

Star of Space 2061

Chapter 2061 Remember not to do it again

"Can't be saved.

Before she could finish her stuttering words, Lin Caisang uttered three words, interrupting her words.

"I said Ding Rong, you are really becoming more and more capable. Why can't you just stay in the medicine garden space? Do you have to follow me to this infinite prison?"

She frowned, looked at Ding Rong tangledly, and asked.

Ding Rong: "?"

Is this what she wanted?

If she could do whatever she wanted, who would be willing to come to this hellish place, where it was sometimes hot and sometimes freezing, and would not give up until she was tortured to death.

How could she possibly want to stay in this place?

But Jin Zhuling has to fight with her, what can she do?

"Tell me, if I take you as a slave, have you suffered eight lifetimes of bad luck?" Seeing that Ding Rong didn't speak, Lin Caisang continued.

"It's only been a month and a half since you've been here. You can tell yourself that you've been to the Promise Prison several times. Ding Rong, do you regard this place as your home? Do you plan to live here?

What, do you want me to build you a house here? "

Ding Rong: "!"

What a ghost wants to live here!

She has been here several times, but she doesn't know how terrible it is. She can't wait to leave this ghost place now.

Also, you must control your mouth in the future and never talk nonsense again.

At this moment, she thought about how good it was when she was rendered mute by Lin Caisang's poison. She no longer had to speak. When she wanted to say something but couldn't, she no longer had to worry about being poisoned by that golden bead. The order was punished.

But look at it now, she has been staying in this place called Wuji Prison, do you think she wants to stay?

"Save me...get out." She said, trembling.

Hearing this, Lin Caisang just looked at her indifferently and shrugged.

"Remember not to do it again next time."

After saying that, she left with Sui Zimo and ignored Ding Rong at all.

Ding Rong: "!"

Just leave like that?

Lin Caisang just left, why didn't he take her away?

She could obviously bring other people in, why couldn't she?

"Lin Caisang, you..."

At this moment, she really wanted to curse.

But thinking that if she really cursed, she would probably stay in this place for a longer time. Thinking about it, she didn't dare to curse anymore and kept her mouth shut.

...

In the medicine garden space, Lin Caisang and Sui Zimo have returned.

"Ding Rong is just a little willful, but otherwise, he's fine." As she said that, she took off the mink cloak from her shoulders, and Sui Zimo took it.

"Just keep her in the space from now on and don't go out." Sui Zimo said.

According to his wishes, a woman like Ding Rong should not be left behind.

But if a person with ulterior motives for Son'er was left somewhere else, he wouldn't be able to rest assured. Thinking about it, it was better to stay in the Jinzhu Space and serve as a slave.

At the very least, as a slave in the Golden Pearl Space, if you make a mistake or have malicious intentions, you will be thrown directly into the Infinite Prison by the Golden Pearl Order.

"Um."

Lin Caisang nodded.

Naturally, she would not let Ding Rong leave the Jinzhu Space casually. At least, she would not let Ding Rong leave the Jinzhu Space if her temper did not change for the better.

"These medicinal materials are really troublesome."

"What medicines are missing? I'll send people to find them." Sui Zimo asked.

Although he did not allow her to start refining medicine to treat her father-in-law's poison now, they could still prepare the medicines that needed to be prepared.

Chapter 2062 Just say it

"There are a lot of missing medicines, but they can't be found here. We still have to go back to Qianhuan Continent to find them. xǐ"~~~~"ǒx" Lin Caisang said bluntly.

"you mean....."

Sui Zimo's face turned stern and he stared at Lin Caisang coldly.

As for the antidote to the poison in his father-in-law's body, he had to go to Qianhuan Continent to find medicinal materials. It was impossible for him not to understand what this meant.

But long before they found the mother-in-law, those who were watching her in the dark had already targeted the father-in-law.

So, the reason why my father-in-law suffered so much was because of those people?

"When mother comes here, we will set off for Qianhuan Continent." He said.

"good.

Lin Caisang responded.

