

Star of Space 2071

Chapter 2071 Lu Tiankuo

"Going to Sky City?"

Almost without thinking, Liu Yuyang shook his head.

"No, we can't go to Sky City."

"Mom, are the people chasing you in Sky City?" Lin Caisang guessed.

"yes."

Liu Yuyang no longer concealed anything and nodded.

"The half-brother of the current Lord of Sky City is a ruthless person. Although his ability is not enough to cover the sky in Sky City with one hand, he still has some influence.

And he was one of the people who often hung out with that friend of mine.

I guessed that the most likely person who was chasing me was the city lord's younger brother, and this man not only had a certain amount of power in Sky City, but also had many friends in Zi Yan Kingdom.

In the past, they had done a lot of terrible things together, and I was probably just one of them. "

She was not unaware of what happened back then, she still knew something about it.

But in general, she was still young back then, and she had come from the Desolate Continent. Even though she had a pure crystal in her hand, she was just a little girl without power. How could she be related to someone whose power was entwined in Qianhuan Continent? What about going against it?

Therefore, no matter what, she will lose.

"The younger brother of the Lord of Sky City?"

After hearing what her mother said, Lin Caisang turned her eyes and looked at Sui Zimo.

She had not heard her father talk about this person, that is, this person was not a very important figure in Sky City.

However, even if he is not an important figure, his brotherly relationship with the city lord is enough to do evil in Sky City.

"Mom, once you have a goal, it will be easy to handle. Since it is this person, let's get rid of him together."

"You guys, how can things be as simple as you think?" Liu Yuyang sighed softly and shook his head.

If it was really as simple as they thought, she wouldn't have been forced to such an extent in the first place.

"Yu Yang, Sang Sang, I can handle this matter."

Suddenly, Lin Baizhong's voice came from outside the yard, and the next moment, he strode in.

"Baizhong."

Liu Yuyang stood up and looked at him.

"How did you..."

Isn't he staying with his parents at home? Why did he come here?

"You screamed so loudly just now. I was worried, so I came over to take a look." Lin Baizhong said.

Although he knew that with his son-in-law Sui Zimo here, nothing big would happen, he still couldn't worry and came over to take a look.

Who knew that they were actually talking about the younger brother of the Lord of Sky City? He still had some impressions of that person.

"I....."

Liu Yuyang opened his mouth, not knowing what to say.

She had just suddenly heard the news that her daughter was pregnant, and was so shocked that she screamed.

"I still know something about Lu Tiankuo, and I will tell you about it now." Lin Baizhong came to Liu Yuyang's side, looked at his daughter and son-in-law, and said.

"Dad, is Lu Tiankuo the younger brother of the city lord?" Lin Caisang asked.

"Um."

Lin Baizhong responded.

"In the past few years, Lu Tiankuo's power in Sky City was still quite strong. However, since I went to Sky City, his power has been gradually eliminated. Until today, there is not much left."

"Why?" Sui Zimo asked.

He didn't believe it. This was because of his father-in-law's contribution. No matter how powerful his father-in-law was, he was probably not that powerful.

Chapter 2072 The old lady's surname is Ding

"Because the reason why I saved the city lord and his wife was probably because Lu Tiankuo sent people to assassinate them. Lin Baizhong explained.

"Of course, this is just a guess. Lu Tiankuo acted meticulously and did not reveal any flaws. The assassination incident was not confirmed to be his, but the city lord was already sure that it was him.

Because there was no evidence, and because Lu Tiankuo was the biological son of the old lady in the city lord's palace, the city lord couldn't attack him directly, so he slowly and bit by bit eliminated the power in his hands.

So far, it's almost cleared. "

"Is it really almost cleared?" Sui Zimo asked.

Hearing this, Lin Baizhong chuckled, looking at his son-in-law meaningfully.

"At least in the eyes of the city lord, the forces surrounding his ambitious brother have been almost eliminated," he said.

