

Star of Space 2051

Chapter 2051 Inform Ding Mansion

She had obviously heard her say that Ding Rong disappeared in front of Lin Nian's daughter. The first thing that Madam thought about was whether Ding Rong did this on purpose.

That's right, Ding Rong's character really has to be doubted. If it were her, she would also doubt this.

Who made Ding Rong get used to doing those vicious and harmful things?

"Madam, I have determined that it was Commander Lin's daughter who did it. Moreover, she kept telling me that our girl thinks there is something wrong with her character and wants to find a place where there is no one to practice her character.

She said so, who else could she be? "

Therefore, she was sure that Lin Caisang was responsible for Ding Rong's disappearance.

Then she hurried back slowly, reported the matter to Madam, and asked her to decide whether to quickly bring the girl back.

"Madam, should we send someone quickly to recover the young lady?" she asked.

The city lord's wife: "..."

Do you think Lin Nian and the others are all fools?

If Ding Rong was really killed, would they still be waiting for them there?

He must have left long ago.

Moreover, they were both flying monsters. How could they still catch up after being so few days behind? Lin Nian's ability, she knew, was completely different from what was said outside.

"Since Commander Lin's daughter wants Rong'er to stop her bad habits, that's fine, just let her go.

She waved to Grandma Jin.

Thinking about it, with a father like Lin Nian, his daughter wouldn't be a bad person, and she probably wouldn't attack Ding Rong.

What's more, Lin Nian is still here. As long as he is here, nothing will happen to her and the city lord's niece.

At this point, she was relieved.

"lady?"

Grandma Jin was really frightened when she heard what she said.

Madam, do you not care? Is it the daughter who is going to let Commander Lin bully Ding Rong?

Even if it is really to contain Ding Rong's temper, there are so many of them. When will it be Lin Nian's daughter's turn?

She thought that Madam would definitely send someone to chase Ding Rong back, so she rushed back to report it.

But now, Madam doesn't care anymore. What's going on?

She was a little dumbfounded.

"Okay, no one is allowed to mention this matter before. Just treat Rong'er as going to Longxin Valley, do you understand?" The city lord's wife ordered to Nanny Jin without giving her a chance to speak.

To be honest, Ding Rong's bad habits were all developed because he was too superior.

It would be impossible for her to change her bad habits with them, and it would only arouse the dark side of her heart.

So instead of doing this, let others try it.

Others have no relationship with Ding Rong, so they naturally won't coddle her, and won't be reluctant to be cruel just because Ding Rong has been slightly wronged.

In this way, Ding Rong's problems can have a chance to be corrected.

"Yes, ma'am."

Although Aunt Jin was unwilling, Madam had already given her orders, so she had no choice but to follow her orders.

"Please step back." The city lord's wife waved her hand and motioned for her to get down.

"Old slave, please retire."

Grandma Jin lowered her body and walked out.

However, when she arrived outside the door, her face became gloomy and her eyes looked into the distance.

"Someone's coming."

She called her confidants over.

"Go and tell the people in Ding's house about the girl," she ordered.

Chapter 2052 Remember Sangsang alone

Although the madam told her not to take care of it, could she really let it go just because she didn't care about it?

The Ding family is not a vegetarian. If they know about Ding Rong's disappearance, they will definitely come to their door.

At that time, if the wife of the city lord cannot hand over anyone, then who will be ultimately responsible for the crime? Naturally, it will be her, the nun who went to track Ding Rong.

Therefore, she had to be on guard first.

Since Madam won't send anyone to chase her, let the Ding family send their own people.

It would be best if they could stop Lin Nian and the others. Even if they failed to stop them, what happened next would have nothing to do with her.

She has already informed them, but they failed to bring them back because of their own incompetence.

...

More than a month later, Yacun.

Seeing the return of Lin Baizhong, who had been missing for many years, everyone in the village followed in a long line and came to the Lin family together.