"It's good to deserve it, but it's okay to always say it." Sui Zimo stretched out his hand and took her into his arms.

"Um?"

Lin Caisang raised his eyebrows and looked at him in confusion.

She said this so carelessly that she didn't even know what she was talking about.

"It's time to go to bed now. It's not good to sleep late." Sui Zimo said.

Lin Caisang: "..."

Is this a disguised way of saying she is disobedient?

"Okay, sleep."

She nodded, and following his words, the two of them left Jinzhu Space and went back to the room to sleep.

...

A few days later, Ding Rong was released from Wuji Prison.

But according to Lin Caisang's estimation, she probably would have to be imprisoned in Wuji Prison again without needing the days she spent in it.

And in Yacun, another group of people came.

The eldest princess had already returned with her people. Looking at the familiar yet unfamiliar face chopping firewood in the courtyard, tears fell down her face as she stood outside the courtyard gate.

Lin Baizhong stopped chopping wood and felt keenly that a gaze was staring at him. When he looked up, he saw an unfamiliar face.

"Who are you?"

He put down the ax, took two steps forward, and asked.

Although there was a faint voice in his heart telling him that he should know the beautiful woman in front of him, but he really didn't remember it.

Upon hearing his words, the eldest princess was stunned for a moment, but she soon understood.

Sui Zimo had sent her a message before, saying that Lin Baizhong had lost his memory and that no one except Sangsang could remember it. Of course, there was nothing wrong with asking her that.

"Baizhong, I am Yu Yang, don't you remember?" She wiped her tears and asked softly.

"Yu Yang? Liu Yuyang?"

Lin Baizhong was puzzled for a moment, but he quickly came to his senses.

Sang Sang told him about her mother and her mother's name, which was Liu Yuyang.

Is this the woman in front of me?

"Yes, Liu Yuyang, I am Liu Yuyang, do you remember it?" Liu Yuyang was very happy when he saw her mentioning his name and asked.

"no."

Lin Baizhong shook his head bluntly.

"Sangsang once mentioned you to me, I know."

Upon hearing this, Liu Yuyang's eyes dimmed for a moment, but only for a moment. He recovered quickly, and then grinned at Lin Baizhong.

"It's okay. It doesn't matter if you can't remember. We can take our time."

What is she afraid of? Even if she can't remember it for the rest of her life, so what? They still have a lifetime to rebuild their previous relationship.

"Um... where is Sangsang? Is she here?"

Because she was a stranger to Lin Baizhong, she couldn't say much to Lin Baizhong, so she could only bring the topic to her daughter.

Chapter 2063 What's the worry about life?

"Zimo took Sangsang to the town to play, but it's almost time to come back. Mom and dad are at home, you come in first," Lin Baizhong said.

"good."

Liu Yuyang responded and walked into the courtyard.

When the two of them get along, it's a little awkward and a little strange.

Even if Liu Yuyang's memory has been restored, after all, the couple have not seen each other for many years, so how familiar can they be?

Fortunately, Lu Qiubo, who was in the kitchen, heard the sound and came out to see what was going on.

"Yu Yang is back."

Seeing Liu Yuyang who had just returned, Lu Qiubo hurriedly walked out and looked at Liu Yuyang with a smile.

"Mom, I'm back."

Liu Yuyang looked at Lu Qiubo with some embarrassment.

"Have come all the way back, are you tired? Go sit down in the main room first, mother will cook you something to eat, and then go to rest for a while. Baizhong, what are you doing standing around? You haven't seen your wife coming back. Take her quickly. Go sit in the main room."

Lu Qiubo greeted his son.

"good."

Lin Baizhong responded, glanced at Liu Yuyang, and walked to the main room first, while Liu Yuyang followed behind him.

Lu Qiubo looked helpless at his son and daughter-in-law.

She, the eldest son and daughter-in-law, also has a hard life. One finally recovered from his amnesia and can remember people, but the other...