"That means no."

Lin Caisang said with a clear look on his face.

"This power can be divided into the overt and the secret. No matter how much the superficial forces are eliminated, it is useless. It depends on the ones cultivated secretly. At the critical moment, those are the most useful."

Lin Baizhong sighed and said.

"In the past few years, I have also found out some things about Lu Tiankuo. In Sky City, he is not a very meticulous person in his work and thoughts, so the people around him are not very powerful people.

However, for such a person, even if the city lord wanted to catch him, he couldn't catch him, which had to arouse my curiosity. ㄇ"

"Is it because of Lu Tiankuo's mother?" Lin Caisang said.

There is a mother who is an old lady in the city lord's palace. What can't Lu Tiankuo do?

However, she really couldn't imagine that since Lu Tiankuo was determined to be the city lord, why couldn't he get the position of city lord of Sky City even with the help of his own mother?

"Yes."

Lin Baizhong nodded.

"This old lady in Sky City is not an ordinary woman. If you see her in the future, you will understand. In addition..."

He raised his head specifically and glanced at his precious daughter.

"That old lady's surname is Ding."

"Uh...cough, cough, cough."

Lin Caisang really choked on his own saliva.

Being able to be pointed out by her father personally and saying that the old lady's surname was Ding, it was obvious that she was related to the Ding Rong in her dimension.

But Ding Rong also calls the city lord's wife aunt, which means that his relationship with the city lord's wife is also extraordinary.

"The interpersonal relationships in Sky City are really complicated."

"Sang Sang, if you really decide to leave for Qianhuan Continent, you'd better be prepared." Lin Baizhong reminded them.

"Okay, I understand." Lin Caisang nodded and turned to Sui Zimo.

...

In the Golden Pearl Space, after Sui Zimo sent Lin Baizhong and Liu Yuyang back, he accompanied Lin Caisang to the Golden Pearl Space.

At this time, Ding Rong was busy in the medicine garden space.

After being bullied several times by Jin Zhuling, she no longer dared to talk casually. She tried her best to look like a mute when no one was around.

"Why did you get in?"

Seeing Lin Caisang and Sui Zimo, Ding Rong glanced at them angrily and asked.

Lin Caisang: "..."

She glanced sideways, glanced at the medicinal materials grown in the medicine garden, and then looked at Ding Rong.

"Isn't this place mine?" she asked.

Chapter 2073 It turns out they weren't kissing each other

Since it belongs to her, she can come in whenever she wants, right? Why does it seem like she can't come in to this place?

"Oh, it's yours." Ding Rong responded.

She just didn't want to see Lin Caisang. If it weren't for Lin Caisang, she would still be carefree outside at this moment. Why would she need to work every day and take care of these medicinal materials?

"be mine."

Lin Caisang said directly to her.

"It's you, it's rare that I can see you when I come in here. You've been quite good lately."

Ding Rong: "!"

By the way, can she not be good?

The consequences of not being good will be to suffer in the Infinite Hell!

A few times is enough. If she can't control her mouth anymore, then she will really kill her with a piece of tofu.

"Did you come here to pick some medicine? Do you need me to help you pick it?" She took a deep breath, calmed herself down, and asked.

"Oh, my attitude has improved a lot." Lin Caisang raised his eyebrows and looked at her funny.

It seemed that he had suffered enough in the Promise Hell and learned a lesson, so he no longer dared to be arrogant in front of her.

Hearing this, Ding Rong pursed his lips and said nothing.

"Okay, I'm not collecting medicine. I just came to ask you a few questions. Find a place to sit down." Lin Caisang said to her and turned to Sui Zimo.

"Zimo, you..."

"I'll go find some medicinal materials, you be careful." Sui Zimo said to her, then turned and left.

Ding Rong on the side: "..."

This is obviously Lin Caisang's territory, okay, but you still want to remind Lin Caisang to be careful?