When Lin Laogan and Lu Qiubo saw their eldest son, their faces were covered with tears. They raised their hands to wipe them away while looking at their sons.

"It'll be good to come back, it'll be good to come back."

Lin Laogan reached out and took Lin Baizhong's hand, muttering these words all the time.

"Grandma, grandma, let's talk after we go in." Lin Caisang reminded him.

"Okay, okay, let's go home, go home." After hearing his granddaughter's reminder, Lu Qiubo came back to his senses, glanced at Lin Laogan, and then took his son back home.

"Uncles and aunts, my father has just returned home, so he won't entertain you for now. Please come back, please come back." Lin Changhong said behind them to the crowd who came to watch the fun.

...

"Lost...amnesia?"

In the hall, everyone sat down together and talked about what Lin Baizhong had experienced over the years.

When he heard the news that Lin Baizhong couldn't remember who they were, Lin Laogong was stunned. Looking at his son, he almost held back tears again.

"Look at you, what's going on?"

Lu Qiubo bumped him with his elbow, and then looked at Lin Baizhong with soft eyes.

"As long as everything is fine, it doesn't matter if you lose your memory. As long as the family can still be together, it doesn't matter if you don't remember those things in the past. Family members only have feelings after they have been together for a long time."

she said.

"only....."

Suddenly, she thought of another thing and couldn't help but glance at her granddaughter.

"Sang Sang, doesn't your father even remember your mother?" she asked.

It would not be good if the husband couldn't even remember his wife. After all, the eldest princess's feelings for her son were real.

"Grandma, my dad doesn't even remember me, okay? He only remembers Sangsang." Lin Changhong muttered to his grandma from the side.

Yes, if his father hadn't remembered that he had a daughter, how could he not have married all these years?

So, it is all thanks to Sangsang that his father is able to be so clean.

"this....."

Lu Qiubo felt a little embarrassed after hearing his grandson's words.

"Grandma, don't worry. Dad lost his memory because he was poisoned. I'm trying to figure out a way to see if I can detoxify Dad." Lin Caisang said immediately when he saw everyone looking worried. .

"It's just that these days, everyone is on the road, and I don't have much time to think of ways to detoxify, so I was delayed."

Chapter 2053 Father and Daughter Connecting Hearts

"Can you solve it? That's good, that's good."

Lu Qiubo breathed a long sigh of relief when he heard Du Neng.

"However, your mother and the others are still in Jian'an City, but they should be coming back soon. Are you going to Jian'an City to see your mother?"

she asked.

Of course she wanted to spend more time with her son. After all, it was the son she had thought about for so many years and felt she owed something to. Now that he was back, no one else could imagine how happy she felt.

However, she can't let her son see his wife, right?

"No, grandpa, grandma, I have already sent someone to inform mother. She will come back with Changfeng and the others as soon as they want." Sui Zimo said.

As early as they came out of Baibind Mountain, he sent someone to Jian'an City, just in case.

Unexpectedly, it really came in handy.

"That's right, that's fine."

Lin Laogong let out a sigh of relief and continued to look at his son.

"Baizhong, you have suffered outside these years."

"What did you say, Dad? It's because your son is unfilial and has made you and your mother suffer at home." Lin Baizhong looked at Lin Laojie and said.

Although he didn't remember it, Sangsang had already told him what happened to the Lin family over the years on the way here.

In the years since he left, the family has suffered a lot.

Hearing this, he naturally felt bad.

"Dad, you and grandpa and grandma are chatting here. I'll go up to the mountain to see if I can hunt anything back for extra dinner in the evening." Lin Changhong stood up from the stool and said.

"Why are we hunting? Why don't we just catch a few chickens and ducks from Menghuang Mountain, and then kill a pig?" Yang Lin said, stopping Lin Changhong.

Are the pigs raised at home and the chickens and ducks raised on the deserted mountains all beautiful to look at?