But she didn't know what to do. Zimo kept stopping Sangsang from letting her detoxify her father. She thought, there must be their reasons, and she couldn't rush him. 'G' '9' 's' 'h' 'u' 'x' 'l' 'c' 'o' 'm'

It's just amnesia, and there's no danger to his life, which is fine.

As for the couple, let them figure out their own feelings first, or it might not be a good thing for Baizhong to lose his memory and start to understand Liu Yuyang again.

...

When Lin Caisang and Sui Zimo returned home, they learned that Liu Yuyang had arrived home.

Lin Caisang immediately came over to take a look, and saw only her father and mother, sitting in the main room, facing each other, but not saying a word.

Lin Caisang outside the door: "..."

She even wondered if her parents were learning that silence is golden.

"Mom, you are back."

She quickly raised her feet and walked in.

"Sangsang, are you back? Come here and let me take a look."

When Liu Yuyang heard his daughter's voice, he immediately stood up from his chair and waved to her.

"What's wrong? Is it because I didn't eat well or didn't sleep well? Why have I lost weight?" Seeing her daughter coming to her side, she frowned slightly and asked with some worry on her face.

"Well."

Lin Caisang was so choked by her mother's words that she couldn't even say a word.

Ever since he found out she was pregnant, her husband had been stuffing things into her mouth every day, and he only had to feed her ten meals a day.

She felt like she was being raised like a pig these days, but her mother-in-law still thought she had lost weight?

"Have I lost weight? Zimo."

She silently looked at Sui Zimo who came in with her and asked.

"It's because I lost weight. It's because I didn't take good care of you." Sui Zimo raised his hand and pinched her cheek, saying honestly.

Some time ago, when he was still in Qianhuan Continent, his wife didn't like to eat very much for a while, and her face looked bad.

But they were on their way at that time, and he could only hold his wife in his arms, coaxing her to eat more, trying not to get her tired, but he didn't know that she was pregnant.

If only I had known it back then...

Forget it, I already knew that money can't buy it, but now it's useless to talk about it before.

Chapter 2064 Everyone lives together

"Let's eat more these days to make up for all the weight we've lost, eh?"

Lin Caisang: "..."

Besides, she really has to wonder if she is a pig.

"You can make up for it yourself."

She rolled her eyes at him angrily and said.

"Okay, let's make up for it together." Sui Zimo said.

"Come, come and sit."

Liu Yuyang pulled Lin Caisang to sit down.

"I heard from your father that you went to town. Are you tired?"

"What's so tiring?" Lin Caisang smiled.

She just went to the town to have a look around, but didn't buy anything. Even if she did buy something, wouldn't Zimo be carrying it? What's more, riding a carriage back and forth, how tired would it be?

"Mom, you came so quickly."

"When I received the news, I was preparing to come back, so I rushed back as soon as I received the news from Zimo." Liu Yuyang glanced at Lin Baizhong and explained to his daughter.

Knowing that the husband she misses so much is back, why don't she come back and have a look?

But after hearing the news about his amnesia, I still felt a little melancholy. Why was it so difficult for the two of them to be together?

"Is there nothing going on over there? Is Brother Changfeng okay?" Lin Caisang asked.

"He's fine. Your two cousins are taking care of him, okay?" Liu Yuyang replied.

As for Lin Changfeng, he has really settled down in Jian'an City. He is an upright man and has a bright future.

"A few days ago, Changfeng was discussing with me whether to bring your grandpa and grandma to Jian'an City so that we can live together so that we can take care of each other, but..."

She glanced at Lin Baizhong again.

She knew that in the past two years, the Lin family would be able to leave Yacun early and live in a better place.

But because Lin Baizhong was missing, Lin Laogan and Lu Qiubo would not leave Yacun. They wanted to wait for Lin Baizhong to come back so that they could have a place to get together.

Therefore, when Lin Changfeng mentioned this matter before, she was opposed to it.

Because I took into account the thoughts of the two elders and knew that they would not leave Yacun easily.

But now that Lin Baizhong has come back, she thought that if she proposed that the two elders go to Jian'an City and live with Changfeng and Laosan's family, they would be willing.