Isn't this an obvious warning to her not to attack Lin Caisang? However, even if she had the courage, she would not dare to attack Lin Caisang here.

She could imagine that before she could take action, she would be in that infinite prison again.

"What do you want to ask?"

She took a deep breath again, looked at Lin Caisang and asked.

"It's not a big problem. I just want to ask. You have been mentioning that the wife of the city lord of Sky City is your aunt, so why haven't you mentioned that the old lady is also from your Ding residence?"

Lin Caisang asked.

Hearing her question, Ding Rong was stunned for a moment, but he quickly came to his senses.

"What are you talking about about her? She is from the Ding family, and she has no blood relationship."

There was no smile on Ding Rong's face, and he said to Lin Caisang, "That old lady of the City Lord's Mansion, who among the Ding Mansion wants to say another word to her?" Think back to the beginning...

"She is my grandfather's god-sister, not a biological one, but in name, she is still the legitimate daughter of our Ding family. It's just that outsiders don't know these things, but our Ding family and the City Lord's Mansion know about it. "

she said.

"It turns out it's not a kiss."

Only then did Lin Caisang understand why Ding Rong had never mentioned this old lady who should have more power in the city lord's mansion.

"Even if they are not married, then why can she marry into the city lord's palace?" she asked.

According to what her father mentioned before, this old lady was not brought into the position of madam by her aunt, but was married by the old city lord after the previous lady passed away.

Moreover, this old lady was not favored by the old city lord in the past.

A woman who is not the legitimate daughter of the Ding family, not even a concubine, can actually become the wife of the city lord in a mansion like the Sky City Lord's Mansion where it is necessary to choose a well-matched wife?

This is not surprising.

Chapter 2074 It's really poisonous!

"It's not because..."

Ding Ronggang wanted to answer, but he stopped talking and looked at Lin Caisang in confusion.

"That's not right. Why are you asking these questions? Does the old lady have a grudge against you? No way?"

Didn't Lin Caisang go to Qianhuan Continent to find her biological father Lin Nian? How could she have enmity with the old lady of the Lord's Mansion of Sky City?

But if there was no enmity, then why would she ask the old lady about it?

"Just answer the question." Lin Caisang looked at her coldly and said.

Hearing this, Ding Rong curled his red lips and had no choice.

Who told her to be a slave now? Whatever she knew, she must tell everything about Lin Caisang, the master.

Otherwise, she would have to stay in Wuji Prison again. She didn't want to go to that place again.

"Because she used to have a close relationship with my uncle's mother, and they had a good relationship. Before my uncle's mother passed away, she made an agreement with the former city lord, asking him to marry the old lady and take care of her son for her.

It's almost like this. Anyway, that's what my grandfather told me. No one in our Ding family likes that old woman. "

Naturally, she would not recognize the old lady as her relative. When she lived in the City Lord's Mansion before, she would not even bring her to see the old lady.

"Then why did your aunt marry the city lord?" Lin Caisang asked.

This question was a doubt that had lingered in her mind since she knew that the old lady came from the Ding family.

The Ding family can be considered a big family in Sky City, and the mother clan of the city lord's wife who has friendship with the Ding family is also a big family in Sky City. If she must choose, the old lady will definitely let the city lord's wife marry her son. , I will never give any more help to my stepson.

"I thought the old lady would let the city lord's wife marry her biological son."

"laugh."

Ding Rong sneered.

"She would like to, but does she have the ability?"

That woman, after spending her whole life, she still got nothing in the end.

"Since you asked about this, I might as well tell you that back then, that old woman tried to set up my aunt and even my sister-in-law, but unfortunately they didn't succeed.

Otherwise, do you think why the Ding family would not tolerate that old woman? It's because she plotted against the daughter of the Ding family and caused misery to my sister-in-law! "

"Um?"

Lin Caisang looked at her with raised eyebrows.

"I can't say much about the specific things, but my aunt, that old woman did plan to make her his son's wife, but it was ruined by the original city lord, who is now my uncle. She Didn't succeed."

