Of course, being a slave has a time limit. When you reach the end of the time limit, , you can leave me."

she explained.

Give her another hour?

Ding Rong couldn't help but cursed in his heart.

What kind of hour should I give her? She can't even speak anymore. After another hour, wouldn't it be...

She doesn't want it.

Come on, agree to it now. Anyway, she won't be able to do whatever she wants when the time comes. Once she meets her aunt, she will be free.

Thinking of this, she shook her head at Lin Caisang, not wanting to wait any longer.

"Um?"

Lin Caisang raised his eyebrows and expressed doubt.

Ding Rong raised his hand, dipped his hands in tea and wrote on the table, "I am willing to be a slave."

Hearing this, Lin Caisang finally smiled, and then handed the Golden Pearl Order in his hand to Ding Rong's hand.

Although it's a bit unkind to do this, you really have to be a little cruel to a woman like Ding Rong, otherwise, there will be someone next to her who wants her life at any time.

It's nice to be able to solve it so easily.

"Hold it and think in your heart that you will be loyal to me and never betray me." She said to Ding Rong.

Ding Rong took a deep breath, held the Golden Pearl Ling in one hand, and then did as Lin Caisang said.

Soon, several lines of Jin Zhuling appeared in mid-air.

"puff!"

Even without drinking tea, Lin Caisang squirted out.

"Sixty years, and the rest is still to be determined?"

Damn, this is even worse than Sui Ziyu, who was seriously injured and had no treatment. Does Ding Rong have some strange disease that needs treatment?

"Jinzhu, are you sure that this person can live for more than sixty years?"

She looked at the golden pearl order in Ding Rong's hand and asked a little sarcastically.

Chapter 2042 The contract was successful

Ding Rong is almost twenty years old now. In sixty years, he will be eighty years old. Even if he is cultivating in Qianhuan Continent, many people will live longer than ordinary people.

But for someone like Ding Rong, she didn't work that hard to cultivate herself. For such a person, it's really miraculous that she can live over eighty years old.

When Lin Caisang finished speaking, the next moment, a few lines of words were displayed in the air. Ding Rong was so angry that he almost threw the Golden Pearl Order on his hand to the ground.

What I saw in the sky was: This woman is indulgent, capricious, vicious, vicious, and has a very murderous aura. It will be extremely difficult to change her. Therefore, it remains to be determined whether she will be free after sixty years.

Lin Caisang: "..."

This means that if Ding Rong slowly improves from today on, it is still possible to come out of the Jinzhu Space earlier.

But if she always has this temper, then Jinzhu Ling can only say sorry to her, and she will stay in Jinzhu's space for the rest of her life and be her slave, right?

"Ding Rong, are you sure you still want to be a slave?"

She thought that Ding Rong's bad habits could be changed as long as he was properly educated in the past, so she asked her to go to the Jinzhu Space to change them.

Little did he know that for Jin Zhuling, this girl's bad habits were a headache.

Then what else did she have to say? She could only turn around and ask Ding Rong herself.

Ding Rong gritted his teeth, pursed his red lips and looked at Lin Caisang.

Now ask her if she wants it, what else is it for, if she has the ability, she will give her the antidote.

He refused to give her the antidote and asked her if she wanted it. Did she have any other choice?

Just wait, when I see my aunt in the future, she will definitely avenge her, she will definitely do it!

Just when she was thinking about how to seek Lin Caisang's revenge in the future, she saw in the mid-air that the original sixty years were actually increasing year by year.

Ding Rong: "!"

This scene scared her so much that she quickly let go of the hand holding Jin Zhuling.

It's a pity that the Golden Pearl Order seems to be stuck to her hand, and she can't loosen it, so she can only let the time increase year by year.

"I said, girl, what evil things are you thinking in your mind? You can't even stand my Golden Pearl Order anymore?" Lin Caisang glanced at the spiritually transformed words, then lowered his eyes at Ding Rong.

.

At this moment, the girl is thinking about how to deal with her in the future, right?

Haha, after she becomes a slave, they will calculate it carefully. Can Ding Rong plot against her? Or the Golden Pearl Order can directly let Ding Rong go to the Wuji Prison and think carefully about how to be her slave.

"Keep your mind at ease, otherwise, my Golden Pearl Order will not be polite to you."