When the family is happy, they naturally kill a pig to celebrate.

"That's right, that's okay." Lin Changhong nodded after hearing this.

"Go help."

Sui Zimo glanced at Ban Jue and the others and said.

"yes."

Ban Jue responded and followed Lin Changhong out.

He has never done anything like killing pigs, but in the past, he helped his master deal with wild boars. He thought, it should be similar, right?

"Come on, Baizhong, have a sip of tea first. Wait for your third brother to cook the eggs, and then you can eat them." Lin Laogan greeted his son to drink tea. In the kitchen, Lin Baiyi was boiling eggs, helping his elder brother to catch the wind and wash away the dust. .

"good."

Lin Baizhong didn't know what to say, so he could only respond.

"I'll go check out the kitchen."

Sui Zimo stood up, whispered to his wife, and left.

...

In the kitchen, Lin Baiyi was also wiping tears.

He was naturally happy to see his eldest brother back, but when he thought about the suffering that Changhong and Sang Sang had endured over the years, he felt uncomfortable and wanted to cry.

"Third uncle, shall I do it?"

Sui Zimo walked in from outside.

Hearing the voice, Lin Baiyi quickly raised his hand, wiped the tears on his face with his sleeves, and then turned to look at him.

"It's okay, I'm almost done. Zimo, thank you so much this time. If it weren't for you, your father-in-law wouldn't know when he would be able to come back."

He knew that the eldest brother's return was all due to Sui Zimo alone. It was all due to him.

"Third uncle, you are serious. This is because Sonny and his father and daughter have a heart-to-heart connection, and that's why he was able to find his father so quickly." Sui Zimo said.

Chapter 2054 Healing is not self-healing

"Too.

Lin Baiyi was stunned for a moment when he heard what he said, and then nodded.

They had only been away from home for a short time, and they had already found their eldest brother, and they had found him in a place he had never heard of in Qianhuan Continent.

Naturally, this is inseparable from the Sansana children.

"Zimo, just leave this place to me. It's rare for you to come back, so go take a rest first."

Sui Zimo looked at the kitchen. Apart from boiling eggs, there was nothing going on. Lin Caiqing was doing the lighting, so he really didn't have anything to do.

"Then third uncle, I will go out first."

He said this and turned around to go to the yard.

By chance, I met my wife who had just come out of the hall.

"Lady."

He called out and then glanced at the main room behind her.

"My grandpa and grandma have a lot to say to dad. I don't have anything to do, so I just came out." Lin Caisang shrugged helplessly and explained.

She didn't have anything going on inside, so she might as well come out and take a breath.

"call."

Let out a heavy breath.

"What's wrong with you?"

Seeing her like this and seeing her expression not so good, Sui Zimo immediately stepped forward and asked.

"Is it nothing?"

Lin Caisang himself was not sure, but he still shook his head.

She should be fine. After all, whether she is injured or poisoned, she can recover as long as she enters the Golden Pearl Dimension.

Therefore, it is impossible for her to be injured.

But recently, she really felt that her chest was tight, as if it was blocked by a big stone.

"Maybe it's because I've been traveling a lot lately and I'm a little tired," she said honestly.

Hearing this, Sui Zimo didn't say anything, just bent down, picked her up, walked out of the yard, and went back to his home.

...

"You... why are you bringing me back before you even tell dad and the others?"

Lin Caisang was already lying on the big bed, being settled down by Sui Zimo, and then she realized what she was doing and complained to him out loud.

"Father, they will know, you should go to sleep first." Sui Zimo said.

I have been traveling these past few days without stopping. If I were an ordinary person, I would be tired.

However, his wife's physique was already extraordinary. How could she become so haggard after traveling for several days?

He had to worry, was there something wrong with Sonny's health?

"You rest first, I'll ask Jiang Zuo to come over and take your pulse."

He said something and prepared to retrieve Jiang Zuo, but Lin Caisang grabbed his wrist.