Ding Rong said honestly.

"Of course, this is a family secret. I don't know some things. After all, I wasn't born yet at that time."

She, a younger generation, shouldn't be able to inquire about the affairs of the previous generation, and she didn't want to know so much. As far as the elders were concerned, as long as she could stay away from the old woman in the city lord's mansion, that would be fine.

"But that old woman is indeed quite poisonous!" she said.

"It's pretty much the same as you." Lin Caisang glanced at her and said.

Ding Rong: "..."

Why is this woman so good at burning down bridges?

What's wrong with her? What's wrong with liking someone?

"Lin Caisang, I like your father, but this is not a big sin, right? Is it wrong to like someone these days?"

Chapter 2075 Banned

But even if she liked Lin Nian, she couldn't do anything to him, right?

On the contrary, she has now ended up as a slave to Lin Caisang. She is forced to work every day.

There is always a possibility of being sent to that place called the Promise Hell to suffer, so she is the most miserable person, right?

He actually had to be compared between Lin Caisang and that old woman!

"It's okay to like someone, but it also depends on whether that person likes you." Lin Caisang said.

Hearing this, Ding Rong rolled his eyes and stared at Lin Caisang coldly.

"I didn't do anything to him. It's not me who is suffering now. I do this and that for you every day. I have never done so much work in my life. Why don't you feel balanced?"

she said angrily.

Hearing her words, Lin Caisang chuckled.

"In your life?"

"Yes, I have never..."

"How long have you lived in this life?"

Before Ding Rong could finish speaking, Lin Caisang interrupted her and asked her.

"Forget, you have to live in this place for at least sixty years. If the years you lived before can be called a lifetime, then you will have to stay in my place for several lifetimes."

Ding Rong: "!!!"

She had nothing to say to refute this.

"This place of yours...ugh!"

She opened her mouth and was about to ask about Jinzhu. Unexpectedly, no matter what she did, she couldn't even ask a word.

"Ah, ah ah."

Eyes wide, she raised her finger and pointed at her throat.

Had Lin Caisang poisoned her again? Otherwise, why was she speechless and unable to make a sound?

She had thought about trying to be a mute before, but she didn't really want to be a mute. What was wrong with her?

"Why."

Seeing her like this, Lin Caisang sighed helplessly.

"Why do you talk so much? Don't you know there is a saying that curiosity killed the cat? Come on, you are just banned. You will be fine in a few days."

she said.

She wanted to ask her some more questions, but in the end, she was banned. Even if she asked, Ding Rong couldn't answer.

"ah?"

Ding Rong's eyes widened in disbelief and he looked at Lin Caisang.

How come she still does this kind of thing after being banned? Is it possible that she can't ask questions even if she has doubts in her heart?

Does this Jinzhu Space really just want her to be a stupid cow who is capable but cannot ask questions? Even if I ask a question, I will be banned.

The key is, she hasn't even asked yet!

At this moment, she felt really miserable inside. She really wanted to find a piece of tofu and kill her.

However, Lin Caisang had already stood up at this time, ignored her completely, and went to find her husband.

She looked at Lin Caisang's back with resentful eyes and took a deep breath.

If she had known this, she would never have liked that old man Lin Nian and harmed her to such an extent. She simply brought it upon herself!

"call!"

Forget it, we have already reached this point, she can only take one step at a time.

He turned around, looked at the herbs, and continued to work.

...

Within the territory of Zi Yan Kingdom.

Looking at his subordinates kneeling in front of him, the man swept everything on the long table to the ground.

"You're useless, you can't even keep up with me, what use do I need from you!"

"Your Highness, please don't be angry. Those people who want to come will not go to other places except those places." A woman spoke softly beside the man.

Chapter 2076 Take it immediately

"You, immediately go to the Yuezhi clan, Sky City and Haibo Kingdom to find those people. You must find those people for His Highness. If you can't find them, you don't have to come back!"

