

Star of Space 208

Chapter 208 Can you compete with Sang Sang?

"It's so early in the morning. Don't you know I slept late last night?"

She muttered in annoyance, reached out and pulled the quilt up, covering her head.

But after a while, she could only sit up on the bed with a grimace, because she heard the sound of the door opening and closing in the next room, and it was her mother getting up and coming out.

The shadow of being stared at by her mother last night was still there, and she felt terrified when she heard any voice related to her mother.

After a while, she wandered to the main room and saw that several people were already sitting there, almost ready to finish their meal, but they didn't even serve her a bowl of rice soup.

"Grandma, where's my rice soup?"

"Did you have a broken hand or a lame leg? Why don't you let grandma serve you rice soup? Why don't you let grandma help you eat breakfast?" Lin Changfeng placed the bowl heavily on the table with a 'dong' sound. Sharp eyes glanced at Lin Caihe.

"I think your life is so comfortable that you don't even know who is the elder and who is the junior. You were supposed to make breakfast, but grandma made it. You still want grandma to bring the food to you? You Where's your face? Didn't you bring it out in the room?"

"I....."

Hearing his sharp and sarcastic words, Lin Caihe's eyes turned red and her face was filled with grievances.

"Don't I just want to eat quickly and go to work? Brother, why are you talking to me like this? Grandma didn't often bring Sister Sangsang's food in front of her before?"

Why can't it be done if she is replaced? They are both granddaughters of Grandma, how can they be so different?

This made her really unconvinced!

"Can you compete with Sang Sang?"

Lin Changfeng stared at her coldly and asked.

In this family, Sangsang is a bit special to them, but so what?

"I..." Lin Caihe opened his mouth.

I want to say something, why can't she compare with Lin Caisang? How is she worse than Lin Caisang? However, Lin Changfeng didn't give her a chance to speak at all.

"Sang Sang has been sensible since she was a child. Except for the kitchen work, she does all the other work at home without any help from grandma. When everyone got home after working in the fields for a day, it was Sang Sang who brought tea to everyone. Put all the handwashing water in front of everyone. What were you doing at that time?

She can't do cooking and cooking, and Grandma won't let her into the kitchen, but chopping firewood, carrying water, washing clothes, clearing the ground, watering, and harvesting grain are all things she doesn't rush to do, and what about you? How many things have you done, and which one did you do without your grandma or mother asking you to do it?

You and Sang Sang, you still want to compete with Sang Sang, don't you look ashamed? "

Lin Changfeng told Lin Caihe one thing after another, making her blush with embarrassment.

"While you were playing with other little girls in the village, Sangsang was working at home. After he finished the work, he claimed that you did all the work in order to take responsibility for you. Do you really think that everyone didn't know?"

"I....."

Lin Caisang blushed and looked at her grandpa, grandma, and her mother. Seeing that they were all looking at her with disappointment, she immediately lowered her head.

She thought she only knew these things. Could it be that Lin Caisang told Ah Nai and the others?

"Did Sister Sang Sang tell you? She also..." That's so bad!

She didn't dare to say the last three words because she was afraid of being disliked by her family, but she was really angry that Lin Caisang was doing one thing openly and another behind the scenes! If you don't want to help her, then don't help her. Why do you do this?