Hearing this, Ding Rong took a deep breath and quickly put away the messy thoughts in his head.

After she stopped thinking about dealing with Lin Caisang, time stopped moving. Unfortunately, she could never go back to sixty years, and it had already increased by several years.

It felt like regret in her heart.

"Have you thought about it? Once you have thought about it, we will make a contract. I don't have the time to play with you." Lin Caisang asked her.

Ding Rong gritted his teeth and could only concentrate on making the contract with Jin Zhuling. After a while, a few words were displayed in the air.

The second slave has successfully contracted.

"receive."

Lin Caisang took back the Golden Pearl Order in Ding Rong's hand.

"Okay, now, go to where you should go and do your work."

Chapter 2043 She has to ask herself

"I....."

Ding Rong opened his mouth and wanted to ask her where to go.

Suddenly, she was startled and looked at Lin Caisang in disbelief, her eyes bright.

"Can I speak? Has the poison been cured?"

She raised her hand and touched her body, trying to check for any difference.

But after all, she was poisoned, so what difference could be found in her body? She could just speak, that's all.

"My poison is finally cured. Humph, Lin Caisang, just wait for me. One day, I will seek revenge on you!"

As she said that, she glared at Lin Caisang, then glanced at Lin Baizhong beside her, and prepared to turn around and leave this ghost place first.

Who knew...

Just as he turned around, he felt his body become lighter for a moment, and his whole body disappeared into the room.

"girl!"

As soon as Grandma Jin arrived, she saw Ding Rong disappear in front of her eyes, and she was stunned.

"Commander Lin, where has my girl gone?" She rushed in from the door and asked Lin Baizhong.

Although she really doesn't like Ding Rong as her master, she is her wife's niece after all. If anything happens, the wife will not let her off lightly.

What's more, if something happens to Ding Rong, how should Madam explain to the Ding family?

"this....."

Lin Baizhong was stunned by Grandma Jin's question and glanced at his daughter.

He didn't know where Ding Rong had been taken, and naturally he didn't know what the slave slave Juan'er mentioned was.

But one thing he couldn't understand more clearly. No matter what his daughter did, as a father, he would of course stand by his precious daughter's side. No one else was allowed to hurt his daughter.

"Mother Jin, didn't you see it with your own eyes? Miss Ding didn't know what secret technique she used. She originally wanted to take me away. Fortunately, my daughter helped me and I was able to escape from Miss Ding.

As for where Miss Ding went, that's not something I can know. I have to ask her herself. "

He said this to Grandma Jin.

Aunt Jin: "!"

What kind of magic can make a person disappear inexplicably?

When Commander Lin said this, why did she not believe it so much? Could it be that these two people in front of her did something to Ding Rong?

However, she watched Ding Rong disappear from her eyes. If she wanted to blame Lin Baizhong and Lin Caisang for this matter, it seemed that they could not be blamed.

But Ding Rong has indeed disappeared!

What should we do? She can't just explain it to her wife like this, can she?

After such an explanation, the Ding family immediately went to the city lord's palace to find Madam to ask for someone. Although the Ding family usually looked at Madam Wei and followed her, secretly they were not good people.

Just because they were able to raise such a daughter shows the character of Mrs. Ding's family.

These two sisters obviously have the same surname and come from the same family. How come their characters are so different?

"Commander Lin, is it really not you who did this?" She looked at Lin Baizhong and asked word by word.

"Of course not."

Lin Baizhong shook his head and looked at Grandma Jin seriously.

"Didn't Aunt Jin also see it? I have been standing here all the time. What's more, if I had the ability to make a person disappear out of thin air, I would have made Miss Ding disappear in front of her eyes early in the morning when she was entangled with me. Why wait until now?"

Chapter 2044 Its name is: Infinite Prison!

Lin Caisang stood quietly, watching her father talk nonsense in a serious manner. (audience)

But I have to say, it feels really good to have a biological father protecting you.

"Commander Lin, did my girl say anything to you before she left?" Grandma Jin asked.

Although I don't know where she went, she probably said something to Lin Baizhong. If she knew these words, she would be able to explain to his wife when she went back.

"No."

Lin Baizhong said directly.

No matter what Ding Rong said, he had never taken this little girl seriously.

"This mother-in-law, Miss Ding said just now, she wants to find a deserted place to improve her character.