Turning her head, she ordered to her kneeling subordinate.

After hearing her words, the subordinate breathed a sigh of relief in his heart.

Fortunately, the girl is here, otherwise, based on what happened today, his life would have been taken away by His Highness, and he would not be able to leave this palace at all.

"Yes, I am resigning."

"Your Highness, it seems that Sui Zimo cannot stay."

After the subordinate left, the woman continued to look at the man and spoke quietly.

Hearing this, the man's eyes sharpened, he took a deep breath, and then exhaled heavily.

"I thought that Sui Zimo could be used by me, so I saved his life until today, but I never thought that Sui Zimo is quite capable, and he escaped from the control of this palace so quickly!"

He is also worried about this matter.

Nowadays, Sui Zimo is such a useless thing to him. He refuses to let go of it. He holds it in his hand and has to guard against him pricking his hand from time to time!

"However, it is too early to kill him now."

"Your Highness..."

When the woman heard his words, she opened her mouth to refute.

She didn't understand that Sui Zimo could no longer be used by His Highness. His spiritual power had greatly increased, but His Highness had not gained it at all.

What's the use of keeping such a person, waiting for him to deal with His Highness in the future?

The man raised his hand to stop her.

"I understand what you want to say, but Sui Zimo is still useful to me."

Regardless of whether Sui Zimo can continuously input spiritual power to him, just because of his identity, he can use it.

"The poison in Sui Zimo's body has not yet been cured. Only this palace has the antidote for that poison. As long as the poison is not cured, he is still under our control. Sooner or later, he will still beg to come to this palace. Door!"

He said in a deep voice.

The woman opened her mouth, but thought of something again and closed her mouth again.

If Sui Zimo was really willing to be used by His Highness, he would have come to your door early in the morning. How could he wait until now?

What's more, they haven't received any news about Sui Zimo's poison so far, which means that the poison in Sui Zimo's body has been alleviated.

Maybe, after some time, the poison in his body will be detoxified?

For such a person who could not be fully controlled and was so dangerous, she didn't understand why His Highness still wanted to keep that person alive. What was the purpose of this?

However, there are some things that one of her subordinates cannot ask.

"Then Your Highness, what should we do now?"

Sui Zimo and his party have entered Qianhuan Continent again.

But their people only followed them for a while, and soon there was no news about those people.

Qianhuan Continent is so big, if Sui Zimo and the others deliberately avoid them, how can they find a few seemingly inconspicuous people?

"Go and arrange manpower near Lin Nian's yard. As soon as you see Sui Zimo and his party, take them down immediately." The man thought for a moment and ordered.

No matter what the reason was, he didn't want to destroy Sui Zimo, but Sui Zimo's spiritual power was getting higher and higher now. He couldn't let Sui Zimo develop like this, and he had to bring him back.

"What?"

When the woman heard his words, she almost thought she had heard him wrong.

Chapter 2077 Leading out Sky City

"Your Highness, what you mean is... Your Highness, that is Sky City, and Lin Nian is also the leader of Sky City. If we directly attack Lin Nian in Sky City, the Lord of Sky City will definitely intervene. Then we... "

Her Highness is too bold. He actually wants Sky City to take action?

Who is the Lord of Sky City? How could he watch his savior being kidnapped by them?

"Your Highness, is this too reckless?" she asked cautiously.

"This palace only wants Sui Zimo, and the life and death of others has nothing to do with this palace."
The man said coldly.

All he wanted was Sui Zimo. As for the others, it would be of no use even if he captured them, so he just let them stay in Sky City.

"this....."

The woman didn't even know what to say.

She really wanted to ask her Highness, how could only Sui Zimo be captured?

The news she got was that Sui Zimo and Lin Caisang had always been inseparable. What's more, Sui Zimo was Lin Baizhong's son-in-law, and Lin Baizhong loved his daughter so much.