"What are you looking for?"

Lin Caisang was a little helpless and looked at him with a faint look.

She just feels a little uncomfortable. She will be fine after taking a rest.

Besides, she is a doctor herself. If she wants to check her pulse or something, can't she just do it herself?

Why go to Jiang Zuo?

"I'm really fine, I'm just tired. If you're worried, can I check my pulse for you now?" She asked.

"Can?"

Sui Zimo turned around and asked her.

Didn't they all say that doctors don't heal themselves? He could trust his wife's medical skills, but could she really see his own illness?

Lin Caisang: "..."

It seems that she really can't get sick. Look, where is she? It makes her husband anxious.

"Of course. My body knows it. I'm really just tired. I promise you!"

Chapter 2055 Are you pregnant? !

She raised three fingers and assured Sui Zimo.

Hearing this, Sui Zimo raised his hand, tapped the tip of her nose, and then stared at her seriously, not forgetting to tell her.

"Then check your own veins first and see why your face looks so bad."

After saying that, he kept staring at her seriously.

Lin Caisang: "!"

Her husband really likes to scare himself sometimes.

"Okay, I'll take your pulse."

Taking a deep breath, she grinned her red lips and looked at her husband with a smile. Then she put one hand on the wrist of her other hand and started to feel the pulse.

"Actually, I just said, it's okay. I've been really... tired these past few days?"

After she said the last few words word by word, the expression on her face froze in an instant.

~//*°.~~°.°*//~

She raised her eyes, blinked at Sui Zimo, and then blinked again.

Then, he lowered his head and looked carefully and seriously at the hand that was resting on the other hand, as if by looking at it like this, he could see the pulse on that wrist beating.

"What's wrong?"

Sui Zimo saw the expression on her face solidify, and his heart stopped beating for an instant.

He asked in a calm voice while holding his breath.

Lin Caisang immediately retracted his hand, raised his eyes upward, put the tip of his tongue against his teeth, and thought carefully with his red lips pouted, the expression on his face was extremely rich.

However, she still couldn't seem to remember when she started...

"Um, Zimo, let me ask you something."

Of course, as a woman, when she asked her husband about this matter, she was really a bit unable to ask.

But now her mind was in such a mess that she really couldn't remember it for a moment.

"What's the matter?" Sui Zimo asked immediately.

"My...that...when was the last time I sent a letter?" She squinted her eyes in embarrassment and looked at Sui Zimo.

"Well."

Sui Zimo choked up when she asked him, and almost couldn't hold it in anymore, so he spurted out a mouthful of blood, but I have to say that it was indeed the right thing to ask him about this matter, and he remembered it quite well.

"Two and a half months ago, when we were still in Qianhuan Continent." He said.

At that time, they hadn't found their father-in-law yet. They had just picked up Yuechushui and set off to the evil man-eating woman.

"Why did you suddenly think of asking this..."

Suddenly, he stopped talking and looked at his wife's belly.

"Madam, you--you're pregnant?!"

At this time, he was completely confused. He didn't know how to react at all. He couldn't even imagine how this question was asked.

"It seems so, right?"

At this time, Lin Caisang also had some doubts about his medical skills.

"Wait a minute. Don't get excited. I'll check your pulse again. Maybe... maybe..."

Ah, there's no chance, she must be pregnant, what else could it be?

But it is still necessary to check the pulse again. She has been running around non-stop since she became pregnant. She doesn't know if the baby will be affected.

"Okay, take your pulse."

Sui Zimo moved and sat on the edge of the bed, hugging Lin Caisang from behind and into his arms.

Lin Caisang also followed his embrace, took a deep breath, and continued to check his own pulse.

...

"Master, my mistress is fine. She's just tired from running around for days. I'll prescribe some medicine to replenish her health. I'll drink it for a few days and she'll be fine."

This was said by Jiang Zuo.