On the side, Lin Caisang looked at Aunt Jin who was almost crying, and finally spoke up and said something so that Aunt Jin could go back and explain to the city lord's wife.

"Improve...improve...character?"

Aunt Jin's mouth twitched and she looked at Lin Caisang in disbelief.

As far as Ding Rong's character is concerned, no matter how much he improves, it will only be like this. How much higher can he get?

Madam didn't point her to be a person who helps the world and saves people. As long as she doesn't shout and kill others at every turn, that's fine.

"Then did she say where she went?" she asked.

"Didn't I just say that Miss Ding went to a deserted place?" Lin Caisang said.

There are people in Jinzhu Space at this moment, and Sui Ziyou is still there, but if Ding Rong thinks about some messy things again and does something that is not allowed by Jinzhu Ling, then he will have to Go to a deserted place.

Its name is: Infinite Hell!

"A place without people?"

Grandma Jin was completely confused. She was thinking, is there any place on the Qianhuan Continent that is uninhabited?

But this Qianhuan Continent is so big, and there are so many places without people, so where can we go?

After much thought, she couldn't imagine where Ding Rong would go.

Finally, she raised her eyes and glanced at Lin Caisang, and couldn't help but think, Ding Rong couldn't have gone to some uninhabited place, but had been absorbed into some magic weapon by the little girl in front of her, right?

By the way, there are many magic weapons in this world that can draw people into them.

I'm afraid this little girl has a lot of good things hidden in her body, and one of them is the thing that took Ding Rong away.

"Is this Miss Lin?"

She leaned towards Lin Caisang, and then looked at her with a smile.

"Miss Lin, if my girl has offended you in any way, I hope you will be more generous and don't be angry with my girl. I also hope you can let my girl come back. In this case, my wife will be very grateful."

She said pointedly to Lin Caisang.

Hearing this, Lin Baizhong's eyes sharpened, and he glanced at Grandma Jin fiercely.

"What does Aunt Jin mean by this? Is she implying that my daughter has harmed Ding Rong? Huh?" he asked coldly.

"Well."

Aunt Jin was so shocked by Lin Baizhong's momentum that she took a big step back, and a cold sweat broke out on her back.

"Commander Lin is serious, I am just guessing. If my girl is really in the hands of your daughter, I hope Commander Lin can return her."

At this time, she couldn't retreat. She had to get Ding Rong back. Otherwise, how would she explain to her wife?

"Nanny Jin, I have already said that Miss Ding wants to find a place to improve her character." Lin Caisang raised his hand, held down the wrist of his own father who was about to take action, and took a step forward.

Chapter 2045 Offended Sky City?

"Sangsang!"

Lin Baizhong frowned and glanced at his daughter.

In his opinion, everything his precious daughter does is right. Since Ding Rong has such a bad character, shouldn't she be under good control?

Since the city lord's wife can't control Ding Rong, there are naturally people who can control it for her.

And for his precious daughter to be willing to discipline Ding Rong, it was already a great favor. This nanny Jin actually dared to play rough tricks with him. She wanted to be obedient after getting an advantage. How could such a good thing happen?

"Dad, I'll do it myself."

Lin Caisang blinked at Lin Baizhong and said.

Hearing this, Lin Baizhong took a deep breath and stopped talking. However, he still stared at Grandma Jin with a cold face.

If she dared to do anything in front of him, then he would naturally not be polite to her.

"Be careful, dad is watching." He warned.

Aunt Jin: "???"

Didn't Lin Baizhong have amnesia? Even if he knew he had a daughter, he never went back to look for her.

Why is he doting on her like this just after he found her? She's still right under his nose. He's protecting her like this. Are he afraid that she can slap him away with one palm?

"Um."

Lin Caisang nodded.

Then, he turned to look at Grandma Jin and raised his eyebrows at her.

"Mother Jin, you have to see Miss Ding today, don't you?"

"yes!"

Aunt Jin replied directly with one word.

"That's okay. The place where Miss Ding went is not accessible at any time, but I can send Aunt Jin to find her. Aunt Jin, do you want to go?"

Lin Caisang asked her.

Aunt Jin: "..."

How could she be allowed to go to a place she didn't even know where it was?

She still has to give an explanation to Madam!