If something happens to the son-in-law, can Lin Baizhong just ignore it?

And Lin Baizhong is in charge, which means that the Lord of Sky City will intervene in this matter.

If City Lord Lu knew that they were the ones arresting people in Sky City, the matter would probably cause a big fuss.

"Your Highness, why not lead the person out of Sky City and arrest him later?" she suggested.

Hearing this, the man raised his eyes and glanced at her.

But I have to say that she was right. If Sui Zimo was really caught in Sky City, he would probably not be able to explain to Lord Lu.

"You go contact that person and ask him to find a solution for us."

The woman raised her head, looked at the man, and bit her red lips.

His Highness finally thought of letting that person take action? But will that person listen to His Highness and help His Highness deal with Sui Zimo?

She said she had some doubts about this.

That person is a person who can't afford to do anything early. If you want him to do things for His Highness, there must be benefits that are beneficial to him.

"Yes, Your Highness."

She responded and stepped back.

...

Outside the mansion of the Five Princes of Ziyang Kingdom.

"Baiqing, are you sure this is your home?"

Lin Caisang knelt down, looked at Yin Baiqing who tilted her head and looked at the gate of Prince Niu's Mansion, and asked.

"I'm sure."

Yin Baiqing looked at the gate of the palace, then at Lin Caisang.

"Sister Sangsang, do you doubt my memory? Let me tell you, I am amazing. I have been able to remember things with a photograph since I was very young. How could someone as powerful as me not know what the door of my own house looks like? You don't even know what it looks like?"

This is his home, that's right. It was his eighth uncle with evil intentions who brought him out in the first place.

Even if his memory was correct at that time, he was still too young after all. How could he know that Uncle Eight, who had always responded to his requests, was actually a vicious and insidious villain.

"I don't doubt your memory, but..."

Lin Caisang twisted her eyebrows and glanced at the words "Prince Niu's Mansion", then glanced at Sui Zimo beside her, and finally looked at Yin Baiqing.

"Tell me, you were just this tall when you left the house. Now that you have grown so big, can your parents still recognize you? Don't treat us as liars and kick us out then, right?"

It was good to be kicked out, but what if the fifth prince thought they were liars and arrested them?

Chapter 2078 The super big fat man

Although they may have spiritual power at their side, they are a little overconfident but not powerful enough to deal with the soldiers of a single house. They can't defeat so many people, right?

Hearing this, Yin Baiqing rolled his eyes speechlessly.

"Sister Sangsang, how did Uncle Lin recognize you at first sight? I heard that you used to be a very fat man."

Lin Caisang: "..."

Child, can you please stop mentioning this? Believe it or not, she can hit someone!

"You kid, you're so unlovable!"

She raised her hand and flicked the seeds on Yin Baiqing's head. She curled her lips and glared at him.

"You have changed so much that Uncle Lin can recognize you. Then I have only grown a little taller. How can my parents forget about me?" Yin Baiqing saw that she had nothing to say, and then said.

Lin Caisang: "?"

Kid, are you sure you've only grown a little taller?

I'm afraid you've only grown a little bit taller. Of course, it's true that this child's temperament is the same as when they first found him, and it hasn't changed at all.

"Okay, if you say they can recognize you, then let's go."

What else could they do, they had to bite the bullet and go in. They came to Zi Yan Country this time not just to send their children home.

"good.

Yin Baiqing nodded her head vigorously, then walked towards the gate of Prince Niu's Mansion with her head held high.

"What kind of kid dares to break into our palace, get out of here!"

When the guard guarding the gate saw Yin Baiqing, he swung his big hand at him and almost swept him down the steps.

Seeing this, Yin Baiqing's face turned green and she almost died of anger.

Of course, he knew it in his heart. Although he told himself that his parents would definitely recognize him, the servants and guards of the mansion would not regard him as a relative.

Naturally, they would not give face to a stranger, let alone welcome a stranger into the palace.