"Going to live in Jian'an City?"

When Lin Caisang heard her words, he raised his eyebrows and glanced at Sui Zimo.

"Mom, this is a good thing, but grandpa and grandma won't agree." Sui Zimo said to his mother-in-law.

"Why?"

Liu Yuyang asked puzzledly.

Lin Baizhong has come back, and the big stone that has been weighing on the hearts of the two elders can be let go.

Then why can't we live in Jian'an City?

There are caregivers there and Changfeng is there, so the family can be reunited. What a great thing.

"Dad and mother are used to living in Yacun. Moreover, not only me, but also others cannot be let go." Lin Baizhong told the truth on behalf of his daughter and son-in-law.

"Can't let it go? What else can't be let go?" Liu Yuyang asked.

"Liu Yushui is the granddaughter of my parents. She now has four children, and my parents can't let go of her. There is also Caiqing's marriage, which is also in the village, and my parents can't let go either."

Lin Baizhong said.

"Also, my parents are already used to living in the village. If they are asked to live in Jian'an City, they will definitely not be used to living there. As they get older, they have to live in a place they feel comfortable with.

Yacun is the place where parents feel most comfortable. "

Chapter 2065: Roots of Chinese Cabbage

"this....."

After listening to Lin Baizhong's words, Liu Yuyang fell silent.

Yes, in fact, no matter how old you are, you all like to live where you feel most comfortable.

It's just that young people force themselves to get used to unfamiliar environments and have better ability to withstand stress, but older people still have to choose a direction of life that they like best.

She took a deep breath and nodded.

"That's what I thought wrong. My parents are old after all. If we really go to Jian'an City, I'm afraid there won't even be anyone to talk to, and I won't feel comfortable. It's better to live in Yacun.

But when Changfeng brought it up, I didn't agree. After a while, he figured it out and probably wouldn't mention it again.

"Um."

Lin Caisang nodded her head. Suddenly, she thought of another thing and chuckled.

"Mom, tell me, Brother Changfeng, he has the heart to bring grandpa and grandma to live in Jian'an City, why doesn't he think about himself? Look at how old he is. He doesn't even have a girl he likes now. Never seen it."

Hearing this, Lin Baizhong and Sui Zimo raised their heads at the same time and looked at Lin Caisang helplessly.

"That's right, Yu Yang, let Changfeng be free from now on and worry more about yourself. Don't always think about his grandpa and me. We are used to living in the village. If we really go to such a big place If you live there, you won't get used to it."

Suddenly, Lu Qiubo walked in from outside the door and said to Liu Yuyang.

The words of her baby Sangsang really spoke to her heart. Changfeng's age was also there. It was time to worry about her life-long affairs.

But he just didn't think about that, he only cared about his family.

After hearing Lu Qiubo's words, several people in the main room looked helplessly at Lu Qiubo who walked in from the courtyard.

Together with her grandma, she has been listening outside the door.

"Grandma, even if he doesn't worry about Brother Changfeng's marriage, my mother will definitely arrange it for him. Don't worry." Lin Caisang stood up and was about to pick up Lu Qiubo. Bowl in hand.

Unexpectedly, a pair of hands was faster than her. Sui Zimo had already taken the bowl of noodles from Lu Qiubo's hand and placed it in front of Liu Yuyang.

"Mom, you eat noodles first."

"good."

Liu Yuyang glanced at his son-in-law and nodded.

"Grandma, why don't you worry? Grandma is at ease." Lu Qiubo said in a funny tone.

"Your cousin, he never paid attention to the love between his children. In the past, he didn't like any of the girls in the village. Now, the difference is probably not much different. Those girls are in his eyes. , just like the roots of Chinese cabbage, no different.

But grandma is not in a hurry. She is a good girl, so she has to pick it up slowly. She can't be in a hurry. It is said that you can't eat hot tofu in a hurry. "

"Yes, yes." Lin Caisang responded.