"Miss Lin, what do you mean? Even if my girl has offended you, at worst, after you go to the City Lord's Mansion someday, my wife can apologize to you for her. Do you have to let my girl go?"

She took a deep breath and asked.

"Do you know that if you do this, you will offend Sky City!"

"Ah."

Lin Caisang smiled lightly.

"You can offend Sky City just for Ding Rong? Aunt Jin, do you think Ding Rong is too important?"

"I....."

Aunt Jin opened her mouth and wanted to speak, but Lin Caisang didn't give her a chance to finish her words.

"Also, Nanny Jin, I would like to ask you, have I done something that is unacceptable to heaven and have offended Sky City? I didn't even bother Ding Rong, it's just that she wanted to go to an innocent place. I will send her to a place where people can cultivate their character. Why, is this also a sin? "

"this....."

"In addition, Aunt Jin, please tell your wife that if she can't control Ding Rong, then I will take good care of her! This will save you the chance of waiting until Ding Rong has ruined Sky City's face. The city lord Madam, you will regret it again!"

Lin Caisang said again.

Aunt Jin: "..."

She can't find anything to say. What should I do?

It is certain that this Ding Rong's temper is too vicious, and her wife cannot control it at all.

Now that he was accepted by Lin Caisang, although he didn't know what suffering he would suffer, he... turned his head and glanced at Lin Baizhong who was standing aside.

The woman in front of him is Lin Baizhong's daughter. Presumably even for the sake of Lin Baizhong's friendship with the city lord, Ding Rong will not suffer too much, right?

Chapter 2046: Accept her into the Golden Pearl Space

How about she go back and report to the madam first, so that Ding Rong can learn some lessons from Lin Caisang and calm down her temper?

"Miss Lin, if you are like this, why don't you treat my girl well? I'll take my leave."

Gritting her teeth, she took a deep look at Lin Caisang, then turned around and left like the wind with the people she brought with her.

"she....."

Lin Caisang was stunned for a moment, looking at the back of Grandma Jin disappearing in front of her eyes, and then turned to look at her own father.

"Dad, she just left like that?"

This is a bit too strange, isn't it?

"Dad, Sangsang, I heard that someone is looking for you to cause trouble. Where is the person?" Lin Changhong heard that someone was looking for his father and hurried over, but he didn't even see anyone.

he asked as he entered the room.

"gone."

Lin Caisang shrugged his shoulders and curled his lips.

"Left? Who is it?" Lin Changhong asked.

"The nanny next to the wife of the Lord of Sky City." Lin Caisang replied.

It's just that this nanny is a bit unreliable in her work. She leaves as soon as she wants. At least she has to find out where her girl is before she can go back and recover, right?

"Um?"

Lin Changhong raised his eyebrows and looked at Lin Baizhong.

"Dad, are you here to find that vicious woman?" he asked.

Lin Baizhong nodded, then looked at his precious daughter.

"Have a rest here tonight, and let's set off early tomorrow morning," he said.

"So soon? Didn't you say you would stay here for a few days first? Everyone still wants to rest for a few days, dad." Lin Changhong asked before Lin Caisang could answer anything.

Didn't we agree before to rest here for a few more days? Even if Ding Rong comes, it doesn't matter, right?

"By the way, where's that vicious woman? She's gone, right?" he asked.

"She didn't leave, I took her into the Jinzhu Space." Lin Caisang explained.

"What?!"

Hearing this, Lin Changhong screamed in disbelief.

"Sister, are you crazy? That vicious woman, you actually got her into Jinzhu? Then she must have made a big mess in Jinzhu. Why did you...

wrong. "

Suddenly, he spoke angrily, and he understood something in his heart, and blinked at his sister.

"Like Ziyou, has she become a slave in Jinzhuli?"

He was thinking about why his brother-in-law didn't object when his sister said she wanted to keep Ding Rong. It turned out that he knew his sister's thoughts early in the morning.

It's good to be a slave. That woman is so arrogant and domineering. Only if she becomes a slave will she be obedient.

"Yeah."

Lin Caisang nodded and said that was the case.

"So this is ah."

Lin Changhong looked suddenly enlightened, but the next moment, his expression changed.

"Yes, dad is right. We have to leave quickly and leave early tomorrow morning. Otherwise, if that woman's aunt finds out that you have turned her niece into a slave, she will not be able to send someone to come and settle the score with you."