Chapter 2056 Or... slow down?

Because the couple learned that they had a child, they were so excited that they didn't know how to react. (つ〇u〇)つ

In the end, all he could do was call Jiang Zuo back and check Lin Caisang's pulse again.

"Then why don't you hurry up and get some medicine?" Sui Zimo immediately answered.

Jiang Zuo: "..."

Master, you must finish what you said, right? If you don't finish speaking, will you still have to scold your subordinate?

Is it too difficult for his subordinates to deserve it?

"Yes, my subordinate will go right away."

He responded and immediately turned around to do it, but Lin Caisang stopped him.

"etc."

"Mother, do you have any other instructions?" Jiang Zuo turned back and asked respectfully.

"No one else is allowed to tell about my pregnancy except you, do you understand?" Lin Caisang looked at him seriously and warned.

"ah?"

Jiang Zuo was stunned by what she said.

The mistress is pregnant, what a happy event!

You don't want others to know, what are you trying to hide?

Although there are some rules here, it is best not to tell everyone about the matter in the early stages of pregnancy, as it will conflict with the child and bring disadvantages.

But they probably don't have such rules, so why hide it?

"Ah what? If others find out about this, you will never see Ziyu again in this life!" Lin Caisang threatened when he saw his stunned look.

Jiang Zuo: "..."

What should he do if his mistress threatens him with his future wife every day?

"Yes, Mistress, I will keep this secret and no one will know about it, including Jiang Li!" He immediately promised.

Hearing this, Lin Caisang turned his head, looked at each other silently with Sui Zimo, and then watched Jiang Zuo leave.

"Zimo, actually, Jiang Zuo and Jiang Li are a couple, right?"

She said quietly, otherwise, why didn't Jiang Zuo mention it to anyone, but why did he mention Jiang Li?

"Don't think blindly, Jiang Zuo and Jiang Li perform many tasks together." Sui Zimo raised his hand, patted her face lightly and said.

Jiang Zuo and Jiang Li often perform tasks together, and Jiang Zuo's temperament is really not one that can hold back his words, and he often talks without restraint.

For this reason, he had punished Jiang Zuo less in the past.

Therefore, Jiang Zuo mentioned Jiang Li because he said something wrong and was punished so much that he felt a shadow in his heart.

"I just said that casually." Lin Caisang shrugged and said.

"Sang'er, you are pregnant now. What about entering the Qianhuan Continent again, or..." Slowly?

Before he could say these two words, Sui Zimo was glared at by Lin Caisang.

"Why wait? After the child is born, it will be even more difficult for us to go to Qianhuan Continent to find the person behind the scenes. It is better to wait for another half month and the child in my belly is stable, and then set off for Qianhuan Continent. Fantasy Continent."

Lin Caisang said.

No matter what, those things must be investigated clearly, otherwise, how could she feel at ease?

"Besides, you should also feel it, right?" she asked.

Hearing this, Sui Zimo nodded his head lightly.

Of course he felt something. Ever since he went to Qianhuan Continent, he had always felt that someone was watching them.

Just to avoid alerting others and to preserve his own strength, he did not catch those who were staring at them.

But now...

"Zimo, you don't have to say anything."

Lin Caisang looked at her husband who was hesitant to speak, and then continued to speak.

Chapter 2057: Pull back a few hairs

"I want to wait. I also want to wait until the child is born, raise her until she can walk, and then go to Qianhuan Continent, but I'm afraid that person won't give us that long."

If that person knew that she was pregnant with the child, they would definitely take action. When they are in the light and the person is in the dark, they will be tied up no matter what they do.

But if they set off now, they can catch that person off guard.

In that case, they still have some chance of winning and can dig out some secrets from that person's mouth and get the truth about Sui Zimo's life experience.

"Then you take a good rest these days. After a while, we will set off to Qianhuan Continent." Sui Zimo thought for a while before saying.