Grandma was right, her cousin was good at everything, but he never thought that as a man, he needed a wife.

Look, Cai Qing is almost growing up and is getting married, but Lin Changfeng doesn't have a girl around him.

When I was at home, I focused on my studies, and my family didn't dare to worry about it and delay Lin Changfeng's studies.

But now, Lin Changfeng has settled down in Jian'an City. As the saying goes, it is beyond the reach of the whip. Even if grandpa and grandma want to worry about Lin Changfeng, they can't worry about it.

Chapter 2066 Pay attention to those who are well-matched

"Mom, you don't have to worry about this." Liu Yuyang chuckled after listening to their words.

"Um?"

When Lin Caisang heard her mother's words, the meaning couldn't be more obvious.

"Mom, did Brother Changfeng fall in love with a girl from a certain family in Jian'an? Really?"

"Um."

Liu Yuyang nodded.

"Really?"

Upon hearing this, Lu Qiubo quickly prepared to pull up a stool, sat down next to Liu Yuyang, and inquired carefully.

Seeing this, Lin Baizhong directly pulled a stool and moved it behind his wife.

"Yu Yang, tell me, which family is this girl from?" Lu Qiubo sat down and asked.

"Grandma, this is not the time to ask which girl."

Lin Caisang quickly interrupted her grandmother's words and looked at Liu Yuyang seriously.

"Mom, how is this girl like a person? Family background or anything else is not important, the key is being a person. We can't find a girl who will cause trouble for Brother Changfeng, right?" she said.

"I have watched that kid grow up. He has a good temper. Although he is a bit aggressive, in a place like Jian'an City, the most important thing is that the people in the inner house can control the situation outside.

I think that child is fine. The key is that ever since she met Changfeng, she has made it clear that she will not marry anyone but him.

Liu Yuyang felt happy when he thought about the rumors in Jian'an City.

"You won't marry unless he is?"

Lin Caisang raised her eyebrows and glanced at Sui Zimo and her father.

Does that mean you fell in love with Brother Changfeng at first sight? Did something else happen?

"Mom, tell me, how did Brother Changfeng meet this girl?" she asked.

"It's not a big deal. The child met a thief when he was shopping on the street, but was caught by Chang Feng who was passing by. Who would have thought that the child thought Chang Feng was a thief? He beat Changfeng indiscriminately, but later he realized that he had beaten the wrong person. "

Liu Yuyang said.

Hearing this, everyone in the hall was speechless.

Even though Lin Changfeng is a scholar, he is not really a weak scholar, okay?

In the past, I would go to the mountains with Sui Zimo, and occasionally hunt for prey. I still had some skills. How could I be beaten by a girl?

This matter still sounds fishy.

"Whose family does that girl belong to? Mom, I have been listening to you talking about that child, so I guess she is a relative of yours?" she asked.

"She is the child of the queen's maiden sister, the biological daughter of Prince Zhongzheng, and the only daughter of Prince Zhongzheng, Princess Huanyu," Liu Yuyang said.

"Still a princess?" Lin Caisang raised an eyebrow.

"Yu Yang, this person is a princess, isn't his status... a bit high?" Lu Qiubo felt a little scared when he heard the other person's identity, and asked in a low voice.

The other party is the princess, but Changfeng grew up in Ya Village. Even though he is an official now, he comes from a poor family.

Marriage is about being a good match. How can the Lin family and the Zhongzheng County Prince's Palace be considered a good match?

"Grandma, are you thinking too much?"

Lin Caisang reached out and took her grandma's arm.

"Look, my mother is the eldest princess of the dynasty. Didn't Brother Changfeng call my mother uncle? She already has a high status, and she is just the daughter of a county prince. How can she not be worthy of her? ?

Moreover, although it is true that they are a good match, as long as two people really want to be together, no matter what kind of family they are, they can live a good life, right? "

Chapter 2067 Thinking Too Simple

It doesn't matter whether he is from the right family or not, but is he from the right household?

As long as we can live together wholeheartedly, none of this is a problem. The key is...