Ding Rong's aunt is the wife of the city lord of Sky City.

Although their father once saved the life of the city lord and his wife, that was a long time ago.

What's more, those who are kind or unkind are actually invisible things. How can a living person be bullied? It's so important. Now that Ding Rong is being bullied, people will naturally come to find a place for their relatives. .

After hearing Lin Changhong's words, Lin Caisang reacted.

## Chapter 2047 The Infinite Hell, the Abyss of Ice and Fire

No wonder she felt strange just now, why did Grandma Jin run so fast and disappear in a 'whoosh'?

But she didn't expect that she was going to rush back to Sky City, complain to her master, and then ask her master to send more people to beg for Ding Rong, right?

This idea is actually quite good.

I'm afraid that if the city lord's wife really wants to chase them and take Ding Rong back, they won't even be able to leave Qianhuan Continent.

"Dad, since we are all sitting on our mounts anyway, we can rest, so why not set off early."

She turned to look at Lin Baizhong and suggested.

"now?"

Lin Baizhong hesitated and asked.

"Now... now?"

Lin Changhong looked at his father and then his sister, his face full of questions.

"Of course not now."

Lin Caisang shook his head. Her husband had gone outside and hadn't come back yet. Besides, they would have to travel for many days. They had to buy some things here and bring them back, right?

"Brother, you and Zhong You and the others go to the street to buy some food first. We will set off after Zimo comes back."

"good."

Lin Changhong thought for a while, then nodded, turned around and went to find Zhong You and the others.

"Sang Sang, since you're not leaving now, you should lie down for a while while dad goes outside to take a look." Lin Baizhong said.

He has lived in Qianhuan Continent for the past few years, and now he is going home. He can't go back without buying anything, right?

He had to go outside for a walk.

"Okay, dad, be careful." Lin Caisang responded.

It just so happened that she was about to enter the Jinzhu Space, so she warned Ding Rong carefully so that he wouldn't be thrown directly into the Wuji Prison by the Jinzhu Order if he didn't pay attention.

It's just that Lin Caisang went in too late.

After she sent Lin Baizhong away and closed the door and entered the Jinzhu space, no matter in the medicine garden space, pasture space or food garden space, there was no trace of Ding Rong anywhere.

"Ziyou, where is the person who was just sent in?" She found Sui Ziyou who had been in the space and asked.

"Sister-in-law, are you talking about the girl who yelled and cursed just now? She just cursed a lot, then trampled a few medicinal plants and disappeared before my eyes." Sui Zi said quietly.

She had just seen a girl come in, and was thinking that she might be her sister-in-law's friend, so she went up to say hello.

Who knew that girl's temper? She was really irritable.

Without asking where this place was, I just yelled at the air. Finally, I didn't know what was wrong. I saw a few medicinal plants growing beside my feet, and I just stepped on them.

As a result, it just disappeared before her eyes.

She thought her sister-in-law found out that the girl had trampled on her medicinal materials and felt distressed, so she took the girl out.

"I thought my sister-in-law took her away, but it seems that she didn't. So where will she go?"

Hearing Sui Ziyou's words, Lin Caisang secretly twitched the corner of his mouth, looked up at the sky in Jinzhu Space, and sighed softly.

Where else can we go? Isn't it just a place like this?

...

The Golden Pearl Space, the Infinite Hell, the Abyss of Ice and Fire.

One moment, Ding Rong was almost hit in the foot by a ball of fire. The next moment, there was a blast of cold air blowing directly towards her neck, so cold that she almost froze.

"What? What the hell is this... a hellish place."

Ding Rong trembled, looking at the scene of ice and fire, and swallowed.

Chapter 2048 Save me a lot of food rations

She was obviously next to Lin Caisang just now, and the next moment she was at the edge of a field full of weeds, and a short while later, she was in this ghost place again.

No matter how she yelled or screamed, no one paid attention to her.

Where is Lin Caisang? As for Lin Nian, where did they go? Why didn't anyone come to save her? What on earth did she do wrong?

This place was not a place for people to stay at all, and that Lin Caisang was so terrifying. How could she have such a place that she couldn't leave even if she wanted to.

"Is there anyone? Is there anyone?"

After a while, she started yelling again, hoping that a voice would respond to her and take her away from this hellish place.

"What's your name?"