Indeed, he wanted more time, but that person would not give them time. If he knew that Sonny was pregnant at this moment, he would probably be even more proud and want to catch them all, or use them for him.

"Sang'er, after you arrive in Qianhuan Continent, you try to live in the Golden Pearl Space and leave all the outside matters to me, okay?"

After thinking about it, he still warned Lin Caisang uneasily.

"Um."

Lin Caisang responded softly and nestled his whole body into Sui Zimo's arms.

"Everything is up to you."

Sui Zimo tightened his arms, lay down with her, and rested with her.

...

It was still dark at night.

The Lin family was very lively. The villagers who learned that Lin Baizhong had returned came to see Lin Baizhong in person, and all they said were words of congratulations.

But Lin Caisang, who was sitting aside and watching people coming in and out, could tell.

Some of these people came to congratulate them sincerely, while others were looking around their homes, as if they were looking for something.

"Have a meal."

Sui Zimo placed a bowl of rice in front of Lin Caisang and motioned for her to eat.

Hearing this, Lin Caisang glanced at the white rice in front of him, then looked up at Sui Zimo, crossed his hands, held his chin, and raised his eyebrows.

"Don't you like it? Whatever you want to eat, I'll do it."

Seeing her like this, Sui Zimo thought she didn't like to eat, or didn't like the dishes on the table, so he asked.

After Son'er fell asleep in the afternoon, he went to ask Jiang Zuo, the doctor, and he knew that pregnant women's appetites were very strange. They wanted to eat something one moment, or they didn't want to eat it the next moment.

He would take care of Sonny's taste in the past, but of course he has to take care of it even more now.

"no."

Lin Caisang shook his head with a smile.

"Zimo, do you think those people who came today want to take a few hairs out of our father's body?"

The more she thought about it, the funnier she felt. Many people were asking her grandparents whether their son had brought back countless gold, silver and jewelry when he returned home in fine clothes.

From now on, I can let my grandpa and grandma enjoy all the glory and wealth.

"You."

Sui Zimo raised his hand lovingly and patted her cheek.

"What they think is their business, don't think about it."

"That's right, Sangsang, our family just has a few mountains of gold and silver, and they belong to our family as well. What does it have to do with others? If they want it, let them earn it themselves."

Lin Changhong also gave his sister a piece of meat and put it into her bowl.

However, he just felt that it was quite tiring for his grandpa and grandma to deal with those people.

"Grandpa and grandma, I think you will be very busy in the future." He said jokingly.

Chapter 2058 Now and Later

"What are you talking about.

Lin Laogong glared at his grandson angrily.

"You can just ignore those people in the village who are climbing high and lying on the ground. But after all, if you live in a village and you don't look up when you look down, you have to be okay on the scene."

he said.

But it is limited to being passable on the surface, and there is no need to worry about anything else.

"Sangsang, can your father's amnesia still be cured?"

Lu Qiubo ignored what the two fathers said, but looked at his granddaughter and asked with concern.

Didn't it mean that her son lost his memory because he was poisoned? Since it was poisoned, it must be able to detoxify it, right?

Does that mean that after the poison is removed, the memory can be restored?

"this....."

"Grandma, Sonny has been on the road for almost three months, and his body still needs to recuperate. It will take some time before she can treat daddy's poison.

Lin Caisang was about to speak when he was interrupted by Sui Zimo.

"Um?"

She raised her eyebrows and looked at her husband.

She had been traveling for several months and had hardly had much rest after leaving Yacun, but this did not affect her ability to detoxify her father, right?

Although, the poison in her father's body is indeed somewhat difficult to resolve.

"Didn't you just tell me how many days you wanted to rest?" Sui Zimo said to her.

The poison in my father-in-law's body has been there for so many years, and I can't detect it for a while. As for the amnesia, for the current father-in-law, what difference does it make whether he has lost his memory or not?