"Big brother, something happened in my family. I have a relative who works in Prince Niu's palace. I want to ask him for some help. I would like to ask this big brother to make it easier." He smiled and looked up at his neck. The palace guard said to him.

Then, when the other guards were not paying attention, he secretly stuffed a crystal into the palm of that guard's hand.

The palace guard secretly glanced at the crystal in his hand and immediately smiled.

Lin Caisang on the side: "..."

Such a young person still knows that to find someone to do something, you have to bribe him first?

Turning her head, she glanced at her husband and thought to herself, he couldn't have taught her this, right?

But then, she rejected this answer. How could her husband, such an upright person, teach Yin Baiqing such things? Besides, he had no chance to bribe others.

It must be the one who taught them the ban, or it was Jiang Zuo, he was the most likely.

Because Jiang Zuo and Yin Baiqing spend the longest time together on weekdays, and their temperaments are similar, so naturally they can talk a lot.

"Keep watching."

Sui Zimo held Lin Caisang's hand, raised his hand and patted her on the head, saying.

"Who are you looking for?"

The palace guard coughed lightly and asked, pretending to be serious.

"Let's make a deal first. Even if you want to find someone, I have to go in and find them. You have to wait outside the door. Do you understand?"

"I understand, I understand." Yin Baiqing nodded quickly.

Chapter 2079 The memory is very good

"My relative's surname is Guo, who is about forty years old. She used to brag that she worked as an errand for Princess Niu in Prince Niu's palace. Everyone in the palace would call her Aunt Guo. Brother, do you know this person? ? He is my aunt.

"Hey, it's Aunt Guo you're looking for. Why didn't you tell me earlier?" As soon as the palace guard heard that Yin Baiqing mentioned that it was Aunt Guo who was the most powerful person around the princess, the expression on his face suddenly became flattering. got up.

"May I ask what my name is, young master? I will take you to see Aunt Guo right now."

"Don't I have to wait here?" Yin Baiqing raised an eyebrow and asked.

Of course, he knew very well that as long as he really went to see Grandma Guo, he would definitely be treated politely by these guards.

"no, I'm fine."

The palace guard shook his head repeatedly and looked at Yin Baiqing with a smile.

"Young Master, come with me. Aunt Guo must be in the princess's yard right now. I'll accompany you in to take a look. If you're lucky, Aunt Guo won't be on duty and you'll be able to see her right away. "

With that said, he wanted to take Yin Baiqing into the palace.

"Hey, Brother Xiaoliu, what's the matter with you? How can you bring people into the palace casually? If the leader is to blame, how should we explain it?"

When other guards saw that he was about to bring Yin Baiqing in, they immediately stopped him.

"What do you know? They are looking for Nanny Guo. She is the one next to the princess. She is someone our leader cannot afford to offend. Otherwise, I will let him wait here while you go and give Nanny Guo to her." Please come out?"

Brother Xiao Liu lowered his voice and whispered a few words in his companion's ear.

When the palace guard heard this, his expression immediately changed.

Who would want to offend Aunt Guo? She was the princess's dowry, and even the prince had to respect her, let alone them?

"Okay, hurry up and get this hot potato in." He said quickly.

"now it's right."

Brother Xiao Liu nodded, then looked at Yin Baiqing.

"Young Master, shall we go in?"

"Sister Sangsang, brother-in-law, let's go in to find my aunt, hurry up." Just as Yin Baiqing was about to step in, she remembered Sui Zimo and Lin Caisang who were still outside, and turned to greet them.

Seeing that they had no intention of coming in, he turned to look at Brother Xiaoliu and asked.

"Can my sister and brother-in-law go in too?"

"Yes, yes, let's go in together." Brother Xiao Liu naturally nodded.

Anyway, he had thought about it, no matter whether these people were lying or not, as long as they entered Prince Niu's palace, it was the people in their palace who had the final say.

If these three people are really liars, then he will just let them go around in circles.