"drink!"

Suddenly, a voice came from behind her, making Ding Rong turn around in fright, and almost scared himself to death.

"You...you are here, what kind of place is this? Take me out quickly. I don't want to stay here. Take me out quickly."

She took a step forward and tried to grab Lin Caisang's sleeve, but she threw him away.

"Shut up, you!"

Lin Caisang turned sideways and took two steps to the side, feeling full of helplessness.

She finally understood why this girl had sold herself into slavery for so long. She was afraid that from now on, she would spend more than half of her time in the Infinite Prison, right?

Just like that, how long can it take?

"Tell me about you, what's the use of me recruiting you to be a slave? You've just gone to Jinzhu without a cup of tea, and you're wandering around in the Wuji Prison, and you're yelling so loudly, what's the use?"

"Wu... Wuji Prison? What is this place?" Ding Rong took a step back and asked stutteringly.

Although she doesn't know where this place is, the word prison can represent everything, can't it?

Could this really be a prison, a place to hold her?

As for the sixty-year period mentioned before...she won't be locked up in this place for sixty years, right?

"No, no, no."

She muttered to herself as she fell back, shaking her head.

"You...you have a way to take me out, right? Take me out, take me out now."

"I can't help it."

Lin Caisang shook his sleeves and rolled his eyes at her.

"You, just stay here with peace of mind. Fortunately, in the Infinite Prison, no matter how long you stay, you don't need to eat. It can save me a lot of rations."

I think back when she failed her mission, she couldn't get out of the Wuji Prison and could only wait to be released by the Golden Pearl Order.

This girl is good, but you still want her to take her out?

To put it bluntly, even if she had the ability to take Ding Rong out, with Ding Rong in his current state, she felt that she should think about it in the Promise Prison.

"No, I don't want to stay here. There is no one in this place. There is fire and ice. They are all coming towards me. If I stay here any longer, I will die!"

How could Ding Rong care so much? He said to Lin Caisang in horror.

She was almost burned to death not long after entering here. If she stayed here any longer, wouldn't she become a pile of ashes?

"Were you hit by ice or fire?"

Hearing her words, Lin Caisang raised his eyebrows with his red lips slightly raised.

"You are really lucky. It's okay. If you smash it a few more times, you will understand what you shouldn't think or say now."

she said.

Chapter 2049 The truth about Ding Rong is revealed

"What?"

Ding Rong didn't understand the meaning of her words.

What does it mean that she shouldn't think or say something? She just scolded Lin Caisang a few times. What's so great about it?

This woman is a nuisance, and is here to harm her. One day, if she is free, she must let her aunt cut Lin Caisang into pieces...

"ah!"

Before he could finish his thoughts, he felt a big fireball hit him in the face.

She screamed and quickly hid aside, thus avoiding the fireball. However, the clothes on her body were still swept away by the fireball, and a pungent smell of burning came out.

Lin Caisang looked at Ding Rong like this, sighed and shook his head.

"Hey, you can play slowly, I'll go back first."

Seeing that she was like this, she was still growing up when she was in Wuji Prison, and it didn't happen overnight, so she didn't point out what to teach Ding Rong now.

"you come back!"

Seeing that Lin Caisang was about to leave, Ding Rong wanted to reach out and pull him back.

But before her hand could touch Lin Caisang, she was blocked by an ice ball, which hit her directly. She had to take a few steps back to avoid the ice ball.

But because of this, Lin Caisang didn't hold on and let her leave.

"Come back, come back, take me out of here."

She was really about to cry. Why did she listen to Lin Caisang's coaxing and come to this ghost place?

This place is no better than losing her hearing and unable to speak. She may die at any time. Even if there are endless fireballs and ice balls, one may come out at any time and crush her.

"Lin Caisang, you are so abominable. How could you treat me like this? I am the daughter of the Ding family and the niece of the wife of the lord of Sky City. You have offended me and I will not let you go in the future...ah!"

Before she could finish her words, she saw several ice balls and fireballs, hitting her in the direction of her.

She was so frightened that she held her head and ran away to the open space on the other side.

This place is really a ghost. As long as she thinks about dealing with Lin Caisang or scolding Lin Caisang, those ice balls and fireballs will keep hitting her. But as long as she doesn't think about Lin Caisang, something will happen. None.