But when it comes to detoxification, for Sonner, there is a huge difference between now and the future.

"I....."

Lin Caisang looked at him and nodded heavily.

"Yes, I have been traveling for so many days and I am indeed quite tired. I was sleeping very deeply just now." What could she say? She could only follow her husband's wishes.

"Dad, I'm sorry, I really can't detoxify you right now. Firstly, I... my body is not very good right now. Jiang Zuocai made a prescription for me before and I need to recuperate for a while. Secondly... if I want to detoxify you The poison requires some medicinal materials, but I can't get them right now."

She looked at Lin Baizhong and explained for herself.

She was right. The poison on her father's body was really strange and could not be cured immediately.

"What's wrong with your body?"

Lin Baizhong didn't care about the poison on his body, but when he heard that his precious daughter was unwell, his expression became serious.

"Ah? It's okay, I'm just a little tired. Zimo is just worried. Dad, you don't have to worry about it." Lin Caisang explained, then looked at Sui Zimo and winked at him.

Although she had promised not to let others know about her pregnancy, her husband was quite capable of provoking people on her behalf.

"Sang Sang, you're not feeling well, so you should have eaten and gone to rest early. And the medicine, have you boiled it?" Lu Qiubo heard that his granddaughter was feeling unwell, and he hurriedly asked.

"You ask Mr. Jiang Zuo to bring the medicine over, and Grandma will fry it for you."

"Grandma, I'm fine, I'm just a little tired. It's really nothing. Zimo is making a fuss out of a molehill." Lin Caisang explained again.

"Even if it is a small matter, it cannot be ignored." Lin Laogong warned his granddaughter seriously.

"Sang Sang, you have taken good care of yourself, and Zimo, you have to take good care of our Sangsang. Of course, you also have to take good care of yourself."

He looked at Sui Zimo and warned him worriedly.

Chapter 2059 No poisonous weeds allowed

These two children often run around outside and don't know how to take care of themselves. They really can't relax at home.

But it's impossible to always whisper in their ears, and I can only hope that they can take care of themselves. It's just... Although Zimo can take care of Sangsang, they are still young after all!

"Grandpa, I can take care of myself. Why are you telling Zimo this? It's like I'm a handicapped person who can't do anything."

Lin Caisang murmured her red lips and looked at her grandfather.

Does she really look like the kind of person who can't even take care of herself?

"You child, you look a little bad. Dad has been neglectful these days." Lin Baizhong said worriedly when he saw that his daughter's face looked bad.

Lin Caisang: "..."

It's hard to explain why she's right, right?

"Don't worry dad, I will take care of myself, really."

She said seriously to the people at the table, almost swearing to the sky.

Seeing her like this, Sui Zimo had a faint smile on his face, raised his hand and patted her head gently, and then filled a bowl of soup for her.

"Eat first. This plain three-bacteria soup has a fresher taste. Try it and see if you like it."

After hearing his words, Lin Caisang raised his head and glared at him angrily.

Of course, she did not miss the plain three-bacteria soup that was already in her hand. After glaring at him, she started to drink it. ㄇ

...

That night.

Lin Caisang, who slept too much during the day, couldn't sleep anymore, so he went to the medicine garden space with Sui Zimo.

"Where are the people?"

Seeing that the space in the medicine garden was quiet and there seemed to be no one, she looked at Sui Zimo in confusion.

She remembered that Ding Rong was in the medicine garden space. Why was he missing again now?

Suddenly, she rolled her eyes and felt speechless. Anyway, she was used to it. As long as she didn't see Ding Rong in the Jinzhu Space, she would only go to one place, and that was Wuji Prison.

"Hey, she's been sent to the Infinite Prison every three days. I really doubt why I asked her to come in and be a slave!"

This Ding Rong is simply a guest in her Wuji Prison. If this continues, in a month or two, Ding Rong will be able to thoroughly understand the Wuji Prison, right?