"Mom, is that girl sincere? Isn't it just a temporary idea?" She looked at her mother and asked.

"I'm also worried that this is the case, so I asked Changfeng to try his best to stabilize himself first, and wait until the child calms down and thinks a few times before making a decision."

Liu Yuyang said.

Anyway, Lin Changfeng is not too old, so it is okay to get married in two years.

As for Princess Huanyu, she has just grown hair, and her mind will be more mature in two years. If her mind has not changed by then, it will not be too late to talk about marriage.

"As I told your uncle, he will definitely arrange Changfeng's marriage, and Changfeng will not be wronged," she said.

"That's good."

Lin Caisang let out a light breath, turned around, and saw Lu Qiubo also let out a light breath.

...

That night.

The family had already had dinner, and Lin Baizhong, Lin Laogan, Lu Qiubo, and Lin Baiyi's family were sitting in the yard chatting.

Lin Caisang, on the other hand, went to Sui Zimo's house with Liu Yuyang.

"Sang Sang, I heard from your grandma that your father's amnesia is due to poisoning. It can be cured, right?" The two of them were chatting about the current situation in Jian'an. After a while, they talked about Lin Baizhong's poison. .

Hearing her words, Lin Caisang was stunned for a moment, then nodded quickly.

"It can be cured, but some medicinal materials need to be bought in Qianhuan Continent," she said.

"Thousand Fantasy Continent?"

These four words made Liu Yuyang stunned.

"You mean, the poison your father was poisoned has something to do with those people in Qianhuan Continent?"

If this is really the case, doesn't it mean that what Lin Baizhong has encountered over the years is inseparable from her?

"Those people are actually... hateful!"

She had already tried her best to avoid those people, so why were they still pursuing her?

Did those people think that if they really pushed her into a desperate situation, they would benefit from her?

She took a deep breath, exhaled heavily, and gritted her teeth.

"Mom, although I asked you some things, you may not be able to tell me, but I really want to know what you encountered during those years in Qianhuan Continent, and why did those people in Qianhuan Continent treat you so badly? Why pursue him so relentlessly?"

Lin Caisang is really curious about this.

Even though she is a princess, the people on the Qianhuan Continent have never looked down upon the people on the Desolate Continent.

But why are you chasing her mother so hard? She has already escaped, and you want to kill her and even her husband?

"Mom, if I'm not wrong, the reason why those people brought dad to Qianhuan Continent is because they hope you can return to Qianhuan Continent to find him. I'm afraid that when I got the news about dad, it wasn't that simple. of."

Sui Zimo analyzed from the side.

He got the news about Lin Baizhong so easily back then, but that was news that so many people couldn't find.

He had never doubted the source of this news before.

But this time, Sonny mentioned that the poison on his father-in-law was related to Qianhuan Continent, which had to make him suspicious.

They still think of things too simply.

"So, that's it." Liu Yuyang gritted his teeth and his expression became serious.

Chapter 2068 A whole mountain of pure crystal stones

It seemed that those people still didn't want to let her go.

"Isn't it okay if I don't enter Qianhuan Continent again?" Do those people have to force her?

"Mom, what Zimo and I want is that this time you and dad will go to Qianhuan Continent with us to clarify all these things and eliminate all potential dangers."

Lin Caisang said to Liu Yuyang.

Only by eliminating those who are behind them one by one can they live a stable life.

Otherwise, no matter where they are, those people will come looking for them.

"Why.

Liu Yuyang sighed heavily.

"Do you want to know why those people cling to me?"

Looking up, she looked at her daughter and son-in-law and asked.

"If mother doesn't want to say it now, we don't have to listen." Lin Caisang said.

She didn't have to force her mother to say anything, but those things, one after another, made her confused.

There was one thing about Sui Zimo, and another thing about her mother. If these two things were not resolved, she would feel that she would not even be able to sleep well.

"There's nothing that can't be said." Liu Yuyang sighed again.