"Could it be that because this place belongs to Lin Caisang, everything here will protect Lin Caisang, even if I scold him?"

I have to say that Ding Rong has revealed the truth.

But she was still confused in her heart, and she still didn't understand the Wuji Prison, so she thought about giving it a try and scolded Lin Caisang in her heart.

Although she was just thinking about it in her mind, when she thought hard, she saw the ice ball and fire ball hitting her again without any hesitation.

"Isn't it allowed to speak ill of people in this place?"

She was about to spit out her blood, and this poor place came to bully her, she...

"Drink! Ah!"

Before she could finish her thoughts, she saw countless fireballs flying towards her like rain.

After she screamed, she held her head and ran back.

...

"Sister-in-law, how is that girl?"

Seeing Lin Caisang coming out, Sui Ziyou immediately came up to her and asked her.

"It's good. She deserves a beating. Let her continue to have fun in the Promise Prison." Lin Caisang curled her lips and said with a smile.

Sui Ziyou: "..."

That girl seems to have a bad temper?

"Sister-in-law, how could you bring such a person in? When I look at her, she doesn't look like someone who knows how to work."

she asked.

Chapter 2050 Got taken away?

"So, I want to trouble you next. After she comes out, keep an eye on her work and don't let her be lazy.

Lin Caisang raised his hand and patted Sui Ziyou on the shoulder, and said sincerely.

Ding Rong is naturally not a talkative person, but she is a person who likes to seek death. She doesn't even know what her last name is if she doesn't suffer at all.

If we don't correct these bad habits now, when will we be able to correct them?

"Well, I understand."

Sui Ziyou nodded, indicating that he understood.

Seeing that she knew what to do, Lin Caisang took back her hand and left Jinzhu Space.

...

"Madam, I heard from dad that you got into trouble again?"

After returning to the room, he saw Sui Zimo coming back from outside. ~"°\*°•.~~.°\*~

"How can this be considered a trouble? It's just a trivial matter to us." Lin Caisang raised an eyebrow.

"Did you get things done? So quickly?"

How long has she been in Jinzhu Space? What Sui Zimo wants to do has already been done? Isn't this speed too fast?

"It's not that fast, it's just that the progress is not that fast, we have to wait." Sui Zimo replied.

"Then let's..."

When Lin Caisang heard that he had to wait, he wondered if they were still here to stay.

In fact, for a Ding Rong, there is no need to rush so fast. As elders, is it reasonable for them to not be able to teach their juniors well?

Since they don't teach, she should teach her. Why did Ding Rong offend her?

"No, let's go back first. xǐng"~~~~"ēgǔ"

Sui Zimo interrupted her and said.

"Things didn't progress that quickly, and that person wasn't that easy to investigate."

"That's fine."

Lin Caisang nodded, naturally it was whatever he said.

...

Two days later, in the palace of the Lord of Sky City.

Aunt Jin hurriedly hurriedly and then returned to the city lord's mansion and met the city lord's wife.

"Taken away?"

When the city lord's wife heard what Grandma Jin said, the expression on her face was extremely surprised.

Got taken away? Disappeared?

What does it mean?

How did such a good person disappear from under people's eyes, or what kind of formation was used?

But that's not right either.

No matter what formation method is used, there will be traces left by the use of the formation method. It is impossible for it to disappear for no reason.

"Have you found out who did it?" she asked.

"Madam, this matter must have something to do with Commander Lin's daughter. The girl disappeared from her eyes." Aunt Jin looked up at her master and replied.

"Moreover, when she saw our girl disappearing in front of her eyes, she was not surprised at all. Her face was calm. It can be seen that she had expected it early on, but she just watched the girl disappear."

"How...how could this happen?"

After hearing her words, the city lord's wife couldn't help but take a step back, feeling a little disbelieving.

Isn't Lin Nian's daughter a person who came from Huanglu? Even if she had some skills, what could she do to her Rong'er?

Taking a step back, even if Lin Nian's daughter has that ability, does she really have that ability to make Ding Rong disappear directly in front of her eyes without using any formations or magic weapons?

"Are you sure that it was Lin Nian's daughter who did this, and not Ding Rong who did it deliberately to blame Lin Nian's daughter?"

she asked Grandma Jin.

Aunt Jin: "..."

Madam, how much do you distrust the girl?