"Just pretend she doesn't exist." Sui Zimo said to her.

"Um."

Lin Caisang shrugged and could only nod.

Otherwise, what else could she do? It was impossible for her to directly pull Ding Rong out of the Promise Prison after making a mistake.

Even if she could pull him out, she wouldn't do it. What's more, with her current ability, she still can't pull out the people imprisoned by the Jinzhu Order from the Wuji Prison.

"Zimo, are you going to the food garden space? I need to collect some medicinal materials here." She asked.

"I'll be with you."

Sui Zimo naturally wanted to accompany her to collect herbs.

He would never let her touch those poisonous medicinal materials.

"You are not allowed to pick poisonous weeds or those medicinal herbs with cooling properties. Do you understand?" he warned.

"good."

Lin Caisang had no choice but to respond.

She knew it without having to explain it. How could she do something detrimental to her child?

"You are so loving and caring. I really doubt whether you are the pharmacist or I am the pharmacist? How can I not know my own body?"

"Even if you knew, you wouldn't do things according to the rules." Sui Zimo exposed her mercilessly.

Chapter 2060 I'm dying

How can he not know this girl? She won't pay attention to her body when it comes to some things, especially when collecting and refining medicine. She can even forget about eating and sleeping, let alone other things. What about?

Lin Caisang: "..."

Why does she feel that she is still a particularly dangerous person in the eyes of her husband?

"Zimo, husband, what I'm carrying in my belly is our baby, can I do whatever I want? Don't look down on me too much, okay?"

she said angrily.

"Even so, it's best for me to stay by your side." Sui Zimo said.

He stayed by her side so that they could all feel at ease. Of course, the most important purpose was to keep her away from all dangerous things.

"I have nothing to do in Yacun."

After hearing what he said, Lin Caisang had nothing to say. She could only do those simple things with him.

"Okay then, let's go collect the medicine first." She nodded.

...

In the infinite prison.

At this moment, Ding Rong was shivering all over from the cold, and his black hair and clothes were all covered with a layer of white frost.

"This... what the hell... this ghost place is, it's so... so scary."

Shivering, her stiff eyes glanced at the vast white area.

She has been in this place for who knows how long. Anyway, it has been cold since she was brought in. Maybe it was because of the cold. It was so cold that she didn't even know how much time had passed.

"I just... just said... a bad... bad word about Lin Caisang. As for... that's all."

This Jinzhu Order must be too lenient. She just scolded Lin Caisang. It was really just a sentence. One moment, she was taking care of medicinal materials in the medicine garden. The next moment, she had been thrown into this world of ice and snow. bingo.

"I, I...I realize my mistake, please let me go...let me out..."

This place is really not a place that people should stay. I still remember the last time, she was thrown into a place like a volcano. For many days, it was so long that she felt like she would be roasted.

And this time, he was thrown into the ice cave again!

Thinking about it, why could she not control her mouth? She had to say bad things about Lin Caisang. It was really inappropriate.

"Lin...Lin Caisang, hurry...come and save...save me, I'm about to die."

She was almost frozen to death, and her whole body was extremely stiff. If she stayed here any longer, she might be frozen into an ice lump.

"Hiss! Haha."

She shivered again, and the next moment, she couldn't help but raise her hand to her mouth to warm herself up.

But what's the use? The breath coming out is also extremely cold and has no effect at all.

"Lin, Lin... Lin is picking mulberry... mulberry..."

"What?"

"scare!"

A sudden voice almost scared Ding Rong, who was about to freeze to death.

She turned around tremblingly and saw Lin Caisang and Sui Zimo standing in the same row with her. At this time, she saw the man putting a mink cloak on Lin Caisang's shoulders.

She swallowed and really wanted to snatch the mink cloak and wrap it around herself.

However, she didn't have the courage.

"Lin...Lin Caisang, you...you are finally here...here, hurry up and save...save..."