"Back then, when my mother was in Qianhuan Continent, she made some money and bought a mine. As a result, pure crystal stones were found in the mountains. Pure crystal stones for the entire mountain."

"A whole mountain of pure...pure spar?!"

No matter how calm Sui Zimo and Lin Caisang were, at this moment, they were speechless.

Pure spar, one pure spar is enough to kill someone, let alone a whole mountain of pure spar. That would not be lucky, but could lead to death.

"So, is this why they keep chasing you?" Sui Zimo asked.

"Um."

Liu Yuyang nodded his head lightly.

"Originally, it was just an inconspicuous barren mountain. Even if something was discovered, others would not know about it, but..."

Recalling those things in the past, she sighed heavily again.

"At that time, there were several people from Huanglu who went to Qianhuan Continent with us. After all, they came from the same place, so we all became good friends, and one of them became even better friends with me.

I also accidentally told him about this matter, and then I was hunted down. Those people always wanted to get the pure crystal stone on that mountain.

But by the time they went to that mountain, I had already finished digging the pure crystals, and the mountain was empty. They got nothing, so they continued to chase me to the wilderness.

After that, there was the scene where your father saved me. "

"Mom, I hear you say that you don't even know who are those who are chasing you and trying to steal your pure crystal stones?" Lin Caisang asked.

"I really don't know."

Liu Yuyang replied, but although she didn't know, there were only a few people she came into contact with at the beginning and her friend could come into contact with. You can guess who they are, right?

"Although I don't know, I can still guess roughly. Moreover, the person who betrayed me should still be in Qianhuan Continent. Wherever he is, someone wants what I have.

But, they are just wishful thinking! "

How can it be so easy to want what she has in her hands? Even if she destroys all the pure crystals, she will not let those people get what they want and get those pure crystals.

Chapter 2069 Where is it injured?

"It seems that we still have to find that person. Lin Caisang took a deep breath and turned to Sui Zimo.

It feels like there are more and more things they need to do, and it's time to set off to Qianhuan Continent again.

"Mom, Zimo and I will be returning to Qianhuan Continent soon. Do you and dad want to go with us?"

"Are you still going to Qianhuan Continent?"

Liu Yuyang was stunned for a moment when he heard his daughter's words, but he quickly came to his senses and asked.

"No, why are you going back? Zimo still wants to find his family?"

She knew that Sui Zimo's family was from Qianhuan Continent, but she thought that for Sui Zimo, Sangsang was his most important family member, and those former family members should not be that important. Bar?

She turned to look at Sui Zimo and asked.

"It's not as simple as finding family members." Sui Zimo only said this.

"Um?"

Hearing this, Liu Yuyang hummed slightly, and then looked at his daughter.

"cough."

Lin Caisang coughed lightly and curled her red lips.

"Mom, this matter is a bit complicated. Zimo's body has been poisoned. We must go to Qianhuan Continent to find the antidote. Also, didn't you see that child before? It was Yin Baiqing. He was Qianhuan. People from the mainland, we have to send him back."

"What did you say? Zimo was poisoned? When did it happen?" Liu Yuyang was shocked.

She never knew that Sui Zimo was poisoned. When did it happen? Was it the poison they went to Qianhuan Continent this time?

"It was a long time ago. It was so long ago that we didn't even know Zimo at that time." Lin Caisang replied.

Hearing this, Liu Yuyang was stunned for a moment, and then thought about what happened back then.

"That means Zimo was poisoned before he was picked up by the Sui family? What kind of person would actually poison a child? He was poisoned for so many years!"

However, if this person is from Qianhuan Continent, it would not be strange. People in Qianhuan Continent never take human life seriously.

In their eyes, it doesn't matter how others die as long as they don't die themselves.

"yes."

Sui Zimo nodded.

"That....."

Liu Yuyang looked at Sui Zimo and then at Lin Caisang.

"Sang Sang, don't you have any way to detoxify Zimo?" she asked her daughter.

"With my current medical skills, there is nothing I can do." Lin Caisang shook his head.