After hearing his words, Sui Zimo took Lin Caisang's hand, and the two followed Yin Baiqing into Prince Niu's Mansion.

"This kid has a very good memory." Lin Caisang looked at Yin Baiqing's back and said with a smile.

How old was he when he was abducted by that bad guy Yin Lüqing? He could still remember so many things. He even remembered the powerful Nanny Guo who was beside the princess so well.

It seems that this Aunt Guo often appeared in front of Yin Baiqing before.

However, when she thought of that guy Yinluqing, she wanted to laugh again.

In the Ziyang Kingdom, only those who are emperors can be honored as a king, but Yinluqing changed his name to Yinlujun!

Of course, this was only changed secretly, and it could only be called secretly.

Chapter 2080 Waiting to die here

Previously, she asked the leader of Haibo Kingdom about the person Yinlujun, but was told that there was no such person at all. She was really puzzled

Later, Yin Baiqing learned that the person who abducted him to Prince Yi's Mansion was his eighth uncle Yin Luqing, and they combined the two names together.

Only then did I realize that a person could even change his own name for the sake of power!

"If his memory is not good, we will be in more trouble." Sui Zimo said.

Just like this time, I'm afraid that no matter how much Yin Lvqing thinks, she will never expect that they did not go to the familiar place before, but went straight to Ziyang Kingdom and came to Prince Niu's Mansion.

This is also the reason why those people who have been following them can no longer follow them after they get rid of them.

"call.

Lin Caisang breathed a sigh of relief.

"I hope Prince Niu and Princess Niu can recognize their son."

Only in this way can they live in Prince Niu's Mansion and deal with Yin Lüqing, a man full of evil, in the dark.

"Otherwise, you want to run away?" Sui Zimo looked at her with a smile and asked.

Hearing this, Lin Caisang raised his eyebrows in disbelief.

If the people in Prince Niu's Mansion don't recognize Yin Baiqing, what else can they do? Just grab Yin Baiqing and run away. This is something you don't have to think about.

"Madam, you think too much."

Sui Zimo patted her face and comforted her.

...

In the back garden of Prince Niu's Mansion, there is a small courtyard next to the courtyard where the princess lives.

Yin Baiqing, Sui Zimo, and Lin Caisang were arranged to wait in a room in the small courtyard, and the palace guard left after speaking to them.

"Sister Sangsang, let's go."

After the guards left, Yin Baiqing stood up.

"Um?"

Seeing that he actually wanted to walk out, Lin Caisang snorted, puzzled.

"Aren't you waiting here?"

"Sister Sangsang, how can you wait to die here? I have to find my mother and concubine by myself." Yin Baiqing said.

Hearing this, Lin Caisang narrowed her beautiful eyes and suddenly understood.

As she walked in, she was thinking, is there something weird? Why did she feel that Prince Niu came in so casually?

Can a small gatekeeper be able to directly bring the person in when he hears that someone is looking for a servant in the palace, without even needing to verify his identity?

She was wondering if those people felt that their strength was too low. Even if they had malicious intentions, they would not have much effect and could only be pressed to the ground and rubbed.

That's why I'm not wary of them at all.

Now after listening to Yin Baiqing's words, she realized that those people here are probably not people whose hearts are in Prince Niu's Mansion, right?

Turning her head, she glanced at her husband and saw that his expression was as usual, as if he had expected this situation early on.

"Zimo, did you already know this?" she asked.

"This is so abnormal." Sui Zimo touched her head and said.

Lin Caisang: "..."

She was the only one who thought that person really invited Grandma Guo over?

"Why didn't you warn me earlier?"

"It's okay, you're pregnant, you don't need to think about these things, it's tiring." Sui Zimo said.

Lin Caisang: "!"

She originally didn't believe that she would be pregnant for three years.

But now listening to her husband's words, why does she feel that she is on the way to the fool, walking happily?

"I won't argue with you this time, but there won't be a next time!"