"Or maybe it's because the poison is so tricky and its use is so broad that I can't even prepare an antidote right now."

Let alone a moment, even if she is given a few more years, it is unlikely that she can prepare an antidote. Unless she can obtain the poison's prescription, she can prepare the antidote according to the poison's prescription.

"It's better to go to Qianhuan Continent." Liu Yuyang said.

"Um."

They both responded at the same time.

"Then when are you going to set off?" Liu Yuyang asked again.

"We will set off in a few days. Sonny and I hope that you and dad can go with us, so that when Sonny's body stabilizes, we can detoxify dad first."

Suizi Mo said.

Hearing this, Liu Yuyang frowned and looked at his daughter and son-in-law with some confusion.

"Zimo, Sang Sang, tell me honestly, did you encounter any accident in Qianhuan Continent, and where were you injured?" She reached out, took her daughter's hand into hers, and asked.

Otherwise, it was just to detoxify Lin Baizhong, why would Sui Zimo make it so serious?

Chapter 2070 Countermeasures

"this....."

After hearing his mother's question, Lin Caisang really didn't know what to say. (audience)

Can she say that her husband listened to Jiang Zuo's words, saying that in the first three months of pregnancy, a woman needs to rest and not overwork?

Of course, she was also afraid that some poisonous weeds would affect her children.

"Mom, Son'er is not injured anywhere, but he has a baby. I hope that when the baby is stable, Son'er can detoxify Dad." Sui Zimo explained.

"What?!"

When Liu Yuyang heard what he said, he stood up from his chair in shock.

"You... you two children, you want to hide such a big pregnancy? What are you trying to do?"

She was secretly frightened when she thought that they had said before that they would go to Qianhuan Continent in a few days.

How could this be possible? Her precious daughter was pregnant, so how could she still take risks in Qianhuan Continent, a place that eats people without spitting out their bones?

"Are you planning to go to Qianhuan Continent like this?"

Seeing his mother's surprise, Lin Caisang helplessly glanced sideways at her husband.

He had to say it now. When they arrived in Qianhuan Continent, she wouldn't object to whatever he wanted to say, but now...

She estimated that it would be extremely difficult for them to go to the Qianhuan Continent. Even if they went to the Qianhuan Continent, they would have to be careful and not make any big moves.

"Mom, I'm fine. Look, I can eat and sleep. I just feel sleepy occasionally. I'll be fine if I sleep for an extra hour or two." She winked at her mother and said.

"Besides, Zimo is here and he will take good care of me. Don't you worry?"

"you....."

Liu Yuyang opened his mouth, but he didn't know what to say.

After all, they still want to take care of all the things on Qianhuan Continent before the child is born.

But are those things so easy to handle?

The Qianhuan Continent is different from the Desolate Continent. If you are not careful there, you will be in danger!

"Do you have to go?"

Hearing this, Lin Caisang glanced at Sui Zimo again, and then nodded to Liu Yuyang

"Um."

"I have also considered staying at home for more time."

Sui Zimo stepped forward, put his arms around his wife's waist, looked at Liu Yuyang seriously, and spoke.

"But, mother, you should also be aware that no matter whether it is around you or around us, there are people watching secretly. Unless Son'er does not appear in front of others during pregnancy, he will definitely be caught by those people. For those who know.

In that case, instead of being targeted here, it would be better to go to Qianhuan Continent, where we can have countermeasures. "

"What to do?"

Liu Yuyang looked at Sui Zimo and frowned.

They are all being watched here. Wouldn't it be even more dangerous if they went to Qianhuan Continent?

"After I go to Qianhuan Continent with Sonny, I plan to follow my father to live in Sky City. The city lord there has some friendship with my father. We will be safer there than in other places."

Sui Zimo said.

In fact, when it comes to living in Sky City, it is better for them to find a place to live at will.

But now there are so many people watching them secretly, and they will be watched wherever they go. It is better to go to Sky City first to confuse those people secretly.

As for where they want to go after arriving at Sky City, it is beyond the control of those secretly watching the sentries.
